No person shall be excluded from participation in, denied the benefit of, or be subject to discrimination, under any program or activity sponsored or conducted by The University of Texas System or any of its component institutions, on any basis prohibited by applicable law, including, but not limited to, race, color, national origin, religion, sex, age, veteran status, or disability. This catalog is a general information publication only. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student or faculty member and The University of Texas of the Permian Basin or The University Texas System. The University of Texas of the Permian Basin reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever the proper authorities so determine and will apply to both prospective students and those already enrolled.

UTPB World Wide Web Home Page can be found at <http://www.utpb.edu>

Welcome Students,

It is my pleasure to welcome you to The University of Texas of the Permian Basin! We are a University of Texas institution, located in Odessa, Texas, providing bachelor and master degrees, leadership training and research focusing on West Texas and Texas. As reported in *Newsweek*, *Washington Monthly*, and *U.S. News & World Report*, UT Permian Basin has an excellent reputation as a university focused on students and academic growth. Our College of Business and Engineering is ranked in the top third of U.S. business schools, accredited by the Association to Advance Collegiate Schools of Business - International. Our social work and art programs and the College of Education are also nationally accredited. Mechanical engineering and Athletic Training are professionally accredited as is Music. Our teachers do well on the state certification tests with 95 percent passing. UT Permian Basin also offers degrees in some of the fastest growing fields, such as nursing, petroleum engineering, mechanical engineering with a concentration in nuclear engineering, athletic training, criminal justice, computer science, information systems and petroleum technology. In rankings by the Texas Higher Education Coordinating Board, UTPB is always among the top universities in the state for its graduates finding jobs or going on to graduate or professional schools.

UTPB provides nine undergraduate and five graduate programs fully online. Texas is a big state and not every academically qualified person can attend on campus classes. The faculty at UTPB recognize the real need, particularly in West Texas, for there to be multiple venues for students to achieve their academic dreams. UTPB also offers a variety of online dual credit courses to partner school districts and serves as the hub for a number of Early College High Schools.

Whether in person or online, I am confident that you will find courses and degree plans to suit your career goals. UTPB has a terrific team of academic advisors ready to answer your questions and get you started on the path to success. Career fairs and local business leaders are also frequently on campus to share real world experiences and help you choose the career that's right for you. A degree from UT Permian Basin is a terrific investment in your future. According to the Texas Higher Education Coordinating Board, UTPB is among the top public universities in Texas for its graduates getting jobs or going on to graduate or professional school. UTPB is an outstanding place at which to learn. This is a dynamic, growing campus with about 5,500 students. I encourage you to be involved in campus life as well as academics. The university stages several theatrical productions, musical performances and student art shows every year. Student Life is active with clubs, organizations and events, and the Campus Activities Board presents fun events that are free to students. Past events have included comedians, hypnotists and concerts. Our nice weather also helps make intramural sports like Falcon Ultimate a big part of student life at UT Permian Basin. We are members of the National Collegiate Athletic Association (NCAA) at the Division-II level -- we have 13 sports so there is almost always a time when you can come cheer on the Falcons. And by 2016, UTPB will be fielding a D-II football team!

UTPB has some of the best student apartments in Texas. The UTPB Gymnasium Complex has a new weight training facility, basketball and volleyball courts, walking and rollerblading trails, a duck pond and Odessa's largest outdoor heated swimming pool. The campus also includes one of the country's best Visual Arts Studio and the two-story Library/Lecture Center. In Fall 2011, our new state-of-the-art Science and Technology Building opened as well as our world class Wagner Noël Performing Arts Center. The Student Activities Center is open and is offering quality food and Starbucks coffee.

I want you to have the very best college experience possible. UT Permian Basin's focus on student life and academic excellence will help you do just that. Scholarships and financial aid are available. Entering freshmen in the top half of their high school graduating classes receive a \$2,000 per year scholarship, while transfer students receive \$3,000 per semester, both are renewable for up to four years. And UTPB offers the Texas Science Scholars \$10,000 degree in chemistry, computer science, informational systems, geology, and mathematics. Yes, that's \$10,000 or \$1250 per semester for these degree programs. Come join us!

W. David Watts
President
The University of Texas of the Permian Basin

W. David Watts, PhD
President

As President of the University, his vision is to make The University of Texas of the Permian Basin a beacon for West Texas and beyond, attracting students and faculty to create opportunities for a lifetime. He has provided leadership for growth, program expansion, and student service enhancement, resulting in several record-breaking enrollments. Scholarships have been expanded for entering freshmen, transfer students and for classroom teachers to pursue graduate degrees. Committed to building and maintaining strong relationships between U.T. Permian Basin and the communities it serves, Dr. Watts actively supports economic development in West Texas. A native Texan, Dr. Watts earned a bachelor's degree from U. T. Austin, and a master's and Ph. D. in sociology from the State University of New York at Buffalo. He has written numerous publications and grants on substance abuse.

About The University

The University of Texas of Texas of the Permian Basin is located in the middle of the largest domestic oil field in the continental United States. Over 70 percent of Texas oil production is from the Permian Basin, and approximately 20 percent of the nation's domestic production is here. UTPB is focused on energy related education, including mechanical engineering with a concentration in nuclear engineering, energy marketing, energy accounting, energy finance and, petroleum engineering. UTPB is also proposing a landman program that will serve the demand for energy development including oil and gas and wind. The Permian Basin is the heart of America's energy production. This is where students interested in energy can learn how to be successful.

The University's drama department stages several productions each year, and Student Life is active with clubs, organizations and events. The Campus Activities Board brings concerts and entertainers to the community. The Wagner Noël Performing Arts Center opened in Fall 2011. The UTPB Music Program has state of the art facilities for performance and music education. Also in Fall 2011, the state-of-the-art Science and Technology Building opened, providing superb facilities for biology, chemistry and computer science. The new Student Activity Center provides quality food service, including meal tickets, for UTPB students. The UTPB gymnasium boasts a new weight training facility and wooden floor basketball and volleyball courts. Nearby are walking and rollerblading trails, a duck pond, and an Olympic-sized, outdoor heated swimming pool. The Visual Arts Studio facility provides two and three dimensional studio space that is

really first rate. Over 500 apartment-style student housing units are available for all classes of students, and the 5,600 square-foot Parker Ranch House provides recreational and study space. It is comprised of a lounge, meeting room and theater, a large commons area with a kitchen, weight room, two computer labs, and a covered, built-in barbeque pit. UTPB is now a member of the National Collegiate Athletic Association (NCAA) at the Division-II level. Its intercollegiate sports include men's and women's soccer, cross country, swimming, tennis, basketball as well as men's baseball and women's softball and volleyball. The athletic program also supports cheerleading and dance teams. Scholarships are available.

Individuals and businesses support the university through endowments, scholarships and gifts. UTPB has a variety of scholarships available, including 31 Endowed Presidential Scholarships, 63 Endowed Scholarships, and a wide number and variety of non-endowed scholarships in virtually every discipline. Some are based on academics, but many are based upon financial need. The university partners with the communities through a variety of programs, including the Small Business Development Center and the Center for Energy and Economic Diversification (CEED). The CEED Building is available for meetings, workshops, and receptions. To find out more about the University or to arrange for a campus tour, call the Office of Admissions at 432.552.2605 or check out the website at www.utpb.edu.

Statement of Equal Educational Opportunity

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under, any program or activity sponsored or conducted by The University of Texas System.

Mission Statement

The University of Texas of the Permian Basin is a general academic university of The University of Texas System. The University of Texas System is committed to pursue high-quality educational opportunities for the enhancement of the human resources of Texas, the nation, and the world through intellectual and personal growth.

The mission of The University of Texas of the Permian Basin is to provide quality education to all qualified students in a supportive in-person and online educational environment; to promote excellence in teaching, research, and service; and to serve as a resource for the intellectual, social, economic, technological advancement, and healthcare of the diverse constituency in Texas and the region.

SACS Accreditation

The University of Texas of the Permian Basin is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate and master degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of The University of Texas of the Permian Basin.

The University of Texas of the Permian Basin operates in conjunction with the Rules and Regulation of the Board of The University of Texas System.

Learning Resources/Learning Centers/Institutes

Information Resources Division

The Information Resources Division (IRD) provides computer, telephone, networking and videoconferencing support to the University community. Instructional facilities include the campus network, computer classrooms, multimedia classrooms, interactive video classrooms, computer laboratories and mobile multimedia equipment.

IRD also operates the University data communications network. This high-speed network interconnects buildings, offices, classrooms and laboratories to provide an integrated communication facility for the institution. The University network also connects users to the global Internet. The combination of wide-area and local-area network facilities provides high-speed Internet connections to every office, classroom and laboratory on campus. Both wired and wireless connectivity are available across the campus.

Computer classrooms provide for hands-on instruction using modern computer equipment and software. Multimedia classrooms provide modern multimedia presentation capabilities for faculty and students. Interactive video classrooms provide for real-time, fully interactive videoconferencing capabilities between the U. T. Permian Basin main campus and a wide variety of distant locations.

Information Resource Access Policy

The following policy will govern student access to state-owned information resources at The University of Texas of the Permian Basin.

1. Only individuals showing enrollment in the current semester will be provided access to U. T. Permian Basin information resources. For the sake of this policy, enrollment in any summer term will constitute acceptable enrollment for the entire summer.
2. If a student is involved in research with a faculty member, the student MUST enroll in a research course, and pay the appropriate tuition and fees in order to have access to U. T. Permian Basin information resources.
3. Students who have received a grade of "incomplete" in a prior semester and who require access to U. T. Permian Basin information resources as a legitimate requirement for completing the course will be required to pay the established information resource fees currently in effect prior to being provided information resource access.

The J. Conrad Dunagan Library

With 66,000 square feet, seating capacity for 400 students, and 44 public workstations, two of which are available for students with disabilities, and 7 group study rooms and carrels which can be checked out to any enrolled University of Texas of the Permian Basin (UTPB) student, the J. Conrad Dunagan Library welcomes one and all. The library offers wireless accessibility. We also offer a large, diverse array of print, microform, media and electronic collections. Plus, due to a number of major consortia agreements with the University of Texas system, the library is able to provide access to a rich cluster of electronic journals (40,000+) and e-books (60,000+). The library has gone green, with digital scanning self-service now available.

There is a core print collection of over 700 of the most widely used academic journals, with another 4000 journals available full-text through on-line electronic databases. The library holds 220,000 bound volumes, with another 600,000 titles available on microforms. By means of the public access catalog, students can

track more than 10 million titles available in libraries across the nation, many of these accessible through interlibrary loan. Cooperative agreements with other components of The University of Texas System and TexShare make locating and accessing materials a routine process. Library research workstations are available to facilitate access to electronic databases, commercial full-text materials and the Internet.

Other types of resources are available in Special Collections, particularly items relating to the history of the Permian Basin area and western region of the country. These materials include J. Frank Dobie, Dr. Viola Coleman, the papers of regional leaders John Ben Shepperd and J. Conrad Dunagan, manuscripts of important Texas writers, a Texana history collection, Spanish language materials, unique collections of regional photographs and the University Archives. UTPB is a Regional Historical Resource Depository. The mission is the library strives to support and enhance diverse instructional and research needs by providing high quality, innovative information services and resources for students, faculty and staff. Our goals and objectives: 1) to guide and extend the scholarly activities of the University by preparing students and supplying faculty with the proper curricular and information needs; 2) to foster faculty, staff and administration with key library services that support academic freedom and integrity; 3) to support the community-at-large on a more limited basis; 4) to promote and enrich independent lifelong online and offline learning skills by providing full access to a wide range of information in a modern facility.

The vision is partnering to mediate an enlightened environment where the excitement of learning is the core, a prototype for the curriculum and the local Permian Basin online and offline community. A state-of-the-art, multipurpose facility that serves students, faculty, staff and the general public. That supports and anticipates the curriculum needs of students, faculty and staff. That creates an environment of lifelong learning beyond the "degree." The J. Conrad Dunagan Library is not only forward thinking, but also reflects the past and present in literature, cultural values and diversity. We welcome one and all!
<http://library.utpb.edu/>

University Counseling and Psychological Services Center

The University Counseling and Psychological Services Center is located on the South Campus in the Founders building. Services are available at no charge to U. T. Permian Basin students. Counseling, consultation, psychological evaluations, and educational presentations (by request) are available for students and their families. Office hours are 8:30 – 5:30 weekdays. Evening times and/or weekends may be available by appointment. The Center is also a training site for advanced graduate students in psychology who are completing the apprenticeship requirement for their master's degrees.

Center for Energy and Economic Diversification

The Center for Energy and Economic Diversification (CEED) encompasses The University of Texas of the Permian Basin research and extension programs targeted to strengthening the economic development of the region. CEED is housed in a special use facility which carries its name. It has become the focal point for economic development in West Texas. Programs housed in the CEED include the Economic Diversification Program, the Small Business Development Center and the Petroleum Industry Alliance.

Petroleum Industry Alliance

The Petroleum Industry Alliance (PIA) was formed in October 1992. The PIA has established its goals to be:

- An effective catalyst for bringing new oil projects into the Permian Basin;
- A respected research organization in its own right; and
- An agent for education and training related to the oil industry.

One of the most natural of roles that the PIA can play in the Permian Basin is that of an agent or facilitator in technology transfer to the oil and gas industry, especially to the independent sector of the industry. PIA is actively involved in these activities through its educational seminars, short courses and forums. It is also serving the technological needs of the industry through contacts with the Department of Energy, the National Labs and the Independent Petroleum Association of America's Petroleum Technology Transfer Council (PTTC). The Petroleum Industry Alliance is the one organization of The University of Texas of the Permian Basin directly serving the oil and gas industry.

REACH Distance Learning Program Center

The Regional Electronic Academic Communications Highway, or REACH Distance Learning Center, is responsible for coordination and deployment of quality distance education through the use of the most advanced and efficient learning technologies available. In a continuing effort to educate those who integrate technology into their teaching, REACH works with faculty to design, develop, deliver and support undergraduate and graduate courses for more flexible delivery to learners of UT of the Permian Basin. The Center's services include training and support for face-to-face sessions, online learning, and blended models. REACH promotes distance education initiatives to exchange online courses and programs with other UT System component institutions through the UT Online Consortium. Course information is on the REACH Distance Learning Center homepage at www.utpb.edu/online/reach

Admissions: To take online courses, follow the UTPB admission process starting with completing the application at www.utpb.edu/admissions/apply-now/

Online and E-Advisor is a service to facilitate the academic advising process for students. For more academic advising information see www.utpb.edu/academics/undergraduate-success/academic-advising-center or contact OnlineAdvising@utpb.edu

Course materials are available at the U.T. Permian Basin Bookstore online at www.bkstr.com, utpb@bkstr.com, or 1.800.381.5151 available between 7am and 6pm CST.

Computer Requirements: Online students must have access to a computer and a reliable Internet provider and/or use U.T. Permian Basin computer facilities. Off-campus access to web and web-enhanced courses requires, at least, a 56.6 KBPS modem, preferably a cable modem, DSL, or intranet (T-1) connection to the Internet. **Note: Corporate or academic security firewalls may block some course content** such as chat or streaming media. Accommodations for access can usually be arranged if you contact your network administrator, though local security policies ultimately dictate what is allowed. Some course materials require a computer with a CD/DVD drive, sound cards, and speakers. Campus facilities with appropriate facilities are available in the Mesa Building Computer Center, MB 2215.

More information regarding how to configure a computer's Internet browser is available on online.utpb.edu/webapps/portal/frameset.jsp

UTOC: The University of Texas Online Consortium (UTOC) links to various admissions and registrar offices throughout the U. T. System. Designated contacts at each campus and service support staff of the UT components are available to assist students. To see a full listing of courses and host universities for the online programs, please access the UTOC website at www.utcoursesonline.org UTPB students may enroll in online courses offered at another UT campus through the Texas Information System (TIS) at tis.telecampus.utsystem.edu

The Jan and Ted Roden Center for Entrepreneurship

The Jan and Ted Roden Center for Entrepreneurship was officially opened in the Fall of 2004 with private funding from Jan and Ted Roden to foster the entrepreneurial spirit of the students at U.T. Permian Basin. The Center serves as a focal point for all student-related activities in the area of entrepreneurship. Included within the Center are state-of-the-art multimedia and wireless computer capabilities as well as a library for student research in the areas of small business and entrepreneurship.

Mission: The Jan and Ted Roden Center for Entrepreneurship will serve as a vehicle for encouraging the entrepreneurial spirit in our students. First and foremost, the Center will strive to remind our students that self-venturing is a viable option as a career choice.

Small Business Development Center

The Small Business Development Center (SBDC) program was initiated at U. T. Permian Basin in 1986 and moved to the CEED facility in 1990. The SBDC and its business consultants work closely with potential and existing business owners to ensure that they are as fully prepared as possible to reach their goals and objectives and are available to assist clients with:

- Business Plan development and improvement
- Finding Sources and Preparing for Financing
- Business Start-up/Expansion
- Marketing Research and Planning
- Financial Analysis
- Ongoing Management Issues

The core objective for the SBDC program is to provide clients with consulting and training. This activity focuses on start-up, expansion and problem solving for small business owners in a sixteen county area. A variety of training seminars covering all aspects of business development is presented throughout the year. The Small Business Development Center (SBDC) operates in partnership with the U.S. Small Business Administration.

John Ben Shepperd Public Leadership Institute

The John Ben Shepperd Leadership Forum began in 1984 with private funding and brought leadership training to young people of Texas through an Annual Forum as well as through high school forums throughout the state. To expand on the Forums' vision, the John Ben Shepperd Public Leadership Institute became part of U. T. Permian Basin in the fall of 1995 with funding from the 74th Session of the Texas Legislature.

Mission : The Mission of the John Ben Shepperd Public Leadership Institute is to provide young Texans an education for and about leadership, ethics and public service.

John Ben Shepperd Programs

Academic Studies

The Institute supports the BA undergraduate program in the field of Leadership Studies in the College of Arts and Sciences. A feature of the program is the opportunity for students to practice leadership skills through internships with established leaders in the community. In addition, the Institute sponsors scholarly research, publications and seminars on issues regarding leadership. It was instrumental in establishing a

new graduate degree program leading to a Master of Public Administration with an emphasis in Leadership Studies at UTPB.

Distinguished Lecture Series

Each year on campus there is a series of distinguished lecturers invited to conduct intensive discussions on selected topics of leadership. This is a unique opportunity for the participants to exchange thoughts and ideas with some of the great leaders of the country. The program is open to the public and is available through video and interactive communication.

Specialized Seminars

The Institute holds a series of seminars concerning various aspects of leadership that can be utilized by business, community and school leaders. The seminars can also be specialized to fit the needs of a specific organization or group.

Student Forums

Throughout Texas, local organizations such as Jaycee Chapters, Chambers of Commerce, colleges and universities, and Electric Cooperatives such as LCRA and ONCOR sponsor student forums. The participants learn the basics of leadership, communication skills, and goal setting, exchange ideas with local leaders and develop a project to focus on local issues to continue their training and education. Some fifty student forums are held throughout Texas each year, reaching approximately 5,000 high school students.

Summer Teacher Institute

Each summer, the Institute sponsors a month long education program for current teachers. The accepted participants can earn six hours of graduate credit and are eligible for a scholarship that covers the cost of tuition, books, and lodging during the institute, with an option of returning for a second summer of graduate studies.

Annual Forum

The Annual Forum is designed to bring together the experience and wisdom of today's established leaders with the energy and idealism of young emerging leaders to develop skills and ideas necessary to meet the challenges of future generations of Texans. In addition to those who have completed the nomination process, selected members of student forums are invited to attend. During this unique weekend conference, participants develop visions of leadership to encourage them to think specifically of application to issues in their communities.

Student Leadership Camp

Each summer, the Institute hosts an intensive weeklong leadership camp for up to thirty high school students on campus. The goal of the camp is to return students to their respective communities prepared to assume leadership roles at their schools and become involved in public service.

Awards and Recognition

The Institute annually recognizes outstanding Texans with the Outstanding Texas Leader and Outstanding Local Leader awards. Nominations come from the general public, business, academic and political entities. In addition, recognition is given to outstanding students who have met the award criteria.

Admissions

Application Procedures

Persons seeking admission should apply online using the ApplyTexas Application found at www.applytexas.org or at the UTPB web site at www.utpb.edu or obtain admissions information from:

Office of Admissions
U. T. Permian Basin

(432) 552-2605

To provide better assistance, it is helpful to know if the person is a new or former student, a transfer student, a graduate or undergraduate, an international student and what specific semester he/she plans to enroll. Potential students should plan to complete all admission requirements two months in advance of their enrollment.

Freshmen Applicants

For application purposes, a freshman student is defined as “a student enrolling at a college or university for the first time and/or a transfer student who has successfully completed 1-23 semester hours of academic credit at a regionally accredited institution.”

In addition to completing the ApplyTexas Application found at www.applytexas.org, the student must submit an official high school transcript from an accredited school, transcripts of all college courses attempted (if any) and college entrance examination scores from either the College Board’s SAT or the American College Testing Program (ACT). Although the final transcripts showing date of graduation cannot be sent until after high school graduation, a tentative admissions decision, as well as scholarship consideration, can be made on the basis of an official high school transcript listing the courses taken up to the time of application, the grades and the *approximate* class rank.

Applicants are considered freshmen if they have accumulated fewer than 24 semester credit hours of college credit following graduation from high school. The Office of Admissions recommends that potential freshmen complete the application process in the spring of their senior year in high school or by the following recommended dates:

Fall Semester
July 15

Spring Semester
November 15

Summer Semester
April 15

Fall Scholarship Deadline
April 1

Graduates of Non-Accredited High Schools and/or Home Schools, GED certificate holders. Students who have attended unaccredited high schools or who have received GED certificates will be considered for admission according to the criteria listed in those sections.

State-Mandated Admission Criteria

State law requires that in order to be admitted, applicants must have graduated from a public or private high school accredited by a generally recognized accrediting organization or from a high school operated by the U.S. Department of Defense and also have either:

1) successfully completed the curriculum requirements for the recommended or advanced high school program or its equivalent;

OR

2) satisfied ACT's College Readiness Benchmarks on the ACT assessment applicable to the applicant; or earned on the SAT assessment a combined verbal, math, and writing score of at least 1,500 out of 2,400 or the equivalent.

UTPB may waive the state-mandated requirement for up to 20% of its entering freshman class.

High School Curriculum Requirements

Texas students completing the recommended or advanced/distinguished high school program or equivalent and/or hold the International Baccalaureate Diploma meet the high school unit requirement unconditionally.

The following are recommended units for all other students:

English, Language Arts (Not including Journalism) and Reading – 4 credits

Mathematics – 4 credits

Science – 4 credits

Social Studies – 3 ½ credits

Economics – ½ credit

Physical Education – 1 ½ credits

Health Education – ½ credit

Fine Arts – 1 credit

Languages other than English - 2 to 3 credits

Communication Applications – ½ credit

Technology Application – 1 credit

Electives – 3 ½ credits

The above curriculum requirement may be satisfied if the applicant's official high school transcript or diploma states that the applicant completed the portion of the recommended or advanced curriculum or its equivalent that was available to the applicant, but was unable to complete the remainder of the curriculum solely because courses necessary to complete the remainder were unavailable to the applicant at the appropriate times in the applicant's high school career as a result of course scheduling, lack of enrollment capacity, or another cause not within the applicant's control. Applicants included within this category are those who have a GED, are out-of-state residents, attend private schools, or home schooled. Students graduating from other high school programs should complete a similar college preparatory course of high school study.

Freshmen Admission Requirements

Top 10% of the High School Class

All students graduating from an accredited Texas high school who are ranked in the top 10% of their high school graduation class will be admitted unconditionally to The University of Texas of the Permian Basin. Students applying to U. T. Permian Basin from an accredited high school outside of Texas or who graduated from an accredited Texas school with class rank not in the top 10% must meet the high school unit requirements, class rank and SAT or ACT score requirements as noted. Students admitted on this basis must complete the requirements of the Texas Success Initiative (TSI).

SAT or ACT Score Only

An applicant who graduated from high school or equivalent program and successfully completed the state-mandated curriculum requirement will be admitted unconditionally if the applicant has a score of 1250 on the SAT (CR+M) or a 27 ACT score. Applicants admitted on this basis must complete the requirements of the Texas Success Initiative.*

Combination of Class Rank and Standardized Test Scores

Applicants may be admitted unconditionally to the University if they have successfully completed the state-mandated curriculum requirement and meet the following class rank and SAT/ACT scores. Applicants admitted on this basis must complete the requirements of the Texas Success Initiative.*

Graduation Class Rank	Entrance Exam Requirement SAT(CR+M)/ACT
Top 10%	No Minimum Score
11-25%	950/19
2 nd quarter	1000/20
3 rd quarter	1150/24
4 th quarter	1250/27

*The Texas Success Initiative (TSI) requires all entering freshmen to take placement tests in reading, mathematics and writing as noted in the Registration and Student Records section of this catalog.

Note : Admissions requirements subject to change upon approval of UT Regents.

Home Schooled Applicants

Freshman applicants graduating from home schools must provide evidence that the state-mandated curriculum requirements or its equivalent have been met and have scored 1150 or higher on the SAT(CR+M) or 24 or higher on the ACT and be 18 years of age or older.

GED Recipients

Freshman applicants with GED certificates must have scored 1250 or higher on the SAT (CR+M) or 27 or higher on the ACT; be 18 years of age or older; and show evidence of meeting the state-mandated curriculum requirements by attaining a score of 50th percentile or better on each individual GED score.

Other Admissions Criteria

Applicants who do not meet the state-mandated admission criteria may also be admitted to The University of Texas of the Permian Basin based on a number of criteria or indicators of readiness for college success.

Applicants who have evidence of high school graduation or its equivalent may be admitted by the director based on high school rank, ACT or SAT scores, and other evidence of college readiness, including the following criteria:

- Student's rank in high school class
- Letters of recommendation from educators or professionals who can comment on the applicant's potential for success in college
- Scores on the CLEP, AP, International Baccalaureate, or other nationally recognized standardized examination for college placement
- The SAT Writing exam
- Essays submitted as part of the Texas Common Application
- Concurrent or dual enrollment college course credit
- Documentation of a rigorous high school curriculum completed
- SAT, ACT, or other standardized test results
- Evidence of leadership in community service or school activities
- Work experience or military service since leaving high school
- Complete an interview with a representative of the Admissions Office prior to consideration for admission. In this interview the applicant will be asked to present evidence of academic ability
- Performance ranking of the high school

In reviewing a student for admission the Admissions Director will consider: The applicant's evidence of academic ability; whether the applicant is the first generation in his or her family to attend or graduate from college; whether the applicant is bilingual; the applicant's responsibilities while attending school; the applicant's involvement in community activities; the applicant's extracurricular activities; and the socioeconomic background of this family. An applicant may be admitted unconditionally, provisionally or conditionally.

Conditional Admission

All admitted students must satisfy the Texas Success Initiative requirements and placement testing of the University. Students who do not successfully meet these requirements or who enter with academic deficiencies may be admitted conditionally. Conditionally admitted students will complete a student success plan as one of the conditions for their admissions. To be removed from conditional status, a student must:

- Complete twelve or more general education credit requirements from UT Permian Basin with grades of "C" or better in each course; and
- Complete other enrollment requirements consistent with his or her deficiencies at the time of application.

Failure to meet these requirements may result in an academic probation or dismissal.

Provisional Admissions Program

Under the UT Permian Basin Provisional Enrollment Program for freshmen, any student graduating from high school may enter UTPB in the summer or spring semester following her or his high school graduation regardless of his or her high school record or score on the Scholastic Aptitude Test (SAT) or American College Test (ACT) provided that he or she has graduated from a high school with the required units and subjects as prescribed by the institution. Students who successfully meet the following standards will be

admitted for subsequent semesters or unconditional admissions status. The student must complete in a single semester or the combined summer terms a total of twelve semesters of general education courses selected from English, mathematics, natural sciences, social sciences, fine arts, and humanities with a semester grade point average in those courses of 2.0 or above.

Students seeking admission to The University Early Admissions Program (EAP)

of Texas of the Permian Basin prior to high school graduation must:

- have completed their sophomore year of high school;
- be ranked in the top 25% of their class;
- have a "B" average;
- present a minimum score of 900 on the SAT (CR+M) or 19 on the ACT;
- have the recommendation of their high school principal or counselor; and
- have the approval of their parent or guardian acknowledging an understanding of the program and granting approval for participation

In addition to the requirements that must be met to be eligible to participate in the Early Admission Program, the students:

- must submit the ApplyTexas Application form in addition to an EAP application
- must meet Texas Success Initiative requirements
- will pay the regular tuition rates and will be permitted to enroll in college courses
- will be allowed to enroll in up to six credit hours per semester of any freshman/sophomore level courses that are being offered, provided they have the prerequisites

International Students

For purposes of admission, an international student is defined as "a student who is, or will be, in the United States on a nonimmigrant student visa." This specifically refers to the Student (F) and Exchange Visitor (J) Visas. International student admission requirements apply but are not limited to international students on F or J visas. To comply with federal laws and immigration requirements international students must be degree-seeking students in order to enroll at U. T. Permian Basin.

Foreign-born students who are naturalized U.S. citizens or who have immigrant status (permanent resident status) in the United States should note the following:

1. Please allow ample time for receipt, verification and evaluation of any foreign credentials. Regulations for foreign credentials are the same as listed under international student requirements.
2. TOEFL scores or other evidence of communication skills sufficient for classroom work may be requested if the student's first language is not English or if academic preparation was not in English.
3. Financial arrangements required of international students do not apply to resident or naturalized U.S. citizens.

In addition to the general admission requirements for Freshman and Transfer Applicants, the following regulations apply to all international students:

International Applicants should apply for admission using the ApplyTexas Application (electronic) at **www.applytexas.org** at least six months before the anticipated enrollment date and should arrange to have test scores and academic records in the Office of Admission no later than 60 days before the enrollment date. Verification of credentials may also be required. U. T. Permian Basin will issue immigration papers (I-20 or DS2019) for student visas after all admission credentials have been received and approved. For more

information contact the International Student Adviser at (432) 552-2605. There is no application fee (subject to change). All international students are considered nonresident students for tuition and other purposes.

1. **High School or Secondary School Transcripts** - Submit an official record (transcript) of all secondary school work attempted, including subjects taken and grades earned. In addition, an official copy of final examinations taken at the end of the secondary school program, such as school leaving certificates and matriculation exam results should be submitted. If documents are written in a language other than English, an official English translation of the complete record must be provided. Each transcript (mark sheet) should contain a complete record of studies at the institution from which it is issued (i.e. the subjects taken and grades (marks) earned in each subject.) Send these to UTPB Admissions, 4901 E. University, Odessa, TX 79762-0001.
2. **College/University Transcripts** - Official, certified transcripts of student's academic record (mark sheets) from **ALL** colleges or universities (international and domestic) previously attended must be submitted. Both a copy of the official foreign academic record and an official English translation must be included. Moreover, where university level studies are to be considered for possible undergraduate transfer credit, a syllabus, catalog or similar bulletin must be submitted which describes the courses in sufficient detail for proper evaluation.
3. **Certification of Financial Support** – A student must submit a completed and signed Certification of Finances form that provides evidence guaranteeing the student's ability to pay expenses while enrolled at U. T. Permian Basin. This form must be accompanied by documentation supporting the statement in the form of a current letter from a bank or other reliable institution or from the sponsor's employer. (Photo static copies of support statements furnished to meet another university's requirements are not acceptable.) The University has no need-based financial aid available for international students. Academic scholarships may be available. Additional support can be from family members, a sponsor or government with supporting documentation and signatures attached to the Certification of Finances Form (available online at www.utpb.edu).
4. **English Proficiency** - All applicants whose native language is not English, must submit proof of English proficiency by one of the following:
 - a. TOEFL scores or other evidence of communication skills sufficient for classroom work may be requested if the student's first language is not English or if academic preparation was not in English. Test of English as a Foreign Language (TOEFL) scores must be submitted before admission will be granted. Minimum score for admission consideration is 550 (paper-based), 213 (computer-based), or 79 (internet-based). Information concerning the TOEFL may be obtained by writing to: TOEFL, Box 899, Princeton, NJ 08540 (The University of Texas of the Permian Basin institution number: 6914) or
 - b. The Academic Examination of International English Language Testing System (IELTS) with a minimum score of 6.5 or better. There is no institutional code for UTPB and so send your scores to UTPB Admission, 4901 E. University, Odessa, TX 79762-0001; or
 - c. 24 semester credit hours of transferable college course work from a regionally accredited U.S. institution to include English 1301 & 1302 (Freshman Composition I & II) with grades of "C" or higher.
5. **Medical Insurance Requirement** - International students on F-1 visas must have medical hospitalization and repatriation insurance for themselves. Insurance for dependents is optional.

Students on J-1 visas are required to carry medical, hospitalization and repatriation insurance for themselves and their dependents.

6. **Vaccination Requirement** - All new students and those who are returning after a one semester absence and under the age of 22 will be required to show evidence that they have received the bacterial meningitis vaccination or eligible for an exemption prior to enrolling. The vaccination dose or booster must be during the five-year period preceding and at least 10 days prior to the first day of class or prior to moving into on-campus housing (whichever is applicable). Students taking online courses only (no on-campus based courses) are not required to have the vaccination. Send evidence of the vaccination or qualified exemption to UTPB Admissions, 4901 E University Blvd, Odessa, TX 79762. For more information about the immunization requirements and exclusions, please refer to the Texas Department of Health Services, Immunization Branch (MC 1946), PO Box 149347, Austin, TX 78714-9347.
7. **Employment Restrictions** - Students on F-1 visas do not normally have employment privileges. Government regulations require international students to certify that they have finances deemed sufficient by the University while pursuing their degree without employment. Thus, international students should not expect to support themselves through employment while attending the University. International students may request permission to seek employment while attending the University after they have completed one academic year of study. See the International Student Advisor.
8. **Holders of F-1 student visas and J-1 sponsored Student Visas** must enroll for a full load of study.
 - a. **Undergraduate students** – Twelve (12) semester hours is the minimum load. If the student does not plan to enroll during the summer sessions, full-time enrollment should be 15 semester hours.
 - b. **Graduate students** – Nine (9) semester hours is the minimum load.
9. **Graduate Studies** - Students requesting admission to graduate programs must comply with all of the above requirements **in addition** to the graduate studies requirements listed in the Graduate Catalog.
10. **International Transfers from U.S. Institutions** - Transfer admissions from universities within the United States will be processed only for those students who have completed one full year (24 semester hours) or more of studies. If currently **“in-status”** under an F or J Visa, the United States Citizenship and Immigration Services (USCIS) must be notified when an international student transfers from one U. S. institution to another. Once a student is admitted, UTPB will provide a **Transfer-In Form** that will need to be completed by the previous U.S. institution and submitted to UTPB to release the active Visa information for update. However, if a student is **“out of status”** with USCIS, that student should reinstate him/herself with USCIS prior to enrolling at U. T. Permian Basin. Questions regarding a student’s immediate immigration status must be directed to the international student adviser. It is the student’s responsibility to obtain the correct visa and to maintain the appropriate immigration status while in the United States. International students should refer to, carefully read, and make sure the conditions of the visa, noted on the back of Form I-20 or DS2019, are understood **before** signing the form.

Transfer Applicants

For application purposes, a transfer student is defined as “a student who has successfully completed 24 or more semester hours of credit (post-secondary school completion) at a regionally accredited institution prior to transferring to U. T. Permian Basin.”

The University is committed to the recruitment and retention of transfer students. Direct Connect and other articulation agreements with community colleges across the state and participation in the Texas Common Course Numbering System simplify the transfer of credit to UTPB. The University provides a Transfer Admission Counselor who assists with prospective transfer applicants and an Academic Advisor for Transfer Students who assists students with degree plans prior to and after enrollment. The University provides transfer merit scholarships to assist academically qualified transfer students in making UTPB a more affordable choice. This next section outlines the admission requirements and transfer procedures. If any questions arise regarding the transferability of courses, please contact the Admission Office at 432-552-2605 or admissions@utpb.edu for further assistance.

Transfer Admissions Requirements

Transfer students seeking admission, who have accumulated fewer than 24 semester credit hours, will be considered for admission under the criteria established for freshman admission (See Freshmen Admission Requirements) and must have a cumulative grade point average of 2.0 or higher in the college-level courses.

Transfer students seeking admission, who have accumulated 24 semester credit hours or more from regionally accredited colleges or universities (post-secondary school), must meet the following entrance requirements:

- Submit to the Office of Admissions, official transcripts from all colleges and universities previously attended. All documents submitted become the property of the University and will not be returned to the student.
- Must have a 2.0 grade point average or better on a 4.0 grading system in previous college work.
- Must not be on academic or disciplinary suspension from any previously attended college or university (be eligible to re-enroll in the colleges or universities previously attended).

A transfer applicant from a non-accredited institution may be considered for conditional admission by the Admissions Review Committee. A transfer student admitted conditionally must achieve a grade point average of 2.0 or above for the first 30 hours of course work undertaken at U. T. Permian Basin and is subject to academic dismissal at any time the grade point average falls below 2.0.

Former Students

Students who have previously attended U. T. Permian Basin but have not been enrolled in the immediate past two semesters, must reapply. Those students who have enrolled in another college or university since attending U. T. Permian Basin must submit official transcripts of all work completed.

Change of Educational Objective

Students who have graduated or are scheduled to graduate from U. T. Permian Basin and wish to continue enrollment to pursue another educational objective must reapply indicating their new intention. (Example: second bachelor's degree, a Master's Degree, Teacher Certification)

Transient Students

Transient students seeking admission for one semester or summer session provided they are in good standing at the colleges or universities previously attended are welcome at U. T. Permian Basin. Only a current transcript from the last institution will be required prior to enrolling at U. T. Permian Basin. A student will not be admissible if they are *ineligible* to return immediately to their former institution. A student granted admission as a transient or as a non-degree student and who decides to pursue a degree at U. T. Permian Basin is welcome. The applicant must update his/her application and provide official transcripts from all colleges and universities previously attended.

Academic Fresh Start

Texas residents may apply for admission to U. T. Permian Basin under the Academic Fresh Start statute (*Texas Education Code, Sec.51.931*). Applicants seeking admission under the Academic Fresh Start statute must, at the time of application, inform the Office of Admissions in writing of their intent and confer with an admission representative about the impact on the overall credits and grades being considered. Under this program, residents are permitted to apply for admission and enroll as undergraduate students; and, academic course credits or grades earned 10 or more years prior to the semester for which the students seek enrollment are not considered for admission purposes. In addition, an applicant who makes the election to apply under this statute will not receive any course credit for courses taken 10 or more years prior to enrollment under Academic Fresh Start. Other standard admissions criteria generally applied to persons seeking admission to the University is not affected by this plan.

If a student who enrolls under this program completes a prescribed course of study, earns a baccalaureate degree, and applies for admission to a postgraduate or professional program offered by a public institution of higher education, the admitting institution will consider only the grade-point average of the applicant established by the course work completed after the student enrolled under this plan (along with other criteria the institution normally uses to evaluate applicants for admission).

Academic/Disciplinary Suspension

A student who is not eligible to return immediately to his/her former institution is not eligible to enroll at U. T. Permian Basin. Normally a student who is dismissed for disciplinary or academic reasons from U. T. Permian Basin or from another institution will not be admitted.

Transfer of Credit

Undergraduate Transfer of Credit

There is no limit to the number of credit hours that may be transferred provided they meet the rules governing transfer of credit listed below. However, students must complete a total of 48 hours of upper level credit and at least 30 of those credit hours must be taken at The University of Texas of the Permian Basin, with the last 24 hours taken in residence, in order to be eligible to receive a degree. In addition, at least 25% of the credits used to meet a degree requirement must be from U. T. Permian Basin. Course work shown on transcripts from other academic institutions is subject to two separate evaluations:

1. **Admission.** Course work is evaluated to determine the transferable credit for admission. This evaluation is performed by an admissions officer during the admission process.
2. **Applicability toward degree requirements.** Course work is evaluated to determine whether the student's freshman/sophomore courses provide the necessary preparation for upper level courses at U. T. Permian Basin and to determine the applicability of previous upper level course work toward degree requirements at U. T. Permian Basin. This evaluation is performed by an academic advisor in the student's chosen field of study.

Rules Governing Transfer of Credit

1. The college or university from which the credit is to be transferred must be accredited by a regional accrediting agency.
2. Courses transfer to U. T. Permian Basin on the same level and with the corresponding number of credit hours earned at another institution. D grades may be included in the total number of credit hours to be accepted for transfer to U. T. Permian Basin. However, D grades will not be accepted to fulfill the requirements of a major, minor or any General Education requirement.
3. When a course has been repeated for credit, the most recent grade and credit hours will be used to determine the acceptance of the course and also to determine if the student meets the minimum grade point average entrance requirement.
4. The following are not accepted by the University toward admission or degree requirements:
 - a. Orientation, remedial English, remedial reading courses, remedial mathematics courses, remedial writing (composition).
 - b. General Education Development tests on high school or college level.
5. Sectarian courses in religion are counted for admission purposes but do not apply toward degree requirements. However, courses in the philosophy of religion, the Bible as a literary work or surveys of the Old and New Testament may be applicable as free electives.
6. Vocational and technology courses are not accepted as transfer credit by the Admissions Officer. Under special circumstances some of these courses may be accepted on an individual course basis by the faculty advisor with the approval of the Dean of the School or College.
7. Except for Kinesiology majors, up to 4 credit hours will be accepted in physical activity courses toward admission requirements and total credits toward a degree. Up to 4 upper level credits in ROTC can be accepted in lieu of physical education.
8. Credit for Military Service – course credit for all physical education credit required (4 credits) and for additional semester credit hours, not to exceed 12, may be applied to satisfy elective course requirements for the student's degree program for courses outside the student's major or minor if the student
 - a. Graduated from a public or private high school accredited by a generally recognized accrediting organization or from a high school operated by the United States Department of Defense; and
 - b. Is an honorably discharged former member of the armed forces of the United States who has completed at least two years of service in the armed forces or was discharged because of a disability.
 - c. Student must provide proof of eligibility (i.e. DD Form 214 or disability discharge documentation)
9. If The University of Texas of the Permian Basin does not accept lower division course credit earned by a student at another institution of higher education, U. T. Permian Basin shall give written notice to the student and the other institution that the transfer of the course credit is denied. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance

with Texas Higher Education Coordinating Board rules and/or guidelines. If the transfer dispute is not resolved to the satisfaction of the student or the institution at which the credit was earned within 45 days after the date the student received written notice of the denial, U. T. Permian Basin shall notify the Commissioner of the Texas Higher Education Coordinating Board of its denial and the reason for the denial. The Commissioner of Higher Education or the Commissioner's designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

10. Correspondence or extension credit if appropriate to the curriculum and entered onto a transcript of a regionally and state accredited college or university, subject to the following limitations:
 - a. The maximum transferable credit is 15 semester hours of correspondence credit, 30 semester hours of extension credit or 30 semester hours of correspondence and extension credit combined.
 - b. A maximum of six semester hours in the major may be correspondence credit.
 - c. The College of Business and Engineering does not accept transfer of any upper level business courses taken by correspondence.
 - d. Transfer credit is presented to the Office of Admissions at the time the student is applying to the University.
 - e. Appropriateness to the degree is evaluated by the faculty advisor for degree purposes when the degree plan is developed.

Prospective students often have questions about transfer of courses. Students are invited and encouraged to seek advice about courses and degree programs from the admissions advisors and, if necessary, the student will be referred for consultation with faculty members in the student's prospective discipline.

Credit by Examination

The University recognizes academic achievement of students gained by means other than through performance in organized classes. Students will be given the opportunity to receive credit by special examination in certain courses where proficiency may be practicably determined by examination.

Course credit earned by examination is recorded by the Registrar on the student's transcript, but no grade or grade points are awarded. The student is responsible for having test scores sent to the Admissions Office. The College of Business and Engineering offers credit by examination in specific business courses. Refer to the College of Business and Engineering section of this catalog for more information.

There are three separate programs by which a student may earn course credit by examination. These are: 1) CEEB Advanced Placement Examinations which are a part of the Advanced Placement Programs available in a limited number of secondary schools; and, 2) specified subject examinations of the CEEB College Level Examination Program (CLEP); and 3) the International Baccalaureate Diploma Program. The student is responsible for taking the tests early enough to allow sufficient time for scores to be reported to the University and processed by the Admissions Office. The deadline for registering to take CLEP examinations at a national testing center is four to six weeks before the scheduled test. Information concerning each of the testing programs follows.

1. **Credit for CEEB Advanced Placement Program Examinations (APP).** The Advanced Placement Examination is the final examination for a nationally standardized course offered in a limited number of secondary schools under the auspices of the CEEB Advanced Placement Program. The objective of the

APP is to allow students to begin work toward college credit while still in high school. Students should check with their high school counselor or principal as to the availability of the APP examinations in their school. The APP is offered once a year during May at participating high schools.

2. Credit for CEEB College Level Examination Program (CLEP) Examinations.

Under the College Level Examination Program, the University will award credit for only the specified examinations. A student may attempt a CLEP examination at a national CLEP testing center before enrolling and have the scores reported to the University. These examinations are offered monthly at national CLEP test centers. Further information concerning the CLEP tests may be obtained from your high school counselor or principal, or from College Level Examination Program, Box 1821, Princeton, New Jersey 08540.

3. Credit for International Baccalaureate

The University of Texas of the Permian Basin awards course credit, as listed below, for the successful completion during high school of the International Baccalaureate Diploma program (IB) and passing the appropriate Standard Level (SL) and Higher Level (HL) exams with a score of 4 or better.

IB Examination	UTPB Course(s) credited
Biology (SL)	BIOL 1306/1106
Biology (HL)	BIOL 1306/1106 and 1307/1107
Chemistry (SL)	CHEM 1311/1111
Chemistry (HL)	CHEM 1311/1111 and 1312/1112
Computer Science (SL)	COSC 1430*
Computer Science (HL)	COSC 2430*
Economics (SL)	ECON 2301
Economics (HL)	ECON 2301 and 2302
English (see Modern Languages)	
Environmental Systems (SL)	ENSC 1401
Geography (SL)	GEOG 1301
Geography (HL)	GEOG 1301 and 1302
History (HL and SL)	
Americas	HIST 1301
Africa	HIST 2306
Europe	HIST 2312
Mathematics	
Mathematical Studies (SL)	
(Algebra or equiv.)	Math 1314, 1324, or 1332 (3 hrs.)
Mathematical Methods (SL)	
(Pre-Calculus or equiv.)	Math 1314, 1324, 1332, or 2412 (3-4 hrs.)
Mathematics (SL)	
(Pre-Calculus or equiv.)	Math 1325, 2413, 2414, 3301, 3315, and/or 3350 - (6-8 hrs.)
Mathematics (HL only)	
(Calculus)	Math 2413, 2414, 3301, 3315, and/or 3350 (6-8 hrs.)
Modern Languages	
Language A1, A2, and B	
English (SL)	ENGL 1301
English (HL)	ENGL 1301 and 1302
(w/extended essay, C or better)

Theater Arts (HL)	DRAM 2301 and 2302
Visual Arts (SL)	ARTS 1301
Visual Arts (HL)	ARTS 1301/based on review 1311, 1316

Texas Residency for Tuition Purposes

The Office of Admissions initially determines Texas residency status for all new or re-applying students for the University. The initial decision is based on information provided by way of the admission application and Core Residency Questionnaire required to be completed by the student. Prospective students may seek additional information about residency status with the Residence Determination Official (Registrar) or may also seek information at the Texas Higher Education Coordinating Board website at:

www.thecb.us.state.tx/cbrules. Student considering a reclassification of their residence status may do so with the Residence Determination Official (Registrar). For information on reclassification or residency issues please refer to the Registration and Student Records section of this catalog.

Military Service Training School Courses

As a Serviceman's Opportunity College (SOC) institution, UTPB awards credit on a limited basis for military coursework. In order for the credit to be awarded, a student submits to UTPB an official Army/American Council on education Registry Transcript System (AARTS) or an official Sailor/Marine/ACE Registry Transcript (SMART) listing all military course work completed. The Admission Office evaluates the transcript and determines the transferability of course work. Credit is awarded for military course work that is deemed parallel to academic course work. Credit is not awarded for military experience based upon a Military Occupational Specialty (MOS) or for course work that is solely technical in nature. Awarding of credit for military course work does not guarantee its applicability to a degree at UTPB. A student who has taken military credits that do not transfer may challenge by examination (i.e. CLEP) or other petition procedure established by your academic department. "

Military Related Withdrawals

In accordance with Section 51.9242 of the Texas Education Code, a student who withdraws from the University in order to perform active military service (not including Texas National Guard Training exercises) will be readmitted for any semester or summer session that begins within a year after the student's release from active service. The student is not required to reapply. However, if he or she has been out for more than two semesters, the student must submit a returning student application to inform the university that the student plans to re-enroll and update demographic and major related information. Readmitted students may be eligible for the same financial assistance provided before the student's withdrawal.

In accordance with section 51.844 of the Texas Education Code, graduate or professional students who withdraw from or defer admission to the University to perform active military service in a combative operation will be readmitted to their previous program. All previous earned coursework applied towards the program and any standardized test scores previously submitted will be accepted.

Dependents of Public Servants Killed in the Line of Duty

In accordance with Section 51.803(e) of the Texas Education Code, applicants who are considered dependents of certain public servants who were killed or sustained a fatal injury in the line of duty are entitled to automatic admission to the University if the applicant meets any minimum requirements established by University. Students admitted on this basis must complete the requirements of the Texas Success Initiative (TSI).

Financial Aid

Application Process

The University of Texas of the Permian Basin encourages students who wish to attend the university and who do not have the financial resources available to pay the cost of higher education to seek assistance through The Office of Student Financial Aid. The Office of Student Financial Aid operates to assist students seeking a degree or certification from U. T. Permian Basin in obtaining the necessary resources from federal, state, and private sources.

To obtain financial assistance, the University encourages all financial aid applicants, both graduate and undergraduate, to complete a yearly financial aid application process. This process consists of two applications: the General Scholarship Application and the Free Application for Federal Student Aid (FAFSA). The U. T. Permian Basin application is required for aid programs administered through the University regardless of eligibility criteria. The FAFSA is required for all need-based aid programs, including Federal Title IV Grants and Loans, Federal Work-Study, and State grants, Loans and Work-Study. Some local scholarship funds also rely on data provided through the FAFSA. The Office of Financial Aid strongly encourages all students to complete both the Federal and the U. T. Permian Basin General Scholarship Application form to be considered for all possible aid.

Because availability of funds in most programs is limited, applications should be completed by the fall term of each award year, however, eligibility based on criteria for donor scholarships will take precedence over the application date. Applications are not considered complete until all required forms are properly filled out and are in the Office of Student Financial Aid. In some cases, students may be required to submit supporting documentation to verify aid eligibility. When students are selected for verification, their applications will not be considered complete until the required supporting documentation is in the Office of Student Financial Aid and all data is correct.

Students subject to selective service registration will be required to file a statement that the student has registered or is exempt from selective service registration in order to be eligible to apply for federal or state funded financial aid. **Please Note:** Application for financial assistance is not an application for admission. Also, awarding of financial aid does not guarantee acceptance to the University.

Awarding Process

The Office of Student Financial Aid notifies students of what aid is being made available and how it will be disbursed by means of an award letter.

The award letter will list one or more programs of assistance in which funds are available to the student. Availability and acceptance of awarded aid does not guarantee the actual release of money or eligibility for funds, disbursement of funds depends on grade level, credit hours enrolled, cost of attendance, or the condition of institutional funds. The student must complete any additional program requirements (i.e., a student loan acceptance), and meet enrollment and academic progress guidelines before any refunds can be released.

The award(s) listed on the award letter are referred to as an award “package.” The number of awards in the package and the amount of each award are determined by the availability of funds at the time the student

completes the application for aid and, for need-based aid, the results of the federal need analysis of the FAFSA application. Any student receiving non-need-based aid should notify the Office of Student Financial Aid as soon as possible so that the award can be included in the student's package. Failure to notify the office of all sources of assistance could result in an over award and require the repayment of money already received. Repayment demands can create a severe financial hardship so it is advisable that the student report accurately all sources of assistance.

The University participates in a number of assistance programs to provide an optimum availability of help for students. These programs can be divided into four basic types of financial aid: grants, scholarships, loans, and employment. Grants and scholarships are gift awards that do not have to be repaid. Loans are monies that have to be repaid with interest, usually after completion of the program. Employment is part-time work, usually on campus, that is scheduled around the student's class schedule. Earnings from employment do not have to be repaid.

Listed below are brief descriptions of some of the programs in which the University participates. Funding of the different programs varies from year to year as do eligibility criteria and even the name of programs. Federal and state programs are subject to frequent regulatory changes which supersede the information in this catalog. For further information about these programs and other available assistance, contact the Office of Student Financial Aid.

Scholarships

Scholarships are gift aid that do not have to be repaid. The University of Texas of the Permian Basin encourages students to apply for scholarship assistance through all sources available to achieve the best results. Assistance from U. T. Permian Basin may be in the form of an institutional award such as the Presidential Plus, Presidential, Transfer Merit, Freshman Merit, Freshman Grant, and Freshman Achievement or through scholarship funds that have been endowed with the University by individuals desiring to help worthy students. Awards for freshman students are made based on high school class rank and additional nominations demonstrating academic excellence, civic pride and leadership qualities during their school years. Transfer student eligibility is determined based on academic performance at the previous college or university attended. Continuing students are eligible to apply for scholarships based on academic excellence achieved while attending the University. Scholarships awarded from the U.T. Permian Basin cannot be awarded with other university awarded scholarships. If a student is awarded multiple scholarships from UTPB, the award with the highest dollar amount will be automatically awarded. A student can choose awards by notifying the Office of Financial Aid of the decision.

Information about a variety of scholarships awarded on the basis of academic merit and achievement is available from the Office of Financial Aid or the Office of Admissions. The University of Texas of the Permian Basin also offers a number of endowed scholarships that are administered by a school or program.

Donor Scholarships are provided through the generosity of persons who have chosen to aid students through the establishment of an endowed scholarship or annual scholarship. Eligibility for scholarship awards are based on criteria outlined by the donor at the time the gift was made. The basic criterion for scholarship eligibility is academic success, although some scholarships also consider financial need or other qualities. All scholarship recipients must have a general scholarship application on file and must complete a "Thank You" note with the Office of Development. Most donor scholarships require candidates to be attending the University full-time, with a priority given to undergraduate students who live on-campus.

The committee or officer responsible for selection of a given scholarship or grant may consider: Financial need, GPA, academic merit and could include whether the applicant is the first generation in his or her family to attend or graduate from college; the applicant's responsibilities while attending school; the applicant's involvement in community activities; the applicant's extracurricular activities; and the applicant's professional or work experience since leaving high school. Completing the General Scholarship Application does not guarantee receipt of a donor scholarship, the final determination will be based on established donor criteria, as well as donation amounts.

Top 10% Scholarship

Typically, if funding is available, qualifying students who submit the Free Application for Federal Student Aid (FAFSA) or the Texas Application for State Financial Aid (TASFA) by a specific deadline (set by the Texas Higher Education Coordinating Board each year), have financial need, and enroll fulltime in a Texas public college or university in the fall semester may be eligible to receive up to \$600. To be eligible students must be Texas residents, register for Selective Service, complete a FAFSA and demonstrate financial need as determined by the FAFSA, complete a recommended or distinguished achievement high school curriculum, rank in the top 10% as of the semester of admittance, graduate from an accredited high school in Texas, and enroll fulltime.

Grants

Grants are publicly funded programs that provide gift aid which does not have to be repaid. Grants are usually awarded on the basis of information received by U. T. Permian Basin when the student completes the Free Application for Federal Student Aid (FAFSA).

Federal Pell Grant Program

The Federal Pell Grant Program is the largest of the gift aid programs under the Federal Title IV codes. It provides the foundation for all need-based assistance. Financial need is the single criterion used to determine the amount of the award, but students must also meet certain other stipulations to receive a Pell Grant. Pell grants are available only to undergraduates working on their first baccalaureate degree. To determine eligibility for the Pell grant, the student must first complete the Free Application for Federal Student Aid (FAFSA) and have the information sent to the Office of Student Financial Aid.

Federal Supplemental Educational Opportunity Grant Program

The Federal Supplemental Educational Opportunity Grant Program (FSEOG) is designated to assist students with exceptional financial need. First preference for these awards is mandated by Federal regulation to go to Pell grant recipients. The FSEOG is available only to undergraduates.

Texas Public Educational Grant Program

The Texas Public Educational Grant Program (TPEG) is a state administered program for students. Eligibility is determined using information from the FAFSA needs analysis. Priority consideration is given to full-time undergraduate students, but graduate students are eligible also.

Texas Grant Program

The Texas Grant program is a state funded program that helps qualified students pay tuition and fees. Criterion is based on the FAFSA needs analysis and completion of the recommended or distinguished high school curriculum. Priority will be given to students who meet the Texas Higher Education Coordinating Board priority model and who have completed a FAFSA by the state priority deadline.

Hazlewood Act

The Hazlewood Act for Texas Veterans was established by the Texas State Legislature. It is a tuition and fees waiver program to assist Texas veterans who have exhausted their eligibility for education benefits under the G.I. Bill and are not eligible for Federal Title IV grants. Veterans who qualify will receive a waiver of all tuition charges and specified fees.

The Hazlewood Legacy program was established for legal dependents of Texas Veterans. Veterans can transfer part or all 150 hours exemption to a designated dependent. Contact the Office of Student Financial Aid for further information about Hazlewood Act and other eligibility criteria. Hazlewood information can also be found at www.collegefortexans.com

Student Loans

Student loans are available through a number of federal and state programs. Loans differ in interest rates, terms of repayment, and provisions for in-school deferments. Student loans are not gift aid and must be repaid. Students must be enrolled in at least six hours to receive their loans, and must meet eligibility criteria as established by the U.S. Department of Education.

Federal Direct Loan Program

The Federal Direct Subsidized Loan provides guaranteed student loans to students at a low variable interest rate. The Federal government pays the interest on these loans while the borrower is enrolled in school. Eligibility for a subsidized Federal Stafford Loan is determined through the FAFSA need analysis. Only students demonstrating need will be eligible to receive subsidized loans; over awards are subject to reductions based on changes in status or enrollment.

All other Federal loans are unsubsidized. This means that the borrower begins paying interest on the loan at the time the loan is made. In most cases, the principal can be deferred during enrollment periods. Unsubsidized loans can be used to meet the Expected Family Contribution (EFC) calculated in the FAFSA need analysis. The EFC is that portion of the student's family income which should be available to help pay a portion of the student's educational costs.

To qualify for loans, students must complete their Entrance Counseling and Master Promissory Note (MPN) for U.T. Permian Basin with the Department of Education by logging onto www.studentloans.gov. Once completed the student must log on to Campus Connect and accept the loan. Students have the right to accept a portion or all of the loans. Students or parents wishing to cancel loans or disbursements must complete the Cancellation Notice available in the Office of Student Financial Aid within 14 days of receiving their loan disbursement notice.

Be On Time Loans (BOT)

The purpose of the Texas B-On-Time Loan program is to provide eligible Texas students no-interest loans to attend colleges and universities in Texas. If the student meets specified goals, the entire loan amount can be forgiven upon graduation. The Office of Student Financial Aid will determine if a student is eligible.

Teach for Texas Financial Assistance Program

The Texas Higher Education Coordinating Board administers a loan repayment program for teachers certified in fields in which there is a critical shortage of teachers, who take jobs as classroom teacher in those fields in Texas. Details about this program are found in Texas Education Code, Subchapter O, Section 56.351 – 56.355, and additional information may be obtained by contacting the Office of Financial Aid.

Student Work Study Programs

The Federal Work-Study Program provides on-campus employment opportunities for students to work as professional assistants, in the library, in student services, and in many other locations throughout the University. Because it is need-based, eligibility is determined from the FAFSA application. The number of hours per week is determined by the student's award amount, but students may not work over 19 hours per week. Pay is based on a sliding scale, but no one receives less than minimum wage. Both graduates and undergraduates may receive Federal Work-Study awards. Students can access a list of employment opportunities online at the Career Services website. Go to the University website <http://www.utpb.edu/academics/undergraduate-success/career-services>, then locate Career Services (under Campus Life), and then search the available list for current work-study jobs.

Off-campus Employment

Students can access a list of off-campus employment opportunities online at the Career Services website. Go to the University website www.utpb.edu, then locate Career Services (under Campus Life), and then search the available list for current off-campus jobs.

Regular Student Employment

Regular Student Employment is sometimes available through individual departments. These part-time jobs are not related to the need-based awards, and the employing department has considerable latitude in meeting personnel needs. Applications are submitted to the Office of Career Services. Students may not work over 19 hours per week.

Satisfactory Academic Progress

Although state and national policy has established many objectives for student financial aid programs, one clear purpose is to fund only students who meet certain academic standards. Institutions are, therefore, required by law to formulate standards to gauge the progress of students receiving federal and state financial aid by applying both qualitative and quantitative measurements to academic work. A maximum time limit for the completion of a degree and a minimum grade point average (GPA) are used by the University to measure satisfactory academic progress. Most private and institutional scholarships have specific academic and enrollment standards required for renewal or continuance of the award, if renewal is allowed. The qualitative standard of satisfactory academic progress is measured by the cumulative grade point average (CGPA) of courses taken at U. T. Permian Basin.

Qualitative Academic Progress

Undergraduate students must maintain a minimum CGPA of 2.00 each semester they are enrolled. Students falling below this minimum CGPA are subject to academic probation or dismissal as described in the "Grading Policies" section of this catalog. Failure to meet the minimum standards described above or in the "Grading Policies" section of this catalog will result in sanctions ranging from losing eligibility for scholarships to termination of all financial aid eligibility. Administration of this policy will be as follows:

1. A student failing to meet the minimum standards for the first time may be eligible to receive financial aid for the following semester on probation provided the student can be expected to improve his or her academic performance to the minimum standards required after the probationary semester has ended.
2. If the university determines that a student failing to meet the minimum standards for the first time and is not expected to improve his or her

academic performance to the minimum standards will be suspended from receiving any further financial aid.

3. A student placed on financial aid probation must meet academic standards after the probationary semester. Failure to meet SAP standards after the probationary period has ended will result in suspension for financial aid eligibility.

Quantitative Academic Progress

The University has established a quantitative measurement of academic progress toward completion of a student's degree or certification program. Federal Title IV regulations state that student eligibility cannot extend past 150% of the stated length of a student's program of study. A first baccalaureate program at U. T. Permian Basin requires a minimum 120 semester credit hours for graduation. Therefore, a student who is working on a first bachelor's degree must complete the program within 180 attempted semester credit hours (120 hrs. x 1.50). Programs of different lengths would be similarly calculated. A student's entire enrollment history is considered when evaluating academic progress within the established time frame, whether or not aid has been received previously. Students who have meet the 180 maximum timeframe are not eligible to receive any Title IV aid.

Completion of Attempted Hours

In addition to the overall time frame, a financial aid recipient must also be making progress toward completing the program by completing the number of funded hours attempted each year. Funded hours are those semester credit hours which are counted in determining a student's enrollment status for payment of financial aid. Courses in which a "W", "D", "F", "U" or "Z" has been recorded may be repeated once and be included as funded hours for financial aid (i.e., in the 12+ hours for full-time enrollment). Repeated courses in which a grade of "C" or higher, "S" or "I" has been recorded will not be included as funded hours for financial aid. Audited courses cannot be funded with financial aid or counted in the progress requirements.

Federal Title IV regulations specify that developmental courses may be included as funded hours for financial aid. These courses are numbered 0398, 0399 in the catalog (i.e., ENGL 0399, Fundamentals of Composition). The regulations also stipulate that a student may receive funding for not more than one year or thirty (30) hours of developmental courses. Therefore, each course numbered 0398, 0399 may be repeated once and still receive financial aid funding provided all other progress requirements have been met.

A quantitative measurement of academic progress will be made at the end of each semester for all financial aid recipients. At the end of each semester a student must have successfully completed a minimum of seventy-five percent (75%) of all course enrollments attempted at U. T. Permian Basin. Any student who falls below the minimum completion rate of 75% will be placed on Financial Aid Probation or Suspension until the ratio of completed to attempted hours is again above 75%. Courses with a recorded grade of "F", "U", "W", "Z", "I", or "PR" are not considered successfully completed. Only enrollments attempted and/or completed at U. T. Permian Basin will be considered when determining satisfactory academic programs at the end of each semester. Courses repeated or transferred from other institutions are not considered in measuring institutional satisfactory academic progress but will be used to monitor the overall 180 hour time frame for completion of a student's program of study.

Failure to Make Satisfactory Academic Progress

Student Academic Progress will be checked after each semester. Students who are found to not be making progress either for qualitative or quantitative reasons will be put on Financial Aid Warning and will be considered probationary. Students with a warning status will not have their aid suspended and will be allowed to receive aid for one additional semester. All students who are on Financial Aid Warning, and have not met the minimum requirements for academic progress, following the semester they were put on probation, will be put on financial aid suspension. These students will not be eligible to receive aid until they have successfully met the academic progress standards or complete a SAP appeal to request re-instatement.

Appealing Financial Aid Suspension

Students who have lost eligibility to receive financial aid as a result of Financial Aid Suspension must attain the minimum standards of satisfactory academic progress before becoming eligible to receive aid. The University recognizes that students sometimes encounter circumstances beyond their control that can adversely affect their academic progress. Any student subject to probation or suspension of financial aid eligibility may appeal to the Satisfactory Academic Progress (SAP) Committee for a review of the decision. The appeal must be submitted in writing and include in the request an explanation and, if necessary, documentation of the reason(s) why the minimum academic standards required by this policy were not achieved. The appeal must also include a statement regarding how the problem has been corrected and how the student plans to ensure that progress will be met in the future.

If the SAP Committee believes that it is possible for the student to meet the standards for academic progress in one semester, the committee can grant the appeal. However, if the student does not meet the standards for academic progress in that semester, all aid will be suspended until they do make academic progress.

The SAP Committee can also approve an appeal based on a requirement that the student be placed on an academic plan. The academic plan will clearly outline what steps a student must take in order to make academic progress. As long as the student is following the plan, they will be considered to be making academic progress. If a student's appeal is granted and they are not required to be placed on an academic plan, but the student does not make progress, they will have their aid suspended. The student cannot appeal their suspension again until after one semester of being on suspension. After their suspension period the student can appeal and the Financial Assistance Committee can either grant their appeal again, or require them to be put on an academic plan. The student will be notified by the Office of Student Financial Aid in writing of the SAP committee's decision.

Return of Title IV Funds

As an institution participating in programs under Title IV of the Higher Education Act of 1965 as amended (hereinafter referred to as the "Act"), The University of Texas of the Permian Basin is required to refund unearned tuition, fees, room and board, and other charges to certain students attending the institution for the first time who have received a grant, a loan, or work assistance under Title IV of the Act, or whose parents have received a loan on their behalf under 20 U.S.C. Section 1087-2. The refund is required if the student does not register for, withdraws from, or otherwise fails to complete the period of enrollment (i.e. receives all failing grades in the semester) for which the financial assistance was intended. No refund is required if the student withdraws after a point in time that is sixty percent of the period of enrollment for which the charges were assessed. A student who withdraws prior to that time is entitled to a refund of tuition, fees, room and board, and other charges that is the larger of the amount provided for in Section 54.006, Texas Education Code, or a pro rata refund calculated pursuant to Section 484B of the Act, reduced

by the amount of any unpaid charges and a reasonable administrative fee not to exceed the lesser of five percent, or one hundred dollars. If the student charges were paid by Title IV funds, a portion or all of the refund will be returned to these programs.

For example, a student withdraws on the 32nd day of classes of a 110 calendar day semester. The tuition and fee charges totaled \$2,754. The student was awarded and received the following financial aid: \$785 Federal Direct Unsubsidized Loan, \$1,141 Federal Direct Subsidized Loan and \$1,387 in Federal Pell Grant. The Return of Title IV Funds policy allows that the student “earned” 32/110 of the federal financial aid requiring the remainder to be returned to the federal aid programs. Under the policy, \$1,778 would be returned to the Federal Direct Loan by UTPB creating a balance with UTPB. The remainder of the loan would be repaid under the terms of the promissory note.

Texas Higher Education Coordinating Board Assistance

The Texas Higher Education Coordinating Board administers various tuition assistance programs, including programs for teachers and vocational nursing students. Further information may be obtained by contacting the Coordinating Board or by visiting the College for all Texans website <http://www.collegefortexans.com>

Registration and Student Records

Students who are officially admitted to the University may register for courses. Prior to each academic semester, a registration period is held. Students may find information on registration dates and the dates of other transactions that affect them in the course schedule or may also seek information on the web at www.utpb.edu

Registration Process

Any student who is currently enrolled or who has been accepted into the University is eligible to register for classes. Students who have been away from UT Permian Basin more than a year or are new to the University, must reapply or apply prior to any registration. Once accepted students may proceed to the registration process.

Freshman Registration

To assist freshmen who are entering the University in the fall semester, a special freshman registration is held in conjunction with freshman orientation. Only freshmen who attend orientation are advised and registered at this time. Dates for freshman orientation are provided for entering freshmen in advance of the scheduled orientation days. New students must complete the admissions process through the Office of Admissions prior to enrolling in classes. (See the Admissions section of the catalog and contact the Office of Admissions for further details.) Individuals who desire financial aid assistance should contact the Office of Student Financial Aid several months in advance of Freshman Orientation so their aid may be processed in a timely manner. (See the Financial Aid section of the catalog and contact the Office of Student Financial Aid for details regarding financial aid.)

All entering freshmen must enroll in UNIV 1101 (Freshman Seminar) if they have not completed 24 college credit hours prior to enrolling. Freshmen seeking an exemption from the Freshman Seminar should ask at orientation or a time prior to enrolling in classes.

New Transfer Students

Students who are transferring to the University or who are re-enrolling in the University after an absence of one year or more are permitted to register for classes during registration held prior to the beginning of classes only if they have been admitted or readmitted. This registration period is provided to allow students sufficient time to complete the registration process including, consulting advisors, signing up for classes, and paying tuition and fees. Students who are seeking financial aid and who have not completed this process by the financial aid priority deadline will inevitably be delayed in receiving funds from federal grants and secured and unsecured loans. (See the Financial Aid section of the catalog for details regarding financial aid.) Dates of registration are listed in the semester calendar of the course schedule and online at www.utpb.edu.

Web Registration

Web registration is available through an online student portal which is located on the home page of the UTPB website: www.utpb.edu. To be eligible to web register, students must have met TSI requirements, received a PIN number from the Office of Admissions, and received clearance from their academic advisor. In addition, the student's account must be cleared of any restrictions or holds. The online portal allows students to view and print class schedules, grade reports, and unofficial transcripts. In addition, students can also view their current account and financial aid status.

Texas Success Initiative

The Texas Success Initiative (TSI) (Texas Education Code 51.3062) is a comprehensive program of assessment, advising, developmental education, and other strategies to ensure college readiness. Students are encouraged to speak to a counselor or advisor about their responsibilities regarding the TSI. For students who are first-time college students, initial testing will be required prior to your first semester. In the fall 2013 semester, the TSI Assessment becomes the only test recognized by the state of Texas for entry into any public college in the state. Previously, a variety of assessments were accepted for initial testing, including THEA and Accuplacer. Test scores from those instruments will still be recognized as long as the student was enrolled in at least one class prior to the start of the fall 2013 semester. TSI test results are valid for five (5) years from date of testing.

Minimum Passing Standards

Freshmen entering higher education must have these minimum cut scores.

Phase 1 – Students entering higher education Fall 2013 and after

- Mathematics - 350
- Reading - 351
- Writing – Essay Score of 5; Essay Score of 4 and Multiple Choice of 363

Phase 2 – Students entering higher education Fall 2017

- Mathematics - 356
- Reading - 355
- Writing - Essay Score of 5; Essay Score of 4 and Multiple Choice of 363

Final – Students entering higher education Fall 2019

- Mathematics - 369
- Reading - 359
- Writing - Essay Score of 5; Essay Score of 4 and Multiple Choice of 363

Exemptions/Exceptions

The following students shall be exempt from these assessment requirements. Exempt students will not be required to provide any additional demonstration of college readiness and will be allowed to enroll in any entry-level freshman course:

1. For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions:
 - a. ACT: composite score of 23 with a minimum of 19 on the English test shall be exempt for both the reading and writing sections of the TSI Assessment, and/or 19 on the mathematics test shall be exempt for the mathematics section of the TSI Assessment;
 - b. SAT: a combined critical reading (formerly "verbal") and mathematics score of 1070 with a minimum of 500 on the critical reading test shall be exempt for both reading and writing sections of the TSI Assessment, and/or 500 on the mathematics test shall be exempt for the mathematics section of the TSI Assessment; or
2. For a period of three (3) years from the date of testing, a student who is tested and performs on the Texas Assessment of Academic Skills (TAAS) with a minimum scale score of 1770 on the writing test, a Texas Learning Index (TLI) of 86 on the mathematics test and 89 on the reading test.
3. For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions:

- a. on the Eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the TSI Assessment requirements for those corresponding sections; or
 - b. STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment required under this title for both reading and writing, and a minimum score of Level 2 on the Algebra II EOC shall be exempt from the TSI Assessment requirements for the mathematics section.
4. A student who has graduated with an associate or baccalaureate degree from an institution of higher education.
 5. A student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.
 6. A student who has previously attended any institution and has been determined to have met readiness standards by that institution.
 7. A student who is enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute, or a public state college.
 8. A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.
 9. A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States.
 10. A non-degree-seeking or non-certificate-seeking student. Any student above who has been determined to be exempt in mathematics, reading, and/or writing will not be required to enroll in developmental coursework and/or interventions in the corresponding area of exemption.
 11. ESOL Waiver--UTPB may also grant a temporary waiver from the required assessment for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions. The waiver will be removed prior to the student attempting 15 credit hours of developmental ESOL coursework or attempting entry-level freshman coursework, whichever comes first, at which time the student would be administered the TSI Assessment.

Developmental Courses

Unless exempt, a student who fails an approved TSI exam must register for the appropriate developmental course. It is the student's responsibility to provide official scores to the Office of Admissions in order to qualify for an exemption prior to enrollment or expiration of those scores. Additional information concerning TSI, or a list of further exemptions, may be obtained by contacting the Office of the Registrar.

No student may withdraw from a developmental course unless the student is withdrawing from the University. Students will be permitted to withdraw from these courses only if they retake and pass the appropriate THEA section during the semester. Students who fail any portion on the second attempt may be permitted to enroll in a course approved by the Coordinating Board in an attempt to earn a grade of "C" or better. Students who earn a "C" or better in appropriate course will be considered to have satisfied the TSI requirement.

The following are approved courses which are used for meeting TSI requirements (Identified by Common Course Numbers):

- Writing: ENGL 1301 (Composition I); or ENGL 1302 (Composition II).
- Reading: HIST 1301, 1302 (U.S. History); ENGL 2321, 2322, 2323 (British Literature); ENGL 2331, 2332, 2333 (World Literature); ENGL 2326, 2327, 2328 (American Literature); PSYC 2301 (General Psychology); or GOVT 2301, 2302, 2305, 2306 (American Government).
- Mathematics: MATH 1314 (College Algebra); MATH 1332, 1333 (College Mathematics); MATH 1316 (Plane Trigonometry) or a more advance mathematics course for which any of the above are prerequisites.

Courses numbered 0398, 0399, 0400 are developmental in content. These courses may be required of students who do not pass all portions of the TSI exam or whose institutional placement test scores indicate a need for developmental preparation. Developmental courses do appear on the student's transcript, but do not provide credit toward a degree. Students receiving financial aid should consult the Office of Student Financial Aid concerning the effect of developmental coursework on academic progress.

The TSI rules and regulations shown in this catalog are those in effect when this catalog went to print. TSI rules and regulations are subject to change due to action by the Texas Legislature.

Placement Testing

There are four areas tested for proper placement into courses, chemistry, math, and writing. Tests are used for students who are TSI exempt.

- **Chemistry:** Students who plan to take CHEM 1311/1111 (Science, Nursing, and Engineering majors) must take the chemistry diagnostic test which is available only on this campus in the PASS Office. The test takes about 1 ½ hours to complete.
- **Math:** Students are placed into math classes based on a combination of their high school class percentile and SAT or ACT scores.
- **Writing:** Students are placed into English classes based on the results from the Directed Self Placement Test (DSP).

Freshmen are required to take the assessment instrument before they may register. Students whose assessment scores are not high enough must register for remedial courses in the area they did not meet the standard score. For additional information contact the PASS Office at 432-552-2630.

Student Advisement

Students are encouraged to visit with faculty advisors for degree and class schedule planning. At announced times, all currently enrolled undergraduate students and currently enrolled graduate students who have been admitted to a graduate program or are seeking teacher certification will be permitted to early register for courses in the subsequent term. Students needing an academic advisor should contact their dean's office. Students may not register for conventionally taught partially self-paced courses after the last day of late registration.

E-Advisor

E-Advisor is a service to facilitate the academic advising process. Students who need to: obtain their advisor's name, make an appointment to meet their advisor, or be advised through phone or email can e-mail E-Advisor@utpb.edu if their help is needed. In the e-mail state the assistance needed, your major and your full name as it appears on your student records. Someone will respond by e-mail within

one working day. Because advising by e-mail may require several e-mail exchanges, students should not plan to use e-mail as the sole method of getting academic advice during the last week before classes begin.

Auditing Class (Non-credit course registration)

U. T. Permian Basin allows a person who does not desire course credit to register for classes on a noncredit basis. This is known as auditing a course. Students auditing classes are permitted to attend classes and participate in the course discussions, studio and laboratory work and other class activities but are not required to complete work outside the classroom or sit for exams. The fee for auditing a course is \$35 per credit hour plus any applicable lab fee. This fee covers course participation, library use and computer use privileges similar to those of students. It does not cover parking or provide access to student services covered by the student service fee or the medical services fee. No credit is earned through auditing the class and a student may not earn credit through examination for audited courses. Student may not audit contract study, self-paced, thesis, and research or practicum courses. Students applying only for the purposes of auditing a course are not required to meet all admission requirements.

However, students that have been denied admission are not eligible to enroll to audit. For further information on admissions for auditing purposes, contact the Admissions Office. Registration for auditing courses can occur only during the late registration period. It is on a space available basis only and requires the instructor's permission. Students should contact the Office of the Registrar for audit enrollment forms and procedures.

Concurrent Enrollment

U. T. Permian Basin normally limits concurrent enrollment to community colleges. Students desiring credit for concurrent enrollment at another four-year institution or upper level institution must have the prior express permission in writing from the appropriate Dean before enrollment. When a student registers at more than one public institution of higher education at the same time, charges shall be determined in the following manner: Tuition credit is available if three hours or fewer are being taken at U. T. Permian Basin while concurrently enrolled at an area community college. The student **must** first register at the area college and bring a receipt to U. T. Permian Basin. U. T. Permian Basin's tuition charge will be the difference between the student's total tuition at each of the institutions, but never less than the hourly rate at U. T. Permian Basin.

Enrollment Verification

A student may request the Office of the Registrar to report to an outside agency their official enrollment status for a current term. Enrollment certification or verification must be requested by the student and will be processed after the official census date of the current term.

Requests for Access to Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. Sec.1232g, and the Texas Public Information Act, Texas Government Code Sec. 552.001 et seq., are respectively a federal and state law that provide for the review and disclosure of student educational records. In accordance with these laws the University has adopted the following policy. Individuals are informed of their rights under these laws through this policy which is included in The University Handbook of Operating Procedures and the University Catalog.

The University will not permit access to or the release of personally identifiable information contained in student education records without the written consent of the student to any party, except as follows:

- to appropriate University officials who require access to education records in order to perform their legitimate education duties
- to officials of other schools in which the student seeks or intends to enroll, upon request of these officials, and upon the condition that the student be notified and receive a copy of the record if desired;
- to federal, state, or local officials or agencies authorized by law;
- in connection with a student's application for, or receipt of, financial aid;
- to accrediting organizations or organizations conducting educational studies, provided that these organizations do not release personally identifiable data and destroy such data when it is no longer needed for the purpose it was obtained;
- to the parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954, provided a reasonable effort is made to notify the student in advance;
- in compliance with a judicial order or subpoena, provided a reasonable effort is made to notify the student in advance unless such subpoena specifically directs the institution not to disclose the existence of a subpoena;
- in an emergency situation if the information is necessary to protect the health or safety of the student or other persons; or
- to an alleged victim of any crime of violence, the results of the alleged perpetrator's disciplinary proceeding may be released;
- to a parent of a student regarding the student's violation of any Federal, State, or local law, or of any University rule or policy, governing the use or possession of alcohol or a controlled substance if the University determines that the student has committed a disciplinary violation with respect to that use or possession and the student is under the age of 21 at the time of the disclosure to the parent.

The University will release information in student education records to appropriate University officials as indicated in (15.111) above when such records are needed by administrators, faculty, or staff in furtherance of the educational or business purposes of the student or University.

A record of requests for disclosure and such disclosure of personally identifiable information from student education records shall be maintained by the Registrar for each student and will also be made available for inspection pursuant to this policy. If the institution discovers that a third party who has received student records from the institution has released or failed to destroy such records in violation of this policy, it will prohibit access to education records by that third party for five (5) years. Respective records no longer subject to audit nor presently under request for access may be purged according to regular schedules.

Directory Information

At its discretion, the University may release Directory Information which shall include:

- name, address, telephone number, email address issued by UTPB
- place of birth
- major field of study
- participation in officially recognized activities and sports
- dates of attendance
- most recent previous education institution attended
- student classification
- enrollment status (full-time, part-time, undergraduate, graduate, etc)
- degrees and awards

- date of graduation
- physical factors (height and weight) of athletes

Students may have any or all Directory Information withheld by notifying the Office of the Registrar in writing each semester during the first 12 days of class of a fall or spring semester, the first 4 class days of a summer semester, or the first three days of any quarter. Request for non-disclosure will be honored by the institution for only the current enrollment period; therefore, a request to withhold Directory Information must be filed each semester or term in the Office of the Registrar.

Access to File

Upon written request, the University shall provide a student with access to his or her educational records. The Senior Associate Vice President for Student Services has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions files and academic files. The Vice President for Business Affairs has been designated by the institution to coordinate the inspection and review procedures for student financial files. Students wishing to review their education records must make written requests to the Senior Associate Vice President for Student Services listing the item or items of interest. Students wishing to review their financial files must make written requests to the Vice President for Business Affairs listing the item or items of interest. Education records covered by the Act will be made available within 45 days of the request. A list of education records and those officials responsible for the records shall be maintained at the Office of the Registrar. This list includes:

- **Academic Records:** Office of the Registrar (Admissions/Registrar): College, Division, Department and Faculty Offices
- **Student Services Records :** Student Activities Office: Director of Student Activities, Student Services: Senior Associate Vice President for Student Services
- **Financial Records:** Business Office: Vice President for Business Affairs, Financial Aid Office: Director of Financial Aid

Educational records do not include, subject to specific limitations of FERPA regulations (34 CFR Part 99):

- financial records of student's parents or guardian
- confidential letters of recommendation which were placed in the educational records of a student prior to January 1, 1975, and confidential letters and confidential statements of recommendation placed in the student's educational file
- records after January 1, 1975, if the student has waived, in writing, his or her right to inspect and review these letters and statements and those letters and statements are related to the student's admission to the University
- application for employment, or receipt of an honor or honorary recognition
- records of instructional, administrative, and educational personnel which are kept in the sole possession of the maker and are not accessible or revealed to any other individual except a temporary substitute for the maker
- records of law enforcement units
- employment records related exclusively to an individual's employment capacity;
- medical and psychological records
- thesis or research papers, which may be made available to interested members of the public; or
- records that only contain information about an individual after the individual is no longer a student at the institution.

Challenge to Record

Students may challenge the accuracy of their educational records. Students who believe that their educational records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy may discuss their problems informally with the Registrar. If agreement is reached with respect to the student's request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended, and they will be informed by the Senior Associate Vice President for Student Services of their right to a formal hearing.

Student requests for a formal hearing must be made in writing to the Senior Associate Vice President for Student Services who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student's expense. The hearing officer that will adjudicate such challenges will be appointed by the Senior Associate Vice President for Student Services in non-academic matters and by the Provost and Vice President for Academic Affairs in academic matters. Decisions of the hearing officer will be final, will be based solely on the evidence presented at the hearing, will consist of the written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decision of the hearing officer, if the decision is in favor of the student. If the decision is unsatisfactory to the student, the student may place, with the educational records, statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the decision of the hearing officer, or both. The statements will be placed in the education records, maintained as part of the student's records, and released whenever the records in question are disclosed. Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the Act may request in writing, assistance from the President.

Copies of Educational Records

Students may have copies of their educational records and this policy. These copies will be made at the student's expense at rates authorized in the Texas Public Information Act except that official transcripts will be \$7.00 charged at the current rate approved as a university fee. Official copies of academic records or transcripts will not be released for students who have a delinquent financial obligation or financial "hold" at the University.

FERPA Complaints

Complaints regarding alleged failures to comply with the provisions of the FERPA may be submitted in writing to the Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5920. **Notice:** Students are advised that research papers authorized by undergraduate students may be made available to interested members of the public.

Graduation

Students that are intending to graduate must apply to do so in the allowable time given at the beginning of each semester. The Office of the Registrar provides students with a graduation packet. Student graduation packets will have all necessary materials for applying to graduate for a given semester. It is the responsibility of the student to initiate an official intention to graduate with the office of the Registrar. The course schedule provides a student with deadline and commencement dates. Students are encouraged to meet with their academic advisor to discuss their degree plan prior to any registration period. Students must be officially enrolled at U. T. Permian Basin in the semester in which they graduate (see In-absentia section if all course work has been completed). For information on graduation please see the Schedule of

Classes or seek additional information at the Registrar webpage at <http://www.utpb.edu/services/academic-affairs/office-of-the-registrar>

Graduating with Latin Honors

In order for students to be eligible for Latin Honors, students must be receiving their first bachelor's degree, must have completed a minimum of 48 hours at UT Permian Basin and have a minimum cumulative grade point average of 3.50. This distinction is given to undergraduate students only and not intended for post graduate students. Honors will be awarded based upon the following GPA (grade point average) scale:

GPA	Latin Honor
3.50-3.79	Cum Laude
3.80-3.89	Magna Cum Laude
3.90-4.00	Summa Cum Laude

Graduation Ceremonies

Commencement ceremonies are held three times during an academic year at the end of fall, spring and summer semesters. Students who have completed degree requirements for their respective degree program are encouraged to file their intent of graduation in the allotted time given during each semester. Information about deadlines for applying to graduate are published in the course schedule and on the UT Permian Basin website. <http://www.utpb.edu/services/academic-affairs/office-of-the-registrar>

In-Absentia

A candidate for a degree who has completed all the courses and other requirements for graduation and who must register with the University for the purpose of having a degree conferred, must register in absentia. This is the only purpose for which a student may register in-absentia. After registration for credit during a semester or summer session, a student wishing to change to in-absentia status must have the request approved by the student's academic Dean and processed through the add/drop procedure. All fees, less the in absentia fee and computer use fee will be refunded if the change is made during the first 12 class days of the spring or fall semester and 4th class day of the summer session. After the 12th class day or 4th class day in summer, no refunds will be made and no additional charge will be assessed for the in-absentia fee. The University ID card and original paid fee receipt must be returned before a refund can be issued. No refund is made for the cancellation of an in absentia registration. If the student requests a change from in absentia status to regular registration for courses, in-absentia fees paid will apply toward the tuition due.

Adds (Courses)

Adding courses is an option to students before the census date of the semester they are enrolled in. Students must initiate an addition or change to their schedule during the time given on the academic calendar.

Drops (Courses)

Dropping courses should not be confused with withdrawing from all courses. In courses taught on a conventional basis, a student may drop the course on or before the last day of the 10th week of classes. Students should consult the academic calendar for the last day to drop. Students may drop courses without permission of the instructor before the census date of the semester they are enrolled in. Students should refer to the course schedule for census date information.

Students must obtain the signature of the instructor whose course they are dropping if they drop the course after the census date and the last day to drop classes as given on the academic calendar for each fall and spring semester. Students may drop a class after the last date or drop only with permission of their Dean, Department Chair, and Academic Advisor.

The student must submit all requests to drop a course in writing to the Office of the Registrar. Faculty, relatives, or friends may not drop or add courses for a student. Drop forms must be completed at the Office of the Registrar prior to the end of the last day to drop. Failure to drop a class which is not being attended will result in a failing grade on the academic record. Students enrolling late in a course should not expect special make-up assistance from the instructor.

Students who enrolled in a Texas public institution of higher education as first-time freshmen in the Fall 2007 and thereafter are not permitted to drop more than six course during their entire undergraduate career, (Texas Administrative Code 4.10) unless they show good cause (i.e. severe illness, death of a family member, or active military duty.) This limit includes all transfer work taken at other institutions of higher education. Any courses dropped prior to the census class day will not be considered attempted hours.

Six Drop Rule

Students who enrolled in a Texas public institution of higher education as first-time freshmen in the fall 2007 and thereafter are not permitted to drop more than six courses during their entire undergraduate career, (Texas Administrative Code 4.10) This limit includes all transfer work taken at a Texas institution of higher education. Any courses dropped prior to the census class day will not be considered attempted hours. Courses that students transfer from a private or out-of-state institution are not subject to this rule.

Withdrawal

Withdrawing is defined as a student who requests to withdraw from all classes currently enrolled. Students are required to complete withdrawal form from the Office of the Registrar and obtain the signatures of the Accounting office and the Student Financial Aid Office. In cases of illness, students may have someone notify the Registrar who will arrange for withdrawal. In addition, an administrative withdrawal can be processed in a situation in which an active duty member of the US armed forces is called to duty. The student must provide documents stating the official date to report to duty. A student who is withdrawing as result of military service may choose the following (1) receive a refund of tuition and fees, (2) if eligible, be assigned an incomplete I, or (3) at the institution's discretion, receive a final grade in each course where substantial amount of course work has been completed and mastery of the material is demonstrated. A completed withdrawal form must be submitted to the Office of the Registrar prior to the final date to withdraw. Students should consult the academic calendar for the last day to withdraw from the University. A withdrawal request after the last date to withdraw must be processed via an Academic Petition Form and be approved by the academic advisor of the student, the chair of the department, and the academic dean. Failure to withdraw from the University will result in a failing grade on the academic record for all classes which the student never attended or stopped attending.

A withdrawal request becomes effective the date the completed and signed form is received from the student by the Office of the Registrar. Students should consult the Refund of Tuition and Fees Policy in the Regulations on Tuition and Fees section of this catalog to determine if they are entitled to a refund upon dropping a class or withdrawing from the University.

Residency Reclassification

The Registrar has been designated as the Residence Determination Official for the University. The official will make the determination of a student's residence status based on information provided by the student on the reclassification residency student packet and any additional information provided by the student.

A student has a right to apply for reclassification of residency for tuition purposes after a continuous 12 month period of living in Texas. To be considered a resident of this state the student must meet one of the following:

- Have established a domicile in this state not later than one year before the census date of the academic term in which the person is enrolled in an institution of higher education; and maintained that domicile continuously for the year preceding that census date;
- Be a dependent whose parent established a domicile in this state not later than one year before the census date of the academic term in which the dependent is enrolled in an institution of higher education; and maintained that domicile continuously for the year preceding that census date;
- Have graduated from a public or private high school in this state or received the equivalent of a high school diploma in this state; and maintained a residence continuously in this state for the three years preceding the date of graduation or receipt of the diploma equivalent, as applicable;

A nonresident student may be reclassified as a resident if employment or personal factors or actions indisputably indicating a permanent intention to reside in the State. Students who would like to be reclassified are required to apply for reclassification with the Residence Determination official in the Office of the Registrar. Students must submit all required forms and any additional supporting documents for the purpose of reclassification in the allotted time of a forthcoming semester. Any reclassification materials received after the official census date (12th class day fall or spring semesters; or 4th class day in summer semesters) will be processed for the next semester. International students living in the United States under a visa permitting permanent residence, and aliens who are permitted by Congress to adopt the United States as their domicile while they are in Texas must wait a period 12 months from which their residence in United States was granted before they may apply for reclassification of in-state status.

It is the responsibility of the student to notify the University of their intent to be reclassified and to contact the Residence Determination Official (Registrar) 30 days prior to enrolling in an approaching semester. Residency packets can be obtained online at www.utpb.edu/services/academic-affairs/office-of-the-registrar

Independent Student (Texas Resident)

A student who is 18 years of age or older, moves to the State of Texas, and is gainfully employed in Texas for 12 months prior to enrolling in an institution of higher education is considered an independent student and is entitled to a residency status of in-state; unless the individual is in Texas for some purpose other than establishing residence in the state. A student who enrolls prior to having lived in Texas 12 month will be classified as a non-resident student.

Dependent Student (Texas Resident)

A students who is claimed as dependents on their parent's/legal court appointed guardian's income tax, and who provide the sufficient documentation to support the residency claim of the parent may be entitle to a residency status of in-state if their parent or legal court appointed guardian will prove their residency in Texas in support of the dependent student. Residency reclassification forms can be accessed by visiting the

Office of the Registrar or the forms may be printed from the Registrar's webpage at <http://www.utpb.edu/services/academic-affairs/office-of-the-registrar>. Students may access the Texas Higher Education Coordinating Board for rules governing Texas residency at the following web site: www.theccb.state.tx.us/cbrules

Course Schedule

A course schedule is printed prior to each enrollment period. Students will have the opportunity to view all available courses being offered for a forthcoming semester. The schedule of classes not only provides students with information on registration but additional information needed by students, such as dates and times of courses, registration dates, semester calendar, advising information, financial aid information and the location of courses. The University also provides this information online on the official UTPB website: www.utpb.edu

The Class Day

The class day begins at 8 a.m. and ends at 10:00 p.m. U. T. Permian Basin offers courses in the late afternoon and evening as part of the regular offerings. Students enrolling in these courses register in the same manner as students who are taking only daytime courses. Full-time students may have both day and evening classes. For information of class times, please see the Schedule of Classes printed version or web schedule.

Transcript

Transcripts of grades earned at U.T. Permian Basin are available in the Office of the Registrar. The Family Education rights and Privacy Act requires that the student sign all transcript requests and releases. For details on obtaining transcripts contact the Office of the Registrar at 552-2635 or online at <http://www.utpb.edu/services/academic-affairs/office-of-the-registrar>. Students will be responsible for all fees related to obtaining an official copy of a university transcript.

Veterans Education Benefits(GI Bill)

In compliance with United States Department of Veteran Affairs, the University aids veteran students in receiving Veteran Education Benefits. An official education certifying officer processes the applications and forms needed to certify the attendance of a veteran student at the University. Veteran students seeking additional information may contact the designated education certifying officer, in the Office of the Registrar, or may seek veteran information at www.gibill.gov

Veteran Education Counselors

Texas Government Code 434.302 allows for the Texas Veteran Commission to employ veteran counselors to work with institutions of higher education to promote and support veteran educational opportunities. Veterans who are enrolled in classes should contact the Coordinator of Veteran Services of the certifying officer at UTPB for more information.

Academic Regulations

University Authorized Absences

In accordance with authorized University activities (such as athletic events or scholastic activities that are officially sponsored by the University) notification by a designated individual of the activity will be made for all student participants of that activity. It is the student's responsibility to notify each instructor of his or her absence should an examination or work assignment be missed on the day of absence. An instructor is under no obligation to accommodate a student who is absent or misses work assignments without prior notification and make-up arrangements.

Academic Petition

An academic petition is used (1) to gain approval for an exception to any scholastic regulation or (2) to document an official interpretation of an academic regulation. Forms for petitions are available at department and college offices. Normally, the student's advisor's signature and other faculty signatures, as appropriate, are required before the dean of the student's major field will approve or not approve a petition. Petitions regarding teacher certification requirements require the signature of the Dean of Education in addition to the student's major dean signature. The dean's decision is the final step in the petition process.

Academic Appeal (Grade Appeals)

In attempting to resolve any student grievance regarding grades or evaluations, it is the obligation of the student first to make a serious effort to resolve the matter with the faculty member with whom the grievance originated. Individual faculty members retain primary responsibility for assigning grades and evaluations. The faculty member's judgment is final unless compelling evidence shows discrimination, differential treatment, or factual mistake. If evidence warrants appeal, the student may pursue the matter further by directing a letter to the Dean. The letter should state the problem; state why the student concludes fair treatment was not received and provide a description of any evidence that would substantiate the claim. The President's Office shall constitute the final step in the appeal process. Refer to the Handbook of Operating Procedures, part five, section 2. A copy of the Handbook may be found in the Dunagan Library or can be accessed on the web <http://www.utpb.edu/services/academic-affairs/administrator-staff/faculty-resources/rules-policies-and-procedures>.

Attendance

Class attendance is required for those students taking developmental coursework (classes numbered 0398 and 0399), students enrolled in freshman level courses, international students, students receiving veteran's education benefits, and students receiving federal Title IV financial aid. In addition, some disciplines and many instructors have class attendance requirements. Students should consult with the individual instructors concerning class attendance requirements for the course.

The University may void the registration of a student who has not attended any classes or attended two or fewer days of classes on or before the twentieth class day. Faculty shall report to the Senior Associate Vice President for Student Services or other designated University officials any student who is not attending classes as required above. The Office of Student Services shall seek to contact the student through their official campus contact information and permanent address information in the Registrar's records. If the student cannot be contacted or has only attended two or fewer days of classes on or before the twentieth class day the University may void the student's registration. After receiving written notification from the Senior Associate Vice President for Student Services or other designated official to void a student's registration, the Registrar will send a registered letter notifying the student of the University's action and

appeals process under the Handbook of Operation Procedures, part five, section 2. If a registration is voided, tuition and fees will be refunded minus the matriculation fee and other non-refundable fees. Students should also be aware that the voiding of their registration may leave them with a financial liability to the University or Financial Aid Provider for financial aid paid to them for expenses other than tuition and fees. The Office of Financial Aid will send a student, whose registration, is voided a notification of obligations owed.

Classification

Students at UT Permian Basin are classified in accordance with the number of semester hours earned. Hours earned are interpreted as hours passed at UT Permian Basin plus hours accepted in transfer from other institutions and/or credit by examination.

- Freshman: One who has earned fewer than 30 hours.
- Sophomore: One who has earned 30 hours but fewer than 60 hours
- Junior: One who has earned 60 hours but fewer than 90 hours
- Senior: One who has earned 90 hours or more.
- Degreed or Post Baccalaureate: One who has earned a bachelor's degree or higher and is enrolled as an undergraduate.

Concurrent Enrollment

Tuition credit is available if three undergraduate hours or fewer are being taken at U.T. Permian Basin while concurrently enrolled at an area community college. The student must first register at the area college and bring a receipt to U.T. Permian Basin. U.T. Permian Basin's tuition charge will be the difference between the student's total tuition at each of the institutions, but never less than the hourly rate at U.T. Permian Basin.

Concurrent Second Bachelor's Degree (150 SCH minimum)

A student desiring to complete two bachelor's degrees concurrently (showing both major degrees on the transcript and receiving two diplomas) must complete all requirements of each degree program including a minimum of 30 semester credit hours more than required in one of the degree programs. Students electing to major in two fields must meet the specified requirements for each major. No one course can be counted in the semester credit hours in more than one major. For example, the minimum is 120 semester credit hours to graduate with a bachelor's degree in one field, the student will need 150 semester credit hours to graduate with two bachelor's degrees (i.e., 120 semester credit hours for the first and 30 more semester credit hours for the second). One diploma is issued for each degree.

Second Bachelor's Degree (30 SCH minimum)

A student already holding a bachelor's degree from U. T. Permian Basin or another accredited institution and seeking to earn a second bachelor's degree from U. T. Permian Basin must complete a minimum of 30 semester credit hours from U. T. Permian Basin of which at least 6 semester credit hours must be upper level credits in the student's major field. The student must fulfill all the requirements of the major including prerequisites even if the number of semester credit hours exceeds 30. Furthermore, the student must also complete 6 semester credit hours in American government (including Texas constitution) and 6 credits in American history. These hours will be included in the 30 semester credit house if they are earned at U. T. Permian Basin.

Course Credit Load

Each semester credit hour at U. T. Permian Basin represents a commitment on an average of three hours of "out of class" preparation and one hour of class attendance (or its equivalent) per week. For example,

enrolling in a three semester credit hour class commits the student to a total of twelve hours of work per week. Students who are employed or who have family responsibilities are especially encouraged to bear this commitment in mind and to seek guidance from their academic advisors in determining a suitable academic schedule. For undergraduate students without substantial family or work responsibilities, the normal course load during the fall and spring semesters are 15 semester credit hours. Students making satisfactory academic progress may take 18 semester credit hours without permission of the Dean; more than this requires permission of the Dean. Only in rare cases will students be permitted to enroll for more than 21 semester credit hours in a fall or spring semester and then only with the written approval of their Dean. Maximum class load during the summer sessions is 12 semester credits.

The foregoing applies to conventionally taught courses. In courses offered on a self-paced instruction basis, additional credits may be taken, particularly when courses are involved for which a portion of the work has already been completed at the time of registration. This is subject to approval by the student's academic advisor and the Dean.

All international students must enroll as full-time students during the fall and spring semesters (12 semester credit hours minimum for undergraduates and 9 semester credit hours minimum for graduates). The student is not required to enroll in any courses during the summer terms. The international student may not drop or withdraw from courses at any time if such action would result in less than a full-time course load in the fall and spring semesters. International students, residing in the US on an F-1 visa may only count three hours of online courses toward their full time enrollment requirement.

Double Major(120 SCH minimum)

Students electing to major in two fields must meet the specified requirements for each major and no one course can be counted in the semester credit hours in more than one major. In certain cases this may require completion of additional course work. In addition, each college or school must certify that the student has satisfied all major, as well as college or school requirements. No minor is required when completing two majors. Only one degree will be shown on the diploma and only one diploma will be issued. Both majors will appear on the transcript. Not all degrees allow for double majors.

Experiential Learning

Unless they have had appropriate work experience, candidates for the bachelor's degree are encouraged to complete a planned program of experiential learning. Experiential learning, referred to in various departments as "Authentic Involvement," "Internship," or "Practicum," normally occurs during the senior year, usually in the final semester, and provides students an opportunity to apply their academic learning in a work environment under the supervision of a faculty member and the direction of a supervisor in the work situation. Experiential learning requires a preplanned and written program of the experiences for the student and a procedure for evaluating these experiences. Typically, students enroll in experiential learning for 2-3 semester credit hours, which requires 5-10 hours of work per week for one semester or the equivalent.

Grading Policies

Grades at U. T. Permian Basin distinguish between levels of student achievement. They represent, in abbreviated form, the instructor's judgment of the student's academic performance. In addition, they provide a basis for certifying completion of all degree requirements. They may serve as predictors of future performance in graduate and professional study. The grades approved for use at U. T. Permian Basin are as follows:

A = Superior achievement	S = Satisfactory
B = High achievement	U = Unsatisfactory
C = Average achievement	I = Incomplete
D = Minimal achievement	(not available for SPI courses)
F = Failure to achieve minimal standard	Z = Acceptable progress (SPI only)
+ = High grade	PR = Work in Progress (masters thesis/project)
- = Low grade	W = Dropped class or withdrawal from the University

Only grades of A, B, C, D, U and F are included in computing grade point average (GPA): A = 4; B = 3; C = 2; D = 1; F = 0. Pluses and minuses are awarded at the instructor's discretion but are not computed in GPA. The grades of I, W, S, Z, and PR are not computed in GPA. The grade of U is calculated as an F grade. Grades of Q, QP, and QF were used to denote courses dropped, dropped/passing, and dropped/failing from 1973 through summer semester 1985. The grades of Q and QP were not computed in the GPA. The grade of QF calculated as an F grade.

Incomplete "I" Grade

An "I" grade or Incomplete grade is reported when students have not met all requirements of a course by the end of the semester and the instructor considers the allowance of additional time to complete course requirements. When reporting an "I" grade, the instructor must complete an 'Incomplete Report or contract specifying: (1) the deficiency or the additional work to be done; (2) the length of time allowed to complete the work (no later than the last class day of the subsequent semester, summer excluded); and (3) the grade that would have been earned "as is" at the time the course ended. If a grade of "I" is to be assigned to a student the incomplete contract requires both the signature of the student and the instructor. Failure to have this document completed and signed by the appropriate individuals will void the contract.

In addition, a punitive grade of "F" will be assigned per administrative function of the Registrar (1) if an incomplete contract has no "as is" grade given and contract has expired; or (2) the Official time allotted for the contract has expired. If a student is in contract for a specific course, the student cannot register for the same course. If the contract has expired or the student has been assigned an administrative "F" then he or she will be allowed to register for the course.

Self-Paced Instructed Grade (Z Grade)

A "Z" grade is defined as a grade given to specific Self-paced Instructed courses. A grade of "Z" is reported when a student has not completed all necessary requirements to complete the course. The grade of "Z" is specifically given to SPI course types and should not be considered a normal grade to be given for any other type of course. A grade "Z" is non-punitive in considering a student's GPA and consequently will not affect the totaling of the student's GPA. A student who has received a grade of "Z" has the opportunity to re-register for the same course to complete the course. The "Z" grade is permanently kept on records in compliance with both federal and state requirements for an academic students record. If the student re-takes the course there will be no grade replacement. While the Z grade carries no penalty, a high number may reflect poor schedule management. Z grades remain part of the permanent student transcript.

Honor Roll (Presidents and Deans)

Each semester students who have exhibited outstanding academic achievement will be honored. Students who have a semester grade point average (GPA) of 3.50 to 3.99 will be listed on the Dean's Honor Roll.

Those students who have achieved a semester grade point average of 4.00 will be included on the President's Honor Roll. This honor will be publicized and noted on the student's academic transcript.

In addition to the grade point average requirement, candidates for the Dean's Honor Roll and the President's Honor Roll must meet the following criteria: (1) they must be seeking a first bachelor's degree only; and (2) they must have earned a minimum of 12 semester credit hours at U. T. Permian Basin. The last 12 semester credit hours of work for part-time students, is the basis for calculating the GPA for the Dean's and President's honor roll. If the last cumulative 12 semester credit hours must include a previous semester, all courses from the previous semester will be used in the calculation

Independent Study (Contract Study)

Several types of independent study are available at U. T. Permian Basin. These are referred to as Contract Study Courses, which include readings, special problems, selected topics, library research, and certain other learning activities. Before students may register for these courses, plans for the proposed study showing the objectives, procedures to be used for evaluation, and other plans must be written and approved by the appropriate instructor, and by the Dean or Department Chair. Contract studies are not intended to substitute, by content, for courses listed in the catalog.

Lifetime Sports

Every student is encouraged to enroll in lifetime sports. A maximum of four credits may be applied as electives toward requirements for a bachelor's degree. Some programs have additional limitations on the use of lifetime sports credit. Please see major requirements for details.

Military Called to Duty

In accordance with Section 51.9111 of the Texas Education Code, students are excused from scheduled classes or other required activities if the student is called to and participate in active military service for a brief period. The student will be allowed to complete an assignment or exam within reasonable time after the absence.

Observance of Religious Holy day

A student who misses an examination, work assignment or other required project due to an observance of a religious holy day will be given the opportunity to complete the work missed within a reasonable time after the absence. It is the student's responsibility to make proper notification to all class instructors for the day of the absence. Although a student who is excused under this policy may not be penalized for the absence, the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

Academic Probation and Dismissal

Students are placed on academic probation under three circumstances. First, some students are conditionally admitted. These students are placed on academic probation as a condition of admission. Second, students with 12 or more semester credit hours attempted and a cumulative grade point average (GPA) of lower than 2.0 will be placed on academic probation. Third, students re-admitted to the university following an academic dismissal are placed on academic probation. While on academic probation, the Dean of Undergraduate Success or his designee will develop a plan for the academic success of the student. Students on academic probation will be required to comply with the terms of this plan. A student will be released from academic probation when his or her cumulative grade point average rises to at least 2.0. In

cases of extenuating circumstances, students may appeal their probation to the Dean of Undergraduate Success.

Students are academically dismissed from the University if, while on academic probation, they attempt courses during a semester and both the semester gpa and the cumulative gpa are lower than 2.0. A full Summer term will be treated as a regular Fall or Spring semester for these purposes. A student will also be academically dismissed from the University for failing to comply with the terms of academic probation.

The first academic dismissal is for five months. A second academic dismissal is for twelve months. A third academic dismissal is for thirty-six months. A fourth and any subsequent dismissal is for a period of not less than thirty-six months. To be readmitted after a dismissal, students must address a letter to the Dean of Undergraduate Success presenting evidence that they are likely to succeed in an academic program. Readmission requires approval by the Dean of Undergraduate Success, who will base his decision on the evidence that the student is likely to succeed in an academic program. Students should contact the Dean's office for full details on re-admission prior to sending their letter. In cases of extenuating circumstances, students may appeal their academic dismissal to the Dean of Undergraduate Success.

Repeat Policy

All courses taken at U. T. Permian Basin, whether passed or failed, remain a permanent part of the student's record. If a course is repeated, the last grade earned, not necessarily the highest grade, will be the grade used to compute the cumulative grade point average (GPA) for all purposes. Repeated courses will be counted only once for credit. Repeatable courses are different from repeating a course.

A student whose hours may no longer be submitted for formula funding because it is the same or substantially similar to a course that the student previously attempted for two or more times at The University of Texas of the Permian Basin will be charged a higher tuition rate equal to nonresident tuition rates. (See "Three-peat" section of the catalog)

Satisfactory Scholastic Progress

Students are considered to be making satisfactory scholastic progress when they are carrying an approved schedule of classes, are not on probation, are not failing a course, and have a grade point average (GPA) of at least 2.0 in both the current semester and in their overall average to date. Students receiving financial aid should refer to "satisfactory academic progress" in the Financial Aid section of the catalog for information specific to academic progress requirements for financial aid students.

Self-Paced Instruction (SPI)

Self-paced instruction (SPI) is often referred to as personalized instruction in master learning. Self-paced courses are designed to permit students to complete courses as rapidly as they are capable, or to take more time if needed to master them. SPI usually requires no formal class meetings, although in many courses the instructor meets once a week with a group of students desiring additional interaction or discussion. Most student-instructor contact in SPI is on an individual basis. Students enrolled in SPI courses are expected to interact with the professor either individually or in a group situation at least once each week or as often as a given course requires.

Self-paced courses are offered in many fields or degree programs. Students in SPI courses are provided with a course outline including instructions for study, activities to complete, sources of information and other necessary instructions. Students may visit the instructor as often as needed to discuss and clarify the course

material and to answer questions. When students believe they have mastered a unit within a SPI course, they may take the appropriate test.

If students pass at the prescribed level, they proceed to the next unit. In some courses, if students do not pass the unit, they may restudy it until they pass the test. Each unit must be passed in sequential order, so when all units and tests are successfully completed, students should have mastered the course material.

Since students may not need to attend class in SPI courses, they may begin such courses at any time up to four weeks prior to the end of the semester. Established deadlines for adding or dropping courses published in the course schedule refer to courses taught only on a conventional basis and not to courses taught on an SPI basis. SPI courses may not be dropped during final examination week. Although students have the option of continuing an SPI course into a succeeding semester, they are encouraged to complete it during the same semester for which they register. Students who do not complete the course in one semester's time may receive a grade of Z (satisfactory work in progress) and must reregister during a subsequent semester when the course is offered and pay tuition for the course if completion is desired.

Partially self-paced courses are administered on the same basis as regular courses. The registration, drop/add, withdrawal, course completion and grading for partially self-paced courses are administered as all other conventional classes.

Syllabi Website

In order to assist students in locating information about courses, course syllabi and faculty curriculum vita are made available at the main page of the UTPB website www.utpb.edu. Please click on the links at the bottom of the website for information as needed.

Textbooks

Students have available access to purchase required or recommended textbooks through our University affiliated bookstore. A student of this institution is not under any obligation to purchase a textbook from a university affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Textbook ISBN and retail price information is provided by the University bookstore for every required and recommended textbook and supplemental material. For information about books and other supplies visit the bookstore website at

<http://www.bkstr.com/webapp/wcs/stores/servlet/StoreCatalogDisplay?catalogId=10001&langId=-1&storeId=10632&demoKey=d>

Writing and Conversation

Every student pursuing a bachelor's degree should be able to write the English language and to hold a conversation in English.

Tuition Fees and Deposits

Residency for Tuition

A student entering The University of Texas of the Permian Basin for the first time, or a student reentering the University after an absence of one year or more, should read carefully the rules governing the determination of residence in order to be prepared to pay the required tuition. Information and advice regarding residency status are available from the Residence Determination Official (Registrar).

Under State Statutes and Texas Higher Education Coordinating Board rules and regulations interpreting those statutes, Title 19, Chapter 21, a prospective student is classified as a resident of Texas, a nonresident, or an international student. A person who has resided in the State under circumstances specified in these rules is eligible for classification as a resident.

A citizen or a permanent resident of the United States not eligible to be classified as a resident is classified as a nonresident student. An alien who is not a permanent resident of the United States and has not been permitted by Congress to adopt the United States as a domicile while in this country is classified as an international student.

An individual classified as a nonresident or as an international student may qualify, under certain exceptions specified in these rules, for resident tuition rates and other charges while continuing to be classified as a nonresident or an international student. Students may access the Texas Higher Education Coordinating Board's rules at the following web site <http://www.theccb.state.tx.us>. For further information on reclassification or Residency issues please see the Registration and Student Records section of this catalog.

Reclassification for Tuition purposes

A student has a right to apply for reclassification of Residency for tuition purposes after a continuous 12 month period of living in Texas. A nonresident student may be reclassified as a resident if employment or personal factors or actions are indisputably indicating a permanent intention to reside in the State. Students are required to apply with the Residence Determination Official in the Office of the Registrar. For further information on reclassification please see the Registration and Student Records section of this catalog.

Responsibility of Student

If there is any question as to residence status it is the student's responsibility, 30 days prior to registration, to raise the question with the administrative officials of the institution in which he or she is enrolling for official determination. Students classified as Texas residents must affirm the correctness of that classification as a part of the registration procedure. If the student's classification as a resident becomes inappropriate for any reason, it is the responsibility of the student to notify the proper administrative officials at the institution. Failure to notify the institution constitutes a violation of the oath of residency and may result in disciplinary action.

Students claiming residency by virtue of parental dependency must provide sufficient documentation to support the residency claim of the parent. Residency is determined by State Statutes and in accordance with the guidelines promulgated by the Texas Higher Education Coordinating Board. The Residence Determination Official determines all residency classifications. To appeal the decision of the Residence Determination Official in residency matters, students may present their case to the Senior Associate Vice

President for Student Services. If students wish to appeal that decision, they may address the President of the University whose decision is final.

Exemptions and Waiver Programs

Students who do not qualify for in-state tuition may have the opportunity for state available exemption and waiver programs. Students are advised to seek information about these programs with the Office of Financial Aid. Students requesting to be reclassified as Texas resident status may contact the Residency Determination Official.

Exemption/Waiver programs for Tuition and fees

- Accredited School Scholarship
- Adopted Children formerly in Foster or other Residential Care
- Blind and Deaf Students
- Children of Disabled/Deceased Texas Firefighters and Law Enforcement Officers
- Children of Prisoners of War or Persons Missing in Action
- Children of Professional Nursing Program Faculty
- Children and Spouse of Texas Veterans
- Concurrent Enrolled High School/University Credit
- Disabled Peace Officers
- Distance/Off Campus Learning
- Economic Hardship
- Firefighters enrolled in Fire Science Courses
- Fully Funded Courses
- Good neighbor Scholarship
- Inter-institutional Academic Programs
- Members of State Military Forces
- Nursing Preceptors and their Children
- Out of State Military if intent is to make Texas their home
- Prisoners of War
- Senior Citizen
- Students Under Conservatorship of Department of Family and Protective Services
- Surviving Spouse and Minor Children of Certain Police, Security or Emergency Personnel Killed in the Line of Public Duty
- Texas EX-Servicemen

Specific details about these exemptions can be found at the www.collegefortexans.com website. For questions about qualifying for these exemptions you may contact the Director of Financial Aid or the Residency Determination Official.

Refund of Tuition and Fees for Students Withdrawing from The University or Reducing Course Load

Upon completing a withdrawal form and submission to the Registrar, the percent of tuition refund will be determined. Refund amounts for withdrawals are based on the total number of hours in which a student is enrolled at the date of withdrawal. Students withdrawing will be refunded appropriate tuition and fees as follows:

Long Semesters

1. Prior to first class day 100%
(less a \$15 matriculation fee)
2. During the first 5 class days 80%
3. During the second 5 class days 70%
4. During the third 5 class days 50%
5. During the fourth 5 class days25%
6. After the fourth 5 class days..... NONE

Summer Session

1. Prior to the first class day 100%
(less a \$15 matriculation fee)
2. During the first, second or third class day 80%
3. During the fourth, fifth or sixth class day50%
4. After the sixth class day NONE

First time students receiving federal aid under Title IV of the Higher Education Act of 1965 will be entitled to a refund of the higher of: (1) the refund required by applicable state law; (2) the refund required by the accrediting agency; or (3) the pro rata refund as prescribed by federal law.

Fixed Tuition Price Plan

The Guaranteed Tuition Rate Plan encourages students to complete their college degree quickly, reducing costs and debt to students. State legislation enables UTPB to set a fixed tuition rate for four years, regardless of tuition increases during that time. Students who maintain a 2.50 UTPB grade point average (GPA) or higher during the 48 months after opting into the Guaranteed Tuition Plan and earn 30 or more semester credit hours required for their degree each year will also be eligible to earn tuition rebates. By opting into the Guaranteed Tuition Rate Plan, UTPB students and their families can lock in tuition rates at the time they enroll and be protected against any future tuition increases. In addition, they can earn up to \$4,000 off the cost of a four-year degree. The savings could be greater if tuition rates increase in future years. The Plan is designed to aid and reward students who complete at least 30 semester credit hours toward their degree during an academic year an essential strategy for graduating on time. Participating students also must maintain at least a 2.5 grade point average in courses completed at UTPB that count toward their degree plans.

Freshmen and undergraduate transfer students who are seeking their first bachelor’s degree are eligible for the Guaranteed Tuition Rate Plan. Once the Guaranteed Tuition Rate Plan option is selected, students will not be eligible to change or select a different tuition plan (in the current term or in future terms).

Pre-college credit earned through AP, IB, CLEP tests or dual credit courses will not affect students’ opportunity to participate in the UTPB Guaranteed Tuition Rate Plan. The UTPB incentive program is based on how many hours you complete at UTPB. College credit hours you earned before high school graduation do not count against new freshmen who start UTPB directly after high school and enroll in the Guaranteed Tuition Rate Plan.

There is no penalty for graduating in more than four years. The Guaranteed Tuition Rate Plan, however, only locks in your tuition for four years. If you take more time to earn your degree, your tuition rate would change to the prevailing traditional tuition rate. For example, if you lock in at the 2014-2015 guaranteed rate but do not finish in four years, your fifth year would be billed at the current rate. In addition, students who take longer than four years to graduate incur additional costs, such as living expenses, books and fees that can dramatically increase the cost of a college education. It pays to graduate on time. For more information regarding the guaranteed tuition plan contact the Office of Admissions.

Texas Tuition Rebate

In the Spring of 1997, the Texas Legislature passed Senate Bill 1907 which provides a \$1,000 rebate of a portion of the undergraduate tuition paid by certain students. These students are those Texas residents who are awarded a baccalaureate degree and have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including transfer credit and course credit earned exclusively by examination. The statute contains further detail on who is qualified and directs the Texas Higher Education Coordinating Board to adopt rules for the administration of the rebate. Students who believe they may qualify for this rebate should ask the Registrar's Office for further information.

Tuition Set Aside

Student will be given a bill, via printed format or via online format of tuition charges. This will include the amount of his/her tuition payment that is required to be set aside to provide financial assistance for the students enrolled at the institution. Students may also view their bill online using CampusConnect.

Payment of Tuition and Fees

Tuition charges at Texas state universities are established by state law. The State of Texas 78th Legislature allowed the Board of Regents of The University of Texas System to set designated tuition rates. The State of Texas Legislature does not set the specific amount of any particular student fee. Student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the University administration and The University of Texas System Board of Regents. All other fees at The University of Texas of the Permian Basin are fixed within statutory limitations set by the Board of Regents. All tuition and fees are subject to change by the State of Texas Legislature or Board of Regents without notice. Tuition and fees at The University of Texas of the Permian Basin are subject to change in adherence with acts of the State of Texas Legislature and/or policies of the Board of Regents.

Students are not entitled to enter a class or laboratory until their fees and deposits have been paid. Students are expected to pay all tuition and fees at the time of registration or have an approved financial aid program arranged by the Financial Aid Office prior to registration. Payment may be made by cash, check, credit card, or money order. Check, money order, and credit card (VISA, MasterCard, and Discover) payments will be accepted subject to final collection by the University's bank. All checks must be drawn on U. S. banks in U. S. dollars. When a check is returned to the University, a \$30.00 service charge is assessed. If the returned check was for tuition, the student's registration will be cancelled.

Section 54.007 of the Texas Education Code authorizes the Board of Regents of The University of Texas System to provide for the payment of tuition and mandatory fees during the fall and spring semesters through the following alternatives:

1. Full payment of tuition and fees in advance of the beginning of the semester; or
2. One-half payment of tuition and fees in advance of the beginning of the semester, one-quarter payment prior to the start of the sixth class week, and the final one-quarter payment before the beginning of the eleventh class week.

There will be a \$50 incidental fee assessed if the installment payment option is used and a \$10 late fee. A student who fails to provide full payment of tuition and fees, including late fees assessed, to the University when the payments are due, is subject to one or more of the following actions at the University's option:

1. Prohibition from registering for classes until full payment is made;
2. Withholding of grades, degree and official transcript; and loss of credit for work completed that semester;
3. All penalties and actions authorized by law;
4. Referral of debt to a collection agency.

All policies regarding the payment or refunding of tuition, fees and charges are approved by the Board of Regents of The University of Texas System and comply with and are subject to change by applicable state statutes. If a person desires clarification of any matter relating to payment or refund of such charges, or believes special circumstances warrant exceptions to the published policy, the Registrar or the Office of Financial Services should be contacted.

Cost of Attendance

Annually, the Office of Financial Aid estimates the average expenses for a full-time student for two semesters at UT Permian Basin. Current information may be found at <http://ba.utpb.edu/accounting/cost-of-college/>

Changes to Tuition and Fees

Tuition and fees are subject to change by legislative or Regental action and become effective on the date enacted. The Texas Legislature does not set the specific amount for any particular student fee. The student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the university administration and The University of Texas System Board of Regents. The continued receipt of tuition and fee exemptions and/or waivers is conditioned on students maintaining a GPA for making satisfactory academic progress, and, of an undergraduate, not completing an excessive number of credit hours.

Excess Hours

As authorized by state law, a student who pays resident tuition rates and who attempts hours that exceed a designated limit will be charged the nonresident tuition rate.

Forty-Five Credit Hour Limit Rule

Beginning the Fall 1999 semester, first time freshmen, and entering freshmen thereafter, will be under the 45 Plus Hour Rule. The rule states that students who attempt more than 45 credit hours over their degree plan at Texas State funded institutions of higher education and have not yet earned a baccalaureate degree will be charged out-of-state tuition. Attempted hours include hours a student is registered for through the census class day. Any courses dropped prior to the census class day will not be considered attempted hours by the State. Students who have transcribed course work prior to the Fall of 1999 are grandfathered from the 45 Plus Hour Rule.

Thirty Credit Hour Limit Rule

Beginning the fall 2006 semester, first time freshmen, and entering freshmen thereafter, will be under the 30 Plus Hour Rule. The rule states that students who attempt more than 30 credit hours over their degree plan at Texas State funded institutions of higher education and have not yet earned a baccalaureate degree will be charged out-of-state tuition. Attempted hours include hours a student is registered for through the census class day. Any courses dropped prior to the census class day will not be considered attempted hours by the State. Students who have transcribed course work prior to the Fall of 2006 are grandfathered from the 30 Plus Hour Rule, but may be affected by the Forty-Five Credit Hour Limit Rule.

The following semester credit hours are not included in the calculation:

- semester credit hours earned by the student 10 or more years before the date the student begins the new degree program under the Academic Fresh Start Program of the Texas Education Code, § 51.931;
- hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
- hours earned by the student by examination or similar method without registering for a course
- hours from remedial and developmental courses, workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at the institution if the course work is within the 27-hour limit at two-year colleges and the 18-hour limit at general academic institutions
- hours earned by the student at a private institution or an out-of-state institution; and

- hours not eligible for formula funding
- Doctoral students who receive resident tuition may also be charged the nonresident tuition rate after exceeding the designated limit of 100 semester credit hours.

For more information contact the Registrar Office at (432) 552-2635

Three-peat Charge

A student whose hours may no longer be submitted for formula funding because it is the same or substantially similar to a course that the student previously attempted for two or more times at The University of Texas of the Permian Basin will be charged a higher tuition rate equal to nonresident tuition rates.

On-Time Graduation

Most bachelor degrees require 120 hours to complete. This means that for students to graduate in four years they must take thirty hours credit hours a year. Students who graduate in four years as opposed to five or six years will generally experience a lower overall cost in attaining their bachelor degree.

Estimated Tuition Costs

Number of years Taken to graduate	Estimated Tuition Costs	Description of Calculation
4 Years	\$25,832	Based on 120 hour degree plan taking 15 hours for 8 semesters.
5 Years	\$26,240	Based on 120 hour degree plan taking 12 hours for 10 semesters.
6 Years	\$26,664	Based on 120 hour degree plan taking 10 hours for 12 semesters.

This chart represents tuition and fees only and does not include other costs such as books, housing, transportation, or student loan interest.

Students that follow the below actions facilitate timely graduation

- Meet with your academic advisor before registering
- Follow your appropriate degree plan and suggested sequence of classes. For your suggested sequence of classes, please consult your academic advisor.
- Average 30 semester credit hours annually
- Maintain a 2.0 cumulative GPA
- If you would like to take courses elsewhere, please consult with your academic advisor before deciding to transfer classes.

Career Opportunities

The salary data below is gathered annually by the Career Services Center through a self-reported survey tool. The survey gathers first-destination data, including employment and continuing education details, from students who graduate each semester from UT Permian Basin. For information regarding a specific discipline please visit the Career Services Center.

Undergraduate Salary Report

Low	\$39,363
Average	\$47,773
High	\$57,891

Summary Description of Tuition and Fees

Name	Residency	Amount	Notes
Undergraduate			
In-State	Resident	\$167.86/sch	Set by Legislature and Board of Regents (Texas Education Code 54.0512 and 54.0513)
New Mexico	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board (County not adjacent to Texas, per statutory requirement.)
New Mexico	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board (County adjacent to Texas, per statutory requirement.)
Out-of-State	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board per statutory requirement.
Graduate			
In-State	Resident	\$167.86/sch	Set by Legislature and Board of Regents (Texas Education Code 54.0512 and 54.0513)
New Mexico	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board (County not adjacent to Texas, per statutory requirement.)
New Mexico	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board (County adjacent to Texas, per statutory requirement.)
Out-of-State	Non-Resident	\$202.87/sch	Set by Texas Higher Education Coordinating Board per statutory requirement.
Required Fees:			
Advising Fee	All Students	\$10/sem	A non-refundable, compulsory fee to defray costs of student advising.
Athletic Fee	All Students	\$12/sch	A fee to support the intercollegiate athletic program.
Technology Fee	All Students	\$5/sch	A fee for support of student technology needs and applications.
Library Service Fee	All Students	\$3/sch	A compulsory fee to fund direct services to students including on-line access to academic indexes and electronic library services.
Matriculation Fee	All Students	\$15/sem	A non-refundable fee will be withheld from tuition refunds if a student withdraws before the first day of class.
Medical Services Fee	All Students	\$13.30/sem	A compulsory fee to provide medical services for students at the contract facility with a \$10 co-pay.
Orientation	All Students	75	A non-refundable, one time, compulsory fee to defray orientation costs.
Student Service Fees	All Students	\$13.50/sch	A compulsory fee to fund student services and operation and use of facilities and activities; governing board may set at a rate up to the statutory tuition for resident undergraduate students.

Re-purposed Athletic Fee	All Students	\$35/sem	A fee to operate, maintain, and improve the Athletic Program
Student Multipurpose Center Fee	All Students	\$150/sem	A fee to operate and maintain the Student Multi-Purpose Center.
Incidental Fees			
Audit Fee	Students desiring to Audit	\$35/sch plus lab fees	To defray the costs incurred in scheduling non-credit participants in scheduling classes.
Student ID Fee	All Students	\$10 per ID	To defray cost for the student identification card.
Variety	All Students	Variable	For specific services such as late registration, library fines, microfilming fees, bad check charges, application
Laboratory and Course Fees			
Variety	All Students	Variable	There are a variety of mandatory charges for certain laboratory courses; they may not be less than \$1 per semester nor more than \$30 per semester and must not exceed the cost of actual materials and supplies used by a student.
Supplemental Fees			
Variety	All Students	Variable	Charges in addition to regular tuition for students registered in art, architecture, drama, speech, or music where individual coaching or instruction is the usual method of instruction.
Voluntary Fees			
Variety	All Students	Variable	All students desiring the specific service may include such items as parking, yearbook, or locker.

List of Fees

Add/Drop Fee. To defray costs incurred when a student adds or drops a course or courses, a \$5 per transaction fee will be assessed.
Advising Fee. To defray costs of student advising, a charge of \$10 per student per semester will be assessed. THIS IS A NON-REFUNDABLE FEE.
Athletic Fee. To support the intercollegiate athletics program, a \$12 per semester credit hour fee will be assessed.
Audit Fee. To defray administrative costs incurred in scheduling non-credit participants in scheduled classes, a \$35 per credit hour of class without a lab and a class with a lab will be assessed the same amount plus the lab fee.
Book Locker Fee. Students using book lockers will be charged a fee of \$20 per year, \$14 per semester, or \$11 for the summer session
Book Locker Key Replacement Fee. To defray costs of key & lock replacement, a \$15 fee will be charged for book locker key replacement.
Credit by Examination Fee. To defray cost of processing credit by examination, a \$44 fee will be charged.
Distance Education Fee. To defray the costs associated with providing materials, services and instructional support for Distance Education courses, a \$55 per credit hour will be charged.
Education Seminar Course Fee. To defray costs of a diagnostic test kit, a \$25 fee will be charged.
Education Field-Based Instruction Fee. A \$10 per course fee will be charged to recover travel costs in certain field-based educational courses.
Education Internship Fee. Student interns are assessed a \$50 fee to cover administrative and travel expenses associated with providing supervision for teaching internships in Education 4692.
Education Internship: Diagnostician Course Fee. To defray costs of a diagnostic test kit, a \$25 fee will be charged.
Education Learning Theory and Assessment Course Fee. To defray costs of a diagnostic test kit, a \$25 fee will be charged.

Education Practicum: Reading Course Fee. To defray costs of a diagnostic test kit, a \$25 fee will be charged.
Education Reading Diagnostic/Remediation Course Fee. To defray costs of diagnostic tests, a \$25 fee will be charged.
Education Student Teaching Course Fee. Students enrolled in Student Teaching, Education 4099 and Education 4399, are assessed a \$65 fee to defray the costs of providing cooperating teachers for supervision of student teachers.
Geology Field Course Fee. A \$650 fee will be charged for the GEOL 4600 Field Geology course.
Graduation Fee. A graduation fee of \$25 is charged to students who apply to graduate. Students should notify the Registrar's Office as soon as they know they will not be graduating in the semester for which they applied. The graduation fee is a nonrefundable fee. If the student cancels the graduation application after the 12th class day of the semester (or equivalent date during shorter terms) the fee must be paid again the subsequent term when reapplying for graduation. If the student fails to complete any and all degree requirements by the end of the term in which graduation was planned, the fee must be paid again upon reapplication in a subsequent semester. THIS IS A NONREFUNDABLE FEE.
Health Insurance Fee. International students holding nonimmigrant visas and living in the United States will be assessed a fee to defray costs of mandatory insurance. The rate will be variable to match the premium for the approved U. T. System student insurance plan.
In-Absentia Fee. The fee for in absentia registration is \$25.00. The fee is assessed to those students who need to register in the University for the purpose of having a degree conferred, but not for courses. No refund is made for the cancellation of an in-absentia registration. For more information regarding the in absentia fee, see "Undergraduate and Graduate Degree Requirements."
Installment Tuition Fees. To cover costs related to providing the installment payment option. The Tuition Handling Fee is \$50 per academic term; the Tuition Delinquency Fee is \$10 per delinquent payment.
Late Registration Fee. Any student who, with proper permission, registers after the scheduled registration in that semester, will be required to pay a special charge of \$15 to defray costs associated with keeping registration open after published times.
Library Fines. The following fees are to cover library operational costs associated with the processing, storage and purchase of lost or damaged books or books returned after the due date and with search, copy, and interlibrary loans. To cover library costs for the purchase of equipment, furniture and technology dealing with library resource management and costs of other library operations. The late fee and processing fee are non refundable.
Printer Cards. Cares of various denomination. Starting at \$1 at a rate of \$0.05/page.
Damaged Books. \$7.50 if the book can be repaired. Cost of the book plus \$15 processing fee if the book cannot be repaired. \$50 plus \$15 processing fee if the book cannot be replaced.
Info Express. \$5 per item plus \$0.15 per page over 50 pages.
Document Delivery. \$10 per item plus \$0.25 per page over 25 pages.
Interlibrary Loan. \$1.50 computer charges plus supplier and handing costs; \$5/rush
Library Fax. \$1 plus \$0.20 per page over 3 pages (domestic) \$5/ +full cost of all telecommunication and other charges (international)
Lost Book. Replacement cost plus \$15 processing fee. \$50 plus \$15 processing fee if book cannot be replaced. \$25 per item for materials from the curriculum collection plus \$15 processing fee. \$125 per item for reference volumes plus \$15 replacement fee. The replacement fee will be credited automatically when an overdue item is returned in good condition.
Overdue Charges. General Check Out \$0.25/day/item. Interlibrary Loan \$1/day on overdue materials. Recalled Book \$1/day. Reserve Books \$0.25/hour. Video, non print media \$1/day
Thesis and Book Binding. \$7.50 plus any additional costs required for special binding such as pocket parts, tipping of maps, etc. to a maximum of \$15.
Transparency. \$0.05 black/white, \$2/color
Library Service Fee. A compulsory fee for all students in the amount of \$3 per semester credit hour to fund an increase in direct services to students including on-line access to academic indexes and electronic library services.
Matriculation Fee. A fee for all students in the amount of \$15 per semester will be withheld from tuition if a student withdraws before the first day of class. This is a nonrefundable fee.
Medical Service Fee. A compulsory fee for all students to provide medical services for students at the contract facility with a \$10 co-pay. Fall and Spring Semester: \$13.30. Summer Semester: \$5.00.
Orientation Fee. A compulsory fee for all students of \$75, which provides a new student orientation prior to registration. THIS IS A NONREFUNDABLE FEE.
Parking Permit Fees. Students will register their cars in a single payment for the entire school year or the balance of the school year in which they register, whichever is applicable. The school year is August 15 through August 14. The following fees will be charged: Passenger vehicles and trucks \$45/year

<p>Additional Parking Permit \$7</p> <p>Two-wheeled vehicles (motorcycles, motor scooters, motorbikes) \$45/year</p> <p><i>Contingent on Board of Regents approval the rates may be increased.</i></p> <p>Enforcement Fees</p> <p>Parking Violation \$10-\$35 for each offense; depending on type of offense</p> <p>Moving and non-moving violation \$30-\$100/each</p> <p>Failure to pay an assessed fee within 10 calendar days of receiving the citation will result in a \$3.00 late charge.</p>
<p>Placement Services Fee. Students will be charged \$20 for the establishment of each placement file and \$16 for the second set of 10 copies to defray the costs of compiling, maintaining, and mailing student placement files.</p>
<p>Property Deposit. A \$20 property deposit shall be collected from each student. The deposit shall be returned on the withdrawal or graduation of the student who so requests, less any loss, damage, or breakage caused by the student. Any deposit which remains without call for a refund for a period of four years from last attendance shall be forfeited.</p>
<p>Returned checks. A service charge of \$30 will be assessed for each returned check.</p>
<p>Student Identification Card. All students will be charged a \$10.00 service fee per student identification card as approved by The University of Texas System Board of Regents. This is not a purchase fee. The student I. D. Card is the property of U. T. Permian Basin and return may be required upon the student's withdrawal from the University, when it has been put to fraudulent use, or at other times determined appropriate by administrative officers of the University.</p>
<p>Student Services Fee. The Student Services fee is compulsory for all students. The amount charged is \$13.50 per semester credit hour. The maximum Student Services fee per semester is \$250.00. Students who register for the summer session are charged on the same basis as students registered during the regular academic year. The fee provides funding for extracurricular activities and events designed to augment student life at U. T. Permian Basin and reservation privileges at the gymnasium.</p> <ol style="list-style-type: none"> 1. Students registered in absentia are not eligible to participate in student services and programs unless the regular fees are paid. The Student Handbook publishes the available programs, activities and services that the fee provides. This handbook is available at registration or from the Office of Student Life. 2. Refund of the Student Services fee to students withdrawing is made on the same basis as refund of the registration and tuition fees. The Board of Regents may set the fee at a rate up to \$250/semester for resident undergraduate students.
<p>Repurposed Athletic Fee. To finance, construct, operate, maintain, and improve the athletic program. The amount charged is \$35 per academic term.</p>
<p>Supplemental Fees. These include a variety of fees charged in addition to regular tuition for students registered in art, drama, speech, or music where individual coaching or instruction is the usual method of instruction.</p>
<p>Teacher Certification Credentials Fee. A \$10 fee will be charged to cover the costs of evaluating student credentials for state teacher certification.</p>
<p>Teacher Certification Deficiency Plan Fee. A \$30 fee per student will be charged to defray the cost of preparation of deficiency plans.</p>
<p>Test Administration Fee. To defray administrative costs in the Programs Assisting Student Studies (PASS) Office, a fee of \$10 per test will be charged. (This does not include the cost of the test.)</p> <p>Cost of Test</p> <p>College Level Examination Program Fee \$44, Quick Texas Academic Skills Program (THEA) fee Non Students \$10, Scholastic Aptitude Test (SAT) (Institutional Administration) \$30</p>
<p>Theatre Appreciation Course Fee. A \$25 per student fee will be assessed to defray the costs of theatre attendance required for students enrolled in DRAM 2301.</p>
<p>Transcript Fee. There is a transcript charge of \$7 for each University transcript ordered to defray costs of retrieving, duplicating, and mailing transcripts. Additional Fees for Faxing processing and Express delivery charges may incur.</p>
<p>Voluntary Fees. Variety of fees for students desiring a specific service which may include such items as parking fees, yearbooks, locker fees, and intercollegiate athletics passes.</p>
<p>Concurrent enrollment. Section 54.062 of the <u>Texas Education Code</u> provides for the following tuition procedure for students registering concurrently at two Texas public institutions of higher education:</p> <ol style="list-style-type: none"> 1. The student must register first at the institution with a lower minimum tuition and pay the full tuition charge. 2. Generally only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but not less than the hourly rate. All other required and optional fees are billed by each institution at its regularly authorized rates.

Sample of Total Tuition and Fee Charges for a semester (Fall 2015) at The University of Texas of the Permian Basin

The table can be used to estimate the full costs of one semester for Texas resident students. For undergraduates, the amounts are shown for 12 and 15 semester credit hours (SCH). For graduate students, the table gives amounts for 3 and 9 SCHs. If a student enrolls for a different number of hours, he or she may use the extra column to calculate those costs using the per semester credit hour charges for tuition and fees that are based on the number of hours of credit (see class schedule for details). Since the table shows only *average charges* for college and course related fees, a more precise total would have to be calculated by determining the actual fees for the student's school or college and the courses for which the student has enrolled. Necessary information may be obtained from the Office of Financial Service, the class schedule and/or UTPB's Home Page on the web at www.utpb.edu on the tuition and fee tables.

Name of Charge	Undergraduate		Graduate	
	12 sch	15 sch	3 sch	9 sch
Resident Tuition (1)	2014.56.	2518.20	503.64	1510.92
Add: Required Fees				
Student Services Fees	162.00	202.50	40.50	121.50
Library Service Fee	36.00	45.00	9.00	27.00
Athletic Fee	144.00	180.00	36.00	108.00
Repurposed Athl Fee	35.00	35.00	35.00	35.00
Student Multi-Purpose Center	150.00	150.00	150.00	150.00
Advising Fee	10.00	10.00	10.00	10.00
Technology Fee	60.00	75.00	15.00	45.00
Medical Service Fee	13.30	13.30	13.30	13.30
Subtotal - Required Fees	2624.86	3229.00	812.44	2020.72
Add: Average for college and course related laboratory, incidental and supplemental fees and/or optional student services fees (3)	15.00	15.00	15.00	15.00
Total Charges (4) (Tuition plus subtotal-required average for college and course related fees and/or optional student services fees)	2639.86	3244.00	827.44	2035.72

1. At the time this catalog is going to print, tuition changes are under consideration by the State of Texas Legislature and the Board of Regents of The University of Texas System. Thus actual tuition may change.
2. Required fees, those charged to all students, may be based on semester credit hours or may be per semester.
3. Averages only are given for college and course related fee charges (laboratory, incidental, supplemental/individual instruction fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary description of these fees and the optional student services fees may be found in an attachment, the UTPB catalog and/or on UTPB's Home Page on the World Wide Web at www.utpb.edu
4. A one time, \$20.00 property deposit is charged to all first time students. A one-time orientation fee of \$75.00 for all students is charged for providing a new student orientation prior to registration. These amounts are not included in the totals.

Programs Assisting Student Study

P.A.S.S. Office

The Office for Programs Assisting Students Study (PASS) is a multiple resources center for students. This office provides both direct and indirect services to all students.

Americans With Disabilities Assistance.

The office processes applications submitted by students who have been accepted by the University for accommodations and services. Once students have been admitted to the University, they are required to contact the office one month prior to the start of the semester.

Computer Support

Personal computers are available for students to use for homework, word processing, and research in the PASS Office.

Testing

The PASS Office provides services for self-paced, correspondence courses and make-up exams, Institutional ACT, Quick THEA, Texas Teacher Exams, CLAP, and placement exams.

Child Care Center

The UTPB Child Care Center provides child care services for services for students, faculty and staff. The center provides an environment and opportunities for children to build the necessary skills for development. Activities are designed to enhance gross motor, fine motor, pre-academic, self- help, music, art, and social skills. Days also consist of indoor and outdoor play with teacher-directed learning activities. Teachers are certified in first aid and CPR. Rates vary depending on the age of the child. Students may qualify for assistance through West Texas Opportunities, depending on their income. Scholarships may be available.

Undergraduate Success Program

The Undergraduate Success Program at UT Permian Basin includes the offices of Academic Advising, PASS Office, Career Services, Developmental Education, Honors, the Retention Office, Academic Dismissals, and the Success Center. The Success Center features tutoring, supplemental instruction, mentoring, AVID, and the First Year Experience Course. Our goal in bringing these services under one umbrella is to connect students with the services they need to be successful in class and graduate on time. For information on the program offerings, contact Dean William F. Harlow, Mesa Building 2218, 432-552-3353.

The Success Center at UTPB

The Success Center at UT Permian Basin offers a wide array of academic support services for students, faculty, and staff. Located on the second floor of the Mesa Building in room 2215, the Success Center is open year round and operates under the direct supervision of Jasmine Tambunga.

Services available at the Success Center include AVID, First Year Seminar, Tutoring, Supplemental Instruction, and the Mentoring Program.

Tutorial Services

Tutorial support is offered at the Success Center for Writing and STEM. Tutors courses are trained in AVID Socratic tutorials and are certified through the College Reading and Learning Association. They have been trained in a student-centered philosophy to facilitate learning from the learner's point of need. Most tutorials are available as walk-in arrangements; however, there may be instances when longer individualized sessions are required. Both group and individual tutorials are available.

Supplemental Instruction

Group tutorials are an essential learning tool for more challenging courses, and Supplemental Instruction is supplied for them. SI team members set the schedule and location for study sessions based on the needs of a particular course, and SI leaders attend classes with the students. The Supplemental Instructor for most courses is hand-picked by the course instructor, and like the Success Center tutors, SIs have been trained in the University of Kansas' official SI development, AVID socratic tutorials, and CRLA to provide the most effective academic support possible.

Peer Mentoring

The Mentoring Program was established to help freshman adjust to the university setting. At risk freshman are required to be in the mentoring program, but services are offered to all students on a voluntary basis as well. Students are paired with an upper level peer mentor that will facilitate weekly meetings and monthly study sessions to assist in study skills, time management, and orienting the student to university policies and the culture specifically at UT Permian Basin.

AVID Student Success Initiative

AVID for Higher Education is implemented in UTPB curriculum through the First Year Seminar courses, provides the professional development training for on campus tutoring and Supplemental Instruction, and also equips faculty members with teaching and learning strategies for their classrooms.

First Year Seminar

First Year Seminar is a required course for all first time, full time freshman. This course serves as an extended orientation for students to become familiar with their campus and the culture of a university. First Year Seminar is conducted through a FIG (Freshman Interest Group) format in which students are paired with an instructor/section according to their major or general field of interest. This allows for students to meet a faculty member in their field as well as other students that share their interests, and also gives them insight into their field of study or interest early in their academic careers.

Career Services

The UTPB Career Center is located in room MB 2100 on the second floor of the Mesa Building. The UTPB Career Center provides career counseling, on-campus job placement for work-study and non-work study students, off-campus job opportunities, administers the UTPB Work Co-op Program, the Study Abroad Program and also develops and coordinates numerous programming events throughout the year. Students seeking on-campus or off-campus employment, should create a profile on www.collegecentral.com/utpb which will allow them to view all student/alumni job postings. Student worker applications are located in the UTPB Career Center in MB2100 of the Mesa building. For more information, call 432-552-3634 or email careerservices@utpb.edu.

Campus Life

Office of Student Life

The Office of Student Life, located in the Student Activities Center, SAC210, provides a wide range of services and programs to help UTPB students develop leadership skills, designs and implements activities for UTPB students to enjoy between, before, or after classes, and creates a welcoming atmosphere in the center of campus for students to relax, study, play video games, or participate in on-campus programs. For more information on any of these areas, call 432-552-2651.

New Student Orientation

The Office of Student Life coordinates summer and January orientations for new students. Orientation leaders are students who can help new students become familiar with programs, services, and other resources available to them on campus. If you are interested in helping new students transition to college and learn about UTPB please consider becoming an Orientation Student Leader.

Student Senate

The Student Senate of U. T. Permian Basin is the elected student organization representing the interests and needs of the student body and is recognized by the administration of U. T. Permian Basin and by the Board of Regents of the U. T. System. Officers are elected at the end of each spring semester and Senators are elected at the end of spring and early in the fall semester. Candidate registration forms are available through the Student Senate Office. Students are encouraged to seek elected offices. The Student Senate makes recommendations to the administration on policies that affect the student body and appoints students to sit on important University committees with faculty and staff members.

The U. T. Permian Basin Student Senate sponsors the Halloween Party Empty Bowls Fundraiser, The Big Event and many other activities that benefit the University community, the Odessa community, and the Permian Basin area. The Student Senate also provides limited funding for organizations to develop events for the benefit of the entire student body.

Campus Activities Board

The Campus Activities Board is responsible for identifying, budgeting, and developing cultural, social and recreational programs for the student body. Students are encouraged to contact the Campus Activities Board to get involved as volunteer activity program members. The U. T. Permian Basin Campus Activities Board brings in a variety of well-known and aspiring artists and entertainers, sponsors Falcon Fridays in the Student Activities Center, and takes students to regional and national leadership development conferences.

Student Clubs and Organizations

Students are encouraged to join or develop clubs and organizations that unite members with a common cause or interest. Such organizations allow students to pursue specialized interests and to have an opportunity to interact with classmates and professors in an atmosphere different from that of the classroom. Involvement in student organizations also provides a means of practicing leadership skills. The Office of Student Life is responsible for the registration of student clubs and organizations and publishes a guide for the development of clubs and organizations. The Office of Student Life also provides various resources for student organization development, and training on U. T. System policies. Membership is not

denied on any basis prohibited by applicable law, including but not limited to race, color, national origin, religion, age, veteran status, sex, disability, or sexual orientation.

The UTPB Student Union

The Student Union is situated in the north half of the second floor of the Mesa Building and contains a work area with lockable work stations for student clubs and organizations. The Student Union reception desk is open from 8:00 a.m. - 10:00 p.m. Monday through Thursday , from 10:00 a.m. - 5:00 p.m. on Fridays, and closed on weekends. There are quiet study areas, the Falcon's Perch for a snack, meeting rooms, a television and television rooms, and play stations in the Student Union.

Volunteer Center

The Volunteer Center serves as a clearing house for volunteerism and service to the UTPB community and to the communities of Odessa and Midland. The Volunteer Center Coordinator works with faculty, staff, and community agencies to provide UTPB students with opportunities for service learning experiences.

Intramurals

One of the best ways to get involved with other students at UTPB is through participating in campus events. One way here on campus to get involved is through UTPB Intramurals. Intramurals is a great way to meet other students, relieve stress, get involved and get good exercise. Another way to get information regarding intramurals is by visiting the UTPB Intramural website. The purpose of this page is also to inform you of upcoming events and schedules. Visit this page frequently for up to date information. The purpose of the Intramural Department is to provide various activities for students. Intramural activities are designed to allow for social engagement, educational enhancement, mental and emotional health, beyond the classroom. Our goal is to continuously develop programs and activities to provide something for everyone, and most importantly, supplies the opportunity to have fun. UTPB Intramurals is also open for suggestions for new activities in the future. Should you have any suggestions or questions feel free to contact the Intramurals Department.

Falcon Veterans Lounge

The Falcon Veterans' Lounge is located on the second floor of the Mesa Building Room #2259. Falcon Veterans Lounge offers:

- A place for veterans and dependents to meet and socialize with other student veterans on campus.
- A place to study, relax or recharge your batteries with refreshments before, after or between classes.
- A place to learn about the benefits, resources, and services available to veterans and dependents offered at the university, Veterans Services, and local organizations.
- Other amenities include access to cable television, microwave, refrigerator and lockers.

For more information contact Veteran Services Office.

Falcon Veterans Association

A student led organization that meets twice a month to serve the next generation of transitioning veteran students from military life to academic life. FVA's purpose is (1) to assist students overcome the isolation and disruption that such a transition can cause, by providing a support system in which veteran students and non-military students interact, bond, and discuss relevant issues on professional and social levels and (2) be an advocacy group to improve resources and services available that will make being a veteran student at the University of Texas of the Permian Basin that much better.

Financial Literacy

The University of Texas of the Permian Basin provides financial literacy and planning to assist students with making smart financial decisions while in college. This information is made available through the office of Financial Literacy during the spring and fall semesters. Money Matters Mondays are monthly seminars provided free on campus. Classroom presentations are available, as well as, online tools and links to materials. Private individual sessions are also offered for students year round. Students may be referred by a professor or department. Students may make an appointment and walk-ins are also welcome during office hours. All consultations are free and confidential. Students are encouraged to take advantage of these services.

Financial Literacy at UTPB includes information on the following:

- Investing in undergraduate education and college costs
- Planning for college and finding scholarships
- Understanding needs & wants and setting goals
- Credit basics and managing credit
- Creating a spending plan and monitoring your spending
- Different bank accounts and identity theft
- Solving debt problems and repaying educational loans
- Saving, investing, and managing major purchases
- Employee benefits and compensation

Intercollegiate Athletics

Athletic Department Philosophy

The University of Texas of the Permian Basin (UTPB) Intercollegiate Athletics Program exists to afford students the opportunity to participate in a structured program of athletics as they work toward their college degrees.

Students participating in athletics must understand that although participation in athletics can be a rewarding and memorable aspect of the college experience, earning a degree should be their primary goal. They should be committed to regular attendance, academic integrity, and the realization of their academic potential.

There are educational values to be obtained through participation in a structured program of athletics. Athletic participation shall assist in the development of the whole individual: physically, cognitively, emotionally, and spiritually. Accordingly the welfare of student athletes is vitally important. UTPB student-athletes have access to health care and mental-health services as well as academic tutoring, counseling and advising as a means of contributing to their well-being and development.

UTPB student-athletes are encouraged to interact with individuals from all areas of campus in order to enhance their social development and quality of life. They are encouraged to participate in student-life programs such as the Campus Activities Board, Student Senate, intramurals, campus clubs and student housing activities as a means of interacting with individuals of various races, ethnicities and socioeconomic backgrounds.

The Athletic Department strives to offer equitable participation opportunities to men and women as it fosters acceptance and discourages discrimination of any kind. The Athletic Department will strive to achieve diversity in its Administrative, Coaching and Support Staff positions.

The Athletic Department's Administration, Coaching Staff, Support Staff and Athletes are committed to:

- Principles of sportsmanship and fair play
- Ethical activity in the areas of recruiting, athletic competition and academic achievement
- Amateurism in college sport
- Compliance with all NCAA, Heartland Conference, and University of Texas System rules and regulations

UTPB Athletics at a Glance

The current athletic program was started in 1994 and is funded through student fees and public donations - state funds cannot be used. In 2016, we will support 16 varsity teams; nearly 450 students will be involved in the athletic program as athletes, trainers and managers. Furthermore, admission to home athletic events is free to all UTPB students.

The men's sports program will include football, soccer, cross-country, basketball, swimming, tennis, golf, and baseball. The women's sports program includes volleyball, soccer, cross-country, basketball, swimming, tennis, golf, and softball. The UTPB sports program is affiliated nationally with NCAA Division II and participates in the Heartland Conference. Heartland Conference Championships have been won by Volleyball (2008), Baseball (2009), Men's Basketball (2011), and Women's Basketball (2013). The program awarded nearly \$900,000 in athletic scholarships in 2016-2017.

General Eligibility Requirements

In order to be eligible to participate in Intercollegiate Athletics, students must meet all eligibility requirements set forth by the NCAA. Complete requirements are too numerous to list here. A thorough eligibility check is completed before the first competition each season. General eligibility guidelines are presented in following sections.

Full-Time Status

Students must be enrolled in a minimum of 12 semester hours to be eligible to compete. Students falling below 12 hours are ineligible. In order to assure that students participating in athletics do not fall below 12 hours, an academic hold is placed on the schedule of each participant during the semester(s) of competition. The Athletic Director must be consulted before adds or drops can be made.

Incoming Freshmen

Freshmen must the following criteria to be eligible:

- Score at least 820 on the SAT or a total of 68 in the five sections of the ACT test taken on a national testing date.
- Complete the NCAA required core of classes
- Visit the NCAA Eligibility Center for additional information:
http://web1.ncaa.org/ECWR2/NCAA_EMS/NCAA.jsp

Transfer Eligibility Information

For information concerning transfer eligibility guidelines, please visit the NCAA website and review transfer regulations presented in the NCAA Transfer Guide.

<http://www.ncaapublications.com/p-4288-ncaa-transfer-guide-2012-13.aspx>

The Director of Athletics is Dr. Steve Aicinena. His office is located in Gym 202. Any questions or concerns about the athletic program may be directed to him.

Student Housing

The University of Texas of the Permian Basin offers a wide variety of options in our apartment style housing for students who are interested in living on-campus. Freshmen housing provides freshmen with the choice of a four-bedroom with or without a kitchen. Upperclassmen have the choice between the efficiencies, two-bedroom, and four-bedroom apartments with laundry facilities in most buildings.

The University also offers limited family housing to married students and students with children with options including one-bedroom, two-bedroom, and three-bedroom units. The family units have a centrally located laundry facility building for easy-access. Amenities for all units include basic cable, internet access, full-kitchens, and maintenance.

Student safety and security is enhanced by campus police security and the Resident Assistants that serve after hours for 24 hour service in housing. An outdoor lighted basketball court and sand volleyball court are available to the students as well. Student rental rates include the cost of electricity, water and garbage collection as well. Student Housing is within walking distance of the academic buildings on campus.

Student Housing offers two clubhouses for the convenience of the students living on campus, the Falcon House and the Parker Ranch House. The Falcon House, located in Falcons Nest Circle, provides students with study and lounge areas, laundry facilities, a full kitchen, and restrooms. The Parker Ranch House, where housing offices are located, also provides study and lounge areas, a kitchen, ice machine and mail boxes.

UT Permian Basin's Parker Ranch House was named by the Parker family in memory of James Early "Jim" Parker, Jr. and Bessie Ola Parker. The Parkers embodied the ranching lifestyle of generations of a family that served the communities of Andrews and Ector counties since 1907. Parker was involved in organizing the municipal structure of Andrews County in 1910. He later served as county commissioner from 1921-1924, established the Andrews Bank, and served as president of its board of directors for many years.

Information regarding student housing may be found on the UTPB webpage at <http://www.utpb.edu/campus-life/student-housing> or contact the office for a tour or visit at (432) 552-2743 or by email at housing@utpb.edu.

Student Health and Safety

Disciplinary Procedures

Students at The University of Texas of the Permian Basin maintain the rights and responsibilities of citizenship. All students are expected and required to obey federal, State, and local laws, to comply with the Regents' Rules and Regulations, with The University of Texas System, and institutional rules and regulations, with directives issued by an administrative official of the U. T. System or institution in the course of his or her authorized duties, and to observe standards of conduct appropriate for an academic institution. (Regents' Rules and Regulations, Rule 50101) Any student who engages in conduct that violates the fore mentioned is subject to discipline whether such conduct takes place on or off campus or whether civil or criminal sanctions are also imposed for such conduct.

The official version of the student conduct code can be found on the Dean of Student's web page within the University web pages at www.utpb.edu/campus-life/dean-of-students. The University reserves the right to restrict the enrollment of any student for disciplinary or academic reasons. According to the Regents' Rules, the Dean of Students has the authority to take interim disciplinary action when the continuing presence of the student poses a potential danger to persons or property or a potential threat of disrupting any authorized university activity.

In all cases, students are afforded due process through a meeting with the Dean of Students and/or a formal disciplinary hearing.

Disciplinary action could include:

- Admonition
- Warning probation
- Disciplinary probation.
- Withholding of grades, official transcript and/or degree.
- Bar against readmission.
- Restitution or reimbursement for damage to or misappropriation of institutional or System property.
- Deferred suspension
- Suspension of rights and privileges, including participation in athletic or extracurricular activities.
- Failing grade for an examination or assignment or for a course and/or cancellation of all or any portion of prior course credit.
- Denial of degree.
- Suspension from the institution for a specified period of time.
- Expulsion (permanent separation from the institution).
- Revocation of degree and withdrawal of diploma.
- Other penalty as deemed appropriate under the circumstances.

Grievances/Appeals

Students who have a grievance with another student, faculty or staff member are encouraged to review the procedures set out on the Dean of Student's web page on the University web pages at <http://ss.utpb.edu/dean-of-students/student-grievances/> These procedures include information on how to file complaints of sexual harassment and discrimination on the basis of race or disability.

Sexual Harassment/Sexual Assault

The University of Texas of the Permian Basin is committed to the principle that the University's working and learning environment be free from inappropriate conduct of a sexual nature. Sexual harassment in any form will not be tolerated and individuals who engage in such conduct will be subject to disciplinary action. Knowledge, either personal or experience as a witness, of such activity should immediately be reported to the Dean of Students or the Title IX Coordinator.

Student Medical Plan

Students have access to medical services contracted by the University. Information about the medical services provider and the plan may be found on the University web site under Current Students, Medical Services.

Student Insurance

Students needing health insurance may obtain information through the University web pages. This can be found under Current Students, Medical Services. International students are required to maintain health insurance which meets UT System coverage requirements.

AIDS, HIV, and Hepatitis B Infection Policies

The University of the Texas Permian Basin recognizes its responsibility to protect the rights and privileges of students, employees, patients, and the general public against the contact with the spread of infectious diseases. In recognition of Human Immunodeficiency Virus (HIV) and Hepatitis B (HBV) as serious health threats, U. T. Permian Basin has adopted a policy and procedural steps to protect both the rights and well-being of those students who may be infected with HIV or HBV as well as to prevent the spread of infection. No individual with HIV or HBV infection will be discriminated against in employment, admission to academic programs, health benefits, or access to facilities. Students with HIV or HBV infection may attend all classes without restriction, as long as they are physically and mentally able to participate and perform assigned work and pose no health risks to others.

All information regarding the medical status of U. T. Permian Basin faculty, staff, and students is confidential. A complete copy of the "AIDS, HIV and Hepatitis B Infection" policy can be found in the institutional Handbook of Operating Procedures which is available on the internet at www.utpb.edu. This policy is applicable to all students of U. T. Permian Basin as they pursue their academic (and clinical) endeavors. Brochures with information about AIDS/HIV will be made available to all students on request. Counseling Center.

Hepatitis B Vaccination

The Hepatitis B Vaccination requirement applies only to students enrolled in a course of study that involves potential exposure to human or animal blood or bodily fluid.

Bacterial Meningitis Information

Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast, so utmost caution is required. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that cause meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. Bacterial Meningitis is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions. Symptoms include high fever, rash or purple patches on the skin, light sensitivity, confusion and sleepiness,

lethargy, severe headache, vomiting, stiff neck, nausea, and seizures. The more symptoms present, the higher the risk. When these symptoms appear, seek immediate medical attention. There is treatment, but those who survive may develop severe health problems or disabilities. Early diagnosis and treatment can greatly improve the likelihood of recovery. For more information, contact your own health care provider, the campus medical services provider, or local Texas Department of Health. Information web sites: www.cdc.gov, www.acha.org. U.T. Permian Basin regularly informs students about this information by posting information on-line via our student registration system and posting on the back of our registration cards.

Bacterial Meningitis Information (New Students)

All new students and those who are returning after a one semester absence and under the age of 22 years of age or younger will be required to show evidence that they have received the bacterial meningitis vaccination or eligible for an exemption prior to enrolling. The vaccination dose or booster must have been received during the five-year period preceding and at least 10 days prior to the first day of class or prior to moving into on-campus housing (whichever is applicable). Students taking online courses only (no on-campus based courses) are not required to have the vaccination. Send evidence of the vaccination or qualified exemption to UTPB Admissions, 4901 E University Blvd, Odessa, TX 79762. For more information about the immunization requirements and exclusions, please refer to the Texas Department of Health Services, Immunization Branch (MC 1946), PO Box 149347, Austin, TX 78714-9347.

A student can opt-out of the immunization requirement by providing an affidavit signed by the applicant or, if a minor, by the applicant's parent or guardian stating that the applicant declines immunization for reasons of conscience.

Hazing

Hazing in State educational institutions is prohibited by both State Law (Sections 51.936 & 37.151 et seq., Texas Education Code) and by the Regents' Rules and Regulations (Series 50101, Section 2). Individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses. Additionally, the law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

Individuals

A person commits an offense if the person:

1. engages in hazing;
2. solicits, encourages, directs, aids or attempts to aid another engaging in hazing;
3. recklessly permits hazing to occur; or
4. has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or has firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report that knowledge in writing to the Dean of Students or other appropriate official of the institution.

Organizations

An organization commits an offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization commits or assists in the commission of hazing.

Definition

The term “hazing” is broadly defined by Statute to mean any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization. Hazing includes, but is not limited to:

- any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
- any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- any activity involving the consumption of a food, liquid, alcoholic beverage, liquor, drug or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
- any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subdivision; and
- Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Penal Code. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution.
- Hazing with or without the consent of a student is prohibited by the System, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline.
- Initiations or activities by organizations may include no feature which is dangerous, harmful, or degrading to the student and a violation of this prohibition renders both the organization and participating individuals subject to discipline.

Activities which under certain conditions constitute acts that are dangerous, harmful, or degrading, in violation of Rules include but are not limited to:

- calisthenics, such as sit-ups, push-ups, or any other form of physical exercise;
- total or partial nudity at any time;
- the eating or ingestion of any unwanted substance;
- the wearing or carrying of any obscene or physically burdensome article;
- paddle swats, including the trading of swats;
- pushing, shoving, tackling, or any other physical contact;
- throwing oil, syrup, flour, or any harmful substance on a person;
- rat court, kangaroo court, or other individual interrogation;
- forced consumption of alcoholic beverages either by threats or peer pressure;
- lineups intended to demean or intimidate;
- transportation and abandonment (road trips, kidnaps, walks, rides, drops);
- confining individuals in an area that is uncomfortable or dangerous (hot box effect, high temperature, too small);
- any type of personal servitude that is demeaning or of personal benefit to the individual members;

- wearing of embarrassing or uncomfortable clothing;
- assigning pranks such as stealing; painting objects; harassing other organizations;
- intentionally messing up the house or room for clean up;
- demeaning names;
- yelling and screaming; and
- requiring boxing matches or fights for entertainment.

Immunity

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event, in good faith and without malice, to the Dean of Students or other appropriate official of the institution and immunizes that person for participation in any judicial proceeding resulting from that report. Additionally, a doctor or other medical practitioner who treats a student who may have been subjected to hazing may make a good faith report of the suspected hazing activities to police or other law enforcement officials and is immune from civil or other liability that might otherwise be imposed or incurred as a result of the report. The penalty for failure to report is a fine of up to \$1,000, up to 180 days in jail, or both. Penalties for other hazing offenses vary according to the severity of the injury which results and include fines from \$500 to \$10,000 and/or confinement for up to two years.

Immunizations

Institutions of higher education may require persons applying for admission to be immunized against diphtheria, rubeola, rubella, measles, mumps, tetanus, and poliomyelitis. The Texas Board of Health may require immunizations against these and additional diseases for registrants at any institution of higher education who are pursuing a course of study in any of the human or animal health professions, and the board may require such immunizations for any registrants in times of an emergency or epidemic in a county where such an emergency or epidemic has been declared by the Commissioner of Health. (Education Code 51.933(b-1))

On Campus Student Immunization and Background Check Requirement

The State requires students, who reside in on-campus housing to provide a certificate signed by a health practitioner evidencing that the student has been vaccinated against bacterial meningitis at least 10 days prior to the student taking up residence in on-campus housing. The University is entitled to check the criminal history record for all students applying for on-campus housing. The University will notify students if this information is used to deny them housing.

Student Right-to-Know and Campus Security Act

In compliance with the Student Right-to-Know and Campus Security Act (the Act) 20 U.S.C. Sections 1092 (a), (e) and (f), as amended, The University of Texas of the Permian Basin collects specified information on campus crime statistics, campus security policies, and institutional completion of graduation rates. Pursuant to the federal law, alleged victims of violent crime are entitled to know the results of campus disciplinary proceedings concerning alleged perpetrators. U. T. Permian Basin reports to the campus community on crimes considered to be a threat to students and employees and reported to campus police or local police agencies. U. T. Permian Basin publishes and distributes an annual report of campus security policies and crime statistics to all current students and employees; provides copies of the report to applicants for enrollment or employment upon request; and submits a copy of the report to the Secretary of Education upon request. The annual campus crime statistics report references crimes which occur on property owned or controlled by U. T. Permian Basin and may be supplemented by listing crimes which

occur off the campus in buildings or on property owned or controlled by student organizations that are registered by the institution when such statistics are available from local police departments.

U. T. Permian Basin annually calculates and discloses institutional completion or graduation rates for undergraduate students to all prospective and current students. (The federal requirement for calculation of a completion of graduation rate applies only to institutions of higher education that admit undergraduate students who are enrolling for the first time at an institution of higher education and have not enrolled previously at any other institution of higher education.)

U. T. Permian Basin publishes in the annual security report, its policy regarding sex-related offenses, including prevention programs, education programs to promote awareness of sexual harassment, domestic violence, dating violence, sexual assault, and stalking, administrative disciplinary procedures and sanctions for offenders, and counseling and student services for victims.

Criminal Background Checks

Certain programs require students to submit to and satisfactorily complete a criminal background check review as a condition of admission, program completion, licensure, or participation in education experiences. Students who refuse to submit to a background check or who do not pass the background check may be dismissed from their programs. The student is responsible for the costs of the criminal background check.

Gang Free Zone

Premises owned, rented or leased by The University of Texas of Permian Basin, and areas within 1,000 feet of the premises are "gang-free" zones. Certain criminal offenses, including those involving gang-related crimes, will be enhanced to the next highest category of offense if committed in a gang-free zone by an individual 17 years or older. See Texas Penal Code, Section 71.028.

Missing Student Notification Policy

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the UT Permian Basin Police Department at (432) 552-2786. Students residing in on-campus housing have the option to identify confidentially an individual to be contacted by UT Permian Basin in the event the student is determined to be missing for more than 24 hours. Contact information will be accessible only to authorized campus officials and law enforcement and will not be disclosed outside of a missing person investigation. To designate a confidential contact, contact Student Housing at (432) 552-2743.

Use of Facilities

The property, buildings, or facilities owned or controlled by the University are not open for assembly, speech, or other activities as are the public streets, sidewalks, and parks. The responsibility of the Board of Regents and The University of Texas of the Permian Basin to operate and maintain an effective and efficient system of institutions of higher education requires that the time, place and manner of assembly, speech, and other activities on the grounds and in the buildings and facilities of the University be regulated. No person, organization, group, association, or corporation may use property or building owned or controlled by the University for any purpose other than in the course of the regular programs or activities related to the role and mission of the University, as permitted by the Regent's Rule 80101 and UT Permian Basin rules and regulations.

Most campus buildings and facilities are accessible to members of the campus community and their guests and visitors during normal business hours. Students have access to the buildings during scheduled class sessions including laboratory, library study, and research periods. After normal business hours, including weekends and holidays, all campus buildings are considered closed and secured. Late doors are equipped with electronic locks and closed circuit television cameras. This electronic access control system can allow access to those authorized entry and assigned a code for the system. Exterior building doors on campus are equipped with an electronic alarm, which annunciate at the alarm monitoring company during prohibited hours.

Student Parking Information

Parking permits are required to park on campus. The parking spaces in all lots are restricted as marked or posted. All underground parking is reserved. Only Student Housing residents are allowed to park at Student Housing. Parking permits are typically purchased during registration and are valid from September through the following August. The permits are marked with an expiration sticker. Permits can be obtained at the Police Department Information Center, located in the Mesa Building Lobby, throughout the school year and are prorated as necessary. In compliance with Texas Education Code 51.207 (b), The University of Texas of the Permian Basin enforces State of Texas vehicle inspection laws for vehicles parking or driving on campus.

Disabled Veteran Parking

Disabled veterans may park with either a free University permit or without a University permit (at the discretion of the University) in a disabled parking space for an unlimited period of time.

Student Travel Guidelines

Pre-trip Planning

Any time a student organization plans an event or plans to attend an event off campus, special consideration should be given to possible means of travel. Although private vehicles may seem the easiest to coordinate and most cost effective, organizations and their advisors should consider liability issues and safety factors along with cost and ease of coordination. The necessary travel forms must be filed with the Office of Student Life at least one week before your group's travel. Please refer to the Student Life Forms Section on this website. The Office of Student Life will share this information, copies of any travel waivers, itineraries, contact information, etc. with the University Police and the Office of the Vice President for Student Services.

University vehicles may be reserved from the Physical Plant through the Student Life Office. University owned or leased vehicles may only be driven by university employees and only drivers who are university employees are covered by university or system insurance. If private vehicles are used, the owners of those vehicles are entitled to reimbursement for mileage at the state rate, **however**, be aware that private vehicles and most rental vehicles are NOT covered by university or system insurance.

University vehicles are reserved by the entire university community on a first come, first served basis, by Physical Plant so plan ahead. Consider airline or bus transportation for longer trips, where student drivers may be too fatigued from participation in the event to be able to perform as your group's chauffer. Fifteen passenger vans have a high center of gravity and are more likely to tip over when full than when empty; corners and curves must be taken more slowly and carefully than regular passenger vehicles.

Special event medical insurance is available through Mega Insurance, the same provider of student health insurance for the U.T. System. Special event insurance is required for all potentially dangerous activities such as camping, hiking, rock climbing, snow skiing, or water sports. It is recommended that special event insurance be used even when not required. The cost is two dollars per student, per day. (If your organization requires any travel, consult the UTPB Handbook of Operating Procedures).

The UTPB Student Services has funds set aside for group travel to conferences, but those funds are not unlimited. In addition to applying supplemental funds, groups should consider planning fund-raising activities well in advance of travel. Since neither Student Services funds nor fund-raisers are guaranteed monies, organizations should have alternate means of funding travel through dues, individual traveler fees, or other means. Whatever means of travel are selected, your organization should plan for potential emergencies. Individual drivers, student organizations, advisors, the university, and potentially the State of Texas may be sued by injured parties in the event of an accident. Many insurance companies sell individual trip or individual event insurance. This is an excellent way to limit the cost to your club, your advisor, or your university, by purchasing a liability insurance policy. Because individual students also have emergencies, you might consider requiring a trip deposit to be paid by all group members who plan to travel. This will help defray the lost travel and conference registration costs for students who must withdraw at the last minute.

Selection of Drivers

Whether your organization decides to use university vehicles or private vehicles, you should consider how you will choose your drivers. You may decide to ask for state department of motor vehicles' reports on any potential drivers, proof of insurance, proof of mechanical trustworthiness and inspection stickers of private vehicles. Organization officers and advisors may also wish to confer about the trustworthiness of potential drivers from their experience with those students' behavior and judgment.

Although it is not required, it is recommended that all UTPB organization advisors travel with their students. When university vehicles are used, **only university employees** may legally drive them. If private vehicles are used, the owner is entitled to reimbursement for mileage at the state rate, however, no university, state, or system insurance will cover the vehicle, driver, or passengers.

Travel Waivers

Assumption of risk forms are another way to try and reduce the liability of your organization, advisor, and the university. These forms serve primarily to advise potential travelers of the risks involved in any mode of travel, to remind all group members of the necessity for caution while traveling, and to advise travelers of the importance of having their personal insurance up to date in case they are injured while away from home.

Travel waivers also remind travelers that the activity being attended is voluntary. Waivers or assumption of risk forms should also ask travelers to list any personal health problems which the advisor or other club members should be aware of, medications required, personal health insurance company and policy number(s), and notification information for next of kin. If student travelers are under the age of 18, a parent or guardian must sign the waiver or assumption of risk form before the minor student will be allowed to travel, and this signature must be notarized.

Copies of travel waivers should be left with the Student Life Office and another copy should accompany each vehicle or each group traveling, especially if particular health and insurance information is given on the travel waivers.

Safety Education

Student organization advisors should provide some type of safety meeting to discuss the specific, general, and potential hazards associated with organization travel. This type of safety education should remind individual organization members of their potential liability for injury of others, whether during travel or during specific activities such as rock climbing, camping, athletic activities, etc.

A pre-departure meeting should also be scheduled for your group, so that the advisor or organization officers in charge can inform travelers of the itinerary, costs, expectations of behavior, type of clothing to pack for conference or specific activities during the trip, emergency procedures in case of accident, etc. Advisors should specify expectations regarding alcohol or other drug use during travel and at the event, as well as consideration of other state's laws regarding alcohol or other drug consumption or possession. Remind students that while traveling and while at the planned conference or event, they will be representing their organization, the University of Texas of the Permian Basin, and possibly the State of Texas.

Supplies

Advisors and organization members should plan for first aid kits, battery jumper cables, cell phones, credit cards, drinking water, flashlights, maps, radiator coolant, spare tires and related equipment, and emergency phone numbers to have on hand in each vehicle or with each group traveling separately on public transportation..

The UTPB Police should also be notified of the nature of your travel, routes planned, planned departure and return dates, contact information for your group while traveling (cell phone numbers, hotel or motel phone numbers while at a conference, etc.), and each individual traveling with your group should inform his or her parents, guardians, or next of kin about the nature of travel.

Contracts

In booking transportation or signing agreements required for conference attendance, lodging at campsites, hotels, or motels, or for any entertainment activities, it is important to remember that students cannot sign contracts on behalf of the university. Any agreements which may require any type of performance, financial or otherwise, on the part of The University of Texas of the Permian Basin must be reviewed by our purchasing department and will be signed by someone in the vice president for business affairs office who is authorized to sign contracts for the university.

In the case of travel emergencies, advisors and organization members must remember that rental car, medical services, or any other unforeseen emergency agreements can only be signed on an individual basis or between your organization and the service-providing agency. The university may refuse to compensate any organization which negotiates a contract without the express written approval of the vice president for business affairs office.

Important Phone Numbers to Take on Your Trip

Office of Student Life	432-552-2650
Senior Associate Vice President for Student Services	432-552-2600
Vice President for Business Services	432-552-2700
University Police	432-552-2787

Post-travel Evaluation

The organization advisor, drivers, and key organization planners should meet to evaluate all aspects of the organization's trip, but should focus especially on the effectiveness of your safety planning measures.

Safe Driving Practices

Use common sense in all unique travel situations:

- Obey all traffic laws, especially speed limits
- All passengers and drivers must wear seatbelts
- No horseplay or racing
- Plan routes in advance; carpool and caravan where possible
- Stop for coffee and rest breaks approximately every 90 minutes
- Do not consume, possess, or transport alcohol or illegal drugs
- Always have an alert passenger sitting up front with the driver to keep driver awake
- Do not drive between 12:00 a.m. (midnight) and 6:00 a.m. without advisor approval
- Drivers must pull over if drowsy and allow another organization approved driver take over
- If an accident or breakdown occurs, pull well off the road and post flares or reflective signs
- Follow all DPS driving rules and safety tips

Emergency Procedures

- Contact your advisor
- Contact local police and complete accident report
- Contact insurance company
- Obtain names and addresses of all accident/incident witnesses
- Do not make any statements concerning responsibility for accidents
- Do cooperate with police; they will make determinations of fault
- Do not offer to pay others for damages
- Follow all procedures given in university vehicle packets

Copyrighted Materials and Peer-to-Peer File Sharing

Unauthorized distribution of copyrighted material may subject students to disciplinary action and civil and criminal penalties. Information concerning the legal consequences of such violations may be found in Title 17 of the United States Code, Circular 92, <http://www.copyright.gov/title17/92chap5.html#504>.

File-sharing programs are not necessarily harmless and in using them you may inadvertently consume excessive network bandwidth, violate copyright law, inadvertently share confidential information or make your computer unsecured. Disproportionate bandwidth usage and copyright infringement are violations of the University's rules for acceptable use of information technology.

Students should be aware that university networks and computers connected to the university networks are monitored by the Recording Industry Association of America (RIAA) and other copyright protection agencies. If you install peer-to-peer file sharing software on your computer you "open" your computer to monitoring by these agencies. If the university receives a notice from one of these agencies alleging a copyright violation associated with your computer, your network connectivity will be limited to local resources. This limitation will continue until you have discussed the situation with the UTPB Dean of Students. Repeat offenders are subject to disciplinary actions up to and including expulsion from the University.

Campus Solicitations

No solicitation shall be conducted on any property, street, sidewalk, or in any building, structure, or facility owned or controlled by the University unless permitted by the Regents Rules and Regulations.

"Solicitation," as defined in Rule 80103 of the Rules and Regulations of the Board of Regents of The University of Texas System, means the sale, lease, rental or offer for sale, lease, rental of any property, product, merchandise, publication or service, whether for immediate or future delivery, an oral statement or the distribution or display of printed material, merchandise or products that is designed to encourage the purchase, use or rental of any property, product, merchandise, publication or service, the receipt of or request for any gift or contribution, or the request to support or oppose or to vote for or against a candidate, issue or proposition appearing on the ballot at any election held pursuant to state or federal law or local ordinances. The Regents' Rules and Regulations may be accessed at the following Web site: www.utsystem.edu/bor/rules.htm.

Fire Safety

The University of Texas of the Permian Basin holds fire safety as one the fundamental parts to providing everyone a safe environment. Everyone at our campus is encouraged to practice safety. If an incident occurs individuals are asked to promptly report the issue to any administrative university official. Information about fire safety policies, procedures, and reporting requirements can be found at <http://www.utpb.edu/services/business-affairs/environmental-health-safety/fire-reporting->

University Fire Warning System

The UTPB campus fire alarm system is continually monitored by GE Fire Works graphical interface system. This system operates on a fiber optic loop connected to every building fire panel on the UTPB campus. This system has simultaneous reporting capacity to the City of Odessa Dispatch for the Main campus, City of Midland Dispatch for the Midland Campus and University Police and EH&S via a class B fiber optics network. Environmental Health & Safety oversees a fire and life safety system that has over 1,600 alarm fire alarm initiating devices, 600 portable fire extinguishers, and 41 buildings with sprinkler systems as well as 4 special hazard systems.

Emergency Alert System

Falcon Alert is an emergency notification service that gives UTPB administration the ability to communicate health, safety, or other emergency information quickly- via text message and email. All students are automatically enrolled in Falcon Alert and may opt out by visiting www.utpb.edu/emergency/ and clicking on Falcon Alert.

False Reports

A person commits an offense under Section 42.06, Texas Penal Code, if he knowingly initiates, communicates or circulates a report of a present, past, or future bombing, fire, offense, or other emergency that he knows is false or baseless and that would ordinarily: (1) cause action by an official or volunteer agency organized to deal with emergencies; (2) place a person in fear of imminent serious bodily injury; or (3) prevent or interrupt the occupation of a building, room, place of assembly, place to which the public has access, or aircraft, automobile, or other mode of conveyance. The offense under Section 42.06, Texas Penal Code, of making such a false alarm or report involving a public or private institution of higher education is a state jail felony. An individual adjudged guilty of a state jail felony shall be punished by confinement in a state jail for any term of not more than two years or less than 180 days and, in addition to confinement, an individual adjudged guilty of a state jail felony may be punished by a fine not to exceed \$10,000.

Undergraduate Scholastic Requirements

To earn a baccalaureate degree from The University of Texas of the Permian Basin a student must:

1. Complete the total number of semester credit hours established for the chosen degree program. The minimum number is 120 semester credit hours with 48 at the upper level (more than 48 credit hours are required in some programs). The BA in Communication and BAAS requires only 42 upper level credit hours. The “upper level” refers to junior and senior level courses, or 3000 and 4000 numbered courses, respectively. The “lower level” refers to freshman and sophomore level courses, or 1000 and 2000 numbered courses, respectively.
2. A minimum of 25% of the credits (i.e., minimum of 30 sch) used to meet degree requirements must be completed at U. T. Permian Basin of which at least 6 sch of the minimum must be upper level credits in each of the student’s major fields (more in most curricula). No credit for course work in excess of 30 hours in courses with prefixes of ACCT, FINA, MNGT and MRKT will count toward a degree except for a Bachelor of Business Administration (BBA) degree awarded by the College of Business and Engineering.
3. Complete at least 24 semester credit hours in the major (more in most curricula), at least 18 of which must be upper level; at least six credits in the major must be taken at U. T. Permian Basin. Twenty-four of the last 30 semester credit hours earned toward the degree must be in residence. For a BBA in Accountancy, Finance, Management, or Marketing, at least 50% of semester credit hours in upper level business course work must be taken at U.T. Permian Basin.
4. Have earned all transfer credits at a regionally accredited college or university. Up to 15 semester credit hours of correspondence study normally will be accepted from accredited colleges or universities if appropriate to the curriculum. Only by petition to the Dean and on written approval of such a petition by the Dean may additional credits be considered for evaluation and acceptance. The College of Business and Engineering accepts no advanced business credit by correspondence or from non-accredited institutions; however, if an accredited college or university has awarded credit for such study, U. T. Permian Basin will accept those credits on the same basis as course work completed at that institution.
5. The student must have a “C” average or better and no “F” grades in any credits required for the degree; and must have a cumulative grade point average of 2.0 or higher on course work completed at U.T. Permian Basin. Grades of “D” are subject to the following restrictions:
 - a) A course in the student’s major will not be counted unless the grade is “C” or higher.
 - b) A course taken at UTPB in which a grade of “D” is assigned will be accepted as a non-major elective or towards general education or minor requirements only if offset with sufficient grades of “A” or “B” in respective non-major electives, Gen-Ed, or minor courses to provide a “C” average or better.
 - c) Credit for transfer courses to UTPB, in which the grade is “D,” will be accepted for non-major elective credit, but will not be accepted towards General Education requirements (unless the student is core complete), towards a minor, or towards a major.

6. Complete the University's General Education Requirements.
7. Complete six semester credit hours in American government (including Texas constitution) and six credit hours in American history.
8. Complete a minor of at least 18 semester credit hours, 9 of which must be at the upper level, in one field or closely related fields (as in a "multidisciplinary" or "distributed" minor). No courses may be counted simultaneously toward the major and minor. A minor will be granted only if it is offered by U. T. Permian Basin. The following programs do not require completion of a minor:
 - Bachelor of Business Administration:
 - Accountancy
 - Finance
 - Management
 - Marketing
 - Bachelor of Arts:
 - Humanities
 - Multidisciplinary Studies
 - Art (the all level teaching certification program only)
 - Bachelor of Fine Arts
 - Bachelor of Science in Industrial Technology
 - Bachelor of Social Work
 - Second bachelor's degree or concurrent second bachelor's degree
 - Double majors
9. Complete college, departmental and school requirements as appropriate.
10. Initiate a degree check with the Registrar's Office during the first 12 class days of the semester of expected graduation. Students are strongly encouraged to submit a preliminary degree check the semester prior to the semester they expect to graduate. Degree check forms are available in the Office of the Registrar.

Government and History Requirement for Graduation

Texas law requires that all students who receive a bachelor's degree from a state-supported public institution must earn 6 semester credit hours in American government, including federal and Texas constitutions, and 6 semester credit hours of American history (3 semester credit hours in the history of Texas may be substituted for 3 semester credit hours of American history).

Appropriate Catalog

Students may obtain a degree according to the course requirements of the catalog in effect at the time of admission to the University (so long as the courses required for the degree are still offered by the University) or of the course requirements of a later catalog in effect during the period of enrollment. This option shall be available for a six year period dating from the time of the initial admission of the student to the University.

If a student drops out for two or more semesters and returns to U. T. Permian Basin as a former student, he or she must use the catalog in effect at the time of re-entrance, thereby beginning a new six year time limit. This regulation applies to degree requirements, but not to operating regulations and procedures.

A student who transfers to U. T. Permian Basin from a Texas public community college may select to graduate according to the degree requirements of the catalog in effect at the time of admission to the community college or of a catalog in effect during the period of enrollment at the community college or the catalog in effect when the students entered U. T. Permian Basin. If the student drops out of the community college for two or more long semesters, the catalog requirements in effect at the time of readmission to the community college would be the earliest catalog the student could select to follow.

Whichever catalog a student ultimately chooses applies in its entirety to all degree requirements, including those applying to the major, minor, and general education requirements, total hour and upper level requirements.

General Education Requirements

The purpose of the General Education Core Curriculum is to provide UTPB graduates with knowledge and basic intellectual competencies that are essential tools for learning in any discipline. Completion of the Core Curriculum will ensure that graduates acquire:

- Critical thinking skills including creative thinking, innovation, inquiry and analysis, evaluation and synthesis of information;
- Communication skills including effective development, interpretation and expression of ideas through written, oral, and visual communication;
- Empirical and quantitative skills including the ability to manipulate and analyze numerical data or observable facts resulting in informed conclusions;
- Teamwork skills including the ability to consider different points of view and work effectively with others to support a shared purpose or goal;
- Personal responsibility including the ability to connect choices, actions and consequences to ethical decision-making; and
- Social responsibility including intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.

The U. T. Permian Basin Core Curriculum complies with State law and the Texas Higher Education Coordinating Board rules. The courses in the General Education Core Curriculum have been approved by The University of Texas Permian Basin and the Texas Higher Education Coordinating Board.

The General Education Core Curriculum consists of 42 semester credit hours in the following categories

Communication	6 credits
History (United States)	6 credits
Language, Philosophy and Culture	3 credits
Mathematics	3 or 4 credits
Life and Physical Sciences	6 credits
Political Science (U.S., State of Texas and Local Government)	6 credits
Creative Arts	3 credits
Oral Communication (Speech)	3 credits
Social and Behavioral Science	3 credits
Component Area Option	0 to 3 credits
TOTAL HOURS REQUIRED	42 credits

The table below lists current U. T. Permian Basin courses which satisfy the General Education Requirement for each of the categories of the Core Curriculum. Also listed are course numbers in the Texas Common Course Numbering System (TCCNS) which meet the requirements for transfer courses. The TCCNS is a statewide system for determining equivalency of courses at different institutions.

Some majors specify courses that should be selected to meet a General Education Requirement. Students should refer to the requirements in their major requirements listed in this catalog and discuss course selection with their academic advisor before selecting General Education courses.

UTPB General Education Requirement	Code	SCH	UTPB Course Number Catalog	Level	Transferable Courses in the Texas Common Course Inventory

* UNIV courses are open to students in the Honors Program only.

In addition, most teacher certification programs have mathematics requirements different from or beyond the minimum mathematics general education requirements. Students seeking teacher certification should contact their certification advisor for specific math requirements.

Texas Common Core Curriculum

The Texas Higher Education Coordinating Board has developed the Texas Common Core Curriculum. This 42 semester credit hour curriculum transfers freely from one Texas public institution of higher education to another. U. T. Permian Basin identifies courses using the Coordinating Board common course numbering system and most of the University's general education requirements meet the Texas Common Core Curriculum requirements.

Students transferring to U. T. Permian Basin who have completed a 42 semester credit hour core at a Texas public college or university will receive a minimum of 42 semester credits for the core as transfer credits and will have met the University's general education requirements.

Students transferring to U. T. Permian Basin who have completed fewer than 42 semester credits from core courses at a Texas public college or university will receive credit toward the University's general education requirements for the credits taken. The student should consult with her/his advisor for elements of the general education requirements that remain to be completed.

Business Field of Study

The Texas Higher Education Coordinating Board has approved the Field of Study Curriculum for Business. The following Texas Common Course Numbering System (TCCNS) courses are fully transferable to The University of Texas of the Permian Basin to meet the Field of Study Requirements for Business: ECON 2301 and ECON 2302, MATH 1324, MATH 1325, COSC (BCIS) 1305 or 1405, SPCH 1311 (with appropriate content only), SPCH 1315 or SPCH 1321 (preferred) and ACCT 2301 or ACCT 2401 and ACCT 2302 or ACCT 2402 only. The ECON 2301, MATH (except MATH 1325) and SPCH classes also meet General Education requirements.

University Honors Program

The UTPB Honors Program provides a select group of students an academically enriching and intellectually stimulating experience.

Benefits

- The opportunity to meet in smaller classes with students with similar interests and ability.
- The opportunity to exercise one's own initiative rather than always depending on explicit instructions from teachers.
- Students who graduate in the University Honors Program have that notation recorded on their diplomas and permanent records.
- Personalized and comprehensive Honors advising.
- Independent research experience providing excellent preparation for graduate and professional training.

Features of the Program

- Nine (9) hours of seminar courses – A three-course sequence wherein students learn of the most influential ideas, authors, and trends that have helped to shape the 21st Century world.
- Six (6) hours of "H-designated" courses – Honors students take two honors-designated upper-division courses in their respective majors.
- Three (3) hours of Honors Senior Thesis – Students complete an independent senior thesis that builds on the students' knowledge and interest in a field of study. During the course, students complete a research paper or a creative project.
- One (1) hour Senior Seminar – Honors students meet once a week to discuss with fellow honor students current topics and ideas as well as their individual projects.

Entrance Requirements

The admission requirements for entering freshmen are:

- Minimum 3.5 High School GPA on a 4.0 scale
- 1100 SAT or 24 on ACT
- Recognized that high school GPAs and standardized tests will not measure each student's academic capabilities and talents. Therefore, a student who does not meet the initial requirements may submit an application to the Honors Program. These students must also submit two letters of recommendation from former teachers. These students must still write the mandatory essay.
- Automatic admission to the Honors Program will be granted to any student who:
- Is a National Merit Scholar
- Is a Hispanic Merit Scholar
- Has earned an International Baccalaureate degree

Honor Course Listing

UNIV 1301 Honors Freshman Seminar I

This constitutes the first in a three-part series of courses required for students enrolled in the University's Honors Program. In this course, students will learn of the most influential ideas, authors, and trends that have helped to shape the 21st Century world. Admission to the University's Honors Program is required before enrolling in this course.

UNIV 1302 Honors Freshman Seminar II

This constitutes the second in a three-part series of courses required for students enrolled in the University's Honors Program. In this course, students will learn of the most influential ideas, authors, and trends that have helped to shape the 21st Century world. Successful completion of Honors Freshman Seminar I (UNIV 1301) is required before enrolling in this course.

UNIV 2301 Honors Sophomore Seminar I

This constitutes the third in a three-part series of courses required for students enrolled in the University's Honors Program. In this course, students will learn of the most influential ideas, authors, and trends that have helped to shape the 21st Century world. Successful completion of Honors Freshman Seminar II (UNIV 1302) is required before enrolling in this course.

Additional Facilities and Student Information

Gymnasium/Pool Complex

This three-story building is designed for recreational use by students, faculty and staff and their families.

The Gymnasium/Pool Complex consists of four racquetball courts, two volleyball, badminton courts, and three basketball courts. The complex has an exercise room equipped with free weights and a full set of station weight machines. In addition, there is a lighted athletic field, four lighted tennis courts, and 3.5 miles of walking, jogging and skating trails. The Olympic-size swimming pool is the largest outdoor pool in Odessa. It is heated for comfort and has certified lifeguards on duty during operating hours. The pool is open mid-March through mid-October.

Student Publications

The Office of Student Services supports the dissemination of news and information of student interest and the publication of literary and artistic student work. *The Sandstorm*, an annual magazine-yearbook publication, is a collection of poems, short stories, and essays submitted by students and selected by a panel for publication. The magazine also prints photographs of student art that includes painting, sculpture, pottery and photography. The editor and staff of this student publication are selected from the student body. Applications for editor are accepted from returning students and incoming students with publication experience. *The Mesa Journal*, the student newspaper for U. T. Permian Basin publishes news and information regarding the University, its students, and national or international news that affect the University community. *The Mesa Journal* provides an opportunity for students to gain newspaper journalism experience while attending the University. The editor and staff for *The Mesa Journal* are selected from the student body.

Definitions of Academic Terminology

BA	Bachelor of Arts
BAAS	Bachelor of Arts in Applied Sciences
BBA	Bachelor of Business Administration
BFA	Bachelor of Fine Arts
BM	Bachelor of Music
BS	Bachelor of Science
BSN	Bachelor of Nursing
BSW	Bachelor of Social Work
ExCET	Examination for the Certification of Educators in Texas
FERPA	Family Educational Rights and Privacy Act
GPA	Grade point average
PASS	Programs Assisting Students Study
REACH	Regional Electronic Academic Communications Highway
SCH	Semester credit hour(s)
TCCNS	Texas Common Core Numbering System
TExES	Texas Examinations of Educator Standards
TOPT	Texas Oral Proficiency Test
TSI	Texas Success Initiative
UTOOC	University of Texas Consortium online program

College of Arts and Sciences
Michael Zavada, Ph.D., Dean
Haesun Lee, Ph.D., Associate Dean
For Information Contact (432) 552-2220

Michael S. Zavada, Ph.D. (University of Connecticut) has been Dean of the College of Arts and Sciences since July, 2015. Dr. Zavada has previously served as a Dean for three years and as a department chair for 16 years in departments of Biological Sciences. He has been on the faculties of the University of the Witwatersrand, Johannesburg South Africa, University of Louisiana - Lafayette, Providence College, Rhode Island, East Tennessee State University Johnson City, and Seton Hall University, South orange, NJ. As a faculty member he has taught undergraduate and graduate level courses in Biology, Botany, Evolution, Plant Taxonomy, Palynology, and Paleobotany. He has received about 4.5 million dollars in grants and has consistently published throughout his academic career.

Haesun Lee, Ph.D. (Illinois Institute of Technology) has been Associate Dean of the College of Arts and Sciences since September of 2013. She is a Professor of Computer Science. Her primary research interest is on Real-Time systems. She has published numerous research papers in many refereed conference proceedings of the international computer science conferences sponsored by the well-known professional societies such as IEEE, ACM and ISCA. Her works also appeared in the Journal of Computational Methods in Science and Engineering, in years 2006, 2009, and 2012. Her recognitions include the 2006 Chancellor's Outstanding Teacher Award.

General Overview

The College of Arts and Sciences was formed in 1994 by combining the divisions of Behavioral Sciences, Humanities and Fine Arts and Science and Mathematics. In January 2007, the College was restructured. There are now nine academic departments: Biology, History, Kinesiology, Literature and Languages, Mathematics and Computer Sciences, Physical Sciences, Social Sciences, and Visual and Performing Arts.

The Departments and the disciplines within each department are listed below along with Department Chairs and discipline Coordinators.

Departments and Chairs	Disciplines within Departments and Coordinators
Biology Doug Spence, Chair	Biology – Doug Spence Pre-Med – Doug Spence
Literature and Languages Rebecca Babcock, Chair	English – Rebecca Babcock Spanish – Antonio Moreno(graduate);Perla Abrego (undergraduate)
History Roland Spickermann, Chair	History – Roland Spickermann Humanities – Roland Spickermann
Kinesiology James Eldridge, Chair	Kinesiology – James Eldridge
Mathematical and Computing Sciences Paul Feit, Chair	Computer Science – Ilhyun Lee Information Systems – Haesun Lee Mathematics – Paul Feit
Physical Sciences Kyle Beran, Chair	Chemistry – Kyle Beran Geology – Emily Stoudt
Psychology Kay Ketzenberger, Chair	Psychology – Kay Ketzenberger
Social Sciences Craig Emmert, Chair	Criminal Justice – Gregg Hammon Leadership – Craig Emmert Political Science – Craig Emmert Public Administration – Craig Emmert Social Work – Kay Ketzenberger Sociology – Joanna Hadjicostandi Pre-Law – Craig Emmert
Visual and Performing Arts Shawn Watson, Chair	Art – Nancy Hart Communication – Michelle Pence Drama – Shawn Watson Music – Dan Keast

Mission

The mission of the College of Arts and Sciences is to prepare students to think critically, communicate effectively, and carry out the duties of responsible citizens and competent professionals. As U.T. Permian Basin’s largest and most comprehensive academic unit, the College provides a liberal arts and sciences foundation for all undergraduate students as well as specialized degree programs at both the undergraduate and graduate levels. The College is committed to the discovery, synthesis, interpretation, dissemination of new knowledge, and service to both professional academic groups and the other communities we serve through the application of knowledge to human issues and concerns.

The College is proud of its master's degree research and applied programs that are designed to afford students the opportunity for advanced academic and health related work, careers in teaching, laboratory and naturalistic research, creative and professional endeavors and other areas of scholarly or public service. See The University of Texas of the Permian Basin's Graduate Studies Catalog for more details.

Undergraduate Major Disciplines

The College of Arts and Sciences offers the Bachelor of Arts (BA) degree: Art, Communication, Criminology, English, History, Humanities, Leadership Studies, Political Science, Psychology, Sociology, and Spanish. The College offers the Bachelor of Science (BS) degree in the following disciplines: Athletic Training, Biology, Chemistry, Computer Science, Criminal Justice, Geology, Information Systems, Kinesiology and Mathematics. The Bachelor of Applied Arts and Sciences (BAAS) is offered in Applied Arts and Sciences. The Bachelor of Fine Arts (BFA) is offered in Art. The Bachelor of Social Work (BSW) is offered in Social Work.

The College also provides a Pre-professional Health Curriculum for students planning to enter medical, dental, optometry, pharmacy or veterinary schools. Students planning careers in these and other allied health fields are referred to the Biology section on pre-professional health programs in this catalog, and to faculty in Biology and Chemistry for advising. Students planning to attend law school are referred to the Pre-Law section of the catalog.

In addition to the University's minimum general education core requirements for the BA and BS degrees, students must complete the specific major discipline's degree requirements. The specific additional requirements for these disciplines and various options may be found in the academic discipline sections of this catalog. See also the Pre-Law section in this catalog.

For the BA, BFA, BS, and BSW degrees, a minimum of 120 semester credit hours is required. The degrees in all majors require that at least 48 hours must be taken at the upper division (junior and senior) level except the BA in Communication and the BAAS, both of which require only 42 upper level hours. Depending on the major, at least 18-30 credit hours must be taken within the major at the upper level. Individual disciplines may set additional and more specific requirements for their respective degrees. This information can be found in the academic discipline sections of this catalog. Enrollment in upper level courses in the major is permitted only after the student has completed all lower-division (freshman and sophomore) prerequisites in the major.

Minor

Students majoring in a discipline within the College must complete a minor with the exception of those seeking: the double major, a second bachelor's degree, or a concurrent second bachelor's degree; the BA in Humanities; the BA in Art (the all level teaching certification program only), the BFA in Art, and BSW in Social Work. A minor consists of a minimum of 18 credit hours, at least nine of which must be upper division. No courses may be counted simultaneously toward the major and minor. Each discipline specifies the requirements for the minor, and there are interdisciplinary minors in Leadership Studies, Bilingual/ESL, Energy Studies, Latin American Studies, Multicultural Studies, Special Populations and Women's Studies. In addition, although a student may not major in non-degree programs such as Fine Arts, Geography and Drama, students may minor in these fields. The specific requirements for these minors may be found in the academic discipline sections of this catalog.

Advising

All freshman and sophomore students in the College of Arts and Sciences will be advised by professional advisors in the Academic Advising Center. Juniors and seniors will be assigned a faculty advisor in their chosen major and will be advised by that advisor for their last two years at The University of Texas of the Permian Basin.

All incoming transfer students in the College of Arts and Sciences will be initially advised by professional advisors in the Academic Advising Center. If the incoming transfer student is a freshman or sophomore, the student will be advised by the professional advisors until the student is a junior at which time a faculty advisor in the student's chosen major will be assigned. If the incoming transfer student is a junior or senior, after initial advising by a professional advisor in the Academic Advising Center, a faculty advisor will be assigned.

All students should meet their advisor—either faculty or professional—once each semester. At that meeting the advisor will update the student's degree plan and discuss the courses the student should take during the subsequent semester. In this way, the student can complete his or her degree in a timely and efficient manner.

A student who enters the University and decides to defer declaring a major will be advised by the Academic Advising Office. Once the student declares a major and is a junior or senior, the Academic Advising Office will assign a faculty advisor in that major field.

Prospective high school and community college students are encouraged to contact the Academic Advising Office for assistance in planning high school and lower division transfer programs or to learn more information about specific major programs and career opportunities.

Freshman or sophomore students in online programs will be advised online by professional advisors in the Academic Advising Center. The student must initiate advising by emailing eadvisor@utpb.edu.

Teacher Certification and TExES Requirements

Students who seek teaching certification are subject to additional course requirements and procedures that are described in the College of Education section of this catalog. The *Teacher Certification Officer* in the College of Education should be consulted for the purpose of generating a separate teacher certification plan.

Graduate Programs

At the graduate level, master's degrees are offered in eleven Arts & Science fields. The Master of Arts (MA) degree is offered in English, History, Mathematics, Psychology, and Spanish; the Master of Science (MS) is offered in Biology, Computer Science, Criminal Justice Administration, Geology and Kinesiology; and the Master of Public Administration (MPA) is offered in Public Administration under Leadership Studies. The specific admissions and course requirements for these Master's Degrees may be found in The University of Texas of the Permian Basin's Graduate Studies Catalog.

Applied Arts and Sciences

Administered by the Department of Kinesiology within the College of Arts and Sciences. The purpose of the Bachelor of Applied Arts and Science (B.A.A.S.) program is to offer career advancement opportunities to students who have previously earned the Associate of Applied Sciences (A.A.S.) degree. The B.A.A.S. degree will enhance students' technical education and will prepare them with leadership skills relevant in their respective working environments. The B.A.A.S. program allows students to choose one of the three tracks that best suits their needs for professional development: Health Professions, Human & Legal Studies, and Industrial Technology.

Degree requirements

The total credits required for a degree is **120**.

General Education

42 credits

Complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All majors must demonstrate a basic use of computing through completion of COSC 1335, or through examination, or through a similar computer science course that requires the actual use of computers.

Applied Arts and Science Requirements

The B.A.A.S. is available only to students transferring to the University with an A.A.S. degree or its equivalent. A block of 30 semester credit hours (sch) from the technical field of the A.A.S. degree will be applied to the B.A.A.S. degree. Fifteen additional sch from the General Education Requirements category taken as part of the A.A.S. degree can also be applied to satisfy the University's General Education Requirement section of the B.A.A.S. degree. Students must complete 27 sch in courses related to their A.A.S. specialty. In addition, all B.A.A.S. students must complete BAAS 4393 (Senior Project) and all B.A.A.S. students will be required to complete a supervised internship course.

Minor

18 credits

B.A.A.S. students must complete a minor. At least 12 sch must be upper level. No more than 6 sch from courses applied toward the B.A.A.S. major may be used towards the minor.

Electives

Students may need to take electives to reach the required 120 total semester credit hours. Of these, at least 42 sch must be upper level.

Course Listing

BAAS 4393 Senior Project (3)

Senior project based on the student's B.A.A.S. track, supervised by a faculty advisor.

Bachelor of Applied Arts and Sciences

NAME _____

UID#: _____

General Education Requirements (42sch):

- ___ English Composition, 6 credits 1301 & 1302
- ___ Literature, 3 credits, 2322, 2323, 2327, or 2328
- ___ U.S. History, 6 credits 1301 & 1302 recommended
- ___ U.S., State & Local Govt. 6 credits PLSC 2305, 2306
- ___ Lab Sciences, 8 credits
- ___ Mathematics (Statistics may be used for 2nd math)
- ___ Speech, 4 credits
- ___ Creative Arts, 3 credits.
- ___ Social Science, 3 credits
- ___ Computer use

NOTES ON GRADUATING:

1. Read the U.T. Permian Basin catalog and be familiar with the University's requirements for the B.A.A.S. degree. **It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the degree.**
2. Complete 120 semester credit hours.
3. At least 42 credits must be upper level. At least 30 of these must be completed at U.T. Permian Basin.
4. Obtain at least a "C" grade in all courses counting toward the major. Maintain a grade point average of at least 2.0 in all courses applicable toward the B.A.A.S.

B.A.A.S. TRACKS: Health Professions, Human and Legal Studies, and Industrial Technology

The B.A.A.S. will only be available to students transferring to the University with an A.A.S. degree or its equivalent. A block of 30sch from the technical field of the A.A.S. degree as well as all transferable General Education credit hours will be applied to the degree. Each student must complete 27sch in courses related to their AAS specialty. This total may include no more than 6sch from the department of the selected minor and should be selected from the Health Professions, Human & Legal Studies, or Industrial Technology categories. B.A.A.S. students must demonstrate a basic use of computing through completion of COSC 1335, or through examination, or through a similar computer science course that requires the actual use of computers. In addition, all B.A.A.S. students must complete BAAS 4393, Senior Project and every student will be required to complete a 3sch supervised internship. B.A.A.S. students must also complete a minor and no more than 6sch from the major may be used toward the minor.

Art

Administered by the Department of Visual and Performing Arts within the College of Arts and Sciences.

Our Mission in ART is to:

- Prepare students to become professional artists and educators to develop an attitude that leads to continued study at an advanced or professional level in the field as well as to engage in lifelong learning.
- Offer a diversity of cultural and artistic media in the form of exhibitions, lectures, seminars, competitions, and visiting artist that enhance the awareness of and exposure to historical and contemporary art and contemporary concerns in Art education for UTPB students as well as the residents of the Permian Basin.
- Provide the skills, knowledge, and experience necessary to teach all levels of Art.
- Serve non-art majors by offering courses in Studio Art, Art History, and Art Appreciation.
- Provide all students with a quality educational experience in the Visual Arts and to serve the Permian Basin as a resource for Arts-related programs.

The Discipline's Goals in ART are to:

- Provide undergraduate students, many of whom are first-generation university students, with access to an excellent and personal experience in the arts.
- Recruit and retain highly qualified students, to encourage the development of their potential, and to provide a high quality environment that prepares them to become professionals in their fields.
- Continue our role as a leader in visual arts education.

The Art discipline of the University of Texas of the Permian Basin is accredited by the National Association of Schools of Art and Design.

Degrees in Art

UT Permian Basin offers two degrees in the area of Art: the Bachelor of Arts (BA) and the Bachelor of Fine Arts (BFA). The BA with a major in Art requires either an eighteen credit hour minor or the Teacher Certification component which consists of twenty-four credit hours. The focus of the BFA is a professional degree in Art.

All Art majors are required to meet the visual arts core prior to taking upper-level courses. Students who transfer to UTPB and have not met the core requirements must also complete the core before taking upper-level courses. These core courses prepare students for Junior and Senior level courses and are a necessary foundation for advanced work.

General Education

Forty-two semester credit hours are required as stated in the General Education section of this catalog.

Degree Requirements for the Bachelor of Arts with a Major in Art

The total semester credit hours required for a B.A. in Art is 120.

Bachelor of Arts with a Major in Art and 18 Credit Hour Minor

The Bachelor of Arts with a Major in Art and All-Level Teacher Certification

The total semester credit hours required for a B.A. in Art with Teacher Certification is 120.

Should students prefer a career in teaching within the public or private sector, it is appropriate to pursue Teacher Certification. This is a BA with a major in Art with the 48 credit hours in the major and 24 credit hours of Education courses. Students interested in Teacher Certification will earn the BA in Art while completing the requirements for certification. It is necessary for the students to fulfill the education requirements to earn the BA degree in Art. Students must apply for admission to the Teacher Preparation program and obtain a certification advisor.

All-Level(EC-Grade 12) Options

EC-Grade 12 Art (24sch)

Approved major for this certification: Art.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

* Apply for admission to program prior to registration for Phase II courses.

Phase II: EDUC 4321 or 4322; EDUC 4326.

* Take the diagnostic tests for the TExES prior to registration for Phase III courses.

Phase III: EDUC 4378 (Take professional practices course if required.)

* Take the content-area TExES and PPR TExES. Apply for admission to student teaching.

Phase IV: EDUC 4686 (Student Teaching); EDUC 4099 (Seminar).

* For completion of Seminar, pass the content-area TExES and PPR TExES if not passed previously.

The Bachelor of Fine Arts Degree

The Bachelor of Fine Arts Degree with a major in Art at UT Permian Basin is a professional degree designed to provide students with the skills, knowledge, and experience necessary to become professional artists and designers, and to develop the kind of inquiring mind that will lead to continued study at an advanced or professional level in the field. The total semester credit hours required for a BFA in Art is 120.

Students pursuing a Bachelor of Fine Arts Degree are required to enter two competitions (local, area, state, national, or international) prior to graduation.

ARTS 3305 Modern Hispanic Art and its Foundations
ARTS 4300 Concepts in Modern Art
ARTS 4301 Art since 1940

General Information

Advising

When matriculating to UT Permian Basin as Freshmen, students will be assigned an advisor through the Academic Advising Office (Mesa Building). Upon completion of the core courses, and advancement to junior standing, a Faculty member from the Art discipline will be chosen for each student. The Faculty member will advise the student until graduation. Should the student prefer a different Advisor, a formal change must be processed.

Advanced Placement

Students who have completed Advanced Placement art courses in high school, earning scores of 4 or 5, may receive the following credit toward UTPB degrees in art:

AP Art Examination	UTPB Equivalent Credit
Art History	ARTS 1303, ARTS 1304: 6 credit hours
Art: Studio Art, Drawing Portfolio	ARTS 1316: 3 credit hours
Art: Studio Art, Two-Dimensional Design Portfolio	ARTS 1311: 3 credit hours
Art: Studio Art, Three-Dimensional Design Portfolio	ARTS 1312: 3 credit hours

International Baccalaureate

Students who have completed the International Baccalaureate ART/DESIGN higher-level examinations with a score of 5 or higher should consult the Chair of Visual and Performing Arts regarding the application of IB credit toward degree programs in Visual Arts. Students who wish to petition to substitute IB work for credit other than an art elective should be prepared to show a portfolio of work to the faculty in Visual Arts.

Degree Plan

A degree plan is the official document of the University that lists all courses necessary for a student to complete a chosen degree. It shows how all of the courses will be completed in order to earn the degree. Students should file a degree plan when they reach the sophomore level of their chosen major. This document is signed by the student and his/her advisor and is subsequently submitted to the Registrar's Office.

Degree Audit

A degree audit is the official document of the University that lists all courses students have taken or are currently enrolled in to complete a chosen degree. It shows that all of the requirements have been met in order for the degree to be awarded. Students MUST meet with their advisors and file the degree audit the semester prior to anticipated graduation. This document is signed by the advisor, the chair of Visual and Performing Arts, and is sent with accompanying materials to the Registrar's Office prior to graduation.

Scholarships

Art scholarships have been established through gifts from faculty, alumni and friends of the Art Discipline. In addition to endowed scholarships, occasional annual scholarships are awarded.

Applicants for all scholarships in Art must be enrolled in a minimum of six credit hours and be declared Art majors at UTPB. Additional criteria for each scholarship, application materials and deadlines are available through the office of Financial Aid.

Nancy Fyfe Cardozier Gallery

The University of Texas of the Permian Basin is fortunate to have its own exhibition space. This is due to the generosity of Dr. V. R. Cardozier, president of UTPB from 1974-1982. We present a broadly based exhibition program with emphasis on contemporary art. Among other exhibitions scheduled throughout the academic year, there are two student shows: the Freshman/Sophomore show generally held in late November and the Junior/Senior show in late April. Awards are given to students based on the evaluation of an outside judge. This is another opportunity for students to receive aid for tuition or the added expenses associated with becoming artists.

Visual Arts Course Listing

ARTS 1301 Art Appreciation (3)[†]

The study of art, its role in society, the creative process and standards of artistic judgment. FS Summer

ARTS 1303 Art History Survey I (3)

A study of the history of art from prehistoric to the Renaissance. F

ARTS 1304 Art History Survey II (3)

A study of the history of art from the Renaissance to the post-modern era. S

ARTS 1311 Two-Dimensional Design (3)

The study of design concepts including color theory, value scales and perspective. F

ARTS 1312 Three-Dimensional Design (3)

Exploration of the visual structure and organization of three-dimensional forms in a variety of materials, with an emphasis on the development of creative and critical skills, object and material processing, and concept development. S

ARTS 1316 Introduction to Drawing (3)

Open to non-art majors. The study of basic drawing techniques using black and white media. F

ARTS 2310 Figure Composition I (3)

An introduction to figure drawing using academic approaches with black and white media. S

ARTS 2348 Digital and Lens Imagery (3)

The computer, scanner and camera (digital or analog) will be used to create digital and lens based art. Image making, light, print-media design, time-based art and imaging for the web will be covered in this course. Current computer design programs, cameras and software will be introduced in this course. Offered even years. S

ARTS 3193 Installation Apprenticeship (1)

A hands-on experience installing exhibitions in the university gallery. Students will learn proper museum procedures for uncrating, condition reports, installation, and repacking of art work. FS

ARTS 3301 Women Artists I (3)

The study of women artists from ancient times to the early 1900s. Prerequisite: ARTS 1303 and ARTS 1304.

ARTS 3302 Women Artists II (3)

The study of women artists from the early 1900s to the present. Prerequisite: ARTS 1304 or HIST 2312.

ARTS 3303 American Art I (3)

This course is a survey of the painting, sculpture, photography, architecture, and decorative arts of the United States from pre-colonization through the era of the Civil War. The subject matter concentrates on mainland United States incorporating the arts of Native Americans as well as a variety of immigrant cultures such as European Americans, African-Americans, Asian-Americans and Mexican-Americans. ARTS 1303, HIST 1301, or HIST 4375.

ARTS 3304 American Art II (3)

This course is a survey of the painting, sculpture, photography, architecture, and decorative arts of the United States from the post-bellum period to contemporary times. The subject matter will concentrate on mainland United States incorporating the arts of Native Americans as well as a variety of immigrant cultures such as European Americans, African Americans, and Mexican Americans. ARTS 1304, HIST 1302, or HIST 4376.

ARTS 3305 Modern Hispanic Art and Its Foundation (3)

A study of major Mexican and South American artists from late 19th Century to the present, their essential options and connections to Pre-Columbian foundations. Prerequisites: ARTS 1304 or HIST 3311. Offered odd years. F

ARTS 3306 Theoretical Approaches to Art History (3)

This course will introduce students to ways of thinking and writing about Art in terms of critical theory. Prerequisites: ARTS 1304 and ENGL 1302. Offered even years. S

ARTS 3310 Figure Composition II (3)

Figure drawing based on personal response and interpretation of the model with various colored media. Prerequisite: ARTS 1311, ARTS 1316, and ARTS 2310. Offered odd years. F

ARTS 3311 Drawing for Non-Art Majors (3)

Basic drawing techniques using black and white media. An upper level elective open to juniors and above. (Not for art majors.)

ARTS 3320 Painting (3)

The study of basic painting techniques: preparations of ground and support for a painting, color and paint handling, the chemistry of paint and pigments including paint modifiers. Prerequisite: ARTS 1311, ARTS 1316, and ARTS 2310. S

ARTS 3323 Painting for Non-Art Majors (3)

A course in painting for non-art majors including historic overview of painting, basic painting techniques, appropriate painting surfaces, construction of canvases, brushes, chemistry of paint, and color handling. (Not for Art Majors.)

ARTS 3331 Sculpture (3)

Develops broad understanding and use of sculptural language through exploration with various materials, techniques and processes as they relate to the development of sculptural ideas. Prerequisite: ARTS 1312. Offered even years. F

ARTS 3340 Ceramics for Non-Art Majors (3)

A survey of ceramic processes for the non-art major, including hand-building and wheel-throwing. An upper level elective open to juniors and above. (Not for art majors.) Offered even years. F

ARTS 3341 Ceramic Form (3)

A course in ceramic construction with option on various aspects of ceramic building processes, glaze applications and firing procedures. Prerequisite: ARTS 1311, ARTS 1316, and ARTS 2310. Offered odd years. F

ARTS 3342 Low-fire Ceramics (3)

A course emphasizing low-fire clay bodies, glazes and kiln techniques including raku and pit firing. Prerequisite: ARTS 3341.

ARTS 3348 Graphic Art for Print (3)

Introduction to layout design with the main emphasis on type, corporate identity, package and exhibition design. Projects presented to professional clients. Current design based software will be introduced in this course. Prerequisites: ARTS 1311 and ARTS 2348. Offered odd years. S

ARTS 3350 Relief Printmaking (3)

A course exploring various relief printmaking methods, including woodcuts, linocuts and wood engraving. Prerequisite: ARTS 1311, ARTS 1316 and ARTS 2310. Offered even years. S

ARTS 3351 Silkscreen (3)

Processes include building and preparing the silkscreen, cut paper frisket and various stencil techniques. Prerequisite: ARTS 1311, ARTS 1316 and ARTS 2310. Offered odd years. S

ARTS 3355 History of Printmaking

This course deals with the history of printmaking from Asian, Medieval periods to our current contemporary styles and techniques in printmaking. The student must have a junior standing at the university. Prerequisites: ARTS 1301 or ARTS 1303 or ARTS 1304. Offered even years. Summer

ARTS 3360 Papermaking/Bookmaking (3)

Creating handmade paper using various materials and techniques. Books will be made from the paper. Open to non-art majors. Prerequisite: ARTS 1311, ARTS 1316, ARTS 1312. Offered odd years. Summer

ARTS 3389 Selected Topics, Studio (3)*

Undergraduate studio courses which will be offered only once or will be offered infrequently or which are developed before a regular listing in the catalog.

ARTS 3601 Art History Studies Abroad (6)*

The study of Art History through travel in a variety of foreign countries. Maymester/Summer

ARTS 4300 Concepts in Modern Art (3)

This course focuses on the first half of the twentieth century and investigates the underlying ideas on which today's art is based. Prerequisites: ARTS 1304 or HIST 2312. Offered odd years. S

ARTS 4301 Art since 1940 (3)

This course focuses on the art of the latter part of the twentieth century until the present. Prerequisite: ARTS 1303 or HIST 2312. Offered even years. F

ARTS 4302 History of African American Art (3)

This course is a survey of the arts of African Americans in the United States. It covers the portrayal of African Americans as well as a chronological study of the contributions African Americans artists have made to the overall arts of this country. Prerequisites: ARTS 3303, ARTS 3304, or HIST 4377.

ARTS 4304 History of Nineteenth Century Art (3)

This course is a survey of European visual arts (and some from the United States) from the post revolutionary era to the 1900 World's Fair. Emphasis is placed on stylistic developments (Romanticism, Realism, Academicism, Impressionism, and Post-Impressionism) within historical and cultural contexts. Painting, sculpture, photography, and architecture will be included in this survey. Prerequisites: ARTS 1301 or ARTS 1304 or HIST 2322.

ARTS 4305 History of Renaissance Art (3)

This course is a study of the visual arts of Italy and Northern Europe from approximately 1400 to 1600 CE. A variety of artistic media will be discussed and analyzed in their reciprocal relations: frescoes, mosaics, sculpture, architecture, miniatures, etc. Using examples from these media, artistic and cultural trends will be examined and compared. Prerequisites: ARTS 1303 or HIST 2321.

ARTS 4310 Creative Drawing (3)

Drawing based on creativity and personal imagery using various media and approaches. Prerequisite: ARTS 1311, ARTS 1316, and ARTS 2310. Offered even years. F

ARTS 4311 Advanced Drawing I (3)

A course designed for students wishing to develop advanced skills in drawing using various media and mixed media techniques. Prerequisite: ARTS 1303, ARTS 1304, ARTS 1311, ARTS 1316, ARTS 2310, ARTS 3310 and ARTS 4310. F

ARTS 4312 Advanced Drawing II (3)

Continuation of Advanced Drawing I with development of personal imagery and techniques. Prerequisite: ARTS 4311. F

ARTS 4320 Advanced Painting I (3)

A course designed for students wishing to develop advanced skills in painting using a particular painting medium. Prerequisite: ARTS 1311, ARTS 1316, ARTS 2310 and ARTS 3320. S

ARTS 4321 Advanced Painting II (3)

Continuation of Advanced Painting I (ARTS 4320) emphasizing the development of personal imagery and painting techniques. Prerequisite: ARTS 4320. S

ARTS 4330 Sculpture: The Human Form (3)

Formal and alternative methods of figurative sculpture using traditional clay and plaster rendering.

Prerequisite: ARTS 3331. Offered odd years. F

ARTS 4333 Advanced Sculpture (3)*

A course allowing students to develop advanced technical knowledge in a variety of sculptural media while developing a personal vision and individual approach to the use of the medium. Prerequisites:

ARTS 3331. F

ARTS 4340 Medium to High-Fire Ceramics (3)

A course emphasizing the use of gas fired kilns and medium to high fire ceramics. Prerequisite: ARTS 3341.

ARTS 4342 Clay and Glazes (3)

The scientific approach to the formulation of clay bodies and glazes. Prerequisite: ARTS 4340.

ARTS 4344 A Survey of World Ceramics (3)

This course will follow the 10,000 year history of the use of clay as both a functional and artistic medium. Our journey will begin during the Neolithic period and end with the ceramic tiles on the Space Shuttle.

ARTS 4348 Graphic Art: Web (3)

Introduction to the World Wide Web. Use of computer applications to design layouts for the web.

ARTS 4350 Intaglio (3)

A course exploring various printmaking techniques with metal plates. Includes plate preparation, drypoint, etching, soft ground, printing and presentation of prints. Prerequisite: ARTS 1311, ARTS 1316 and ARTS 2310. Offered even years. F

ARTS 4351 Lithography (3)

Processes include drawing with various lithographic media, etching and printing the stone and presentation of prints. Prerequisite: ARTS 1311, ARTS 1316 and ARTS 2310. Offered odd years. F

ARTS 4352 Advanced Printmaking I (3)

A course designed for further exploration of a particular printmaking medium and emphasizing technical skills. Prerequisite: ARTS 1311, ARTS 1316, ARTS 2310, ARTS 3350 or ARTS 3351 or ARTS 4350 or ARTS 4351. FS

ARTS 4353 Advanced Printmaking II (3)

Continuation of Advanced Printmaking I with particular option on personal imagery. Prerequisite: ARTS 3350 or ARTS 3351 or ARTS 4350 or ARTS 4351 and ARTS 4352. FS

ARTS 4389 Selected Topics-Lecture (3)

The study of various topics not regularly offered.

ARTS 4391 Contract Study (3)*

A course for independent study in an area with instructor supervision when other options are not available. FS

ARTS 4392 Internship (3)*

For Art Majors only. An internship with an appropriate organization using skills learned as an art major. Seniors only and permission of the supervising instructor required. FS

ARTS 4393 BFA Seminar (3)

A culminating experience for the BFA student, taught as an independent study. At the conclusion of this semester the student will stage an exhibition of their own work, and will have the professional tools (resume and portfolio) to pursue a career in art or pursue a graduate degree. Prerequisite: Senior status, BFA majors only. FS

*** Course may be repeated twice.**

† Course fulfills general education requirements.

DEGREE REQUIREMENTS:

1. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BFA degree.
2. Complete at least **120 sch** for the BFA degree. At least **48 sch** must be completed at the junior/senior level, and 24 of the last 30 must be taken at U.T.P.B.
3. At least **30 sch** must be taken at UTPB.
4. Obtain at least a C grade in ALL MAJOR courses. Maintain a GPA of 2.0 or C average in all courses applicable toward the BA degree.

GENERAL EDUCATION REQUIREMENTS (42 sch)

(Please refer to the catalog for specific course choices to fill the requirements.)

- ___ Communication-ENGL 1301 & 1302 (6 sch)
- ___ History (United States) HIST 1301 & 1302 (6 sch)
- ___ Government and Political Sciences PLSC 2305 & 2306 (6 sch)
- ___ Life and Physical Sciences (6sch)
- ___ Language, Philosophy, and Culture- Literature (3 sch)
- ___ Mathematics (MATH 1314, 1324, 1332, or 2412) (3-4 sch)
- ___ Creative Arts (3 sch)
- ___ Oral Communication (Speech) (3 sch)
- ___ Social and Behavioral Science (3 sch)
- ___ Component Area Option (3 sch)
 (Lab to accompany physical and biological sciences Courses and Communication Lab (if math is 3 sch)

Bachelor of Fine Arts

The BFA is a professional degree designed to provide students with the skills, knowledge and experiences necessary to become professional artists.

All Art majors will be required to meet the visual arts core or its equivalent. Those students transferring in who have not met these requirements must do so before taking junior and senior level courses.

FRESHMAN/SOPHOMORE VISUAL ARTS CORE

(27 sch):

- ___ ARTS 1303 Art History Survey I (3 sch)
- ___ ARTS 1304 Art History Survey II (3 sch)
- ___ ARTS 1311 2D Design (3 sch)
- ___ ARTS 1312 3D Design (3 sch)
- ___ ARTS 1316 Introduction to Drawing (3 sch)
- ___ ARTS 2310 Figure Composition I (3 sch)
- ___ ARTS 2348 Digital Arts (3 sch)
- ___ Lower Level Art Elective (3sch)
- ___ Lower Level Art Elective (3sch)

UPPER LEVEL ART REQUIREMENTS (33sch):

- ___ Sculpture (3 sch)
- ___ Painting (3 sch)
- ___ Printmaking (3 sch)

- ___ Social and Behavioral Science (3 sch)
- ___ Component Area Option (3 sch)
(Lab to accompany physical and biological sciences Courses and Communication Lab (if math is 3 sch)

Bachelor of Arts in Art with a Minor

This option is designed for those students seeking a liberal arts degree with Art as a major. It is a 36 sch major (minimum of 24 sch at UT Permian Basin) with a minor (see catalog for minor choices and minor requirements) and gives students a broad based education in the visual arts.

All Art majors will be required to meet the visual arts core or its equivalent. Those students transferring in who have not met these requirements must do so before taking junior and senior level courses.

FRESHMAN/SOPHOMORE VISUAL ARTS CORE (18 sch):

- ___ ARTS 1303 Art History Survey I (3 sch)
- ___ ARTS 1304 Art History Survey II (3 sch)
- ___ ARTS 1311 2D Design (3 sch)
- ___ ARTS 1312 3D Design (3 sch)
- ___ ARTS 1316 Introduction to Drawing (3 sch)

___ ARTS 2310 Figure Composition I (3 sch)

UPPER LEVEL ART REQUIREMENTS (18 sch):

Bachelor of Arts in Art with All Level Teacher Certification

This option is designed for students interested in a teaching career within the public or private school sector. It is a 48 sch major (minimum of 24 sch at UT Permian Basin) with teacher certification. **SEE YOUR CERTIFICATION ADVISOR FOR A CERTIFICATION PLAN AND CERTIFICATION ADVISING.** All Art majors will be required to meet the visual arts core or its equivalent. Those students transferring in who have not met these requirements must do so before taking junior and senior level courses.

FRESHMAN/SOPHOMORE VISUAL ARTS CORE (18 sch):

- ___ ARTS 1303 Art History Survey I (3 sch)
- ___ ARTS 1304 Art History Survey II (3 sch)
- ___ ARTS 1311 2D Design (3 sch)
- ___ ARTS 1312 3D Design (3 sch)
- ___ ARTS 1316 Introduction to Drawing (3 sch)
- ___ ARTS 2310 Figure Composition I (3 sch)

All Art majors are required to meet the visual arts core prior to taking upper-level courses. Students transferring to UT Permian Basin must also meet these requirements before taking junior and senior level Art courses.

UPPER LEVEL ART REQUIREMENTS (30 sch):

- ___ Painting (3 sch)

- ___ Sculpture (3 sch)
- ___ Ceramics (3sch)
- ___ Printmaking (3sch)
- ___ Drawing (3 sch)
- ___ Drawing (3 sch)
- ___ Photography (3 sch)
- ___ Art Elective (3 sch)
- ___ ARTS 3306 Theoretical Approaches to Art History (3 sch)
- ___ ARTS 4301 Art Since 1940 (3 sch) OR
- ___ ARTS 4300 Concepts in Modern Art

Athletic Training

Bachelor of Science in Athletic Training

Students desiring to pursue athletic training as a profession should begin this track early in their college career. Students will receive academic course work combined with practical hands-on experience under the supervision of nationally certified and state licensed athletic trainers. The Athletic Training Education is accredited by the Commission on Accreditation of Athletic Training Education (CAATE) and meets all requirements for students who successfully complete the program to test for BOC national certification as well as Texas Department of State Health Services and the TABAT (Texas Advisory Board of Athletic Trainers), licensing.

Students will have a minor area of study that consists of 21 credit hours in Biology. There are two tracks in the B.S. in Athletic Training Major, certified and non-certified. Students who wish to become a certified teacher as well as an athletic trainer will take courses in the College of Education in addition to those in the minors of study.

Once general education requirements are completed, courses that comprise the B.S. in Athletic Training major are as follows.

KINE 1115 Beg/Adv Swimming
KINE 1156 Aerobics
KINE 1159 Weight Training
KINE 1301 Concepts in Fitness and Health
KINE 1370 Intro to Athletic Training
KINE 2195 Practicum 1A
KINE 2196 Practicum 1B
KINE 2306 First Aid
KINE 2370 Care & Prevention of Athletic Injuries
KINE 3340 Analysis of Human Movement (*Prereq BIOL 3350/3151, 3352/3153*)
KINE 3350 Exercise Physiology (*Prereq BIOL 3350/3151, 3352/3153*)
KINE 3151 Lab: Exercise Physiology (*taken with KINE 3350*)
KINE 3195 Practicum 2A
KINE 3196 Practicum 2B
KINE 3371 Evaluation of the Lower Extremity
KINE 3372 Evaluation of the Upper Extremity
KINE 3374 General Medical Conditions in Athletes
KINE 4175 Seminar in Athletic Training
KINE 4195 Practicum 3A
KINE 4196 Practicum 3B
KINE 4355 Psychology of Injury
KINE 4364 Exercise and Nutrition
KINE 4365 Concepts in Strength & Conditioning
KINE 4370 Therapeutic Modalities
KINE 4372 Rehabilitation of Athletic Injuries
KINE 4375 Organization and Administration of Athletic Training

- Additional hours are required for students who seek TexES certification.

Program Costs

Students accepted into the professional phase of the program must be aware that in addition to the appropriate university tuition and fees for courses, there are additional expenses to participate in the program. Professional phase students are expected to join the National Athletic Trainer's Association as student members. This is required for the tracking of entry level athletic training competencies and clinical experience hour logs using the NATA A-track program. Other expenses include initial/renewal of ARC Professional Rescuer CPR/AED, Blood borne Pathogen, and Oxygen Administration Training on a yearly basis. Students also are responsible for any expenses incurred with travel to off-campus Affiliate Clinical Sites in completion of their clinical rotations assigned by the Clinical Practicum Courses. An additional expense for students is fees triggered by the requirement for background checks to be approved for participation at some Affiliate Clinical Sites.

Expense Summary

1. Professional Rescuer CPR/AED, Blood Borne Pathogen, Oxy. Training - \$ 35 (annually)
2. NATA Student Membership- \$75 (annually)
3. Background Checks- \$25-\$50
4. Clinical Practicum Travel Expenses- Fuel \$100- \$200 (per semester) *estimated
5. TB test- \$30-\$50
6. Program uniform clothing- Pants and Shorts (\$35-\$55 per item), Tee Shirts (\$10 per item)

TEXES Requirements

Candidates for TEXES test in All-Level Physical Education must complete the courses listed below or equivalent courses and the appropriate education courses in the College of Education. College of Education courses include EDUC 4333 and EDUC 4334 and student teaching in elementary and secondary Physical Education. Candidates who wish to certify in Biology as a second teaching field will be placed in Biology for student teaching experiences as well.

Forms of Movement Course Requirements

Demonstrated competence in 3 forms of movement is required of all Athletic Training majors. Credits earned in meeting this requirement do not count toward the hours required for a degree in Athletic Training. However, they count toward the 120 hours required for graduation. The forms of movement requirement may be fulfilled in a number of ways. Options include taking the three courses (KINE 1115, 1156, 1159), participating in intercollegiate or professional athletics and possessing a current official's rating in the course content area. The Forms of Movement Program Handbook is available from any Kinesiology faculty member. A record of each student's progress in the forms of movement program is kept in the program coordinator's office.

Course descriptions for the B.S. in Athletic Training follow. More information on other Kinesiology courses that may be used to fulfill electives in the B.S. in Athletic Training may be found in the B.S. in Kinesiology section of this catalog.

Course Listing

KINE 1115 Beg/Adv Swimming (1)

Develop swimming stroke skills for personal use and learn basic swimming instructional techniques. Appropriate for swimmers from novice through advanced while using the Personalized System of instruction. F, S, Su

KINE 1156 Aerobics (1)

Opportunity to obtain skill and knowledge through participation in this lifetime activity.

KINE 1159 Weight Training (1)

Opportunity to obtain skill and knowledge through participation in this lifetime activity.

KINE 1301 Concepts in Fitness and Health (3)

Offers an introduction to the basics of personal health, fitness, and major contemporary health issues. F, S, Su

KINE 1370 Introduction to Athletic Training

This course will introduce students to basic knowledge, skills and values and history of the athletic training profession, including medical terminology, taping/wrapping techniques through classroom instruction, laboratory exercises, and directed observations (50 clock hours). This class presents learning in topics pertinent to Athletic Training, and Kinesiology students. F

KINE 2195 Practicum 1A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 1301 and/or KINE 2306. Practicum activities will take place on campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Students must be officially admitted into the professional phase of the ATEP. F, S

KINE 2196 Practicum 1B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 4370. Practicum activities will take place on campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Prerequisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 2195. F, S

KINE 2306 First Aid (3)

Offers instruction in the knowledge and skills necessary, in an emergency situation, to help sustain life, reduce pain, and minimize the consequences of injury or sudden illness until professional medical help arrives. Opportunity for American Red Cross First Aid and CPR certifications. F, S

KINE 2370 Care and Prevention of Athletic Injuries (3)

Introduction to the prevention, recognition, evaluation, treatment, and rehabilitation of common musculoskeletal injuries and conditions. Laboratory experiences emphasize taping and bracing methods and techniques for preventing musculoskeletal injuries/ conditions. A 200 hour clinical observation component is required for students that intend to apply for admission to the Athletic Training Education Program. F S

KINE 3151 Lab: Exercise Physiology (1)

An introduction to many of the basic laboratory procedures and tests used in the field of exercise physiology. The class is designed to complement KINE 3350 Physiology of Exercise. Laboratory equipment is used to collect data and analyze results. Prerequisite: Anatomy and Physiology and concurrent enrollment in KINE 3350 or completion of 3 semester credit hours of undergraduate exercise physiology. F, S

KINE 3195 Practicum 2A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3340, and 4372. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 2196. F, S

KINE 3196 Practicum 2B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3350/51, 3371, 4372. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 3195, F, S

KINE 3340 Analysis of Human Movement (3)

Integration of skeletal and neuromuscular anatomy and physiology with mechanical principles of human movement to structurally and prescriptively analyze movement patterns for performance improvement.

Prerequisite: KINE 2385, or BIOL 3350/3150

(4 credits), or equivalent. F,S

KINE 3350 Physiology of Exercise (3)

Physiological functioning of the human body during physical stress to include muscle strength, cardiorespiratory endurance, environmental effects and conditioning programs. Laboratory equipment used to collect data as part lab, KINE 3151, that is taken concurrently. Prerequisite: KINE 2385 (3 credits), or BIOL 3350/3150 and BIOL 3352/3152 (8 credits), or equivalent. F,S

KINE 3371 Evaluation of the Lower Extremity (3)

Procedures and techniques for the recognition, assessment and evaluation of athletic injuries to the lower extremity. Emphasis is placed on the synthesis of information gathered through injury history, observation, palpation, testing range of motion, neurological and orthopedic examination. F Prerequisites: KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 3372 Evaluation of the Upper Extremity (3)

Procedures and techniques for the recognition, assessment and evaluation of athletic injuries to the upper extremity. Emphasis is placed on the synthesis of information gathered through injury history, observation, palpation, testing range of motion, neurological and orthopedic examination. S Prerequisites: KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 3374 General Medical Conditions in the Athlete (3)

Students will gain knowledge, skills, and values that the entry-level certified athletic trainer must possess to recognize, treat, and refer, when appropriate, the general medical conditions and disabilities of athletes and others involved in physical activity. Includes learning and demonstrating general physical exam screening skills appropriate for entry-level athletic trainers. F '09 prerequisites KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352

KINE 4175 Seminar in Athletic Training (1)

This course is designed for the Athletic Training Major after all academic major didactic and practicum courses have been completed. Students are required to complete a 100 hour internship, submit a written journal of experiences. Students are required to meet weekly with their professor for discussion on professional exam preparation, employment, credentialing, governance, ethics, and scope of practice. Prereq KINE 2306, KINE 2370, KINE 3371, KINE 3372, KINE 3373, KINE 3374, KINE4370, KINE 4372, KINE 4375 F, S

KINE 4195 Athletic Training Practicum 3A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3372, 4355, 4364. Practicum activities will take place on/off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 3196

KINE 4196 Athletic Training Practicum 3B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 4395. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 4195

KINE 4355 Psychology of Injury (3)

Identification and analysis of the psychosocial factors related to the prevention of and recovery from athletic injuries and the development of counseling and referral skills needed when working with athletes and others in the sports medicine environment. S'10

KINE 4364 Exercise and Nutrition (3)

An in-depth examination of the nutritional effects that enhance exercise or sports performance. The class is designed to enhance the student's knowledge of the nutritional needs of athletes as well as possible ergogenic effects of certain dietary plans. The class will include topics on issues in nutritional myths in sports, effects of nutritional supplements, herbal supplements, and pharmacological components that are currently used as ergogenic aids to exercise performance. Prerequisite: KINE 2385 (3 credits), or BIOL 3350/3151 and BIOL 3352/3153 (8 credits), or equivalent. S'10, F'11.

KINE 4365 Concepts in Strength & Conditioning (3)

The class is designed to enhance the student's understanding of the physiological and biomechanical aspects of strength and fitness training methods. It will focus specifically on adaptations associated with aerobic, anaerobic and resistance training exercise programs. Prerequisite: KINE 2385, KINE 3340 and KINE 3350

KINE 4370 Therapeutic Modalities (3)

In-depth study of the application of therapeutic physical agents and modalities treatment used in the care and rehabilitation of musculoskeletal injuries and conditions. The course will also focus on cognitive knowledge, psychomotor skills that are used in the application of cryotherapy, hydrotherapy, and electrotherapy. Prerequisite: KINE 2370 or equivalent. S.

KINE 4371 Organization and Administration in Athletic Training (3)

This course addresses the organization and administration of an athletic training program as a component of the overall health care of athletes and the physically active. Emphasis includes the objectives, principles and problems that are encountered in the management of a comprehensive athletic training program. F '10

Prerequisites: KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 4372 Rehabilitation of Athletic Injuries (3)

Students will learn and initiate the principles and goals of common rehabilitative techniques and procedures of athletic injuries and therapeutic exercise. Emphasis will include holistic and evidence-based approaches to the application of techniques and procedures. F Prerequisites: KINE 2370, 3340; BIOL 3350, 3352.

Program Faculty

James Eldridge, Ed.D. is the Chairperson of the Kinesiology Department, in which the B.S. in Athletic Training degree program is housed.

Richard Lloyd, Ed.D. is the Program Director of the Athletic Trainer Education Program (ATEP). Dr. Lloyd has a Bachelor's degree in Physical Education with a minor in Athletic Training, a Master's degree in Physical Education, and a doctorate in Educational Leadership. He has been certified by the National Athletic Trainers Association as an athletic trainer since 1982 and has athletic training licenses in Texas and New Mexico. Dr. Lloyd served as an athletic trainer for ten years at the high school level and for seventeen years at the college level.

Nydia Cabra is the Head Athletic Trainer, and has a Bachelor's of Science in Physical Education from the University of Texas El Paso, and a Master's of Science in Physical Education from Southwest Texas State University.

Degree plans are listed on the following pages according to the tracks of study within Athletic Training. First is the Bachelor of Science in Athletic Training with a Biology minor, and no certification. The second is the Bachelor of Science in Athletic Training with a Biology minor and teaching certification in Biology.

Speak to your advisor about your career plans and the degree you should pursue. More information about the Kinesiology Department and course offerings can be found in the Bachelor of Science in Kinesiology section of this catalog.

Upper level elective		
Upper level elective		

**Forms of Movement Requirements: 3 courses

KINE 1112 OR KINE 1156	Aerobic Activities OR Aerobics	
KINE 1115	Beg/Adv Swimming	
KINE 1159	Weight Training	

NOTES ON GRADUATING:

1. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BS degree.
2. Complete at least **120** sch for the BS degree. At least 30 sch must be completed at U.T.P.B. and at least 24 of the last 30 must be taken at U.T.P.B.
3. At least **48** sch must be taken at the upper level.
4. Students majoring in Athletic Training are required to complete a Biology minor, which usually consists of 18 sch.
5. Earn at least a C grade in ALL Kinesiology courses. Maintain at least a GPA of 2.0 or C in all courses applicable toward the degree in Kinesiology.
6. **Earn at least a C grade in BIOL 1306/1106 and BIOL 1307/1107.**
7. Students who enrolled in a Texas public institution of higher education as first-time freshman in the Fall 2007 and thereafter are **not permitted to drop more than six courses** during their entire undergraduate career (Texas Administrative Code 4.10). This limit includes all transfer work taken at a Texas institution of higher education

MINOR: BIOLOGY

1.	BIOL 1306/1106	
2.	BIOL 1307/1107	
3.	BIOL 3350/3151(4)	
4.	BIOL 3352/3153(4)	
5.	BIOL 4340 w/res (3)	
6.	BIOL 4342 w/Res (3)	

*Athletic Training Majors transferring in 2000 level Anatomy and Physiology must take an additional 3 sch upper level Biology course.

**The KINE 1109 Forms of Movement credits DO NOT apply to the total semester credit hours in the major, but DO count toward the 120 sch for the BS degree.

NOTES ON GRADUATING:

1. Read the UT Permian Basin catalog and be familiar with the University's requirements for the BS degree. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the B.S. degree.
2. Complete at least 120 semester credit hours for the B.S. degree.
3. At least 54 credits must be at the junior or senior level. At least 30 of these hours must be completed at UT Permian Basin.
4. Obtain at least a "C" grade in all Kinesiology courses. Maintain at least a grade point average of 2.0 or "C" in all courses applicable toward the degree in Kinesiology.
5. Students majoring in Athletic Training are required to complete an academic minor, which usually consists of 18 SCH. Please consult the appropriate catalog for specific details about the distribution of hours in the minor you have chosen to complete. If you intend to substitute a second teaching field for your minor, consult the catalog AND make an appointment with your certification advisor to be certain that you have the correct number and choice of courses.
6. Earn at least a "C" grade in Biology 1305/1106 and Biology 1307/1107.

MINOR (or second teaching field): Biology

Biology

Douglas P. Henderson, PhD
Professor of Biology

Dr. Henderson is a microbiologist who studies two intestinal pathogens, *Vibrio cholerae* and *Plesiomonas shigelloides*. His research concerns how these pathogens acquire iron from heme, the iron-containing component of hemoglobin. He is also working on the development of a temporary blood substitute, based on his work with heme iron transport in bacteria. His results have been published in the *Journal of Bacteriology, Infection and Immunity, and Molecular Microbiology*.

Administered by the Department of Biology within the College of Arts and Sciences.

Courses in Biology apply to the Bachelor of Science degree with a major in Biology and to a minor in Biology. Degree programs in Biology provide preparation for careers in elementary and secondary teaching; research in basic and applied biological sciences; medicine; veterinary medicine; chiropractic medicine; dentistry; optometry; pharmacy; physical therapy; medical technology and other health fields. As a minor, Biology is a good supporting field for majors in Chemistry, Geology, Psychology and Kinesiology. The introductory sequence, General Biology (BIOL 1306/1106, 1307/1107), is required for all Biology degree plans and is appropriate for meeting the University general education requirements for two science courses with laboratory (8 semester credit hours). Biology for Non-majors (BIOL 1308, 1108) is appropriate for, in part, meeting the University general education requirements of two laboratory science courses. BIOL 1308 and 1108 are recommended for students whose major or minor is not in Biology and whose degree program does not require BIOL 1306/1106 and 1307/1107. Some majors not in Biology, for example Kinesiology, do specifically require their students to take BIOL 1306-1106 and 1307-1107, and will not accept BIOL 1308-1108 in their place; if in doubt, students should consult their academic advisor in their major to ascertain whether BIOL 1306-1106 and 1307-1107 are required for their major.

The Biology program features three basic degree plans: a Pre-professional Plan, a Teaching Certification Plan and a General Studies Plan. Students planning a major in Biology should consult with their initial advisor to prepare a degree plan no later than the first semester of enrollment. No more than 45 semester credit hours of Biology may be applied toward the 120 semester credit hour minimum required for a degree. Students seeking to earn a B.S. with a major in Biology must pass all courses taken for the major, minor, general education, and the support and Science & Mathematics requirements on the Biology degree plans with a grade of C or better. Before enrolling in a course, any prerequisites to that course must be passed with a grade of C or better.

In addition to the University general education degree requirements, a major in Biology requires completion of certain supporting courses necessary and appropriate for a major in Biology. The total number of upper

level hours applicable to the BS in Biology must be at least 48 credit hours but may be more in a specific degree plan. These courses are included in the respective degree requirements below.

Degree Requirements, Pre-professional Plan

The Pre-professional Plan is for students planning to enter graduate school or a professional school, including medicine, dentistry, veterinary medicine, medical technology and other health professions. This professional degree plan includes a minimum of 36 semester credit hours in the major with at least 28 credits of upper level 3000 and 4000 number courses.

The total semester credit hours required for a B.S. in Biology on this pre-professional track is **120**.

General Education Requirements

Students on the Pre-professional Plan should complete the requirements in the General Education Requirements section of this catalog, including the following specific courses.

Calculus I and II, MATH 2413 and MATH 2414
General Chemistry I and II, CHEM 1311/1111 and CHEM 1312/1112

Computer Use

All pre-professional majors must demonstrate a basic use of computing through the completion of COSC 1335.

Supporting Requirements, Pre-professional Plan

Organic Chemistry I and II, CHEM 3411/3113 and CHEM 3412/3114
Physics I and II, calculus-based physics, PHYS 2325/2125 and PHYS 2326/2126 are required by some health professional programs and strongly recommended for all majors on the Pre-professional Plan, or PHYS 1301/1101 and 1302/1102
Literature: Survey course preferably at the upper (3000) level
Capstone: History and Philosophy of Science NTSC 4311

Major Requirements, Pre-professional Plan

Students majoring in Biology on the Pre-professional Plan must take a minimum of 36 semester credit hours in the major with a minimum of 28 hours of upper level courses, including:

BIOL 1306-1106	General Biology I with Lab
BIOL 1307-1107	General Biology II with Lab
BIOL 3300-3101	Microbiology with Lab or
BIOL 3324-3125	Cell Biology with lab
BIOL 3310-3111	Invertebrate Zoology with Lab or
BIOL 3321-3113	Vertebrate Zoology with Lab
BIOL 4320	Cell Biochemistry
BIOL 4340-4141	Genetics with recitation and Genetics lab
BIOL 4342	Evolution with recitation
BIOL 4352-4153	Animal Physiology with Lab

Total required upper level hours: **22**

Electives

Majors on the Pre-professional degree plan may take any upper level Biology courses beyond the required courses to achieve the minimum 28 upper level credits.

Molecular Biology and Organismal Biology degree tracks

In addition to the existing Preprofessional, General Studies, and the several Teaching Certification degree programs for the B.S. degree with a major in Biology that require a separate minor, students majoring in Biology have the option of choosing one of two optional tracks that are an expanded major but do not require a minor:

Degree Requirements, Track in Molecular Biology

The major in Biology with the track in Molecular Biology is well suited for students who wish to enter any of the health professional fields such as medicine, dentistry, veterinary, and pharmacy; pursue academic studies at the graduate level in related molecular biological fields; or gain employment in biotechnology areas after obtaining their baccalaureate degree. The track in Molecular Biology may be especially attractive to pre-medical students considering the increased emphasis in cellular and molecular biology on the new MCAT. The track in Molecular Biology consists of a minimum of 46 hours with at least 38 hours taken at the upper level. A minor is not required.

Core required Biology courses (equivalent to Preprofessional Plan):

BIOL 1306/1106	General Biology I	4	
BIOL 1307/1107	General Biology II	4	
BIOL 3300/3101	Microbiology <i>or</i>		
BIOL 3324/3125	Cell Biology	4	
BIOL 3310/3111	Invertebrate Zoology <i>or</i>		
BIOL 3312/3113	Vertebrate Zoology	4	
BIOL 4320	Biochemistry	3	
BIOL 4340/4141	Genetics w/ lab	4	
BIOL 4342	Evolution	3	
BIOL 4352/4153	Animal Physiology	4	
BIOL 3xxx or 4xxx	Biology elective	3-4	
Total hours in Biology core:		33-34	

Molecular Biology track:

BIOL 3300/3101	Microbiology <i>or</i>		
BIOL 3324/3125	Cell Biology (whichever not taken above):	4	
BIOL 4322	Molecular Biology	3	
Choose any two of the following:			
BIOL 4301	Virology	3	} 6-7
BIOL 4303	Nutrition	3	
BIOL 4323	Immunology	3	
BIOL 4362/4163	Histology	4	

Total additional hours, Molecular Biology track: 13-14

Total hours, Biology major w/Molecular Biology track: 46-48

Degree Requirements, Track in Organismal Biology

The major in Biology with the track in Organismal Biology is well suited for students who wish a broad grounding across the classical biological sciences with special interests in natural history, evolution, systematics, behavioral biology, field biology, and other environmentally related sciences. Such a background allows students to be broadly prepared for

graduate work in many biological and environmental areas. The track in Organismal Biology consists of a minimum of 46 hours with at least 38 hours taken at the upper level. A minor is not required.

Core required Biology courses (equivalent to Preprofessional Plan):

BIOL 1306/1106	General Biology I		4
BIOL 1307/1107	General Biology II		4
BIOL 3300/3101	Microbiology <i>or</i>		
	BIOL 3324/3125 Cell Biology		4
BIOL 3310/3111	Invertebrate Zoology <i>or</i>		
	BIOL 3312/3113 Vertebrate Zoology		4
BIOL 4320	Biochemistry		3
BIOL 4340/4141	Genetics w/lab		4
BIOL 4342	Evolution		3
BIOL 4352/4153	Animal Physiology		4
BIOL 3xxx or 4xxx	Biology elective		3-4
Total hours in Biology core:			33-34

Organismal Biology track:

BIOL 3310/3111	Invertebrate Zoology <i>or</i>		
	BIOL 3312/3113 Vertebrate Zoology (whichever not taken above):		4
BIOL 3230/3231	Botany		4
Choose any two of the following:			
BIOL 4354	Animal Behavior	3	} 6
BIOL 4372	Ecology	3	
BIOL 4375	Field Biology	3	

Total additional hours, Organismal Biology track: 14

Total hours, Biology major w/Organismal Biology track: 47-48

Support courses for both Molecular and Organismal Tracks (in common with Preprofessional and General Studies plans of the existing Biology major)

MATH 2413	Calculus I	4
MATH 2414	Calculus II	4
CHEM 1311/1111	General Chemistry I	4
CHEM 1312/1112	General Chemistry II	4
CHEM 3311/3113	Organic Chemistry I	4
CHEM 3312/3114	Organic Chemistry II	4
PHYS 2325/2125 or PHYS 1301/1101	Physics I	4
PHYS 2325/2126 or PHYS 1302/1102	Physics II	4

**Degree Requirements,
Teacher Certification, Grades 7-12**

The Teacher Certification Plan for grades 7-12 is for students planning a career in secondary school teaching with Biology as the academic major and seeking provisional education certification. Students who choose Biology as their academic minor but who wish to receive certification in Biology should refer to the section on the Biology Minor.

General Education Requirements, Teacher Certification Plan, grades 7-12 42 sch

Students majoring in Biology on the Teacher Certification Plan should complete the requirements in the General Education Requirements section of this catalog, including the following specific courses

General Chemistry I and II, CHEM 1311/1111 and CHEM 1312/1112

Additional Requirements, Teacher Certification Plan, grades 7-12 8 sch

Students majoring in Biology seeking standard certification, grades 7-12 have the following additional requirements:

Organic Chemistry I, CHEM 3411-3113

Capstone: History and Philosophy of Science, NTSC 4311

Two semesters of mathematics, specified as: Students seeking certification, grades 7-12, in Biology whose academic minor is in one of the other Science and Mathematics programs (Chemistry, Computer Science, Environmental Science, Geology/Earth Science, or Mathematics) are required to take Calculus I and II, MATH 2413 and 2414, to meet their math requirements. Students seeking certification, grades 7-12, in Biology whose minor is in a program outside of the Department of Science and Mathematics may opt to take MATH 1332 and MATH 1333 or MATH 2412.

Computer Use

Students seeking certification in grades 7-12 must demonstrate a basic use of computing through completion of COSC 1335.

Major Requirements, Teacher Certification Plan, grades 7-12

Students seeking standard certification, grades 7-12 with Biology as the academic major must take at least 30 semester credit hours in Biology, at least 22 of which must be at the upper level. This “reduced” major is an option only to students who complete their certification requirements as part of the Bachelor’s degree; students who do not complete their certification requirements as part of the Bachelor’s degree must complete a full Biology major according to the Pre-professional or General Studies plans. Required courses with elective options are:

BIOL 1306-1106	General Biology I with lab
BIOL 1307-1107	General Biology II with lab
BIOL 3300-3101 or BIOL 3324-3125	Microbiology with lab Cell Biology with lab
BIOL 4340	Genetics with recitation (lab not required)
BIOL 4342	Evolution with recitation
BIOL 3372	Principles of Ecology

Choose among the following as electives to complete the required number of hours for the major: BIOL 3310-3111, Invertebrate Zoology with lab; BIOL 3312-3113 Vertebrate Zoology with lab; BIOL 3230-3231, Botany with lab; BIOL 3350-3151, Human Anatomy with lab; BIOL 3352-3153, Human Physiology with lab; or BIOL 4354, Animal Behavior.

Degree Requirements, Teacher Certification, Grades 4-8

The Teaching Certification Plan for grades 4 – 8 are for students planning a career in middle school teaching with Biology as the academic major and seeking education certification. The description of degree requirements in this section apply to Biology majors seeking certification for 4-8. Consult the College of Education advisor for information regarding education courses and certification procedures. To meet Texas Higher Education Coordinating Board requirements, students seeking certification to teach grades 4-8 must take at least 9 hours of math at or above college-level algebra and at least 12 hours of science. They should plan accordingly when meeting general education and elective course requirements. Students seeking

certification for 4-8 core subjects must take at least 12 hours of math and 14-16 hours of science. (Students certifying to teach 4-8 Math or Science will have additional hours in their respective disciplines.)

General Education Requirements

Students majoring in Biology seeking certification for 4-8 should complete the requirements in the General Education Requirements section on pages 50-51 of this catalog, with particular specifications as outlined in the supporting requirements below.

Additional Requirements, Teacher Certification Plan for 4-8

Students seeking certification in 4-8 with Biology as their major have the following supporting requirements:

EDUC 4327	Literacy Assessment and Intervention
MATH 1314, MATH 1350, and MATH 2350	College Algebra, Foundations of Elementary Mathematics I and II
CHEM 1311-1111 and CHEM 1312-1112	General Chemistry I and II
NTSC 4311	Capstone: History and Philosophy of Science

Computer Use

Students seeking certification in 4-8 must demonstrate a basic use of computing through completion of COSC 1335.

Major Requirements, Teacher Certification Plan, 4-8

Students seeking certification in 4-8 with Biology as the major must take at least 26 hours in Biology with at least 18 hours at the upper level. This “reduced” major is an option only to students who complete their certification requirements as part of the Bachelor’s degree; students who do not complete their certification requirements as part of the Bachelor’s degree must complete a full Biology major according to the Pre-professional or General Studies plans.

Required courses with elective options are:

BIOL 1306-1106	General Biology I with lab
BIOL 1307-1107	General Biology II with lab
BIOL 4340	Genetics with recitation (lab not required)
BIOL 4342	Evolution with recitation
BIOL 3372	Principles of Ecology

Choose among the following as electives: BIOL 3310-3111, Invertebrate Zoology with lab; BIOL 3312-3113 Vertebrate Zoology ; BIOL 3230-3231, Botany with lab; BIOL 3350-3151, Human Anatomy with lab; BIOL 3352-3153, Human Physiology with lab; or BIOL 4354, Animal Behavior.

Prerequisites to Health Professions Programs

The University of Texas of the Permian Basin offers academic and pre-professional advising toward a number of professional health programs, including medicine, dentistry, chiropractic medicine, optometry, pharmacy, physician’s assistant, physical therapy, podiatry, and veterinary medicine. The mission of the health professions advising program is to help students become well informed and well prepared applicants to enter health professional schools. To fulfill this mission, the health professions advising program offers

the following services to interested students: academic advising; information regarding prerequisites, application, and admission to various health professional programs, especially those in Texas; some application materials; and in the case of eligible students, information and application assistance to the Joint Admission Medical Program (JAMP). The Health Professions Advisory Committee annually conducts mock interviews for interested applicants to medical and dental schools. Please refer to the Health Professions Advisor at the University of Texas of the Permian Basin for further information.

These pre-professional health curriculums are not undergraduate majors. Students have the option to major in any academic discipline they choose, and they are encouraged to choose a major that reflects their academic interests and abilities. Nevertheless, most health professional programs require certain courses in mathematics and the natural sciences that must be taken as undergraduate prerequisites in addition to a student's major requirements if those courses are not otherwise taken for the degree. Therefore, largely for operational convenience, the pre-professional health curriculums are offered primarily through the Biology and Chemistry programs within the College of Arts and Sciences. Students planning a career in one of the health profession, regardless of major, should contact the health professions advisor for appropriate pre-professional advising.

The health professional schools have, as requirements before an applicant may submit an application to their programs, a minimum number of undergraduate semester credit hours ranging from 60 to 90, depending on the program. The minimum number of hours to apply, however, is not the same as all the hours that are sufficient to gain acceptance. In practice, applicants with these minimum requirements rarely receive admission; a baccalaureate degree is usually highly desirable and in a few cases required, so as a general rule it is recommended that students plan on completing their degree before entering a health professions school.

Below is a course equivalency guide showing the UTPB courses that meet what are essentially the minimum requirements for entry into the various health professional programs in the State of Texas. This guide is only approximate, and schools occasionally change their prerequisites. Students should contact the University Health Professions Advisor or the individual professional school for more complete or updated information. Entry into these programs is very competitive. Following the course equivalency guide does not guarantee acceptance into a professional school. Therefore, students should choose a major that prepares them for alterative career choices.

Pre-professional Course Requirements for Health Professional Schools in Texas

With minor exceptions, all of the doctoral-granting health professional schools in Texas (medicine, dentistry, chiropractic medicine, optometry, pharmacy, veterinary medicine) require the following block of undergraduate prerequisites. For laboratory courses, the laboratory component is required. Below the table of common prerequisites, additional or special requirements for various schools are summarized as conveniently as possible.

Course Requirement Subject and Hours

English Composition I and II (6 sch)
General Biology I and II with lab (8 sch)
General Chemistry I and II with lab (8 sch)
Organic Chemistry I and II with lab (8 sch)
Physics I and II with (8 sch)
(some programs require calculus-based physics)
Calculus I and Statistics

UTPB Course Equivalent

ENGL 1301, ENGL 1302
BIOL 1306-1106, BIOL 1307-1107
CHEM 1311-1111, CHEM 1312-1112
CHEM 3411-3113, CHEM 3412-3114
PHYS 2325-2125, PHYS 2326-2126 or
PHYS 1301-1101, PHYS 1302-1102
MATH 2413 and MATH 3301 (most programs require
MATH Statistics; consult Health Professions Advisor)

Additional Course Requirements, by Health Professional program

Minimum two upper level Biology courses

All medical schools except UT-San Antonio require two upper level Biology courses but make no

specifications.

The following medical schools – Texas A&M, Texas College of Osteopathic Medicine, Texas Tech-Lubbock, Foster School of Medicine (Texas Tech-El Paso), University of Texas-San Antonio – require MATH or STAT statistics

Texas Tech-Lubbock, Foster School of Medicine (Texas Tech-El Paso), and UT-San Antonio require Biochemistry (BIOL 4320)

Special required courses:

BIOL 3300-3101, Microbiology with lab (4 sch), optometry, pharmacy, veterinary medicine

BIOL 4303, Nutrition (3 sch), veterinary medicine

BIOL 3350-3151 and 3352-3153, Human Anatomy & Physiology with lab (8 sch), optometry, pharmacy

BIOL 4320, Biochemistry (3 sch), dentistry, optometry, veterinary, and UT-San Antonio medicine

BIOL 4340-4141, Genetics with lab (4 sch), pharmacy, veterinary medicine

ENGL 23xx, Survey of X Literature (3 sch), required by pharmacy, veterinary medicine

COSC 1335, Computers & Problem Solving (3 sch), required by chiropractic medicine

PSYC 1301, Intro. to Psychology (3 sch), required by chiropractic medicine, optometry

Various additional but often unspecified hours in humanities and social sciences (Psychology, Sociology) required by chiropractic medicine, pharmacy, and veterinary medicine

Important notes:

1. All science prerequisite courses (Biology, Chemistry, Physics) must be the courses required for science majors; for example, BIOL 1308-1108, Biology for Non-Science Majors, and CHEM 1301-1101, Chemistry in Context, are not accepted as prerequisites.
2. Remedial, developmental, or “English as a second language” courses are not accepted as prerequisites; for example, ENGL 0399, MATH 0398, MATH 0399, and CHEM 1305, Intro to Chemistry, are not accepted.
3. University of Houston College of Optometry requires both Calculus and Statistics.

Clinical Laboratory Science Transfer Program

The University of Texas Medical Branch, in conjunction with the University of Texas-Permian Basin, offers a degree in Clinical Laboratory Science. Students in this program complete the first 60 hours of the degree program at the University of Texas-Permian Basin and then apply to transfer to the University of Texas Medical Branch. Courses in the second 60 hours of the program are taught at the University of Texas-Permian Basin campus using video-conference lectures from the University of Texas Medical Branch. The laboratory portion of the UTMB courses are taught at the University of Texas-Permian Basin campus. A required clinical preceptorship is completed at a hospital in the Permian Basin. Required courses in the first 60 hours taken at the University of Texas-Permian Basin must include:

ENGL	1301	Composition 1
ENGL	1302	Composition 2
ENGL	2xxx	A 2000 level literature course
HIST	1301	U. S. History to 1877
HIST	1302	U. S. History since 1877
PLSC	2305	American National Politics
PLSC	2306	State and Local Politics
BIOL	1306/1106	General Biology 1 and Lab
BIOL	1307/1107	General Biology 2 and Lab
CHEM	1311/1111	General Chemistry 1 and Lab
CHEM	1312/1112	General Chemistry 2 and Lab
BIOL	3300/3101	Microbiology and Lab
BIOL	3352/3153	Human Physiology and Lab
MATH	1314 or higher	College Algebra or Higher

SOCI/PSYC	SOCI 1301 or PSYC 1301	Introduction to Sociology or Introduction to Psychology
ARTS	1301 (or course in Humanities)	Art Appreciation or other course in the humanities
Electives	7 hours	

General Studies

Students not in either the Pre-professional or Teacher Certification Plan may opt to complete a more flexible degree plan in General Studies. This plan is suitable for students interested in positions in business, industry, or government where a B.S. in Biology may be required or recommended. The General Studies plan must include 36 hours in Biology with a minimum of 24 upper-level credits. Required Biology courses must include:

BIOL 1306-1106	General Biology I with lab
BIOL 1307-1107	General Biology II with lab
BIOL 4340	Genetics with recitation (lab not required)
BIOL 4342	Evolution with recitation
BIOL 3350-3151 or 3312-3113	Human Anatomy or Vertebrate Zoology (with lab)
BIOL 3352-3152 or 4352-4153	Human Physiology or Animal Physiology (with lab)

Two semesters of mathematics (MATH 2413 and 2414) and physics (PHYS 1301/1101 and 1302/1102 are sufficient), and four semesters of chemistry (CHEM 1311-1111, 1312-1112; 3411-3113, 3412-3114) are required.

Biology Minor

Biology serves as an appropriate minor area for students to complement majors in other sciences, such as Chemistry, Environmental Science, or Geology, in the behavioral sciences, such as Kinesiology, Psychology and Sociology, and in many other majors.

The total credits required for a minor in Biology is 21.

Students earning a minor in Biology must take a minimum of 21 semester credit hours with a minimum of 12 at the upper level as follows.

BIOL 1306-1106	General Biology I with lab
BIOL 1307-1107	General Biology II with lab
BIOL 4340	Genetics with recitation (lab not required)
BIOL 4342	Evolution with recitation

Choose any two courses of the following list as electives, but no more than one course from each group of "or" choices, bearing in mind that any prerequisites to a choice must be met :

BIOL 3300-3101 Microbiology with lab	or	BIOL 3324-3125	Cell Biology with lab	
BIOL 3230-3231 Botany with lab	or	BIOL 3310-3111 Invertebrate Zoology with lab	or	BIOL 3312-3113 Vertebrate Zoology with lab
BIOL 3350-3151 Human Anatomy with lab				
BIOL 3352-3153 Human Physiology with lab				
BIOL 3372 Principles of Ecology				

Biology minors who intend to certify in Biology as a second teaching field must complete at least 24 semester credit hours rather than the 20 semester credit hours of an ordinary Biology minor, with a minimum of 12 semester credit hours at the upper level. In addition, they must complete the following requirements: CHEM 1311-1111 and CHEM 1312-1112, General Chemistry I and II.

Students transferring credits to U. T. Permian Basin in clinical courses such as nursing, medical technology and other allied health areas should consult with the Chair of the Health Professions Advisory Committee to determine the number of incoming credits that may apply toward a degree. The biology faculty will help students design programs of study to satisfy specific career objectives. A minimum of 120 hours, 48 of which must be upper-level, are required for the Bachelor's degree.

TEExES Requirements

Candidates for TEExES tests in 7-12 Life Sciences must have completed the courses listed for each area below (or equivalent courses).

7-12 Life Sciences: Complete the courses for the BS in Biology, secondary certification track.

Candidates for TEExES tests in 7-12 Science must have completed the courses listed for each area below (or equivalent courses).

Science 7-12: Complete the courses for the BS in Biology with a minor in Chemistry, or the BS in Chemistry with a minor in Biology. In addition, complete GEOL 1301/1101, PHYS 1301/1101 or PHYS 2325/2125, and either GEOL 1302/1102 or PHYS 1302/1102 or PHYS 2326/2126.

Candidates for TEExES tests in 4-8 Science must have completed the courses listed for each area below (or equivalent courses).

4-8 Science: Complete the courses for BS in Biology with a minor in Chemistry or Geology. In addition complete PHYS 1301/1101.

Candidates for TEExES tests in 4-8 Math/Science Composite must have completed the courses listed for each area below (or equivalent courses).

4-8 Math and Science: Complete the courses for the BS in Biology with a minor in Mathematics. In addition complete GEOL 1301/1101 and PHYS 1301/1101 or GEOL 1302/1102.

Course Listing

All upper-level courses in Biology require BIOL 1306-1106 and 1307-1107 as a prerequisite. Additional prerequisites are listed for individual courses.

BIOL 1306 General Biology I (3)[†]

Introduction to the biological sciences, with emphasis on the structure, function, and physiology of the cell: genetics, and bioenergetics. The first of the two semester freshman biology sequence for Biology majors and minors, and all disciplines that require the majors Biology sequence, although students of all majors may take it to fulfill general education science requirements. Corequisite: BIOL 1106 FS Corequisite: BIOL 1106. FS

BIOL 1106 General Biology I Laboratory (1)[†]

Laboratory methods in the biological sciences, directed toward the structure and function of the cell. Corequisite: BIOL 1306. FS

BIOL 1307 General Biology II (4) †

Introduction to the biological sciences, with emphasis on the biology of organisms, their evolution, and the environment. The second of the two semester freshman biology sequence for Biology majors and minors, and all disciplines that require the majors Biology sequence, although students of all majors may take it to fulfill general education science requirements. Prerequisite: BIOL 1306/1106. Corequisite: BIOL 1107 FS .

BIOL 1107 General Biology II Laboratory (1) †

Laboratory methods for the study of the structure, function, and the environment of organisms. Corequisite: BIOL 1307. FS

BIOL 1308 Biology for Non-Science Majors (3)†

A survey of the fundamental principles that apply to living organisms. These include cell structure and function, genetics, evolution, physiology, biodiversity, and ecology. Biology majors and minors cannot substitute BIOL 1308 for either BIOL 1306 or 1037. BIOL 1308 cannot be used as a prerequisite for any upper level biology course. Corequisite: BIOL 1108 FS

BIOL 1108 Biology for Non Science Majors Laboratory (1)†

The laboratory will provide practical and interactive experiment and demonstrations of concepts covered in BIOL 1308. Biology majors and minors cannot substitute BIOL 1108 for either BIOL 1106 or 1107. BIOL 1108 cannot be used as a prerequisite for any upper level biology course. Corequisite BIOL 1308 FS

BIOL 2121 Introductory Microbiology Laboratory (1)

An introduction to the basic techniques used to study and identify microorganisms. Corequisite: BIOL 2320. For Nursing majors; will not be accepted for Biology major or minor, nor to meet undergraduate prerequisites for medical or any other doctoral-granting school. Prerequisites: BIOL 1306/1106; BIOL 1306/1107; CHEM 1311/1111.

BIOL 2303 Introductory Nutrition (3)

An introduction to dietetics and the principles of nutrition, including the nutritional roles of fats, carbohydrates, proteins, vitamins, minerals and water and how they relate to human health. Prerequisites: BIOL 1306/1106; BIOL 1306/1107; CHEM 1311/1111. For Nursing majors; will not count toward Biology major or minor, nor meet undergraduate prerequisites for any medical or other doctoral-granting schools.

BIOL 2320 Introductory Microbiology (3)

An introduction to microbiology with emphasis on microbial growth, diagnostics, infectious diseases caused by microorganisms, and host defenses. Prerequisites: BIOL 1306/1106; BIOL 1306/1107; CHEM 1311/1111. For Nursing majors; will not count toward Biology major or minor, nor for undergraduate prerequisites for medical or other doctoral-granting professional schools.

BIOL 3300 Microbiology (3)

Growth, morphology, metabolism and ecology of microorganisms. Prerequisites: BIOL 1306-1106, 1307-1107; CHEM 1311-1111, 1312-1112. Corequisite: BIOL 3101. S

BIOL 3101 Microbiology Laboratory (1)

Techniques for the study of microorganisms. Corequisite: BIOL 3300. S

BIOL 3195 Health Professions Internship (1)

Student does volunteer work for the semester through the Volunteer Service Department at Medical Center Hospital, Odessa. A good course for students interested in the health professions to gain experience. Approval of instructor.

BIOL 3196 Supervised Laboratory Teaching (1)

Upper-level undergraduates provide teaching assistance in General Biology or other designated Biology lab sections. The lab instructor supervises the student, establishes curricular duties (grading, etc.), and remains in charge of the lab as instructor of record. Good experience for students seeking teaching certification.

Prerequisites: A grade of at least B in the lab course oneself, plus permission of supervising lab instructor. F,S

BIOL 3197 Pre-professional Seminar (1)

This course provides a mechanism to disseminate information to students interested in doctoral-level professional programs, including opportunities for interactions, small group discussions, and visits by representatives of health science centers. F

BIOL 3198 Seminar (1)

Interaction and small group discussions of varied topics in biology. Prerequisites: BIOL 1306-1106; BIOL 1307-1107. S

BIOL 3310 Invertebrate Zoology (3)

A survey of the morphology, physiology, phylogeny and natural history of major invertebrate phyla.

Prerequisites: BIOL 1306-1106, BIOL 1307-1107. Corequisite: BIOL 3111. Offered alternate years. F

BIOL 3111 Invertebrate Zoology Laboratory (1)

Laboratory studies of the morphology and physiology of representative invertebrates. Corequisites: BIOL 3310. Offered alternate years. F

BIOL 3312 Vertebrate Zoology (3)

A survey of the vertebrates, including classification, life history, ecology, evolution, morphology, and physiology. Prerequisites: BIOL 1306-1106, BIOL 1307-1107. S

BIOL 3113 Vertebrate Zoology Laboratory (1)

Laboratory and field studies of vertebrates including identification, classification, life history, and morphology. Corequisites: BIOL 3312. S

BIOL 3324 Cell Biology (3)

Structure and function of prokaryote and eukaryote cells. Topics include cell anatomy, physiology, energetics and transport. Prerequisites: BIOL 1306-1106, 1307-1107; CHEM 1311-1111, 1312-1112; MATH 2412. Corequisite: BIOL 3125. S

BIOL 3125 Cell Biology Laboratory (1)

Laboratory investigation of cellular structure and function. Corequisites: BIOL 3324. S

BIOL 3230 Botany (2)

Structure, development, taxonomy and physiology of the major plant groups. Prerequisite: BIOL 1306-1106, 1307-1107. Corequisite: BIOL 3231. S

BIOL 3231 Botany Laboratory (2)

Morphology and taxonomy of the major plant groups. Corequisite: BIOL 3230. S

BIOL 3350 Human Anatomy (3)

The development, structures and function of major human anatomical systems. Primarily for Kinesiology majors and Biology majors seeking teacher certification. Prerequisite: BIOL 1306-1106, 1307-1107.

Corequisite: BIOL 3151. F

BIOL 3151 Human Anatomy Laboratory (1)

Anatomy of tissues and organ systems of the human and cat. Corequisite: BIOL 3350. F

BIOL 3352 Human Physiology (3)

The physiology of human cells, tissues and systems. Primarily for Kinesiology majors and Biology majors seeking teacher certification. Prerequisites: BIOL 1306-1106, 1307-1107; CHEM 1311-1111, CHEM 1312-1112 recommended. Corequisite: 3153. S

BIOL 3153 Human Physiology Laboratory (1)

Physiological studies illustrating properties and functions of human cells, tissues and systems.

Co requisites: BIOL 3352. S

BIOL 3372 Principles of Ecology (3)

An introduction to behavioral, population, community and ecosystems ecology including the impact of humans on ecosystem function. For non-majors and Biology majors seeking teaching certification.

Prerequisites: BIOL 1306-1106; BIOL 1307-1107. S

BIOL 3389 Multicourse Listing (3)

Undergraduate course which will be offered infrequently or which is being developed before the regular course is listed in the catalog.

BIOL 4301 Virology (3)

Structure, composition, replication and host interactions of animal, plant and bacterial viruses. Prerequisite: BIOL 3300-3101 or 4320 and 4340; CHEM 3411-3113. Offered alternate years.

BIOL 4303 Principles of Nutrition (3)

Nutritional roles of carbohydrates, proteins, lipids, minerals, vitamins and water in animals (including humans) and plants; emphasis on digestion, absorption, metabolism and excretion of the nutrients and their metabolites. Prerequisite: BIOL 1306-1106, 1307-1107. Prerequisite or Corequisite: CHEM 3411. F

BIOL 4320 Cell Biochemistry (3)

A survey of the biochemical basis of life processes, structure and function of cell components and biologically important molecules, enzyme kinetics, bioenergetics, respiration and reductive biosynthesis.

Prerequisite: BIOL 1306-1106, BIOL 1307-1107; CHEM 3411-3113; MATH 2413, BIOL 3300-3101 or BIOL 3324-3125 recommended. F

BIOL 4322 Molecular Biology (3)

An introduction to key concepts in molecular biology. Topics include DNA structure and function, DNA replication and repair, regulation of gene expression, protein structure and function, and molecular techniques utilized for nucleic acid and protein purification and manipulation. Prerequisites: BIOL 1306-1106, BIOL 1307-1107, CHEM 1311-1111, CHEM 1312-1112. Recommended: BIOL 4320

BIOL 4323 Immunology (3)

Structure and function of the mammalian immune system. Prerequisite: BIOL 3300-3101, BIOL 4320 and BIOL 4340. Offered alternate years.

BIOL 4340 Genetics (3)

Structures and functions of hereditary material, emphasizing recent developments. BIOL 1306-1106, BIOL 1307-1107; 6 upper level hours of Biology passed with a C or better; Corequisite: Genetics Recitation; BIOL 4141 for Biology majors on Preprofessional Plan. F S

BIOL 4141 Genetics Laboratory (1)

Laboratory experiences in manipulation of genetic systems and interpretation of data. Required for Biology majors on Preprofessional Plan. Corequisite: BIOL 4340. F S

BIOL 4342 Evolution (3)

Population variation and mechanisms of evolution and speciation. Students will spend three hours per week in lecture and one hour per week in a small group recitation. Prerequisite: BIOL 4340 passed with a grade of C or better. Co-requisite Evolution Recitation. F S

BIOL 4352 Animal Physiology (3)

Development, function and mechanism of action of the major physiological systems in animals. Prerequisite: BIOL 4320. Corequisite: BIOL 4153. S

BIOL 4153 Animal Physiology Lab (1)

Experiments and demonstrations of physiological phenomena. Corequisite: BIOL 4352. S

Histology 4362 Histology (3)

Microscopic representation of cells and tissues of different organ systems of the human body, with emphasis on structure and function. Prerequisite BIOL 3324 or permission of the instructor. Offered alternate years F

Histology Lab 4163 (1)

Microscopic examination of cells, tissues, and organs of the vertebrates, including humans. Preparation of microscope slides from tissue samples (histotechnology). Corequisite BIOL 4362

BIOL 4354 Animal Behavior (3)

Overview of the ecological, evolutionary and genetic aspects of animal behavior. Prerequisites: BIOL 1306-1106, 1307-1107; BIOL 4340 Offered in alternate years. F

BIOL 4372 Ecology (3)

Overview of the principles of behavioral, population, community and ecosystem ecology. Prerequisites: BIOL 1306-1106, BIOL 1307-1107; MATH 2413. Offered alternate years. F

BIOL 4375 Field Biology (3)

Experimental field biology methods. Prerequisites include successful completion of BIOL 3372 or BIOL 4372.

BIOL 4395 Bioresearch (3)

Individual undergraduate research directed by a faculty member of Biology. May be taken for 1, 2, or 3 hours of credit. Recommended prerequisites: BIOL 4320, 4340 and/or 4352. Consent of directing faculty is required. FS

† Course fulfills general education requirements.

Chemistry

Biochemistry, Environmental Chemistry & Nuclear Chemistry, Pre-Pharmacy & Chemical Education

Kyle A. Beran, Ph.D., Professor of Chemistry

BS Angelo State University (1989); Ph.D. University of Kansas (1994).

Administered by the Department of Physical Sciences within the College of Arts and Sciences.

Chemistry is a central science that provides a basic understanding needed to deal with many of society's needs. It is a critical field for man's attempt to feed and clothe the world population, to tap new sources of energy, to improve health, and to protect our environment. All life processes are manifestations of chemical change. Understanding chemical reactivity is necessary for our understanding of life and the world around us. Modern chemical instrumental techniques furnish a crucial dimension. They account for the recent acceleration of progress that now promises especially high return from the investment of additional resources in the field of chemistry. The chemical industry of the U.S. employs over a million people. There is no basic science that offers greater security for investment in the future than chemistry.

The Chemistry program leading to the Bachelor of Science degree at U. T. Permian Basin follows the guidelines of the American Chemical Society for a Bachelor of Science in Chemistry. This degree is appropriate for a student who wishes to pursue a professional career in any field of chemistry. The B.S. in Chemistry (Biochemistry Track) is designed for students pursuing a career in a health profession and who desire a strong background in this central science as preparation for medical, dental, veterinary and pharmacy schools, as well as teaching. The B.S. in Chemistry (Environmental Chemistry Track) is designed for students pursuing a career related to the environment. The B.S. in Chemistry (Nuclear Chemistry Track) is designed for students interested in employment in the nuclear energy industry. Pre-Pharmacy and Chemical Education tracks are also presented.

Degree Requirements

The total semester credit hours required for a B. S. in Chemistry is 120.

General Education

46 semester credit hours (sch)

Complete the requirements shown in the General Education Requirements section in this catalog, including the following specific courses. Although not required, it is most desirable that students also take Calculus II (MATH 2414) and the University Physics sequence.

Mathematics	MATH 2412, 2413,	8 sch
Physics	PHYS 1301/1101, 1302/1102 or 2425, 2426	8 sch

Students pursuing the Environmental Chemistry Track must also take the following GEOL & BIOL courses:

Geology	GEOL 1301/1101, 1302/1102	8 sch
Biology	BIOL 1306/1106	4 sch

Chemistry Major and Minor Requirements

Students may complete the requirements for a B.S. degree in Chemistry through several tracks. The B.S. degree in Chemistry (≥ 26 upper level sch) is designed for chemical professionals and requires a minor. Organic Chemistry may also be taken at the lower level at a community college and will transfer for the typical 8 sch and is one example of how students might have fewer UL sch for the degree. A minimum of 48 UL sch is required for any degree at UTPB. However, students that transfer Org CHEM may be required to take the Org CHEM II lab at UTPB to assure the expertise in instrumental analysis if they do not receive hands-on use and experience elsewhere.

The B.S. degree in Chemistry with a Biochemistry Track (≥ 26 CHEM upper level sch) requires a pre-selected list (12 upper level sch) of Biology courses and therefore does not require a minor. The pre-pharmacy track may be based on either of these degree plans but is shown in the 2 yr and 3 yr time frames where certain requirements must be achieved to gain early acceptance into the Pharmacy programs at other institutions. If pre-pharmacy track students gain early acceptance into a pharmacy program they can transfer up to 30 sch back to UTPB to obtain their B.S. degree in Chemistry from UTPB.

The following requirements are listed for each degree track. Since each degree plan is customized to each student and depends upon their level of preparation for college level coursework, transfer courses, and choices of electives, minor, etc., only **sample degree plans** are included after the course descriptions.

B.S. in Chemistry		
	LL	UL
CHEM 1311/1111, 1312/1112	General CHEM	8
CHEM 3311/3113, 3312/3114	Organic CHEM	8
CHEM 3324/3225	Analytical CHEM	5
CHEM 3695	CHEM Research	2
CHEM 4301/4103,	Physical CHEM I	4
CHEM 4321/4223 or BIOL 4320/3125	Biochemistry	4
CHEM 4374/4174	Adv. Inorganic CHEM	4
CHEM Electives (≥ 7 sch)		
CHEM 4302/4104	Physical CHEM II	4
CHEM 4330/4131	NMR Spectroscopy	
CHEM 4340	Medicinal CHEM	
CHEM 4311	Nuclear CHEM	3
Total:		42 total sch and ≥ 26UL sch

A formal Minor in another discipline is required as part of this degree plan. Minor requirements are defined by each discipline but must be ≥ 18 total sch and ≥ 9 UL sch.

B.S. in Chemistry (Biochemistry Track)

The Biochemistry Track is a program designed for students interested in the application of chemical concepts to biological systems. This degree program will prepare students seeking to continue their education in a health field (medical, dental, pharmacy, etc.) or in a graduate program in which the research may focus on biochemical, medicinal, or forensic chemistry, or toxicology areas (to name a few).

In addition to the General Education courses, 64 sch (with ≥ 40 sch are UL) are required in Chemistry and BIOL courses. This degree plan does not require a separate minor. Depending upon each student's level of readiness

for college courses, pre-calculus can be counted within the total sch for the degree while another UL elective allows pre-med students to take another BIOL course to further their preparation for professional/graduate schools.

Required Chemistry Courses		LL	UL
CHEM 1311/1111, 1312/1112	General CHEM	8	
CHEM 3311/3113, 3312/3114	Organic CHEM		8
CHEM 3324/3225	Analytical CHEM		5
CHEM 3695	CHEM Research		2
CHEM 4301/4103	Physical CHEM I		4
CHEM 4321/4223 or BIOL 4320/3125	Biochemistry		4
CHEM 4374/4175	Advanced Inorganic CHEM		4
Chemistry Electives (≥7 UL sch)			
CHEM 4302/4104	Physical CHEM II		4
CHEM 4330/4131	NMR Spectroscopy		
CHEM 4340	Medicinal CHEM		3
CHEM 4311	Nuclear Chemistry		
Total:		42 total sch and ≥26 UL sch	

Required Biology Courses (22 total sch)			
BIOL 1306/1106, 1307/1107	General BIOL	8	
Upper Level Biology Courses (≥14 UL sch)			
BIOL 3300, 3101	Microbiology		4
BIOL (select 2 of 3)			
BIOL 4303	Nutrition		3
BIOL 3324	Cell Biology		
BIOL 4322	Molecular Biology		3
BIOL 4340/4141	Genetics		4
Total:		22 total sch and ≥14 UL sch	

Recommended Statistics Course (3 total sch)			
MATH 3301			3

B.S. in Chemistry (Environmental Chemistry Track)

The Environmental Chemistry Track is a program designed for students interested in the application of chemical concepts to the environment. This degree program will prepare students for industrial positions for graduate programs in either field.

Since lower level courses in GEOL (Physical & Historical GEOL & labs, 8 sch) and BIOL (Gen. Biology I & lab, 4 sch) are additional pre-requisites for the ENSC courses, fewer total courses in Chemistry are required in this track. In addition to the General Education courses, there are 31 sch of common science (see example degree plan), 35 sch total CHEM (with 27 UL) and 21 total ENSC, all UL, requirements. This degree plan does not require a separate minor. Depending upon each student's level of readiness for college courses, pre-calculus can be counted within the total sch for the degree, but calculus II is highly recommended.

Required Chemistry Courses		LL	UL
CHEM 1311/1111, 1312/1112	General CHEM	8	
CHEM 3311/3113, 3312/3114	Organic CHEM		8
CHEM 3324/3225	Analytical CHEM		5
CHEM 3695	CHEM Research		2
CHEM 4301/4103	Physical CHEM I		4
CHEM 4374/4175	Advanced Inorganic CHEM		4
Chemistry Electives (4 UL sch)			
CHEM 4311	Nuclear Chemistry		3
CHEM 3695	CHEM Research		1
Total:		35 total sch and 27 UL sch	

Required Environmental Science Courses (21 total sch)			
ENSC 3301 & 3302	Environmental Science I & II		6
ENSC 3310 & 3315	Water & Air Quality		6
ENSC 3320	Environmental Law		3
ENSC (select 2 of 3)			
ENSC 4303	GIS Applications		3 (example)
ENSC 3324	Adv. Environmental Science		
ENSC 4322	Environmental Research		3 (example)
Total:		21 total sch (all UL)	

B.S. in Chemistry (Nuclear Chemistry Track)

The Nuclear Chemistry Track is a program designed for students eventually seeking employment in the nuclear energy industry or further graduate study in this important energy area

Additional courses in Math (Calculus III and Differential Equations) are considered as appropriate and/or formal pre-requisites for some of the courses offered in the Nuclear Engineering and Nuclear Chemistry. This track also requires specifically that the initial two Physics course are calculus based University Physics, 2425 & 2426, which are pre-requisites for PHYS 3310, Intro Nuclear PHYS. In addition to the General Education courses (30 sch), there are 27 sch of common science (see example degree plan), 39 sch core Chemistry (with ≥ 23 UL included). The Nuclear Chemistry track then shows 21 sch (17 UL) for courses in Math, Nuclear Physics, Nuclear Chemistry, and Nuclear and Basic Engineering. This degree plan does not require a separate minor. Other unique pre-requisites imbedded within this track are shown in **BOLD** in the sample degree plan/track below.

Required Chemistry Core Courses		LL	UL
CHEM 1311/1111, 1312/1112	General CHEM I&II	8	
CHEM 3311/3113, 3312/3114	Organic CHEM I&II		8
CHEM 3324/3225	Analytical CHEM		5
CHEM 3695	CHEM Research		2
CHEM 4301/4103, 4302/4104	Physical CHEM I&II		8
CHEM 4374/4175	Advanced Inorganic CHEM		4

CHEM 4321/4223 or BIOL 4320/3125	Biochemistry	4
Total:		39 total sch (≥23 UL)

Nuclear Chemistry Option

MATH 2415	Calculus III	4
MATH 3320	Differential Equations	3
BENG 3303	Intro Materials Science	3
PHYS 3310	Intro Nuclear Physics	3
CHEM 4311	Nuclear Chemistry	3
NENG 4311/4211	Radiation Materials & Waste Mngt	5
Total:		21 total sch (17 UL)

B.S. in Chemistry (Pre-Pharmacy Track)

A sample degree plan is included at the end of the Chemistry & Biochemistry section of this catalog to show the specific requirements that need to be met for 2-year and 3-year early acceptance into some Pharmacy programs.

Chemistry Minor

The Chemistry minor provides an appropriate supporting background particularly suited for students typically pursuing a major in another area of science, technology, engineering, or math. This plan furnishes some knowledge about various fields of chemistry (inorganic, organic, etc.) and provides the essential analytical tools for other areas of study.

Minor Requirements

The total semester credit hour requirement for a minor in Chemistry is 21 with at least 9 sch at the upper level. The Chemistry minor is specifically described by the following courses as taken at UTPB. Transfer students may be required to take the 1 sch upper level credit for Organic Chem II lab (CHEM 3114), particularly if they have not had access to modern analytical instrumentation during their previous experience. Research in chemistry may not be substituted for any lecture or lab without written consent of the Chemistry chair.

Required Courses		LL	UL
CHEM 1311/1111, 1312/1112	General CHEM	8	
CHEM 3311/3113, 3312/3114	Organic CHEM		8
CHEM 3324/3225	Analytical CHEM		5
Total:		21 total sch and ≥9 UL sch	

Chemistry as a Teaching Field Education Requirements

The current education course requirements for secondary teacher certification are:

PROFESSIONAL FOUNDATIONS (Pre-Candidacy)

*PSYC 3341 Child and Adolescent Psychology

*EDUC 3352 The Exceptional Child

EDUC 4362 Foundations of Bilingualism and Multiculturalism

LITERACY AND PEDAGOGY (Requires application and admission to candidacy)

EDUC 4322 Classroom Instruction and Management

EDUC 4326 Reading in the Content Areas

EDUC 4376 Teaching Science in Grades 7-12

CLINICAL PRACTICE (Requires application and admission)

**EDUC 4099 Seminar: Student Teaching

**EDUC 4685 Student Teaching

*Acceptable community college transfer courses for PSYC 3341 include PSYC 2308, PSYC 2314, and TECA 1354. Acceptable community college transfer courses for EDUC 3352 include EDUC 2301.

**Students seeking to do a paid internship in lieu of student teaching must pass their content area TExES exam and graduate in order to be eligible to be hired as an intern teacher.

Candidates for the TExES test in 7-12 Chemistry must have completed the courses for the B.S. in Chemistry. Candidates for TExES tests in 6-12 Physical Science or 7-12 Science must have completed the courses listed for each area below or equivalent courses.

6-12 Physical Sciences: Complete the courses for the BS in Chemistry, including PHYS 2325/2125 and PHYS 2326/2126.

7-12 Science: Complete the courses for the BS in Biology with a minor in Chemistry, or the BS in Chemistry with a minor in Biology. In addition complete GEOL 1301/1101, PHYS 1301/1101 or PHYS 2325/2125, and either GEOL 1302/1102 or PHYS 1302/1102 or PHYS 2326/2126.

Course Listing

CHEM 1301 Chemistry in Context (3)

This course will introduce non-science majors to fundamental principles of chemistry using a topics approach. Chemistry concepts will be introduced and developed as needed for the understanding of contemporary societal-technological issues such as the ozone layer; global warming; energy; acid rain; nuclear fission; polymers; drugs; and nutrition. This course is designed to better prepare students to be well-informed citizens. Corequisite: CHEM 1103. FS

CHEM 1103 Chemistry in Context Lab (1)

This course provides lab experiences that reflect the significant broad societal implications of the specific science and technology issues addressed in the lecture course. Hands on experiences are crucial to an understanding of scientific method and the role that Chemistry plays in addressing these issues. The focus is on exploration and data gathering rather than traditional lab techniques. Corequisite: CHEM 1301. FS

CHEM 1305 Introductory Chemistry (3)

This course is a survey of the fundamentals of chemistry with applications to environmental science, allied health occupations, and food science. It will require critical thinking skills and problem solving ability, in addition to learning of factual material. Students with a weak background in Chemistry should take this course prior to enrolling in the General Chemistry sequence, i.e., CHEM 1311. FS

CHEM 1311 General Chemistry I (3)[†]

An introduction to chemistry, fundamentals of atomic structure and bonding, periodic chart, chemical nomenclature, equations and reactions. Prerequisite: high school chemistry and a minimum of college algebra. FS

CHEM 1111 General Chemistry Lab I (1)[†]

Experiments related to principles and topics covered in CHEM 1311. Corequisite: CHEM 1311. FS

CHEM 1312 General Chemistry II (3)[†]

Continuation of Chem 1311. Kinetics, equilibria, thermodynamics, electrochemistry, environmental chemistry, nuclear chemistry, and organic chemistry. Prerequisite: CHEM 1311 and 1111 both with C grade or higher. S, Sm

CHEM 1112 General Chemistry Lab II (1)[†]

Experiments related to principles and topics covered in CHEM 1312. Prerequisite: CHEM 1311 and 1111 both with C grade or higher. Corequisite: CHEM 1312. S, Sm

CHEM 3311 Organic Chemistry I (3)

Organic functional groups. Emphasizes synthesis and mechanisms. For chemistry, pre-professional and other science majors. Includes a noncredit recitation hour. Prerequisite: CHEM 1312-1112 with C grade or higher. Corequisite: CHEM 3113. F

CHEM 3113 Organic Chemistry Lab I (1)

Techniques of separation, purification and synthesis of organic compounds. F

CHEM 3312 Organic Chemistry II (3)

Continuation of CHEM 3311 including an introduction to naturally occurring and biologically important compounds. Includes a noncredit recitation hour. Prerequisite: CHEM 3311 and 3113 with C grade or higher. Corequisite: CHEM 3114. S,

CHEM 3114 Organic Chemistry Lab II (1)

Continuation of CHEM 3113; qualitative analysis, spectral interpretation (IR, NMR, MS), and instrument usage. Prerequisites: CHEM 3311 and 3113 with C grade or higher. Corequisite: CHEM 3312. S,

CHEM 3324 Analytical Chemistry I (3)

Analytical techniques and methods (emphasis on instrumentation) common to all areas of chemistry, medicine and the biological sciences. Prerequisite: CHEM 1312/1112 with C grade or higher. Corequisite: CHEM 3225. F

CHEM 3225 Analytical Chemistry Lab I (2)

Laboratory experience with instruments and methods presented in CHEM 3324. Corequisite: CHEM 3324. F

CHEM 3695 Intro to Research (Available for up to 6 credit hours)

Active participation in a research project conducted under the mentorship of a member of the Chemistry faculty. The choice of faculty member is selected by the student. Prerequisite: consultation with chemistry faculty and permission of research advisor. May be repeated for credit. F, S, Sm

CHEM 4301 Physical Chemistry I (3)

A physical chemistry course designed for all chemistry majors and minors. Topics include thermodynamics, kinetics, and electrochemistry and the subsequent application of these concepts to both chemical and biological systems. Prerequisites: CHEM 3312, one year of physics and Calculus I. Corequisite: CHEM 4103. F

CHEM 4103 Physical Chemistry Lab I (1)

Thermodynamic, kinetic and spectroscopic measurements. High-vacuum techniques and the use of sophisticated equipment in measuring molecular parameters. Corequisite: CHEM 4301. F

CHEM 4302 Physical Chemistry II (3)

Kinetics, quantum mechanics, bonding and molecular spectroscopy. Prerequisite: CHEM 4301, or with the permission of the instructor. S

CHEM 4104 Physical Chemistry Lab II (1)

Continuation of CHEM 4103. Prerequisite: CHEM 4103, or with the permission of the instructor. Corequisite or prerequisite: CHEM 4302. S

CHEM 4321 Biochemistry I (3)

Beyond Organic Chemistry, this course covers the structure and function of proteins and enzymes. Fundamental metabolic pathways of the chemical reactions of carbohydrates and basic thermodynamic principles that drive these chemical reactions of life processes are also covered. Prerequisite: CHEM 3312 and 3114, both with C or higher grade. F

CHEM 4322 Biochemistry II (3)

The second half of this sequence covers photosynthesis and carbon fixation, bases that are incorporated into nucleic acids, the polymers of nucleic acids, lipids and membranes. Prerequisites: CHEM 4321; Co-requisite: CHEM 4223. S

CHEM 4223 Biochemistry Techniques (2)

This course surveys the most common laboratory techniques and applications used to investigate bio-molecules and their structure, isolation, purification and activity. Many experiments have to be done on a timely basis and may take several lab periods. Co-requisite: CHEM 4321. S

CHEM 4330 NMR Spectroscopy (3)

The Nuclear Magnetic Resonance phenomenon is reviewed and basic concepts of modern pulsed multinuclear NMR methods are presented. Focus will be on 1-D and 2-D techniques that are most useful today. 2-D techniques will then be covered as to their most effective use. The latter part of the course uses multiple spectra problem sets to gain proficiency in structure determination by NMR. Prerequisites: CHEM 3312 and 3114. Corequisite 4131. F

CHEM 4131 NMR Spectroscopy Lab (1)

Basic NMR experiments with a modern superconducting magnet - pulsed multinuclear NMR is followed by more advanced 2-D NMR techniques currently used to determine chemical structure. Use of unknowns for most experiments is followed by more advanced special projects at the end of the semester. Prerequisites: CHEM 3312 and 3114. F

CHEM 4340 Medicinal Chemistry (3)

A brief historical development of medicinal chemistry and pharmacognosy is followed by a detailed look at most drug classes. Emphasis will be on relating chemical structure with bioactivity. Commonly used methods of drug design are interspersed. Prerequisite: CHEM 3312. S

CHEM 4374 Inorganic Chemistry (3)

Modern bonding theories at a level appropriate to understanding structure and chemical properties. Periodic relationships applied to families of elements. Prerequisite: CHEM 3324, 3225. S

CHEM 4175 Inorganic Chemistry Lab (1)

Experiments which illustrate the descriptive nature of chemistry as well as techniques in the synthesis and identification of inorganic compounds. Prerequisite: CHEM 3324, 3225. S

CHEM 4389 Selected Topics (3)

These are undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog and may be acceptable for graduate credit. Topics may include for examples: advanced analytical methods, modern nuclear chemistry, and polymer chemistry. F, S

CHEM 4391 Contract Study (3)

Advanced independent study or research. These courses will not count for graduate credit.

† Course fulfills general education requirements.

SAMPLE DEGREE PLAN: BS IN CHEMISTRY

	Lower Level	Upper Level
<u>GENERAL EDUCATION REQUIREMENTS (30 sch):</u>		
___ ___ English Composition: ENGL 1301 & 1302	6	
___ ___ U.S. History: HIST 1301 & 1302	6

Communication

Dr. Michelle Pence is the Area Coordinator for the Communication Program at UTPB. Dr. Pence joined the UTPB Faculty in May 2013. Dr. Pence has earned a B.A. in Communication Studies, M.A. in Communication, and Ph.D. in Communication with an emphasis in Statistics. She can be contacted at pence_m@utpb.edu.

Administered by the Department of Visual and Performing Arts within the College of Arts and Sciences. The degree program in Communication will expose students to courses in the mass media, social science, and rhetorical traditions and will prepare students for a wide range of possible careers as well as for graduate and professional studies. Students will take a series of prescribed courses across the curriculum as well as several electives designed to meet their particular interests and needs. Each Communication student should be better prepared to use critical skills in a rapidly evolving workplace.

General Education (42 semester credit hours)

Complete the General Education Requirements section of this catalog. Students are encouraged to discuss options with their Communication faculty advisor.

Computer Use

It is expected that all Communication majors and minors possess basic personal computer skills prior to enrollment in courses. Many classes in the Communication program require that assignments be completed using a personal computer. Regular use of email, browsers, spreadsheets, word processing, and graphic software on multiple platforms is incorporated into the fabric of the curriculum.

Major Requirements

The major in Communication requires that students complete 48 hours of upper level coursework in the 120 hour curriculum. Students are encouraged to consult with their Communication faculty advisor concerning courses which will best further the interests of each student.

The major requires a minimum of 36 hours of COMM courses. The following courses are required of all majors (21 hours):

- 1) COMM 1301, Introduction to the Study of Communication
- 2) COMM 1318, Interpersonal Communication OR COMM 2333, Small Group Communication
- 3) COMM 2301, Modern Media and Society
- 4) COMM 2302, Rhetoric in Western Thought
- 5) COMM 2351, Measurement in Communication OR COMM 3385 Research Methods
- 6) COMM 3360, Theories of Communication
- 7) COMM 4389, Seminar in Communication OR COMM 4392 Internship

The remaining 15 hours will be COMM electives or other electives. COMM majors are required to earn a minor of at least 18 hours. Of the 36 hours required in COMM, 18 must be completed at the 3000 level or higher. This means that at least 12 of the 15 elective hours in Communication must be taken as upper level classes.

Either or both of the following courses may be substituted for upper level hours in COMM except that courses counted toward the major requirements cannot also fulfill a requirement for the student's minor field. Prerequisites for these courses will not apply to the COMM requirements.

- 1) MRKT 3300, Principles of Marketing
- 2) PSYC 3301, Introductory Statistics

Elective Courses

To complete the 36 hours required in Communication, each student will enroll in 15 hours of elective COMM courses. At least 12 of those 15 hours will be at the 3000 level or higher. Students will fashion a program of study best suited to their

individual goals in consultation with the Communication faculty advisor. We suggest the following program of study as a guideline:

Freshman Year

COMM 1301 (Introduction to the Study of Communication)
COMM 1315 (Introduction to Public Speaking)

Sophomore Year

COMM 1318 (Interpersonal Communication) or COMM 2333 (Small Group Communication)
COMM 2301 (Modern Media and Society)
COMM 2302 (Rhetoric in Western Thought)
COMM 2351 (Measurement in Communication) or COMM 3385 Research Methods

Junior Year

COMM 3360 (Theories of Communication)
2-3 electives chosen in consultation with your advisor

Senior Year

COMM 4389 (Seminar in Communication) or COMM 4392 (Internship)
2-3 electives chosen in consultation with your advisor

Internships in Communication

Internships are a traditional component of communication programs and strongly encouraged at UTPB. Students interested in Communication Internships should register for COMM 4392 before or on the "Last day to add a course" stated in the Course Schedule. They should turn in an internship proposal and the Agreement (between UTPB and the chosen organization) to the supervising professor within the first 2 weeks of the semester. They need to work at the chosen organizations for 100 or more hours during a semester and submit to the professor a summary reporting the results of their research and work experience at the end of the semester. Students employed in media-based organizations may enroll in COMM 4392 only if their internship experience is removed from their normal daily activity.

Minor in Communication

Communication skills are an essential component of success in any field of endeavor, and the minor in Communication is an excellent companion to any major offered at the University. The requirement for a minor in Communication is 18 semester credit hours in the discipline with at least 9 of those hours at the upper level. No specific courses are required, and students are encouraged to consult with any member of the Communication faculty to determine a program of study which would be most useful in meeting their professional goals.

TEXES Requirements

Candidates for tests in Journalism or Speech must have completed the courses listed for each area below or equivalent courses in their teaching fields.

Journalism 7-12: Complete the courses for BA in Communication, including COMM 4320.

Speech 7-12: Complete the courses for BA in Communication, including COMM 4320.

Course Listing

COMM 1115 Communication Lab (3)†

Practical activities across the sub-disciplines of the field of Communication. F, S

COMM 1301 Introduction to the Study of Communication (3)

An introductory course that surveys the history, development, and future directions of the field of communication. Equal emphasis is placed on understanding application of theory to everyday situations and learning introductory approaches to research. S

COMM 1315 Introduction to Public Speaking (3)†

A course in the history, theory and practice of public speaking with an emphasis placed upon the organization and delivery of informative and persuasive speeches. Further emphasis is given to the reduction of anxieties associated with public speaking. Fulfills general education core curriculum "Oral Communication" requirement. F, S

COMM 1318 Interpersonal Communication (3)

This course enables students to analyze and practice communication in one-on-one relationships. Topics include problem-solving, decision-making, working with diversity, information processing, understanding of self and others, and effective speaking and listening skills in interpersonal contexts. S

COMM 2301 Modern Media and Society (3)

Students are introduced to the relationship between modern media and their dynamic interaction with culture.

COMM 2302 Rhetoric in Western Thought (3)

Explores theories of rhetoric ranging from ancient Greece to modern times. Students examine different concepts of how rhetoric is a tool for public power as well as its use to transmit common ideas in the Western intellectual heritage. S

COMM 2311 Writing for Media (3)

Introduction to writing styles for different forms of media. Includes an introduction to journalistic practices and reporting skills. F, S

COMM 2321 Visual Communication (3)

An introduction to the basic elements of visual language and design as they apply to the use of a computer as a communication medium. Computer technologies used in creative expression will be presented.

COMM 2333 Small Group Communication (3)

Introduction to communication in small groups. Emphasis is placed on the concept of leadership, effective participation and problem solving.

COMM 2351 Measurement in Communication (3)

Introduction to measurement and analysis techniques used in communication fields. Web-based research and dataset analysis and statistical methods. Prerequisites: 3 hours MATH. S

COMM 3301 Public Relations (3)

This course is an introduction to public relations principles and practices. Students are introduced to the history and development of public relations as a profession over the years, to the range of responsibilities and functions that public relations practitioners assume in a variety of organizations, and to the significant issues and trends that shape and will continue to influence the practice of public relations in the future. F

COMM 3304 Public Messages (3)

An exploration of how various research techniques used to identify public groups are translated in messages in various media. Prerequisite: COMM 2301 or COMM 1307. F05

COMM 3311 Crisis Communication (3)

The study and practice of communication strategies involved in preparing for and responding to crises. While a wide range of crises are considered, the course pays particular attention to corporate crises.

COMM 3312 Nonverbal Communication (3)

This course identifies the major areas of nonverbal communication and the current terminology used in the field. Relevant connections of nonverbal to other areas of communication will be presented.

COMM 3319 Topics in Media Writing (3)

The study and practice of preparing messages for various media. Specific topics and concentrations will vary. May be repeated for credit when content changes. Prerequisite: COMM 2311 or equivalent. F, S

COMM 3335 Advanced Interpersonal Communication (3)

An exploration of the theoretical perspectives in understanding person-to-person communication. The course includes personal and professional perspectives. Prerequisite: COMM 1318 or permission of the instructor.

COMM 3355 Advanced Public Speaking (3)+

An advanced practice-oriented course in speaking in the public setting. Students will research, prepare, analyze and present complex reports and speeches. Prerequisite: COMM 1315 or COMM 1316 or permission of the instructor. Fulfills general education core curriculum "Oral Communication" requirement. S05

COMM 3360 Theories of Communication (3)

Survey of communication theory including approaches to understanding media influences on society and theories of human interaction. Prerequisite: 6 credit hours of COMM coursework. S

COMM 3375 Political Communication (3)

A study of the application of communication principles to election campaigns, debates, governance and advertising with emphasis on both the historical and contemporary uses of mass media in the political process. F04

COMM 3385 Research Methods (3)

Introduction to quantitative and qualitative research methods used in communication research.

COMM 3389 Multilisting Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

COMM 4307 Organizational Communication (3)

An examination of the complex dynamics that drives messages in organizations. The course will focus on application of nonlinear dynamic approaches to human and mediated communication in an organizational environment. Prerequisite: 6 hrs COMM or permission of instructor. F03

COMM 4308 Intercultural Communication (3)

An examination of the theory and practice of interactions among and between various cultural and sub-cultural groups. Emphasis will be placed on how the various cultural assumptions affect human symbolic interaction and relationship-building at the interpersonal and cultural levels. S04

COMM 4315 Communication Law (3)

Legal aspects of rights and responsibilities of the press, radio and television including libel, privilege, copyright and access to information. Prerequisite: COMM 2311 or equivalent. F04

COMM 4320 Communication and Instruction (3)

A study of how communication functions in instructional settings with emphasis on student-teacher interaction. Includes techniques for assigning and evaluating oral presentations, dealing with communication apprehension, fostering effective listening and conducting discussions. F05

COMM 4330 Advertising Strategies (3)

The economic and persuasive foundations of advertising and public relations are examined using case studies. Prerequisite: 9 credit hours of upper level COMM coursework. F05

COMM 4340 Group Leadership (3)

This course takes an in-depth look at how theories of communication and group leadership support one another. Students learn to analyze and practice methods of leadership communication including creative thinking models, decision-making techniques and parliamentary procedure. Prerequisite: COMM 3340 or Permission of Instructor. F05

COMM 4356 Argument and Persuasion (3)

A detailed examination of the history and development of effective argument and persuasion. Emphasis will include theories of argument and their role in media and society. Prerequisite: COMM 3345 or permission of the instructor. S06

COMM 4361 Communication Research (3)

Research methods in communication including data gathering and analysis. Prerequisite: 15 credit hours of upper-level COMM coursework or permission of instructor. S06

COMM 4370 Rhetorical Criticism (3)

Principles and practice of the analysis of rhetorical discourse. Students will compare systems of rhetorical criticism and will explore methodological issues and techniques for doing scholarly criticism. Prerequisite: 6 hours COMM coursework.

COMM 4379 Topics in Rhetoric (3)

Studies in the history, theories and methodologies of rhetoric. Course may be repeated with change in topic.

COMM 4389 Seminar in Communication (3)

Senior seminar in communication. Topics will vary according to class interests. Class may be repeated for credit when topic varies. Prerequisite: 18 credit hours of COMM coursework. F, S

COMM 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior-level course).

COMM 4392 Internship (3)

Participation in and analysis of applied communication in a professional context. Prerequisite: 15 credit hours of COMM. F, S

DEGREE PLAN: BA IN COMMUNICATION

NAME	
EMAIL	
DATE	

UID#	
SEMESTER	

Semester hours completed at other schools:

Lower Division total	
Upper Division total	
Total	

The major in Communication requires that students complete 48 hours of upper level coursework in the 120 sch curriculum.

For the remaining 15 hours students will choose a series of elective COMM courses in consultation with their advisor.

COMM 3XXX or 4XXX	
COMM 3XXX or 4XXX	
COMM 3XXX or 4XXX	
COMM 3XXX or 4XXX	
COMM 3XXX or 4XXX	

DEGREE REQUIREMENTS:

1. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BA degree.
2. Complete at least 120 sch for the BA degree.
3. At least 30 sch must be completed at U.T.P.B.
4. At least 24 of the last 30 must be taken at U.T.P.B.
5. At least 48 sch must be taken at the upper level.
6. Complete at least 18 sch in a minor of which 9 sch must be upper level. Refer to the catalog for specific requirements.
7. Obtain at least a C grade in ALL MAJOR courses. Maintain a GPA of 2.0 or C in all courses applicable toward the BA degree.
8. Students who enrolled in a Texas public institution of higher education as first-time freshman in the Fall 2007 and thereafter are **not permitted to drop more than six courses** during their entire undergraduate career (Texas Administrative Code 4.10). This limit includes all transfer work taken at a Texas institution of higher education.

MINOR: XXXX SUGGESTED

In general, the minor is 18 sch with 12 sch at the upper level. Please talk to your advisor for specific minor requirements.

GENERAL EDUCATION REQUIREMENTS (42 sch)

		Communication (ENGL 1301 & 1302) (6 sch)
		Lang, Philos, Culture (UNIV 1301*) (3 sch) (ENGL 2322, 2323, 2327, 2328, COMM 1301)
		American History (HIST 1301 & 1302) (6 sch)
		Government or Pol. Science (PLSC 2305 & 2306) (UNIV 2301*) (6 sch)
		Math (MATH 1314, 1324, 1332, 2412)(3-4 sch)
		Component Area (COMM 1315) (3 sch)
		COMM 1115 (if Math 3 sch)
		Life & Physical Sci. (8 sch; 2 courses with labs)
		Creative Arts (ARTS 1301, DRAM 1310, MUSI 1306; 2310) (UNIV 1302*) (3 sch)
		Social/Behavioral Science (ECON 2301, 2302; PSYC 1301, SOCI 1301, LEAD 1301) (3 sch)

ELECTIVES (need XXsch to reach 120sch minimum) ANY COURSE/ANY LEVEL, 3SCH, CANNOT BE A COURSE USED IN GENERAL ED. REQUIREMENTS, MAJOR OR MINOR

UPPER LEVEL ELECTIVES 3XXX or 4XXX course (need XXsch to reach 48sch minimum)

ANY COURSE 3300 OR HIGHER, CANNOT BE A COURSE USED IN GENERAL ED. REQUIREMENTS, MAJOR OR MINOR

MAJOR REQUIREMENTS (36-45 sch)

All Communication Majors must complete at least 36 sch to include a core plus 15sch of elective Communication courses.

Required Core Courses (21 sch)

	COMM 1301 Intro to Study of Communication
	COMM 1318 Interpersonal Communication OR COMM 2333 Small Group Communication
	COMM 2301 Modern Media and Society
	COMM 2302 Rhetoric in Western Thought
	COMM 2351 Measurement in Communication OR COMM 3385 Research Methods
	COMM 3360 Theories of Communication
	COMM 4389 Seminar in Communication OR COMM 4392 Internship in Communication

Advisor's Signature Date

Computer Science

Dr. Ilhyun Lee
Professor

Dr. Ilhyun Lee is a Professor of Computer Science. He received his Ph.D. degree from Illinois Institute of Technology, Chicago, Illinois (1996). He was selected as Who's Who Among America's Teachers in 2006. His research interests include developing an Object-Oriented Scheduler in real-time environments. His research results have been published in the Journal of Computational Methods in Science and Engineering, and many refereed conference proceedings of the international computer science conferences sponsored by the well known professional societies such as IEEE, ACM, and ISCA.

Administered by the Department of Mathematical and Computing Sciences within the College of Arts and Sciences. The Bachelor of Science degree in Computer Science gives students the opportunity to obtain a thorough understanding of computers and their applications, and in the design and analysis of software and hardware systems for use in scientific and/or business environments.

Degree Requirements

The total credits required for a B.S. in Computer Science are 120.

General Education

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All majors must demonstrate a basic use of JAVA through completion of COSC 1430 and COSC 2430.

Major Requirements

All beginning students are expected to take COSC 1430 and 2430 or the equivalent before starting the major courses. These courses introduce general computer concepts and applications and develop programming skills. To complete the major program language requirements, the student will be expected to demonstrate programming competence in a second general purpose high level language. This competency can be demonstrated through the successful completion of a course in an approved language.

All plans of study in Computer Science include a common core of courses:

COSC 3310	Digital Computer Organization
COSC 3312	Discrete Mathematics
COSC 3315	Information Systems Design
COSC 3420	Data Structures

In addition to the common core, the student majoring in Computer Science is required to complete five advanced Computer Science courses including 3-6 hours of COSC 4395. These courses will be determined in consultation with the Computer Science faculty. In support of the major courses, the student is required to complete the Calculus sequence through MATH 2414, MATH 3301, and MATH 3305. Students at U. T. Permian Basin majoring in Computer Science are required to have a minor. The choice of the minor is up to the student but should be selected to further the student's education objectives.

Additional requirements:

1. One capstone course: NTSC 4311.

Computer Science as a minor

Students seeking a minor in computer science must complete the courses listed below, or equivalent courses as approved by a computer science advisor.

COSC 1430 Introduction to Computer Science I	4
COSC 2430 Introduction to Computer Science II	4
COSC 2420 C Programming, or another course in a high level Language approved by the advisor	3/4
COSC 3310 Digital Computer Organization	3
COSC 3315 Information Systems Design	3
COSC 3xxx or 4xxx	<u>3/4</u>
TOTAL	20/22

Faculty in Computer Science may allow transferred credits to count towards a major or a minor in Computer Science. The number of credit hours required, at the upper-level or in total, can not be reduced except by academic petition.

Teacher Certification and TExES Requirements

Candidates for TExES tests in Computer Science 8-12 must complete the courses for the BS in Computer Science.

Course Listing

COSC 1301 Introduction to Computing (3)

An introduction to the science of computing, with emphasis on the history and terminology of computer construction, operation, and data processing. Overview of computer systems hardware, programming languages, operating systems, and application software, including the Internet, word processing, spreadsheets, presentation graphics, and databases. This course is intended for non-computer science major students and students considering a computer science or information systems major. Prerequisite: none

COSC 1335 Computers and Problem Solving (3)

Introduction to basic issues related to computer aided problem solving. Computational problems will be studied using software packages, including spreadsheets and database systems. Use of the Internet and the World Wide Web, as problem solving resources is introduced. Basics of computer systems will be introduced. Same as Business Field of Study course COSC/BCIS 1305. Prerequisites: College Algebra or equivalent. FS

COSC 1430 Introduction to Computer Science I (4)

Computer organization, algorithm design, programming, and elementary data structures. Introduction to programming in a high-level language. Prerequisite or Co-requisite: Math 1332 or 1324 or 2412 or equivalent. FS

COSC 2420 C Programming (4)

Programming in C, investigating the characteristics and implementation. Prerequisite: COSC 1430. FS

COSC 2430 Introduction to Computer Science II (4)

Continuation of COSC 1430. Data structures, data abstraction, information hiding. Advanced programming in the language of the current COSC 1430. Prerequisite: COSC 1430. FS

COSC 3310 Digital Computer Organization (3)

Design of arithmetic, control, and memory units, binary data representation, error-detecting and error-correcting codes. Prerequisite: COSC 2430. FS

COSC 3312 Discrete Mathematics (3)

Elementary logic, sets, functions, relations, permutations and combinations, modular arithmetic, graph theory and its applications. Prerequisite: MATH 2414. F

COSC 3315 Information Systems Design (3)

Computer systems and relationships between hardware and software components. Emphasis on business system design and analysis. Prerequisite: COSC 2430. FS

COSC 3360 Computer Ethics (3)

An introduction to the responsibilities generally, and the ethical behavior specifically, expected of the computer and information systems professional. Includes the philosophical bases of ethical decision-making and the application of these principles to issues that arise in computing and information systems. Discussion of ethical standards as established by governmental bodies and professional organizations. Prerequisite: COSC 3315.

COSC 3420 Data Structures (4)

Design and implementation of algorithms for handling data structures such as linear lists, linked lists, stacks, queues, graphs, trees and strings. Prerequisites: COSC2430 and COSC3312. S

COSC 4370 Data Communications (3)

Theory and techniques related to signal transmission, transmission media, signal encoding, interfacing, data link control and protocols. Prerequisites: COSC 3310 and permission of the instructor.

COSC 4389 Multi Listing (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog and may be acceptable for graduate credit.

COSC 4390 Theory of Computation (3)

Turing machines, Church's thesis, recursive functions, computability, and computational complexity. Prerequisite: COSC 3312 or MATH 3315.

COSC 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior level course). These courses will not count for graduate credit

COSC 4395 Research (1-3)

Research in a selected field of computer science. Prerequisite: consultation with the major advisor and permission of the research sponsor. May be repeated for credit. FS

COSC 4415 Database Systems (4)

Introduction to database design and implementation using the ER model. Relational model concepts, constraints and relational algebra. Normalization, optimization and concurrency. Prerequisite: COSC 3315

COSC 4425 Programming Algorithms (4)

Investigation of programming strategies, and the analysis of sequential and parallel algorithms to optimize them from memory and time constraints. Prerequisite: COSC 3420.

COSC 4430 Operating Systems (4)

This course examines the theory and practice behind modern computer operating systems. Topics include what an operating system does do, system calls and interfaces, processes, concurrent programming, resource scheduling and management (of the CPU, memory, etc.), virtual memory, deadlocks, distributed systems and algorithms, programming in UNIX, and security. We will approach the subject from both a theoretical perspective as well as a practical one. Prerequisites: COSC 3310 and COSC 3420.

COSC 4455 Multimedia and Web Development (4)

Use of software development tools for construction of multimedia and Web pages, including an introduction to HTML and XML. Students will utilize industry standard tools for processing graphics, animation, audio, and video. Prerequisite: COSC 3315.

COSC 4460 Software Engineering (4)

Fundamental Concepts and General Principles for software systems development. Visual modeling, software development life cycles, CASE tools, Web-based information systems. Prerequisite: COSC 3315. F

COSC 4475 Distributed Systems (4)

An introduction to the concepts of distributed processing. Topics include distributed architectures, distributed operating systems and programming languages, and distributed algorithms. Prerequisite: COSC 3310, 3420

COSC 4480 Programming Languages (4)

Fundamental concepts and general principles underlying the structure of high level programming languages in current use. Prerequisites: COSC 3420, knowledge of two high level programming languages. COSC 3310 is recommended.

COSC 4485 Mobile Application Development (4)

This course introduces the unique methodologies necessary for developing dedicated and client-server applications that target smartphones, table computers, and other mobile devices. Course will cover the fundamental features of mobile device operation system and mobile applications, as well as the latest hardware capabilities. Prerequisites: COSC 3310, 3420 or permission of the instructor.

 Date

Criminology

Richard G. Kiekbusch, PhD
Associate Professor of
Criminology

Dr. Kiekbusch holds a BA, MA, and PhD, all in sociology from the University of Notre Dame. Dr. Kiekbusch has over twenty years experience in correctional administration and private corrections. He is active in a number of professional associations and was president of the American Jail Association, 1992-93. In addition to carrying out his academic responsibilities, Dr. Kiekbusch provides expert witness and other consulting services in the area of correctional management. He serves on the editorial boards of several other practitioner publications and scholarly journals.

Gregg Hammon, MA
Lecturer

Professor Hammon received an undergraduate degree in Criminology from the University of Texas of the Permian Basin in 1990. His Master's degree was earned from Sul Ross State University in 1991. Professor Hammon has been teaching at the college level as an adjunct instructor since 2001, both in class and online. He has over 15 years experience in the criminal justice field in corrections and law enforcement. He holds a Master Level Peace Officer license from the Texas Commission on Law Enforcement.

Administered by the Department of Social Sciences within the College of Arts and Sciences.

Students who major in criminology will obtain a Bachelor of Arts degree. Criminology is an interdisciplinary behavioral science which includes the study of law, the causes of criminal behavior and the agencies of social control which society has established to prevent and control crime.

The criminology program at U. T. Permian Basin is committed to the personal, analytical and professional development of its students. Many will choose to continue their education in graduate studies or law school, while others will accept employment in criminal justice agencies such as law enforcement, courts, corrections or other social service organizations. The criminology program is committed to developing the student's sensitivity to the human and social condition, coupled with an understanding and ability to participate constructively in the improvement of both.

The criminology advisor will assist in developing a degree plan which best suits the needs of the individual student.

Transfer students from Texas community colleges should note that only those courses designated by the Texas Higher Education Coordinating Board as academic transfer courses and showing the CRIJ prefix will be accepted at U. T. Permian Basin. Courses showing WECM prefixes are not accepted in transfer even if the course is cross-listed with an academic transfer course.

Degree Requirements

The total number of semester credit hours required for a B.A. in Criminology is **120**.

General Education Requirements

42 Semester credit hours

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All Criminology majors must demonstrate a basic use of computing through completion of CRIM 3360 and CRIM 4360.

Criminology Major Requirements

33 Semester credit hours

Required for a Bachelor of Arts degree in Criminology are 33 semester credit hours. The five courses below are specifically required for the major. CRIM 3360, CRIM 4360, and CRIM 4392 must be taken in the sequence shown below.

CRIM 2336	Introduction to Criminology
CRIM 3360	Introductory Statistics for Criminology
CRIM 4332	Theories of Criminal Behavior
CRIM 4360	Research Methods for Criminology
CRIM 4392	Senior Internship in Criminal Justice

The maximum number of credits in the major is 54. Credits beyond this maximum will not be counted toward the 120 minimum hours necessary to graduate. All students must complete the 15 semester credit hours of required courses shown above, plus 18 semester credit hours from a selected list of criminology electives. In selecting courses, criminology majors, with the approval of their advisors, may choose from the list of courses associated with the online BS degree in Criminal Justice (CCJO).

Criminology Minor Requirements

A minor in Criminology consists of 18 hours of Criminology course work (to include CRIM 2336), of which 12 must be at the upper-level. Criminology majors may not minor in criminal justice online.

Course Listing

CRIM 2310 Police and Society (3)

Examination of the role of police in a democratic society. Topics include professionalism, police discretion, police-community relations, police-minority relations, use of force, and control of police behavior as well as other selected contemporary issues. S

CRIM 2336 Introduction to Criminology (3)

An overview of theories and patterns of criminal behavior, and the behavior of police, courts and correctional agencies in processing criminal offenders. F

CRIM 3340 Criminal Justice Administration (3)

Administrative problems and their solutions in correctional and law enforcement programs.

CRIM 3350 Social Deviance (3)

Study of societal definitions and reactions to deviant acts in relationship to ethnicity, social class and legal institutions.

CRIM 3355 Municipal Police Administration (3)

An overview of police supervision and administrative practices with a special emphasis upon innovative patrol, tactical and investigative administrative procedures. Problems and special issues in police administration are also considered and evaluated. F

CRIM 3360 Introductory Statistics For Criminology (3)

A study of statistics as applied to issues in Criminal Justice and Criminology include frequency functions, correlation and regression, and statistical tests of significance. No prerequisites. F

CRIM 3365 Juvenile Delinquency and Justice (3)

A study of the juvenile justice system, theories of causation, the distribution and frequency of delinquency, correctional treatment, and prevention programs in modern society.

CRIM 3389 Multi Listing Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

CRIM 4312 Criminal Procedure (3)

Introduction to various aspects of criminal procedure; including the study of laws of arrest, search and seizure, evidence, and the analysis of constitutional limitations relating to different phases of the procedure. S

CRIM 4320 Corrections In America (3)

Overview of social, cultural, behavioral, political, psychological, sociological and economic causative factors of crime. Appraisal of correctional methods involved in prisons, probation, parole, work-release, half-way houses, community- based corrections and other settings. F

CRIM 4321 Probation and Parole (3)

History, philosophy and development of adult and juvenile probation and parole in the United States. S

CRIM 4322 Legal Foundations of Corrections (3)

Historical analysis of constitutional law, appellate and Supreme Court decisions and their impact upon correctional institutions and agencies. S

CRIM 4332 Theories of Criminal Behavior (3)

Principal theories of criminality and the criminal justice system and the application of these theories to the prevention and control of crime. S

CRIM 4333 Law and Society (3)

The relationship of law and society is studied through the history, philosophy and evolution of the law and legal institutions. Three major functions of law in modern society, social control, dispute resolution and social engineering, are examined.

CRIM 4334 Issues In Criminology and Criminal Justice (3)

Survey of major philosophical, moral, and administrative issues in criminology and criminal justice. Specific topics may change as the issues and problems that confront the justice system change.

CRIM 4360 Research Methods For Criminology (3)

An explanation of the basic methods of scientific inquiry in the behavioral sciences. Emphasis is on the practices aspects of research design and implementation in criminal justice and criminology. Prerequisites: Completion of CRIM 3360 with a grade of C or better. S

CRIM 4381 Ethics in Criminal Justice (3)

An examination of major ethical issues confronted by persons who work in the criminal justice system. Important appellate court decisions pertaining to those issues will also be reviewed.

CRIM 4382 The Police and the Community (3)

This course introduces students to the broad field of police-community relations, focusing on law enforcement and community response. Also emphasized are the origin, implementation, and evaluation of community policing.

CRIM 4383 The American Jail (3)

This course provides the student with a basic understanding of the American jail – its role within the criminal justice system and its internal operations.

CRIM 4384 The Death Penalty (3)

This course is designed to provide students with an understanding of the role of the death penalty in the criminal justice system and to create an environment where students are encouraged to express their ideas and make compelling arguments about the utility of the death penalty as a form of punishment. F

CRIM 4385 Civil Liability in Criminal Justice (3)

This is an introduction to the concept of civil liability in the criminal justice system. The primary focuses are on law enforcement and corrections. Among the topics discussed are the foundations of civil liability, the differences between criminal and civil jurisprudence, and the most common sources of liability exposure in law enforcement and corrections. Actual cases will be reviewed.

CRIM 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

CRIM 4391 Contract Study (3)

Advanced independent study or research (equivalent to a senior level course).

CRIM 4392 Senior Internship in Criminal Justice (3)

A supervised field experience in a criminal justice, juvenile justice, or related agency. The student is offered the opportunity to gain knowledge, methods, and skills of the agency. The student will present a paper to the Criminology faculty detailing his/her experience with the agency, summarizing the new knowledge that he/she gained by working there, and proposing a research design by which he/she would evaluate the agency's effectiveness. The research design should reflect the statistical and methodological knowledge acquired by the student in CRIM 3360 and CRIM 4360. Preference is given to graduating seniors. F S

CRIM 4399 Senior Research Seminar (3)

A scientific research study under the supervision of a member of the criminology faculty. The integration of theory and research is emphasized through basic or applied research. Prerequisites: senior standing and SOCI 3317 and SOCI 4303. This course is a voluntary alternative to CRIM 4392 for those students intending to go to graduate school.

DEGREE PLAN: BA IN CRIMINOLOGY

General Education Requirements (42 hours):

- ___ English Composition (6 hours) 1301 & 1302
- ___ U.S. History (6 hours) 1301 & 1302
- ___ U.S. and State Government (6 hours) PLSC 2305 & 2306
- ___ Physical or Life Science (8 hours) any science
- ___ Literature (3 hours) at 2xxx level
- ___ Mathematics (3-4 hours) *
- ___ Communication (3-4 hours) 1315 recommended
- ___ Creative Arts (3 hours)
- ___ Social Science (3 hours) (Soci, Psyc, Econ)

MINOR: _____

In general, a minor consists of 18 sch, of which 12 sch must be upper level. Please refer to the catalog for specifics.

	DISC.	COURSE	CREDIT HR.
1.	_____	_____	_____
2.	_____	_____	_____
3.	_____	_____	_____
4.	_____	_____	_____
5.	_____	_____	_____
6.	_____	_____	_____

NOTES ON GRADUATING:

1. Read the U. T. Permian Basin catalog and be familiar with the University's requirements for the B. A. degree, and the general education requirements for the B. A. degree. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the B. A. degree.
2. Complete at least **120** semester credit hours for the B. A. degree. At least **30** of these must be completed at U. T. Permian Basin.
3. At least 48 credits must be at the junior and senior level.
4. Complete at least **18** credits in a minor area: At least **12** of these 18 credits must be at the junior or senior level.
5. Obtain at least a C grade in all major courses.
6. By the end of the first week of classes during the semester in

which the student intends to graduate, a degree check request and appropriate form must be submitted to the Academic Counselor.

CRIMINOLOGY MAJOR (33 sch)

Required core Courses: 15 sch (5 courses)

- ___ CRIM 2336 Introduction to Criminology
- ___ CRIM 3360 Introductory Statistics for Criminology
- ___ CRIM 4360 Research Methods for Criminology
- ___ CRIM 4332 Theories of Criminal Behavior
- ___ CRIM 4392 Senior Internship in Criminal Justice

CRIMINOLOGY ELECTIVES: Eighteen credit hours (6 courses) must be completed from the courses listed below:

- ___ CRIM 2310 Police and Society
- ___ CRIM 3340 Criminal Justice Administration
- ___ CRIM 3350 Social Deviance
- ___ CRIM 3355 Municipal Police Administration
- ___ CRIM 3365 Juvenile Delinquency and Justice
- ___ CRIM 3389 Multi-listing Course

- ___ CRIM 4312 Criminal Procedure
- ___ CRIM 4320 Corrections in America
- ___ CRIM 4321 Probation and Parole
- ___ CRIM 4322 Legal Foundations of Corrections
- ___ CRIM 4333 Law and Society
- ___ CRIM 4334 Issues in Criminology & Criminal Justice
- ___ CRIM 4381 Ethics in Criminal Justice
- ___ CRIM 4382 The Police and the Community
- ___ CRIM 4383 The American Jail
- ___ CRIM 4384 The Death Penalty
- ___ CRIM 4385 Civil Liability in Criminal Justice
- ___ CRIM 4389 Selected Topics_____
- ___ CRIM 4391 Contract Study_____
- ___ CRIM_____
- ___ CRIM_____
- ___ CRIM_____
- ___ CRIM_____
- ___ CRIM_____

Criminal Justice Online

CCJO

Diana Burns, Ph.D.

Associate Professor of Criminology

Dr. Burns holds an undergraduate degree from the University of Illinois at Urbana-Champaign and graduate degrees from Illinois State University. She has nearly 20 years experience in higher education teaching in the area of research methods; comparative criminal justice systems; race, gender, class and crime; statistics; criminology; sociology; and drugs and behavior at seven different institutions of higher education. Diana has been the chairperson of three different criminal justice programs over the past 15 years and has published in the area of criminal justice, social work, higher education, sociology, business and management. Her research interests include issues in policing (training & education) and community policing, human rights violations, assessment and leadership in higher education, family violence, femicide and infanticide, evaluation research and program development.

Gregg Hammon, MA

Lecturer

Professor Hammon teaches many of the UTPB courses offered online. He received an undergraduate degree in Criminology from the University of Texas of the Permian Basin in 1990. His Master's degree was earned from Sul Ross State University in 1991.

Professor Hammon has been teaching at the college level as an adjunct instructor since 2001, both in class and online. He has over 15 years experience in the criminal justice field in corrections and law enforcement. He holds a Master Level Peace Officer license from the Texas Commission on Law Enforcement.

Administered by the Department of Social Sciences within the College of Arts and Sciences.

UTPB's undergraduate Criminology program is participating in an online consortium with The University of Texas campuses at Arlington (UTA), and Brownsville (UTB). On occasion, other UT campuses offer courses through the consortium as well. Through the consortium, it is possible for a student to earn a B.S. in Criminal Justice, entirely online, from UTA, UTB, or UTPB. With the approval of their academic advisors, UTPB students other than CCJO majors may register for Criminal Justice online courses (See Course Listing below).

The online B.S. degree in Criminal Justice offered by UTA, UTB, and UTPB consists of 66 hours of coursework which are intended to provide the student with an in-depth exposure to the American criminal justice system. There are 20 courses (60 hours) that a student must complete and a list of electives from which a student must select two courses (six hours). Students wishing to pursue this degree should see a UTPB Criminology faculty member.

General Education Requirements

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All CCJO graduates will have demonstrated their computer proficiency by virtue of the fact that all courses in this program are delivered online.

Criminal Justice Online (CCJO) Minor Requirements

A minor in CCJO consists of 18 hours of CCJO coursework (to include CCJO 2310) of which 12 must be at the upper-level. Criminology majors may not minor in CCJO.

Course Listing

* **Note:** For each course to be delivered by UTPB, the semesters during which the course will be offered appear after the course description.

CCJO 2310 Introduction to the Criminal Justice System (UTA) (3)

An overview of the entire criminal justice system: history and development, law enforcement, prosecution and defense, courts and trial processes, and corrections. This course must be completed within the first 12 hours of study.

CCJO 3312 Criminal Justice Administration (UTPB) (3)

Administrative problems and their solutions in correctional and law enforcement programs. S

CCJO 3320 Research Methods (UTA) (3)

This course introduces students to the research methodology used in criminal justice research. Emphasis is on the development of a general understanding of why and how research can be and is conducted in the field of criminology and criminal justice. Other dimensions of research are discussed including the nature of scientific thought, the link between research methods and criminological theory, and the various ethical issues concerning research in the field of criminology.

CCJO 3322 Legal Aspects of Evidence (UTB) (3)

Critically examines the legal controls on police officers, with special attention to current court decisions related to such issues as arrest, search and seizure, confessions, wiretapping and eavesdropping, right to counsel, and self-incrimination. Focuses on issues relating to elements of proof for major criminal offenses. Presents an understanding of the concepts of reasonable suspicion and probable cause which direct and control police responses to crime situations.

CCJO 3324 Genetics (UT-El Paso) (3)

The course will provide information in genetics at an introductory level while incorporating enough comprehensive information to meet the needs of more advanced students. Genetics is the first analytical biology course for most students, thus students will learn the theory behind the analytical techniques. Students will also learn modern molecular analysis techniques as applied to elucidating concepts of classical genetics, compare mechanisms of sex chromosome and auto some regulation in humans and other organisms, and compare DNA sequences for specific highly conserved genes that are present at different levels of evolution. The study of genetics mechanisms in DNA expression is important in the field of Forensic Science, as well as others. Prerequisite: General Biology or its equivalent.

CCJO 3326 Legal Aspects of Corrections (UTB) (3)

Legal problems and principles from conviction to release, including consideration of convictions, imprisonment, sentencing, conditional release, post conviction procedures, prisoners' rights, probationers' rights, and validity of conviction.

CCJO 3332 Juvenile Delinquency and Justice (UTPB) (3)

A study of the juvenile justice system, theories of causation, the distribution and frequency of delinquency, correctional treatments, and prevention programs in modern society. S

CCJO 3370 Ethnic and Gender Issues in Criminal Justice (UTA) (3)

An overview of ethnic and gender issues focusing on victims, offenders, and professionals in the criminal justice system.

CCJO 3374 Homicide and Capital Punishment (UTD) (3)

This course will provide students with an analysis of the nature, extent, and distribution of criminal homicide, one of the most egregious crimes that can be committed. Topics will include: statutory definition of homicide; trends and patterns of homicide; mass and serial murder; and victim/offender relationships. The course will also comprehensively examine the controversy surrounding the application of capital punishment through history; U.S. Supreme Court decisions on capital punishment; capital punishment proceedings in Texas; and contemporary problems with the application of the death penalty.

CCJO 4300 Forensic DNA Analysis (UT-El Paso) (3)

DNA analysis has its roots in classical genetics and molecular biology and has become an essential part of our everyday lives. From identifying missing persons to solving crimes, the ability to identify specific genes has afforded us with great power. When used in a court of law, the specificity of the evidence is remarkable, yet, how can judges and juries hope to understand the complexities of the techniques and the information revealed? The Federal Justice Department, the FBI, the National Research Council, the Departments of Public Safety in all states train their private employees in these techniques and analytical methods. They require their employees to take courses at universities in order to attain in-depth understanding and continuing education.

Major points in this course include:

- a. use of DNA analysis in law and medicine; TWGDAM guidelines;
- b. scientific analytical techniques used to identify specific genes and mutations in individuals;
- c. validity of DNA data for use in law or medicine; and
- d. statistical interpretation of DNA typing results.

Prerequisite: General Biology or its equivalent.

CCJO 4316 Theories of Criminal Behavior (UTPB) (3)

Principal theories of criminality and the criminal justice system and the application of these theories to the prevention and control of crime. F

CCJO 4330 American Judicial Systems (UTA) (3)

Federal, state, and local judicial systems, with special emphasis on state trial courts having criminal jurisdiction. Court structure and function, court management, and judicial behavior.

CCJO 4336 Comparative Criminal Justice Systems (UTA) (3)

An overview of criminal justice systems in other countries. Includes an intensive study and analysis of materials on their law enforcement, judicial, and corrections components; review of comparative studies on a variety of criminal justice topics.

CCJO 4338 Senior Seminar in Criminal Justice (UTB) (3)

Provides a capstone course for criminal justice students nearing the completion of the baccalaureate degree (over 100 SCH). This course is designed to explore current criminal justice policy issues and integrate material learned in the criminal justice curriculum, transcending the parochial view of the crime phenomenon from an agency perspective (police, courts, juvenile justice, and corrections). This course allows the student to explore topical criminal justice policy issues as they effect each agency, from the micro to the macro perspectives and to assess the intended and unintended consequences of criminal justice policies throughout the system and society. This course will be taken near the end of the student's course of study.

CCJO 4350 Institutional Corrections (UTA) (3)

Examination and evaluation practices, issues and trends in institutional corrections. Emphasis is on administration, organization, and effectiveness of incarceration.

CCJO 4352 Criminal Careers and Behavior Systems (UTA) (3)

Study and analysis of criminal syndicates, corporate crime, criminal corporations, organized crime, and transnational criminal operations.

CCJO 4354 Ethics in Criminal Justice (UTPB) (3)

An examination of major ethical issues confronted by persons who work in the criminal justice system. Important appellate court decisions pertaining to those issues will also be reviewed. F

CCJO 4356 Probation and Parole (UTPB) (3)

The history, philosophy and development of adult and juvenile probation and parole in the United States are examined. F

CCJO 4358 Principles of Law Enforcement Supervision (UTB) (3)

Examines the principles involved in law enforcement supervision; principles of leadership; psychology involved in handling grievances and in building morale; duties and responsibilities of command level personnel; law enforcement budgeting procedures, supervisory problems and responsibilities relating to discipline; and internal affairs investigations.

CCJO 4360 Correctional Casework and Counseling (UTB) (3)

Examines the role and techniques of casework in corrections with emphasis on integrating casework and counseling responsibilities and procedures. The course includes examining of therapy techniques and process in various correctional settings and studying of service delivery programs tailored to the specific needs of correctional clients.

CCJO 4362 Seminar of Issues in Law Enforcement (UTB) (3)

Analyzes and discusses contemporary issues in policing with particular attention to current developments, service delivery, and the changing police role; integration established scientific knowledge with practical police experience in various areas of policing.

CCJO 4364 Police and the Community (UTPB) (3)

Examination of the role of police in a democratic society. Topics include professionalism, police discretion, police-community relations, police-minority relations, use of force, and control of police behavior, as well as other selected contemporary issues. S

CCJO 4366 Gangs (UTB) (3)

Gives advanced undergraduate students the academic flexibility and opportunity to study contemporary issues in crime and criminal justice.

CCJO 4372 Drugs and Behavior (UTPB) (3)

This course explores the origins, categories and treatments on mental, emotional and behavioral disorders ranging from relatively mild stress and anxiety disorders to the more severe schizophrenias and organic mental disorders. S, F

CCJO 4395 Toxicology (UT-El Paso) (3)

Toxicology is the study of the harmful interactions between foreign and biological systems. Exposures occur from contaminants in our food, in our environment, and in our homes. Toxicology also covers interactions with medications and has significant genetic development concerns. The basic rules of Toxicology are directly applicable in Forensic Science. Prerequisites: General Biology or its equivalent

DEGREE PLAN: BS IN CRIMINAL JUSTICE (ON LINE)

General Education Requirements (42 hours):

- ___ English Composition (6 hours) 1301 & 1302
- ___ U.S. History (6 hours) 1301 & 1302
- ___ U.S. and State Government (6 hours) PLSC 2305 & 2306
- ___ Physical or Life Science (8 hours)
- ___ Literature (3 hours) at 2xxx level
- ___ Mathematics (3-4 hours)
- ___ Communication (3-4 hours) 1315 recommended
- ___ Creative Arts (3 hours)
- ___ Social Science (3 hours) (Soci, Psyc, Econ)

NOTES ON GRADUATING:

1. Read the U. T. Permian Basin catalog and be familiar with the University's requirements for the bachelor's degree and the general education requirements for the degree. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for this degree.
2. Complete at least **120** semester credit hours for this degree.
3. Students completing the Criminal Justice Online Degree Program must complete 66 semester credit hours from the courses listed to the right.
4. Obtain at least a C grade in all major courses.
5. No minor is required for this degree.

In addition to the General Education Requirements, the BS in Criminal Justice requires completion of the following 66 semester credit hours of course work:

Required Courses (must take all courses in this block)

- ___ CCJO 2310 Introduction to the Criminal Justice System
- ___ CCJO 3312 Criminal Justice Administration
- ___ CCJO 4316 Theories of Criminal Behavior
- ___ CCJO 3320 Research Methods
- ___ CCJO 3322 Legal Aspects of Evidence
- ___ CCJO 3326 Legal Aspects of Corrections
- ___ CCJO 3332 Juvenile Delinquency & Justice
- ___ CCJO 4330 American Judicial Systems
- ___ CCJO 4336 Comparative Criminal Justice Systems
- ___ CCJO 4338 Senior Seminar in Criminal Justice
- ___ CCJO 4350 Institutional Corrections
- ___ CCJO 4352 Criminal Careers and Behavior Systems
- ___ CCJO 4354 Ethics in Criminal Justice
- ___ CCJO 4356 Probation and Parole
- ___ CCJO 4358 Principles of Law Enforcement Supervision
- ___ CCJO 4360 Correctional Casework and Counseling
- ___ CCJO 4362 Seminar of Issues in Law Enforcement
- ___ CCJO 4364 Police and the Community
- ___ CCJO 3370 Ethnic & Gender Issues in Criminal Justice
- ___ CCJO 4372 Drugs and Behavior

Elective Courses (select two)

- ___ CCJO 3324 Genetics
- ___ CCJO 4300 Forensic DNA Analysis
- ___ CCJO 4366 Gangs
- ___ CCJO 4395 Toxicology

Additional elective courses may be added in the future.

Drama

Minor Only

The Minor in Drama requires twenty semester hours, at least thirteen of which must be at the junior or senior level. DRAM 1305, Production Internship, DRAM 2301, Theatre Appreciation; DRAM 2302, Acting I, DRAM 3305, Advanced Production Internship, are required as is one Dramatic Literature course (the student may select either DRAM 3310, Drama: Comedy; DRAM 3311, Tragedy and Melodrama; DRAM 4305, American Drama; or DRAM 4365, Shakespeare.).

Required Courses

DRAM 1305 Production Internship(1-3)

Student will designate a focus and design and carry out a project in technical production work at Founders' Theatre. May be repeated for credit up to a maximum of three hours.

DRAM 1310 Introduction to Theatre Arts (3)†

Introduction to Theatre Arts provides students the opportunity to learn to engage in the collaborative arts which are put into practice in the crafting of a stage production: dramatic writing, theatrical design and technology, acting and directing. Students undertake short projects in each of these fields and then work as a group to mount a performance at semester's end.

DRAM 2301 Theatre Appreciation (3)†

Introduction to Theatre Arts: Basics of set, costume, light design, acting, script analysis, directing, reviewing, the knowledge of which both introduces the student to the discipline of the arts of theater and prepares the student to be a discriminating and appreciative audience.

DRAM 2302 Acting I (3)

Beginning acting methodology (physical, vocal, and imaginative) which introduces the student to the skills and strategies of performance. Includes a study of the history of acting.

DRAM 3305 Advanced Internship (1-3)

Student will carry out an advanced project in design or technology at Founders' Theatre or other local theatres. May be repeated up to a maximum of three hours. Prerequisite: DRAM 1305 or instructor's permission.

One of the following

DRAM 3310 Tragedy and Melodrama (3)

Transnational genre course surveying serious dramatic literature from Greek to present-day playwrights. Prerequisite: any 2000 level English course or DRAM 2301 or DRAM 4340.

DRAM 3311 Drama: Comedy

Transnational genre course surveying comic drama from Greek to present-day playwrights. Prerequisite: any 2000 level English course or DRAM 2301 or DRAM 4340.

DRAM 4305 American Drama (3)

Historical development of American drama: types of dramatic literature and masterpieces in American drama. Prerequisite: English 3300 or DRAM 2301 or DRAM 4340.

DRAM 4365 Shakespeare (3)

A study of Shakespearean drama organized around a genre or a theme. May be repeated. Prerequisite: ENGL 3300 or DRAM 2301 or DRAM 4340.

Selected Courses**DRAM 3302 Acting II (3)**

Intermediate acting, chiefly devoted to characterization methodologies, including physical typology and interactional analysis of textual material. Prerequisite: Acting I.

DRAM 3391 Contract Study (3)

Preparation of individual projects as designed by the student and guided by the teacher. Instructor approval required. Prerequisite: one sophomore level Drama course.

DRAM 4340 Topics in Theatre History (3)

The history of theatrical practices from Greek and Roman to 1800 or from 1800 to the present. Includes the study of theater as a cultural artifact; theater architecture; theater artists; playwrights; theater historiography. Prerequisite: 2000 or 3000 level theater course.

DRAM 4379 Advanced Topics in Production and Performance (3)

Designed as a capstone course, Advanced Topics will alternate between seminars in Directing, Playwriting, Dramaturgy and Design and Technical Theatre. This course allows advanced students to practice their skills in a workshop setting. Prerequisite: 6 hours Theatre coursework or permission from instructor.

DRAM 4391 Contract Study (3)

Preparation of individual projects as designed by the student and guided by the teacher. Instructor approval required. Prerequisite: one junior level Drama course.

†Courses fulfill general education requirements

B.A. IN HUMANITIES WITH A CONCENTRATION IN THEATRE

The following courses are suggested for those students wishing to obtain a concentration in Theatre within the Humanities BA. These classes are suitable background preparation for students wishing to teach Theatre or who wish to apply for graduate programs in Theatre.

FOUNDATION CLASSES

DRAM 1301, Production Internship
DRAM 2301, Theatre Appreciation
DRAM 3301, Advance Internship

PERFORMANCE CLASSES:

DRAM 2302, Acting I
DRAM 3302, Acting II

THEATRE HISTORY:

DRAMA 4340, Topics in Theatre History, Greek to Renaissance
DRAMA 4340, Topics in Theatre History, Seventeenth Century to Present

THEATRE LITERATURE:

Either DRAM 3310, Tragedy and Melodrama, and DRAM 3311, Comedy
Or DRAM 4305, American Drama, and DRAM 4365, Shakespeare

CAPSTONE COURSE:

- DRAM 4379, Directing

Students selecting a concentration in Theatre are urged to consider including within their 54-hour Humanities major coursework in Art (particularly 2-D Design and Art History) and Music (particularly Vocal Music and Music History) because such fine arts courses provide an enormously useful cultural context for the study of Theatre.

Energy Studies

Minor only

Administered by the Department of Physical Sciences within the College of Arts and Sciences. Understanding energy in all its forms and applications is vital to our nation's future. The Energy Studies minor offers students the opportunity to gain energy literacy—the informed understanding of energy sources, problems, and priorities in our nation and the world—by gaining energy-related knowledge from a variety of disciplines. Such knowledge is essential not only to those who will work in the energy industry but to all who will be future decision-makers on the energy questions confronting business and society.

Minor Requirements

The total semester credit hours required for a minor in Energy Studies is 18 hours, of which at least 9 hours must be at upper level. Students are encouraged to consider taking more than the minimum hours and to diversify their choices among disciplines. Courses may be selected from those listed below. Note that a number of the courses have prerequisites that must be completed before enrolling in them. Additional courses under development may also be approved for the Energy Studies minor.

Business courses

ACCT 4310: Oil and Gas Accounting
ECON 2301: Principles of Economics
ECON 2311: International Trade
ECON 4333: Business and Economic History
FINA 3320: Principles of Finance
MNGT 3309: Energy Management
MNGT 3370: Business and Society
MNGT 4310: Management of Hydrocarbon-based Energy Enterprises
MNGT 4324: Oil and Gas Law/Taxation

Technology courses

PTEC 3301: Petroleum Fundamentals
PTEC 4303: Petroleum Production Technology

Communication, History, and Social Science courses

COMM 3375: Political Communication
HIST 3348: US 1945 to the Present
HIST 4370: The American Petroleum Industry
PLSC 4341: Environmental Policy
PLSC 4345: Public Policy
SOC 4316: Social Determinants of Energy Use

Science courses

CHEM 1301/1103: Chemistry in Context w/ lab
CHEM 1311/1111: General Chemistry I w/ lab
CHEM 1312/1112: General Chemistry II w/ lab
ENSC 1401: Environmental Science I
ENSC 1402: Environmental Science II
ENSC 3320: Environmental Law
ENSC 3404: Environmental Problems
ENSC 4310: Environmental Pollution and Control
ENSC 4350: Environmental Impact Analysis
GEOL 1301/1101: Physical Geology w/lab
GEOL 1302/1102: Historical Geology w/lab
GEOL 3308: Sedimentary Rocks
GEOL 4317: Geology of the Permian Basin

English

Sophia P. Andres, PhD
Chair of the Department of Literature and Languages
Professor of English

Sophia Andres is Professor of English, Kathlyn Cosper Dunagan Professor in the Humanities at the University of Texas of the Permian Basin where she teaches Romantic literature, Victorian literature and art, Literature and Mythology, as well as modern and postmodern British fiction. She is the recipient of the 2008 Minnie Stevens Piper Award for Outstanding Academic and Scholarly Achievement, the Chancellor's Council Outstanding Teaching Award, and the President's Outstanding Research Award. Her work has appeared in several journals and books including the following: ELH, Journal of Narrative Technique, Journal of Narrative Theory, Victorians Institute Journal, Victorian Newsletter, Clio, George Eliot – George Henry Lewes Studies, Journal of Pre-Raphaelite Studies. Her recent book, The Pre-Raphaelite Art of the Victorian Novel: Narrative Challenges to Visual Gendered Boundaries (2005), was published by Ohio State University Press and was awarded the 2006 South Central Modern Language Association Book Award. She is currently working on a book tentatively titled "Pre-Raphaelite Poetic Visions."

Mark Wildermuth, PhD
Professor of English

Dr. Wildermuth is Professor of English and Fellow in the Kathlyn Cosper Dunagan Professorship in Humanities. He is widely known for his interest in film, media studies, and eighteenth-century print culture.. He received the La Mancha Reward for Research in 1995, the Chancellor's Council Outstanding Teaching Award in 2009, and the President's Outstanding Research Award in 2010. His first book, Blood in the Moonlight: Michael Mann and Information Age Cinema was published by McFarland Performing Arts Publications in 2005, and his second book Print, Chaos and Complexity: Samuel Johnson and Eighteenth-Century Media Culture was published by the University of Delaware Press in 2008. Wildermuth's third book Gender, Science Fiction Television, and the American Security State. 1958-Present was published by Palgrave MacMillan in 2014. His research has appeared in Philosophy and Rhetoric, Rhetoric Society Quarterly, The Age of Johnson, The Eighteenth Century: Theory and Interpretation, The Lamar Journal for the Humanities, The Journal of Popular Film and Television, The Journal of Popular Culture, and in the 2014 University of Kentucky Press book anthology The Philosophy of Michael Mann.

Administered by the Department of Literature and Languages within the College of Arts and Sciences.

The goals of the English program include the following: first, to help students develop their ability to read and write critically; second, to provide them with a knowledge about the major periods, movements, and genres in British and American literature; third, to enhance their awareness of the cultural contexts of literary texts. Students pursuing an English major or minor will receive training in analytical and imaginative reading, in the analysis of literary and non-literary works and in the professional skills involved in writing, rhetoric, and the analysis of all types of written language. Courses at all levels will give serious attention to the literary voices traditionally excluded from or marginalized within the British and American literary canon. No more than 47 semester credit hours of English may be applied toward the 120 semester credit hour minimum required for a degree.

Degree Requirements

The total credits required for a B.A. in English are **120**.

General Education

42 credits

Complete the requirements shown in the General Education Requirements section of this Catalog

Computer Use

All majors must demonstrate a basic use of computing through either a computer literacy test, COSC 1335, or similar computer science course which requires the actual use of computers.

Major Requirements

The student who chooses English as a major should select courses according to the following guidelines.

1. Two semesters of Freshman English or composition and language study are a prerequisite for the major in English.
2. Thirty semester credit hours of courses at the sophomore level and above are required for the major, with a minimum of 24 semester credit hours at the upper (junior/senior) level.
3. Required courses:
 - ENGL 3300, Theoretical Approaches to Literature
 - One course in American Literature
 - One course in British Literature
 - One course in Fiction
 - One course in Poetry
 - One course in Drama
 - One Language and Rhetoric course
4. At least six semester credit hours of study must be at the senior (4000) level.

Course Groups for the Major and Minor

British Literature Courses (select at least one):

ENGL 2322	British Literature to 1800
ENGL 2323	British Literature since 1800
ENGL 3332	Literature and Art
ENGL 3352	Eighteenth-Century Women Poets
ENGL 4321	Topics in British Poetry
ENGL 4325	Topics in British Drama
ENGL 4332	The Nineteenth-Century British Novel
ENGL 4333	The Twentieth-Century British Novel

American Literature Courses (select at least one)

ENGL 2327	American Literature to 1865
ENGL 2328	American Literature since 1865
ENGL 3306	Ethnic Literature
ENGL 4301	Nineteenth-Century American Poetry
ENGL 4302	Twentieth-Century American Poetry
ENGL 4305	American Drama
ENGL 4312	Twentieth-Century American Fiction
ENGL 4361	New York School Poets

Electives

ENGL 3310	Drama: Tragedy & Melodrama
ENGL 3311	Drama: Comedy
ENGL 3330	Film as Literature
ENGL 3333	Literature & Mythology
ENGL 3341	Creative Writing
ENGL 3362	Poetry: Forms and Themes

Language and Rhetoric Courses

ENGL 3340	Advanced Composition
ENGL 3371	The English Language
ENGL 3372	English Grammar
ENGL 4340	Advanced Professional Writing
ENGL 4371	Rhetoric and Composition

Minor in English

The minor in English is composed of eighteen hours of study, at least twelve of which must be junior level or above. Freshman English courses are not included in the number of courses toward the minor. ENGL 3300, Theoretical Approaches to Literature, is required of all students in the minor. The

student may select the remaining five courses according to her or his interests and goals, with the provisions that one course must be in British Literature, one course must be in American Literature, and at least one course must be at the senior (4000) level.

TExES Requirements

To meet Texas Higher Education Coordinating Board requirements, students seeking certification to teach grades EC-6 or 4-8 must take at least 9 hours of math (may include statistics) at or above college-level algebra and at least 12 hours of science.

- English Language Arts & Reading 7-12: Complete the courses for the BA in English (Teacher Track)
- English Language Arts & Reading 4-8: Complete the courses for the BA in English (Teacher Track)
- English Language Arts, Reading, & Social Studies 4-8: Complete the courses for VA in English with a minor in history, or for the BA in history with a minor in English. In addition, complete ECON 2301 and two geography courses.

Students with questions about TExES requirements should consult their Education advisor.

Course Listing

Courses without a semester designation are offered in rotation.

ENGL 1301 Composition I (3)[†]

Composition I offers intensive instruction in the writing process (prewriting, drafting, revising, and proofreading), emphasizing the recursive nature of the process and the importance of the relationship among writer, audience, and subject. The course will also explore the connection between writing and critical thinking and the usefulness of writing as a tool for learning in all fields of knowledge.

Students enrolling in Composition I will be expected to have a good command of standard written English. FS

ENGL 1302 Composition II (3)[†]

Composition II covers argument, rhetorical analysis and the research paper. In this course students analyze and respond to texts of various kinds through essays and research papers. Students will learn to defend their points of view by using textual evidence and strong rhetoric. Readings and exercises help student learn to write broad-minded, well-informed essays in polished academic prose that moves and educates the reader. Prerequisite: ENGL 1301. FS

ENGL 2322 British Literature to 1800 (3)[†]

Chronological survey of major works in British literature from the Anglo-Saxon Times through the restoration and late 18th century. Prerequisite: ENGL 1302. FS

ENGL 2323 British Literature Since 1800 (3)[†]

Chronological survey of major works of British Literature from the late 18th century (about 1800) to the Modern Period. Prerequisite: ENGL 1302. FS

ENGL 2327 American Literature to 1865 (3)†

Chronological examination of writers, works and movements in fiction, nonfiction and poetry through 1865. Prerequisites: ENGL 1302. FS

ENGL 2328 American Literature Since 1865 (3)†

Chronological examination of writers, works and movements in fiction, nonfiction and poetry from 1865 to the present. Prerequisites: ENGL 1302. FS

ENGL 2389 Selected Topics (3)

Occasionally offered special topics literature courses at the sophomore level to be used as electives.

ENGL 3300 Theoretical Approaches to Literature (3)

An introduction to the analysis of literary texts as informed by important methods and schools of literary criticism. Attention to the three major genres of literature – poetry, drama and fiction. Frequent writing assignments. Course available only for English majors, English minors, and those with English as a second teaching field. Prerequisite: Any 2000 level English class. FS

ENGL 3306 American Multicultural Fiction (3)

Study of canonical and noncanonical texts from a variety of American cultures, in historical contexts, from pre-Columbian to the present. All readings in English. Prerequisites: any 2000 English course.

ENGL 3310 Drama: Tragedy & Melodrama (3)

Transnational genre course surveying serious dramatic literature from Greek to present-day playwrights. Prerequisite: any 2000 level English course or DRAM 2301 or DRAM 4340.

ENGL 3311 Drama: Comedy (3)

Transnational genre course surveying comic drama from Greek to present-day playwrights: Prerequisite: any 2000 level English course.

ENGL 3320 American Fiction 1860-1900 (3)

This course explores the development of the American novel, both canonical and emerging, from Realism through Naturalism. Prerequisite: any 2000 level English course.

ENGL 3330 Film as Literature (3)

Introduction to critical and theoretical approaches and terminology for describing and analyzing films as cultural artifacts and as works of literature. Some emphasis will be given to movements in the history of film (such as German Expressionism, Japanese New Wave Cinema). English elective. Prerequisite: one 2000 level English course. S

ENGL 3332 Literature and Art (3)

The study of art within the context of British Literature, American Literature or Comparative Literature with special emphasis on gender constructs. S

ENGL 3333 Literature & Mythology (3)

The study of mythology within the context of British Literature, American Literature or Comparative Literature. Prerequisites: ENGL 1301, ENGL 1302. F

ENGL 3335 American Women Novelists (3)

This course examines canonical and emerging women writers from the Early Republic up to the present day. We will discuss the ways in which cultural contexts (and contests) gave rise to specific texts and determined their meanings. Prerequisite: any 2000 level English course.

ENGL 3336 Global Literature (3)

Global literature is an introduction to the concept and theory of global literature using a cohesive theme to study the influential literary classics in Western and non-Western traditions. All readings are English translations. Prerequisite: ENGL 1302. S

ENGL 3340 Advanced Composition (3)

The writing of a series of papers of varying lengths involving a wide range of rhetorical situations. Emphasis is placed on the entire writing process, including pre-writing, drafting, and re-writing. Prerequisite: ENGL 1302.

ENGL 3341 Creative Writing (3)

Emphasis on development of the student's own writing through formal experimentation, workshopping, and projects, with significant attention paid to literary conventions of modern and contemporary writing. Prose, poetry or drama may be the topic of the given semester. Prerequisite: ENGL 1302 and permission of the instructor based on a review of a writing portfolio.

ENGL 3352 Eighteenth-Century Women Poets (3)

Survey of British women poets writing in the period 1660-1800. Focus is on proto-feminist ideologies developed by these poets and on 20th century feminist approaches to their literature and culture. Prerequisites: ENGL 1302 and any 2000 level English course. S

ENGL 3362 Poetry: Forms and Themes (3)

The course will focus on the close reading and explication of lyric poetry, with some attention to the epic. Students will be introduced to the skills, vocabulary and methods involved in reading poems, with emphasis on a fairly small number of poems closely studied. Frequent writing assignments. Prerequisite: one 2000 level English course or permission of instructor.

ENGL 3371 The English Language (3)

This course covers aspects of English language linguistics including but not limited to phonetics, phonology, morphology, syntax, semantics, stylistics, discourse, varieties and dialects, global Englishes, social factors such as region, age, race, class, ethnicity and gender, the history of English, lexicography, and other relevant topics. Prerequisites: ENGL 1302 and one 2000-level literature class. F

ENGL 3372 English Grammar (3)

An analysis of the basic structure of English grammar. The course will present the essential components of English grammar through reading, lecture, discussion, and exercises. Prerequisite: ENGL 1302. S

ENGL 3389 Multilist Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

ENGL 4302 20th-Century American Poetry (3)

Historical development of American poetry from 1900 to the present, with emphasis on Modernism; analysis of the theories and practices of major poets and major schools of poetry. Prerequisite: one junior level literature course.

ENGL 4305 American Drama (3)

Historical development of American drama; types of dramatic literature and masterpieces in American drama. Prerequisite: ENGL 3300 or DRAM 2301 or DRAM 4340.

ENGL 4312 20th-Century American Fiction (3)

Masterpieces in American prose fiction, late 19th century to the present. Prerequisite: ENGL 2327 or 2328 or permission of instructor.

ENGL 4315 American Romantic Fiction 1800-1860 (3)

This course examines canonical and emerging writers of the Romantic era. Particular attention will be given to the American Gothic, American Transcendentalism, and the sentimental tradition. Prerequisite: at least one 3000 level course or permission of instructor.

ENGL 4321 Topics in British Poetry (3)

Selected topics in British poetry as a literary genre. Prerequisite: ENGL 3300.

ENGL 4325 Topics in British Drama (3)

Selected topics in British drama as a literary genre. Prerequisite: ENGL 3300.

ENGL 4332 The Nineteenth-Century British Novel (3)

The development of the British novel in the nineteenth and early twentieth centuries. Prerequisite: one junior level literature course. F

ENGL 4333 The Twentieth-Century British Novel (3)

The development of the British novel in the twentieth century. Prerequisite: one junior level literature course.

ENGL 4335 The Age of Johnson (3)

An overview of the major works of Samuel Johnson.(1709-1784), plus significant works by members of his circle such as Edmund Burke, David Hume, and Oliver Goldsmith. Prerequisite: Coursework in English at the junior level.

ENGL 4340 Professional Writing (3)

Intensive work in business and technical writing, with the purpose of developing a portfolio. Workshop format with practicum. This course is intended for students planning careers or graduate study in business, the sciences, and related fields, as well as for English majors and minors planning a career involving business or technical writing. Prerequisite: Permission of instructor.

ENGL 4361 New York School Poets (3)

A focused study of the mid to late twentieth-century group of writers known as the New York School poets, including John Ashbery, Frank O'Hara, James Schuyler, Kenneth Koch, and Barbara Guest. The course will also examine cultural, aesthetic and political changes arising in the late 1950's to provide a context for the poetry of the New York School. Pre-requisite: at least one 3000 level English course or permission of the instructor.

ENGL 4365 Shakespeare (3)

A study of Shakespearean drama organized around a genre (Comedy, History, Tragedy) or a theme. May be repeated. Prerequisite: ENGL 3300 or DRAM 2301 or DRAM 4340.

ENGL 4371 Rhetoric and Composition (3)

The history and practice of rhetoric; current theories of writing from the perspectives of cognitive psychology, linguistics, sociology, and others. This course is especially relevant for students seeking secondary certification in English or for students who plan to pursue an advanced degree in English. Prerequisite: ENGL 1302 (or equivalent) and at least one 3000 level English course, or permission of the instructor.

ENGL 4372 Semantics (3)

The study of basic concepts in semantics, including word meaning, reference and sense, logic, and interpersonal meaning. Prerequisite: One 3000 level English course.

ENGL 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite: ENGL 3300.

† Course fulfills general education requirements.

DEGREE PLAN: BA IN ENGLISH

DEGREE REQUIREMENTS:

It is the student's responsibility to read the university catalog and be familiar with degree requirements.

1. Complete at least 120 semester credit hours.
2. Complete at least 54 hours at the junior/senior level.
At least 30 of these hours must be completed at UTPB
3. Complete at least 18 hours in a minor. At least 9 of these must be at the junior/senior level. Students seeking a second teaching field for secondary certification in English must complete all requirements for the major.
4. Earn at least a C grade in all English courses counting toward the minimum course requirements and maintain at least a GPA of 2.00 for all courses applicable toward the B.A. degree. Students seeking teacher certification must maintain a GPA of at least 2.75 in all English courses beyond Freshman Composition.

SEMESTER HOURS COMPLETED AT OTHER SCHOOLS:

Lower division total..... _____
 Upper division total _____
 Total hours counted toward degree..... _____

GENERAL EDUCATION REQUIREMENTS (42 sch):

- _____ English Composition, 1301 & 1302 (6 sch)
- _____ Sophomore Literature, 2322, 2323, 2327, 2328, UNIV 1301 (3 sch)
- _____ U. S. History, 1301 & 1302 (6 sch)
- _____ U.S. and State Government, 2305 & 2306 (6 sch)

Environmental Science

Minor Only

The ENSC minor is administered by the Department of Physical Sciences within the College of Arts and Sciences. Consult with the College of Arts and Sciences Academic Advising Office for additional information.

Environmental Science issues and careers require scientists who are: educated in more than one discipline, technically skilled, and aware of the political and social aspects of environmental problems. An understanding of both basic science and applied science is important for this dynamic area of study. Therefore, the minor requires strong foundations of supporting science courses in biology, chemistry, and geology. These courses provide students with the needed breadth and depth of knowledge to understand and address both natural resources and the complex environmental problems facing modern society.

The minor in Environmental Science at the University of Texas of the Permian Basin is designed for students who expect to work professionally in environmental science related job. It provides an understanding of both basic science and applied science. Specific coursework includes a variety of topics ranging from ecology, to geographic information systems and environmental law, while obtaining the critical hands-on experience of statistical sampling and instrumental analysis skills in courses such as analytical chemistry.

Students in the program are also strongly encouraged to join the National Association of Environmental Professionals (NAEP) which provides opportunities for professional growth and interactions with professionals in the field.

Requirements

The total semester credit hours required for a minor in Environmental Science is six courses with a total of credit of 18 hrs.

Compulsory Courses

ENSC 3301	Environmental SC I	3
ENSC 3302	Environmental SCII	3

Electives

12 credit hours from the following group:

ENSC 3310	Water Quality	3
ENSC 3320	Environmental Law	3
ENSC 4329	Geog Info System (GIS) Application	3
ENSC 4360	Advanced Environmental Science Topics	3
ENSC 4395	Research in Environmental Science	3

Course Listing

ENSC 3301 Environmental Science I (3)

This complete survey of modern environmental science and environmental engineering covers the spheres of the environment: water, air, earth, life, and human activities, especially technologies, which affect the earth and its bio-sphere. Prerequisites: CHEM 1311, 1312, or GEOL 1301, 1302, Co-requisite BIO 1306, 1307. F.

ENSC 3302 Environmental Science II (3)

This complete survey of modern environmental science and environmental engineering covers the spheres of the environment: water, air, earth, life, and human activities, especially technologies, which affect the earth and its bio-sphere. Prerequisite: ENSC 3301 or consent of instructor. S.

ENSC 3310 Water Quality (3)

Sampling, physical, chemical, and biological properties of water, methods of water and wastewater treatments and the quality of reclaimed water will be discussed, including topics such as water pollution, measurement of water quality, water law and standards, and solid waste management. Pre- or Corequisites: ENSC 3301. F.

ENSC 3315 Air Quality (3)

Provides a comprehensive overview of air quality issues, including a better understanding of atmospheric chemistry, the effects of pollution on public health and the environment, and the technology and regulatory practices used to achieve air quality goals. Pre- or Corequisites: ENSC 3301. S.

ENSC 3320 Environmental Law (3)

To understand how environmental laws are made and how disputes are resolved, the history and the need for some Federal and selected State environmental laws such as National Environmental Policy Act, Pollution Prevention Act, Clean Air Act, Clean Water Act, etc. are taught. Pre- or Corequisites: ENSC 3301 or consent of instructor. F.

ENSC 4195 Research in Environmental Science (1)

An introduction to research related to environmental issues and problems. Students will identify a research problem of local or regional interest to work on. This course will enhance students interdisciplinary grasp of environmental-energy issues and their technical, policy, human and social dimensions. Prerequisite: ENSC 3301. F, S, Sm.

ENSC 4329 Geographical Information Systems (GIS) Applications (3)

Principles and techniques of spatial data collection, handling, analysis, and visualization are continued. Application of geographic information systems technology in land use, ecology, resource management, environmental site evaluation, demographics and marketing, and map-making. Hands-on experience with workstation and ware is included. Prerequisite: GEOL 3329, or consent of instructor. S.

ENSC 4360 Advance Environmental Science Topics (3)

Topics in environmental science which may include for examples: environmental impact assessment, environmental health and toxicology, oceanography, land reclamation, green chemistry, and sustainable energy. Pre- or Corequisites: ENSC 3302. S.

Fine Arts

Minor Only

Administered by the Department of Visual and Performing Arts within the College of Arts and Sciences. Consult with the departmental office or the College of Arts and Sciences Academic Advising Office for a list of faculty advisors.

The Fine Arts minor allows for the exploration of the visual and performing arts to give students a broad based and diverse education in the fine arts.

The requirements for the Fine Arts minor include a minimum of 18 semester credit hours as follows:

Semester Credit Hours

ARTS 1301	Art Appreciation	3
MUSI 1306	Music Appreciation	3
DRAM 2301	Theatre Appreciation	3

Subtotal: 9 hours

The remaining nine semester credit hours may be any combination of junior or senior level courses in Art, Drama, and/or Music. 9

Total: 18 hours

Geography

Minor Only

Administered by the Department of Physical Sciences with in the College of Arts and Sciences. The University of Texas of the Permian Basin offers a minor in Geography. Students majoring in other fields will find Geography a strong support minor. Geography is useful in a broad range of employment fields including urban and rural planning, environmental planning, and transportation. Geography is a particularly useful field for students seeking teacher certification.

Geography Minor Requirements		18 credits
GEOG 1301	Physical Geography	3
GEOG 1302	Cultural Geography	3
12 hours upper level Geography courses		12

TEExES Requirements

Candidates for TEExES tests in 4-8 Social Studies and 7-12 Social Studies must have completed the courses listed for each area below or equivalent courses from another college or university.

Social Studies 4-8: ECON 2301, 2302; GEOG 1301,1302, 33xx; HIST 1301, 1302, 3347, 3348, 3350; 3341two 2000- or 3342; 3345 or 4355; PLSC 2305, 2306; 4335 or 4336

Social Studies 7-12: ECON 2301, 2302; GEOG 1301, 1302, 33xx; HIST 1301, 1302, and 3350; 3341 or 3342; level non-US history courses; two upper-level non- US history courses; two 20th-Century US history courses; PLSC 2305, 2306; 4335 or 4336; 3321 or 4321.

Course Listing

GEOG 1301 Physical Geography (3)

Introduction to physical geography: landforms; soils; surface water; groundwater; climate; and vegetation. S06

GEOG 1302 Cultural Geography (3)

Cultural geography defines culture in the context of its setting or landscape. It investigates the hearths or starting points of various cultural phenomena. FS

GEOG 3301 Maps and Map Interpretation (3)

History of maps and mapping, types and uses of maps, sources of maps, map reading and interpretation.

Prerequisite: Permission of the instructor.

GEOG 3307 Climatology (3)

A survey of meteorological phenomena and climatological processes. The course describes various types of climates and the reasons for their unique spatial distribution on the Earth. A focus of the course is the role of climates in a human context, especially in agriculture, energy related issues such as solar and hydropower, recreation, natural hazards, and human cultural adaptability.

GEOG 4303 Geography of Middle America (3)

Physical and cultural geography of Mexico, the countries of Central America and the Caribbean islands.

Prerequisite: permission of the instructor.

GEOG 4304 Geography of South America (3)

Physical and cultural geography of South America. Prerequisite: permission of the instructor.

GEOG 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit.

Geology

Administered by the Department of Physical Sciences within the College of Arts and Sciences.

The Bachelor of Science degree in Geology prepares students for entry-level positions in Earth-Science-related professions especially in the petroleum and mining industries, environmental geology, graduate school, and teaching. The Geology curriculum provides students with an excellent theoretical and practical background, but is not so narrowly focused as to limit opportunities in a rapidly changing market place. Because rocks belonging to almost all geologic systems do not crop out in the Permian Basin, field studies serve as a capstone experience of the curriculum and thus are a very important curricular component.

Students who are unable to take the capstone Summer Field Geology Course can complete their degree by taking two additional upper level courses in Geology, but must be aware of the consequences of this alternative. Students making this two courses election understand that their future employment opportunities after graduation will be strongly limited because government positions or graduate studies require the Summer Field Geology Course

The Geology program features three basic degree plans: a General Geology Pre-Professional Plan, a Petroleum Geology Plan, and a Paleontology Plan.

Degree Requirements – All Plans

The total semester credit hours required for a Bachelor of Science degree in Geology, regardless of plan, is **120**.

General Education Degree Requirements

42 credit hours

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Additional Mathematics and Science Requirements

23 credit hours

Mathematics Requirement: MATH 2413 (4) and, PSYC 3301 (3) or SOCI 3317 (3) or other Statistics course approved by advisor.

Geology Requirement:

GEOG 1301/1101 (4) and 1302/1102 (4)

Other Science Requirements:

CHEM 1311/1111 (4) and 1312/1112 (4)

PHYS 1301/1101 (4) or 2325/2125 (4)

RECOMMEND: PHYS 1302/1102 (4) OR PHYS 2306/2126 (4) and/or substitute two (2) upper level Geology courses in place of Physics courses.

See Paleontology Plan for additional science requirements.

Degree Requirements: GENERAL Geology Pre-Professional Plan

The General Geology Pre-Professional Plan in the Department of Physical Sciences is designed for students who are planning to pursue graduate degrees in Geology or who prefer to have all potential B.S. employment options available to them. The B.S. in Geology degree enables students to work as geologists for private or governmental employers in environmental science, for most mining companies, and, with appropriate education courses, as K-12 teachers of Earth Science or Geology. A Bachelor of Science degree will also enable a person to work as a geotechnician in the petroleum industry.

Because UTPB does not offer a Summer Field Geology Course, it must be taken at a University that offers it. Those credits are then transferred back to UTPB. Students must obtain their advisor's approval for the specific institution selected for that Summer Field Geology Course (6 credit hours) and the transcript will reflect the course number used by the institution from which they took the course.

Core 34 credit hours

Take all of the following:

- GEOL 3303/3103 (4) Mineralogy
- GEOL 3304/3104 (4) Igneous and Metamorphic Rocks
- GEOL 3305/3105 (4) Structural Geology
- GEOL 3307/3107 (4) Invertebrate Paleontology
- GEOL 3308/3108 (4) Sedimentary Rocks
- GEOL 3309 (3) Sequence Stratigraphy
- GEOL 3329/3129 (4) GIS and GPS Applications
- GEOL 4100 (1) Basic Field Methods
- GEOL XXXX (6) Summer Field Geology Course

Geology Electives: Courses as needed to complete the required 120 hours.

Minor

Minors may be completed from any discipline, but one of the following is strongly recommended: Biology, Chemistry, Computer Science, Energy Studies, or Mathematics.

Degree Requirements: PETROLEUM Geology Plan

The Petroleum Geology Plan in the Department of Physical Sciences is designed for students who intend to pursue employment in the petroleum industry or in state or federal agencies that regulate the petroleum industry. Most oil companies hire B.S. level geologists as geotechnicians; thus the opportunity for a full-fledged geologist position typically requires a graduate degree. However, a foot in the door as a geotechnician means excellent pay and the opportunity for your employer to pay for your graduate education.

Because UTPB does not offer a Summer Field Geology Course, students must take it at a University that offers it, and transfer those credits back to UTPB. They must obtain their advisor's approval for the specific institution selected for that Summer Field Geology Course (6 credit hours) and the transcript will reflect the course number used by the institution from which they took the course. See above information of the less desirable alternative, two additional upper level courses in Geology.

Core 34 credit hours

Take all of the following:

GEOL 3303/3103 (4) Mineralogy
GEOL 3304/3104 (4) Igneous and Metamorphic Rocks
GEOL 3305/3105 (4) Structural Geology
GEOL 3307/3107 (4) Invertebrate Paleontology
GEOL 3308/3108 (4) Sedimentary Rocks
GEOL 3309 (3) Sequence Stratigraphy
GEOL 3329/3129 (4) GIS and GPS Applications
GEOL 4100 (1) Basic Field Methods
GEOL XXXX (6) Summer Field Geology Course

Required Additional Geology Electives: 5 hours

GEOL 4101 (1) Rock Cuttings Description
GEOL 4102 (1) Core Description
GEOL 4317 (3) Geology of the Permian Basin

Minor

Minors may be completed from any discipline, but one of the following is strongly recommended: Biology, Chemistry, Computer Science, Energy Studies, or Mathematics.

Degree Requirements: PALEONTOLOGY Plan

The Paleontology Plan in the Department of Physical Sciences is designed for students with an interest in Geology and Biology. The B.S. in Geology with the Paleontology Plan provides students with an excellent theoretical and practical background in Geology with a specialization in invertebrate, vertebrate, or micro- fossils. It provides the background needed for students seeking employment with natural history museums. Additionally, some job opportunities for micropaleontologists exist in the petroleum industry, normally for those with an M.S. degree. This plan is required for an M.S. in Paleontology.

Because UTPB does not offer a Summer Field Geology Course, students must take it at a University that offers it, and transfer those credits back to UTPB. They must obtain their advisor's approval for the specific institution selected for that Summer Field Geology Course (6 credit hours) and the transcript will reflect the course number used by the institution from which they took the course. See above information of the less desirable alternative, two additional upper level courses in Geology.

General Education Degree Requirements**42 credit hours**

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Additional Mathematics and Science Requirements**27 credit hours**

Mathematics Requirement:

MATH 2412 (4) and PSYC 3301 (3) or SOCI 3317 (3) or other Statistics course approved by advisor.

Geology Requirement:

GEOL 1301/1101 (4) and 1302/1102 (4)

Other Science Requirements:

BIOL 1306/1106 (4) AND 1307/1107 (4)

One of the following: BIOL 3300/3101 (4), 3310/3111 (4), 3312/3113 (4), 3350/3151 (4) OR an upper level Biology course approved by advisor.

CHEM 1311/1111 (4)

PHYS 1301/1101 (4)

Core 34 credit hours

Take all of the following:

GEOL 3303/3103 (4) Mineralogy

GEOL 3304/3104 (4) Igneous and Metamorphic Rocks

GEOL 3305/3105 (4) Structural Geology

GEOL 2207/3107 (4) Invertebrate Paleontology

GEOL 3308/3108 (4) Sedimentary Rocks

GEOL 3329/3129 (4) GIS and GPS Applications

GOEL 3309 (3) Sequence Stratigraphy

GEOL 4100 (1) Basic Field Methods

GEOL XXXX (6) Summer Field Geology Course

Paleontology Track 10 hours

GEOL 3310 (3) Paleontology of Texas

GEOL 4306/4106 (4) Vertebrate Paleontology

GEOL 4309 (3) Undergraduate Seminar

GEOL 4312 (3) Fossil Preparation and Curation Techniques

GEOL 4313 (3) Paleontological Field and Museum Methods

GEOL 4314 (3) Senior Thesis in Paleontological Research

Geology Electives: Courses as needed to complete the required 120 hours.

Minor

No Minor is required in the Paleontology Geology Plan.

Minor in Geology

GEOL 1301/1101 (4) and GEOL 1302/1102 (4) totaling eight credit hours are required. Ten additional upper level credit hours, totaling a minimum of at least 18 credit hours, must be earned.

Course Listing

GEOL 1301 Physical Geology (3)*

Survey of Earth's structure, composition, and the dynamic processes that have resulted in the modern distribution of the Earth's geographic regions, landforms, resources, and geologic hazards.

Corequisite: GEOL 1101. FS

GEOL 1101 Physical Geology Laboratory (1)*

Laboratory methods in the physical geological sciences. Corequisite: GEOL 1301. FS

GEOL 1302 Historical Geology (3)*

Study of Earth's origin, geologic time, and the major sequential physical and biological events that culminate in the modern distribution of ecosystems. Special emphasis is placed on the geological history of North America. Prerequisite: GEOL 1301/1101 or permission of the instructor. Corequisite: GEOL 1102. FS

GEOL 1102 Historical Geology Laboratory (1)*

Laboratory methods in historical geology, with emphasis on paleontology. Corequisite: GEOL 1302. FS

GEOL 3303 Mineralogy (3)

Symmetry. Morphological and optical crystallography. Crystal chemistry. Origin and distribution, classification, identification, and description of minerals, especially the rock-forming minerals, in hand specimen and under the polarizing microscope. Prerequisites: GEOL 1301/1101, Prerequisite or Corequisite: CHEM 1311/1111, PHYS 1301/1101 or PHYS 2325/2125 or permission of the instructor. Corequisite: GEOL 3103. F

GEOL 3103 Mineralogy Laboratory (1)

Identification of minerals, especially the rock-forming minerals, on the basis of crystallographic, physical, chemical, and optical properties. Corequisite: GEOL 3303. F

GEOL 3304 Igneous and Metamorphic Rocks (3)

Origin and distribution, classification, identification, and description of igneous and metamorphic rocks in hand specimen and under the polarizing microscope. Prerequisite: GEOL 3303/3103. Corequisite: GEOL 3104. S

GEOL 3104 Igneous and Metamorphic Rocks Laboratory (1)

Identification of igneous and metamorphic rocks in hand specimen and under the polarizing microscope. Corequisite: GEOL 3304. S

GEOL 3305 Structural Geology (3)

Principles of structural geology, including the theory of rock behavior under stress, and descriptions of major structural features. Prerequisites: GEOL 1301/1101. Prerequisites or Corequisite: MATH 2412 or 2413, and PHYS 1301/1101 or PHYS 2325/2125 or permission of the instructor. Corequisite: GEOL 3105. F

GEOL 3105 Structural Geology Laboratory (1)

Geometrical techniques used in the understanding of rock deformation. Corequisite: GEOL 3305. F

GEOL 3307 Invertebrate Paleontology (3)

Classification, evolution, and paleoecology of ancient organisms with hard parts (shells or skeletons). Prerequisites: GEOL 1301/1101 and 1302/1102 or BIOL 1306/1106 or permission of the instructor. Corequisite: GEOL 3107. F

GEOL 3107 Invertebrate Paleontology Laboratory (1)

Laboratory methods in paleontology. Corequisite: GEOL 3307. F

GEOL 3308 Sedimentary Rocks (3)

Origin and distribution, classification, identification, and description of sedimentary rocks in hand specimen and under the polarizing microscope. Recognition of sedimentary textures and structures and introduction to depositional environments. Prerequisite: GEOL 3303/3103 or permission of the instructor. Corequisite: GEOL 3108. F

GEOL 3108 Sedimentary Rocks Laboratory (1)

Identification of sedimentary rocks in hand specimen and under the polarizing microscope.

Corequisite:

GEOL 3308. F

GEOL 3309 Sequence Stratigraphy (3)

Sedimentary processes, depositional facies, and fundamental concepts of stratigraphy. Introduction to the application of sequence and seismic stratigraphy to the Permian Basin and West Texas. One fieldtrip is required. Prerequisite: GEOL 3308/3108. S

GEOL 3310 Paleontology of Texas (3)

Study of the paleontological history of Texas. Topics include paleogeography, along with microfossils, invertebrate and vertebrate fossils, found in Texas. Weekend field trips required.

Prerequisites: GEOL 1302/1102. F

GEOL 3312 Sedimentary Rocks for Engineers (3)

Covers all aspects of sedimentary grains, textures, & structures, clastic & carbonate depositional systems, and diagenesis of oil and gas reservoirs. Prerequisite: GEOL 1301/1101. Corequisite: GEOL 3112. S

GEOL 3112 Sedimentary Rocks for Engineers Laboratory (1)

Identification of sedimentary grains, textures, and structures, clastic and carbonate depositional systems, and diagenesis of oil and gas reservoirs in samples and cores. Corequisite: GEOL 3312. S

GEOL 3316 Introduction to Groundwater (3)

Basic terminology and concepts, evaporation, precipitation, runoff, stream flow, aquifer properties, groundwater flow, soil moisture, groundwater recharge, regional groundwater flow, and the geology of groundwater occurrence. Prerequisites: GEOL 1301/1101 and MATH 2412. S

GEOL 3317 Environmental Geology (3)

The application of geologic information to the resolution of problems resulting from the interaction of people and their physical environment. Special emphasis is placed upon the relationships between cultural and natural ecosystems and their geological settings. Prerequisite: GEOL 1301/1101. F

GEOL 3318 Oceanography (3)

Geological, physical, chemical, and biological aspects of the marine environment, including marine geomorphology and depositional environments. Prerequisites: GEOL 1301/1101 or BIOL 1306/1106.F

GEOL 3329 GIS and GPS Applications (3)

Introduction to the basic components of a GIS and some fundamental concepts that underlie the use of a GIS will be taught. Practice working with GIS maps and geographic data, you will learn how a GIS helps people visualize and create information that can be used to make a decision, and solve problems. This is done through interpretation and graphic presentation of these data using GIS (Arc View) software. Prerequisites: GEOL 1301/1101 and 1302/1102. Corequisite GEOL 3129. S

GEOL 3129 GIS and GPS Applications (1)

Laboratory methods in GIS, using ESRI (Arc View) software. Corequisite GEOL 3329. S

GEOL 4100 Basic Field Methods (1)

Introduction to the methods used in geologic mapping by the field geologist. Two (2) one day field trips and one (1) three day field trip are required. Prerequisites: GEOL 3304/3104, 3305/3105, 3307/3107, and 3308/3108, or permission of the instructor. S

GEOL 4102 Core Description (1)

Methods used in the detailed description of cores recovered from wells drilled in the Permian Basin of West Texas and Southeastern New Mexico. Taught from 8:00 a.m. to 5:00 p.m. on three non-consecutive Saturdays. Prerequisite: GEOL 3308/3108 or permission of the instructor. S

GEOL 4106 Vertebrate Paleontology Laboratory (1)

Laboratory methods in vertebrate paleontology, with emphasis on vertebrate anatomy. Corequisite: GEOL 4306. S

GEOL 4306 Vertebrate Paleontology (3)

Origin and evolution of vertebrates from the earliest chordates to dinosaurs and hominids, as revealed by study of fossils and their relationship to the environment. Phylogeny, anatomy, and how evolution has worked through geologic time. Prerequisite: GEOL 1302/1102 or BIOL 1306/1106 and 1307/1107. Corequisite: GEOL 4107. S

GEOL 4309 Undergraduate Seminar (3)

Interaction and small group discussions of varied topics in paleontology. F

GEOL 4312 Fossil Preparation and Curation Techniques (3)

Hands-on experience in the preparation and curation of fossils. Prerequisites: GEOL 1302/1102, GEOL 3307/3107, and GEOL 4307/4107. S

GEOL 4313 Paleontological Field and Museum Methods (3)

Paleontological field research and exposure to museum methods. Prerequisite: GEOL 3307/3107, and GEOL 4307/4107. Maymester

GEOL 4314 Senior Thesis in Paleontological Research (3)

Introduction to the techniques and philosophy of research in paleontological sciences. Prerequisite: GEOL 3307/3107 and GEOL 4307/4107 or 4309/4109. S

GEOL 4316 Earth Resources and the Environment (3)

Geology, origin, and general economics of mineral and fuel deposits, their importance to the national economy, current problems of supply, and environmental problems faced by the mining and oil industries. Prerequisite: GEOL 3317. S

GEOL 4317 Geology of the Permian Basin (3)

Depositional and structural history and diagenetic overprint, in both outcrop and in subsurface, of the Paleozoic formations of the Permian Basin. Prerequisite: GEOL 3308/3108 or permission of the instructor. F

GEOL 4318 Geology of West Texas (3)

The outcrop geology of west and central Texas and southeastern New Mexico will be examined using detailed publications, maps and samples. Prerequisite: GEOL 1301/1101, GEOL 1302/1102 and GEOL 3307/3107 or permission of the instructor. S

GEOL 4320 Exploration Geophysics (3)

Gravity, magnetic, and seismic techniques used in the search for mineral deposits and petroleum. Prerequisite: GEOL 3305/3105

History

Ana Luisa Martinez-Catsam, Associate Professor of History.
BA, Texas A&M University; MA St. Mary's University; PhD (2003), Texas Tech University.

Administered by the Department of History within the College of Arts and Sciences.

History concerns people in the broadest sense: the systematic study of the patterns, causes and consequences of human interactions, from individuals to civilizations. In its promotion both of greater awareness of the variety and richness of humanity's heritage, and of critical analytical skills to understand and use that heritage, history embodies the meaning of "liberal arts" education.

History is a basic major for those preparing to teach history or social studies at all levels. The general background that it provides also serves as a solid foundation for careers in business, law, government, religion, military service, and journalism, among others. The history program at UTPB requires a breadth of courses typical of programs elsewhere, within a flexible degree plan allowing for an emphasis in areas of special interest.

Degree Requirements

The total semester credit hours required for a B. A. in History is **120**.

General Education

42 credits

Complete the General Education Requirements. Students who have completed two lower level courses in American history before enrolling at U. T. Permian Basin may include them in the 30 hours of credit in history required for majors.

Computer Use

All majors must demonstrate a basic use of computing through completion of COSC 1301, COSC 1335, or similar computer science course that requires actual use of computers.

Major Requirements

36 credits

In addition to HIST 1301 and HIST 1302, students must complete at least one 2000-level non-US course, and at least one upper level (3000 or 4000 level) in each of four groups: American History to

1900; 20th Century American History; European History; and World History. It is desirable that these courses be completed during the junior and senior years.

Further, students must complete either HIST 4399, a 4000-level course designated by the department as “senior seminar”, or a 6000-level course, which must be passed with a “B-” grade or better. This course may count toward fulfilling a field group.

Courses Satisfying Field Requirements

1. United States to 1900

HIST 3341	US 1603-1763 Colonial America
HIST 3342	US 1763-1789 Revolutionary America
HIST 3343	US 1789-1828 Early National Period
HIST 3344	US 1828-1850 Jacksonian America
HIST 3345	US 1850-1877 Civil War & Reconstruction
HIST 3355	Slavery in America
HIST 3356	The American South
HIST 4343	Founding Fathers
HIST 4349	Studies in pre-1900 U.S. History
HIST 4375	Women in Early America

2. United States since 1900

HIST 3346	US 1878-1928: Coming of Age
HIST 3347	US 1929-1945: Depression and War
HIST 3348	US 1945-Present: Post-War America
HIST 3350	Texas
HIST 3356	The American South
HIST 4354	Mexican-American History
HIST 4360	The Modern Presidency
HIST 4362	American Foreign Relations Since 1920
HIST 4363	Vietnam War
HIST 4364	Mexican-American Women
HIST 4365	Mexican-American Leaders
HIST 4366	Civil Rights Movement
HIST 4370	American Petroleum Industry
HIST 4371	United States Sports History
HIST 4376	Women in Modern America
HIST 4377	African-American History
HIST 4379	Studies in post-1900 US History

3. Europe

HIST 3323	Reformation
HIST 3324	Renaissance
HIST 3326	19 th Century Europe
HIST 3327	20 th Century Europe
HIST 3331	Tudor-Stuart England

HIST 3332	Great Britain Since 1714
HIST 3335	Modern Germany
HIST 4326	French Revolution
HIST 4336	Third Reich and Holocaust
HIST 4339	Studies in European History

4. World

HIST 3311	Studies in Mexico
HIST 3381	Modern China
HIST 4304	Global Sports History
HIST 4307	South Africa
HIST 4319	Studies in Latin American History
HIST 4389	Studies in World History

Students and advisors select courses in the context of background, preparation, interests, needs, and professional plans.

Minor in History

A minor in history consists of 18 semester credit hours, 9 of which must be at the upper level. Students declaring history as a second teaching field must fulfill all requirements for the major in history.

Lower Level

HIST 1301	U.S. History to 1877	3
HIST 1302	U.S. History since 1877	3
HIST 23xx	Any 2000-level (non-US)	3

Upper Level

History	Any upper level	3
History	Any upper level	3
History	Any upper level	<u>3</u>
Total		18

TEXES Requirements

Candidates for TExET tests in History must have completed the courses listed for each area below or equivalent courses.

7-12 History: Meet the requirements for the History major, including Texas history.

Social Studies 4-8: Complete the courses for the BA in History with a minor in Political Science. In addition complete ECON 2301 and two Geography courses.

Social Studies 7-12: Complete the courses for the BA in History with a minor in Political Science. In addition complete ECON 2301 and two Geography courses. .

English Language Arts, Reading, & Social Studies 4-8: Complete the courses for the BA in History with a minor in English. In addition complete ECON 2301 and two Geography courses.

Course Listing

*Students needing to satisfy Texas State Statute requirements may do so by successfully completing any two United States or American history courses marked *.*

***HIST 1301 History of the United States to 1877 (3)+ (HIST 1301)**

A survey of major social, economic, and political developments in the United States from European colonization through Reconstruction. FS

***HIST 1302 History of the United States Since 1877 (3)+ (HIST 1302)**

A survey of major social, economic, and political developments in the United States from 1877 to the present.

HIST 2306 Modern Africa (3)

This course will explore African history from the years immediately preceding colonization to the present, paying particular attention to imperialism, liberation struggles across the continent, and the postcolonial era. S

HIST 2312 Europe Since 1500 (3)

Introduction to European history, from the Renaissance and Reformation to the present. F

HIST 2321 World Civilizations to 1500 (3)

A survey of the world's major civilizations and of their mutual influences through 1500.

HIST 2322 World Civilizations since 1500 (3)

A survey of the world's major civilizations and of their cultural, political, and economic interactions from roughly 1500 to modern globalization.

HIST 3311 Studies in Mexico (3)

Reading, research, and discussions devoted to selected topics in Mexican history. Title and content may vary. May be repeated.

HIST 3323 The Reformation Era (3)

This course traces the development of the religious reformation of the 15th and 16th centuries and its impact on society, government, and economy in Western Europe. S

HIST 3324 The Renaissance (3)

This course examines the context, concept, and contribution of the Renaissance of the 15th and 16th centuries in Western Europe. F

HIST 3326 19th-Century Europe (3)

European history from the French Revolution and Enlightenment to World War I (1789 – 1918).

HIST 3327 20th –Century Europe (3)

European history from World War I to the present.

HIST 3331 Tudor-Stuart England (3)

Political, religious, economic, and social development of England between 1485 and 1714. S

HIST 3332 Great Britain Since 1714 (3)

Political, economic, and social development of Great Britain and its empire from 1714 to the present. F

HIST 3335 Modern Germany (3)

Germany from the French Revolution to the 1990 reunification, with emphasis on political, economic, and social aspects.

HIST 3341 Colonial America (3)

This course covers the colonial era in the United States from the earliest permanent settlement to eve of the crisis with Great Britain, focusing on the main political, social, and cultural concerns of the era before American independence. F

HIST 3342 Revolutionary America, 1763-1789 (3)

This course explores America through the Revolutionary era, focusing on the transition from British colonization to newly won independence and the establishment of a national government. S

HIST 3343 Early National Period, 1789-1828 (3)

This course explores what is commonly referred to as America's "early national" period. The country was still coming to grips with its newfound independence. Its institutions and ideals were tested and forged through an array of domestic and foreign challenges. F

HIST 3344 Jacksonian America, 1828-1850 (3)

The emergence of American participatory democracy, and related economic and social trends leading to tensions and changes in America institutions. S

HIST 3345 Civil War and Reconstruction, 1850-1877 (3)

Causes of conflict, the course of war, and the consequences for both North and South in the United States. S

HIST 3346 Coming of Age, 1878-1929 (3)

This course explores the US in the Gilded Age, Populism, Progressivism, and the Roaring 1920s. During these years American transformed itself socially, culturally, politically, and globally, and became the most powerful nation on the globe while transforming domestically in ways that were staggering. S

HIST 3347 Depression and War, 1929-1945 (3)

During the tumultuous years from 1929 to 1945 the United States endured the worst economic calamity in global history, the Global Depression. It also was the central allied force in the most devastating important war known to humankind. F

HIST 3348 Post-War America 1945-present (3) Political, economic, social, and cultural trends from the beginning of the Cold War and the “Baby Boom” to the present. S

HIST 3350 Texas (3)

This course is a survey of Texas history from pre-European contact to the modern era.

HIST 3355 Slavery in America (3)

The establishment, experience, and end of slavery in the United States, 1619 to 1865. S

HIST 3356 The American South (3)

Social, economic, political, and intellectual trends in the historic and modern South. F

HIST 3381 Modern China (3)

China from the Qing dynasty to the People’s Republic, with emphasis on both internal developments and the encounter with Western technology and culture.

HIST 4304 Global Sports History (3)

This course will explore global sports history with an emphasis on sports, sporting culture, and the intersection of sports, politics, and social issues since the 19th century.

HIST 4307 South Africa (3)

The course covers the history of South Africa with particular focus on the twentieth century, Apartheid, and the black liberation struggle. F

HIST 4319 Studies in Latin American History (3)

Reading, research, and discussion devoted to selected topics in Latin American history. Title and content may vary. May be repeated.

HIST 4326 The French Revolution (3)

A survey of the history of the French Revolutionary period, 1789-1815, with further readings on revolutions in world history. The content will include discussions of the causes, dynamics, and legacies of revolutions.

HIST 4336 Third Reich and Holocaust (3)

Studies in the political and social trends of Nazi Germany, and on the origins, implementation, and meaning of the Holocaust. S

HIST 4339 Studies In European History (3)

Reading, research, and discussion devoted to selected topics in world history. Title and content may vary. May be repeated.

HIST 4343 Founding Fathers (3)

In this course students will examine primary and secondary sources pertaining to selected leaders of the American Revolution and the Early Republic.

HIST 4349 Studies in pre-1900 US History (3)

Reading, research, and discussion devoted to selected topics in American history before 1900. May be repeated. Title may vary.

HIST 4354 Mexican-American History (3)

Examines the history of individuals of Mexican heritage in the Southwest from Spanish influence to the present. The course will focus on themes such as identity, class distinction, gender, education, and race relations. S

HIST 4360 The Modern Presidency (3)

This course explores the emergence of the “modern” presidency in the United States since the beginning of the 20th century. F

HIST 4362 American Foreign Relations Since 1920 (3)

Foreign policy and relations involved in the development of America in the period from 1920 to the present.

HIST 4363 Vietnam War (3)

Foreign and domestic policies and the military experience of the United States involvement in the Vietnam War.

HIST 4364 Mexican-American Women (3)

Examines the role women of Mexican heritage played in the Southwest from 1846 to the present. Topics of interest: gender relations, the family, culture, political activism, labor, and race relations. F

HIST 4365 Mexican-American Leaders (3)

The course identifies leaders of Mexican heritage played in the Southwest from 1846 to the present. Topics of interest: gender relations, the family, culture, political activism, labor and race relations. F

HIST 4366 The Civil Rights Movement (3)

This course explores the flight for racial justice in the 20th century with particular focus on the period after 1945. It will also investigate how the struggle for black civil rights expanded in the 1960s as women, Hispanics, and other group drew from the Civil Rights Movement to press their own demands for equality within American society. F

HIST 4370 American Petroleum Industry (3)

History of the American petroleum industry from its origins to the present.

HIST 4371 United States Sports History (3)

This course will explore American sports history with an emphasis on sports, sporting culture, and the intersection of sports, politics, and social issues since the 19th century.

HIST 4374 Historic Preservation (3)

Examination of the methods, goals, and contributions of the preservation and restoration of the built environment in material culture and public history.

HIST 4375 Women In Early America (3)

Changing nature of the family and the role of women in America from the seventeenth to the mid-nineteenth century. F

HIST 4376 Women In Modern America (3)

Changing nature of the role of women in America from the late nineteenth century to the present. S

HIST 4377 African-American History (3)

This course investigates the main social, political, and cultural trends in African American history with particular focus paid to life during slavery, Reconstruction, the Jim Crow era, and the Civil Rights movement.

HIST 4379 Studies In post-1900 US History (3)

Reading, research, and discussion devoted to selected topics in American history after 1900. May be repeated. Title may vary.

HIST 4389 Studies in World History (3)

Reading, research, and discussion devoted to selected topics in African, Asian, or Islamic history. Title and content may vary. May be repeated.

HIST 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior level course). These courses will not count for graduate credit.

HIST 4399 Senior Seminar (3)

Topic and title will vary. Enrollment is limited to majors or those having instructor's consent. May be repeated. Course will fulfill requirement for a geographical field, depending on the content. A 6000-level History course or a departmentally designated 4000-level course may be substituted with the consent of the instructor.

* Course fulfills the State of Texas requirements for History.

† Course fulfills general education requirements.

DEGREE PLAN: BA IN HISTORY

General Education (42 hours).

See catalog for specific choices. C average required.

- ___ English Composition, 1301 & 1302
- ___ Literature
- ___ U.S. History 1301 & 1302
- ___ State and National Government, 2305 & 2306
- ___ Lab Sciences, 8 credits (2 courses with lab)
- ___ Mathematics
- ___ Communication
- ___ Social Science
- ___ Creative Arts

DEGREE REQUIREMENTS:

1. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BA degree.
2. Complete at least 120 sch for the BA degree. At least 30 of these must be completed at U. T. Permian Basin and at least 24 of the last 30 must be taken at U. T. Permian Basin.
3. At least 54 sch must be at the upper level.
4. Complete at least 18 sch in a minor. Refer to the catalog for specific requirements for each minor.
5. Obtain at least a C grade in ALL MAJOR courses. Maintain a GPA of 2.0 or C in all courses applicable toward the BA degree. Students seeking teacher certification must maintain a GPA of at least 2.75 in all History courses.

HISTORY MAJOR: 36 semester credit hours:

The History major consists of 36 sch. A minimum of 21 sch must be upper level. The 36 sch should include HIST 1301 & 1302, at least one 2000-level non-US course, and at least one course from each of the four groups. The 36 sch must also include either 4399 or a 6000-level course, which must be passed with a "B-" grade or better. This course may count toward fulfilling a field group.

LOWER LEVEL HISTORY COURSES:

- ___ HIST 1301 US to 1877
- ___ HIST 1302 US since 1877
- ___ HIST 2306 Modern Africa
- ___ HIST 2321 World Civilization I
- ___ HIST 2322 World Civilization II
- ___ HIST _____

GROUP 1: AMERICAN HISTORY TO 1900:

- ___ HIST 3341 US 1603-1763 Colonial America
- ___ HIST 3342 US 1763-1789 Revolutionary America
- ___ HIST 3343 US 1789-1828 Early National Period
- ___ HIST 3344 US 1828-1850 Jacksonian America
- ___ HIST 3345 US 1850-1877 Civil War & Reconstruction
- ___ HIST 3355 Slavery in America
- ___ HIST 3356 The American South
- ___ HIST 4343 Founding Fathers
- ___ HIST 4349 Studies in pre-1900 U.S. History
- ___ HIST 4375 Women in Early America
- ___ HIST _____

GROUP 2: 20th CENTURY AMERICAN HISTORY

- ___ HIST 3346 US 1878-1928 Coming of Age
- ___ HIST 3347 US 1929-1945 Depression and War
- ___ HIST 3348 US 1945-Present Post-War America
- ___ HIST 3350 Texas
- ___ HIST 3356 The American South
- ___ HIST 4354 Mexican-American History
- ___ HIST 4360 Modern Presidency
- ___ HIST 4362 American Foreign Relations Since 1920
- ___ HIST 4363 Vietnam War
- ___ HIST 4364 Mexican-American Women
- ___ HIST 4365 Mexican-American Leaders
- ___ HIST 4366 Civil Rights Movement
- ___ HIST 4370 American Petroleum Industry
- ___ HIST 4371 United States Sports History
- ___ HIST 4376 Women in Modern America
- ___ HIST 4377 African-American History
- ___ HIST 4379 Studies in post-1900 History
- ___ HIST _____

GROUP 3: EUROPE

- ___ HIST 3323 Reformation
- ___ HIST 3324 Renaissance
- ___ HIST 3326 19th Century Europe
- ___ HIST 3327 20th Century Europe
- ___ HIST 3331 Tudor-Stuart England
- ___ HIST 3332 Great Britain Since 1714
- ___ HIST 3335 Modern Germany
- ___ HIST 4336 Third Reich and Holocaust
- ___ HIST 4339 Studies in European History
- ___ HIST _____

GROUP 4: WORLD

- ___ HIST 3311 Studies in Mexico
- ___ HIST 3381 Modern China
- ___ HIST 4304 Global Sports History
- ___ HIST 4307 South Africa
- ___ HIST 4319 Studies in Latin American History
- ___ HIST 4389 Studies in World History
- ___ HIST _____

ELECTIVES:

- ___ HIST 4374 Historic Preservation
- ___ HIST 4391 Contract Study
- ___ HIST _____

SEMINAR COURSE:

___ HIST 4399 Senior Seminar, (or departmentally designated 4000-level course, (or 6000-level course)

MINOR:

In general, a minor consists of 18 sch, of which 12 sch must be upper level, but refer to the catalog for specific requirements for minors.

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

Humanities

The Humanities degree is designed for self-motivated students who desire a broad arts and sciences degree with an interdisciplinary perspective. Instead of pursuing a traditional major, the Humanities student creates, with the consent of a faculty advisor, an individualized plan of study with an interdisciplinary theme, period, set of problems, specialization, or perspective unavailable through the combining of a traditional major and minor.

Humanities students must select one of two **tracks**: General Studies emphasis, Visual and Performing Arts. The Bachelor's Accelerated Completion program also offers an online Humanities major using the General Studies track. Each track has its own degree requirements, beyond those required of all Humanities students. No minor is required for the Humanities degree. The total credit hours required for a B.A. in Humanities is 120.

Teacher Certification: Students seeking teacher certification must consult with their teacher certification advisor for the appropriate Education and Humanities courses to take to complete their certification requirements.

Degree Requirements for All Humanities Students

The total credit hours required for a B.A. in Humanities is **120**.

General Education (42 hours)

Complete the requirements shown in the General Education requirements section of this catalog. No courses used to complete the General Education requirements may also be used to complete the requirements for the tracks within the Humanities major.

Computer Use

All majors must demonstrate a basic use of the computer as an academic instrument, either by taking a proficiency test or a computer-based course.

A. Degree Requirements for the *General Studies* Track (57 hours)

1. Core (30 hours)

History (6 hours)

Two 2000-level courses, including either:

History 2321 (World Civilization I) and/or History 2322 (World Civilization II). Other 2000-level courses may be substituted, provided that such courses cover non-US history.

English (6 hours)

Two courses chosen from the following. These courses cannot have been used to fulfill the General Education requirement.

English 2322 (British Lit to 1800)

English 2323 (British Lit from 1800)

English 2327 (US Lit to 1865)

English 2328 (US LIT from 1865)

English 3332 (Literature and Art)
English 3333 (Literature and Mythology)

Communication or Foreign Language (6 hours)

Two courses to be taken in either Communication or in a foreign language. No courses used to complete the General Education requirements may also be used to complete the requirements for the tracks within the major.

Fine Arts (12 hours)

Four lower-division courses to be taken in Art, Drama, Music, or Humanities.

2. Interdisciplinary Area of Concentration (24 hours, at least 18 upper-division)

These courses to be dispersed among *not less than two but not more than four fields* among History, English, Spanish, Communication, Drama, Art, or Music. Students must enroll in at least two courses in each chosen field. Courses counted toward the 30 hours of the General Studies Core may not count toward the 24 hours of the interdisciplinary area of concentration.

3. Capstone Senior Project (3 hours):

A three-unit senior thesis to be fulfilled with a "senior project" or contract-study course with a faculty member in a Humanities-related field. Such courses would include Drama 4379, Art 4392, 4393, or 4394, History 4391 or 4399, Humanities 4301, or a contract-study course in English.

B. Degree Requirements for the *Visual and Performing Arts Track* (57 hours)

1. Lower Division (27 hours)

Art (12 hours)

1301 (Art Appreciation)
1311 (Two-Dimensional Design) **OR** 1312 (Three-Dimensional Design)
1316 (Intro to Drawing)
1303 (Art History Survey I) **OR** 1304 (Art History Survey II)

Drama (6 hours)

2301 (Theater Appreciation)
2302 (Acting I)

Music (9 hours)

1306 (Music Appreciation)
Music Ensemble (6 hours) from the following repeatable courses:
MUEN 1121 (Choral Ensemble)
MUEN 1122 (Instrumental Ensemble)
MUEN 1123 (Chamber Ensemble)

2. Upper Division (30 hours)

Art (9 hours)

2-D Art (3 hours from the following:)
Arts 3311 (Drawing for Non-Art Majors)

Arts 3320 (Painting: Oil)
Arts 3350 (Relief Printmaking)
Arts 3351 (Silkscreen)
Arts 4320 (Advanced Painting I)
Arts 4321 (Advanced Painting II)
Arts 4350 (Intaglio)
Arts 4351 (Lithography)
Arts 4352 (Advanced Printmaking I)
Arts 4353 (Advanced Printmaking II)

3-D Art (3 hours from the following:)

Arts 3331 (Sculpture)
Arts 3340 (Ceramics for Non-Art Majors)
Arts 3341 (Ceramic Form)
Arts 3360 (Papermaking)

Arts 4330 (Sculpture: The Human Form)

Arts 4333 (Advanced Sculpture)

Art History (3 hours from the following:)

Arts 3301 (Women Artists I)
Arts 3302 (Women Artists II)
Arts 3303 (American Art History I)
Arts 3304 (American Art History II)
Arts 3305 (Modern Hispanic Art and Its Foundations)
Arts 3601 (Art History Studies Abroad)
Arts 4301 (Art since 1945)

Drama (12 hours)

Drama 3302 (Acting II)
Drama 3310 (Drama: Comedy)
Drama 3311 (Tragedy and Melodrama)
Drama 3360 (Drama in Production)

Music (9 hours)

3308 (Music History I)
3309 (Music History II)
Three further upper-division hours of the student's choice

Capstone Senior Project: (3 hours)

Drama 4379, Art 4392, Art 4393, Art 4394, or Humanities 4301.
To be arranged with a faculty member in a Humanities-related field.

Course Listing

HUMA 4301

History, culture, and social dynamics of the phenomenon of “virtual worlds”, and their influence in turn on contemporary culture and society.

HUMA 4302 Film Music

This course explores today’s leading art form. It traces the history of film music, its changing relationship to cinematography, and its inspiring future. Students will learn to critically discuss the language of film music and the many roles it plays in cinematic drama. Finally, participants will learn to document their aesthetic experience of major film scores.

HUMA 4399

Interdisciplinary senior seminar for Humanities majors. Topics will vary. Repeatable.

HUMANITIES DEGREE PLAN: GENERAL STUDIES TRACK

General Education (42 hours).

See catalog for specific choices. C average required.

- ___ ___ English Composition, 1301 & 1302
- ___ Literature
- ___ U.S. History 1301 & 1302
- ___ State and National Government, 2305 & 2306
- ___ Lab Sciences, 8 credits (2 courses with lab)
- ___ Mathematics
- ___ Communication
- ___ Social Science
- ___ Creative Arts

Core (30 hours).

History (6 hours)

Two 2000-level courses, including either:

- ___ History 2321 (World Civilization I) and/or
- ___ History 2322 (World Civilization II) and/or
- ___ History 23XX (non-US)_____.

English (6 hours)

Two courses chosen from the following:

- ___ English 2322 (British Lit to 1800)
- ___ English 2323 (British Lit from 1800)
- ___ English 2327 (US Literature to 1865)
- ___ English 2328 (US Literature from 1865)
- ___ English 3332 (Literature and Art)
- ___ English 3333 (Literature and Mythology).

Communication or Foreign Language (6 hours)

Two courses to be taken in either Communication or in a foreign language:

Fine Arts (12 hours)

Four lower-division courses to be taken in Art, Drama, Music, or Humanities 4301:

Interdisciplinary Area of Concentration (24 hours, at least 18 upper-division)

These courses to be dispersed among *not less than two but not more than four fields* among History, English, Spanish, Communication, Drama, Art, or Music. Students must enroll in at least two courses in each chosen field. Courses counted toward the 30 hours of the General Studies Core may not count toward the 24 hours of the interdisciplinary area of concentration.

Field 1: _____

Field 2: _____

Field 3: _____

Field 4: _____

3. Capstone Senior Project (3 hours):

A three-unit senior thesis to be fulfilled with a "senior project" or contract-study with a faculty member in a Humanities-related field. Such courses would include Drama 4379, Art 4392, 4393, or 4394, History 4391 or 4399, Humanities 4301, or a contract-study course in English.

HUMANITIES DEGREE PLAN: GENERAL STUDIES TRACK

Bachelor's Accelerated Completion (BAC)

With Suggested Courses Based on Current Availability of BAC Online Courses

General Education (42 hours).

See catalog for specific choices. C average required.

- ___ English Composition, 1301 & 1302
- ___ Literature
- ___ U.S. History 1301 & 1302
- ___ State and National Government, 2305 & 2306
- ___ Lab Sciences, 8 credits (2 courses with lab)
- ___ Mathematics
- ___ Communication
- ___ Social Science
- ___ Creative Arts

Humanities Core (30sch).

No courses used for the General Education core can be used here. Up to six units of study of a foreign language may substitute for Communication courses.

- ___ HIST 2322 World Civilizations
- ___ HUMN 3301 Background/Foundations (UTEP)
- ___ ENGL 2322 English Literature to 1800 or ENGL 2323 English Literature since 1800
- ___ ENGL 2327 American Literature to 1865 or 2328 American Literature since 1865
- ___ COMM 1318 Interpersonal Communication
- ___ COMM 2302 Rhetoric of Western Thought
- ___ ARTS 1303 Art History I or its equivalent
- ___ ARTS 1304 Art History II
- ___ MUSI 1306 Music Appreciation
- ___ MUSI 3318 Jazz History

HUMANITIES (BAC) CONCENTRATION: 24sch required to be distributed across at least two of the following areas with at least two courses in each chosen area. No General Education Core or Humanities core courses can be used. *Courses listed are suggested for each discipline, based on the availability eight-week accelerated online courses from UTPB, UT El Paso, and UT Arlington as this catalog went to press. Other appropriate courses not listed here, either face-to-face or online in semester-length format, may be used to fulfill requirements for each area. Likewise, other Humanities-related fields may be selected in lieu of the fields shown here.*

I: COMMUNICATION *suggested courses for the BAC program

Grade	Course
___	*ENGL 4372 Semantics
___	*COMM 3311 Crisis Communication
___	*COMM 3312 Nonverbal Communication
___	*COMM 3355 Advanced Public Speaking

HUMANITIES DEGREE PLAN: VISUAL AND PERFORMING ARTS TRACK

General Education (42 hours).

See catalog for specific choices. C average required.

- ___ English Composition, 1301 & 1302
- ___ Literature
- ___ U.S. History 1301 & 1302
- ___ State and National Government, 2305 & 2306
- ___ Lab Sciences, 8 credits (2 courses with lab)
- ___ Mathematics
- ___ Communication
- ___ Social Science
- ___ Creative Arts

Visual and Performing Arts Courses (57 hours).

Lower Division (27 hours)

Art (12 hours)

- ___ 1301 (Art Appreciation)
- ___ 1311 (2-D Design) or 1312/2331(3-D Design)
- ___ 1316 (Intro to Drawing)
- ___ 2340 (Art History I) or 2341 (Art History II)

Drama (6 hours)

- ___ 2301 (Theater Appreciation)
- ___ 2302 (Acting I)

Music (9 hours)

___ 1306 (Music Appreciation)
 Music Ensemble (6 hours) from the following repeatable courses:

- MUEN 1121 (Choral Ensemble)
- MUEN 1122 (Instrumental Ensemble)
- MUEN 1123 (Chamber Ensemble)

Upper Division (30 hours)

Art (9 hours)

- 2-D Art (3 hours from the following:)
- ___ Arts 3311 (Drawing for Non-Art Majors)
 - ___ Arts 3320 (Painting: Oil)
 - ___ Arts 3321 (Painting: Watercolor)
 - ___ Arts 3322 (Painting: Aqua Media)
 - ___ Arts 3350 (Relief Printmaking)
 - ___ Arts 3351 (Silkscreen)
 - ___ Arts 4315 (Illustration)
 - ___ Arts 4320 (Advanced Painting I)
 - ___ Arts 4321 (Advanced Painting II)
 - ___ Arts 4350 (Intaglio)
 - ___ Arts 4351 (Lithography)
 - ___ Arts 4352 (Advanced Printmaking I)
 - ___ Arts 4353 (Advanced Printmaking II)
 - ___ Arts 4354 (Computer Printmaking)

3-D Art (3 hours from the following:)

- ___ Arts 3331 (Sculpture)
- ___ Arts 3340 (Ceramics for Non-Art Majors)
- ___ Arts 3341 (Ceramic Form)
- ___ Arts 3360 (Papermaking)
- ___ Arts 3385 (3D Digital Modeling)
- ___ Arts 4330 (Sculpture: The Human Form)
- ___ Arts 4331 (Sculpture: Casting)
- ___ Arts 4332 (Special Problems: Sculpture)
- ___ Arts 4333 (Advanced Sculpture)

Art History (3 hours from the following:)

- ___ Arts 3301 (Women Artists I)
- ___ Arts 3302 (Women Artists II)
- ___ Arts 3303 (American Art History I)
- ___ Arts 3304 (American Art History II)
- ___ Arts 3305 (Modern Hispanic Art & Foundations) ___ Arts 3601 (Art History Studies Abroad)
- ___ Arts 4301 (Art since 1945)

Drama (12 hours)

- ___ Drama 3302 (Acting II)
- ___ Drama 3310 (Drama: Comedy)
- ___ Drama 3311 (Tragedy and Melodrama)
- ___ Drama 3360 (Drama in Production)

Music (9 hours)

- ___ 3308 (Music History I)
 - ___ 3309 (Music History II)
- Three further upper-division hours (student's choice)

Capstone Senior Project: (3 hours)

Drama 4379, Art 4392, Art 4393 or Art 4394, to be arranged with faculty member in Humanities field.

Information Systems

Dr. Haesun Lee Professor

Dr. Haesun Lee is a Professor of Computer Science. She received her Ph.D. degree from Illinois Institute of Technology, Chicago, Illinois (1997). Her primary research interest is on Real Time Systems with particular emphasis on the scheduling real-time tasks with reduced context switches. Dr. Lee has published numerous research papers in many refereed conference proceedings of the international computer science conferences sponsored by the well known professional societies such as IEEE, ACM, and ISCA. Her works also appeared in the Journal of Computational Methods in Science and Engineering, in years 2006, 2009, and 2012. Her recognitions include the 2006 Chancellor's Council Outstanding Teacher Award.

Administered by the Department of Mathematical and Computing Sciences within the College of Arts and Sciences.

The overall goal of the Information Systems program is to provide its graduates with basic information systems and computing skills. This much is in common with computer science, though the computing skill set is somewhat different. The program is distinguished from computer science in that it provides a background in business skills, including an emphasis on how information systems fit into a modern business organization.

Degree Requirements

The minimum total credits required for a Bachelor's of Science in Information Systems is **120**.

General Education

Students must complete the requirements shown in the General Education Requirements section of this catalog. In addition to the basic requirements, students must complete one capstone course, NTSC 4311. In some cases, specific courses must be selected to meet a particular general education requirement, for example, in mathematics. Please see below in the degree plan outline.

Computer Use

All majors must demonstrate a basic use of computer applications software through completion of COSC 1335 or its equivalent and of programming in Java through completion of COSC 1430 and COSC 2430.

Major Requirements

All students are expected to complete COSC 1335, 1430, and 2430 or their equivalents before beginning the upper level major courses. These courses introduce general computer concepts and applications and develop

programming skills. Programming skills are broadened through the completion of a course in a second high-level programming language.

Foundation courses:

These courses include the general education core and additional foundational courses from the College of Business and Engineering. It is recommended that the general education courses in English and mathematics and the business core courses in economics, accounting, and statistics be completed as soon as possible, since they are prerequisites for many major and minor program courses.

<u>General education core</u>	42 credits
ENGL 1301, 1302	6
HIST 1301, 1302	6
PLSC 2305, 2306	6
ENGL 23xx	3
Two Laboratory Sciences	8
Creative ARTS	3
COMMUNICATION	4
ECON 2301	3
MATH 1324 or (MATH 2413 is acceptable substitute)	3/4

<u>Business Core</u>	15 credits
ACCT 2301, 2302	6
ECON 2302	3
MNGT 2342	3
MNGT 3340	3

<u>Mathematics Core</u>	3/4 credits
MATH 1325 or (MATH 2414 is acceptable substitute)	3/4

Required courses

These courses are the heart of the information systems program. They include the major program, the minor program, and the capstone experience.

The major program **37-39 credits**

All information systems majors take a common set of foundational computer and information systems courses:

COSC 1335	3
COSC 1430, 2430	8
COSC 2420	4
COSC 3310	3
COSC 3315	3
COSC 4415 or COSC 4455	4
ACCT 4311 or MNGT 3333	3
COSC 3XXX or COSC 4XXX	3/4
COSC 4XXX	3/4
COSC 4395	3

The minor program

12 credits

All information systems majors have in common the minor in general business which, combined with the business core, provides a solid foundation in business management:

MNGT 3310	3
MRKT 3300	3
FINA 3320	3
ACCT 3310	3

Capstone courses

3 credits

All information systems majors share a capstone experience with all other science and mathematics majors:

NTSC 4311	3
-----------	---

Courses freely elected

Courses sufficient to satisfy the requirement of at least 45 upper level credits and a total of 120 credits must be elected.

Total credits 120

Information Systems as a Minor

Because of its dependence on business courses as an integral part of the curriculum, there is no minor in information systems. Students wishing to minor in a computing and information systems related area should consider the minor in computer science.

TexES Requirements

Candidates for TExES tests in information systems must complete the courses listed below or equivalent courses as approved by an information systems advisor.

COSC 1335 Computers and Problem Solving	3
COSC 1430 Introduction to Computer Science I	4
COSC 2430 Introduction to Computer Science II	4
COSC 2420 C Programming	4
or another course in a high level language approved by the advisor	
COSC 3310 Digital Computer Organization	3
COSC 3315 Information Systems Design	3
COSC 4415 Database Systems	4
ACCT 4311 Information Systems Theory and Analysis	3
Total credits	28

Relationship of Information Systems and Computer Science

It is not possible to double major in information systems and in computer science or to major in information systems and minor in computer science or vice-versa. Students interested in the computer science major with an information systems emphasis may elect to complete the computer science major while completing the essential business core for information systems. This option requires that the mathematics taken follow the requirements of the computer science program and that the general business minor be completed. Interested students should consult with a computer science advisor as early in the program as possible.

Course Listing

COSC 1301 Introduction to Computing (3)

An introduction to the science of computing, with emphasis on the history and terminology of computer construction, operation, and data processing. Overview of computer systems hardware, programming languages, operating systems, and application software, including the Internet, word processing, spreadsheets, presentation graphics, and databases. This course is intended for non-computer science major students and students considering a computer science or information systems major. Prerequisite: none

COSC 1335 Computers and Problem Solving (3)

Introduction to basic issues related to computer aided problem solving. Computational problems will be studied using software packages, including spreadsheets and database systems. Use of the Internet and the World Wide Web, as problem solving resources is introduced. Basics of computer systems will be introduced. Same as Business Field of Study course COSC/BCIS 1305. Prerequisites: College Algebra or equivalent. FS

COSC 1430 Introduction to Computer Science I (4)

Computer organization, algorithm design, programming, and elementary data structures. Introduction to programming in a high-level language. Prerequisite or Co-requisite: Math 1332 or 1324 or 2412 or equivalent. FS

COSC 2420 C Programming (4)

Programming in C, investigating the characteristics and implementation. Prerequisite: COSC 1430. FS

COSC 2430 Introduction to Computer Science II (4)

Continuation of COSC 1430. Data structures, data abstraction, information hiding. Advanced programming in the language of the current COSC 1430. Prerequisite: COSC 1430. FS

COSC 3310 Digital Computer Organization (3)

Design of arithmetic, control, and memory units, binary data representation, error-detecting and error-correcting codes. Prerequisite: COSC 2430. FS

COSC 3312 Discrete Mathematics (3)

Elementary logic, sets, functions, relations, permutations and combinations, modular arithmetic, graph theory and its applications. Prerequisite: MATH 2414. F

COSC 3315 Information Systems Design (3)

Computer systems and relationships between hardware and software components. Emphasis on business system design and analysis. Prerequisite: COSC 2430. FS

COSC 3360 Computer Ethics (3)

An introduction to the responsibilities generally, and the ethical behavior specifically, expected of the computer and information systems professional. Includes the philosophical bases of ethical decision-making and the application of these principles to issues that arise in computing and information systems. Discussion of ethical standards as established by governmental bodies and professional organizations. Prerequisite: COSC 3315.

COSC 3420 Data Structures (4)

Design and implementation of algorithms for handling data structures such as linear lists, linked lists, stacks, queues, graphs, trees and strings. Prerequisites: COSC2430 and COSC3312. S

COSC 4370 Data Communications (3)

Theory and techniques related to signal transmission, transmission media, signal encoding, interfacing, data link control and protocols. Prerequisites: COSC 3310 and permission of the instructor.

COSC 4389 Multi Listing (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog and may be acceptable for graduate credit.

COSC 4390 Theory of Computation (3)

Turing machines, Church's thesis, recursive functions, computability, and computational complexity. Prerequisite: COSC 3312 or MATH 3315.

COSC 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior level course). These courses will not count for graduate credit

COSC 4395 Research (1-3)

Research in a selected field of computer science. Prerequisite: consultation with the major advisor and permission of the research sponsor. May be repeated for credit. FS

COSC 4415 Database Systems (4)

Introduction to database design and implementation using the ER model. Relational model concepts, constraints and relational algebra. Normalization, optimization and concurrency. Prerequisite: COSC 3315

COSC 4425 Programming Algorithms (4)

Investigation of programming strategies, and the analysis of sequential and parallel algorithms to optimize them from memory and time constraints. Prerequisite: COSC 3420.

COSC 4430 Operating Systems (4)

This course examines the theory and practice behind modern computer operating systems. Topics include what an operating system does do, system calls and interfaces, processes, concurrent programming, resource scheduling and management (of the CPU, memory, etc.), virtual memory, deadlocks, distributed systems and algorithms, programming in UNIX, and security. We will approach the subject from both a theoretical perspective as well as a practical one. Prerequisites: COSC 3310 and COSC 3420.

COSC 4455 Multimedia and Web Development (4)

Use of software development tools for construction of multimedia and Web pages, including an introduction to HTML and XML. Students will utilize industry standard tools for processing graphics, animation, audio, and video. Prerequisite: COSC 3315.

COSC 4460 Software Engineering (4)

Fundamental Concepts and General Principles for software systems development. Visual modeling, software development life cycles, CASE tools, Web-based information systems. Prerequisite: COSC 3315. F

COSC 4475 Distributed Systems (4)

An introduction to the concepts of distributed processing. Topics include distributed architectures, distributed operating systems and programming languages, and distributed algorithms. Prerequisite: COSC 3310, 3420

COSC 4480 Programming Languages (4)

Fundamental concepts and general principles underlying the structure of high level programming languages in current use. Prerequisites: COSC 3420, knowledge of two high level programming languages. COSC 3310 is recommended.

COSC 4485 Mobile Application Development (4)

This course introduces the unique methodologies necessary for developing dedicated and client-server applications that target smartphones, table computers, and other mobile devices. Course will cover the fundamental features of mobile device operation system and mobile applications, as well as the latest hardware capabilities. Prerequisites: COSC 3310, 3420 or permission of the instructor.

ACCT 4311 Accounting Information Systems (3)

A systems approach to evaluate, plan, and implement accounting information systems. Includes the analysis of and use of appropriate technology. Prerequisites: ACCT 3301 or ACCT 3310 and ACCT 3333 (MNGT 3333) or COSC 3315

MNGT 3333 Information System Fundamentals (3)

Introduction to the organizational and managerial foundations of information systems. The role of information systems in enhancing business processes and management decision making is emphasized. Students experience use of business application software in problem solving. Prerequisites: COSC 1335 (BCIS 1305 or 1405). Cross-listed with ACCT 3333.

Information Systems Degree Plan

Kinesiology

Chair Person For Kinesiology: Dr. James A. Eldridge, EdD

Professor of Kinesiology

Dr. Eldridge received B.A. degrees in Physical Education and Biology from Texas Lutheran College, Seguin, TX (1986), his Master of Arts from Texas State University, San Marcos, TX (1989), and his Ed.D. from the University of Houston, Houston, TX (1996).

The Kinesiology Department is housed within the College of Arts and Sciences. Two degrees are awarded within this department. One is a Bachelor of Science in Kinesiology with a specialization area in pre-professional physical education, sport studies or exercise science. The other degree is a Bachelor of Science in Athletic Training.

Kinesiology is the study of human movement. The discipline of kinesiology incorporates numerous sub-disciplines which assist in developing our understanding of human movement at work and at play. These sub-disciplines include exercise physiology, biomechanics, sport and exercise psychology, sociology of sport, motor control, motor learning, and motor development. Students majoring in Kinesiology have an opportunity to study human movement from all of these perspectives and thereby develop an understanding of how human movement affects and is affected by variables related to each sub-discipline.

Kinesiology is not a profession, but a body of knowledge applicable to many professions ranging from teaching to therapy. A major in Kinesiology is appropriate for students interested in elementary and/or secondary physical education teaching and coaching, adult fitness and wellness, youth sports, physical therapy, sport psychology, graduate study in Kinesiology, and medicine and allied health. Since coursework beyond the Bachelor of Science degree in Kinesiology is frequently required for each of these interest areas, students are advised to discuss with their advisors their professional aspirations early in their degree programs at The University of Texas of the Permian Basin. Those students who wish to pursue a career in athletic training or sports medicine should read the description of the B.S. in Athletic Training, further in this section.

Regardless of students' reasons for pursuing an undergraduate degree in Kinesiology, they are required to take a series of major core courses and complete a minor in a discipline other than Kinesiology. In addition, all students are expected to demonstrate competence in a number of forms of movement (sport, dance, etc.). Interest in a particular sub-discipline or profession is reflected in the specialization area courses that students take. These specialization areas include (1) Pre-Professional Physical Education, (2) Exercise Science, and (3)

Sport Studies. The culminating experience for all students is completion of an independent study and practicum experience. Through this experience, students have the opportunity to gain expertise and practical experience in a specific professional area. **Students seeking a Bachelor Degree in Kinesiology or a Bachelor of Athletic Training must pass each course taken for the major, the minor, and all prerequisites for the courses in the Kinesiology degree plans with a grade of C or better.**

Degree Requirements

The minimum total credits required for a B. S. in Kinesiology is **120**

General Education

42 Credits

Students must complete the requirements listed in the General Education Requirements section of this catalog. In meeting the physical and life science requirement, Kinesiology majors, minors, and all students seeking teacher certification in physical education are required to take 8 semester credit hours in biology.

Computer Use

All Kinesiology majors must demonstrate a basic use of computing through the completion of KINE 3310 and KINE 4300.

Kinesiology Common Course Requirements

Kinesiology majors, minors, and all students seeking teacher certification in physical education must complete either Human Anatomy and Physiology (BIOL 3350/3151, BIOL 3352/3153 for 8 credits) or Anatomy and Physiology for Kinesiology (KINE 2385 for 3 credits) in addition to the biology courses used to meet the general education requirements. Anatomy and Physiology I and II (8 credits), which is often taught at the 2000-level course at the community colleges, will also satisfy this prerequisite requirement. Anatomy and Physiology are prerequisite to many courses in Kinesiology and should be taken early in the degree program. This course does not count towards the 40-hour Kinesiology major but does count in the 120 hour requirement.

Kinesiology majors must complete course requirements for one of three specialization areas: (1) pre-professional physical education, (2) exercise science, or (3) sport studies. The choice of specialization area is an important one. It should be strongly influenced by student's career goals. It is important for the student to discuss each area with the academic advisor prior to completing a degree plan. Students are urged to consult with their faculty advisors for specific degree planning early in their academic careers and frequently throughout their tenure at The University of Texas of the Permian Basin.

Kinesiology majors are also required to complete a minor in an area other than Kinesiology. The choice of a minor should be discussed with your advisor.

All kinesiology majors are required to complete the Kinesiology Major Core courses. These courses are:

KINE 1301 Concepts in Fitness and Health

KINE 2306 First Aid

KINE 2370 Care & Prevention of Athletic Injuries (*See Prerequisites*)

KINE 3340 Analysis of Human Movement (*See Prerequisites*)

KINE 3350 Exercise Physiology (*See Prerequisites*)

KINE 3151 Lab: Exercise Physiology (*taken with KINE 3350*)

KINE 4300 Measurement of Performance in Sport & Exercise Sciences

Along with the Kinesiology major core, students must complete course work in one of the specialization areas. A brief description of each specialization area and the required courses follows:

I. Pre-Professional Physical Education: Students wishing to teach physical education and/or coach sports are required to complete the following courses. Completion of these courses, along with the appropriate courses within the College of Education, will qualify the student to sit for the Texas Education Agency's all-level (P-12) TExES examination in physical education.

- KINE 3310 Motor Development
- KINE 3330 Phys. Activity for Handicapping Conditions
- KINE 3332 Instructional Styles for Diverse Learners
- KINE 4310 Sport Skills Analysis OR 4364 Exercise and Nutrition
- KINE 4320 Psych of Sport OR KINE 4350 Psych of Exercise
- KINE 4330 Motor Learning
- KINE 4365 Concepts in Strength and Conditioning OR KINE 3360 Coaching of Sports
- KINE 4391 Independent Study in Kinesiology**
- KINE 4392 Practicum in Kinesiology**

Pre-Professional students are also required to complete the following forms of movement courses. These courses do not count toward the major but do count toward the 120 hours necessary for the Bachelors of Science Degree.

- KINE 1115 Beg/Adv Swimming
- KINE 1130 Elementary and Secondary Dance
- KINE 1159 Weight Training
- KINE 1309 Outdoor Activities
- KINE 1333 Team and Individual Sports

**** Students who complete teacher certification including EDUC 4686 & EDUC 4099 may waive these courses. Students who do not complete teacher certification including EDUC 4686 & EDUC 4099 must complete KINE 4391 and KINE 4392 before receiving a Bachelor of Science Degree in Kinesiology.**

TexES Requirements

Candidates for TExES test in All-Level Physical Education must have completed the courses listed in the Pre-Professional specialization area, and the appropriate education courses in the College of Education. College of Education courses must include EDUC 4333, EDUC 4334 and student teaching in elementary and secondary Physical Education.

II. Exercise Science: Students desiring to enter the fields of commercial and corporate fitness OR who wish to meet the pre-requisites for Physical Therapy, Occupational Therapy, or Graduate Kinesiology programs should select this area of specialization. This program meets the Guidelines for Fitness and Health Programs in Texas as specified by the Texas Higher Education Coordinating Board in 1991. Completion of the following courses is required for this specialization.

- KINE 3310 Motor Development
- KINE 4350 Psychology of Exercise
- KINE 4360 Exercise for Special Populations
- KINE 4362 Cardiorespiratory Physiology
- KINE 4364 Exercise and Nutrition
- KINE 4365 Strength & Conditioning
- KINE 4393 Practicum: Exercise Science I
- KINE 4394 Practicum: Exercise Science II

Exercise Science students are also required to complete the following forms of movement courses. These courses do not count toward the major but do count toward the 120 hours necessary for the Bachelors of Science Degree.

KINE 1115 Beg/Adv Swimming
KINE 1156 Aerobics or KINE 1112 Aerobic Activities
KINE 1159 Weight Training

III. Sport Studies: Students wishing to enter other professions related to the discipline of Kinesiology, such as sport psychology, sport management, and sport media, are required to successfully complete the following courses. Beyond the basic Kinesiology degree requirements, students are encouraged to design, with the aid of a faculty advisor, a degree program that will satisfy their personal and professional objectives.

KINE 3310 Motor Develop. OR KINE 4330 Motor Lrng & Contr
KINE 3330 Phys. Activity for Handicapping Conditions
KINE 3332 Instructional Styles for Diverse Learners
KINE 3360 Coaching of Sports OR KINE 4340 Sociology of Sport
KINE 4310 Sports Skills Analysis OR KINE 4364 Exercise Nutrition
KINE 4320 Psych of Sport OR KINE 4350 Psych of Exercise
KINE 4365 Concepts in Strength and Conditioning
KINE 4391 Independent Study in Kinesiology
KINE 4392 Practicum in Kinesiology

Sport Studies students are also required to complete the following forms of movement courses. These courses do not count toward the major but do count toward the 120 hours necessary for the Bachelors of Science Degree.

KINE 1115 Beg/Adv Swimming
KINE 1156 Aerobics or KINE 1112 Aerobic Activities
KINE 1159 Weight Training

Kinesiology Minor

A Kinesiology Minor may be obtained by successfully completing 22 semester credit hours in Kinesiology of which 13 must be upper level. **Students seeking a Bachelor Degree in Kinesiology or a Bachelor of Athletic Training must pass each course taken for the major, the minor, and all prerequisites for the courses in the Kinesiology degree plans with a grade of C or better.** Students who wish to minor in Kinesiology must take the following courses:

KINE 1301: Concepts in Health and Fitness (3 credits)
KINE 2306: First Aid (3 credits)
KINE 2385: Anatomy and Physiology for Kinesiology (3 credits)
KINE 3340: Analysis of Human Movement (3 credits)
KINE 3350: Exercise Physiology (3 credits)
KINE 3151: Lab: Exercise Physiology (1 credit)
KINE 4310: Sports Skill Analysis (3 credits)
KINE 4320: Sport Psychology or KINE 4350: Exercise Psychology or KINE 4340: Sociology of Sport (3 credits) OR KINE 4325 Women and Sport

Physical activity and forms of movement courses, including those labeled KINE 1109-1134, KINE 1155-1159, KINE 1309, or KINE 1333 are encouraged, but do not count toward the 22 credit hour requirement.

Coaching Minor

The Kinesiology faculty recognizes that some students are attracted to a Kinesiology Minor because they wish to coach athletes in a K-12 or a college and university setting. If a student desires to coach athletes as their primary professional goal, they are strongly encouraged to major in Kinesiology. For those students who plan to coach as an avocation, the Coaching Minor may be appropriate. This minor includes courses that have direct applicability to coaching. **Students seeking a Bachelor Degree in Kinesiology or a Bachelor of Athletic Training must pass each course taken for the major, the minor, and all prerequisites for the courses in the Kinesiology degree plans with a grade of C or better.**

A Coaching Minor may be obtained by successfully completing the following 22 semester credit hours in Kinesiology:

KINE 2370: Care and Prevention of Athletic Injuries (3 credits)
KINE 2385: Anatomy and Physiology for Kinesiology (3 credits)
KINE 3340: Analysis of Human Movement (3 credits)
KINE 3350: Exercise Physiology (3 credits)
KINE 3151: Lab: Exercise Physiology (1 credit)
KINE 3360: Coaching of Sports (3 credits)
KINE 4310: Sports Skill Analysis (3 credits)
KINE 4320: Sport Psychology (3 credits)

Physical activity and forms of movement courses, including those labeled KINE 1109-1134, KINE 1155-1159, KINE 1309, or KINE 1333 are encouraged, but do not count toward the 22 credit hour requirement.

Athletic Training

Bachelor of Science in Athletic Training

Students desiring to pursue athletic training as a profession should begin this track early in their college career. Students will receive academic course work combined with practical hands-on experience under the supervision of nationally certified and state licensed athletic trainers. The program is designed to meet all of the licensing requirements set forth by the Texas Department of State Health Services and the TABAT (Texas Advisory Board of Athletic Trainers), as well as BOC requirements once accredited by CAATE. This will enable students to be qualified to take the national certification exam.

Students will have a minor area of study that consists of 21 credit hours in Biology. There are two tracks in the B.S. in Athletic Training Major, certified and non-certified. Students who wish to become a certified teacher as well as an athletic trainer will take courses in the College of Education in addition to those in the minor of study.

Once general education requirements are completed, courses that comprise the B.S. in Athletic Training major are as follows.

KINE 1115 Beg/Adv Swimming
KINE 1156 Aerobics
KINE 1159 Weight Training
KINE 1301 Concepts in Fitness and Health
KINE 1370 Intro to Athletic Training
KINE 2195 Practicum 1A
KINE 2196 Practicum 1B

KINE 2306 First Aid
KINE 2370 Care & Prevention of Athletic Injuries
KINE 3340 Analysis of Human Movement (*Prereq BIOL 3350/3151, 3352/3153*)
KINE 3350 Exercise Physiology (*Prereq BIOL 3350/3151, 3352/3153*)
KINE 3151 Lab: Exercise Physiology (*taken with KINE 3350*)
KINE 3195 Practicum 2A
KINE 3196 Practicum 2B
KINE 3371 Evaluation of the Lower Extremity
KINE 3372 Evaluation of the Upper Extremity
KINE 3374 General Medical Conditions in Athletes
KINE 4175 Seminar in Athletic Training
KINE 4195 Practicum 3A
KINE 4196 Practicum 3B
KINE 4355 Psychology of Injury
KINE 4364 Exercise and Nutrition
KINE 4365 Concepts in Strength & Conditioning
KINE 4370 Therapeutic Modalities
KINE 4372 Rehabilitation of Athletic Injuries
KINE 4375 Organization and Administration of Athletic Training

- Additional hours are required for students who seek TExES certification.

TExES Requirements

Candidates for TExES test in All-Level Physical Education must complete the courses listed below or equivalent courses and the appropriate education courses in the College of Education. College of Education courses include EDUC 4333 and EDUC 4334 and student teaching in elementary and secondary Physical Education. Candidates who wish to certify in Biology as a second teaching field will be placed in Biology for student teaching experiences as well.

Forms of Movement Course Requirements

Demonstrated competence in 3 forms of movement is required of all Athletic Training majors. Credits earned in meeting this requirement do not count toward the hours required for a degree in Athletic Training. However, they count toward the 120 hours required for graduation. The forms of movement requirement may be fulfilled in a number of ways. Options include taking the three courses (KINE 1115, 1156, 1159), participating in intercollegiate or professional athletics and possessing a current official's rating in the course content area. The Forms of Movement Program Handbook is available from any Kinesiology faculty member. A record of each student's progress in the forms of movement program is kept in the program coordinator's office.

Course descriptions for the B.S. in Athletic Training follow. More information on other Kinesiology courses that may be used to fulfill electives in the B.S. in Athletic Training may be found in the B.S. in Kinesiology section of this catalog.

Course Listing

KINE 1112 Aerobic Activities (1)

Gain conditioning and knowledge of various ways to perform aerobically. Lecture/discussion on safety, goal setting, recording workouts, flexibility, strength work, and care and prevention of injuries. F

KINE 1115 Beg/Adv Swimming (1)

Develop swimming stroke skills for personal use and learn basic swimming instructional techniques. Appropriate for swimmers from novice through advanced while using the Personalized System of instruction. S, Su

KINE 1130 Elementary, Secondary Dance (1) Learn movement skills and concepts in dance and the purpose of dance in the elementary and the secondary physical education curriculum. F

KINE 1154 Yoga (1)

Opportunity to obtain skill and knowledge through participation in this lifetime activity.

KINE 1156 Aerobics (1)

Opportunity to obtain skill and knowledge through participation in this lifetime activity. S

KINE 1159 Weight Training (1)

Opportunity to obtain skill and knowledge through participation in this lifetime activity. F, S

KINE 1160 INT Baseball Men (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. S

KINE 1161 INT Basketball Men (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1162 INT Crs Cntry Men (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F

KINE 1164 INT Soccer Men (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F

KINE 1165 INT Swimming Men (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1166 INT Tennis Men (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1170 INT Basketball Wmn (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1171 INT Crs Cntry Wmn (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F

KINE 1173 INT Soccer Women (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F

KINE 1174 INT Softball Women (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. S

KINE 1175 INT Swimming Wmn (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1176 INT Tennis Wmn. (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1177 INT Volleyball Wmn (1)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F

KINE 1180 INT Cheerleading (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1181 INT Dance Team (.5)

Limited to intercollegiate athletes, involves daily practice and athletic competition. Permission of the instructor required. F,S

KINE 1301 Concepts in Fitness and Health (3)

Offers an introduction to the basics of personal health, fitness, and major contemporary health issues. F, S, Su

KINE 1309 Outdoor Activities (3): Learn to do and teach activities designed for the outdoor sportsman. These activities are adventuresome, risk-taking activities which will help to develop the skills used in cooperative learning, decision-making, communication, and challenge-by-choice. Activities include archery, orienteering, hiking, camping, and problem-solving. F

KINE 1333 Team and Individual Sports (3) Develop skills and strategies to play and teach individual and team sports. Learn rules, sport skill development, and task progressions for sport skills using the Tactical Games and Personalized System of instruction models. Sp

KINE 1370 Introduction to Athletic Training

This course will introduce students to basic knowledge, skills and values and history of the athletic training profession, including medical terminology, taping/wrapping techniques through classroom instruction, laboratory exercises, and directed observations (50 clock hours). This class presents learning in topics pertinent to Athletic Training, and Kinesiology students. F

KINE 1389 Selected Topics in Kinesiology (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

KINE 2195 Practicum 1A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 1301 and/or KINE 2306. Practicum activities will take place on campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Students must be officially admitted into the professional phase of the ATEP. F, S

KINE 2196 Practicum 1B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 4370. Practicum activities will take place on campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 2195. F, S

KINE 2306 First Aid (3)

Offers instruction in the knowledge and skills necessary, in an emergency situation, to help sustain life, reduce pain, and minimize the consequences of injury or sudden illness until professional medical help arrives. Opportunity for American Red Cross First Aid and CPR certifications. F, S

KINE 2370 Care and Prevention of Athletic Injuries (3)

Introduction to the prevention, recognition, evaluation, treatment, and rehabilitation of common musculoskeletal injuries and conditions. Laboratory experiences emphasize taping and bracing methods and techniques for preventing musculoskeletal injuries/ conditions. A 200 hour clinical observation component is required for students that intend to apply for admission to the Athletic Training Education Program. F, S

KINE 2385 Anatomy and Physiology for Kinesiology (3)

This course is designed to increase the student's knowledge of human anatomy and physiology through the survey of the macroscopic and microscopic anatomy and physiology of the neuromuscular, cardiovascular, and respiratory systems. This course will also include the basic study of the digestive and endocrine systems. Specific emphasis will be placed on developing the student's understanding of those human systems that most directly affect human movement in the context of work and exercise. Prerequisite: BIOL 1306/1106 and BIOL 1307/1107. F,S

KINE 2389 Multi-listing Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

KINE 3151 Lab: Exercise Physiology (1)

An introduction to many of the basic laboratory procedures and tests used in the field of exercise physiology. The class is designed to complement KINE 3350 Physiology of Exercise. Laboratory equipment is used to collect data and analyze results. Prerequisite: Anatomy and Physiology and concurrent enrollment in KINE 3350 or completion of 3 semester credit hours of undergraduate exercise physiology. F,S

KINE 3195 Practicum 2A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3340, and 4372. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 2196. F, S

KINE 3196 Practicum 2B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3350/51, 3371, 4372. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 3195, F, S

KINE 3310 Motor Development (3)

An examination of the factors affecting physical growth, those influencing the acquisition of fundamental motor skills, and the effects of aging upon physical performance. F, S, Su

KINE 3330 Physical Activity for the Disabled (3)

Introduction to various disabling conditions with particular emphasis on their impact upon an individual's ability to perform sports and other physical activities. The nature of appropriate physical activity programs for disabled individuals is explored. S

KINE 3332 Instructional Styles For Diverse Learners (3)

Introduction to various instructional styles with particular emphasis on their impact upon the effective instruction of learners with diverse needs and learning styles. Design of task progressions and units for development of higher order thinking skills is explored. F

KINE 3340 Analysis of Human Movement (3)

Integration of skeletal and neuromuscular anatomy and physiology with mechanical principles of human movement to structurally and prescriptively analyze movement patterns for performance improvement. Prerequisite: KINE 2385, or BIOL 3350/3150 (4 credits), or equivalent. F, S

KINE 3350 Physiology of Exercise (3)

Physiological functioning of the human body during physical stress to include muscle strength, cardiorespiratory endurance, environmental effects and conditioning programs. Laboratory equipment used to collect data as part of the lab, KINE 3151, that is taken concurrently. Prerequisite: KINE 2385 (3 credits), or BIOL 3350/3150 and BIOL 3352/3152 (8 credits), or equivalent. F,S

KINE 3360 Coaching of Sports (3)

Students will gain the knowledge and competencies necessary to serve effectively in the coaching setting. Topics germane to a variety of sports and coaching settings are covered including sport management, liability, training (psychological and physical), practice planning and supervision, sport pedagogy, developmental factors (physiological, social and cognitive) applied to coaching and other topics. Skills and strategies associated with specific sports are not covered in detail. F

KINE 3371 Evaluation of the Lower Extremity (3)

Procedures and techniques for the recognition, assessment and evaluation of athletic injuries to the lower extremity. Emphasis is placed on the synthesis of information gathered through injury history, observation, palpation, testing range of motion, neurological and orthopedic examination. F Prerequisites: KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 3372 Evaluation of the Upper Extremity (3)

Procedures and techniques for the recognition, assessment and evaluation of athletic injuries to the upper extremity. Emphasis is placed on the synthesis of information gathered through injury history, observation, palpation, testing range of motion, neurological and orthopedic examination. S Prerequisites: KINE 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 3374 General Medical Conditions in the Athlete (3)

Students will gain knowledge, skills, and values that the entry-level certified athletic trainer must possess to recognize, treat, and refer, when appropriate, the general medical conditions and disabilities of athletes and others involved in physical activity. Content includes general physical exam screening skills, knowledge of pharmaceutical compounds and competent use of diagnostic instruments. 3 hrs lecture, 1 hr lab. Prerequisites: KINE 1370, 2306, 2370; BIOL 1306, 1307, 3350, 3352.

KINE 3389 Multi-listing Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

KINE 4175 Seminar in Athletic Training (1)

This course is designed for the Athletic Training Major after all academic major didactic and practicum courses have been completed. Students are required to complete a 100 hour internship, submit a written journal of experiences. Students are required to meet weekly with their professor for discussion on professional exam preparation, employment, credentialing, governance, ethics, and scope of practice. Prereq KINE 2306, KINE 2370, KINE 3371, KINE 3372, KINE 3373, KINE 3374, KINE4370, KINE 4372, KINE 4375 F, S

KINE 4195 Athletic Training Practicum 3A

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 3372, 4355, 4364. Practicum activities will take place on/off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 3196

KINE 4196 Athletic Training Practicum 3B

Students will engage in supervised clinical activities with their Preceptor associated with didactic learning from KINE 4395. Practicum activities will take place off-campus. Students are required to log a minimum of 100 clock hours, with a maximum of 150 during the semester, including 1 hour of lab instruction per week. Pre-requisites-Students must be officially admitted into the professional phase of the ATEP, completed KINE 4195

KINE 4300 Measurement of Performance in Sport and Exercise Sciences (3)

A comprehensive overview of the statistical techniques, computer applications, and evaluation procedures utilized by kinesiology professions in applied and research settings. Prerequisite: have fulfilled general education mathematics requirement. F, S

KINE 4310 Sports Skill Analysis (3)

Students will apply the anatomical and mechanical principles of human movement in the assessment of sports skills. Prerequisite: Must have fulfilled General Education Mathematics requirement, completed KINE 2385 or BIOL 3350/3150 and KINE 3340. S

KINE 4320 Psychology of Sport (3)

Concepts in psychology as applied to an individual's involvement in sport and other forms of competitive physical activity. Emphasis on motivation, stress management, personality theory, performance enhancement, and group dynamics. F

KINE 4330 Motor Learning and Control (3)

Variables influencing the control and learning of movement skills. Emphasis on the neural, physical, and behavioral aspects of motor control and the acquisition of skilled movements as a result of practice. S

KINE 4340 Sociology of Sport and Physical Activity (3)

The role of sport in society is examined. Special attention is given to a critical examination of abuses in modern sport and to social influences which act to modify sport.

KINE 4350 Psychology of Exercise (3)

Concepts in psychology applied to an individual's involvement in exercise. Emphasis on theoretical models and methods for assessing exercise adherence. Investigation of methods and strategies for behavior intervention and program development to promote adherence to exercise programs. S

KINE 4355 Psychology of Injury (3)

Identification and analysis of the psychosocial factors related to the prevention of and recovery from athletic injuries and the development of counseling and referral skills needed when working with athletes and others in the sports medicine environment.

KINE 4360 Exercise for Special Populations (3)

Examination of the unique physiological attributes one must consider when prescribing exercise for individuals with specific diseases and specialized health considerations, including rheumatoid arthritis, diabetes, chronic respiratory disorders, cardiovascular disease, hypertension, obesity, and pregnancy. Prerequisite: KINE 2385 (3 credits), or BIOL 3350/3151 and BIOL 3352/3153 (8 credits), or equivalent. S.

KINE 4362 Cardiorespiratory Physiology (3)

Addresses the physiology of graded exercise testing, interpretation of basic electrocardiograms, and prescription of exercise for healthy and diseased populations. Prerequisite: KINE 3350 (Physiology of Exercise) or equivalent. F

KINE 4364 Exercise and Nutrition (3)

An in-depth examination of the nutritional effects that enhance exercise or sports performance. The class is designed to enhance the student's knowledge of the nutritional needs of athletes as well as possible ergogenic effects of certain dietary plans. The class will include topics on issues in nutritional myths in sports, effects of nutritional supplements, herbal supplements, and pharmacological components that are currently used as ergogenic aids to exercise performance. Prerequisite: KINE 2385 (3 credits), or BIOL 3350/3151 and BIOL 3352/3153 (8 credits), or equivalent. S.

KINE 4365 Concepts in Strength & Conditioning (3)

The class is designed to enhance the student's understanding of the physiological and biomechanical aspects of strength and fitness training methods. It will focus specifically on adaptations associated with aerobic, anaerobic and resistance training exercise programs. Prerequisite: KINE 2385, KINE 3340 and KINE 3350. F, S

KINE 4370 Therapeutic Modalities (3)

In-depth study of the application of therapeutic physical agents and modalities treatment used in the care and rehabilitation of musculoskeletal injuries and conditions. The course will also focus on cognitive knowledge, psychomotor skills that used in the application of cryotherapy, hydrotherapy, and electrotherapy.

Prerequisite: KINE 2370 or equivalent. S.

KINE 4371 Principles of Athletic Administration

This course instructs organization and administration knowledge and skills needed to operate physical activity settings. Content focuses on leadership, personnel decisions, legal and insurance issues, budgeting, as well as facility management. The course content is applicable to students in all Athletic Training, and Kinesiology majors or minors. Prerequisites: KINE 2306 , 2370, BIOL 1306, BIOL1307, BIOL3350, BIOL 3352.

KINE 4372 Rehabilitation of Athletic Injuries (3)

Students will learn and initiate the principles and goals of common rehabilitative techniques and procedures of athletic injuries and therapeutic exercise. Emphasis will include holistic and evidence-based approaches to the application of techniques and procedures. F Prerequisites: KINE 2370, 3340; BIOL 3350, 3352.

KINE 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit.

KINE 4391 Independent Study In Kinesiology (3)

Design of a research project in the area of kinesiology which includes professional involvement with individuals in an exercise and/or sport setting. A proposal of the research project is to be developed which includes a problem statement, a review of literature and a concise description of the methods used to collect and analyze data. The written proposal is submitted to the faculty of the Department of Kinesiology followed by a brief oral presentation. F, S, Su

KINE 4392 Practicum in Kinesiology (3)

Using the research project proposal developed in the independent study, conduct the study and collect and analyze data. The research methodology must include professional involvement over time with individuals in an exercise and/or sport setting. The results of the project will be submitted to the Kinesiology faculty in a brief oral presentation and as a tangible product. Acceptable end products of the practicum experience may include items such as, websites, workshops, coaching manuals, papers presented at professional meetings, refereed publications, or other tangible materials that will give an overview of the student's experience. F, S, Su

KINE 4393 Practicum: Exercise Science I (3)

This course is a 120-hour, on-campus, research practicum designed to develop students' research skills. Students work on a current research project under direct supervision of their major advisor. This typically takes place in the Kinesiology lab on campus. The culmination of this practicum experience will be the development of a tangible product such as a web site, workshop, treatment manual, paper presented at a professional meeting, or a refereed publication. This course is to be taken the semester before KINE 4394; taken the last semester of the student's program. F S

KINE 4394 Practicum: Exercise Science II (3)

This course is a 480-hour, off-campus, research practicum designed to allow students to apply their research skills to genuine problems or issues with supervision. Students are required to work on a current research project in a cooperating facility under the supervision of the facility manager and their major advisor. The results of the research will be presented in the form of a journal-ready manuscript. This practicum should be taken during the student's last semester before graduating. F, S, Su

Degree plans are listed on the following pages according to the tracks of study within Kinesiology and Athletic Training. First is the Bachelor of Science in Kinesiology. There are three tracks.

Track I is Pre-Professional Physical Education.

Track II is Exercise Science with Pre – Physical Therapy requirements

Track II is Exercise Science without Pre – Physical Therapy requirements

Track III is Sport Studies.

The Bachelor of Science in Athletic Training is the fourth degree plan. Information on this degree can also be found in an earlier section of the catalog. Speak to your advisor about your career plans and the degree you should pursue.

DEGREE PLAN: BACHELOR OF SCIENCE IN KINESIOLOGY

Pre Professional (Teaching/Coaching w/certification)

NAME: _____

SID#: _____ Semester Admitted: _____

TASP STATUS: ___ Passed ___ Liabile ___ Exempt
_____ Reading _____ Writing _____ Math

TRANSFER HOURS FROM OTHER INSTITUTIONS:

- ___ INST. OPTION: COMM 1315 & COMM 1115, 4 SCH (1 course & 1 Lab)

NOTES ON GRADUATING:

1. Read the UT Permian Basin catalog and be familiar with the University's requirements for the BS degree. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the B.S. degree.
2. Complete at least **120** semester credit hours for the B.S. degree.
3. At least **48** credits must be at the junior or senior level. At least **30** of these hours must be completed at UT Permian Basin.
4. Students majoring in Kinesiology are required to complete an academic minor.
5. Obtain at least a "C" grade in all Kinesiology courses. Maintain a "C" grade in all Minor and Prerequisite courses applicable toward the degree in Kinesiology.

MINOR (or second teaching field): _____ (18 sch)

Students majoring in Kinesiology are required to complete an academic minor, which usually consists of 18 SCH. Please consult the appropriate catalog for specific details about the distribution of hours in the minor you have chosen to complete. If you intend to substitute a second teaching field for your minor, consult the catalog AND make an appointment with your certification advisor to be certain that you have the correct number and choice of courses.

The KINE 1109 Forms of Movement credits and KINE 2385 Anatomy & Physiology for Kinesiology **DO NOT apply to the 37 sch minimum required for a major in the B.S. degree, but DO count toward 120 degree plan.

8. Aerobics _____

9. Aquatics _____

Leadership Studies

Administered by the Department of Social Sciences within the College of Arts and Sciences.

The B.A. degree in Leadership Studies is a degree program that focuses on the study and understanding of leadership needed in the post-industrial world of the 21st century. Leaders need to be able to read critically, think analytically and communicate effectively. Scholarly understanding of the theory and history of leadership is required as well as the conceptual skills of team building, collaboration, innovation, conflict resolution, communication and problem solving. In addition to appropriate coursework, a field experience component is also required.

This degree prepares students to take positions in social agencies of various types, governmental entities and a wide range of private, not-for-profit groups.

Degree Requirements

The total semester credit hours required for a B. A. in Leadership Studies is **120**.

General Education

42 credits

Complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

3 credits

Leadership Studies majors must demonstrate a basic use of computing through either a computer literacy test or the completion of COSC 1335 or a computer science course which requires the actual use of a computer.

Major Requirements

Major Foundation Courses:

15 credits

LEAD 1301	Introduction to Leadership Studies
LEAD 3301	Advanced Leadership Theory
LEAD 4339	Leadership and Ethics
LEAD 4370	Conflict Resolution
LEAD 4692	Practicum (3 or 6 credit hours)

Elective Courses in Leadership Studies

15 credits

Minor in Leadership Studies

A minor in Leadership Studies consists of 18 semester credit hours, 12 of which must be at the upper level. Three of the Major Foundation Courses (including LEAD 1301), plus 2 LEAD electives and 1 policy-area discipline elective from approved courses listed below.

Required:

LEAD 1301	Introduction to Leadership Theory
-----------	-----------------------------------

Two Courses from the following list:

LEAD 3301	Advanced Leadership Theory
LEAD 4339	Leadership and Ethics
LEAD 4370	Conflict Resolution
LEAD 4692	Practicum (3 or 6 credit hours)

Two Courses from the LEAD Electives list below:

LEAD 4320	Women in Leadership
LEAD 4350	Leadership in Organizational Settings
LEAD 4351	Leadership in the Non-Profit Sector
LEAD 4360	Strategic Leadership and Planning
LEAD 4375	Leadership and Community Development
LEAD 4379	Selected Issues in Leadership Studies
LEAD 4391	Contract Study

Course Listing

LEAD 1301 Introduction to Leadership Studies (3)†

Introduction to leadership studies and practices in modern society.

LEAD 3301 Advanced Leadership Theory (3)

Concepts essential to the nature of leadership, including the conceptual background, theories, approaches, styles and ethical issues in leadership research and thinking.

LEAD 4320 Women in Leadership (3)

The study of the roles and responsibilities of women in leadership in governmental and non-profit organizations. Current issues and trends will be examined from historical, political, economic, and social perspectives.

LEAD 4339 Leadership and Ethics (3)

Study and practices of principled choices between alternative actions for leaders in public and non-profit organizations.

LEAD 4350 Leadership in Organizational Settings (3)

Principles and practices of leadership in large-scale organizations, public and non-profit.

LEAD 4351 Leadership in the Non-profit Sector (3)

Leadership theory and practice in the non-profit sector.

LEAD 4370 Conflict Resolution (3)

Principles and practices of reasoned communication, conflict resolution, negotiation, and mediation for leaders in public, community and non-profit organizations.

LEAD 4375 Leadership and Community Development (3)

The role and practices of public leaders in community and economic development.

LEAD 4379 Selected Issues in Leadership Studies (3)

Reading, research and discussion devoted to selected topics in Leadership Studies.

LEAD 4391 Contract Study (3)

Advanced independent study or research in Leadership Studies.

LEAD 4692 Practicum (3 or 6)

A supervised field and academic experience in the practice of leadership methods, knowledge and skills in an appropriate public or private agency. Prerequisite: 12 hours upper-division credits in Leadership Studies and consent of the instructor.

† Course fulfills general education social science requirement.

DEGREE PLAN: LEADERSHIP STUDIES

GENERAL EDUCATION REQUIREMENTS:

(42sch; please see catalog for course choices to fill each requirement.)

- English Composition, 1301 & 1302
- Literature (1 course)
- U.S. History, 1301 & 1302
- U.S. and State/Local Politics 2305 & 2306
- Lab Sciences (2 courses)
 - Mathematics (1 course)
 - Communication (1 course)
 - Creative Arts (1 course)
 - Social Science (1 course)
 - Component Area (1 course)

- Computer Use

DEGREE REQUIREMENTS: It is the student's responsibility to read the catalog and be familiar with all requirements for the BA degree. The major in Leadership Studies is 30 sch.

1. Complete at least 120 sch of which 54sch must be taken at the junior/senior level. At least 30sch must be completed at U. T. Permian Basin; 24 of the last 30 sch must be completed at U. T. Permian Basin.
2. Obtain at least a "C" grade in all major courses, and maintain at least a GPA of 2.0 in all courses applicable toward the degree.
3. Completion of a minor is required; most minors require 18 sch of which 12 sch must be upper level. Please refer to the catalog for minor choices and specific minor requirements.

MINOR (18 sch; 12 sch must be upper level (please refer to the catalog for specific details):

LEADERSHIP STUDIES MAJOR REQUIREMENTS: The major in Leadership Studies requires a student to complete 30sch which is composed of a core of 15sch combined with 15sch of electives courses. Two of these elective courses must be LEAD courses and the other three courses must be chosen from the elective list below.

LEADERSHIP CORE (15sch required):

- LEAD 1301 Introduction to Leadership Studies
- LEAD 2301 Advanced Leadership Theory
- LEAD 4339 Leadership and Ethics
- LEAD 4370 Conflict Resolution
- LEAD 4692 Practicum

ELECTIVE COURSES TO COMPLETE THE MAJOR (15sch required):

- LEAD 4320 Women in Leadership
- LEAD 4350 Leadership in Organizational Settings
- LEAD 4351 Leadership in the Non-Profit Sector
- LEAD 4360 Strategic Leadership & Planning
- LEAD 4375 Leadership and Community Development
- LEAD 4379 Selected Topics: _____
- LEAD 4379 Selected Topics: _____
- LEAD 4379 Selected Topics: _____
- LEAD 4379 Selected Topics: _____
- LEAD 4379 Selected Topics: _____
- LEAD 4379 Selected Topics: _____
- LEAD 4391 Contract Study: _____

Mathematics

Paul Feit, PhD

Dr. Paul Feit is Professor of Mathematics and Coordinator for Mathematics. Dr. Feit received his Bachelors degree from Harvard University and his Ph.D. from Princeton University (1985).

Administered by the Department of Mathematical and Computing Sciences within the College of Arts and Sciences.

Degree Requirements

The minimum total credits required for a B.S. in Mathematics is **120**. Of these, 48 must be upper level hours (that is, from courses with an index 3xxx or 4xxx).

General Education

Complete the requirements shown in the General Education Requirements section of this Catalog. It is recommended that the courses in physical and life science form a two semester sequence. Include the following specified courses:

MATH 2413

MATH 2414

Computer Use

Mathematics majors must demonstrate a basic use of computers through completion of a course such as one of the following: COSC 1335, COSC 1430 or COSC 2320.

Major Requirements

In addition to General Education and Computer Use requirements, a Bachelor of Science in Mathematics requires (1) an English course (in addition to a course that satisfies a Gen Education requirement) and (2) NTSC 4311. Also, a B.S. in Mathematics requires a minimum of eight courses (at least 24 semester hours) beyond the level of Calculus.

Plans of study in mathematics have a common core of courses including:

MATH 2413, 2414, 2415	Calculus and Analytic Geometry I, II and III
MATH 3301	Statistics
MATH 3305	Mathematical Reasoning
MATH 3310	Linear Algebra
MATH 3315	Algebraic Structures
MATH 3360	Intermediate Analysis

The remaining three advanced courses required to complete the major are selected in consultation with the student’s advisor. Each course must be beyond Calculus. The final program must contain at least 18 semester hours at the 3000 and 4000 level. The choices should address the student’s educational objectives and may, with prior approval of the faculty, include appropriate quantitative courses in operations research, econometrics, and computer science. No more than 45 hours of mathematics may be applied toward the 120 semester hour minimum required for a degree.

Mathematics majors at U. T. Permian Basin are required to complete a minor of at least 18 semester hours, 9 of which must be of junior or senior level. The choice of the minor is up to the student, but it is recommended that the choice also be made to facilitate the student’s educational objectives.

Teacher Certification Considerations

Mathematics Majors

Mathematics majors seeking certification at either the 4-8 or 7-12 level must take MATH 3350, Geometry. All certification students are strongly encouraged to elect MATH 4325, Number Theory.

TExES Requirements

Candidates for TExES tests in Mathematics must have completed the courses listed for each area below or equivalent courses in their teaching fields.

Mathematics 7-12: Complete the courses for the BS in Mathematics

Mathematics 4-8: Complete the courses for the BS in Mathematics, or the BA in Multidisciplinary Studies with 24 hours in mathematics.

Minor in Mathematics

Lower Level:

MATH 2413	Calculus and Analytic Geometry I	4
MATH 2414	Calculus and Analytic Geometry II	4

Upper Level:

MATH 3305	Mathematical Reasoning	3
-----------	------------------------	---

One from the following:

MATH 2415	Calculus and Analytical Geometry III	4
-----------	--------------------------------------	---

MATH 3320	Differential Equations	3
MATH 3301	Statistics	3
MATH 3360	Intermediate Analysis	3

One from the following:

MATH 3310	Linear Algebra	3
MATH 3315	Algebraic Structures	3
COSC 3312	Discrete Mathematics I	3

One more upper level math class: 3

Total 20-21

Students minoring in Mathematics must have at least 9 credit hours at the upper level and at least 20 credit hours total, as minor electives. Faculty in Mathematics may allow transferred credits to count towards a major or a minor in Mathematics. The number of credit hours required, at upper level or in total, cannot be reduced except by academic petition.

Course Listing

Five of the following courses are typical entrance level mathematics courses for freshmen. MATH 1332 and MATH 1333 are designed for general education. MATH 2412 is the normal course to be taken for science and mathematics students unless they are qualified to start the calculus. MATH 1324 starts the mathematics sequence addressing the needs of business and social science students. MATH 1314 is a standard College Algebra course and begins a sequence for students seeking to teach elementary school mathematics without a BA in mathematics.

MATH 0307 Non-Course Based Option in Mathematics (3)

Non-Course Competency-Based Option in Mathematics. The content of this course will be tailored to the individual student and may include basic algebra, linear equations and inequalities, polynomials, rational expressions, factoring, exponents and radicals, and quadratic equations.

MATH 0398 Beginning Algebra (3)

This course content is the study of basic algebra, including operations of algebraic expressions, polynomial factoring, algebraic fractions, linear equations with one and two variables, inequalities and exponents.

MATH 0399 Fundamentals of Mathematics (3)

Intended to prepare students for entry into MATH 1332, MATH 1314 or MATH 1324. This is a non credit course including introductory and intermediate algebra and geometry. Repeatable, but does not count towards a degree. FS

MATH 1314 College Algebra (3)†

Study of quadratics, polynomial, rational, logarithmic, and exponential functions; systems of equations; progressions; sequences and series; and matrices and determinants. Prerequisite: Two years of high school algebra, one year of high school geometry, and satisfactory score on placement examination or completion of MATH 0399. FS

MATH 1324 Applications of Discrete Mathematics (3)[†]

Mathematics for modeling in the social and behavioral sciences. Topics include algebra, linear equations in two variables, and exponential and logarithmic functions. Other topics are chosen by the instructor. Course emphasizes application to social science and economics. Prerequisite: Two years of high school algebra, one year of high school geometry and a satisfactory score on placement examination or completion of MATH 0399. FS

MATH 1325 Applications of Continuous Mathematics (3)[†]

This course introduces differential calculus and its applications to optimization. Applications are drawn from social science and economics. Prerequisite: MATH 1324. FS

MATH 1332 Contemporary Mathematics I (3)[†]

Modern applications of mathematics including graph theory, optimization, data organization, and social decision models. Prerequisite: Two years of high school algebra, one year of high school geometry and satisfactory score on placement examination or completion of MATH 0399. FS

MATH 1333 Contemporary Mathematics II (3)[†]

Modern application of mathematics including probability, statistics and classical and modern geometry. Brief introduction to computers and computation. Prerequisite: Two years of high school algebra, one year of high school geometry and satisfactory score on placement examination or completion of MATH 0399. FS

MATH 1350 Foundations of Elementary Mathematics I (3)[†]

Concepts of sets, functions, numeration systems, number theory; and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem-solving and critical thinking. Prerequisite: Completion of MATH 1314 with a grade of C or better.

MATH 2350 Foundations of Elementary Mathematics II (3)

Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem-solving and critical thinking. The course is designed specifically for students who seek middle grades (4-8) teacher certification. Prerequisite: Completion of MATH 1350 with a grade of C or better, and MATH 1314.

MATH 2412 Precalculus (4)[†]

College algebra (sets, functions, relations, logic), trigonometry (circular functions, logarithms and exponential functions), and analytic geometry (standard form conic sections). Prerequisite: Two years of high school algebra, one year of high school geometry and satisfactory score on placement examination or completion of MATH 1314 or MATH 1324. FS

MATH 2413 Calculus I (4)[†]

Differentiation of functions of one variable, introduction to integration. Prerequisite: MATH 2412 or satisfactory score on placement examination. FS

MATH 2414 Calculus II (4)[†]

Continuation of MATH 2413. Integration of transcendental functions, techniques of integration, sequences and series. Prerequisite: MATH 2413 FS

MATH 2415 Calculus III (4)[†]

Continuation of MATH 2414, Vector and multivariate calculus, transformations of coordinates. Green's and Stokes' Theorem. Prerequisite: MATH 2414. S

MATH 3301 Statistics (3)

Basic concepts and applications of probability, descriptive and inferential statistics, and linear regression. Computer laboratory assignments. Prerequisite: MATH 2414. FS

MATH 3305 Mathematical Reasoning (3)

Logic methods of proof, set theory, relations, functions, cardinality. Algebraic properties of the real, rational, and integer number systems. Prerequisite: MATH 2414. FS

MATH 3308 Theory of Numeration (3)

This course introduces theoretical issues behind the standard conventions for writing natural numbers, fractions, and real numbers. Topics include basic set theory, arithmetic as counting, uniqueness of prime factorization, and infinite decimal notation. Prerequisite: MATH 3305 or permission of the instructor.

MATH 3310 Linear Algebra (3)

Vectors, vector spaces, matrices, linear transformations, eigenvalues, eigenvectors, canonical forms and their applications. Prerequisite: MATH 2414. F

MATH 3315 Algebraic Structures (3)

Sets, groups, rings and fields, with applications to the ring of integers and polynomial rings. Prerequisite: MATH 3305 or permission of instructor. S

MATH 3320 Differential Equations (3)

Ordinary differential equations including power series, Laplace transform methods and systems of linear differential equations with applications. Special emphasis on existence and uniqueness of solutions. Prerequisite: MATH 2414

MATH 3350 Topics in Geometry (3)

Cross ratio, elementary transformations, Euclidean constructions, introduction to non-Euclidean geometry, and other topics in modern geometry. Prerequisite: MATH 3305. S

MATH 3352 Point-Set Topology (3)

This is an introductory, one semester course on point-set/general topology and its applications. Topics include topologies, separation axioms, connectedness, compactness, continuity, and metric spaces. It is intended for advanced undergraduate and beginning graduate students. Prerequisite: MATH 2414.

MATH 3360 Intermediate Analysis (3)

Limits, continuity, uniform continuity, derivatives, integrals and mean value theorems. Prerequisite: MATH 3305. F

MATH 4300 History of Computation (3)

History of mathematics from prehistoric to the present with emphasis on techniques and devices for computation. Prerequisite: MATH 2414.

MATH 4310 Vector Calculus (3)

The course will review multiple integrals covered in calculus III. Scalar and vector line integrals and Green's Theorem will be studied in detail. Conservative vector fields will be discussed. Then surface integrals and vector analysis of parameterized surfaces along with surface integrals will be the next topic studied. This will take us to Stokes's and Gauss's Theorems. Finally, differential forms, manifolds, and general Stokes Theorem. Prerequisites: MATH 2415 and MATH 3310.

Math 4320 Partial Differential Equations (3)

Study of second order linear and nonlinear partial differential equations and their applications. Emphasis on the heat, wave, and Laplace equations. Separation of variables and series solution methods in various coordinates systems. Prerequisites: MATH 2415, MATH 3310, MATH 3320.

MATH 4325 Number Theory (3)

Basic properties of integers, including primes, unique factorization, divisibility congruencies, Euler's phi function, Diophantine equations and other selected topics. Prerequisite: MATH 3305.

MATH 4370 Analysis of Complex Variables (3)

Complex analysis including analytic functions, power series, residues and conformal mappings. Prerequisite: MATH 3360.

MATH 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit.

MATH 4390 Theory of Computation (3)

Turing machines, Church's thesis, recursive functions, computability and computational complexity. Prerequisite: COSC 3312 or MATH 3315.

MATH 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior-level course). These courses will not count for graduate credit.

† Course fulfills general education requirements.

DEGREE PLAN: BS in Mathematics

Note: Lines which can be satisfied by many courses are labeled 'Slot'.

HOURS FROM OTHER INSTITUTIONS, IF ANY:

To graduate, a student must have:

- At least 120 sch in total from courses at UTPB or accepted for transfer;
- At least 48 sch from upper level courses at UTPB or upper level courses transferred;
- At least 30 from UTPB.

Freshman/sophomore total transferred: _____

Freshman/sophomore total UTPB: _____

Junior/senior level total transferred: _____

Junior/senior level total UTPB: _____

FURTHER NOTES ON GRADUATING:

1. It is the student's responsibility to read the UTPB catalog and be familiar with and fulfill all the requirements for the B.S. degree.
2. A candidate must receive a C grade in all courses that fulfill either a General Education requirement or a major requirement.
3. A candidate must maintain a grade point average of at least 2.0 (or C) in all courses applicable toward the B.S. degree.

sch = semester credit hours

Mexican-American/Chicano Studies

Minor Only

The undergraduate minor in Mexican-American/Chicano Studies is an interdisciplinary program which will introduce students to the study of the Mexican-American/Chicano experience. The combined courses will explore topic such as Chicano history, politics, immigration, literature, art, and issues of race/ethnicity.

Minor requirements: Students will complete 18 credit hours as described below with no more than nine in any discipline.

Required course

HIST 4354: Mexican-American/Chicano History

The remaining courses are to be chosen from the following:

Arts:

ARTS 3305: Modern Hispanic Art and its Foundation (prerequisite – ARTS 1304)

Education:

EDUC 4329: First and Second Language Acquisition (prerequisite – PSYC 3341 or equivalent, or permission of instructor)

EDUC 4336: Issues of Multilingualism (prerequisite – Admission into Teacher Certification Program)

English:

ENGL 3306: American Multicultural Fiction (prerequisite – any 2000-level English course)

History:

HIST 3311: Mexico

HIST 4364: Mexican-American Women

HIST 4365: Mexican-American Leaders

HIST 4379: Minorities in Texas (HIST 4379 offers a variety of specialized topics for this minor 4379 will only be applicable when the topic is Minorities in Texas)

Spanish:

SPAN 3312: Spanglish (prerequisite – SPAN 2311 and SPAN 2312 or instructor's approval; Spanish & English used in the teaching of this course)

SPAN 4351: Mexican Literature (prerequisite – SPAN 3301 or instructor's approval; taught in Spanish)

SPAN 4352: Mexican-American Literature (prerequisite – SPAN 4301, or 4302, instructor's approval; taught in Spanish)

Multicultural Studies Minor Only

Consult the College of Arts and Sciences Academic Advising Office for a list of faculty advisors

Minor Requirements

Students will choose 18 hours from the following courses. **SOCI 3345 OR SOCI 4320** is required.

It is also recommended that students take:

- No more than 3 hours in the major discipline
- No more than 6 hours of lower level courses
- No more than 6 hours from any one discipline

ARTS 2340	Art History Survey I	HIST 4354	Post-War Chicano/a History
ARTS 2341	Art History Survey II	HIST 4364	Mexican-American Women
ARTS 3300	Cross Cultural Art History	HIST 4365	Mexican-American Leaders
ARTS 3301	Women in Art II	HIST 4366	US Civil Rights Movement
ARTS 3303	American Art History I	HIST 4377	African-American History
ARTS 3304	American Art History II	MNGT 4320	International Management
ARTS 3305	Modern Hispanic Art	PSYC 3311	Social Psychology
ARTS 4302	History of African-American Art	PSYC 3341	Child/Adolescent Psychology
COMM 4308	Intercultural Communication	PSYC 4307	Health Psychology
DRAM 4340	Topics in Theatre History	PSYC 4381	Gender Studies
EDUC 3322	Developing Reading Strategies Through Classroom Literature	SOCI 3345	Race, Gender, Ethnicity and Social Change
EDUC 4316	Methods of Teaching a Second Language 4th-12th	SOCI 3348	Population Dynamics
ENGL 3306	Ethnic Literature	SOCI 3349	The Child in Society
ENGL 3325	American Women Playwrights	SOCI 4317	Women's Studies
ENGL 3335	American Women Writers	SOCI 4320	Social Stratification
HIST 2306	Modern Africa	SOCI 4325	Globalization
HIST 2312	Europe since 1500	SOCI 4370	Family Dysfunction & Abuse
HIST 3311	Mexico	SPAN 3311	Practical Spanish and
HIST 3326	Modern Europe	SPAN 3321	Hispanic Civilization
HIST 3355	Slavery in America	SPAN 4301	Spanish Literature I
HIST 3381	Modern China	SPAN 4311	Spanish-American Literature I
HIST 4307	South Africa	SPAN 4351	Mexican Literature
HIST 4336	Third Reich/Holocaust	SPAN 4352	Mexican-American Literature

The Spanish courses have prerequisites which require fluency in the language. Please see the course descriptions in the Spanish section of this catalog for specific prerequisites. This may apply to other courses as well.

Music

Dan Keast, PhD

Dr. Keast attended Morningside College in Sioux City, Iowa to receive a B.M.E. He was Director of Bands in Wakefield, Nebraska where he taught 5-12 instrumental music. He attended the University of Missouri-Columbia to pursue his M.Ed. in Curriculum and Instruction. During this time, he worked with several performing ensembles such as the 300 piece Marching Mizzou, the Symphonic Band, the Wind Ensemble, and the Missouri Tuba Ensemble. The participation or coaching of these ensembles included an appearance in George W. Bush's 2001 inaugural parade and a performance at the Sydney Opera House in Sydney, Australia. In the fall of 2004, Dr. Keast was recruited to restart the a music program at The University of Texas at the Permian Basin in Odessa, Texas and is an Associate Professor.

Frank Eychaner, DMA

Frank Eychaner currently serves as Associate Professor and Director of Choral and Vocal activities at The University of Texas of the Permian Basin. He received the Doctor of Musical Arts degree in choral conducting at the University of Kentucky, the Master of Music degree in conducting from Central Washington University, and the Bachelor of Arts degree in music education from Central Washington University. Dr. Eychaner's prior positions include Director of Choral Activities at Colorado Christian University, Treasure Valley Community College, Centennial High School. Eychaner has also been a vocational music minister, director of church choirs. He is active as a guest conductor, clinician and workshop presenter across the United States.

Music Degrees

Both a major and a minor in music are available to students at UTPB. The Bachelor of Music degree is a comprehensive, professional degree. Through a sequenced series of courses and pre-service public school teaching experience, students who successfully complete the degree fulfill the requirements for Texas EC-12 teacher certification in music. The music degree prepares students for positions as choral, instrumental, or general music teachers at preschool, elementary, junior high, or high school levels. The music degree requires a minimum of 127 credit hours to complete and will require students to spend approximately two-thirds of their time in music and teacher certification study.

Within the Bachelor of Music degree, three emphases are available: Choral/Vocal emphasis, Wind/Percussion emphasis, and String emphasis. Specific information regarding courses required for specific emphases and teacher certification may be found below. Further information on Texas teacher certification and requirements may be found at <http://soe.utpb.edu/initial-teacher-certification/>.

Music Degree Audition Policy

Students interested in a major in music must go through a two-part admissions process. All students must be admitted to the University through the regular freshman and transfer admissions processes. In addition, all freshmen and transfer students must audition in order to be accepted into the music education program. The audition will differ slightly based on the track (choral, wind/percussion, or strings). Auditions may be arranged on an individual basis prior to the semester for which the student is seeking admission.

Choral:

Students interested in a major in music—choral track must pass an audition before they will be permitted to enroll in the music degree program. During the audition, students must demonstrate: 1) the ability to accurately reproduce pitches; 2) possession of appropriate range, tonal beauty, and vowel accuracy; 3) the ability to repeat brief melodic fragments; 4) the ability to accurately reproduce written rhythmic patterns; 5) the ability to sight-sing a passage equivalent in difficulty to that of a Bach Chorale; and 6) the ability to perform an accompanied solo demonstrating a high degree of musical artistry.

Instrumental:

Students interested in a major in music—wind/percussion or string track must pass an audition before they will be permitted to enroll in the music degree program. During the audition, students must demonstrate: 1) the ability to play pitches accurately; 2) possession of appropriate range, tonal beauty, and technical facility; 3)

the ability to sight-read a passage chosen by the music faculty; and 4) the ability to perform a solo demonstrating a high degree of musical artistry.

Proficiency Exams

Before beginning the junior year, music majors must pass an exam to demonstrate that basic musical skills have been mastered. For detailed information regarding the exam, please see the Music Student Handbook. All music majors must pass a piano proficiency exam prior to graduation. The exam may be taken at any time during the course of study. Please see the Music Student Handbook for more information.

The non-music major

The Music Program at UTPB serves students in other fields of study from within a broad liberal arts curriculum. In this role, it provides:

- A core of basic courses and musical experiences to meet general education requirements in music for the university student population
- An awareness of the interrelationship between the arts and other academic disciplines
- Opportunities for individuals to develop an articulate aesthetic sense and to become discerning consumers and patrons of the arts
- Performance experiences for musicians of various skill levels, through ensembles open to membership without audition and auditioned ensembles designed for students with who desire a more rigorous schedule and heightened performance experience.

Bachelor of Music Degree Requirements

The total number of credit hours required for the Bachelor of Music degree is 127.

General Education Degree Requirements

42 credit hours

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Music Core Requirements (54 credit hours)

Lower-level courses (26 credits):

- 4 credits of applied instruction
- 7 credits of a major ensemble
- 12 credits of Music Theory & Aural Skills
- 3 credits of Music Appreciation (for fulfillment of Gen Ed requirements)
- 7 semesters of "pass" in MUSI 1000, Recital Attendance (zero credit course)
- Class Piano (until proficiency is passed)

Upper-level courses (28 credits):

- 4 credits of applied instruction
- 2 credits of recital (junior and senior)
- 6 credits of conducting and literature
- 6 credits of music history
- 3 credits of music foundations
- 7 credits of music education

Choral/Vocal Emphasis (10 credit hours):

- MUSI 3221 Diction I (German, Italian, Latin)
- MUSI 3231 Diction II (French, English, Spanish)
- MUSI 3240 Vocal Pedagogy
- MUSI 4240 Voice Pedagogy Field Exp.
- MUEN 3103 Guitar Class

Choice of Brass, WW, Perc., or String Class
MUEN 3113 Jazz Studies/Improvisation

String Emphasis (10 credit hours):

MUEN 1171, Voice Class
MUEN 3103, Guitar Class
MUEN 3105, Percussion Class
MUEN 3107, Woodwind Class
MUEN 3109, Brass Class
MUEN 3111, String Class
MUEN 3113, Jazz Studies/Improvisation
One Diction Course (MUSI 3221 or 3231)
Applied Minor in Strings

Wind/Percussion Emphasis (10 credit hours):

MUEN 1171, Voice Class
MUEN 3103, Guitar Class
MUEN 3105, Percussion Class
MUEN 3107, Woodwind Class
MUEN 3109, Brass Class
MUEN 3111, String Class
MUEN 3113, Jazz Studies/Improvisation
One Diction Course (MUSI 3221 or 3231)
Applied Minor in Winds

EC-12 Music Teacher Certification Sequence*

CHLD 3342, Development Creative Expression in Early Childhood
EDUC 3352, The Exceptional Child
EDUC 3362, Foundations of Bilingual/Multicultural Education
EDUC 4099, Music Student Teaching Seminar
EDUC 4326, Reading/Literacy in the Content Area
EDUC 4686, Student Teaching, EC-12
MUSI 3204, Music Methods for Children
MUSI 3206, Teaching Music in the Secondary Schools
PSYC 3341, Child/Adolescent Psychology

* Students in the Bachelor of Music degree program who do not successfully complete Student Teaching must take six additional music credits, as determined by their advisors, in order to complete the degree requirements.

The Music Minor

Students in a degree program majoring in another department at UTPB may concurrently earn a minor in Music. A minimum of 18 hours of music courses must be completed with a minimum of six hours in each of the three categories listed below. Note that three semesters of a major ensemble and four semesters of Recital Attendance are required for all music minors.

Category I: Theoretical and Historical Foundations of Music

MUSI 1306, Music Appreciation (or MUSI 3306)
MUSI 1311, Theory & Aural Skills I
MUSI 1312, Theory & Aural Skills II
MUSI 2310, Jazz, Pop, & Rock (or MUSI 3310)
MUSI 3308, Music History I
MUSI 3309, Music History II

Category II: Music Repertory and Ensemble Conducting

MUSI 3204, Music Methods for Children

MUSI 3206, Secondary Music Methods
MUSI 3208, Ensemble Repertoire
MUSI 3280, Conducting Fundamentals
MUSI 4280, Ensemble Conducting

Category III: Philosophical Foundations and Performing Aspects of Music

MUAP 1187/8, 2187/8, 3187/8, 4187/8 (3 semesters totaling 3 credits)
MUEN 1121, 1122, or 1123 Major Ensemble (3 semesters totaling 3 credits) (REQUIRED)
MUSI 1000, Recital Attendance (4 semesters with a grade of S) (REQUIRED)
MUSI 1210 & 1211, Piano Class I and II
MUSI 3316, History of Music Education in America

TOTAL CREDIT HOURS: 18 (at least 9 at upper level)

Course Listing

MUAP 1187 Applied Instruction I (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor permission. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 1188 Applied Instruction II (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor permission and MUAP 1187 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 2187 Applied Instruction III (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor permission and MUAP 1188 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 2188 Applied Instruction IV (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor's permission and MUAP 2187 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 3100 Junior Recital (1)

Preparatory experience for the senior recital. Must be concurrently enrolled in MUAP 3187 or MUAP 3188.

MUAP 3187 Applied Instruction V (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor's permission and MUAP 2188 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 3188 Applied Instruction VI (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor's permission and MUAP 3187 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 4100 Senior Recital (1)

Capstone experience for graduating music majors. Must be concurrently enrolled in MUAP 4187 or MUAP 4188. Prerequisite: MUAP 3100.

MUAP 4187 Applied Instruction VII (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor's permission, MUAP 3100, and MUAP 3188 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUAP 4188 Applied Instruction VIII (1)

60 minutes weekly. Studio instruction open to all students. Prerequisite: instructor's permission and MUAP 4187 or equivalent. Final exam is a music jury during finals week. Students will perform standard western classical repertory of the appropriate level as appropriate for their instruments.

MUEN 1121 University Choir (1)

Open via audition to all members of the college community, University Choir is the primary choral ensemble at UTPB. The mission of this ensemble is to achieve a high degree of artistic excellence and to represent UTPB in public performance. The University Choir performs a broad range of classical college-level choral literature from every historical period in various languages, both accompanied and a cappella. All Vocal/Choral Emphasis music majors are expected to participate in this ensemble. May be repeated for credit.

MUEN 1122 Falcon Wind Band (1)

Open via audition to all members of the college community, Falcon Wind Band is the primary wind ensemble at UTPB. The mission of this ensemble is to achieve a high degree of artistic excellence and to represent UTPB in public performance. The Falcon Wind Band performs a broad range of college-level wind literature. All Wind/Percussion Emphasis music majors are expected to participate in this ensemble. May be repeated for credit.

MUEN 1123 University Philharmonic (1)

Open via audition to all members of the college community, University Philharmonic is the primary orchestral ensemble at UTPB. The mission of this ensemble is to achieve a high degree of artistic excellence and to represent UTPB in public performance. The University Philharmonic performs a broad range of college-level symphonic literature. All String Emphasis music majors are expected to participate in this ensemble. May be repeated for credit.

MUEN 1124 Chamber Ensembles (1)

Numerous chamber ensembles are available to UTPB students. The type and number of available ensembles are dependent upon program needs. Ensembles may include, but are not limited to: String quartet, brass quintet, chamber choir, woodwind trio, piano trio, low brass ensemble, flute choir, guitar ensemble, etc. May be repeated for credit.

MUEN 1125 Show Choir (1)

Provides experience in entertainment-oriented musical ensemble. Open to all students via audition. Corequisite: MUEN 1121 (University Choir). Exceptions may be made with instructor approval. May be repeated for credit.

MUEN 1126 Show Band (1)

Provides experience in entertainment-oriented musical ensemble. Open to all students via audition. Corequisite: MUEN 1122 (Falcon Wind Band). Exceptions may be made with instructor approval. May be repeated for credit.

MUEN 1171 Voice Class (1)

Voice class is designed for students who enjoy singing and wish to improve their vocal technique regardless of ability. Healthy and proper singing technique will be covered, including posture, breathing, phrasing, diction, intonation, and tone quality. Students will rehearse and perform appropriate repertoire. No prerequisite is required.

MUEN 3103 Guitar Class (1)

Class instruction in guitar designed for students who are not majors in guitar. Students will gain understanding of basic techniques including: tuning, left/right hand positions, pentatonic scales, first position notes, open chords, barre chord techniques, slurs, string bends, harmonics, etc. involved in playing the guitar. Appropriate literature on and about the instrument will be discussed. Students must provide their own instrument as deemed acceptable by the instructor.

MUEN 3105 Percussion Class (1)

Class instruction in percussion Instruments is designed to give students knowledge regarding percussion instruments and how they function in a school music setting. Each student will be expected to gain comprehensive understanding of all percussion instruments in the areas of performance, pedagogy, maintenance, and sound quality.

MUEN 3107 Woodwind Class (1)

This course is designed to help prepare the music major to teach the playing of single and double reed instruments, as well as the flute, in a band/orchestra or private lesson setting. Students are expected to develop pedagogical and performance skills on the woodwind instruments, as well as teaching techniques and strategies for each particular woodwind instrument. Basic literature and method books for each woodwind instrument as well as equipment considerations will also be studied.

MUEN 3109 Brass Class (1)

This course is designed to help prepare the music major to teach the playing of brass instruments in a band/orchestra or private lesson setting. Students are expected to develop pedagogical and performance skills on the brass instruments, as well as teaching techniques and strategies for each particular brass instrument. Basic literature and method books for each brass instrument as well as equipment considerations will also be studied.

MUEN 3111 Strings Class (1)

This course is designed to help prepare the music major to teach the playing of string instruments in an orchestra or private lesson setting. Students are expected to develop pedagogical and performance skills on the string instruments, as well as teaching techniques and strategies for each particular string instrument. Basic literature and method books for each string instrument as well as equipment considerations will also be studied.

MUEN 3113 Jazz Studies & Improvisation (1)

This course introduces improvisational methods through task-oriented performance of selected jazz repertoire. The course covers concepts and practice methods used by jazz artists to gain improvisation skills. Students will apply the knowledge in their own practice and performance.

MUEN 3120 Upper-Level Ensemble Credit (1)

Provides experience in choral or instrumental performance and repertory. Open to all students. May be repeated for credit.

MUSI 1000 Recital Attendance for Musicians (0)

Grade is Pass/Fail. Music minors must complete 4 semesters of pass credit while music majors must complete 7 semesters. No credit is given for the course. Stipulations as to the number of recitals required to meet the passing criteria will be set at the beginning of each semester based on the number of concerts available to students that semester.

MUSI 1210 Class Piano I (2)

First semester of a four semester sequence designed to develop basic keyboard and musicianship skills including fundamental technique, scale playing, sight reading, harmonization, transposition, accompaniment, ensemble playing, and piano repertoire in preparation for the Piano Proficiency Exam. Music majors who do not complete the exam must take MUSI 1211.

MUSI 1211 Class Piano II (2)

Second semester of a four semester sequence designed to develop basic keyboard and musicianship skills including fundamental technique, scale playing, sight reading, harmonization, transposition, accompaniment, ensemble playing, and piano repertoire in preparation for the Piano Proficiency Exam. Music majors who do not complete the exam must take MUSI 2210. Prerequisite: MUSI 1210 or instructor permission.

MUSI 1301 Jazz, Pop & Rock (3)†

Historical introduction to jazz and the American popular song, including rock and roll. No prerequisites.

MUSI 1306 Music Appreciation (3)†

A non-technical survey course designed for the intelligent appreciation of Western and non-Western music styles represented throughout history. Recordings, videos, and live performance help illustrate the influence of music within the various fine arts.

MUSI 1311 Music Theory and Aural Skills I (3)

Reviews basic music theory, followed by study of diatonic melody, diatonic triadic and seventh chord harmony, embellishing tones, modes, and motivic variation procedures through analysis, part writing, composition, ear-training, sight-singing, and rhythmic reading. Required for all music majors.

MUSI 1312 Music Theory and Aural Skills II (3)

Continues MUSI 1311 to review basic music theory, followed by study of diatonic melody, diatonic triadic and seventh chord harmony, embellishing tones, modes, and motivic variation procedures through analysis, part writing, composition, ear-training, sight-singing, and rhythmic reading. Required for all music majors. Prerequisite: MUSI 1311.

MUSI 1389 Multilist Course (1-3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

MUSI 1391 Contract Study in Music (3)

Students who are pursuing independent study or research as described in the contract study format.

MUSI 2210 Class Piano III

Third semester of a four semester sequence designed to develop basic keyboard and musicianship skills including fundamental technique, scale playing, sight reading, harmonization, transposition, accompaniment, ensemble playing, and piano repertoire in preparation for the Piano Proficiency Exam. Music majors who do not complete the exam must take MUSI 2211. Prerequisite: MUSI 1211 or instructor permission.

MUSI 2211 Class Piano IV

Second semester of a four semester sequence designed to develop basic keyboard and musicianship skills including fundamental technique, scale playing, sight reading, harmonization, transposition, accompaniment, ensemble playing, and piano repertoire in preparation for the Piano Proficiency Exam. Music majors who do not complete the exam must take MUSI 2211. Prerequisite: MUSI 2210 or instructor permission.

MUSI 2311 Music Theory and Aural Skills III (3)

Presents secondary seventh chords, modulation, chromatic melody and harmony, and small forms through analysis, part-writing, composition, ear-training, sight-singing, and rhythmic reading. Required for all music majors. Prerequisite: MUSI 1312.

MUSI 2312 Music Theory and Aural Skills IV (3)

Continues on from MUSI 2311 to present secondary seventh chords, modulation, chromatic melody and harmony, modern compositional techniques, and small and large forms through analysis, part-writing, composition, ear-training, sight-singing, and rhythmic reading. Required for all music majors. Prerequisite: MUSI 2311.

MUSI 3204 Music Methods for Children (2)

Course addresses the basic approaches to teaching music in the elementary classroom for the regular classroom teacher, and also includes methods of instruction for the elementary and secondary general music class. Music is addressed as both a content area and also a component of an integrated approach to arts in education. A survey of curriculum materials and the development of age-appropriate lessons is included.

MUSI 3206 Teaching Music in the Secondary Schools (2)

A comprehensive study of instructional and program materials, rehearsal techniques and program planning for secondary school choirs, bands, and orchestras. Topics include organization, scheduling, budgeting, purchasing, recruiting, motivation, and problems associated with evaluation. Methods of starting beginners and rehearsing ensembles are demonstrated with techniques addressing problems unique to public school instruction.

MUSI 3208 Ensemble Repertoire (2)

Investigation of literature for choirs, bands, orchestras, small ensembles, and special ensembles common in the public schools.

MUSI 3221 Diction I: German, Italian, & Latin (2)

Designed to acquaint the student singer with the International Phonetic Alphabet, the correct pronunciation of German, Italian, and Latin consonants and vowels, and the diction rules for singing in these three languages. Performance of literature in the languages being studied is required. Diction courses may be taken out of sequence.

MUSI 3231 Diction II: French, English, & Spanish (2)

Designed to acquaint the student singer with the International Phonetic Alphabet, the correct pronunciation of French, English, and Spanish consonants and vowels, and the diction rules for singing in these three languages. Performance of literature in the languages being studied is required. Diction courses may be taken out of sequence.

MUSI 3240 Vocal Pedagogy (2)

Course will prepare the advanced singer to teach voice privately and in the choral rehearsal setting through detailed study of the musculo-skeletal structures, physiology, and acoustical considerations involved in singing. Prerequisite: MUAP 2188 (Applied Voice) or instructor permission.

MUSI 3280 Conducting Fundamentals (2)

Develops basic psychomotor and score reading skills prerequisite to the art of conducting.

MUSI 3306 Music Appreciation II (3) †

A non-technical survey course designed for the intelligent appreciation of Western and non-Western music styles represented throughout history. Recordings, videos, and live performances help illustrate the influence of music within the various fine arts. Meets concurrently with MUSI 1306 but includes additional coursework.

MUSI 3308 Music History I (3)

A historical survey of selected European practices up to 1700, following a consideration of the major fine-arts traditions of the world.

MUSI 3309 Music History II (3)

A historical survey of Western fine-art music from approximately 1700 to present. Prerequisite: MUSI 3308.

MUSI 3310 Jazz, Pop & Rock II (3) †

Historical introduction to jazz and the American popular song, including rock and roll. No prerequisites. Meets concurrently with MUSI 2310 but requires additional coursework.

MUSI 3312 History of Opera and Music Theatre (3)

An in-depth study of 8 major operatic and musical theatre works which not only places the works in a historical context, but also in larger cultural, societal and artistic contexts. Prerequisite: MUSI 1306, MUSI 1311, or instructor's consent.

MUSI 3314 Survey of 20th Century Masterpieces of Music (3)

An in-depth study of 10 major 20th-century compositions from the perspective of compositional technique, historical and cultural significance, communicative power and critical acceptance. Prerequisite: MUSI 1306, MUSI 1311, or instructor's consent.

MUSI 3316 History of Music Education in America (3)

The study of music education in American public schools from colonization to present. Prerequisite: MUSI 1306, MUSI 1311, or instructor's consent.

MUSI 3318 Jazz History (3)

The study of the jazz idiom from its roots in ragtime and blues, through swing, bop, cool, fusion, and free styles, to current trends in mainstream jazz. Prerequisite: MUSI 1306, MUSI 1311, or instructor's consent.

MUSI 3342 Creative Development in Early Childhood (3)

Students will focus on understanding creativity and the development of skills to assist and encourage young children to express their creative natures. Planning and production of materials that enhance creativity in self-expressive thought and play are emphasized. Prereq. - PSYC 3341 & Visual and Performing Arts general education requirement.

MUSI 3389 Multilist Course (1-3)

Undergraduate courses that will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

MUSI 3391 Contract Study in Music (3)

Students who are pursuing independent study or research as described in the contract study format.

MUSI 4140 Vocal Pedagogy Field Experience (1)

A continuation of MUSI 3241 (Vocal Pedagogy), students will teach a volunteer twelve, weekly 30-minute voice lessons. In this laboratory setting, lessons will be observed by the instructor and may be observed by other class members. The class will meet several times for discussion. Prerequisite: MUSI 3240.

MUSI 4280 Ensemble Conducting Methods (2)

Develops musical and interpersonal skills requisite for successful rehearsal leadership, emphasizing strategies effective for rehearsal of choral, band, string, and small ensembles. Techniques of formal analysis and stylistic practice are included. Prerequisite: MUSI 3280.

MUSI 4302 Film Music (3)

This course explores today's leading art form. It traces the history of film music, its changing relationship to cinematography, and its inspiring future. Students will learn to critically discuss the language of film music and the many roles it plays in cinematic drama. Finally, participants will learn to document their aesthetic experience of major film scores.

MUSI 4389 Multilist Course (1-3)

Undergraduate courses that will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

† Course fulfills general education requirements.

Political Science

Administered by the Department of Social Sciences within the College of Arts and Sciences.

The purpose of the Political Science program is to provide an in-depth study of American government and politics to give students a basic knowledge of political systems and how institutions of government operate to solve social and political problems. U. T. Permian Basin's Political Science program is oriented primarily toward the study of American government and politics and secondarily toward comparative government with supporting study in international relations. Students will be encouraged to develop a global perspective which will prepare them to assume leadership roles in shaping the future direction of society.

A wide variety of career opportunities are open to students majoring in political science, including the U. S. Foreign Service, specialized work in foreign countries, the federal government, foundations, private organizations, city management and other types of public administration and public service as well as others less directly related to government. Pre-Law students find the study of political science appropriate preparation for law school. A major in political science is suitable for students planning to teach government or social studies. Graduates in political science earn a Bachelors of Arts (BA) degree with a major in political science and a minor in a secondary field of study.

Degree Requirements

The minimum total credits required for a B.A. in Political Science is 120.

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section.

Computer Use

All Political Science majors must demonstrate a basic use of computing through the completion of PLSC 3301 and PLSC 3302.

Political Science Major Requirements

36 Credits

PLSC 2305 American National Politics	3
PLSC 2306 State and Local Politics	3
PLSC 3301 Introduction to Political Science Research	3
PLSC 3302 Advanced Political Science Research	3

24 hours of upper-level political science courses

Minor in Political Science

The purpose of the minor in political science is to provide students with some depth in a secondary field of study in American government and politics. Students will also have the option of taking courses in comparative and international politics which will give them a global perspective. A minor in political science will give students a basic knowledge of political systems and how institutions of government operate to solve social and political problems.

<u>Political Science Minor Requirements:</u>	18 credits
PLSC 2305 American National Politics	3
PLSC 2306 State and Local Politics	3
12 hours of upper-level political science courses	12

TEXES Requirements

Candidates for TEXES tests in Social Studies must have completed the courses listed for each area below, or the equivalent courses from another college or university.

Social Studies 4-8: ECON 2301; GEOG 1301; GEOG 1302 or 1303; HIST 1301, 1302, and 3350; HIST (two upper level US history courses and one non-US course); PLSC 2305, 2306, and 4335 or 4336.

Social Studies 7-12: ECON 2301, 2302; GEOG 1301; GEOG 1302 or 1303; HIST 1301, 1302, and 3350; two 2000-level non-US history courses; two upper-level non-US history courses; two 20th-Century US history courses; PLSC 2305, 2306; 4335 or 4336; 3321 or 4321.

Course Listing

PLSC 2305 American National Politics (3)†

An examination of American national political institutions and processes. Satisfies state requirement in U.S. government. FS

PLSC 2306 State and Local Politics (3)†

An examination of state and local political institutions and processes. Satisfies state requirement in Texas government. FS

PLSC 3301 Research Methods for Political Science (3)

An introduction to the research process. Focus on formulating hypotheses, the process of data acquisition, basic methodology, literature reviews, and research proposals. Prerequisite: Successful completion of PLSC 2305 and PLSC 2306.

PLSC 3302 Statistics for Political Science (3)

Focus on conducting political analyses. Course includes basic components of correlation and linear regression, the basic components of multiple regression, and instruction in writing empirical research papers. Prerequisite: Successful completion of PLSC 3301.

PLSC 3321 Comparative Politics (3)

A comparative examination of the political systems of selected economically developed nations.

PLSC 3330 Judicial Politics (3)

An examination of the U.S. judicial system, focusing on the role of law and courts in society, judicial system structures and processes, and judicial policymaking.

PLSC 4321 Politics of Advanced Industrial Democracies (3)

Examines the problems, politics and policies among advanced industrial democracies, with a particular focus on comparative strategies, institutions and executive/legislative relations.

PLSC 4323 Japanese Politics (3)

An examination of Japanese history, political institutions, and political processes.

PLSC 4325 Latin American Politics (3)

An examination of Latin America history, political institutions, and political processes.

PLSC 4327 International Relations (3)

An introduction to the processes, theories, and institutions within international relations.

PLSC 4335 Constitutional Law: Governmental Powers (3)

An examination of American constitutional development focusing on U. S. Supreme Court decisions in the areas of governmental powers, federalism, and economic regulation.

PLSC 4336 Constitutional Law: Civil Liberties (3)

An examination of American constitutional development, focusing on U.S. Supreme Court decisions regarding freedom of speech and press, church and state, the right to privacy, and class-based discrimination.

PLSC 4341 Environmental Policy (3)

An examination of contemporary issues in environmental policy.

PLSC 4342 Energy Policy (3)

An examination of contemporary issues in energy policy.

PLSC 4345 Public Policy (3)

An examination of the processes, theories and institutions of public policy making in the U.S. Specific policies include: economic policy, environmental policy, education policy and crime policy.

PLSC 4347 Public Administration (3)

A survey of American public administration and the role of the bureaucracy in the formulation and implementation of public policy.

PLSC 4351 Political Theory (3)

A topical examination of the enduring issues in western political thought. Consideration will be given to the nature of citizenship, the function of the state, the sources and structure of authority in society, the magnitude of states, and the external relations of states.

PLSC 4353 Congressional Politics (3)

An examination of the U.S. Congress. Topics include congressional elections, constituency relations, institutional structures and processes, and policymaking roles.

PLSC 4354 Presidential Politics (3)

An examination of the presidency in the U.S. political system. Topics include presidential elections, public politics, institutional structures and processes, and policymaking roles.

PLSC 4355 Elections and Voting Behavior (3)

An examination of elections, campaigns, and voting behavior.

PLSC 4357 American West (3)

An examination of the interplay among the politics, history, and myths of the American West.

PLSC 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit.

PLSC 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior level course). These courses will not count for graduate credit.

† Course fulfills general education requirements.

DEGREE PLAN: BA IN POLITICAL SCIENCE

General Education Requirements: (Please refer to the general education section of this catalog for course choices that will fulfill these requirements)

- ___ English Composition, 1301 & 1302
- ___ Literature (1 course)
- ___ U.S. History, 1301 & 1302
- ___ U.S. and State/Local Politics 2305 & 2306
- ___ Lab Sciences (2 courses)
- ___ Mathematics (1 course)
- ___ Communication (1 course)
- ___ Creative Arts (1 course)
- ___ Social Science (1 course)
- ___ Component Area (1 course)

- ___ Computer Use (PLSC 3301, 3302)

MINOR: Most minors require 18 sch including 12 sch in upper-level courses.

POLITICAL SCIENCE MAJOR: 36 SCH

A major in Political Science requires 36 sch in Political Science including 12 sch of required courses, and at least 24 sch of additional upper-level PLSC courses.

REQUIRED COURSES:

- ___ PLSC 2305 American National Politics
- ___ PLSC 2306 State and Local Politics
- ___ PLSC 3301 Research Methods for Political Science
- ___ PLSC 3302 Statistics for Political Science

Upper-level courses:

- ___ PLSC 3321 Comparative Politics

NOTES ON GRADUATING:

1. Read the U. T. Permian Basin catalog and be familiar with the University's requirements for the BA degree. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BA degree.
2. Complete at least 120 semester credit hours for the BA degree.
3. At least 48 credits must be at the junior or senior level. At least 30 of these must be completed at U. T. Permian Basin.
4. Obtain at least a "C" grade in all Political Science courses. Maintain at least a grade point average of 2.0 in all courses applicable toward the BA degree.

Pre-Law

The University of Texas of the Permian Basin does not offer a degree (or a minor) in Pre-law or legal studies. However, UTPB does offer courses and advising assistance for those planning to apply for law school after graduation.

Preparing for law school:

There is no major or minor in pre-law. Lawyers with strong undergraduate preparation are needed in every field. Good law schools do NOT recommend a particular undergraduate major or any prescribed course of study before application to law school. You do need a good G.P.A. so you should major and minor in disciplines that interest and excite you.

Academic skills needed for success in law school:

- *Critical analytical thinking skills
- *Command of written and oral communication
- *Appreciation of other cultures
- * Broad-based knowledge of literature, the arts, history, the social sciences, mathematics, and the physical and biological sciences
- *In-depth knowledge of one or more fields of knowledge

Other useful experiences and skills:

- *Volunteer in the community
- *Get involved with student organizations
- *Do an internship
- *Learn to network

Useful UTPB courses to take as electives:

You should have a general knowledge of how the governmental and legal systems work. Here are some upper division UTPB courses available for you to take as electives so that you can better understand the American legal system and learn some legal terminology:

COMM 3355	Advanced Public Speaking
COMM 4315	Communication Law
CRIM 4312	Criminal Procedure
CRIM 4322	Legal Foundations of Corrections
CRIM 4333	Law and Society
LEAD 4370	Conflict Resolution
PLSC 3330	Judicial Politics
PLSC 4335	Constitutional Law: Governmental Powers
PLSC 4336	Constitutional Law: Civil Liberties
PSYC 4375	Psychology and the Law

Taking the LSAT

The Law School Admission Council (LSAC) is the organization which administers the LSAT. The LSAT is a 3 ½ hour aptitude test to predict how well a student will do in law school. It tests reading comprehension as well as logical and analytical reasoning. The LSAT is required by every law school in North America. The LSAT should be taken the summer before your college senior year or at the latest the October before you plan to attend law school.

The LSAT may be taken more than once, and scores are treated in various ways depending upon the law school. The LSAT is administered nationally four times a year at many sites, including UTPB. Information on the LSAT and how to sign up for the testing (as well as other information about law schools) can be found on the LSAC web site: www.lsac.org

Helpful websites:

- www.lsac.org
- www.PrincetonReview.com
- www.prepmaster.com
- www.LawSchoolRatings.com
- www.prelawadvisor.com
- www.lawbooks.com
- www.LawSchools360.com
- www.alllaw.com (for specific law school websites and other information)

Year-By-Year Checklist for the Pre-Law Student

- Freshmen and sophomore years: focus on getting good grades, learning how to write and take tests, involving yourself in school organizations
- Freshman and sophomore years: contact the pre-law advisor on campus; finish your General Education requirements; begin to take courses in your major and minor; attend all Pre-Law sponsored activities
- Junior year: maintain your GPA and your volunteer activities; schedule an internship off campus; start examining law schools and their requirements; study for the LSAT; maintain contact with the pre law advisor; schedule the LSAT

Note: UTPB is an official site for the LSAT. Check the lsac.org for dates, registration information, and code number for UTPB. Senior year: maintain your GPA; schedule the LSAT if you have not taken it earlier; finalize decisions on law school.

For more information, contact the Pre-Law Advisor:

Dr. Craig Emmert

Psychology

Psychology is the science of behavior and mental processes. Behavior is anything an organism does that we can observe and record; examples include smiling, talking, yelling, and marking a questionnaire. Mental processes are internal subjective experiences we infer from behaviors, such as thoughts, feelings, and beliefs. **Dr. Kay Ketzenberger** is the Chair of the Department of Psychology.

During their study at UTPB, psychology majors are expected to gain knowledge about theoretical perspectives and empirical findings across a wide range of topics, understand and apply research methods and statistics, develop critical and creative thinking skills, apply psychological principles to a wide range of activities, learn ethical principles that underlie psychological approaches, demonstrate competence with information technology, communicate effectively, understand and respect the complexity of socio-cultural diversity, understand avenues for personal development, and apply psychological principles in various occupations.

Psychology is an extremely broad discipline and provides students the opportunity to prepare for a wide variety of careers or graduate school. For example, a major in Psychology can provide a liberal arts education with a broadened understanding of psychological functioning as it applies to the study of the simplest organisms to the most complex of human behavior. The major in Psychology is also useful for students preparing for advanced study in business administration, education, law, medicine, neuroscience, and social work. In addition, the major in Psychology is recommended for students planning careers in organizational settings (in both the public or private domain) focusing on personnel, industrial training, urban planning, information systems, or pure and applied research; or careers in community settings focusing on the juvenile justice system, adult probation and parole, recreation, and educational or clinical services to children, adolescents, the aged and handicapped.

Students who complete the psychology major often desire to enter professional careers in psychology which require advanced study beyond the bachelor's level, such as clinical psychology, counseling psychology, industrial psychology, school psychology, research, and college teaching.

Psychology majors are encouraged to join the Psychology Club and Psi Chi, the U. T. Permian Basin Chapter of the National Honor Society in Psychology. Membership information is available from the faculty advisors.

Degree Requirements

The minimum total credits required for a B. A. in psychology is **120**.

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog. Include this specific course.

Biology

Either: BIOL 1306/1106 and BIOL 1307/1107; or
BIOL 1308/1108 and a second Life/Physical Science Lab Course

For the psychology major, at least one of the science courses must be a biology course based on humans; Anatomy and Physiology would be acceptable. Botany or zoology courses do not meet this requirement.

Computer Use

All Psychology majors must demonstrate a basic use of computing through the completion of statistics (PSYC 3301) and research methods (PSYC 3404).

Psychology Major Requirements

36 Credits

Students majoring in psychology must take a minimum of 36 credit hours in psychology. Normally 30 hours of upper level courses are required. Required courses include Introduction to Psychology (PSYC 1301), Introductory Statistics (PSYC 3301), Experimental Psychology (PSYC 3404) and Senior Seminar (PSYC 4393) **OR** Senior Honors Thesis (PSYC 4394). Also, each student majoring in psychology is required to take at least one course in at least five of the six following pairs:

1. PSYC 3403, Principles of Learning, and/or
PSYC 4311, Cognitive Psychology
2. PSYC 3311, Social Psychology, and/or
PSYC 4306, Industrial/Organizational Psychology
3. PSYC 3321, Abnormal Psychology, and/or
PSYC 4351, Tests and Measurements
4. PSYC 3341, Child/Adolescent Psychology **OR**
PSYC 3344, Life-Span Psychology (Students may take ONE OR THE OTHER of these two courses, NOT BOTH)
5. PSYC 4302, History and Systems of Psychology, and/or
PSYC 3322, Theories of Personality
6. PSYC 4304, Physiological Psychology, and/or
PSYC 4312, Sensation and Perception

Besides the required courses and pairs, psychology majors will need an additional 9 credit hours as elective courses in psychology. Students should pay attention to prerequisites for enrollment in some courses. During their first semester, students are asked to make a degree plan with their psychology advisor, and contact their advisor each semester before registering. Senior Seminar (PSYC 4393) **OR** Senior Honors Thesis (PSYC 4394) must be taken in the senior year. They are encouraged to select PSYC 3403 and PSYC 4304, PSYC 3311, PSYC 3321, PSYC 3341, PSYC 4302, PSYC 4351, and PSYC 3322 from the six pairs above. Students should consult with their faculty advisor for specific planning of additional elective courses in psychology. Students majoring in psychology are not permitted to choose a minor in Child and Family Studies. Students may choose any other minor.

Minor in Psychology

A minor in psychology supports students who are interested in broadening their knowledge of human behavior and mental processes. This can be of great value in business, teaching, government, health and human service careers.

- The total credits required for a minor in Psychology is **18**
- 12 of the 18 credits required must be upper level (3000 or 4000).
- Introductory Psychology (PSYC 1301) is required; however, if prerequisites are met, the student may choose any of the other psychology courses to fulfill the minor in psychology.

Course Listing

PSYC 1301 Introduction to Psychology (3)[†]

Foundation for the understanding of basic psychological principles affecting human behavior (A prerequisite to all other courses in psychology). F,S,Sm

PSYC 2389 Special Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

PSYC 3301 Introductory Statistics (3)

Measures of central tendency, variability, correlation and hypotheses testing, with emphasis on the application of statistical methods to research in the behavioral sciences and education. Prerequisite: must have fulfilled general education mathematics requirement. F,S,Sm

PSYC 3311 Social Psychology (3)

Interrelationships between individuals and their social environment, considering social influences upon motivation, perception, behavior and development, and change of attitudes and opinion. Prerequisite: PSYC 1301. F

PSYC 3321 Abnormal Psychology (3)

Variables involved in the development, maintenance and treatment of a variety of behavior disorders. Prerequisite: PSYC 1301. F,S,Sm

PSYC 3322 Theories of Personality (3)

A survey of the theoretical views of Freud, Jung, Rogers, Skinner and various contemporary writers. Prerequisite: PSYC 1301. S

PSYC 3341 Child/Adolescent Psychology (3)

Developmental aspects of physical, mental, social and emotional growth from prenatal through adolescent periods. Recommended: PSYC 1301. F,S,Sm

PSYC 3344 Life-Span Psychology (3)

Examination of theories and research on biological, cognitive, social, emotional and personality factors that affect individuals from infancy through old age. Prerequisite: PSYC 1301. S

PSYC 3345 Child Abuse and Neglect (3)

The purpose of this course is to help students develop an understanding of the various forms of child abuse, identify the underlying cause of this multifaceted problem, and to appropriately identify the types of services that will benefit maltreated children and their families. The nature and impact of child maltreatment, the ways in which society prevents or responds to it, and the system of response to child maltreatment are addressed. F,S

PSYC 3350 Positive Psychology (3)

This course will focus on psychological strengths and areas of personal growth among individuals, such as love, optimism, and self-efficacy.

PSYC 3386 Human Sexuality (3)

This course is designed to study the social nature of sexual expression. It examines the concepts that help frame questions about a wide range of sexual behaviors, attitudes and ideals.

PSYC 3391 Contract Study (3)

Students who are pursuing independent study or research as described in the contract study format. F,S

PSYC 3403 Principles of Learning (4)

Major research results of classical and instrumental conditioning in animals and humans. Verbal learning, concept learning, problem solving and memory in humans will also be reviewed. Prerequisite: PSYC 1301. S

PSYC 3404 Experimental Psychology (4)

Introduction to the planning and execution of psychological research. Prerequisites: PSYC 1301, 3301. F,S

PSYC 4302 History and Systems of Psychology (3)

Major factors affecting the development of psychology as science of behavior, with emphasis upon philosophical roots of major psychological concepts. Prerequisite: PSYC 1301. F

PSYC 4304 Physiological Psychology (3)

Neurophysiology and neuroanatomy. Variables that contribute to behavioral effects in the areas of sensation, perception, motivation and learning. Prerequisite: PSYC 1301. S

PSYC 4305 Drugs and Behavior (3)

Pharmacologic basis of psychotropic drugs and their associated abuses. Theories of cause and treatment of abusers are reviewed. Prerequisite: PSYC 1301. F,S,Sm

PSYC 4306 Industrial and Organizational Psychology (3)

Applications of psychological principles to industrial problems such as personnel selection and appraisal, employee motivation and satisfaction, and the influence of organizations on behavior. Sm

PSYC 4307 Health Psychology (3)

Examination of the role of behavioral science knowledge and techniques in understanding, assessing, testing and preventing medical-psychological and social problems. Prerequisite: PSYC 1301 or approval of Instructor. F

PSYC 4308 Introduction to Counseling (3)

An introduction to counseling skills and practices in psychology. Prerequisite: PSYC 1301. S

PSYC 4311 Cognitive Psychology (3)

Research and theories of cognitive processes, including concept learning, problem solving, memory, attention, and language development and maintenance. Prerequisite: PSYC 1301. F

PSYC 4312 Sensation and Perception (3)

Study of the structures and functions of the sensory modalities within the environmental context, emphasizing perceptual issues and psychophysics. Prerequisite: PSYC 1301. F

PSYC 4320 Psychology of Sport (3)

Concepts in psychology as applied to an individual's involvement in sport and other forms of competitive physical activity. Emphasis on motivation, stress management, personality theory, performance enhancement and group dynamics. F

PSYC 4341 The Exceptional Child (3)

This course presents the preservice teacher with a general overview of exceptionalities of children and youth to include characteristics, etiology, and educational programs and practices. Topics will also include historical and legislative events affecting special education and an overview of the special education process including referral, screening, assessment, and educational planning. A field experience is included. Co/prerequisite: PSYC 3341.F,S,Sm

PSYC 4345 Language Development In the Young Child (3)

This course studies the nature of language and the acquisition of language by the young child. Topics included are: (1) language structure, (2) sequence and process of the acquisition of language, (3) cognitive aspects of language acquisition and implementation, (4) social aspects of language in childhood, and (5) language variation. Prerequisite: PSYC 3341 or permission of instructor. F,S

PSYC 4351 Tests and Measurements (3)

Major personality and intelligence tests, emphasis upon their construction, administration, scoring and interpretation.

Prerequisites: PSYC 1301, 3301. S

PSYC 4354 Animal Behavior (3)

Overview of the ecological, evolutionary, and genetic aspects of animal behavior. Prerequisites: BIOL 1306/1106, 1307/1107, PSYC 1301.

PSYC 4355 Psychology of Injury (3)

Identification of the psychosocial factors related to the prevention of and recovery from athletic injuries and the development of counseling and referral skills needed when working with athletes and others in the sports medicine environment.

PSYC 4375 Psychology and Law (3)

Examines psychological theories relevant to the law and other forensic activities and their use in society. Prerequisite: PSYC 1301. S

PSYC 4381 Gender Studies (3)

Survey of critical issues in social relations, mental health, and legal matters involving gender. Includes analysis of innate and environmental determinants of gender differences. Prerequisite: PSYC 1301. F

PSYC 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit. F,S

PSYC 4393 Senior Seminar (3)

A capstone course that provides an in-depth examination of a contemporary issue in psychology. Course topics (i.e., social, clinical, developmental, cognitive, or controversial topics in psychology) and assignments may vary. This course is writing intensive. The seminar format requires that students make regular and substantial contributions to the course, analyze, evaluate, and integrate the professional literature, and design and justify a research study. Prerequisites: PSYC 3404.

PSYC 4394 Senior Honors Thesis (3)

Students interested in graduate studies in psychology, or interested in testing specific research questions, will develop hypotheses, design, collect, analyze and disseminate research under the supervision of a faculty mentor. Students are encouraged to present their work at the annual undergraduate research symposium. Prerequisites: PSYC 3404 and approval of faculty mentor.

† Course fulfills general education requirements.

DEGREE PLAN: BA IN PSYCHOLOGY

NAME: _____

UID: _____

GENERAL EDUCATION REQUIREMENTS (42 credits):

- ___ Communication, ENGL1301 & 1302 (6 sch)
- ___ Language, Philosophy and Culture, ENGL 2322, 2323, 2327, 2328; COMM 1301 (3 sch)
- ___ American History, HIST 1301, 1302 (6 sch)
- ___ Gov't/Political Science, PLSC 2305 & 2306 (6 sch)
- ___ Life/Physical Science, BIOL 1306/1106 or BIOL 1308/1108, or A & P w/lab, and second Life/Physical Science w/lab (8 sch)
- ___ Mathematics, MATH 1314, 1324, 1332, 2412 (3 or 4 sch)
- ___ Creative Arts (3 sch)
- ___ Social Science, (3 sch other than Psychology)
- ___ Component Area Option, COMM 1315 (3 sch)
- ___ Component Area Option, COMM 1115 (1 sch, if MATH is 3 sch)

MINOR: _____

A minimum of 18 credits is required for the minor. At least 12 hours must be at the junior/senior level. Psychology majors cannot minor in Child and Family Studies.

Courses Taken (number & title): GRADE CREDIT HOURS

Courses Taken (number & title)	GRADE	CREDIT	HOURS

HOURS FROM OTHER INSTITUTIONS

Freshman/Sophomore credits transferred..... _____
 Junior/Senior credits transferred..... _____
 Total credits transferred..... _____

NOTES ON GRADUATING:

1. Read the UTPB catalog and understand all requirements for the B. A. degree. It is the student's responsibility to be familiar with and fulfill all the requirements for the B. A. degree.
2. Complete at least 120 semester credit hours for the B.A. degree.
3. At least 48credits must be at the junior or senior level. At least 30 of these must be completed at U. T. Permian Basin.
4. Obtain at least a C average in all General Education and minor courses, and at least a C grade for all courses in Psychology counting towards the degree. Maintain at least a C average in all courses counting toward the B. A. degree.
5. As of 2007, students enrolled in a Texas public institution of higher education as a freshman are **not permitted to drop more than six (6) courses** during their entire undergraduate career, including all transfer work taken at a Texas institution. (TX Administrative Code 4.10).

PSYCHOLOGY REQUIREMENTS: (A minimum of 36 credits in Psychology, (of which 30sch must be upper level)

A. REQUIRED CORE, 12-13 credits minimum (4 courses):

- ___ PSYC 1301, Introduction to Psychology
- ___ PSYC 3301, Introductory Statistics
- ___ PSYC 3404, Experimental Psychology (PSYC 3301 prereq)
- ___ PSYC 4393, Senior Seminar **OR** PSYC 4394, Senior Honors Thesis (Senior standing and PSYC 3301 and 3404

prereqs)

B. REQUIRED COURSES WITHIN PAIRS OF COURSES, 15-16 credits (5 courses). Each student is required to take at least one course from five of the following six pairs of courses. (PSYC 1301 is a prerequisite for all upper level PSYC courses):

- ___ PSYC 3403, Principles of Learning, AND/OR
- ___ PSYC 4311, Cognitive Psychology
- ___ PSYC 3311, Social Psychology, AND/OR
- ___ PSYC 4306, Industrial/Organizational Psychology
- ___ PSYC 3321, Abnormal Psychology, AND/OR
- ___ PSYC 4351, Tests and Measurement (PSYC 3301 prereq)
- ___ PSYC 3341, Child/Adolescent Psychology, OR
- ___ PSYC 3344, Lifespan Development (students may take **ONLY ONE** of these two courses, **NOT BOTH**)
- ___ PSYC 4302, History and Systems of Psychology,AND/OR
- ___ PSYC 3322 Theories of Personality
- ___ PSYC 4304, Physiological Psychology, AND/OR
- ___ PSYC 4312, Sensation and Perception

C. ELECTIVE PSYCHOLOGY COURSES, 9 credits (3 courses)

If the student completes extra courses under B above, then the extra courses may be counted as an elective under C.

- ___ PSYC 3350 Positive Psychology
- ___ PSYC 3386 Human Sexuality
- ___ PSYC 4305 Drugs and Behavior
- ___ PSYC 4307 Health Psychology
- ___ PSYC 4308, Introduction to Counseling
- ___ PSYC 4320 Psychology of Sport
- ___ PSYC 4341 The Exceptional Child
- ___ PSYC 4345 Language Development in the Young Child
- ___ PSYC 4355, Psychology of Injury
- ___ PSYC 4375, Psychology of Law
- ___ PSYC 4381 Gender Studies
- ___ PSYC 4389 Selected Topics, title: _____

To plan your long-term schedule it will be beneficial to know that PSYC 1301, 3301, 3404 and 4393 are taught each Fall and Spring and some Summers. The members of most of the six required pairs under B are offered in such a fashion that one member of each pair is offered each Fall and Spring semester. If one is taught in the Fall, the other tends to be taught in the Spring. Students majoring in Psychology who plan to pursue advanced study in psychology are encouraged to select PSYC 3403, 3311, 3321, 3322, 3341, 4302, 4304, and 4351 from the choices above.

D. Other Electives (10-11 credits; to total 120 credits)

Social Work

Accreditation

The Bachelor of Social Work Program at UTPB was fully accredited by the Council on Social Work Education in June, 2007, and re-accredited with Full Accreditation in June, 2011 for the standard CSWE 8-year cycle. All graduates of this program are eligible to sit for the LBSW licensing examination given by the Texas State Board of Examiners for Social Workers, and therefore eligible to be licensed as baccalaureate social workers in the state of Texas.

Mission Statement

The primary mission of the Social work program is to train generalist social work professionals capable of providing culturally competent services within diverse, multicultural communities. Through all its activities, the program seeks to foster the fulfillment of human potential, promote social and economic justice, and contribute to the development of a social culture that respects the dignity and worth of all members of society.

The Bachelor of Social Work (BSW) program is designed to provide training to prepare graduates for entry level generalist social work practice or for admission to a graduate program in social work. Such training includes helping students develop and strengthen their sense of social responsibility, appreciation for diversity, understanding of the realities of discrimination and oppression, and knowledge of core social work values, ethics, and skills. Specifically, the BSW program seeks to achieve the following goals:

- Prepare students for agency based generalist social work practice with individuals, families, and communities
 - Develop/strengthen the ability to apply critical thinking skills in a professional context
 - Understand the effects of diverse backgrounds and membership in a population-at-risk on individuals, families, and communities, and the mechanisms of oppression and discrimination
 - Understand that the professional roles and responsibilities of social workers include efforts to promote social and economic justice and alleviate unjust social, political, and economic conditions
 - Demonstrate the ability to carry out professional practice congruent with the NASW Code of Ethics, including the ability to practice without discrimination based on group membership
- The Bachelor in Social Work program prepares graduates to work in a variety of public and private service settings, including hospitals, long-term care facilities, mental health clinics, family service agencies, Texas regulatory agencies, schools, police and sheriff's departments, and a wide variety of other state, community, non-profit and for-profit agencies.

General Education

Social Work students are required to complete the University General Education Requirements. As part of the General Education Requirements, the BSW requires the inclusion of the following specified courses:

1. To fulfill the Physical and Life Science requirement, select either:
BIOL 1306/1106 Gen. Biology I w/lab, and BIOL 1307/1107, Gen. Biology II w/lab, OR
BIOL 1308/1108, Biology for Non-Science Majors, with lab, and

A second Life/Physical Science Lab Course

At least one of the science courses must be a biology course based on humans; Anatomy and Physiology would be acceptable. Botany or zoology courses do not meet this requirement.

2. To fulfill the Social Science requirement, select either:
PSYC 1301, Introduction to Psychology
or SOCI 1301, Introduction to Sociology

In addition, the major in Social Work requires one additional Social Science course, either PSYC 1301, Introductory Psychology or SOCI 1301, Introduction to Sociology, whichever was not used to fulfill the Social Science requirement.

Computer Use

All Social Work students must demonstrate a basic use of computing through the completion of PSYC 3301 or SOCI 3317.

Admission to the BSW Program

Admission to the BSW program shall consist of two stages: (1) the Pre-Social Work major; and (2) the Social Work major.

The Pre-Social Work Major. Any student may declare a Pre-Social Work major. Students will remain in the Pre-Social Work until they meet the requirements for application into the social work major. This policy applies to newfreshmen, transfer students, and students who desire to change their major to Social Work.

To be eligible to apply for Stage 2, the Social Work major, students must meet the following course, grade and semester credit hour criteria:

1. Attain a minimum 2.5 overall GPA for all courses taken at UTPB, all Social Work (SOWK) courses, and all courses counting towards the degree.
2. Complete SOWK 2361 with a C or higher, and either SOWK 2320 or SOWK 3340 with a C or higher.
3. Attain a C or higher in all General Education courses.
4. Have 9 or fewer credit hours of the general education 42 sch core to complete.
5. Have completed at least 45 credit hours.

The Social Work Major. Admission into the Social Work major requires that the student:

1. Complete the course and grade requirements specified as a Pre-Social Work major. Experience may not be substituted for course requirements; no academic credit will be granted for life or work experience.
2. Submit a formal application for admission.

Admissions Criteria: The BSW program wishes to admit applicants who demonstrate both academic competency and the personal attributes that will provide a solid foundation for professional development. Such attributes include maturity, good judgment, a willingness to consider new ideas, the ability to develop reflectivity and self-awareness, an acceptance of differences in people, and values consistent with the social work profession. Applications will be reviewed by the Program Director and Director of Field Education. Three possible decisions are: (1) regular admission; (2) provisional

admission; and (3) denied admission.

Upon admission into Stage 2 of the proposed BSW program, a student's formal academic major will be converted administratively from Pre-Social Work to Social Work.

Students who have completed SOWK courses at other institutions must complete at least 9 credit hours of practice methods courses and 12 credit hours of field practicum at U. T. Permian Basin. The Program Director will evaluate the transferability of SOWK courses elsewhere and determine which are acceptable for transfer and credit as required professional social work courses. Generally, only social work courses taken from a CSWE accredited BSW program will be accepted as equivalent for professional social work courses; exceptions will be made only when a course from an unaccredited program can be definitively shown to be equivalent to the course offered by UTPB, as determined by the Program Director.

All transfer credit awarded must be based on formal course work; no academic credit can be granted for life experience or work experience in a social service position.

Major Requirements

The BSW degree requires a minimum of 120 semester credit hours as specified below, with a minimum of 48 credit hours taken at the junior and senior levels (3000/4000 numbered courses). The major in Social Work does not require the student to complete a minor. Requirements in addition to the general education core and core extension are:

1. Social Work Core Courses, 51 Credits

- SOWK 2361, Introduction to Social Work
- SOWK 2320, Social Welfare Policies and Issues
- SOCI 3317/PSYC 3301, Introductory Statistics
- SOWK 3320, Social Policy Analysis
- SOWK 3324, Ethics & Values of Social Work
- SOWK 3330, Introduction to Social Work Research
- SOWK 3340, Human Behavior in the Social Environment: Lifespan Development
- SOWK 3345, Child abuse and Neglect
- SOWK 3346, Economics of Social Issues
- SOWK 3350, Social Justice
- SOWK 3355, Social Work Practice with Individuals and Families
- SOWK 3356, Social Work Practice with Groups
- SOWK 4280, Field Practicum I Seminar
- SOWK 4281, Field Practicum II Seminar
- SOWK 4370, Social Work Practice with Organizations and Communities
- SOWK 4480, Field Practicum I
- SOWK 4481, Field Practicum II

2. Electives, 25 credits, or the number required to complete a total of 120 credit hours. Choices from the following are suggested.

COMM 3355, *Advanced Public Speaking*
COMM 3375, *Political Communication*
COSC 1335, *Computers and Problem Solving*
CRIM 3350, *Social Deviance*

PSYC 3322, *Theories of Personality*
PSYC 3341, *Child and Adolescent Psychology*
PSYC 3343, *Adult Development*
PSYC 3386, *Human Sexuality*

CRIM 3365, <i>Juvenile Delinquency and Justice</i>	PSYC 3403, <i>Principles of Learning</i>
HIST 3371, <i>American Minorities</i>	PSYC 4307, <i>Health Psychology</i>
KINE 1301, <i>Concepts in Fitness and Health</i>	PSYC 4308, <i>Introduction to Counseling</i>
KINE 3310, <i>Motor Development</i>	PSYC 4341, <i>The Exceptional Child</i>
KINE 3330, <i>Physical Activity for the Disabled</i>	SOCI 3345, <i>Race, Gender, Ethnicity & Social Change</i>
LEAD 4339, <i>Leadership and Ethics</i>	SOCI 3348, <i>Population Dynamics</i>
LEAD 4350, <i>Leadership in Organiz. Settings</i>	SOCI 3349, <i>The Child in Society</i>

Field Placement

The program requires 12 credit hours (480 clock hours) of field practice experience. This will be satisfied by two SOWK *Field Practicum* placements taken in the senior year, SOWK 4480/4280 and SOWK 4481/4281. Enrolled students will work in a social service delivery agency under the supervision of a qualified social worker. Social Work faculty will provide faculty liaison services to monitor the student's progress within the field placement. Students who have completed the general education core courses and the majority of the social work core courses should apply for acceptance into the field placement in the long semester prior to the semester they anticipate entering field. Application for field placement is made with the Director of Field Education.

Minor in Social Work

Students who minor in Social Work learn a great deal about our society, its problems, its values, and its responses to needs. Students are better informed as citizens, and they are prepared to work intelligently to make our society better. The Social Work minor seeks to enhance students' understanding of social policy and give students a basic understanding of social work practice. The Social Work minor, however, does not prepare students to be professional social workers or to seek state licensure as social workers.

Minor Requirements

The Social Work minor requires completion of 18 semester credit hours in SOWK courses. The minor requires the following three courses (9 sch):

SOWK 2361, *Introduction to Social Work*
 SOWK 2320, *Social Welfare Policies and Issues*
 SOWK 3324, *Ethics and Values in Social Work*

The student may choose the remaining 9 sch from the social work course offerings, with the exception of the field placement courses, which may be taken only by Social Work majors.

Course Listing

SOWK 2320 Social Welfare Policies and Issues (3)

Examination of the development of policies, the social and political influences on their implementation, and the effects and impact of policy on social work practice in a variety of key areas and practice settings. Pre/co-requisite: PLSC 2305 and 2306, SOWK 2361. F

SOWK 2361 Introduction to Social Work (3)

Introduction to the profession of social work and social work roles in the social welfare system, with emphasis on the mission, philosophy, and values of the profession. This course also introduces students to the social welfare institutions in the United States and their historical foundations. F, S

SOWK 3301 Introduction to Statistics (3)

Measures of central tendency, variability, correlation, and hypotheses testing, with emphasis on the application of statistical methods to research in the behavioral sciences. Prerequisite: fulfillment of general education mathematics requirements. F,S

SOWK 3320 Social Policy Analysis (3)

An analysis of current social welfare policies on the local, state, and federal levels, and various elements of welfare programs and entitlements. The course will cover a range of critiques of social welfare policy and reform proposals. A framework for policy analysis/evaluation and strategies for influencing policy development and change will be studied. Prerequisites: SOWK 2320. S

SOWK 3324 Ethics & Values in Social Work (3)

This course will provide an intensive introduction to the values upon which social work practice is based, and the ethical guidelines which operationalize those values and to which social workers are held accountable. The NASW Code of Ethics will be covered in detail and provide the background for critical thinking and ethical reasoning regarding the inevitable value conflicts and ethical dilemmas social workers face. Pre/co-requisite: SOWK 2361. S

SOWK 3330 Introduction to Social Work Research (3)

This course is designed to provide students with the fundamental skills to evaluate research studies critically, apply research findings to practice, and understand social work research as an integral part of informed practice. The course addresses how to conduct research to evaluate practice, quantitative and qualitative methods, and research ethics, with particular attention to the role of research with populations-at-risk, social and economic justice, and cultural diversity. Critical thinking and writing skills will be emphasized. Prerequisite: PSYC 3301 or SOCI 3317.

SOWK 3340 Human Behavior in the Social Environment: Lifespan Development (3)

This course examines the dynamics of human behavior and provides students with a basic knowledge of the biological, psychological, and sociological influences on the interactions of individuals, families, and groups with society. This course will emphasize systems theory from the social work perspective. Underlying the course will be an appreciation for human diversity, including but not limited to ethnicity, gender, sexual orientation, and various aspects of the family and groups. Pre-requisite or Co-requisite: SOWK 2361–Introduction to Social Work.

SOWK 3345 Child Abuse and Neglect (3)

The overall objective of this course is help students develop an understanding of the various forms of child abuse, identify the underlying causes of this multifaceted problem, and to appropriately identify the types of services that will benefit maltreated children and their families. The nature and impact of child maltreatment, the ways in which society prevents or responds to it, and the system of response to child maltreatment are addressed. The course will also cover the importance of promoting social and economic justice for children and ways to empower children and their parents through the helping process. F, S

SOWK 3346 Economics of Social Issues

This course is designed to provide students with a conceptual understanding of those economic theories and constructs most commonly used in putting forth policy positions. Particular emphasis is placed on the economics of labor, poverty, health care, and education, and issues of inequality of distribution of wealth and income. This is a survey course intended to give students the opportunity to develop a working economic vocabulary and a generalist understanding of the role of economics in social work practice, particularly with respect to social welfare policy. S

SOWK 3347 Rural Sociology (3)

Analyzes the rural aspects of population, stratification, social change and the conditions under which persons live and work. Rural social and community organization, agricultural influences, poverty programs and their influences, and technological advances will also be examined. Prerequisite: Junior standing.

SOWK 3350 Social Justice (3)

This course is designed to explore the principles that have shaped America, and to weigh them against the reality of American life. Specifically, how have the values of justice, democracy, liberty, and equality been understood, and to what extent have they been fulfilled in contemporary American society? These questions will be pursued from a historical, philosophical, and social science perspective in order to provide students with a broad framework for analyzing whether we have created a society that is consistent with these four core American principles. A special emphasis is placed upon the role of social justice in social work. Prerequisites: SOWK 2361. Pre- or Co-requisite: SOWK 3346. S

SOWK 3355 Social Work Practice with Individuals (3)

This first of three generalist practice courses introduces the student to social work processes, concepts, and theories relevant to generalist social work practice with individuals and families. The course will emphasize general practice skills and the professional relationship. Specific attention is paid to the roles of generalist social work. For Social Work majors only. Pre/co-requisite: SOWK 3340. S

SOWK 3356 Social Work Practice with Groups and Families (3)

This social work practice course introduces students to theories of group development and group dynamics, and emphasizes the development of effective group work skills. The focus is on the knowledge and skills needed to work effectively with task, support, and self-help groups. For Social Work majors only. Prerequisite: SOWK 3340. F

SOWK 3360 Cultural Diversity (3)

This course is designed to expand student's cultural awareness to support the development of effective interaction with and service to culturally diverse populations, and will focus on the development of competence in cultural diversity as it relates to individuals, families, groups, organizations and communities from the generalist perspective. Skill-building exercises will focus on assessment, intervention, and advocacy with diverse cultural groups. F

SOWK 3389 Selected Topics (3)

Undergraduate courses which will be offered only once, will be offered infrequently, or which are being developed before a regular listing in the catalog.

SOWK 3390 The Family (3)

A historical and comparative approach in the examination of changing structure and functions of the family institution. The course provides a broad-based but intensive understanding of the family. Issues include the effect of economic, demographic and cultural changes on male-female relationships, sex roles, marriage and child care. Prerequisites: Junior standing, PSYC 1301 and SOCI 1301. [Cross-listed with SOCI 3390, The Family.]

SOWK 4280 Field Practicum I Seminar (2)

A capstone seminar focused on the integration of classroom theory and knowledge with actual social work practice, based on the student's field placement experiences. Prerequisites: SOWK 3355, SOWK 3324. Corequisite: SOWK 4480. F

SOWK 4281 Field Practicum II Seminar (2)

Continuation of SOWK 4280 through the second semester of field placement. Integration of theory and practice on the basis of field practicum experiences. Prerequisites: SOWK 4480 and SOWK 4280. Co-requisite: SOWK 4481. S

SOWK 4305 Drugs and Behavior (3)

Pharmacologic basis of psychotropic drugs and their associated abuses. Theories of cause and treatment of abusers are reviewed. Prerequisites: Junior standing, PSYC 1301 and SOCI 1301. [Cross-listed with PSYC 4305, Drugs and Behavior] F, S, Su

SOWK 4340 Death, Dying and Bereavement (3)

This course offers a broad overview of the issues and circumstances that describe death, loss, and dying in or society. Topics include attitudes toward and preparation for death; the care of terminally ill patients; funeral rituals; burial, mourning, and grief practices; suicide and euthanasia. Readings and classroom activities will be supplemented by students' self-exploration and writing on feelings, attitudes, beliefs about death. F

SOWK 4370 Social Work Practice with Organizations and Communities (3)

A social work practice course designed to acquaint students with the theory and knowledge necessary for generalist social work practice with organizations and communities, with a focus on developing skills for effecting macro-level change. For Social Work majors only. Prerequisites: SOWK 3340, or permission of the instructor. F

SOWK 4480 Field Practicum I (4)

This is the first of two field courses in a supervised community social service agency consisting of a minimum of 240 hours (16 hours per week for 15 weeks of the semester). A weekly seminar (SOWK 4280) accompanies this course which enables the student to integrate and apply classroom learning (theory and practice) in the field setting. Prerequisites: Formal admission to field placement, SOWK 3340, SOWK 3355, and SOWK 3356. Corequisite: SOWK 4280. F

SOWK 4481 Field Practicum II (4)

The second course of the field learning experience in a community social service agency consisting of a minimum of 240 hours. A weekly seminar (SOWK 4281) accompanies this course which enables the student to integrate and apply classroom learning (theory and practice) in the field setting. SOWK 4480/4280. Co-requisite: SOWK 4281. Course fee required. S

GENERAL EDUCATION REQUIREMENTS (42 sch)

		Communication ENGL1301 & 1302 (6 sch)
		American History HIST 1301 & 1302 (6 sch)
		Language, Philosophy & Culture (3 sch) ENGL 2322, 2323, 2327, 2328; COMM 1301
		Mathematics MATH 1314/1324/1332/2412, 3or4 sch
		Life/Physical Science (8 sch) (BIOL 1306/1106 or BIOL 1308/1108 suggested)
		Government/Political Science PLSC 2305 & 2306, 6sch
		Creative Arts (3 sch)
		COMM 1315 (3 hours)
		COMM 1115 (1 sch) (if Math 3 sch)
		Social/Behavioral Science (3 sch) PSYC 1301 or SOCI 1301

REQUIRED FOR SOCIAL WORK MAJOR: (3 sch)

		PSYC 1301 OR SOCI 1301 (the one not taken for Gen. Education)
--	--	---

GRADUATIONS REQUIREMENTS:

1. Read the UTPB catalog and be familiar with all requirements for the BSW degree. It is the student's responsibility to know/fulfill all requirements.
2. At least 48 sch must be taken at the upper level.
3. At least 30 of those hours must be completed at UTPB.
4. All Field Practicum courses must be completed at UTPB
5. An overall GPA of 2.5 or higher for all classes taken at UTPB.
6. A minimum grade of "C" in all courses counting towards the BSW, including general education core, social work core, and electives.
7. Students who enrolled in a Texas public institution of higher education as first-time freshman in the Fall 2007 and thereafter are **not permitted to drop more than six courses** during their entire undergraduate career (Texas Administrative Code 4.10). This limit includes all transfer work.

MAJOR REQUIREMENTS:

The BSW degree requires a minimum of 120 sch, with at least 48 upper level credits (3000/4000) and DOES NOT REQUIRE A MINOR. The program consists of: (1) Pre-Social Work major; and (2) the Social Work major.

STAGE 1: PRE-SOCIAL WORK STAGE:

1. Attain a minimum 2.5 overall GPA for all classes taken at UTPB, all Social Work (SOWK) courses, and all classes for the degree.
2. Complete SOWK 2361 with a C or higher, and either SOWK 2320, SOWK 3324, or SOWK 3340 with a C or higher.
3. Attain a C or higher in all General Education courses.
4. Have 9 or less hours of the general education 42 sch to complete.
5. Have completed at least 45 credit hours.

STAGE 2: THE SOCIAL WORK MAJOR:

Admission to The Social Work major requires:

1. Completion of the Pre-Social Work stage requirements.
2. Submission of the formal application for admission.

A. SOCIAL WORK CORE (51 Credits):

	SOWK 2361	Introduction to Social Work
	SOWK 2320	Social Welfare Policies and Issues
	SOCI 3317/ PSYC 3301	Introductory Statistics
	SOWK 3320	Social Policy Analysis
	SOWK 3324	Ethics and Values of Social Work
	SOWK 3330	Introduction to Social Work Research
	SOWK 3340	HBSE: Lifespan Development
	SOWK 3345	Child Abuse and Neglect
	SOWK 3346	Economics of Social Issues
	SOWK 3350	Social Justice
	SOWK 3355	Social Work Practice with Individuals
	SOWK 3356	Social Work Practice with Groups and Families
	SOWK 4370	Social Work Practice with Orgs. and Comms.
	SOWK 4280	Field Practicum I Seminar
	SOWK 4480	Field Practicum I
	SOWK 4281	Field Practicum II Seminar
	SOWK 4481	Field Practicum II

B. Electives (24 credits):

Choose a minimum of 24 elective credits, or the number required to complete a total of 120 credit hours. The following are suggested as possible choices.

	COMM 3355	Advanced Public Speaking
	COMM 3375	Political Communication
	COSC 1335	Computers and Problem Solving
	CRIM 3350	Social Deviance
	CRIM 3365	Juvenile Delinquency and Justice
	KINE 1301	Concepts in Fitness and Health
	KINE 3310	Motor Development
	KINE 3330	Physical Activity for the Disabled
	LEAD 4339	Leadership and Ethics
	LEAD 4370	Conflict Resolution
	LEAD 4375	Leadership and Community Development
	PLSC 3321	Comparative Politics
	PLSC 3327	American Foreign Policy
	PLSC 4321	Politics of Advanced Industrial Democracies
	PLSC 4336	Civil Liberties
	PLSC 4345	Public Policy
	PLSC 4347	Public Administration
	PLSC 4351	Political Theory
	PSYC 3311	Social Psychology
	PSYC 3321	Abnormal Psychology
	PSYC 3322	Theories of Personality
	PSYC 3341	Child and Adolescent Psychology
	PSYC 3386	Human Sexuality
	PSYC 3403	Principles of Learning
	PSYC 4307	Health Psychology
	PSYC 4308	Introduction to Counseling
	PSYC 4341	The Exceptional Child
	SOCI 3345	Race, Gender, Ethnicity & Social Change
	SOCI 3348	Population Dynamics
	SOCI 3349	The Child in Society
	SOCI 4315	Sociology of Organizations
	SOCI 4320	Social Stratification
	SOCI 4324	Political Sociology
	SOCI 4360	Social Gerontology
	SOCI 4362	Sociology of Health and Illness
	SOCI 4363	Death and Dying
	SOWK 3360	Cultural Diversity
	SOWK 3390	The Family
	SOWK 4305	Drugs and Behavior
	SOWK 4340	Death and Dying

Other courses (as approved by Program Director)

Sociology

Joanna Hadjicostandi, PhD

Associate Professor of Sociology and Program Coordinator

BA, Sociology, Greenwich University, England; MA, PhD (1987), Sociology, Northeastern University, Boston, MA

Born in Alexandria, Egypt of Greek parents and having lived and traveled in many countries globally, Dr. Hadjicostandi has a wide knowledge of Sociology, globalization, cultural diversity and multiculturalism. Her teaching and research interests include international development, migration, gender, race, social class, ethnicity, community development and labor markets.

Administered by the Department of Social Sciences within the College of Arts and Sciences.

Sociology is the scientific study of human behavior within a society. It emphasizes human interaction within group settings, diversity of cultures and societies, factors that influence social behavior within institutions, formal and informal organizations, and the study of various social groups.

The sociology program at U. T. Permian Basin is committed to the personal, analytical and professional development of its students. The faculty is committed to developing the student's sensitivity to the human and social condition, coupled with an understanding and ability to participate constructively in the improvement of both. Also, practical applications of sociological knowledge are emphasized.

Sociology offers numerous career fields: including secondary social science teaching, industrial sociology, voluntary organizations, private and government foundations, human resource management, consulting, social research, substance abuse counseling, aging, health and illness, law enforcement, ministry, consumer behavior, diversity training, demographic analysis, social work and other related social service organizations.

Sociology majors will take course work in sociology or related cross-listed courses. The sociology advisor will assist in developing a degree plan that best suits the needs of the individual student.

Degree Requirements

The total minimum credits required for a B. A. in Sociology is **120**.

General Education

42 Credits

Students must complete the requirements shown in the General Education Requirements section of this catalog. The Social Science requirement will be met by any social science course other than SOCI 1301.

Computer Use

All Sociology majors must demonstrate a basic use of computing through the completion of COSC 1335, or other computer science course, which requires the actual use of computers, before taking the required course sequence SOCI 3317, SOCI 4403 and SOCI 4399.

Sociology Major Requirements

34 Credits

Requirements for a Bachelor of Arts degree are 34 semester credit hours. The following courses are specifically required for the major:

SOCI 1301	Introduction to Sociology
SOCI 3317	Introductory Statistics
SOCI 3327	Sociological Theory
SOCI 4403	Social Research Methods
SOCI 4399	Senior Research Seminar

All students must complete SOCI 1301 and 16 semester credits of core courses followed by 18 semester credits from a selected list of sociology or approved cross-listed courses. It is recommended that SOCI3327 Sociological Theory is completed as soon as possible. The maximum number of Sociology credits in the major is 47. Credits beyond this maximum will not be counted toward the 120 minimum hours necessary to graduate. Students who major in Sociology may not choose a minor in Child and Family Studies.

A 12 hour substance abuse sequence is available for students who seek careers in areas involving substance abuse issues. Community college graduates, who have completed a chemical dependency program, may continue their studies at UTPB. The following courses comprise the sequence: SOCI 3312 Sociology of Substance Abuse and Addiction; PSYC 4305 Drugs and Behavior; SOCI 4370 Family Dysfunction and Substance Abuse. Students who complete the sequence in substance abuse and pass the exam to be certified as a Sociological Practitioner are eligible for a substance abuse endorsement.

Sociology Minor Requirements

Requirements for a minor in Sociology are 18 semester credit hours of which 12 credits must be junior or senior level courses. SOCI 1301, Introduction to Sociology is required.

Course Listing

SOCI 1301 Introduction to Sociology (3)[†]

Students are introduced to the basic concepts and theories used to study the nature of social processes and the structure of society.

SOCI 2350 Social Problems (3)

An examination of major contemporary social problems and their causes and consequences. Topics may include poverty, racism, sexism, deviance and crime, drug and alcohol dependence, the urban crisis, overpopulation, unemployment, energy, domestic violence and abuse, and war. Prerequisite: SOCI 1301.

SOCI 2389 Multi Listing Course (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog.

SOCI 3312 Sociology of Substance Abuse and Addiction (3)

An examination of the social context of substance abuse with emphasis on the social and cultural factors and institutions that impact on the addiction process. Prerequisite: SOCI 1301.

SOCI 3317 Introductory Statistics (3)

Measures of central tendency and dispersion, elementary probability theory, the binomial and chi-square distribution, tests of hypotheses and parameter estimation and simple correlation and regression. Emphasis is on the application of statistical methods to research in the social sciences. Prerequisite: must have fulfilled first general education mathematics and COSC1335 or permission of instructor.

SOCI 3326 Modern Europe (3)

Europe from the French Revolution to the present. Emphasis on social and political trends.

SOCI 3327 Sociological Theory (3)

This course involves the study of the development of sociological thought and perspectives through the examination of the ideas of classical and contemporary theorists; these may include Marx, Durkheim, Du Bois, Martineau, Parsons, Gramsci, or Lukacs among others. Substantive theories of social organization are examined. Prerequisite: SOCI 1301.

SOCI 3345 Race, Gender, Ethnicity and Social Change (3)

Analyzes the interrelationship of race, class and gender and how these structures have shaped the experience of all people in the United States. The "matrix of domination" approach is used to analyze the multiple, interlocking levels of domination. Emphasis is placed on social movements and change. Prerequisite: SOCI 1301.

SOCI 3347 Sociology of Work (3)

Analyzes dramatic changes occurring in the work lives of Americans and considers the future of American workers within the global economy. Explores emerging labor markets and technology in shaping contemporary American work settings. Prerequisite: Sociology 1301.

SOCI 3348 Population Dynamics (3)

Trends in mortality, fertility, and migration for selected countries, and their projected consequences. Associated policies and options are considered. Prerequisite: SOCI 1301.

SOCI 3349 The Child in Society (3)

This course examines children and childhood in a cross-cultural perspective. Special attention is given to the position of children in diverse U.S. family structures and in the educational system. Problems related to adoption, divorce, and the criminal justice system are examined. Prerequisite: SOCI 1301.

SOCI 3350 Social Deviance (3)

This course focuses on the study of societal definitions and reactions to deviant acts. These often arise in relationship to ethnicity, social class, race, gender and age within legal institutions. Theories of deviance and special case studies are examined. Prerequisite: SOCI 1301.

SOCI 3365 Juvenile Delinquency and Justice (3)

A study of the juvenile justice system, theories of causation, the distribution and frequency of delinquency, correctional treatment, and prevention programs in modern society. Prerequisite: SOCI 1301.

SOCI 3386 Human Sexuality (3)

This course is designed to study the social nature of sexual expression. It examines the concepts that help frame questions about a wide range of sexual behaviors, attitudes and ideals.

SOCI 3389 Multi Listing Course (3)

Undergraduate courses which will be offered only once, will be offered infrequently or which are being developed before a regular listing in the catalog.

SOCI 3390 The Family (3)

A historical and comparative approach in the examination of changing structure and functions of the family institution. The course provides a broad-based but intensive understanding of the family. Issues include the effect of economic, demographic and cultural changes on male-female relationships, sex roles, marriage and child care. Prerequisite: SOCI 1301.

SOCI 3391 Contract Study (3)

Students who are pursuing independent study or research as described in the contract study format.

SOCI 4305 Drugs and Behavior (3)

Pharmacologic basis of psychotropic drugs and their associated abuses. Theories of cause and treatment of abusers are reviewed. Prerequisite: PSYC 1301.

SOCI 4315 Sociology of Organizations (3)

The focus of the course is on the role and evolution of organizations in social life. Among the topics of analysis are the conditions under which organizations are created, grow, establish relations with other aspects of their environments, adopt tactics for survival, and how they fail. Prerequisite: SOCI 1301.

SOCI 4316 Energy and Society (3)

This course will consider the social consequences of the economic and environmental impact of energy choices in the U.S. and globally and how they shape societal norms and values. It will develop a critical understanding of the social attitudes, norms, values and behaviors toward energy consumption. Prerequisite: SOCI 1301.

SOCI 4317 Women's Studies (3)

This course introduces students to the range of ways in which societies are organized according to gender. It critically examines and analyzes the complex and multiple questions related to women's lives taking into consideration social, economic, political, psychological and historical realities. To be able to achieve a holistic analysis, men's experiences are fully integrated in the exploration of issues. Prerequisite: SOCI 1301.

SOCI 4320 Social Stratification (3)

Focuses on theories of social inequality as applied to the exercise of power and large-scale social control. Issues of class, race and gender and other inequalities are considered in the U.S. and globally. Prerequisite: SOCI 1301.

SOCI 4324 Political Sociology (3)

Relationship between political and social structures with emphasis on the concepts of power, ideology, elites, class, and politics. Prerequisite: SOCI 1301.

SOCI 4325 Globalization (3)

This course examines and analyzes the transformation of post colonial societies through capitalist, socialist or other forms of development in a political economy context. It explores the international division of labor, labor migration, state formation, among other issues in the U.S. and what has been called the "Third World." Prerequisite: SOCI 1301.

SOCI 4333 Law and Society (3)

The relationship of law and society is studied through the history, philosophy and evolution of the law and legal institutions. Three major functions of law in modern society: social control, dispute resolution and social engineering are examined. Prerequisite: SOCI 1301.

SOCI 4350 The Self in Society (3)

Examines the origin and role of the self in society, using a sociological perspective to explore concepts such as symbolic interactionism, identity, roles, emotion, and talk. Examines social inequalities at the microsociological level and explores how meaning is derived from shared understanding in social interaction. Prerequisite: SOCI 1301.

SOCI 4360 Sociology of Aging (3)

Social influences on aging individuals. Examination of theories of aging and the life cycle; age status, age-sex roles, health community participation, family relations, work, leisure, retirement, housing and finance. Prerequisite: SOCI 1301.

SOCI 4362 Sociology of Health and Illness (3)

Social and cultural factors associated with the definition, occurrence, and experience of health and illness. An examination of the social determinants that affect the etiology and distribution of illness and the social organization of the medical profession and the hospital. Prerequisite: SOCI 1301.

SOCI 4363 Death and Dying (3)

Systematic study of the last stage of the life cycle. How people cope with various forms of death, the bereavement process, and growing old alone. The social organization of dying and the treatment of death in the hospital setting. The demographics of death. Prerequisite: SOCI 1301.

SOCI 4370 Family Dysfunction and Substance Abuse (3)

The role of substance abuse in family violence, child rearing and marital discord. Various ways of intervening to moderate the effects of substance abuse in families will be discussed. Prerequisite: SOCI 1301.

SOCI 4380 Urban Sociology (3)

This course deals with the social and ecological organization of cities. Emphasis is on the American city; settlement patterns, ethnic and racial groups and impact of urbanism on human development. It also examines cities, shantytowns, and informal economies internationally. Prerequisite: SOCI 1301.

SOCI 4381 Rural Sociology (3)

Focus on rural society, rural communities, population composition and trends, social processes, social participation in rural organizations and agencies; American agriculture in a global context; and changing relationship between country and city in contemporary society. Prerequisite: SOCI 1301.

SOCI 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit.

SOCI 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior-level course). These courses will not count for graduate credit. Prerequisite: Consent of the Instructor.

SOCI 4393 Internship in Applied Sociology (3)

A supervised program to utilize and develop sociological skills, as they apply to natural social settings. Students will be placed in a community organization. Variable credit of 3 or 6 hours depending on the number of hours worked and the academic requirements as established by the instructor. In the event of fulfilling 6 hours, only 3 will apply to the course, while the other 3 will be used as elective hours. Prerequisite: Consent of the Instructor.

SOCI 4394 Independent Research in Sociology (3)

Study and research under supervision of a member of the sociology faculty. Students wishing to enroll should prepare a short plan for this coursework and present it to the instructor at the beginning of the semester.

SOCI 4399 Senior Research Seminar (3)

A scientific research study under the supervision of a member of the sociology faculty. The integration of theory and research is emphasized through basic or applied social research. Prerequisites: senior standing, SOCI 3317 and SOCI 4403.

SOCI 4403 Social Research Methods (4)

The course provides a comprehensive overview of social science research methods, with emphasis given to the concepts used in the conduct of research, measurement strategies, and research designs. This course includes a one-semester credit hour lab that focuses on the steps undertaken in the completion of a research paper. Required for all sociology majors. Prerequisite: SOCI 3317 and at least one additional course in sociology.

† Course fulfills general education requirements

DEGREE PLAN: BA IN SOCIOLOGY

GENERAL EDUCATION REQUIREMENTS (42 hours):

(Please refer to the catalog for specific course choices to fill the requirements.)

	Communication (ENGL 1301 & 1302)
	American History (HIST 1301 & 1302)
	Political Science (GOVT 2301 & 2302)
	Physical or Life Science (8sch) BIOL1409 & 2406
	Language, Philosophy and Culture (3sch) ENGL2333
	Mathematics (MATH1314)
	COMM 1315 (SPCH)
	COMM 1115 (if Math is 3sch)
	Creative Arts (ARTS1301)
	Social Science, (3sch) other than Sociology---PSYC1301

BASIC REQUIREMENTS FOR THE MAJOR:

	COSC 1335 Computers and Problem Solving (COS1301)
--	---

MINOR _____

In general, the minor is 18 sch with 12 sch at the upper level. Please talk to your advisor for specific minor requirements.

1.	
2.	
3.	
4.	
5.	
6.	

HOURS COMPLETED AT OTHER INSTITUTIONS:

Freshman & sophomore level courses	
Junior and senior level courses	
Total Transfer hours	

NOTES ON GRADUATING:

9. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the BA degree.
10. Complete at least 120 sch for the BA degree.
11. At least 30 sch must be completed at U.T.P.B.
12. At least 24 of the last 30 must be taken at U.T.P.B.
13. At least 48 sch must be taken at the upper level.
14. Complete at least 18 sch in a minor of which 9-12 sch must be upper level. Refer to the catalog for specific requirements.
15. Obtain at least a C grade in ALL MAJOR courses. Maintain a GPA of 2.0 or C in all courses applicable toward the BA degree.
16. Students who enrolled in a Texas public institution of higher education as first-time freshman in the Fall 2007 and thereafter are not permitted to drop more than six courses during their entire undergraduate career (Texas Administrative Code 4.10). This limit includes all transfer work taken at a Texas institution of higher education

During the semester in which a student intends to graduate, a degree check & the appropriate forms must be submitted to the Academic Advisor. Check class schedule for dates.

SOCIOLOGY MAJOR: Sociology majors are required & expected to complete 34 sch in Sociology of which 16 sch must include the following list of required 5 core courses. The remaining 6 courses must be selected from the list below that. Students must also complete COSC 1335

CORE COURSES: (Sixteen credit hours)

	SOCI 1301 Introduction to Sociology
	SOCI 3317 Introduction to Statistics*
	SOCI 3327 Sociological Theory
	SOCI 4403 Social Research Methods*
	SOCI 4399 Senior Research Seminar*

***SOCI 3317; SOCI 4303; SOCI 4399 MUST BE TAKEN IN SEQUENCE SHOWN.**

ADDITIONAL COURSES: Eighteen credit hours (6 courses) must be completed from the following list:

	SOCI 2350 Social Problems
	SOCI 2389 Multi Listing Course _____
	SOCI 3326 Modern Europe
	SOCI 3312 Sociology of Subst Abuse and Addict
	SOCI 3345 Race, Gender, Ethnicity and Social
	SOCI 3347 Sociology of Work
	SOCI 3348 Population Dynamics
	SOCI 3349 The Child in Society
	SOCI 3350 Social Deviance
	SOCI 3365 Juvenile Delinquency and Justice
	SOCI 3386 Human Sexuality

Spanish

Perla Ábrego, PhD

Assistant Professor and Director of the Spanish Undergraduate Program

Perla Ábrego has a B.A. degree in Education with a specialization in Spanish American literature and Spanish linguistics; M.A. degrees in Spanish American literature from Universidad Autónoma de Nuevo León in Monterrey, Mexico, and in Colombian literature from Universidad de Antioquia in Medellín, Colombia. She received her Ph.D. in Latin American literature and studies from Vanderbilt University. Her teaching and research interests are border literature and studies, contemporary Mexican and Latin American literature, Spanish linguistics, oral and literate practices in border regions, and films, television and media studies.

Antonio Moreno, PhD

Assistant Professor and Head of the Graduate Program

Antonio Moreno, Assistant Professor of Spanish: BA in Mass Communication and Journalism, Universidad Autónoma de Chihuahua (UACH); MFA in Creative Writing, University of Texas at El Paso; PhD in Latin American Literature, University of Kansas. Moreno's main area of teaching and research is contemporary Latin American literature, with a special emphasis on Mexican prose, films, and popular culture. Before joining the faculty at UTPB he taught at Barton College in Wilson, North Carolina (2008-2013). Moreno edited, with Martín Camps, a series of critical essays about the writings of contemporary Mexican author Luis Arturo Ramos: *Acercamientos a la narrativa de Luis Arturo Ramos* (UACJ, 2006). From 2000 to 2008 Moreno worked in the publishing house of the Universidad Autónoma de Ciudad Juárez as co-editor of the book series *In Extenso*. In addition to editing, he was also responsible for evaluating manuscripts in Mexican and border literature. His first book of essays *Deseos de comunidad: el personaje intersticial en la novela y el cine de los noventa en México* is slated to be published by Ediciones Eón (2015). In his project, Moreno proposes an analysis of the interstitial character from a literary and cultural studies perspective; this approach allows him to establish a theoretical framework through which to observe a cultural and social discomfort during the age of globalization in Mexico. Furthermore, he is the editor, contributor and author of the epilogue of the book *Road to Ciudad Juárez. Crónicas y relatos de frontera* (Samsara, 2014). Also, Moreno has contributed, in a variety of Mexican publications, several book reviews and short articles about recent Mexican literature. As a creative writer, some of his short stories have been published in journals, the cultural press, the online Journal, as well as in an anthology of contemporary Mexican short stories (*Novísimos cuentos de la República Mexicana*, 2004). Moreno has created a Latin American Film Club and has founded a Latin American Writers Series; and finally, he organizing and recruiting students for Study Abroad Program in Buenos Aires, Argentina. Moreno is fan of Real Madrid and FC Bayern München football teams. He cooks delicious tacos and spicy sauces on weekends; and he likes to explore amusement parks with their children on holidays.

Administered by the Department of *Literature and Languages* within the College of Arts and Sciences. The Spanish major provides students with an opportunity to obtain the ability to communicate in Spanish and an understanding of the literatures and cultures of the Spanish-speaking world. Because it shares the Hispanic heritage of Texas and lies in close proximity to Latin American countries, U. T. Permian Basin offers the student of Spanish unique learning and cultural experiences as well as scores of career possibilities and opportunities. West Texas offers a living language and a cultural laboratory in which to study and work. The Spanish major can be elected by students wishing to pursue careers in business, education, science, social services, and translation.

Degree Requirements

The minimum total credits required for a B. A. in Spanish is **120**.

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All majors must demonstrate a basic use of computing through completion of COSC 1335 or a similar computer science course which requires the actual use of computers.

Spanish Major Requirements

30 Credits

A major in Spanish consists of a minimum of 30 credits at the 2000 level and above as follows:

- 6 credits of sophomore-level Spanish language (SPAN 2311 and 2312)
- 12 credits of upper-level Spanish language and linguistics (SPAN 3301, 3302, 3331, and 4331)
- 3 credits of Hispanic Civilization (SPAN 3321)
- 3 credits of Peninsular Spanish Literature (SPAN 4301 or 4302, 4360)
- 3 credits of Spanish-American Literature (SPAN 4311, 4312, or 4351)
- 3 credits additionally at the upper level, to be identified by an advisor in the Spanish program, according to the specific concentration of the student. For example, secondary education with Spanish as the major subject area, linguistics and translation, or literature (SPAN 3311, 4301, 4302, 4311, 4312, 4351, 4352, 4359, 4360, 4361, 4378, or 4389).

Notes: Students with native proficiency in Spanish or a background in high school Spanish language study may take the CLEP in Spanish and, if scores justify it, receive three or six hours of sophomore-level Spanish language credit. SPAN 3311 will fulfill the requirements either for the Minor in Bilingual/English as a Second Language or as an elective (3 hrs) for the Major in Spanish, not for both.

SPAN 3301, Advanced Grammar and Syntax, is a gateway course to upper-level study in Spanish. SPAN 3301 is a required course for the Major and Minor in Spanish and a prerequisite for SPAN 3302, SPAN 3321, SPAN 4301, SPAN 4302, SPAN 4311, SPAN 4312, SPAN 4331 and 4351. Degree plans vary depending upon a student's goals and preparation prior to enrolling at UT Permian Basin. Students should consult with their faculty advisor for specific degree planning.

Minor in Spanish

The minor in Spanish consists of the following core courses: SPAN 2311, 2312, 3301, and 3331. In addition, students will elect to continue in either linguistics or literature. Students electing to continue in linguistics will take two (2) additional courses to be chosen from: SPAN 3311, 4331. Students electing to continue in literature will take two (2) additional courses to be chosen from: SPAN 4301, 4302, 4311, 4312, 4351, 4352, 4359, 4360, 4361, and 4378.

Mexican-American/Chicano Studies (Minor Only)

The undergraduate minor in Mexican-American/Chicano Studies is an interdisciplinary program which will introduce students to the study of the Mexican-American/Chicano experience. The combined courses will explore topic such as Chicano history, politics, immigration, literature, art, and issues of race/ethnicity.

Minor requirements: Students will complete 18 credit hours as described below with no more than nine in any discipline.

Required course:

HIST 4354: Mexican-American/Chicano History

The remaining courses are to be chosen from the following:

Arts:

ARTS 3305: Modern Hispanic Art and its Foundation (prerequisite – ARTS 1304)

Education:

EDUC 4329: First and Second Language Acquisition (prerequisite – PSYC 3341 or equivalent, or permission of instructor)

EDUC 4336: Issues of Multilingualism (prerequisite – Admission into Teacher Certification Program)

English:

ENGL 3306: American Multicultural Fiction (prerequisite – any 2000-level English course)

History:

HIST 3311: Mexico

HIST 4364: Mexican-American Women

HIST 4365: Mexican-American Leaders

HIST 4379: Minorities in Texas (HIST 4379 offers a variety of specialized topics for this minor 4379 will only be applicable when the topic is Minorities in Texas)

Spanish:

SPAN 3312: Spanglish (prerequisite – SPAN 2311 and SPAN 2312 or instructor's approval; Spanish & English used in the teaching of this course)

SPAN 4351: Mexican Literature (prerequisite – SPAN 3301 or instructor's approval; taught in Spanish)

SPAN 4352: Mexican-American Literature (prerequisite – SPAN 4301, or 4302, instructor's approval; taught in Spanish)

TEXES Requirements: Complete the courses for the BA in Spanish.

Course Listing

SPAN 1300 Spanish Conversation I (3)

Basic practice in comprehension and production of the spoken language of Spanish.

SPAN 1411 A Beginning Course in Spanish I (4)

An introduction to the basic language skills-- listening, speaking, reading, and writing--with emphasis on listening and speaking. Students will meet in the classroom three days per week and will attend the language laboratory one day per week. F

SPAN 1412 A Beginning Course in Spanish II (4)

A continuation of SPAN 1411. Prerequisite: SPAN 1411 or one year of high school Spanish. S

SPAN 2311 A Second Year Course in Spanish I (3)

Grammar, readings, cultural background, conversation, and composition. Prerequisite: SPAN 1411 and 1412, two years of high school Spanish, or the required score from the CLEP in Spanish. F

SPAN 2312 A Second Year Course in Spanish II (3)

A continuation of SPAN 2311. Prerequisite: SPAN 2311, three years of high school Spanish, or the required score from the CLEP in Spanish. S

SPAN 2313 Spanish for Native Speakers I

Intermediate development of Spanish grammar, reading, lexicon, phonetics and spelling of standard Spanish along with contrastive linguistics. Prerequisite: Placement Exam for Spanish Linguistic Competence.

SPAN 2315 Spanish for Native Speakers II

Advance development of Spanish grammar, reading, lexicon, phonetics and spelling of standard Spanish along with contrastive linguistics, for Native Speakers. Prerequisite: SPAN 2313 – Spanish for Native Speakers I.

SPAN 3300 Spanish for Business and Finance (3)

To assist students to master technical and advanced lexicon of Spanish for Business and Finance. To give students some basic contrastive elements between English and Spanish business terminology. Prerequisites: High School AP Spanish or the equivalent of 8 credit hours: SPAN 1411 (4 hrs) or SPAN 1412 (4 hrs). S

SPAN 3301 Advanced Grammar and Syntax (3)

Analysis of more technical and advanced points of Spanish grammar and syntax with comparisons made to English. Prerequisites: Students with native proficiency in Spanish or a background in high school Spanish language study may take the CLEP in Spanish and, if scores justify it, receive three or six hours of sophomore-level Spanish language credit (SPAN 2311, 2312). However, **all** students must pass a placement exam to be eligible to enroll in SPAN 3301. F

SPAN 3302 Advanced Composition and Conversation (3)

Designed to improve written and oral Spanish. Prerequisite: SPAN 3301. S

SPAN 3311 Practical Spanish and Translation (3)

Analysis and application of Spanish Grammar for Translation with Practical approach to improving Spanish Morpho-Syntax rules for writing into English. Some basic principles of Sociolinguistics will also be presented. Prerequisite: SPAN 3301. S

SPAN 3321 Hispanic Civilization (3)

Currents and characteristics of Spanish culture and history as expressed through the centuries in literature, art, philosophy, and history. Prerequisite: SPAN 3301 or instructor's approval. F

SPAN 3331 Spanish Conversation (3)

Study and practice of oral Spanish, stressing idiomatic expressions and providing students with the opportunity to improve their fluency. Pronunciation, comprehension and building vocabulary are also emphasized. Prerequisite: SPAN 2312. F

SPAN 3332 Spanish for Healthcare Professionals (3)

This course teaches interpretation skills that will enable a medical professional to conduct a basic conversation with patients in Spanish. In particular, the course will cover common medical terminology in English and Spanish. Prerequisites: SPAN 1411 and 1412, or one year of Spanish in high school, or native proficiency in Spanish with instructor approval. S

SPAN 4301 Spanish Literature I (3)

Peninsular Spanish literature from the Medieval period to the 18th century. Prerequisite: SPAN 3301 or instructor's approval. F

SPAN 4302 Spanish Literature II (3)

Peninsular Spanish literature from the 19th century to the present. Prerequisite: SPAN 3301 or instructor's approval. S

SPAN 4311 Spanish-American Literature I (3)

Spanish-American literature from the Pre-Hispanic period through Romanticism. Prerequisite: SPAN 3301 or instructor's approval. F

SPAN 4312 Spanish-American Literature II (3)

Spanish-American literature from Modernism to the present. Prerequisite: SPAN 3301 or instructor's approval. S

SPAN 4331 Spanish Phonetics and Phonemics (3)

Spanish phonology with emphasis on oral drills; an introduction to elementary applied linguistics. Prerequisite: SPAN 3301.

SPAN 4351 Mexican Literature (3)

A study of selected works by Twentieth Century Mexican authors. Selections may include works by Elena Garro (winner of many national and international awards), Rosario Castellanos, Elena Poniatowska, Octavio Paz (winner of the Nobel Prize in Literature), and other Mexican authors. Prerequisite: SPAN 3301, or instructor's approval.

SPAN 4352 Mexican-American Literature (3)

Mexican-American literature in Spanish and English focusing on native authors, to understand realities and experiences of Mexican-American community. Prerequisite: SPAN 4301, 4302, 4311, or 4312 or instructor's approval.

SPAN 4359 Central American Literature (3)

This course will explore Twentieth Century Central American Literature as part of the Latin American Literature. This course will be based on the critical reading and analysis of literary texts of various genres: poetry, essays, short stories, novels, testimonial narratives, and others.

SPAN 4360 Spanish Golden Age Literature (3)

This course introduces the student to some of the major works of Spanish literature from the Renaissance through the Baroque. Readings will include lyric and epic poems, plays, a picaresque novel, and several additional prose selections. Prerequisite: SPAN 4301, or 4302, or instructor's approval.

SPAN 4361 Cervantes' Don Quixote (3)

A close reading of Europe's first modern novel, with additional reference to historical and literary background that helped shape the writer's poetics. A masterpiece of world literature, a profound commentary on life, and a perennial source of inspiration for the understanding of the modern imagination. Prerequisite: SPAN 4301 or approval of instructor.

SPAN 4378 Hispanic Children's Literature (3)

Study of Hispanic's children's literature. The course covers children's stories and their origins in myths, fables, and folktales from the oral tradition of Spain and Latin America. Prerequisite: proficiency in Spanish or instructor's approval. S

SPAN 4389 Selected Topics (3)

Undergraduate courses which will be offered only once, will be offered infrequently, or are being developed before a regular listing in the catalog.

DEGREE PLAN: BA IN SPANISH

General Education Requirements: (42 Credits). Please refer to General Education section of the catalog for specific courses that fill these requirements.

- ___ English Composition (6 credits) 1301 & 1302
- ___ Literature (3 credits)
- ___ U.S. State & Local Government (PLSC 2305 & 2306)
- ___ Mathematics (3 or 4 credits)
- ___ Physical and Biological Sciences (8 credits)
- ___ Creative Arts (3 credits)
- ___ Component Area (COMM 1315, 3 or 4 credits)
- ___ Social Science (3 credits)

MINOR: In general a minor is composed of 18 sch of which 12 sch must be taken at the upper level. For specific minor requirements please refer to the catalog.

1. _____

Special Courses

Astronomy

ASTR 1301 Astronomy (3)

A descriptive survey of the solar system and galactic topics. Emphasis is on the celestial sphere, the earth's motions, the sun, moon, planets, asteroids, comets, meteors, and meteorites.

Freshman Seminar

UNIV 0400 Integrated Reading and Writing (1)

This course is designed to cover reading and writing instruction for students who require preparation for college-level courses. Students will learn to read and write interactively, critically, and strategically; improve reading comprehension of narrative and content area text; and develop written work appropriate to audience, purpose, and situation.

UNIV 1101 Freshman Seminar (1)

This course is designed to smooth the advance of students into the university environment. It is focused on key competencies for personal and academic success. The course is required for all freshman students who have entered with 24 or fewer college credits. No prerequisite. F, S

Literacy, Vocabulary and Study Skills

LVSS 0191 Literacy for History (1)

Literacy, vocabulary and study skills to help the student succeed in history courses. An overview of critical vocabulary development, note-taking skills, textbook study strategies and reading comprehension specific to the discipline of history.

LVSS 0192 Literacy for Biology (1)

Literacy, vocabulary and study skills to assist the student in improving success in biology courses. An overview of critical vocabulary development, note-taking skills, textbook study strategies and reading comprehension specific to the discipline of biology.

LVSS 0193 Academic Vocabulary Development (1)

Academic vocabulary development to assist the student in improving success in college courses. Vocabulary study skill development and acquisition of vocabulary needed for understanding and success in all college courses as well as within the academic culture. Study of roots, prefixes and suffixes that assist in the understanding of academic terminology seen in various disciplines throughout the college career.

Natural Science

NTSC 4301 Environmental Ethics (3)

A series of discussions and written comments on current, social and bioethical issues such as: Ethics of Medicine, Artificial means of Reproduction, Morality of Abortion, Active Euthanasia, Human Gene Therapy, etc. Environmental issues are extremely complex and they usually relate to philosophical, economical and religious viewpoints. This course tries to encourage you to focus on social and environmental problems in a global context. Prerequisites: One year of natural science with laboratory.

NTSC 4311 History and Philosophy of Science (3)

History and philosophical development of science from Classical Greece to modern times. Prerequisites: one year of natural science with laboratory, one year of mathematics.

Philosophy

PHIL 1304 Introduction to World Religions (3)

Survey of religions of the world, such as Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism, and Taoism. This course will explore the core tenets and practices of various religions, both historically and in today's global pluralistic society. Prerequisite: none.

Physics

PHYS 1301 College Physics I (3) *

Basic concepts of Newtonian mechanics, fluid mechanics, and thermodynamics using algebra and trigonometry. MATH 2412. Corequisite: PHYS 1101. F

PHYS 1101 College Physics I Laboratory (1)*

Experiments in Newtonian mechanics, fluid mechanics, and thermodynamics. Corequisite: PHYS 1301. F

PHYS 1302 College Physics II (3)*

Basic concepts of oscillatory motion, electricity, magnetism, nature of light, optics, relativity, and quantum theory using algebra and trigonometry. Prerequisites: PHYS 1301/1101. Corequisite: PHYS 1102. S

PHYS 1102 College Physics II Laboratory (1)*

Experiments in oscillatory motion, electricity, magnetism, nature of light, optics, and quantum theory. Corequisite: PHYS 1302. S

PHYS 2325 University Physics I (3) *

Basic concepts of Newtonian mechanics, fluid mechanics, and thermodynamics using calculus. Prerequisite: MATH 2413. Corequisite: PHYS 2125. S

PHYS 2125 University Physics I Laboratory (1)*

Experiments in Newtonian mechanics, fluid mechanics, and thermodynamics. Corequisite: PHYS 2325. S

PHYS 2326 University Physics II (3) *

Basic concepts of oscillatory motion, electricity, magnetism, nature of light, optics, relativity, and quantum theory using calculus. Prerequisite: PHYS 2325/2125. Corequisite: PHYS 2126. F

PHYS 2126 University Physics II Laboratory (1)*

Experiments in oscillatory motion, electricity, magnetism, nature of light, optics, and quantum theory. Corequisite: PHYS 2326. F

PHYS 2389 Special Topics (3)

Monte Carlo Simulation in Nuclear Physics: Students will learn the general Monte Carlo physics simulation techniques applied in the Monte Carlo N-Particle simulation code (MCNP).

PHYS 3310 Introduction to Nuclear Physics (3)

Basic concepts of quantum mechanics, nuclear properties, the forces between nucleons, radioactive decay, alpha, beta, gamma, and neutron radiation. The class will cover techniques for radiation detection and measurement, and radiation shielding. Applications to nuclear reactions, nuclear fission, nuclear fusion. Accelerators, nuclear astrophysics, and particle physics as time permits. Prerequisites: PHYS 2325 and PHYS 2326. F

Special Populations Minor Only

Administered by the Department of Curriculum and Instruction within the College of Education, the Special Populations Minor provides insight and understanding into the world of the exceptional children, especially primary and secondary school students.

Minor Requirements

The total semester hours for the minor in Special Populations is 18 credit hours. A maximum of 9 lower-level credit hours and at least 9 upper-level credit hours are required.

Before taking Special Population courses as listed below, students should take **PSYC 1301** Introduction to Psychology and **PSYC 3341** Child/Adolescent Psychology or its equivalent. These courses may be counted toward the 18 credit hours in this minor if they are not also used for credit in a student's major.

Students choose from the following courses to complete their coursework.

EDUC 3352	The Exceptional Child
EDUC 4310	Early Intervention
EDUC 4352	Collaborative Teaching and Inclusive Practices
EDUC 4353	Individualized Planning and Other Professional Practice
EDUC 4354	Teaching Students with High-Incidence Disabilities
EDUC 4355	Teaching Students with Low-Incidence Disabilities
EDUC 4356	Behavior Management
KINE 3310	Motor Development
KINE 3330	Physical Activity for the Disabled
PSYC 3403	Principles of Learning
PSYC 4311	Cognitive Psychology
PSYC 4371	Motivation
SOCI 3365	Juvenile Delinquency & Justice
SOCI 4320	Social Stratification

Women's Studies Minor Only

The Women's Studies Minor allows the student who selects it to explore currently and historically the cultural, political and socio-economic status of women. Consult with the College of Arts and Sciences for a list of faculty advisors.

Minor Requirements

The total semester credit hours required for a minor in Women's Studies is 18.

SOCI 1301 and 4317 are required; students must take another 12 hours of coursework distributed among the academic fields offering classes. No more than two courses may come from any area. Courses in the student's major area are excluded from her/his minor choices, except for Sociology majors enrolled in Sociology 1301 and 4317.

Students choose from the following courses to complete their coursework.

ART

ARTS 3301	Women Artists I
ARTS 3302	Women Artists II

ENGLISH

ENGL 3332	Literature and Art
ENGL 3325	American Women Playwrights
ENGL 3335	American Women Novelists
ENGL 3352	Eighteenth-Century Women Poets

HISTORY

HIST 4364	Mexican-American Women
HIST 4375	Women in Early America
HIST 4376	Women in Modern America

KINESIOLOGY

KINE 4325	Women and Sport
-----------	-----------------

LEADERSHIP STUDIES

LEAD 4320	Women in Leadership
-----------	---------------------

PSYCHOLOGY

PSYC 4381	Gender Studies
-----------	----------------

SOCIOLOGY

SOCI 1301	Introduction to Sociology
SOCI 3345	Race, Gender, Ethnicity and Social Change
SOCI 3390	The Family
SOCI 4317	Women's Studies
SOCI 4370	Family Dysfunction and Substance Abuse

Nursing

Dorothy Greene Jackson, PhD, RN, Director
Associate Professor, Endowed Chair Medical Center Hospital
Jennifer Drinkard, Administrative Assistant II

Elizabeth Thomas, MPH, PhD, RN Clinical Director
Vicki Thomas, PhD, RN, Chair, Academics and Research
Dottie Duncan, DNP, RN, Coordinator of Nursing Simulation Center

Faculty: Elizabeth Thomas, MPH, PhD, RN Clinical Director; Vicki Thomas, PhD, RN, Chair, Academics and Research; Dottie Duncan, DNP, RN, Coordinator of Nursing Simulation Center; Cassandra McDorman, BSN, RN, Retention Coach/Marketing; Patricia Stoltz, MSN, RN; Jean Eaton, MSN, RN; Jan Tinney, MSN, RN.

Adjunct Faculty: Deborah McPherson, MS, RD; Minerva Gonzales, MSN, RN; Joshua Ward, PharmD; Levi Stone, MSN, RN; Chad Dunavan, MSN, RN; Mary Anne Hanley, PhD, RN; Deborah McCullough, DNP, RN; Bob Dent, DNP, RN.

Support Staff: Micah Wells, Nursing IT support; Martha Burr, MS, Nursing Admission Officer; Katherine Presley, Nursing Development Officer.

General Information

For information call 432.552.2560

Bachelor of Science Degree in Nursing (BSN)

- **Application Deadline:** March 1 for Fall admission; October 1 for Spring admission
- **Application Available:** All year round
- **Degree Awarded:** Bachelor of Science in Nursing

The Bachelor of Science in Nursing Degree

The University of Texas of the Permian Basin provides a generic pre-licensure Bachelor of Science degree in Nursing (BSN). The degree is science based, patient centered, and caring driven. The curriculum consists of four years. In the first two years of study the students take science courses with other pre-health professionals in pre-med, pre-dentistry, pre-veterinary, and kinesiology sciences. The course of study also includes courses in the social sciences that help students understand human behavior and to gain insight into the human spirit.

The nursing courses begin the second two years of the curriculum. The nursing curriculum is both theoretical and practical. Students are prepared to problem-solve based on evidence and research while including the patient as the main source of information. Strong clinical experiences are provided in the community and regional healthcare facilities and in the use of technology in the UT Permian Basin state of the art Nursing Simulation Center. The BSn program at the University of Texas of the Permian Basin prepares graduates to work in a wide variety of clinical settings and provides the necessary foundation for masters and doctoral degrees in nursing.

The professional faculty is committed to preparing graduates that are caring, scholarly and imaginative to coordinate and provide care in a variety of complex healthcare settings. Graduates of the BSN program will be prepared to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

Required Courses

Core Curriculum Requirements and Nursing Major Pre-requisites (year 1 & year 2)

ENGL 1301 Freshman English I 3 credits

ENGL 1302 Freshman English II 3 credits

HIST 1301 US History I 3 credits

HIST 1302 US History II 3 credits

PLSC 2305 American National Politics 3 credits

PLSC 2306 State and Local Politics 3 credits

PSYC 1301 Introductory Psychology 3 credits

PSYC 3301 Statistics 3 credits Must be taken at UTPB

PSYC 3344 Human Lifespan 3 credits

MATH 1314 College algebra 3 credits*

CHEM 1311/1111 General Chemistry I 4 credits*

BIOL 1306/1106 General Biology 1 & lab 4 credits*

BIOL 1307/1107 General Biology 2 & lab 4 credits*

BIOL 2320/2121 Introductory Microbiology 4 credits*

BIOL 2303 Introductory Nutrition 3 credits* Must be taken at UTPB

BIOL 3350/3151 Human Anatomy & lab 4 credits*

BIOL 3352/3153 Human Physiology & Lab 4 credits*

Visual & Performing Arts 3 credits

ENGL 2300 Series Literature 3 credits

Communication 1315 or 1321 3 credits

Communication Lab 1115 1 credit

Above courses must be completed prior to admission to Nursing Program.

*Students must make a B or above in all the required science and math courses before entering the BSN program.

Nursing Major Courses (year 3 & year 4)

Sophomore Summer (prior to start of nursing major)

NURS 2300 Pharmacology and Pathophysiology (3 hr class/wk) **Must be taken at UTPB.**

Introduction to the mechanism of drug actions and the interrelationship among pharmacological actions and pathophysiologic responses that occur in the body related to health and illness; emphasis on principles of patient safety in the administration of medications. Drug laws and regulation to promote patient and nurse safety. Prerequisites: BIOL 1306/1106; BIOL 1307/1107; BIOL 3350/3151; BIOL 3352/3153; BIOL 2302/2121. Requires Nursing advisor approval.

Junior First Semester Fall

NURS 3210 Health Assessment (1hr class, 3 hr clinical/wk)

Application and documentation of health assessment skills needed to provide data for health promotion, and holistic and culturally congruent nursing interventions across the lifespan. Incorporation of health assessment findings as the foundation for patient-centered, culturally congruent nursing practice. Requires Nursing Advisor approval.

NURS 3220 Nursing Care Concepts of Aging Adults (1 hrs class/3 hrs clinical/wk)

Examination of theories of aging, physiological changes that effect function; developmental tasks of individuals and families; and the physical, psychosocial, culturally diverse, safety, economic, ethical, legal and spiritual needs of aging adults; benefits and risks of medication use in aging. Cognitive, mental health, functional and safety assessments in aging. Requires Nursing Advisor approval.

NURS 3302 Spanish for Health Professionals (3 hrs class/wk)

Knowledge of the basic conversational Spanish and the specialized medical vocabulary needed to communicate effectively concerning health status and health/illness management with Spanish-speaking patients and families. Basic anatomical terms, means to elicit patient history, cultural health practices, and explanation of procedures and therapy. Identify when to use a medical interpreter. Requires Nursing Advisor approval.

NURS 3320 Foundation of Nursing Practice (3 hr class/wk)

Professional nurse role as provider of safe patient-centered, evidence-based, culturally congruent care over the life span, and health care team member and nursing profession member. History of nursing, basic concepts of evidence-based nursing practice, critical reasoning and decision-making; knowledge, judgment, values, and skills in a legal/ethical framework. Prerequisites: NURS 2300; Requires Nursing Advisor approval.

NURS 3321 Foundation of Nursing Practice Clinical (9hrs Clinical/wk)

Application of basic nursing skills that support patients with common health problems and health care needs; communication skills with patients, caretakers, and other health care professionals; performance of common nursing procedures incorporating safety measures, quality care, and infection control. Documentation of performance and outcomes. Corequisite: NURS3320; Requires Nursing Advisor approval .

Junior Second Semester Spring

NURS 3200 Research & Nursing Informatics (2 hrs class/wk)

Role of research in professional nursing practice including principles of research and critical utilization of research findings by application to evidence-based nursing practice. Core concepts of informatics, computer skills, and use of technology and informatics in clinical practice and data management. Ethical issues in research and confidentiality of patient information. Requires Nursing Advisor approval.
Senior First Semester Fall

NURS 3240 Mental Health Nursing (2 hrs class/wk)

Evidence-based nursing concepts and theories to promote and restore mental health of individuals across the life span with mental health alterations and related physiological and psychological responses; clinical/critical reasoning and options for the safe, holistic care of persons of diverse cultures with altered mental health states including grief and loss. Corequisite: NURS 3241. Requires Nursing Advisor approval.

NURS 3241 Mental Health Nursing Clinical (6 hrs clinical/wk)

Application of evidence-based nursing practice and clinical/critical reasoning skills to provide holistic, safe, quality care for individuals of diverse cultures across the life span with chronic and acute mental health problems in a variety of healthcare settings. Corequisite: NURS 3240. Requires Nursing Advisor approval.

NURS 3330 Medical Surgical Nursing (3 hrs class/wk)

Evidence-based nursing concepts and theories to promote and restore health of adults with physiological and psychological alterations; clinical/critical reasoning and options for the safe and holistic care of persons with altered health status across the health-illness continuum and in a variety of settings. Patient advocacy relating to care options. Requires Nursing Advisor approval.

NURS 3530 Medical Surgical Nursing Clinical (15 hrs clinical/wk)

Application of evidence-based nursing practice and clinical/critical reasoning skills to encourage, promote, and restore health for adults of diverse cultures with chronic and acute physiological and psychological alterations across the health-illness continuum and in a variety of healthcare settings. Accountability for quality and safety of nursing practice. Corequisite: NURS 3330. Requires Nursing Advisor approval.

NURS 4100 Genetics in Nursing (1 hr class/wk)

Integration of genetic/genomic information into nursing practice, including ethical, legal, psychological and social issues. Advocate for individual rights regarding access to and use of genetic information, decision-making, and actions. Genetic/genome related history taking, patient family education and support. Incorporation of genetic/genome information in evidence based nursing care. Requires Nursing Advisor approval.

NURS 4110 Men's Health Nursing (1 hour class/wk)

Overview of health promotion, maintenance, disease prevention, management, and decision-making related to health care for men. Analyze holistic, culturally congruent nursing care for men across the life span and health illness continuum, in a variety of settings. Requires Nursing Advisor approval.

NURS 4210 Pediatric Nursing (2 hrs class/wk)

Nursing care of infants to adolescents and their families with emphasis on evidence-based health promotion, disease prevention and management, safety, and injury prevention. Biological and behavioral chronic and acute pediatric concerns. Culturally congruent child health and disease management and education. Corequisite: NURS 4211 Requires Nursing Advisor approval.

NURS 4211 Pediatric Nursing Clinical (6 hrs clinical/wk)

Application of evidence-based nursing care and clinical/critical reasoning skills to promote health and to restore health for children of diverse cultures with chronic and acute biological and mental health problems in a variety of settings. Provide education and support to caregiver to ensure safe, quality care for child. Corequisite: NURS 4210. Requires Nursing Advisor approval

NURS 4310 Women's Health and Obstetrical Nursing (3 hrs class/wk)

Evidence-based nursing care of women and families over their life spans and during childbearing years with emphasis on health promotion and risk reduction. Clinical/critical reasoning to provide culturally congruent care for pregnant women and newborns in a variety of settings. Advocacy for women/family preferences in care management. Corequisite: NURS 4311 Requires Nursing Advisor approval.

NURS 4311 Women's Health and Obstetrical Nursing Clinical (9 hrs clinical/wk)

Application of evidence-based nursing care to women, families, and newborns. Provide care to women prenatal, during delivery, and post natal and care of the newborn. Application of clinical/critical reasoning for culturally congruent care for women and newborns in a variety of settings. Advocacy for women/family preferences in care management. Corequisite: NURS 4310. Requires Nursing Advisor approval.

Senior Second Semester Spring**NURS 4120 Nursing Synthesis (1 hr class /wk)**

Analysis and reflection of content and experiences of all previous nursing courses in the curriculum; discussion of transition from student to practice role and career trajectory; preparation for NCLEX-RN® and seeking employment and residency opportunities. Requires Nursing Advisor approval.

NURS 4213 Multi-cultural Public Health Nursing Clinical (6 hrs clinical/wk)

Application of evidence-based nursing practice skills to community/public health situations addressing cultural diversity, at-risk families, and vulnerable populations; nursing collaboration and interprofessional communication to explore public health systems to promote health in communities. Community assessment and planning in non-emergent and emergent situations. Advocacy for access to the healthcare system. Corequisite: NURS4313 Requires Nursing Advisor approval

NURS 4220 Specialty Nursing: OR, ICU and NICU (6 hrs clinical/wk)

Application of evidence-based nursing practice and critical reasoning skills to individuals over the life span with complex and high intensity health needs and services including operating room, pre and post operative, adult intensive and specialty care, and neonatal intensive care settings. Requires Nursing Advisor approval.

NURS 4313 Multi-cultural Public Health Nursing (3 hrs class/wk)

Analysis of formal and informal community systems/resources and healthcare delivery systems in public health; emphasis on cultural influences on health of individuals, families, communities, and populations. Community partnerships, interprofessional communication to help families modify lifestyle and community resources to promote health. Roles, strategies, and resources for emergency management in the community. Corequisite: NURS 4213. Requires Nursing Advisor approval.

NURS 4412 Leadership & Management Synthesis and Reasoning (2 hrs class, 6 hrs clinical/wk)

Concepts in nursing leadership and management in the dynamic healthcare system; political and cultural influences on healthcare. Nursing practice standards; reporting and delegation rules. Clinical reasoning and synthesis of theoretical, evidence-based knowledge in planning, implementation, and evaluation of nursing care. Skills in management of systems; leadership and motivation of others. Requires Nursing Advisor approval.

RN to BSN Degree Option

General Information

The RN-BSN nursing degree plan consists of a **total of 120 semester credit hours**: 64 credits devoted to the core and the required pre-professional nursing pre-requisite courses; 26 advanced placement credits awarded by successful completion of three National League for Nursing Mobility Exams; and 30 credits devoted to the courses in the RN-BSN nursing major.

The RN-BSN Nursing Major Track can be completed in as little as three semesters (Semester 1; Semester 2; and Semester 3) or longer based on individual course load and prerequisite requirements. Students may pursue the RN-BSN degree part-time.

- It is the goal of the University for the graduates to provide evidence-based nursing care congruent with the 2010 Institute of Medicine (IOM) Report on the Future of Nursing, which recommended that nurses should receive higher education and training, be full partners with physicians and other healthcare professionals in redesigning health care, and be engaged in life-long learning to provide high quality safe care for a diverse population.
- The program is built on a person-centered framework where the patient is the most important person of the healthcare team. The Overriding Pillars of the framework are Caring, Scholarship, and Imagination.

Core Curriculum Requirements and Nursing Major Pre-requisites for RN to BSN Track

ENGL 1301 Freshman English I (3 credits)

ENGL 1302 Freshman English II (3 credits)

HIST 1301 US History I (3 credits)

HIST 1302 US History II (3 credits)

PLSC 2305 American National Politics (3 credits)

PLSC 2306 State and Local Politics (3 credits)

PSYC 1301 Introductory Psychology (3 credits)

MATH 1314 College algebra (3 credits)

PSYC 3301 Statistics (3 credits Must be taken at UTPB)

PSYC 3344 Human Lifespan (3 credits)

CHEM 1311/1111 General Chemistry I (4 credits)

BIOL 1306/1106 General Biology 1 & lab (4 credits)

BIOL 1307/1107 General Biology 2 & lab (4 credits)

BIOL 2320/2121 Introductory Microbiology (4 credits)

BIOL 3350/3151 Human Anatomy & lab (4 credits)

BIOL 3352/3153 Human Physiology & Lab (4 credits)

Visual & Performing Arts, ARTS 1301, DRAM 1301, MUSI 1306, or UNIV 1302 (3 credits)

ENGL 2300 Series Literature (3 credits)

Communication 1315 or 1321 (3 credits)

Communication Lab 1114 (1 credit)

*Above courses must be completed with a C or better prior to admission to the RN-BSN Track.

Course Delivery Method and Description of the RN-BSN Track

- All the prerequisite general education courses may be taken at most community colleges or accredited universities, except the Psych 330, which may be taken online at UT Permian Basin.
- Required RN-BSN Nursing Courses will be delivered by one of two options, Online or Campus Based.
- The student may choose either option, but not both. The content of the courses will be the same.

Online Option

The online option will be conducted totally online except for required clinical practicums held in the student's local community, which will be arranged according to written agreements between the affiliating agency and UT Permian Basin.

Campus – based Option

Students choosing the campus-based option will meet face-to-face one weekend per month, Friday and Saturday, on the UT Permian Basin campus or in pre-approved clinical settings, which require written agreements between the affiliating agency and UT Permian Basin. Other required activities will be web-enhanced or conducted through Blackboard.

Requirements for Admission to the RN-BSN Track are essentially the same as that of the generic BSN student with some variations. The essentials for the BSN are greater than and differ from the essentials for nurses educated at the associate degree and diploma levels in the skills for clinical reasoning, research, and public health, coordination of care, and leadership and management of patients with complex health care needs.

Admission Requirements for The RN-BSN Track:

1. Must hold a current RN license to practice professional nursing in Texas or other state recognized by the NCLEX-RN Council of Nursing.
2. Must be a graduate of a professional nursing program approved by the Texas State Board of Nursing, or appropriate State Board of Nursing.
3. Must be a graduate of a nationally accredited professional nursing program.
4. Must obtain successful admission to the University of Texas of the Permian Basin.
5. After admission to UT Permian Basin, the student must contact the Nursing Admission Officer for completion of the nursing degree plan.
6. Must apply to the RN-BSN nursing degree track of the UT Permian Basin nursing program.
7. The student must complete all of the Core Curriculum requirements and the Nursing Major pre-requisites with a "C" or better to earn the RN-BSN degree.

RN-BSN Track Transfer Credit

Transfer Credit granted by successful completion of the three (3) National League for Nursing Mobility Advance Placement Exams (26 credits)

Biology 2303 Introductory Nutrition (3 credits)

NURS 2300 Pharmacology and Pathophysiology (3 credits)

NURS 3330 Medical Surgical Nursing (3 credits)

NURS 3530 Medical Surgical Nursing Clinical (5 credits)
NURS 3240 Mental Health Nursing (2 credits)
NURS 3241 Mental Health Nursing Clinical (2 credits)
NURS 4310 Women's Health and Obstetrical Nursing (3 credits)
NURS 4311 Women's Health and Obstetrical Nursing Clinical (3 credits)
NURS 4210 Pediatric Nursing (2 credits)

RN-BSN Curriculum Degree Plan for the Nursing Major (30 credits)

RN-BSN Track Nursing Curriculum Degree Plan/Required Courses

Semester 1 (12 credits)

NURS 4150 Seminar I: Practice of Professional Nursing I (1 credit, 3 lab hrs/week)
NURS 4351 Theories and Issues in Professional Nursing & Health Care (3 credits)
NURS 3302 Spanish for Health Professionals (3 credits)
NURS 4250 Nursing Research and Quality Improvement Science (2 credits)
Approved Non-nursing elective (3 credits) (May choose from the following on-line courses: MNGT 3310 Management Concepts and Organizational Theory; MNGT 3312 Human Resource Management; MNGT 3370 Business and Society; MNGT 3311 Business Communications)

Semester 2 (13 credits)

NURS 4151 Seminar II: Practice of Professional Nursing II (1 credit)
NURS 4450 Clinical Nursing Leadership I (2 hrs didactic, 6 hrs clinical/week) (4 credits)
NURS 4313 Multicultural Public Health Nursing (3 credits)
NURS 4213 Multicultural Public Health Nursing: Clinical (6 hours clinical/week) (2 credits)
Required Nursing elective (3 credits)

Semester 3 (5 credits)

NURS 4152 Seminar III: Practice of Professional Nursing III (1 credit)
NURS 4451 Clinical Nursing Leadership II (2 hrs didactic, 6 hrs clinical/week) (4 credits)

College of Business and Engineering

Dr. Bill Price – Dean

Dr. Anshu Saran – Chair of Graduate Studies

Dr. Raj Desai – Chair of Undergraduate Studies

Dr. Forrest Flocker – Chair of Engineering and Technology

For Information Contact (432) 552-2170 or visit MB 2202

Bill Price, D.B.A.

Dean, College of Business and Engineering

Associate Professor of Management

Dr. Bill Price received his doctorate in business administration from Nova Southeastern University. He previously served as the associate dean for several years and taught a variety of business management courses – primarily in human resource management and business strategy. Prior to UTPB he taught at Howard Payne University as an Assistant Professor. For several years he has served as a board member for the Permian Basin Society for Human Resource Management (SHRM) and is certified as a Professional in Human Resources (PHR). Dr. Price has several years of experience in industry holding human resource management leadership positions. He also operated a real estate rental business. Prior to that, he completed a career in the Air Force where he flew bomber aircraft and served as a Lt. Colonel and staff officer. Dr. Price has written several research articles in the areas of strategic management and human resources.

Anshu Saran, Ph.D.

Chair of Graduate Studies

Associate Professor and Coordinator of Marketing

Chair of Business Graduate Programs

Dr. Anshu Saran earned his doctorate in International Business and Marketing from The University of Texas – Pan American. He joined academia after working in the corporate sector for 12 years. Dr. Saran teaches Marketing Research, Marketing Management at the undergraduate level, and Business Research Methods at the graduate level. He has published several papers in international journals such as *Business Horizons*, *Journal of Marketing for Higher Education*, and *International Journal of Electronic Marketing and Retailing*. His main research interests are international consumer behavior, marketing strategy, and scale development.

Raj Desai, D.I.T.

Chair of Undergraduate Studies

Coordinator of Industrial Technology

Associate Professor of Industrial Technology

Dr. Raj Desai is the founding faculty member of the Engineering and Technology Programs at the University of Texas of the Permian Basin. Dr. Desai received his Doctor of Industrial Technology degree from the University of Northern Iowa. He has a wide range of teaching experience. He has several years of industry experience in the areas of maintenance and management. His research interests are in the areas of leadership, innovation, and applied technology. He has several journal articles published in national and international journals.

Forrest Flocker, Ph.D.

Chair of Engineering and Technology

Coordinator of Mechanical Engineering

Associate Professor of Mechanical Engineering

Dr. Flocker received his doctorate in engineering mechanics from the Missouri University of Science and Technology. He has several years of experience teaching a wide variety of engineering courses. Prior to teaching, he worked as a production and maintenance engineer for the U.S. Army Aviation and Troop Support Command in St. Louis, Missouri, and as a consultant for the offshore oil industry in Houston, Texas. His areas of expertise are solid mechanics and machine design with current research interests in high-speed cam dynamics and optimization of engineering systems. He is currently licensed as a Professional Engineer in the States of Colorado, Indiana, and Missouri.

Our Vision

While never losing sight of the fact that our primary focus is to serve the Permian Basin region, we seek to advance our baccalaureate and graduate degree programs through continuous improvement to a level that students beyond the region will see us as a viable educational option.

Our Mission

The mission of the College of Business and Engineering at The University of Texas of the Permian Basin is to offer both undergraduate and graduate educational programs that are high quality and evolve with our ever changing economy; to foster the success of our students in their professional careers; to promote our community of scholars' excellence in teaching, intellectual contributions, and service; and to advance economic, energy, and technological development within our region.

Accreditation

The College of Business and Engineering is accredited by these agencies:

1. SACS (Southern Association of Colleges and Schools). This is the university regional accrediting body.

2. AACSB (Association to Advance Collegiate Schools of Business). This is the business program accrediting body. It applies to accounting, finance, management, marketing, and the business master's programs. It is considered the premier accrediting agency.
3. ABET (uses only initials). This is the engineering accrediting body. It applies to the mechanical engineering program; at the time of this publication the petroleum engineering program is under review for initial accreditation.

The College of Business and Engineering has an active chapter of Beta Gamma Sigma, International Honor Society. A student must be in the top 10% of the junior, senior, or graduate classes to be eligible for induction. Eligible students are inducted into Beta Gamma Sigma in the spring of each academic year.

Correspondence Coursework

The College of Business and Engineering does not offer courses by correspondence. A student may apply appropriate correspondence credit earned from a regionally accredited college or university toward a bachelor's degree subject to the following limitations:

1. No upper level business courses may be taken by correspondence.
2. A correspondence course may not be taken on a pass-fail basis, and no grade lower than a C will be accepted for correspondence credit.

Programs

BBA	Accountancy
BBA	Finance
BBA	Management
BBA	Marketing
BA	Economics
BS	Industrial Technology
BAAS	Industrial Technology
BS	Mechanical Engineering
BS	Petroleum Engineering

Requirements for the BBA Degrees, the BA Degree, the BS Degrees, and the BAAS Degree General Requirements

Degree and major	Minimum semester credit hours required	Minimum upper level credit hours required	Minimum upper level credit hours that must be taken at UTPB	Minor required
BBA (all majors)	120	48	30	No
BA (Economics)	120	48	30	Yes
BS (Industrial Technology)	120	48	30	No
BAAS (Industrial Technology)	120	42	30	Yes
BS (Mechanical Engineering)	126	61	31	No
BS (Petroleum Engineering)	126	59	30	No

To be eligible to receive a BBA in Accountancy, Finance, Management, or Marketing or a BA in Economics, at least 9 upper level semester credit hours of the required coursework in the major field must be successfully completed at The University of Texas of the Permian Basin. Required coursework in the major field includes specific required courses in the major field as well as electives required in the major field. The discipline coordinator must approve all upper level transfer hours in the major.

The College of Business and Engineering does not award double majors. Students desiring a double major should seek a second baccalaureate degree. Other general requirements depend on the degree and major.

The Texas Higher Education Coordinating Board has approved the Field of Study Curriculum for Business. The following Texas Common Course Numbering System (TCCNS) courses are fully transferable to The University of Texas of the Permian Basin to meet the Field of Study Requirements for Business: ECON 2301 and ECON 2302, MATH 1325, COSC (BCIS) 1305 or 1405, SPCH 1311 (with appropriate content only) or SPCH 1315 or SPCH 1321 (preferred), ACCT 2301 or ACCT 2401, and ACCT 2302 or ACCT 2402 only. The MATH and SPCH classes also meet General Education requirements.

Students who have not fulfilled the mathematics requirement of the Business Field of Study but who have at least three hours of college credit for a college-level mathematics course may take a Mathematics Placement Test for entry into MATH 1325. Students passing the placement test may take MATH 1325; otherwise students must take the sequence MATH 1324 and MATH 1325.

Grade Requirements

Students must earn a grade of “C” or better in all courses taught in the major for Accountancy, Finance, Management, Marketing, Economics, Industrial Technology, including the BAAS degree, and Mechanical Engineering.

The College of Business and Engineering has additional grade policies that apply to the BBA degrees.

1. The College of Business and Engineering requires a grade point average of 2.25 in the Lower Level Business Common Core Courses (or equivalent). The Lower Level Business Common Core consists of the following eleven courses: two courses in Mathematical Analysis (MATH 1324/1325 or MATH 2412/2413), two courses in English (ENGL 1301/1302), Speech (COMM 1315 or 1321), Computer Literacy (COSC 1335), two courses in Accounting (ACCT 2301/2302), one course in statistics (MNGT 2342), and two courses in Economics (ECON 2301/2302).
2. Students must achieve a minimum cumulative grade point average of 2.0 on all Upper Level Business Common Core and business elective courses to meet degree requirements.
3. Students majoring in Finance must earn a “C” or better in ECON 3322, FINA 3320, and any FINA course taken as an elective to meet degree requirements.

General Prerequisites to Upper Division Business Courses

Students Who Choose Undeclared Business as Their Major

The purpose of an Undeclared Business major is to permit students who are interested in a business major to enroll in Upper Level Business Core Courses and hence explore their options before declaring a major. Students who choose Undeclared Business as their major may not take upper level coursework beyond the Upper Level Business Common Core until they have enrolled in a business major of Accountancy, Finance, Management, or Marketing. The advisor assigned by the Success Center to the College of Business and Engineering will advise an Undeclared Business major.

Students Intending to Minor in a Business Discipline

A student majoring in another field outside the College of Business and Engineering may elect to minor in Business, Accountancy, Finance, Management, Marketing or Entrepreneurship by completing 18-21 credit hours in the designated minor. Each minor includes at least nine hours of upper division business courses. Students pursuing a minor in a business field may take upper division business courses beyond the list of open business classes below upon completion of 54 credit hours in their major degree plan including ENGL 1301 and 1302 and speech, a mathematics sequence, and computer literacy as required in their major as well as any specific course prerequisites.

Business Course Availability for Students not Pursuing a Business Major or Minor

The business majors in the College of Business and Engineering are Accountancy, Finance, Management, and Marketing. Upper division business courses are restricted to business majors and pre-majors, business minors, Industrial Technology (ITEC) majors and minors, Information Systems majors and minors, and students who meet the entrance requirements for being a business major or business minor. *Non-business majors, including business minors, may take no more than 25% of their undergraduate program in business.* This means, for example, that a student with a degree plan consisting of 120 credit hours may not take more than 30 credit hours of business courses (Accounting, Finance, Management and Marketing).

Specific Requirements for BBA Degrees in Accountancy, Finance, Management and Marketing

General Education

41-47 Credits

Complete the requirements shown in the General Education Requirements section of this catalog using the following specified courses to meet the mathematics and social sciences requirements:

Mathematics	MATH 1324/1325 or MATH 2412/2413 *
Social Science	PSYC 1301 and/or SOCI 1301 depending upon the major selected **

* Specific course prerequisites result in a requirement of MATH 1324 (or equivalent) for the Finance, Management, Marketing, Entrepreneurship, and Business minors Math 1324 & 1325 (or equivalent) for Accountancy minors.

** Management and Marketing majors must take both PSYC 1301 and SOCI 1301. Accounting majors may choose one or the other. Finance majors are not required to take either. Instead, ECON 2301 or ECON 2302 satisfies the General Education Social Science requirement for a Finance major.)

Lower Level Business Courses

ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
COSC 1335	Computers & Problem Solving	3
ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
		18 Credits

Upper Level Business Common Core Courses

All candidates for BBA degrees must complete a basic business administration core of 27 credits. The basic business administration core provides students with a common body of knowledge in business administration. Students' programs include the following courses:

ACCT 3333/ MNGT 3333 ECON 3xxx/ 4xxx	Information System Fundamentals Approved Elective Course	3 3
FINA 3320	Principles of Finance	3
MNGT 3310	Management Concepts and Organizational Theory	3 3
MNGT 3311	Business Communications	3
MNGT 3324	Business and the Law	3
MNGT 3340	Production Operations Management	3
MNGT 4375	Strategic Management	3
MRKT 3300	Principles of Marketing	3
		27 Credits

NOTE: Major area courses of study designated as 3xxx/4xxx level courses at U. T. Permian Basin are to be taken by junior or senior students at a four year institution. These may not be transferred from a junior/community college even though courses taken may have a similar title. ECON 3322 is the required advanced Economics course for Finance majors.

Required Upper Level Courses Per Discipline

Required Courses beyond the Business Core for a BBA in Accountancy:

ACCT 3301, ACCT 3302, ACCT 3303, ACCT 3305, ACCT 4306, ACCT 4311, 3 hour approved upper division accounting elective, and 9 hours of approved business electives. 30 Credits.

Required Courses beyond the Business Core for a BBA in Finance:

FINA 4320, FINA 4321, FINA 4322, FINA 4323, FINA 4325, FINA 4427, FINA 4340, an Accounting Tools Course (ACCT 3301 or 3310), an Economics Tools Course (ECON 3303 or 4307), and 6 hours of approved electives selected from the following: ACCT 3302 (if ACCT 3301 is selected as the Tools Course); ACCT 3303; ECON 3303 or 4307 (whichever is not used as the Tools Course); ECON 4334; or 4000 level elective FINA courses. 34 Credits.

Required Courses beyond the Business Core for a BBA in Finance with an Accounting Concentration:

FINA 4320, FINA 4323, FINA 4325, FINA 4427, FINA 4321 or FINA 4322, ACCT 3301, ACCT 3302, 6 hours of approved upper level accounting electives, and 6 hours of approved upper level finance electives. 34 Credits.

Required Courses beyond the Business Core for a BBA in Finance with an Economics Concentration:

FINA 4320, FINA 4323, FINA 4325, FINA 4427, FINA 4321 or FINA 4322, 6 hours of approved upper level Finance electives, ECON 3303, ECON 4323, and 6 hours of approved upper level Economics electives. 34 Credits.

Required Courses beyond the Business Core for a BBA in Finance with a Financial Management Concentration:

FINA 4320, FINA 4323, FINA 4325, FINA 4427, FINA 4321 or FINA 4322, 3 hours of accounting tools courses (ACCT 3301, ACCT 3303 or ACCT 3310), MNGT 3312, MNGT 3330, 6 hours of approved upper level management or marketing electives, and 3 hours of approved upper level finance electives. 34 Credits.

Required Courses beyond the Business Core for a BBA in Finance with a Certificate in Energy Business:

FINA 4320, FINA 4323, FINA 4325, FINA 4427, FINA 4321 or FINA 4322, an Accounting Tools Course (ACCT 3301, 3303, or 3310), an Economics Tools course (ECON 3303, 4307, 4323, or 4325), FINA 4331, and 9 hours of approved upper level energy-related electives offered by the College of Business and Engineering. 34 Credits.

Required Courses beyond the Business Core for a BBA in Management:

MNGT 3312, MNGT 3330, MNGT 3370, 9 hours of approved upper level management electives, and 9 hours of approved upper level business electives. 27 Credits.

Required Courses beyond the Business Core for a BBA in Management with an Entrepreneurship Concentration:

MNGT 3312, MNGT 3330, MNGT 3370, 9 hours of approved upper level management electives, and 9 hours of approved upper level business electives (where 12 hours of the management and business electives are taken in approved entrepreneurship related business courses). 27 Credits.

Required Courses beyond the Business Core for a BBA in Management with an Energy Concentration:

MNGT 3312, MNGT 3330, MNGT 3370, 9 hours of approved upper level management electives, and 9 hours of approved upper level business electives (where 12 hours of the management and business electives are taken in approved energy-related business courses). 27 Credits.

Required Courses beyond the Business Core for a BBA in Marketing:

MRKT 3307, MRKT 3315, MRKT 4312, MRKT 4314, 6 hours of approved marketing electives, and 9 hours of approved business electives. 27 Credits.

Certificate in Energy Business

The Certificate in Energy Business offers the business students specialized knowledge in petroleum energy. The requirement for an Energy Business Certificate is to complete a Bachelor of Business Administration (BBA) degree with a major (in accountancy, finance, management, and marketing) with the inclusion of 4 courses in energy at the University of Texas of the Permian Basin. Students must achieve a grade of C or better in the 4 energy-related courses for 12 credit hours. The Certificate in Energy Business program has been approved by the University of Texas System Board of Regents.

Approved business energy related courses for a Certificate in Energy Business:

ACCT	4310	Oil & Gas Accounting	3
FINA	4331	Energy Finance	3
MNGT	3309	Energy Management	3
MNGT	4309	Landman Principles	3
MNGT	4324	Oil & Gas Law	3
MNGT	4325	Environmental Law & Regulation in the Energy Industry	3
MNGT	4326	Real Property Law	3
MNGT	4350	Negotiations	3
MRKT	43xx	Energy Marketing	3
PTEC	3301	Petroleum Fundamentals	3
Total Hours Required for a Certificate in Energy Business			12 hours

Other 3 credit hours of energy courses must be approved by the Coordinator of Energy Business (Dr. Shuming Bai, bai_s@utpb.edu).

Business Minor

The Business minor gives the non-business student a broad-based background in the field. Non-business students wishing to gain an understanding of commercial ventures or pursue a Master of Business Administration (MBA) degree would be well served with this minor.

Required Courses for a Business minor

ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 3310	Management Concepts and Organizational Theory	3
MRKT 3300	Principles of Marketing	3
At least 3 credit hours of upper level Business courses approved by the Coordinator of Business Studies		3
		21 Credits

Students pursuing a Business minor must meet all prerequisites of courses included in the minor. See the course descriptions in the major area to ascertain the prerequisites for each course. At least 50% of upper level business credit hours in the minor must be taken at U.T. Permian Basin.

Economics majors pursuing a Business minor must take at least 6 additional credit hours of approved upper division business electives due to overlapping courses between their major and a Business minor (ECON 2301 & ECON 2302).

Business minors seeking preparation for a MBA degree should choose a management elective (course prefix MNGT) to meet the criteria to waive ACCT 6301, ECON 6301 and MNGT 6360 in the UTPB MBA program, reducing the MBA program requirements from 48 to 39 credit hours. The Graduate Catalog or Chair of Graduate Studies should be consulted for additional information about preparation for the MBA degree.

Students who are seeking a teaching field in Business Administration must choose MNGT 3324 and three hours from FINA 3320 or ECON 3322 and must complete MNGT 2342 and COSC 1335. The Certification Officer should be consulted for additional information about preparation for teaching business administration.

Business Discipline Specific Minors

Business Discipline Specific minors are available for Accountancy, Finance, Management, and Marketing, and Entrepreneurship. Each minor gives the non-business student a specialized background in the selected field. At least 50% of upper level business credit hours in the minor must be taken at U.T. Permian Basin.

Students pursuing a Business Discipline Specific minor must meet all prerequisites of courses included in the minor, even if these prerequisites cause the minor coursework to exceed the number of credit hours listed below. See the course descriptions in the major area to ascertain the prerequisites for each course.

Required Courses for Accountancy Minor:

ACCT 2301, ACCT 2302, ACCT 3301, ACCT 3302, ACCT 3303, and ACCT 3305. 18 Credits.

Required Courses for Finance Minor:

ACCT 2301, ECON 2302, MNGT 2342 (or equivalent), FINA 3320, and 6 credit hours of approved upper level Finance courses. 18 Credits.

Economics majors selecting a Finance Minor must take ACCT 2301, FINA 3320, FINA 4323, FINA 4325, FINA 4427, and 3 credit hours of approved upper level Finance courses. 19 credits.

Required Courses for Management Minor:

MNGT 3310, MNGT 3311, MNGT 3312, MNGT 3330, MNGT 3370, and any 3 hours of approved upper division management courses except MNGT 4375. 18 Credits.

Required Courses for Marketing Minor:

MRKT 3300, MRKT 3315, MRKT 4314, and any 9 hours of approved upper division marketing courses. 18 Credits.

Required Courses for Entrepreneurship Minor:

ACCT 2301, ACCT 2302, ECON 2301, ECON 2302, MRKT 3304, MNGT 3318 and MNGT 4330. 21 Credits

Specific Requirements for the BA Degree in Economics

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog. Include the following specified courses:

Mathematics	MATH 1324 & 1325 or MATH 2412 & 2413
Social Science	PSYC 1301 or SOCI 1301

An economics major who pursues a **General Degree in Economics** is required to compete the following coursework:

ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
ECON 3303	Intermediate Microeconomics	3
ECON 4323	Intermediate Macroeconomics	3
Upper Level Economics Electives		12
		27 Credits

Additional courses necessary to complete a minor and sufficient upper division electives to complete 48 upper division hours and 120 total hours

An economics major who pursues a **Business Concentration** is required to compete the following coursework:

ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
ECON 3303/4325	Intermediate Microeconomics or Managerial Economics	3
ECON 4323	Intermediate Macroeconomics	3
ECON 3322	Money and Banking	3
ECON 4330	Economics of Industry	3

ECON 4331	Law and Economics	3
ECON 4334	Financial Economics	3

Specific Requirements for the BS Degree in Industrial Technology

General Education Core Courses 42 credits

Communication: ENGL 1301, ENGL 1302	6 SCH
Mathematics: MATH 1324	3 SCH
Life and Physical Sciences: GEOL 1301, GEOL 1101, GEOL 1302, GEOL 1102 or equivalent	8 SCH
Language, Philosophy & Culture <i>Notes: eligible courses are COMM 1301, ENGL 2322, ENGL 2323, ENGL 2327, ENGL 2328, UNIV 1301, and UNIV 1302.</i>	3 SCH
Creative Arts <i>Notes: eligible courses are ARTS 1301, DRAM 1310, MUSI 1306, and MUSI 2310.</i>	3 SCH
American History: HIST 1301, HIST 1302	6 SCH
Government/Political Science <i>Notes: eligible courses are PLSC 2305, PLSC 2306, and UNIV 2301.</i>	6 SCH
Social and Behavioral Sciences: either PSYC 1301 or SOCI 1301	3 SCH
Component Area Option COMM 1315	4 SCH
1 credit hour from either COMM 1115 or a third approved science lab	

Industrial Technology Lower Division Required Courses **20** **credits**

MATH 1325 – Applications of Continuous Mathematics
 ENGR 1204 – Engineering Graphics
 COSC 1335 - Computers and Problem Solving
 ACCT 2301 - Principles of Financial Accounting
 ECON 2301 – Principles of Macroeconomics
 ECON 2302 – Principles of Microeconomics
 MNGT 2342 – Principles of Statistics

Upper Level Industrial Technology Core Courses **18** **Credits**

All candidates for BSIT degrees must complete a basic industrial technology core of 18 credits. The basic industrial technology core provides students with a common body of knowledge in industrial technology. Students' programs include the following courses:

ITEC 3307	Project Management	3
ITEC 3305	Safety, Health, and the Environment	3
ITEC 3380	Managing Technology (MNGT 3380)	3
ITEC 4380	Total Quality Management (MNGT 4380)	3
MNGT 3310	Management Concepts & Organization Theory	3
MNGT 3312	Human Resource Management	3

NOTE: Major area courses of study designated as 3xxx/4xxx level courses at U. T. Permian Basin are to be taken by junior or senior students at a four year institution. These may not be transferred from a junior/community college even though courses taken may have a similar title.

Other Required Upper Level Courses	40 Credits
27 hours of approved industrial technology major elective courses.	27 Credits
Upper Level Free Electives (any discipline)	10 Credits
ITEC 4392 – Internship	3 Credits

BAAS Industrial Technology Option

Requirements for the BAAS Industrial Technology Option

The minimum total credits required for a BAAS degree is **120**. The purpose of the Bachelor of Applied Arts and Science (B.A.A.S.) program is to offer career advancement opportunities to students who have previously earned the Associate of Applied Science (A.A.S.) degree. The BAAS degree will enhance students' technical education and will prepare them with leadership skills relevant in their respective working environments.

Specific Requirements for the BAAS Industrial Technology Option

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog. Fifteen semester credit hours from the General Education Requirements category taken as part of the A.A.S. degree can also be applied to satisfy the University's General Education Requirement section of the B.A.A.S degree.

Computer Use

3 Credits

All majors must demonstrate a basic use of computing through completion of COSC 1335, or through examination, or through a similar computer science course that requires the actual use of computers.

BAAS Industrial Technology Core Courses

18 Credits

(MNGT 3310, MNGT 3311, MNGT 3312, MNGT 3330, MNGT 3370, MNGT 33xx/43xx)

Applied Arts and Science Requirements

51 Credits

30 SCH – Technical Field of A.A.S. Degree

21 SCH – Upper-Division Courses

The B.A.A.S will only be available to students transferring to the University with an A.A.S. degree or its equivalent. A block of 30 semester credit hours (SCH) from the technical field of the A.A.S. degree will be applied to the B.A.A.S. degree. Students must complete at least 21 SCH in upper division courses related to their AAS specialty.

Industrial Technology Major Courses

ITEC 3305	Safety, Health, and the Environment	3
ITEC 3307	Project Management	3
ITEC 3310	Manufacturing Technology	3
ITEC 3340	Facilities Design	3
ITEC 3380	Managing Technology	3
ITEC 3390	Technology and Society	3
ITEC 4302	Innovation	3
ITEC 4303	Environmental Technology	3
ITEC 4310	Energy Technology	3
ITEC 4340	Construction Technology	3

ITEC 4380	Total Quality Management	3
PTEC 3301	Petroleum Fundamentals	3
PTEC 3302	Petroleum Fluids and Natural Gas Technology	3
PTEC 3304	Drilling Technology	3
PTEC 4301	Petroleum Production Technology	3
PTEC 4302	Pipeline Technology	3
PTEC 4304	Wireline, Mud, and Core Analysis	3
PTEC 4305	Petroleum Reservoirs	3
Upper Division Elective		3
Upper Division Elective		3

Other Required Upper Level Courses

6 Credits

In addition, all B.A.A.S. students must complete BAAS 4393 (Senior Project) and all B.A.A.S. Industrial Technology option students will be required to have a supervised internship (ITEC 4392).

Specific Requirements for the BS Degree in Mechanical Engineering

A minimum of 126 semester credit hours is required for the Bachelor of Science (BS) degree in Mechanical Engineering. This degree requires a minimum of 61 upper division hours. Since all students seeking a BS degree in Mechanical Engineering are required to take a cross-section of courses from a variety of engineering disciplines, the School does not award double majors. Students desiring a double major should seek a second baccalaureate degree. Minors are not required of students seeking a BS degree in Mechanical Engineering.

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog including the following specified courses:

Communication,	ENGL 1301, 1302
Mathematics,	MATH 2413
Life and Physical Sciences,	CHEM 1311, PHYS 2325
American History,	HIST 1301, 1302
Government/Political Science,	PLSC 2305, 2306
Component Area Option,	COMM 1315, CHEM 1111, PHYS 2125

Mechanical Engineering Lower Division

23 Credits

MATH 2424 – Calculus II
MATH 2415 – Calculus III
PHYS 2326 – University Physics II
PHYS 2126 – University Physics II Laboratory
ENGR 1204 – Engineering Graphics
ENGR 2301 – Engineering Mechanics: Statics
ENGR 2302 – Engineering Mechanics: Dynamics
ENGR 2305 – Fundamentals of Circuit Analysis

Mechanical Engineering Upper Division

55 Credits

MATH 3301 – Statistics
MATH 3310 – Linear Algebra
MATH 3320 – Differential Equations
ENGR 3303 – Introduction to Material Science

ENGR 3326 – Engineering Economics
 ENGR 3375 – Introduction to Thermodynamics
 ENGR 3332 – Mechanics of Materials
 ENGR 3354 – Introduction to Fluid Mechanics
 ENGR 4195 – Professional Practice
 MENG 3206 – Mechanical Engineering Laboratory I
 MENG 3324 – Manufacturing Processes
 MENG 3348 – Computer-Aided Mechanical Engineering Design
 MENG 3351 – Heat Transfer
 MENG 3356 – Fluid Mechanics II
 MENG 3364 – Mechanical Design I
 MENG 3376 – Thermodynamics II
 MENG 4205 – Thermo-Fluids and Mechanical Systems Laboratory
 MENG 4206 – Mechanical Engineering Laboratory II
 MENG 4366 – Senior Design I
 MENG 4368 – Senior Design II

**Mechanical Engineering Upper Division
 Elective Courses (choose two)**

6 Credits

MENG 4311 – Automatic Controls
 MENG 4365 – Vibrations
 MENG 4370 – Mechanical Design II
 MENG 4372 – Thermo-Fluid Component and Systems Design

Mechanical Engineering (Nuclear Track) Lower Division

19 Credits

MATH 2414 – Calculus II
 MATH 2415 – Calculus III
 PHYS 2326 – University Physics II
 PHYS 2126 – University Physics II Laboratory
 ENGR 1204 – Engineering Graphics
 ENGR 2301 – Engineering Mechanics: Statics
 ENGR 2302 – Engineering Mechanics: Dynamics
 ENGR 23056 – Fundamentals of Circuit Analysis

Mechanical Engineering (Nuclear Track) Upper Division

61 Credits

PHYS 3310 – Introduction to Nuclear Physics
 MATH 3301 – Statistics
 MATH 3320 – Differential Equations
 ENGR 3303 – Introduction to Material Science
 ENGR 3375 – Introduction to Thermodynamics
 ENGR 3332 – Mechanics of Materials
 ENGR 3354 – Introduction to Fluid Mechanics
 ENGR 4195 – Professional Practice
 MENG 3206 – Mechanical Engineering Laboratory I
 MENG 3348 – Computer-Aided Mechanical Engineering Design
 MENG 3351 – Heat Transfer

MENG 3356 – Fluid Mechanics II
 MENG 3364 – Mechanical Design I
 MENG 3376 – Thermodynamics II
 MENG 4205 – Heat Transfer and Fluid Mechanics Laboratory
 MENG 4366 – Senior Design I
 MENG 4368 – Senior Design II
 NENG 3301 – Introduction to Nuclear Power
 NENG 4211 – Nuclear Engineering Laboratory
 NENG 4311 – Radioactive Materials Processing and Waste Management
 NENG 4321 – Nuclear Reactor Engineering
 NENG 4331 – Radiation and Radiation Protection

Accountancy

Wilma R. Dye, Ph.D.

Associate Professor of Accountancy

Dr. Wilma Dye received a doctorate in accounting from Texas Tech University and is an associate professor of accountancy. She specialized in taxation in her master's and doctorate programs. She has her CPA certification and worked for several years in the accounting profession, both in public and private firms.

Administered by the College of Business and Engineering, Accountancy is a discipline involving quantitative and qualitative information essential to the decision-making functions required in every type of organization.

The Bachelor of Business Administration (BBA) degree with a major in Accountancy affords the opportunity for students to prepare for careers in managerial, governmental and not-for-profit accounting. Individuals who have earned a BBA degree with a major in Accountancy are encouraged to seek appropriate professional certifications such as CMA (Certified Management Accountant), CIA (Certified Internal Auditor), CCE/CMA (Certified Cost Estimator/Analyst), CFP (Certified Financial Planner), CFE (Certified Fraud Examiner), and CFM (Certified Financial Manager). Individuals wishing to qualify for these certifications will generally be required to hold at least a baccalaureate degree or have a CPA Certificate.

Students who wish to pursue the CPA (Certified Public Accountant) designation need 150 credit hours to meet Texas Certification requirements. Students seeking to become a CPA are advised to follow the BBA in Accountancy with a Master of Professional Accountancy (MPA) degree or a Master of Business Administration (MBA) degree. For more information on this degree, please refer to the appropriate section of the Graduate Catalog. BBA students should work closely with an academic advisor in preparing for the MPA or MBA degree in order to avoid additional courses. A Dual Degree Program leading to a concurrent BBA and MPA is available for qualified students. The Dual Degree Program description and requirements follow the BBA requirements below.

Degree Requirements

The minimum total credits required for a BBA degree in Accountancy is **120**.

General Education

44 Credits

Complete the requirements shown in the General Education Requirements section of this catalog using the following specified courses to meet the mathematics and social sciences requirements:

Mathematics MATH 1324 & 1325 or MATH 2412 & 2413 or equivalent
 Social Science SOCI 1301 or PSYC 1301

Computer Use

Accountancy majors obtain skills in using computers in problem-solving in COSC 1335 (BCIS 1305 or 1405), a required lower-division course. ACCT 3333/MNGT 3333, a required core business course, includes further development of these skills and their application in a business context in preparation for their use in other upper division business courses, especially ACCT 4311. All accounting courses in the curriculum require some level of computer or Internet skills.

Lower Level Business Courses

18 Credits

Complete the requirements shown in the Lower Level Business Courses section of this catalog.

Upper Level Business Common Core Courses

27 Credits

Complete the requirements shown in the Upper Level Business Common Core Courses section of this catalog.

Other Required Upper Level Courses

ACCT 3301	Intermediate Accounting I	3
ACCT 3302	Intermediate Accounting II	3
ACCT 3303	Cost Accounting Principles	3
ACCT 3305	Federal Income Tax	3
ACCT 4306	Introduction to Auditing	3
ACCT 4311	Accounting Information Systems	3
Approved 3 hour upper division ACCT elective		3
Approved 9 hours of Business electives		9
Additional elective credit to meet the requirement of 120 credit hours		1
		31 Credits

Accountancy Minor

A minor in Accountancy consists of a total of 18 credit hours.

Lower Level Courses

ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
		6 Credits

Upper Level Courses

ACCT 3301	Intermediate Accounting I	3
ACCT 3302	Intermediate Accounting II	3
ACCT 3303	Cost Accounting Principles	3
ACCT 3305	Federal Income Tax	3
		12 Credits

Dual Degree Program

The Dual Degree Program in Professional Accountancy provides academically qualified students with the opportunity to add the depth of knowledge available through the Master of Professional Accountancy program to the breadth of the Bachelor of Business Administration degree in an accelerated program that reduces the overall credits for the two degrees to 150 credit hours. Upon completion of the 150 hours specified in the following plan of study, students will be awarded both a BBA and an MPA. No degree will be awarded until all requirements of the Dual Degree Program have been satisfied.

Admission into the Dual Degree Program in Professional Accountancy is open to all students who submit the required application materials and who satisfy the following requirements:

1. Submission of a Graduate Application indicating the Dual Degree Program.
2. Completion of at least three of the following four courses with a grade of B or better in each course and a combined GPA of at least 3.25: ACCT 3301, ACCT 3302, ACCT 3303, or ACCT 3305. Cumulative GPA of at least 3.0.
3. Completion of the GMAT. To qualify for admission, the combination of the GMAT score and cumulative GPA must be such that $GPA \times 200 + GMAT \geq 1,120$ (Ex: 3.5 GPA and 500 GMAT score or 3.0 GPA and 600 GMAT score).

Students who do not qualify for the Dual Degree Program but who wish to pursue the MPA degree may do so by first completing the BBA degree in Accountancy and then applying for admission into the MPA program. Requirements for admission into the MPA program are discussed in the Master of Professional Accountancy section of the Graduate Catalog.

The undergraduate degree requirements for the Dual Degree Program differ from the undergraduate program in two ways:

1. The major accounting requirements are reduced to 18 credit hours by omitting the requirement of an accounting elective.
2. The business elective requirement is reduced to 6 credit hours.

These differences change the sample undergraduate degree plan in the senior year spring semester to begin graduate studies by replacing the accounting elective and 3 credit hours of undergraduate business elective with two graduate business courses.

Degree candidates in the Dual Degree Program are required to maintain a GPA of at least 3.0 in every semester after being admitted to the program. Students in the Dual Degree Program will begin paying graduate tuition and related fees for all courses during the first semester in which the student enrolls in a graduate class.

Course Listing

ACCT 2301 Principles of Financial Accounting (3)

Introduction to concepts and principles of accounting, to include: recognition, analysis, measurement and recording of monetary information in business transactions. Emphasis of the course will be on understanding financial reporting for external users. Prerequisites: Sophomore standing and Math 1324 or equivalent. FS

ACCT 2302 Principles of Managerial Accounting (3)

Introduction to the use of financial and non-financial accounting information for management, decision making, and control. Prerequisites: ACCT 2301 and MATH 1324 or equivalent. FS

ACCT 3301 Intermediate Accounting I (3)

In-depth study of accounting theory, generally accepted accounting principles and the techniques involved in measuring, recording, summarizing and reporting financial data for business organizations. Prerequisites: ACCT 2301 with a grade of "C" or better and ACCT 2302. FS

ACCT 3302 Intermediate Accounting II (3)

Continuation of the in-depth study of accounting principles and techniques that was started in Accounting 3301. Prerequisite: ACCT 3301 with a grade of "C" or better. FS

ACCT 3303 Cost Accounting Principles (3)

The study of the accumulation, measurement, assignment and analysis of costs to satisfy management objectives for planning, control and evaluation. Prerequisites: Math 1325, or its equivalent, ACCT 2301 and ACCT 2302 with a grade of "C" or better. FS

ACCT 3305 Federal Income Tax (3)

Introduction to the federal tax system as it applies to individuals, corporations and partnerships. Current income tax concepts and research methods are introduced for use in problem solving and planning in taxation. Prerequisites: ACCT 2301 and ACCT 2302. FS

ACCT 3310 Accounting for Business Decision-Makers (3)

How cash flow-based management decisions are measured and disclosed through the financial information system of a business entity. Covers financing, investing and operating activities. Not to be taken by accounting majors. Credit will not be given for both ACCT 3301 and ACCT 3310. Prerequisite: ACCT 2301

ACCT 3333 Information System Fundamentals (3)

Introduction to the organizational and managerial foundations of information systems. The role of information systems in enhancing business processes and management decision making is emphasized. Students experience use of business application software in problem solving. Prerequisites: COSC 1335 (BCIS 1305 or 1405). Cross listed with MNGT 3333. FS

ACCT 3338 Information Systems Applications (3)

Introduction to database design in a business framework. Students participate in a comprehensive project using knowledge, skills, and abilities acquired. Prerequisite: ACCT 3333/MNGT 3333.

ACCT 4300 Advanced Accounting (3)

Development of the principles and techniques of accounting for business combinations and consolidations, partnerships and multinational business organizations. Prerequisites: ACCT 3301 and ACCT 3302 with grades of "C" or better.

ACCT 4304 Governmental and Not-for-Profit Accounting (3)

Study of accounting theory and applications related to financial data accumulation and reporting in governmental, hospital, university and other not-for-profit organizations. Prerequisites: ACCT 3301 with a grade of "C" or better and concurrent enrollment or successful completion of ACCT 3302.

ACCT 4306 Auditing (3)

Fundamentals of assurance services are covered including risk analysis, evaluation of internal control, audit planning, testing and reporting. Prerequisites: MNGT 2342 and the following courses with a grade of "C" or better: ACCT 3301, and either ACCT 3302 or ACCT 4311 S

ACCT 4310 Oil and Gas Accounting (3)

Accounting and taxation principles and procedures for the petroleum industry. Topics include exploration, leasing, drilling and production problems. Prerequisites: ACCT 3301 with a grade of "C" or better or ACCT 3310 with a grade of "C" or better.

ACCT 4311 Accounting Information Systems (3)

A systems approach to evaluate, plan, and implement accounting information systems. Includes the analysis of and use of appropriate technology. Prerequisites: ACCT 3301 or ACCT 3310 and ACCT 3333 (MNGT 3333) or COSC 3315. FS

ACCT 4340 Financial Statement Analysis (3)

An integrative course using ratio and trend analysis to evaluate a company's financial position through time, among its domestic and international industry competitors and within the global economy. Accounting recognition and disclosure requirements used to interpret publicly available information and apply conclusions to investment and lending decisions. Relevant macroeconomic and financial information resources applied. Prerequisites: ACCT 3301 or 3310, and FINA 3320.

ACCT 4389 Selected Topics in Accounting (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite varies.

ACCT 4391 Contract Study in Accounting (3)

An individual independent study course or research project that addresses a topic not offered in the curriculum. Prerequisite varies.

ACCT 4392 Internship (3)

A supervised field experience as an accounting professional that enables the student to explore career options. Internship must involve work that is substantially accounting in nature with job responsibilities similar to those that a full-time employee would face. May be taken only once for credit. Prerequisites: ACCT 3301, ACCT 3302, and either ACCT 3303 or ACCT 3305 with grades of "C" or better and three additional hours of upper-level accounting; minimum GPA of 2.5 overall and 2.75 in the major and permission of academic advisor and faculty internship advisor.

Suggested Courses by Semester: BBA in Accountancy

Economics

Scott A. Carson, Ph. D.

Professor of Economics

Dr. Carson is a professor of economics in the College of Business and Engineering. His research interests include labor economics and labor market development, the interaction between economics and health, and the influences of institutions on economic growth. Dr. Carson's current research considers the biological consequences of America's 19th century transformation in the Deep South from slavery to free labor on both African-Americans and European-Americans. Dr. Carson is a Research Fellow at the University of Munich and teaches the summer microeconomics and econometrics courses at the University of California – Berkeley.

The Economics program is designed to afford students the opportunity to prepare as economists or to serve other disciplines, such as accounting, finance, management, marketing, government, education, sociology or history. Economics includes two broad areas: microeconomics and macroeconomics.

A basic understanding of economics is essential for a well-informed citizenry since most of today's problems have important economic aspects. It is also a vital discipline for, and is of practical value in, business decision-making. An understanding of the overall operation of the economic system puts businesses in a better position to formulate policies.

Microeconomics is an area applicable to any study of human endeavor where scarce resources must be allocated among competing uses. It is the study of humankind's behavior in producing, exchanging and consuming material goods and services. Macroeconomics includes the study of the performance of the economy as a whole and includes such problems as inflation, unemployment and the rate of economic growth. Both areas include forecasting, a skill enabling individuals, firms and governmental bodies to adjust to anticipated economic conditions. In economics, problems are examined from a social, rather than an individual, point of view.

A Bachelor of Arts (BA) degree in Economics aims to prepare students for participation in public affairs, positions in business and government service. It offers a strong foundation for pre-law students and for further graduate study leading to teaching and research positions in universities, government and private enterprise.

Degree Requirements

The minimum total credits required for a BA degree in Economics is 120. This degree requires a minor field of study.

General Education

42 Credits

Complete the requirements shown in the General Education Requirements section of this catalog, including the following specified courses:

Mathematics	MATH 1324 & 1325 or MATH 2412 & 2413
Social Science	SOCI 1301 or PSYC 1301

Computer Use

Economics majors obtain computer skills for problem-solving in COSC 1335 (BCIS 1305 or 1405), a required lower-division course. These skills are applied to solving economic problems in upper division core courses, such as MNGT 2342 and ECON 4307.

An economics major who pursues a **General Degree in Economics** is required to compete the following coursework:

ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
ECON 3303	Intermediate Microeconomics	3
ECON 4323	Intermediate Macroeconomics	3
Upper Level Economics Electives		12
		27 Credits

Additional courses necessary to complete a minor and sufficient upper division electives to complete 48 upper division hours and 120 total hours

An economics major who pursues a **Business Concentration** is required to compete the following coursework:

ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
ECON 3303	Intermediate Microeconomics	3
ECON 4323	Intermediate Macroeconomics	3
ECON 3322	Money and Banking	3
ECON 4330	Economics of Industry	3
ECON 4331	Law and Economics	3
ECON 4334	Financial Economics	3
		27 Credits

Additional courses necessary to complete a minor and sufficient upper division electives to complete 48 upper division hours and 120 total hours

Economics Minor

ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
ECON 3303	Intermediate Microeconomics	3
ECON 4323	Intermediate Macroeconomics	3
Any additional approved Economics courses at the 3000 or 4000 level totaling 6 hours.		6

18 Credits

Course Listing

ECON 2301 Principles of Macroeconomics (3)†

A description of major economic problems facing modern societies is presented together with how the capitalistic market system addresses these issues. The emphasis is on macroeconomics theory and practice. Prerequisite: Sophomore standing. S F

ECON 2302 Principles of Microeconomics (3)

Individual consumer and producer choices are analyzed. Emphasis is placed on supply and demand relationships, utility concepts, and cost and revenue curves as they relate to price theory and various forms of competition. Completion of ECON 2301 is recommended, but not required. Prerequisite: Sophomore standing. S F

ECON 3303 Intermediate Microeconomics (3)

A detailed study of the underlying assumptions of rational consumer behavior is studied. This is combined with the expected actions of profit-motivated firms under perfect and imperfect competitive conditions to analyze economic efficiency of different market structures. Prerequisite: ECON 2302. S

ECON 3322 Money and Banking (3)

The course describes how banks, the Federal Reserve and U.S. Treasury interact to determine money supplies. Recent and current attempts to control inflation and unemployment are highlighted. Prerequisites: ECON 2301 and ECON 2302. F

ECON 4307 Econometrics (3)

The course focuses on applied econometrics including estimating and testing simple, multiple, and simultaneous equation models. It further covers problems in multicollinearity, autocorrelation, generalized least squares and instrumental variables. Prerequisites: MNGT 2342. S

ECON 4320 International Trade (3)

An examination of the monetary and real aspects of trade, including foreign exchange rates, balance of payments problems, and the theories concerning the reasons for trade. Prerequisites: ECON 2301 and ECON 2302.

ECON 4323 Intermediate Macroeconomics (3)

Theories of output, employment, price level and growth rate are developed. Relationships between accepted theories and actual data in recent years are analyzed. Prerequisite: ECON 2301. F

ECON 4325 Managerial Economics (3)

Uses economic analytical tools including demand forecasting, resource allocation, and cost profitability for managerial decision making are presented. Prerequisites: MNGT 2342; ECON 2301 and ECON 2302.

ECON 4330 Economics of Industry (3)

A study is made of the market processes which direct industry to satisfy societal demands, how these processes may fail, and possible remedies. Prerequisites: ECON 2301; 2302, and 3303. S

ECON 4331 Law and Economics (3)

The course covers common law allocative mechanisms of contract, tort, and property law as alternatives to collective intervention when markets fail. It also includes consideration of the economic logic of law. Prerequisites: ECON 2301 and ECON 2302.

ECON 4332 Labor Economics (3)

Course includes the study of labor market issues such as human capital, compensating wage differentials, migration, and the effects of institutions on labor market outcomes. It is recommended to any one who wants to understand the nature of labor market economics but is particularly valuable to potential managers. Prerequisites: ECON 2301 and ECON 2302. S

ECON 4333 Business and Economic History (3)

The course covers the transformation of the United States from a rural, agricultural colony to a major industrial nation and its impact on households, firms, and governmental units. It emphasizes economic growth and the evolution of the modern corporation. Prerequisites: ECON 2301 and ECON 2302. F

ECON 4334 Financial Economics (3)

Course includes the economic theory that underscores modern finance. Topics include portfolio theory, the capital asset pricing model, efficient market hypothesis, asset evaluation, the bond market, and an introduction to option pricing theory. Prerequisite: Econ 2302.

ECON 4335 Mathematical Economics (3)

Select topics illustrating the application of mathematics to economic theory. Topics include linear algebra, differential and integral calculus, constrained optimization and differential equations. This course is intended for upper division business, economics, engineering, and mathematics students. Prerequisite: Math 1325.

ECON 4389 Selected Topics in Economics (3)

These are undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite varies.

ECON 4391 Contract Study in Economics (3)

This course provides for individual independent study or research project that addresses a topic not offered in the curriculum. Prerequisite varies.

ECON 4392 Internship (3)

A supervised field and academic experience. May be repeated once for credit for distinctly different learning experiences. Prerequisite: Twelve credit hours of ECON and minimum GPA of 2.5 overall and 2.75 in the major; and permission of academic advisor and faculty internship advisor.

† Course fulfills general education requirements.

Finance

Prakash K. Pai, Ph. D.

Associate Professor of Finance

Dr. Prakash Pai earned a doctorate in Finance from Kent State University. He also has an M.S. in Accounting and an M.B.A. from Kent State University and a Master of Commerce degree from Bangalore University in Bangalore, India. His professional certifications in banking include an International Banking Operations Certificate from The Chartered Institute of Bankers in London and a prestigious Diploma in International Banking from the Indian Institute of Bankers in Bombay where he was a commercial banker for many years. Dr. Pai's scholarly interests include derivatives trading and risk management at banks and other financial institutions. His teaching interests include financial markets and management of financial institutions. Dr. Pai was honored for his teaching with the College of Business and Engineering Outstanding Teacher Award in 2008 and as well as the UTPB President's Teaching Award in 2009. He currently serves as the faculty advisor to the UTPB Finance Club. He is a member of the Financial Management Association, the American Finance Association, and the Chartered Institute of Bankers in London.

Associate Professor of Finance

Dr. Shuming Bai is an associate professor of finance at the University of Texas of the Permian Basin. Her teaching and research interests are primarily in corporate finance, international finance, and energy finance (which she created from scratch in 2010). Some of Dr. Bai's recent publications can be found in the *Journal of International Financial Markets, Institutions & Money*, *International Journal of Revenue Management (IJRM)*, *Journal of International Finance Studies*, *International Journal of Electronic Finance (IJEf)*, *Academy of Economics and Finance Journal*, and *International Journal of Services and Standards (IJSS)*. The University honored her for her scholarly work with the La Mancha Society Golden Windmill Award in 2011. And the College of Business and Engineering twice recognized her intellectual contribution with the Outstanding Research Award in 2010 and 2011. Dr. Bai serves on the Editorial Board for IJRM and IJEf. She is the Guest Editor of the special issue on Energy Hedging and Risk Management of IJSS in 2014. Dr. Bai taught at the University of Texas – Pan American and at the University of Texas at Arlington.

The College of Business and Engineering administers the Bachelor of Business Administration (BBA) with a major in Finance. The degree provides an understanding of financial markets, financial institutions, and financial decision-making of businesses. The course work provides training in conceptual and quantitative tools that a financial professional needs to know to be successful. Finance is a discipline that is grounded in economics and draws many of its tools from accounting. Thus a Finance major takes courses in economics and accounting beyond those required of all business majors.

Degree Requirements

The minimum total credits required for a BBA degree in Finance is 120.

General Education

41 Credits

Complete the requirements shown in the **General Education Requirements** section of this catalog, including the following courses:

Mathematics MATH 1324 & 1325 or Math 2412 & 2413*

Finance majors are required to take ECON 2301, a Lower Level Business Course, to satisfy the Social Science requirement.

**Given the quantitative nature of finance, we recommend that you take MATH 2412 and MATH 2413 if possible.*

Computer Use

Finance majors obtain skills in using computers in problem-solving in COSC 1335, a required lower-division course. ACCT 3333, a required core business course, includes further development of these skills and their application in a business context.

Lower Level Business Courses

18 Credits

Complete the 18 credit hour requirements shown in the Lower Level Business Courses section of this catalog.

Upper Level Business Common Core Courses

27 Credits

Complete the requirements shown in the Upper Level Business Common Core Courses section of this catalog. Finance majors are required to take ECON 3322 – Money and Banking for their upper level economics elective in the Upper Level Business Common Core, which includes a total of 27 student credit hours.

All finance majors are required to take the following upper level finance courses:

FINA 4320	International Finance	3
FINA 4323	Financial Markets, Institutions & Instruments	3
FINA 4325	Options & Futures	3
FINA 4427	Portfolio Theory & Management	4
		13 Credits

The additional coursework depends on whether the finance major selects a concentration or pursues a general degree in finance. A major in finance may select one of the following concentrations: Finance with an Accounting Concentration, Finance with an Economics Concentration, or a Financial Management Concentration. Also, a major in finance may select the degree plan for earning a Certificate in Energy Business.

A finance major who pursues a **general degree in finance** is required to complete the following additional coursework:

Approved Accounting Tools (ACCT 3301 or 3310)	3
Approved Economics Tools (ECON 3303 or 4307)	3
FINA 4321 Financial Markets & Corporate Strategy	3
FINA 4322 Management of Financial Institutions	3
FINA 4340 Financial Securities Analysis	3
Approved College of Business and Engineering Electives	6
	21 Credits

A finance major may select College of Business and Engineering Electives from the following: ACCT 3302 (if ACCT 3301 is selected as the Tools Course); ACCT 3303; ECON 3303 or 4307 (whichever is not used as the Tools Course); ECON 4334; or 4000 level elective FINA courses. A student may submit an Undergraduate Academic Petition to request that elective MATH courses be approved as electives.

Accounting Concentration

A finance major who pursues an **Accounting Concentration** is required to compete the following additional coursework:

FINA 4321 or 4322	Financial Markets & Corporate Strategy, or Management of Financial Institutions	3
ACCT 3301	Intermediate Accounting I	3
ACCT 3302	Intermediate Accounting II	3
Approved Upper Level Accounting Electives (not including 3310 or 4392)		6
Approved Upper Level Finance Electives		6
		21 Credits

This concentration in Accounting would meet the professional requirements of many jobs in finance that require a strong accounting background, including credit analysts and loan officers in commercial banking, securities analysts in the brokerage industry, and controllers at corporations. For finance majors in this concentration, we encourage you to select your electives to support your professional objectives. For example, a financial manager might benefit most from ACCT 3303 (Cost Accounting Principles) and ACCT 3338 (Information Systems Applications), while a securities analyst might benefit most from ACCT 4340 (Financial Statement Analysis), ACCT 3305 (Federal Income Tax), FINA 4340 (Financial Securities Analysis), and FINA 4320 (International Finance).

Economics Concentration

A finance major who pursues an **Economics Concentration** is required to compete the following additional coursework:

FINA 4321 or 4322	Financial Markets & Corporate Strategy, or Management of Financial Institutions	3
ECON 3303	Intermediate Microeconomics	3
ECON 4323	Intermediate Macroeconomics	3
Approved Upper Level Economics Electives (not including 4392) that are not being applied to meet another requirement.		6
Approved Upper Level Finance Electives		6
		21 Credits

The concentration in Economics would meet the professional requirements of many jobs in finance that require a strong economics background, including securities analysts in the brokerage industry and financial planners. In addition, a finance major who wishes to pursue an advanced degree in finance will find that a strong economics background is beneficial.

Financial Management Concentration

A finance major who pursues a **Financial Management Concentration** is required to compete the following additional coursework:

Approved Accounting Tools (ACCT 3301, 3303 or 3310)	3
FINA 4321 or 4322	3
Approved Upper Level Finance Elective	3
MNGT 3312 Human Resources Management	3
MNGT 3330 Organizational Behavior	3
Approved Managerial Electives: Upper Level MNGT or MRKT courses that are not being applied to meet another requirement in this degree plan. Information systems courses such as ACCT 3338 or ACCT 4311 may also be selected for these electives.	6
	21 Credits

The concentration in Financial Management would meet the professional requirements of many jobs in finance that require a strong managerial background, for example, managerial positions at a bank or credit union or a manager who supervises financial professionals. We encourage you to select managerial tools electives that are most likely to help you build your career.

Certificate in Energy Business

A finance major who pursues a **Certificate in Energy Business** is required to compete the following additional coursework:

Approved Accounting Tools (ACCT 3301, 3303 or 3310)	3
Approved Economics Tools (ECON 3303, 4307, 4323 or 4325)	3
FINA 4321 or 4322 Financial Markets & Corporate Strategy, or Management of Financial Institutions	3
FINA 4331 Energy Finance	3
Approved Upper Level Energy-related Courses offered by the College of Business and Engineering	9
	21 Credits

The concentration in Energy Finance would meet the professional requirements of financial managers in the energy industry. The School currently offers the following energy-related courses: ACCT 4310 (Oil and Gas Accounting), MNGT 3309 (Energy Management), MNGT 4324 (Energy Law), and a variety of Petroleum Technology (PTEC) courses.

Grade Requirements for All Finance Majors

In addition to the grade requirements that all business majors must satisfy, a student who is majoring in finance is required to earn a grade of "C" or better in the following courses: ECON 3322 (Money and Banking); all upper level finance courses taken to satisfy the degree requirements, including FINA 3320 (Principles of Finance); all upper level courses taken to satisfy the degree requirements, including accounting, economics, management, marketing, and petroleum technology courses taken to satisfy the requirements of a concentration in finance or a Certificate in Energy Business. These requirements apply regardless of how these courses are labeled on the degree plan, including coursework labeled as "elective."

Finance Minor

A minor in Finance consists of a total of 18 credit hours.

All majors outside the College of Business and Engineering must satisfy the following requirements to earn a minor in Finance.

Lower Level

Courses

ACCT 2301	Principles of Financial Accounting	3
ECON 2302	Principles of Microeconomics	3
MNGT 2342	Principles of Statistics	3
		9 Credits

Upper Level

Courses

FINA 3320	Principles of Finance	3
	Additional Approved Upper Level Finance Electives	6
		9 Credits
	Total	18 Credits

Economics majors must satisfy the following requirements to earn a minor in Finance.

Lower Level Courses

ACCT 2301	Principles of Financial Accounting	3
		3 Credits

Upper Level Finance

Courses

FINA 3320	Principles of Finance	3
FINA 4323	Financial Markets, Institutions & Instruments	3
FINA 4325	Options & Futures	3
FINA 4427	Portfolio Theory & Management	4
	Additional Approved Upper Level Finance Elective	3
		16 Credits
	Total	19 credits

Course Listing

FINA 3320 Principles of Finance (3)

Survey of foundational concepts in finance; in particular, discounted cash flow analysis and its application to valuation of bonds, stocks, and corporate capital assets. Introduction to the following topics: bond and stock markets; pricing mechanisms in those markets; relationship between risk and return; capital budgeting methods based on discounted cash flow valuation. Prerequisites: ACCT 2301 and MNGT 2342.

FINA 4320 International Finance (3)

The application of finance principles in financial management of international corporations, including analysis of the financing of investment abroad and the management of assets in global financial environments. The course also covers currency exchange mechanisms in theory and practice, including international monetary systems; and currency risk management, including interest rate and currency derivatives. Prerequisite: FINA 3320 with a grade of "C" or better.

FINA 4321 Financial Markets & Corporate Strategy (3)

Foundational concepts of modern financial management. Emphasizes the role of financial markets in decision-making. Applies models for risk and return to determine cost of capital needed to value long-term investments by the company. Analyzes theory and practice of how corporations choose the optimal mix of long-term financing and how this choice is influenced by taxes, financial distress, and agency problems. Other topics include financial derivatives and their applications in financial management. Course is a continuation of FINA 3320. Prerequisite: FINA 3320.

FINA 4322 Management of Financial Institutions (3)

Management of financial institutions in the post Glass-Steagall world where integrated financial service companies play a greater role. Examination of risk measurement, risk management, regulatory compliance, and profitability from a manager's perspective. Risk management topics include hedging with futures and options, interest rate swaps, and loan securitization. Prerequisite: FINA 3320 with a grade of "C" or better ECON 3322 is recommended but not required.

FINA 4323 Financial Markets, Institutions & Instruments (3)

Comprehensive survey of institutions and instruments of modern financial markets. Topics may include depository institutions, non-depository financial intermediaries, investment banking, underwriting and issuance of securities, brokerage services, government and corporate debt, determinants of interest rates, mortgage-backed securities and other types of securitized assets. Prerequisite: MNGT 2342.

FINA 4324 Market Microstructure (3)

Study of the structure of capital markets and the behavior of traders in those markets. In-depth exploration of one or more of the following topics: capital market microstructure; informed and uninformed traders; liquidity and volatility in capital markets; market efficiency and its consequences for financial decision making. Prerequisites: ECON 2302 and MNGT 2342.

FINA 4325 Options and Futures (3)

Introduction to options, futures, and other derivative securities. Topics include option valuation models, principles of forward and futures pricing, structure of markets for derivative securities, and strategies for hedging and speculation. Prerequisites: ACCT 2301, ECON 2302 and MNGT 2342.

FINA 4331 Energy Finance (3)

Study of financing decisions in the energy industry. Introduction to financial principles, energy financing strategies, and financial statement analysis of energy firms and the energy industry. Topics include risk management and the finance of energy trading. Prerequisites: ACCT 2301, COSC 1335, and ECON 2301.

FINA 4340 Financial Securities Analysis (3)

This course provides a comprehensive framework to understand and practice fundamental analysis applied to stocks, bonds, and other fixed-income securities. Develop equity and fixed-income valuation models to analyze a firm's securities for investment purposes. Conduct financial statement analysis: ratio and trend analysis to evaluate a company's financial position through time, among its domestic and international industry competitors, where accounting recognition and disclosure requirements are used to interpret publicly available information. Apply valuation models using data collected from financial statement analysis, as well as relevant macroeconomic information, to make investment and lending decisions. Topics may include technical analysis and fixed-income research. Prerequisites: FINA 3320 and either ACCT 3301 or ACCT 3310, with a grade of "C" or better in both courses.

FINA 4389 Selected Topics in Finance (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite varies.

FINA 4391 Contract Study in Finance (1-3)

An individual independent study course or research project that addresses a topic not offered in the curriculum. Prerequisite varies.

FINA 4392 Internship (3)

A supervised field experience as a financial professional that enables the student to explore career options. Internship must involve work that is substantially financial in nature with job responsibilities similar to those that a full-time employee would face. May be taken only once for credit. Prerequisites: FINA 3320, FINA 4323, FINA 4427, and either FINA 4321 or FINA 4322; minimum GPA of 2.5 overall and 2.75 in the major; and permission of academic advisor and faculty internship advisor.

FINA 4427 Portfolio Theory & Management (4)

Comprehensive investigation of modern portfolio theory. Unifying theme: optimization of the trade-off between risk and return. Examination of asset pricing models, the efficient market hypothesis, behavioral finance, and security analysis within this framework. Portfolio management topics may include performance evaluation, globalization, and effect of taxes and inflation on investment strategy. Prerequisites: MATH 1325 or equivalent, and FINA 3320 with a grade of "C" or better.

Management

Joe Stauffer, Ph.D.

Associate Professor and Coordinator of Management

Dr. Stauffer received a Ph.D. in management from the University of Oklahoma. He has an undergraduate degree in production/operations management and an M.B.A from Western Illinois University. He holds an M.A. in human resource management/industrial relations from the University of Iowa, where he also studied applied statistics and measurement at the Lindquist Center. His specialty is in employment testing and EEO. He has published in such journals as *Psychometrika*, the *Journal of Applied Psychology*, *Psychological Methods*, and *Educational and Psychological Measurement*.

Administered by the College of Business and Engineering, the primary goal of the Management program is to give students an understanding of the nature and capabilities of people working in organizations. Faculty and business leaders believe an understanding of management theory and research provides the foundation for effective application and practice in the business environment. This foundation prepares students for careers in management such as administrators, executives, human resource managers, management consultants or entrepreneurs.

Students pursuing a Bachelor of Business Administration (BBA) in Management degree receive a broadly based general business education. Broad preparation assists graduates in preparing to meet the diverse challenges of personal as well as professional life.

Degree Requirements

The minimum total credits required for a BBA in Management is **120**.

General Education

47 Credits

Complete the requirements shown in the General Education Requirements section of this catalog. Include the following specified courses:

Mathematics	MATH 2412 or 1324 and MATH 1325 or 2413
Social Science	PSYC 1301 & SOCI 1301

Computer Use

Management majors obtain skills in using computers in problem-solving in COSC 1335 (BCIS 1305 or 1405), a required lower division course. MNGT 3333, includes further development of these skills and application in a business context in preparation for their use in other upper division business courses.

Lower Level Business Courses

18 Credits

Complete the requirements shown in the Lower Level Business Courses section of this catalog.

Upper Level Business Common Core Courses

27 Credits

Complete the requirements shown in the Business Common Course Requirements section of the catalog.

Other Required Upper Level Courses

MNGT 3312	Human Resource Management	3
MNGT 3330	Organizational Behavior	3
MNGT 3370	Business and Ethics	3
Approved MNGT electives totaling 9 credit hours		9
Approved Business electives totaling 9 credit hours		9
		27 Credits

Management Minor

A minor in Management consists of a total of 18 credit hours.

Required Courses for Management Minor

MNGT 3310	Management Concepts and Organizational Theory	3
MNGT 3311	Business Communications	3
MNGT 3312	Human Resource Management	3
MNGT 3370	Business and Ethics	3
MNGT 3330	Organizational Behavior	3
3 additional approved hours of MNGT other than MNGT 4375		3
		18 credits

Additional Requirements for All Management Majors

All management majors must earn sufficient course credit to meet the requirement of a minimum of 120 semester credit hours.

Course Listing

MNGT 2342 Principles of Statistics (3)

The course is an introduction to the principles of statistics and their application to problems in business and economics. Topics include the basics of probability theory, descriptive statistics, sampling methods, statistical estimation, hypothesis testing, and time series analysis. Prerequisites: MATH 1324 and COSC 1335. FS

MNGT 3307 Project Management (3)

Meet project constraints of money, time, and resources along with problems that can and do occur without undue risk or stress. Crosslisted with IEC 3307.

MNGT 3309 Energy Management (3)

Exploration of basic issues in energy management with some focus on marketing, finance, human resources, and accounting issues in energy businesses. The course also provides basic insights into the history of the energy industry and strategic thrust areas for future growth. Prerequisites: junior standing.

MNGT 3310 Management Concepts and Organizational Theory (3)

Fundamental concepts of management including principles of administration, modern organization theory, goal-setting, leadership and decision-making. FS

MNGT 3311 Business Communications (3)

This is an introduction to the basic interpersonal communication process through appropriate communications technology with applications for business organizations. It is a systems approach to planning, researching, organizing, composing, editing, and revising reports and other business-related communications. Oral presentations are required. Business communication ethics are explored. Prerequisite: Two semesters of Freshman English, computer literacy in word processing and graphics. FS

MNGT 3312 Human Resource Management (3)

This is a study of principles and practices in human resource management systems including such topics as recruiting, selection, training and development compensation, health and safety, employee and labor relations, human resource research information systems, and workforce planning. Prerequisite: MNGT 3310. FS

MNGT 3315 Developing Management Skills (3)

Developing Management Skills is designed to provide students with fundamental management and leadership skills that are needed for personal and managerial effectiveness. Topics that will be discussed include developing self-awareness, managing stress, solving problems analytically and creatively, communicating effectively, gaining power and influence, motivating others, managing conflict, empowering and delegating, building effective teams, and leading positive change. Prerequisite: MNGT 3310.

MNGT 3318 Small Business Management (3)

This is a study of the special circumstances surrounding starting and operating a small business. Specific attention is given to understanding the uniqueness of the small business owner. F

MNGT 3324 Business and the Law (3)

This survey course covers the source of law and courts and introduces tort law along with the historical, economic, political, and ethical bases of contracts. The course includes ethical considerations in business and the impact of regulatory and administrative law on business. Prerequisite: Junior standing or consent of instructor. FS

MNGT 3330 Organizational Behavior (3)

This is a study of human behavior in organizations, motivation, interpersonal communication and behavior, group behavior, leadership, power, organizational culture, change, and development; job satisfaction; social structure and processes; informal organization; ethical concepts; international organizational behavior issues; organizational theory. Prerequisite: MNGT 3310. FS

MNGT 3333 Information System Fundamentals (3)

Introduction to the organizational and managerial foundations of information systems. The role of information systems in enhancing business processes and management decision making is emphasized. Students experience use of business application software in problem solving. Prerequisites: COSC 1335 (BCIS 1305 or 1405). Crosslisted with ACCT 3333. FS

MNGT 3340 Production Operations Management (3)

This course examines the planning, design, execution, and coordination of all activities that create goods or provide services. It addresses how upper level management can improve decision-making in both the manufacturing and service sectors. The course introduces productivity, competitiveness, and strategy; decision-making; quality management; product and service design; process selection and capacity planning; linear programming; facility layout; location planning and analysis; the transportation model; project management; design of work systems; and learning curves. Prerequisites: MNGT 2342. FS

MNGT 3350 Supply Chain Management (3)

Satisfy customer needs by reducing the time required to design, process, and deliver products. Use appropriate transportation, warehousing, and logistics to lower costs. Prerequisite: COSC 1335 or equivalent or consent of instructor. Crosslisted with ITEC 3350.

MNGT 3370 Business and Ethics (3)

This is a study of the impact of societal influences and ethical consideration on business decision-making. Special attention is given to professional ethics and the role of certified public accountants in society. Prerequisite: MNGT 3310. FS

MNGT 3380 Managing Technology (3)

Study of the functions of a manager in technological and engineering oriented organizations. Crosslisted with ITEC 3380.

MNGT 4309 Landman Principles (3)

The course provides an overview of the landman's role in the oil and gas industry and helps develop primary skills that may be used by a future landman.

MNGT 4320 International Management (3)

This is a study of administrative philosophies, policies, and practices of international business organizations. The nature of management processes and activities is examined in terms of different social, cultural, political, and economic environments. Prerequisite: MNGT 3310.

MNGT 4324 Energy Law (3)

This course is an upper level business law elective and will focus on the legal concepts involving ownership, exploration and development of natural resources, particularly oil, gas, and wind. Prerequisites: MNGT 3310 and MNGT 3324.

MNGT 4325 Environmental Law & Regulation in the Energy Industry (3)

This course focuses on water regulation and protection, conservation of natural resources, jurisdiction, and regulatory authority of federal and state administrative agencies, and current trends in natural resource protection and management. Examination of these topics from the perspective of firms in the energy industry. Prerequisite: MNGT 3324.

MNGT 4326 Real Property Law (3)

General law of real property; historical development, acquisition of title to personal property, estates in land, landlord, and tenant relations, easements, deeds, mortgages, adverse possession, wills, and trusts. Prerequisite: MNGT 3324.

MNGT 4330 Entrepreneurial Leadership (3)

This course is intended to draw upon the experiences of local entrepreneurs regarding their leadership experiences while self-venturing. Maximum participation from these local entrepreneurs in the classroom will be utilized to enhance class discussion of the role of change agents in our economy. Prerequisites: MNGT 3310 and 2 additional upperlevel courses in any business discipline.

MNGT 4340 Operations Analysis and Control (3)

This is a study of the operations and control of manufacturing or service entities. It follows Production Operations Management (MNGT 3340). Principal topics are aggregate planning, inventory management, material requirements planning, just-in-time systems, supply chain management, operations scheduling, project management, and quality control. The case-studies approach is used to examine much of the material and includes oral presentations, critiques, and written reports. Prerequisite: MNGT 3340.

MNGT 4350 Negotiation (3)

This course will focus on skills necessary for business owners and managers to effectively resolve conflicts and controversies associated with organizations. The course will also examine the differences among negotiation, mediation, and arbitration, and the students will learn which method is most suitable for a given circumstance. Students will identify underlying issues giving rise to conflict and how to resolve them in an ethical manner.

MNGT 4355 Employment and Labor Law (3)

An analysis of historical and contemporary laws in the United States that affect the human resource management function. Integration of employment and labor laws with social and economic forces shaping the current diverse management-labor environment. Prerequisites: MNGT 3310, MNGT 3312, and MNGT 3324.

MNGT 4375 Strategic Management (3)

This is the capstone course of the business administration degree. Based on environmental analysis, the formulation and implementation of strategic decisions within the organization are addressed. Emphasis is placed on integration of decisions at the functional areas. A supplemental fee is required for this course. Prerequisites: taken during last 12 hours of the BBA program and must have completed all business core courses except ACCT/MNGT 3333 and the Economics Elective. FS

MNGT 4380 Total Quality Management (3)

This course covers the principles of quality management to include basic probability and statistics concepts, control charts for attributes and variables, sampling plans, quality audits and cost. Crosslisted: with ITEC 4380.

MNGT 4389 Selected Topics in Management (3)

These are undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite varies.

MNGT 4391 Contract Study in Management (3)

An individual independent study course or research project that addresses a topic not offered in the curriculum. Prerequisite varies.

MNGT 4392 Internship (3)

A supervised field experience as a management professional that enables the student to explore career options. Internship must involve work that is substantially management in nature with job responsibilities similar to those that a full-time employee would face. May be taken only once for credit. Prerequisites: MNGT 3310, and 9 additional hours of upper-level management; minimum GPA of 2.5 overall and 2.75 in major; and permission of academic advisor and faculty internship advisor.

Suggested Courses By Semester: BBA in Management

Marketing

Anshu Saran, Ph.D.

Associate Professor and Coordinator of Marketing

Dr. Anshu Saran earned his doctorate in International Business and Marketing from The University of Texas – Pan American. He joined academia after working in the corporate sector for 12 years. Dr. Saran teaches Marketing Research, Marketing Management at the undergraduate level, and Business Research Methods at the graduate level. He has published several papers in international journals such as *Business Horizons*, *Journal of Marketing for Higher Education*, and *International Journal of Electronic Marketing and Retailing*. His main research interests are international consumer behavior, marketing strategy, and scale development.

Administered by the College of Business and Engineering, the Bachelor of Business Administration degree in Marketing is designed to provide a broad fundamental knowledge of the nature, structure, institutions, and functions of marketing. The student graduating with the degree can expect to be competitive in the general contexts of sales and marketing. In addition, the student will be able to analyze information that are critical to making marketing decisions whether in manufacturing, distribution (including retailing), service, or not-for-profit industry sectors.

Degree Requirements

The minimum total credits required for a BBA in Marketing is 120.

General Education

47 Credits

Complete the requirements shown in the General Education Requirements section of this catalog. Include the following specified courses:

Mathematics	MATH 1324 & 1325 or MATH 2412 & 2413
Social Science	PSYC 1301 & SOCI 1301

Computer Use

Marketing majors obtain skills in using computers in problem-solving in COSC 1335 (BCIS 1305 or 1405), a required lower division course. ACCT 3333/MNGT 3333, a required core business course, includes further development of these skills and application in a business context in preparation for their use in other upper division business courses, especially MNGT 4375.

Lower Level Business Courses

18 Credits

Complete the requirements shown in the Lower Level Business Courses section of this catalog.

Upper Level Business Common Core Courses

27 Credits

Complete the requirements shown in the Upper Level Business Common Core Courses section of this catalog.

Other Required Upper Level Courses

MRKT 3307	Sales Management	3
MRKT 3315	Consumer Behavior	3
MRKT 4312	Marketing Management	3
MRKT 4314	Marketing Research and Information Systems	3
	Approved MRKT electives totaling 6 hours	6
	Approved Business electives totaling 9 hours	9

27 Credits

Additional Requirements for All Marketing Majors

All marketing majors must earn sufficient course credit to meet the requirement of a minimum of 120 semester credit hours.

Marketing Minor

A minor in Marketing consists of a total of 18 credit hours.

Required Courses for Marketing Minor

MRKT 3300	Principles of Marketing	3
MRKT 3315	Consumer Behavior	3
MRKT 4314	Marketing Research and Information Systems	3
	An additional 9 credit hours from upper-level MRKT electives.	9

18 Credits

Prerequisites for the minor are ECON 2301, ECON 2302, and MNGT 3402 or equivalent.

Course Listing

MRKT 3300 Principles of Marketing (3)

Survey of marketing fundamentals with focus upon product, price, promotion and distribution within the context of business decision-making. Prerequisites: ECON 2301 and ECON 2302. FS

MRKT 3304 Small Business Marketing (3)

Survey of marketing functions for small business owners. A focus will be given to unique issues of product, price promotion and distribution within the context of small business ownership. Prerequisite: MRKT 3300.

MRKT 3306 Retailing and Distribution (3)

Consideration of the important role retailing plays in the successful dissemination of consumer goods. Both traditional and nontraditional forms of retailing will be investigated. Special retail-related distribution problems will also be covered. Prerequisite: MRKT 3300.

MRKT 3307 Sales Management (3)

Planning, organizing, directing and controlling the promotion function as it relates to the marketing mix; also, stress is placed upon professional selling techniques.

MRKT 3315 Consumer Behavior (3)

Concepts of consumer behavior. Emphasis on psychological, sociological and economic variables and their effects on purchasing behavior. Prerequisite: MRKT 3300.

MRKT 4301 E-Marketing (3)

Exploration of the basic issues and methods of electronic (internet-based) marketing within the general context of electronic commerce. Adaptation of basic marketing logics is emphasized. Prerequisite: MRKT 3300 and COSC 1335.

MRKT 4307 Professional Selling (3)

This course will be an intensive study of marketing through personal selling. Students will learn selling tactics and presentation skills. The course will emphasize the development of professional skills. Prerequisite: MRKT 3300.

MRKT 4312 Marketing Management (3)

Emphasis on marketing strategy and tactics using case studies of corporate successes and failures. Prerequisites: MRKT 3300 plus 6 additional hours of marketing and senior standing.

MRKT 4314 Marketing Research and Information Systems (3)

Behavioral sciences research methods, social process and structure influences upon marketing activities and their integration as a total system of marketing action. Prerequisites: MRKT 3300 and MNGT 2342.

MRKT 4320 International Marketing (3)

Enterprise, comparative marketing, transport institutions and systems in selected foreign countries and the United States. Emphasizes ethnic and cultural differences in marketing strategy. Prerequisite: MRKT 3300.

MRKT 4322 Social Media Marketing (3)

This course will be an in-depth study of the social media as marketing tools. It will provide students with a basic understanding of social media networking and its marketing applications. The course will address the needs of the new age economy. Prerequisite: MRKT 3300.

MRKT 4359 Service Marketing (3)

Emphasis on marketing in the service sector of the economy plus application of marketing techniques to service, ideological, educational, and not-for-profit organizations. Prerequisite: MRKT 3300.

MRKT 4389 Selected Topics in Marketing (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. Prerequisite varies.

MRKT 4391 Contract Study in Marketing (3)

An individual independent study course or research project that addresses a topic not offered in the curriculum. Prerequisite varies.

MRKT 4392 Internship (3)

A supervised field experience as a marketing professional that enables the student to explore career options. Internship must involve work that is substantially marketing in nature with job responsibilities similar to those that a full-time employee would face. May be taken only once for credit. Prerequisites: MRKT 3300 and 9 additional hours of upper-level marketing; minimum GPA of 2.5 overall and 2.75 in the major; and permission of academic advisor and faculty internship advisor.

Business **(Minor Only)**

The Business minor gives the non-business student a broad-based background in the field. Non-business students wishing to gain an understanding of commercial ventures or pursue a Master of Business Administration (MBA) degree would be well served with this minor.

Required Courses for a General Business Minor

ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MNGT 3310	Management Concepts and Organizational Theory	3
MRKT 3300	Principles of Marketing	3
At least 3 credit hours of upper level Business courses approved by the Coordinator of Business Studies		3

21 Credits

Students pursuing a Business minor must meet all prerequisites of courses included in the minor. See the course descriptions in the major area to ascertain the prerequisites for each course. At least 50% of semester credit hours of upper level business coursework must be taken at U.T Permian Basin.

Economics majors pursuing a Business minor must take at least 6 additional credit hours of approved upper division business electives due to overlapping courses between their major and a Business minor.

Business minors seeking preparation for a MBA degree should choose a management elective (course prefix MNGT) to meet the criteria to waive ACCT 6301, ECON 6301 and MNGT 6360 in the UTPB MBA program, reducing the MBA program requirements from 48 to 39 credit hours. The Graduate Catalog or Coordinator of Graduate Business Studies should be consulted for additional information about preparation for the MBA degree.

Students who are seeking a teaching field in Business Administration must choose both MNGT 3324 and either FINA 3320 or ECON 3322 and must complete MNGT 2342 and COSC 1335 (BCIS 1305 or 1405). The Certification Officer should be consulted for additional information about preparation for teaching business administration.

Entrepreneurship

The Entrepreneurship minor gives the non-business student a broad-based background in the area of small business. Non-business students wishing to gain an understanding of small business operations or of applying the skills gained through other majors in their own self-venturing would be well served with this minor.

Required Courses for a Entrepreneurship minor

ACCT 2301	Principles of Financial Accounting	3
ACCT 2302	Principles of Managerial Accounting	3
ECON 2301	Principles of Macroeconomics	3
ECON 2302	Principles of Microeconomics	3
MRKT 3304	Small Business Marketing	3
MNGT 3318	Small Business Management	3
MNGT 4330	Entrepreneurial Leadership	3

21 Credits

Students pursuing an Entrepreneurial minor must meet all prerequisites of courses included in the minor. See the course descriptions in the major area to ascertain the prerequisites for each course.

Economics majors pursuing a Entrepreneurship minor must take at least 6 additional credit hours of approved upper division business electives due to overlapping courses between their major and a Entrepreneurship minor.

Industrial Technology

Raj Desai, D.I.T., M.B.A., C.S.T.M.

Associate Professor and Chair, Undergraduate Studies, College of Business and Engineering

Dr. Desai is the founding faculty member of the Engineering and Technology Programs in the College of Business and Engineering. Dr. Desai received his doctorate degree in Industrial Technology from the University of Northern Iowa. He has a wide range of teaching experience at community colleges and universities accredited by the Association of Technology, Management, and Applied Engineering (ATMAE). He has several years of industry experience in the areas of maintenance and management. His research interests are in the areas of administration, innovation, and applied technology. He has several journal articles published in national and international journals.

Administered by the Department of Engineering and Technology in the College of Business and Engineering, Industrial Technology is a field of study designed to prepare technical and/or management oriented professionals for employment in business, industry, education, and government. Industrial Technology is primarily involved with the management, operation, and maintenance of complex technological systems.

Students pursuing a Bachelor of Science (B.S.) in Industrial Technology degree receive a broad based general Industrial Technology education. Students develop not only their technical skills but their personality, cooperativeness, innovativeness, concern for the organization, communication skills and dependability. Graduates of the program will be equipped to meet the new and emerging challenge of a modern high technology society.

Degree Requirements

The minimum total credits required for a BS degree in Industrial Technology is **120**.

General Education Core Courses	42 credits
Communication: ENGL 1301, ENGL 1302	6 SCH
Mathematics: MATH 1324	3 SCH
Life and Physical Sciences:	8 SCH
GEOL 1301, GEOL 1101, GEOL 1302, GEOL 1102 or equivalent	
Language, Philosophy & Culture	3 SCH
<i>Notes: eligible courses are COMM 1301, ENGL 2322, ENGL 2323, ENGL 2327, ENGL 2328, UNIV 1301, and UNIV 1302.</i>	
Creative Arts	3 SCH
<i>Notes: eligible courses are ARTS 1301, DRAM 1310, MUSI 1306,</i>	

and MUSI 2310.

American History: HIST 1301, HIST 1302 6 SCH

Government/Political Science 6 SCH

Notes: eligible courses are PLSC 2305, PLSC 2306, and UNIV 2301.

Social and Behavioral Sciences: either PSYC 1301 or SOCI 1301 3 SCH

Component Area Option 4 SCH

COMM 1315

1 credit hour from either COMM 1115 or a third approved science lab

Computer Use:

Industrial Technology Majors obtain skills in using computers in problem solving in COSC 1335, a required lower division course. ENGR 1204 will develop skills in computer aided design.

Industrial Technology Lower Division Required Courses 20 credits

MATH 1325 – Applications of Continuous Mathematics

ENGR 1204 – Engineering Graphics

COSC 1335 - Computers and Problem Solving

ACCT 2301 - Principles of Financial Accounting

ECON 2301 – Principles of Macroeconomics

ECON 2302 – Principles of Microeconomics

MNGT 2342 – Principles of Statistics

Industrial Technology Major Upper Division Required Courses 18 credits

ITEC 3305 – Safety, Health, and the Environment

ITEC 3307 – Project Management

ITEC 3380 - Managing Technology

ITEC 4380 - Total Quality Management

MNGT 3310 - Management Concepts and Organization

MNGT 3312 - Human Resource Management

Industrial Technology Major Elective Courses 27 credits

Choose 9 courses from the following areas:

Industrial Technology

ITEC 3310 - Manufacturing Technology

ITEC 3340 - Facilities Design

ITEC 3350 - Supply Chain Management

ITEC 3390 – Technology and Society

ITEC 4302 – Innovation

ITEC 4303 - Environmental Technology

ITEC 4310 – Energy Technology

ITEC 4340 – Construction Technology

Petroleum Technology

PTEC 3301 - Petroleum Fundamentals

PTEC 3302 - Petroleum Fluids and Natural Gas Technology

PTEC 3304 - Drilling Technology
PTEC 3305 – Enhanced Oil Recovery
PETC 3306 – Well Stimulation
PTEC 4301 - Petroleum Production Technology
PTEC 4302 - Pipeline Technology
PTEC 4304 - Wireline, Mud Logging and Core Analysis
PTEC 4305 – Petroleum Reservoirs

Free Electives (can use the elective courses above) 10 credits

Capstone Industrial Technology 3 credits

ITEC 4392 – Internship

TOTAL CREDITS 120 credits

Course Listing

ITEC 3305 – Safety, Health, and the Environment (3-0)

This course is a study of the problems involved in developing an integrative safety, health and environmental program for an industrial or commercial establishment. It involves safety, health, and environmental education, safe worker practices, recognition and elimination of health hazards, machinery guards, in plant traffic, material handling and emergency treatment for industrial accidents.

ITEC 3307 – Project Management (3)

Meet project constraints of money, time, and resources along with problems that can and do occur without undue risk or stress. Crosslisted with MNGT 3340.

ITEC 3310 – Manufacturing Technology (3)

Survey of manufacturing processes for metals and polymers. Casting, deformation, sheet metal, machining, and polymer processing.

ITEC 3340 Facilities Design (3)

Study of techniques and procedures for developing efficient facilities layout.

ITEC 3350 Supply Chain Management (3)

Satisfy customer needs by reducing time required to design, process, and deliver products. Use appropriate transportation, warehousing, and logistics to lower costs. COSC 1335 or equivalent or consent of instructor.

ITEC 3380 – Managing Technology (3-0)

Study of leadership, management, and technology in industry and society. Implications of technology and technological change on business. Crosslisted with MNGT 3380.

ITEC 3390 – Technology and Society (3-0)

The impact of technology on individuals and society through critical analysis of selected modern topics using the methods of science and technology. Prerequisite: COSC 1335 or equivalent, or consent of the instructor.

ITEC 4302—Innovation (3)

This course is aimed at preparing students for careers in industry. A team of students will identify and develop solutions to practical problems or market needs. Students will develop creative problem solving abilities and other skills necessary for invention, innovation, and entrepreneurship. Prerequisite: senior standing and COSC 1335 or equivalent, or consent of instructor.

ITEC 4303 Environmental Technology (3)

Study of the interaction between humans and the environment and major environmental issues that confront our society.

ITEC 4310—Energy Technology (3)

Energy sources and how the sources produce usable power. Future trends in the area of energy technology.

ITEC 4340 Construction Technology (3)

Provide a basic understanding of the construction industry, construction materials, tools, and equipment.

ITEC 4380—Total Quality Management (3-0)

This course covers the principles of quality management to include basic probability and statistics concepts, control charts for attributes and variables, sampling plans, quality audits and cost. Crosslisted with MNGT 4380.

ITEC 4392—Internship (3)

Field learning experience in industry consisting of a minimum of 150 hours for 3 credit hours. For Industrial Technology majors only. Prerequisites: Senior standing or permission of instructor.

PTEC 3301—Petroleum Fundamentals (3-0)

An introduction to petroleum industry technology, equipment usage, and operating procedures.

PTEC 3302—Petroleum Fluids and Natural Gas Technology (2-2)

Study of the basics of physical and chemical makeup of hydrocarbon mixtures, how the mixtures are affected by temperature and pressure, and the techniques for accurate measurement of petroleum products (based on API Petroleum Measurement Standards). Math 1324 or equivalent or consent of instructor.

PTEC 3304—Drilling Technology (3-0)

An introduction to the drilling process, including drilling rigs, bits, drilling mud, air and gas drilling, casing and tubing, cementing and well control. Prerequisites: Math 1324 or equivalent or consent of instructor.

PTEC 3305 – Enhanced Oil Recovery (3-0)

New principles of recovery of oil and gas fields including: water flooding, polymer, surfactants, miscible recovery processes, inert gas injection, emulsions, steam, in situ and wet combustion techniques, PTEC 3302 or equivalent or consent of instructor.

PTEC 3306 – Well Stimulation (3-0)

Theory and application of hydraulic fracturing, acidizing, acid fracturing and other stimulation processes, PTEC 3304 or equivalent or consent of instructor.

PTEC 4301 – Petroleum Production Technology (3-0)

An introduction to the production of petroleum, including completion, artificial lift, workovers and stimulation. Prerequisites: PTEC 3304 or equivalent, or consent of instructor.

PTEC 4302 – Pipeline Technology (3-0)

An introduction to pipeline technology, corrosion, and hydraulics. Prerequisites: PTEC 3301 or consent of instructor.

PTEC 4304 – Wireline, Mud Logging, and Core Analysis (2-2)

An introduction to open and cased hole well logging, mud logging and coring. Prerequisites: PTEC 3301 or consent of instructor.

PTEC 4305 – Petroleum Reservoirs (3-0)

An introduction to petroleum reservoirs and the basics of reservoir engineering. Prerequisite: PTEC 3301 or consent of instructor. Corequisite MATH 1325 or 2413.

DEGREE PLAN: BS IN INDUSTRIAL TECHNOLOGY

Requirements for the BAAS Industrial Technology Option

The total credits required for a BAAS degree is **120**. The purpose of the Bachelor of Applied Arts and Science (B.A.A.S.) program is to offer career advancement opportunities to students who have previously earned the Associate of Applied Science (A.A.S.) degree. The BAAS degree will enhance students' technical education and will prepare them with leadership skills relevant in their respective working environments. Read the U.T. Permian Basin catalog and be familiar with the University's requirements for the B.A.A.S. degree in the College of Arts and Sciences Section. It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the degree.

Specific Requirements for the BAAS Industrial Technology Option

General Education

42 Credits

General Education Requirements are 42 semester credit hours as outlined in the general education section of the catalog. Fifteen semester credit hours from the General Education Requirements category taken as part of the A.A.S. degree can also be applied to satisfy the University's General Education Requirement section of the B.A.A.S degree.

Computer Use

3 credits

All majors must demonstrate a basic use of computing through completion of COSC 1335, or through examination, or through a similar computer science course that requires the actual use of computers. COSC 1335 may be used to meet both this requirement and the general education requirements.

BAAS Core Courses

18 Credits

(MNGT 3310, MNGT 3311, MNGT 3312, MNGT 3330, MNGT 3370, MNGT 33xx/43xx)

Applied Arts and Science Requirements

51 Credits

Technical Field of A.A.S. Degree

30 SCH

Industrial Technology Upper Level Courses

21 SCH

The B.A.A.S will only be available to students transferring to the University with an A.A.S. degree or its equivalent. A block of 30 semester credit hours (SCH) from the technical field of the A.A.S. degree will be applied to the B.A.A.S. degree. Students must complete at least 27 SCH in upper level courses related to their AAS specialty chosen from the following courses. This includes two free upper division electives.

Industrial Technology Major Courses

ITEC 3305	Safety, Health, and the Environment	3
ITEC 3307	Project Management	3
ITEC 3310	Manufacturing Technology	3
ITEC 3340	Facilities Design	3
ITEC 3350	Supply Chain Management	3
ITEC 3380	Managing Technology	3
ITEC 3390	Technology and Society	3
ITEC 4302	Innovation	3
ITEC 4303	Environmental Technology	3
ITEC 4310	Energy Technology	3
ITEC 4340	Construction Technology	3

ITEC 4380	Total Quality Management	3
PTEC 3301	Petroleum Fundamentals	3
PTEC 3302	Petroleum Fluids and Natural Gas Technology	3
PTEC 3304	Drilling Technology	3
PTEC 3305	Enhanced Oil Recovery	3
PTEC 3306	Well Stimulation	3
PTEC 4301	Petroleum Production Technology	3
PTEC 4302	Pipeline Technology	3
PTEC 4304	Wireline, Mud, and Core Analysis	3
PTEC 4305	Petroleum Reservoirs	3
Upper Division Elective		3
Upper Division Elective		3

Other Required Upper Level Courses

6 Credits

In addition, all B.A.A.S. students must complete BAAS 4393 (Senior Project) and all B.A.A.S. Industrial Technology option students will be required to have a supervised internship (ITEC 4392).

Engineering

Administered by the Department of Engineering and Technology in the College of Business and Engineering, the engineering programs, through its curricula, strive to educate and train engineers who have the desire to learn and the breadth of vision to formulate and solve the problems of today and tomorrow. It is expected that a student who applies himself or herself and successfully completes one of the engineering programs will not only be technically prepared but also broadly educated, and thus ready to make a significant contribution.

To a great extent, our current standard of living and high level of technology are due to the diligent and innovative efforts of engineers. Future accomplishments could help increase energy and food supplies, develop more contamination-free power plants, aid in medical science's fight against disease, and expand our computational and design skills beyond imagination. While scientists "explore what is," engineers "create what never has been."

Degree Requirements

The minimum total credits required for a BS degree in Engineering is **126**.

General Education Core Courses

42 credits

General Education Requirements are 42 semester credit hours as outlined in the U. T. Permian Basin *Undergraduate Catalog*. In meeting these requirements, students should take the following courses:

Communication (6 credits): ENGL 1301 and ENGL 1302

Mathematics (3 credits): MATH 2413*

Life and Physical Sciences (6 credits): CHEM 1311 and PHYS 2325

Language, Philosophy, and Culture (3 credits): choose one from ENGL 2322, 2323, 2327, 2328; UNIV 1301, 1302

Creative Arts (3 credits): choose one from ARTS 1301, DRAM 1310, MUSI 1306, or MUSI 2310

American History (6 credits): HIST 1301, 1302

Government/Political Science (6 credits): PLSC 2305, 2306

Social and Behavioral Sciences (3 credits): Choose one from ECON 2301, LEAD 1301, PSYC 1301, or SOCI 1301

Component Area Option (6 credits): CHEM 1111, COMM 1315, MATH 2413*, PHYS 2125

* Three credits of MATH 2413 fulfill the Mathematics requirement, one credit is assigned to the Component Area Option.

Computer Use

Mechanical engineering students obtain skills in using computers in ENGR 1204 Engineering Graphics, a required lower division course.

Course Listing

ENGR 1204 Engineering Graphics (1-3)

Introduction to computer-aided drafting using CAD software and sketching to generate two- and three-dimensional drawings based on the conventions of engineering graphical communication; topics include spatial relationships, multi-view projections and sectioning, dimension, graphical presentation of data, and fundamentals of computer graphics. Prerequisite: MATH 1314 College Algebra or equivalent.

ENGR 2301 Engineering Mechanics: Statics (3-0)

Basic theory of engineering mechanics, using calculus, involving the description of forces, moments, and couples acting on stationary engineering structures; equilibrium in two and three dimensions; free-body diagrams; friction; centroids; centers of gravity; and moments of inertia. Prerequisite: PHYS 2325, corequisite: MATH 2414.

ENGR 2302 Engineering Mechanics: Dynamics (3-0)

Basic theory of engineering mechanics, using calculus, involving the motion of particles, rigid bodies, and systems of particles; Newton's Laws; work and energy relationships; principles of impulse and momentum; application of kinetics and kinematics to the solution of engineering problems. Prerequisite: ENGR 2301

ENGR 2305 Fundamentals of Circuit Analysis (3-0)

Basic concepts of electrical engineering using calculus; the fundamentals of electrical and electronic components and circuits, circuit analysis; network principles, motors, and steady-state and transient responses; application of Laplace transforms; and use of computational software to solve network problems; application of the principles to the solution of electrical engineering problems; relationship between basic principles and advanced applications. Prerequisite: PHYS 2326.

ENGR 3303 Introduction to Materials Science (3-0)

Introduction to properties of engineering materials and relationships to their structure, behavior, and processing; materials testing and measurement of properties. Selection of materials for engineering applications considering interrelationships between structure, properties, processing, and performance. Prerequisites: CHEM 1311 and PHYS 2325.

ENGR 3326 Engineering Economics (3-0)

Application of economics to engineering and industrial problems that require a knowledge of engineering for their solution. Prerequisite: ECON 2301 or junior/senior standing.

ENGR 3332 Mechanics of Materials (3-0)

Basic concepts of stress and strain in common engineering materials. An introduction to Hooke's law and the Poisson effect. Analysis of axial, shear, flexural, torsional, and combined stress and strain in structural members. Shear and moment distribution in beams. An introduction to the deformation of structural members under load. Prerequisites: ENGR 2301.

ENGR 3354 Introduction to Fluid Mechanics (3-0)

An introduction to the basic concepts of fluid mechanics including the fundamental properties of fluids, fluid statics, kinematics of fluid motion, and similitude. The conservation of mass, energy, and momentum are introduced with applications to compressible and incompressible fluids. Laminar and turbulent boundary layers are introduced. Prerequisite: ENGR 2301. Corequisite: MATH 2415.

ENGR 3375 Introduction to Thermodynamics (3-0)

An introduction to the basic concepts of thermodynamics including the properties of substances and ideal gases. Introduction to the concepts of a thermodynamic system, control volumes, heat, work, and internal energy. Introduction to the first and second laws of thermodynamics with engineering applications. Prerequisites: MATH 2414 and PHYS 2325.

ENGR 4195 Professional Practice (1-0) Introduction to the engineering profession with emphasis on professional and ethical responsibility. The impact of engineering solutions in a global, economic, environmental, and societal context is discussed. Professional registration is discussed and an engineering field examination is given. Prerequisite: Senior standing in engineering.

Mechanical Engineering

Forrest Flocker, Ph.D.

Associate Professor and Chair of Engineering and Technology

Dr. Flocker received his doctorate in engineering mechanics from the Missouri University of Science and Technology. He has several years of experience teaching a wide variety of engineering courses. Prior to teaching, he worked as a production and maintenance engineer for the U.S. Army Aviation and Troop Support Command in St. Louis, Missouri, and as a consultant for the offshore oil industry in Houston, Texas. His areas of expertise are solid mechanics and machine design with current research interests in high-speed cam dynamics and optimization of engineering systems. He is currently licensed as a Professional Engineer in the States of Colorado, Indiana, and Missouri.

The mechanical engineer may design a component, a machine, a system or a process. Mechanical engineers analyze their design using the principles of physics to insure the product functions safely, efficiently, reliably, and can be manufactured at a competitive cost. Mechanical engineers work in automotive, aerospace, chemical, computer, communication, paper, and power generation industries. Mechanical engineers are found in virtually any manufacturing industry.

Program Educational Objectives

The educational objectives of the Mechanical Engineering program are to provide an educational experience that enables graduates to:

1. Obtain professional-level employment in the mechanical engineering field,
2. Obtain licensure as a professional engineer,
3. Practice mechanical engineering in a wide variety of private industries and governmental agencies, and
4. Engage in life-long learning and professional development including, if desired, the pursuit of graduate studies.

Mechanical Engineering Lower Division

23 Credits

Required Courses

- MATH 2414 – Calculus II
- MATH 2415 – Calculus III
- PHYS 2326 – University Physics II
- PHYS 2126 – University Physics II Laboratory
- ENGR 1204 – Engineering Graphics
- ENGR 2301 – Engineering Mechanics: Statics
- ENGR 2302 – Engineering Mechanics: Dynamics
- ENGR 2305 – Fundamentals of Circuit Analysis

Mechanical Engineering Upper Division**55 Credits****Required Courses**

MATH 3301 – Statistics

MENG 4365 – Vibrations
MENG 4370 – Mechanical Design II
MENG 4372 – Thermo-Fluid Component and Systems Design

Mechanical Engineering - Nuclear Track Description

The nuclear engineering track under the mechanical engineering program is designed to combine broad engineering disciplines with knowledge of engineering principles specific to the nuclear industry. A degree in mechanical engineering with the nuclear engineering track should prepare graduates for work at power plants, fuel generation facilities, government regulatory agencies, and the design and manufacture of components and systems associated with handling nuclear materials. The program is further intended to adequately prepare students for graduate work in nuclear engineering.

Mechanical Engineering (Nuclear Track) Lower Division**23 Credits****Required Courses**

MATH 2414 – Calculus II
MATH 2415 – Calculus III
PHYS 2326 – University Physics II
PHYS 2126 – University Physics II Laboratory
ENGR 1204 – Engineering Graphics
ENGR 2301 – Engineering Mechanics: Statics
ENGR 2302 – Engineering Mechanics: Dynamics
ENGR 2305 – Fundamentals of Circuit Analysis

Mechanical Engineering (Nuclear Track) Upper Division

61 Credits

Required Courses

MATH 3301 – Statistics
PHYS 3310 – Introduction to Nuclear Physics
MATH 3320 – Differential Equations
ENGR 3303 – Introduction to Material Science
ENGR 3332 – Mechanics of Materials
ENGR 3354 – Introduction to Fluid Mechanics
ENGR 3375 – Introduction to Thermodynamics
ENGR 4195 – Professional Practice
MENG 3206 – Mechanical Engineering Laboratory I
MENG 3348 – Computer-Aided Mechanical Engineering Design
MENG 3351 – Heat Transfer
MENG 3356 – Fluid Mechanics II
MENG 3364 – Mechanical Design I
MENG 3376 – Thermodynamics II
MENG 4205 – Thermo-fluid and Mechanical Systems Laboratory
MENG 4366 – Senior Design I
MENG 4368 – Senior Design II
NENG 3301 – Introduction to Nuclear Power
NENG 4211 – Nuclear Engineering Laboratory
NENG 4311 – Radioactive Materials Processing and Waste Management
NENG 4321 – Nuclear Reactor Engineering
NENG 4331 – Radiation and Radiation Protection

Course Listing

MENG 3206 Mechanical Engineering Laboratory I (1-3)

Theory and fundamentals of the measurement of mechanical and thermal properties and the application of these measurements to processes. This includes the study of various types of measurement devices from traditional gages to modern computer-based data acquisition systems. Prerequisites: PHYS 2326/2126, co-requisite: ENGR 3332.

MENG 3324 Manufacturing Processes (3-0)

Study of modern manufacturing processes for metals, polymers, and ceramics. Casting, deformation, polymer molding, and machining are studied. Prerequisites: ENGR 3303. Co-requisite: ENGR 3332.

MENG 3348 Computer-Aided Mechanical Engineering Design (2-2)

Extensive use of computers as part of the mechanical engineering design process. Introduction to the finite element method for thermal and mechanical systems design. Software packages using solid modeling, finite element analysis, nonlinear solvers, and kinematic simulation will be introduced. Design project work using computational tools is a major component of the course. Prerequisites: ENGR 1204, ENGR 3375 and ENGR 3332.

MENG 3351 Heat Transfer (3-0)

Convection, conduction, and radiation heat transfer. Heat flow in fluids and solids. Steady state and transient heat flow. Design of heat transfer equipment and mathematical modeling and analysis of heat transfer. Prerequisites: BENG 3375 and MATH 3320.

MENG 3356 Fluid Mechanics II (3-0)

Surface resistance to flow, wall shear stress, and boundary layers. Internal flow, laminar and turbulent flow in conduits. External flow, lift and drag. Compressible flow, normal shock waves, isentropic flow through nozzles and diffusers. Introduction to turbomachinery. Prerequisite: MENG 3354.

MENG 3364 Mechanical Design I (3-0)

Fundamental principles of machine component design are introduced. Stress and deflection analysis of machine elements; failure theories for static and fatigue loading. Prerequisites: ENGR 3303, ENGR 3332.

MENG 3376 Thermodynamics II (3-0)

First and second law analysis of power cycles: Rankine vapor power cycles; air-standard and Brayton gas cycles. Refrigeration and heat pump cycles and systems. Ideal gas mixtures and psychrometrics. Reacting mixtures and combustion. Prerequisite: ENGR 3375.

MENG 4205 Thermo-Fluid and Mechanical Systems Laboratory (1-3)

Laboratory practice and measurement of components and devices used in thermo-fluid and mechanical systems. Applications to practical problems in heat transfer, fluid mechanics, mechanics of materials, and dynamics. Prerequisites: ENGR 2302, MENG 3206, MENG 3351, and ENGR 3354.

MENG 4206 Mechanical Engineering Laboratory II (1-3)

A continuation of the Mechanical Engineering Laboratory series with practical measurement problems in mechanical engineering. Prerequisite: MENG 3206.

MENG 4311 Automatic Controls (3-0)

A study of classical control theory including transfer functions, stability, and time response. Root locus, Nyquist diagrams, and Bode Plots are studied. The computer as a simulation tool for control system design and analysis is introduced. Prerequisites: ENGR 2302 and MATH 3320.

MENG 4365 Vibrations (3-0)

Fundamentals of vibration theory and system response. Single and multiple degrees of freedom, damping, and vibration isolation. Prerequisites: ENGR 2302 and MATH 3320.

MENG 4366 Senior Design I (3-0)

Introduction to the design process. Customer needs, product specifications; concept generation and selection; design for manufacturing; economics of product development; prototyping. Teams of students work on a mechanical engineering capstone design project through the concept selection phase. Detail design will continue in course MENG 4468. Prerequisites: MENG 3364, MENG 3348.

MENG 4368 Senior Design II (3-0)

Continuation and conclusion of the mechanical engineering capstone design project. Students complete a detail design of a product, prepare of a formal written design report and give an oral presentation of the design. Course must be taken immediately following MENG 4366. Prerequisite: MENG 4366.

MENG 4370 Mechanical Design II (3-0)

Practical applications of the principles of machine design. Design of screws, fasteners, and connections; welded and bonded joints, mechanical springs; antifriction and journal bearings; gearing and shafts; clutches, brakes, and couplings. Prerequisite: MENG 3364.

MENG 4372 Thermo-Fluid Component and Systems Design (3-0)

Analysis of components for energy transfer: pumps; fans, blowers, and compressors; heat exchangers and burners; ducts; valves. Design of systems containing energy transfer components. Design of duct and piping systems. Design of fluid networks. Prerequisites: MENG 3351 and MENG 3356.

MENG 4389 Special Topics in Mechanical Engineering (3-0)

Occasionally offered special topics course in Mechanical Engineering to be used as a senior-level elective course.

NENG 3301 Introduction to Nuclear Power (3-0)

Covers basic physics of radioactivity and basic nuclear interactions - fission and fusion. Basic operational principles of fission reactors, power generation, nuclear power control systems, efficiency and nuclear power safety. Prerequisites: PHYS 2325/2125, PHYS 2326/2126.

NENG 4211 Nuclear Engineering Laboratory (1-3)

An introduction to radiation physics and terminology, the properties of radioactive materials, sources and the types of ionizing radiation. The basic physical interaction of radiation with matter is covered, with applications to the theory of radiation detection, measurement, and dosimetry. Prerequisites: PHYS 2325/2125, PHYS 2326/2126.

NENG 4311 Radioactive Materials Processing and Waste Management (3-0)

This course covers behavior of radioactive substances, as well as their storage, processing, and disposal. It provides a basic understanding of the behavior of radioactive materials, sources of radioactive materials, techniques by which they are produced, refined, stored, and recovered from contaminated areas. Prerequisites: CHEM 1311/1111, ENGR 3303.

NENG 4321 Nuclear Reactor Engineering (3-0)

This course is designed to provide an understanding of the physical theory and operation of a nuclear reactor core. Physical principles of operation, practical challenges, and numerical simulation of core behavior are explored. Prerequisites: PHYS 2325/2125, MENG 3376, PHYS 3310.

NENG 4331 Radiation and Radiation Protection (3-0)

Radiation and Radiation Protection begins with an introduction to radiation physics and terminology, the properties of radioactive materials, sources of ionizing radiation, and the types of ionizing radiation. The basic physical interaction of radiation with matter is covered, with applications to the theory of radiation detection, measurement, and dosimetry. Prerequisites: PHYS 2325/2125, PHYS 2326/2126.

Petroleum Engineering

Abdallah S. Harouaka, PhD, PE.

Professor and Coordinator, Bachelor of Science in Petroleum Engineering

Dr. Harouaka is the coordinator and faculty member of the Bachelor of Science in Petroleum Engineering Program in the College of Business and Engineering. Dr. Harouaka received his doctorate degree in Petroleum and natural gas engineering from the Pennsylvania State University. He has over thirty years of experience in academia and industry, certified Petroleum Engineer in California since 1984 and member of SPE since 1982. Dr. Harouaka's main areas of expertise include reservoir engineering/simulation, improved oil recovery, production engineering, petroleum related rock mechanics, reservoir characterization, formation damage and project management. Wide experience with hydrocarbon fields in Africa, the Middle East and the US. He is trilingual: English, French and Arabic and his research interests are in the areas of reservoir and production engineering with numerous publications in national and international journals.

Administered by the Department of Engineering and Technology in the College of Business and Engineering, petroleum Engineering is a broad-based discipline primarily concerned with the development, exploration, conservation and transportation of oil and gas resources. Petroleum engineers plan and supervise drilling and well-completion programs, design and select drilling and production equipment, estimate reserves and manage oil and gas properties. A petroleum engineering graduate may obtain a responsible position with an oil company, establish a consulting business, or become an independent oil producer. In general, a petroleum and natural gas engineer may find employment with any industry as well as state or federal institutions which require a specialist in activities related to producing and injecting fluids by means of wellbores.

Degree Requirements

The minimum total credits required for a BS degree in Industrial Technology is **126**.

General Education Core Courses

42 credits

General Education Requirements are 42 semester credit hours as outlined in the U. T. Permian Basin *Undergraduate Catalog*. In meeting these requirements, students should take the following courses:

Mathematics (4 credits): MATH 2413*

Communication (6 credits): ENGL 1301 and ENGL 1302

Life and Physical Sciences (6 credits): CHEM 1311 and PHYS 2325

Language, Philosophy, and Culture (3 credits): Choose one from ENGL 2322, 2323, 2327, 2328; UNIV 1301, 1302

American History (6 credits): HIST 1301, 1302

Government/Political Science (6 credits): PLSC 2305, 2306

Creative Arts (3 credits): Choose one from ARTS 1301, DRAM 1310, MUSI 1306, or MUSIC 2310

Social and Behavioral Sciences (3 credits): Choose one from ECON 2301, LEAD 1301, PSYC 1301, or SOCI 1301
Component Area Option (6 credits): CHEM 1111, COMM 1315, MATH 2413*, PHYS 2125

* Four credits of MATH 2413 fulfill the Mathematics requirement, one credit is assigned to the Component Area Option.

Geology Background

Petroleum Engineering students obtain geological knowledge from taking GEOL 1301, GEOL 1101, and GEOL 3312, GEOL 3112.

Petroleum-Engineering Lower Division

25 Credits

Required Courses

MATH 2414 – Calculus II, 4
MATH 2415 – Calculus III, 4
PHYS 2326 – University Physics II, 3
PHYS 2126 – University Physics II Lab, 1
GEOL 1301 - Physical Geology, 3
GEOL 1101 - Physical Geology Lab, 1
ENGR 2301 – Engineering Mechanics: Statics, 3
ENGR 2302 – Engineering Mechanics: Dynamics, 3
PENG 2301 – Petroleum Fundamentals, 3

Petroleum Engineering Upper Division

59 Credits

Required Courses

MATH 3301 – Statistics, 3
MATH 3320 – Differential Equations, 3
GEOL 3312 - Sedimentary Rocks, 3
GEOL 3112 - Sedimentary Rocks lab, 1
ENG 3375 - Intro. To Thermodynamics, 3
ENG 3326 - Engineering Economics, 3
ENG 3332 - Mechanics of Materials, 3
ENG 3354 - Intro. To Fluid Mechanics, 3
ENG 4195 – Professional Practice, 1
PENG 3301 – Drilling, 3
PENG 3101 - Drilling Fluid Lab, 1
PENG 3302 – Rock and Fluids Properties, 3
PENG 3304 - Reservoir Engineering I, 3
PENG 3104 - Reservoir Engineering I Lab, 1
PENG 3305 - Well Design, 3
PENG 3307 - Formation Evaluation, 3
PENG 4301 - Production Engineering, 3
PENG 4302 - Well Testing, 3
PENG 4307 - Reservoir Description, 3
PENG 4304 - Natural Gas Reservoir Engr., 3
PENG 4305 – Reservoir Engineering II, 3
PENG 4410 - Senior Design, 4

Total Credits

126 credits

Computer Use

Petroleum engineering students obtain skills in using computers in many petroleum engineering courses, starting with PENG 3104 reservoir engineering I lab, a required petroleum engineering course.

Course Listing

PENG 2301 - Petroleum Fundamentals (3-0)

A basic overview of the petroleum industry, covering exploration, leasing, drilling, production, enhanced recovery, transportation and refining.

PENG 3301 - Drilling Engineering (3-0)

Study of the drilling process, including basic rotary drilling, drilling fluids and hydraulics, drill string design, directional drilling, and well control. Prerequisites: PENG 2301, ENGR 2302.

PENG 3101 - Drilling fluids lab (0-1)

Measurement and design of drilling fluids Co requisite: PENG 3301.

PENG 3302 – Reservoir Rock and Fluids Properties (3-0)

Reservoir rock and fluids properties, interaction between rock and fluids, flow behavior in a reservoir. Prerequisites: CHEM 1311, MATH 2414.

PENG 3304 - Reservoir Engineering I (3-0)

Reservoir engineering, hydrocarbon reserves, material balance, reserve estimates, water influx, introduction to Darcy's law and derivation of the diffusivity equation. Immiscible displacement of oil and gas, history matching. Introduction to well testing, decline curve analyses. Prerequisites: PENG 3302, MATH 3320.

PENG 3104 - Reservoir Engineering I Lab (0-1)

Measurement of fluid/rock properties, computer reservoir modeling. Co requisite PENG 3304.

PENG 3305 - Well Design (3-0)

Well planning, drill string, casing, cementing and completions. Prerequisite PENG 3301.

PENG 3307 - Formation Evaluation (3-0)

Open-hole and cased hole log analysis. Prerequisites: Math 2415, PENG 2301.

PENG 4301 - Production Engineering (3-0)

Single and multi-phase flow, inflow performance, choke performance, artificial lift, and nodal analysis. Prerequisite: PENG 3101.

PENG 4302 - Well Testing (3-0)

Steady state, pseudo steady state and transient well testing methods to determine well and reservoir parameters used in formation evaluation. Prerequisites: Math 3320, PENG 3304.

PENG 4303 - Reservoir Description (3-0)

Integration of reservoir, production and geological data for well performance optimization (senior project class). Prerequisites: Senior standing, PENG 4302.

PENG 4304 - Natural Gas Reservoir Engineering (3-0)

Estimation of gas reserves for dry and gas condensate reservoirs. Evaluation of deliverability tests and subsequent development of flow equations. Strategies for gas field development. Prerequisite: PENG 3304.

PENG 4305 – Reservoir Engineering II (3-0)

Secondary and tertiary oil recovery processes. Displacement theory as it applies to design and or behavior of flooding.. Prerequisites: PENG 3304.

PENG 4389 Special Topics in Petroleum Engineering (3-0)

Occasionally offered special topics course in Petroleum Engineering to be used as a senior-level elective course.

PENG 4410 - Senior Design (4-0)

Work on an extensive petroleum engineering project covering many areas. Prerequisite: Senior standing, PENG 4301.

DEGREE PLAN: BS IN PETROLEUM ENGINEERING

College of Education

Accredited by The National Council for Accreditation of Teacher Education

Dr. Frank Hernandez, Dean

For Information Contact (432) 552-2120 or go by MB 3214

Dr. Frank Hernandez, Ph.D.

Dean of the College of Education
Associate Professor of Education

Before arriving at UTPB, Dr. Hernandez served as Associate Dean at Hamline University School of Education, as Executive Director for the Center for Excellence in Urban Teaching, and as Chair of the Department of Continuing Studies, Partnerships & Strategic Initiatives at Hamline. Prior to that Dr. Hernandez served as an Assistant Professor at Iowa State University in the Department of Educational Leadership and Policy Studies. He is a former classroom teacher and principal, and coordinator of multicultural programs for several school districts. Dr. Hernandez has three lines of inquiry that guide his research (leadership for social justice; Latinos and school leadership and teaching; and racial identity), and he has published in top tier journals such as *Educational Administration Quarterly*, *Journal of School Leadership*, *Education and the Urban Society*, and *Journal of Research in Leadership Education*. He is currently working on a book called, *The Brown-Eyed Leaders of the Sun: Latinos and School Leadership*.

The UTPB College of Education proudly achieved reaffirmation of its accreditation by the National Council for Accreditation of Teacher Education (NCATE) in October 2013. We are one of only two universities within The University of Texas System who currently have this distinction. The following “Conceptual Framework” outlines the vision, mission, and anticipated learning outcomes for the candidates in our initial and advanced programs. Please visit the NCATE (now CAEP) web site at www.caepnet.org for more information.

Conceptual Framework

The **vision** of the College of Education is a community of lifelong learners who actively reflect on the impact of their values, attitudes, beliefs, and practices.

The **mission** of the College of Education is to prepare pre-service and professional educators who are proactive in nurturing the lifelong development of all learners. This mission will be accomplished by:

- Facilitating the acquisition of necessary knowledge, skills, and dispositions;
- Cultivating the value of diversity;
- Encouraging collaborative inquiry, innovation, and research;
- Promoting collegiality and service in schools and communities;
- Integrating technology into practice;
- Providing opportunities for professional growth; and
- Influencing educational practices and policies at the local, state, and national level.

The **learning outcomes** expected are that teacher candidates will:

- Demonstrate content knowledge in their respective content area
- Use appropriate processes and teaching practices
- Apply knowledge about child and adolescent development
- Incorporate knowledge of diversity in planning and delivering instruction
- Incorporate technology in planning and delivering instruction
- Plan for and assess students' learning
- Create an appropriate learning environment
- Communicate and collaborate with all stakeholders
- Engage in professional growth.

As part of its teacher certification program, the College of Education emphasizes experiential learning through field-based applications in which students spend a significant amount of time in public school classroom settings applying acquired knowledge to a variety of learning situations. Candidates for certification must actively demonstrate proficiency in the knowledge, skills, and dispositions contained in the learning outcomes through assessment strategies such as portfolios, reflective journals, and other performance-based assessment strategies.

AREAS OF TEACHER CERTIFICATION

Early Childhood – Grade 6

Supplemental Certifications

Bilingual Education (Spanish)
English as a Second Language (ESL)
Special Education

Undergraduate Certification while earning a BA or BS Degree

Undergraduates seeking teacher certification earn their bachelor's degree in an approved area while completing the requirements for certification. Students typically complete an academic major and supporting minor, and should consult with faculty members in those disciplines for help in planning a program.

Post-Bachelors Certification

Individuals already holding a bachelor's degree and desiring to become certified to teach may be eligible to enroll in the post-bachelors certification program. Information about the post-bachelors program is available on the College of Education's web site and from the Certification Office.

Requirements for Certification

Persons entering the program under this catalog who intend to receive traditional teacher certification through The University of Texas of the Permian Basin must meet the following requirements:

- A. Complete the Professional Foundations requirements.
- B. Apply and be admitted to the Teacher Preparation Program.
- C. Complete specific course work in the teaching field with a GPA of 2.75 or higher.
- D. Complete all course work used to satisfy certification requirements with no grade below a "C".
- E. Successfully complete student teaching or teaching internship requirements.
- F. Pass state examinations of pedagogy and teaching specializations. Students seeking to take such examinations must, prior to issuance of approval, meet university guidelines for eligibility.
- G. Complete a bachelor's degree in an approved area. The overall GPA must meet Texas Education Agency standards in effect at the time of a candidate's admission to the preparation program.

Candidates for certification must be free of felony or misdemeanor convictions for any crime directly related to the duties and responsibilities of the teaching profession. A candidate with a conviction must consult the Certification Officer regarding his or her eligibility to enter or continue in the teacher preparation program.

Admission to the Teacher Preparation Program

Undergraduate students apply for admission to the Teacher Preparation Program during the term in which the final Professional Foundations course is being completed. Those who have not been admitted cannot take professional education courses beyond the core. The following documentation is required of applicants under this catalog:

1. Satisfactory scores on reading, writing, and math tests, either the THEA or an approved TSI alternative:
 - a. THEA (TASP): 260 on Reading, 240 on Writing, and 240 on Mathematics.
 - b. SAT: combined score of 1070 with at least 500 on both verbal and mathematics.
 - c. ACT: composite score of 23 with at least 20 on English and mathematics.
 - d. COMPASS: 89 on reading, 49 on math, and 6 on writing essay (or 5 with writing skills 59).
 - e. TSI exemption on the basis of TAKS scores or other alternatives documented on transcript.
2. Grade of "C" or better in COMM 1315, or other evidence of oral communication proficiency.
3. Completion of at least 48 semester credit hours (SCH), including credits at UTPB and credits earned elsewhere, and including a minimum of 12 SCH in the specific content area for the certification sought (or 15 SCH if the certification sought is for math or science at or above Grade 7).
4. An overall grade point average (GPA) of at least 2.50 or the Texas Education Agency standard in effect at the time of a candidate's admission to the program.
5. A grade point average of 2.75 or higher in the teaching field.
6. A GPA of 2.75 or higher in the professional foundations courses, with no grade lower than a "C".

7. Certification plan signed by the certification advisor and filed with the Certification Office.
8. Degree plan signed by the major advisor and filed with the Certification Office.
9. Submit two letters of recommendation and a 200-300 word essay addressing “Why I Want to Teach.”
10. Application for admission to the certification program submitted digitally through our Tk20 portal.

Readmission Policy

Certification students who have been inactive for two or more successive “long” semesters must have their certification plan reevaluated, with the possibility of being required to apply for readmission to the teacher preparation program.

Maximum Age of Education Courses

The maximum age of education courses to be used for certification purposes shall be five years. Courses more than five years old may be applied contingent upon submission of a certification petition and the written approval of the Dean.

Student Teaching or Internship

Candidates for student teaching or internship must have a 2.50 overall GPA or the Texas Education Agency standard in effect at the time of a candidate’s admission to the program, and a GPA of 2.75 in the content area and education courses. All education courses must be completed prior to student teaching, or permission obtained to take a course concurrently. Undergraduates can lack no more than 6 hours plus student teaching to finish their degree. The appropriate content area TExES exam(s) and the Pedagogy and Professional Responsibilities (PPR) TExES exam must be attempted prior to student teaching.

Candidates who have previously received the THECB Educational Aide Exemption are exempt from student teaching and internship. Candidates for internship must have a bachelor’s degree or higher, and must have passed the appropriate content area TExES exam

Student teachers maintain the daily schedule required of the public school mentor teachers to whom they are assigned for a period of 14 weeks. **Internships** are completed as a contracted teacher for one academic year. Applications for admission to student teaching must be received by the following dates:

Fall Student Teaching	Application Deadline is March 10 th
Spring Student Teaching	Application Deadline is October 10 th

Certification Testing Requirements

Candidates for certification must pass appropriate Texas Examinations of Educator Standards (TExES). Candidates must pass two tests: one in the content-area and one in pedagogy and professional practices. Candidates seeking Bilingual certification must also pass the Bilingual Target Language Proficiency Test (BTLPT) and the Bilingual Supplemental TExES. Candidates seeking Spanish certification must pass the Languages Other Than English (LOTE) Spanish TExES.

Candidates who are seeking to take examinations through UT Permian Basin must, prior to approval, demonstrate their preparedness on representative pretests or through satisfactory

completion of an approved plan of study. Pretests are offered throughout the year and must be taken by all candidates for certification through UTPB prior to enrolling in methods courses related to the candidate's certification. Coursework or tutoring will be recommended for students who are unsuccessful on pretests. Students who are unsuccessful on the PPR pretest must enroll in a test preparation module while completing methods courses.

Teacher Preparation Professional Foundations Courses

All undergraduate teacher certification options require the completion of three professional foundations courses as the first phase of the program.

PSYC 3341 ¹	Child & Adolescent Psychology
EDUC 3352 ²	The Exceptional Child
EDUC 4362	Foundations of Bilingualism and Multiculturalism

¹PSYC 2308, PSYC 2314, and TECA 1354 are accepted in transfer as equivalent courses.

²EDUC 2301 is accepted in transfer as an equivalent course.

Early Childhood through Grade 6 Options

General Requirements

Students seeking EC-6 certification must complete at least 9 semester credit hours of mathematics at or above college-level algebra and at least 12 semester credit hours of science, including both life and physical sciences. They should plan accordingly when completing general education and elective course requirements.

Core Subjects EC-6

Approved major for this certification under Texas Higher Education Coordinating Board (THECB) guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322, EDUC 4311, EDUC 4313.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4317, EDUC 4324, EDUC 4325, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4312, EDUC 4372, EDUC 4373.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4680 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects EC-6 with Bilingual Supplement

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322, EDUC 4311, EDUC 4313, EDUC 4329.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4317, EDUC 4315, EDUC 4325, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4312, EDUC 4363, EDUC 4372, EDUC 4373.

**Take BTLPT, content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4680 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects EC-6 with English as a Second Language (ESL) Supplement

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322, EDUC 4311, EDUC 4313, EDUC 4329.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4317, EDUC 4324, EDUC 4325, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4312, EDUC 4336, EDUC 4372, EDUC 4373.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4680 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects EC-6 with Special Education EC-12

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322, EDUC 4311, EDUC 4313, EDUC 4352, EDUC 4353, EDUC 4354.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4317, EDUC 4324, EDUC 4325, EDUC 4327, EDUC 4355, EDUC 4356.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4312, EDUC 4372, EDUC 4373.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4680 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Intermediate/Middle Level (Grades 4-8) Options

General Requirements

Students seeking Grade 4-8 certification must complete at least 9 semester credit hours of mathematics at or above college-level algebra and at least 12 semester credit hours of science, including both life and physical sciences. They should plan accordingly when completing general education and elective course requirements.

Core Subjects 4-8

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4325, EDUC 4326, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4374, EDUC 4375.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects 4-8 with Bilingual Supplement

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323; EDUC 4329.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4315, EDUC 4325, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4316 or 4317, EDUC 4374, EDUC 4375.

**Take BTLPT, content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects 4-8 with English as a Second Language (ESL) Supplement

Approved major for this certification under THECB guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323; EDUC 4329.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4325, EDUC 4326, EDUC 4327, EDUC 4336.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4316 or 4317, EDUC 4374, EDUC 4375.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Core Subjects 4-8 with Special Education EC-12

Approved major for this certification under THECB credit hour guidelines: Multidisciplinary Studies.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323; EDUC 4352, EDUC 4353, EDUC 4354.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4325, EDUC 4326, EDUC 4327, EDUC 4355, EDUC 4356.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4374, EDUC 4375.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

English Language Arts & Reading 4-8

Approved major for this certification under THECB guidelines: English.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4325, EDUC 4326, EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4375.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Social Studies 4-8

Approved major for this certification under THECB guidelines: History.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

Phase II: EDUC 3322 or 4323.

**Apply for admission to program prior to registration for Phase III courses.*

Phase III: EDUC 4321 or 4322; EDUC 4325, EDUC 4326.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase IV: EDUC 4375.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase V: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Science 4-8

Approved major for this certification: Biology. (The minor must be Chemistry or Geology.)

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4321 or 4322; EDUC 4325, EDUC 4326.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase IV courses.*

Phase III: EDUC 4374.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Mathematics 4-8

Approved majors for this certification: Mathematics, Multidisciplinary Studies (math emphasis)

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4321 or 4322; EDUC 4325, EDUC 4326.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: EDUC 4374.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4682 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Secondary (Grades 6-12, 7-12, or 8-12) Options

Business Education 6-12, Chemistry 7-12, Computer Science 8-12, English Language Arts and Reading 7-12, History 7-12, Journalism 7-12, Life Science 7-12, Mathematics 7-12, Physical Science 6-12, Science 7-12, Social Studies 7-12, Speech 7-12.

Approved majors for these certifications: English Language Arts/Reading [English]; History [History]; Social Studies [History, Political Science]; Mathematics [Mathematics]; Life Science [Biology]; Chemistry; Physical Science [Chemistry]; Science [Biology]; Speech [Communication].

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4322, EDUC 4326. (English Language Arts also take EDUC 4323).

**Take appropriate diagnostic tests for TExES prior to registration for Phase III courses.*

Phase III: Methods course for the respective content area: EDUC 4370 (History, Social Studies); EDUC 4371 (English Language Arts); EDUC 4376 (Sciences); EDUC 4377 (Mathematics); COMM 4320 (Speech).

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4685 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

All-Level (EC-Grade 12) Options

EC-12 Art

Approved major for this certification: Art.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4321 or 4322; EDUC 4326.

**Take the diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: EDUC 4378.

**Take the content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4686 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass the content-area TExES and PPR TExES if not previously passed.*

EC-12 Music

Approved major for this certification: Music.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4322; EDUC 4326.

**Take the diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: MUSI 3204, MUSI 3206, MUSI 4280.

**Take the content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4686 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass the content-area TExES and PPR TExES if not previously passed.*

EC-12 Physical Education

Approved major for this certification: Kinesiology.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4326.

**Take the diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: EDUC 4333, EDUC 4334.

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4686 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

EC-12 Languages Other Than English -- Spanish

Approved major for this certification: Spanish.

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4322; EDUC 4326.

**Take the diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: EDUC 4316 or EDUC 4317.

**Take the content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4686 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass the content-area TExES and PPR TExES if not previously passed.*

EC-Grade 12 Special Education**

Approved major for this certification: Child/Family Studies (Special Populations minor).

****Special Education “stand alone” certification is recommended only for students who plan to teach in “life skills” classrooms. Students who plan to teach in content area, resource or inclusion settings, should pursue a Core Subjects EC-6 or Core Subjects 4-8 certification with Special Education EC-12 or a secondary content teaching field with a Special Education supplement.**

Phase I: PSYC 3341 or equivalent, EDUC 3352 or equivalent, EDUC 4362.

**Apply for admission to program prior to registration for Phase II courses.*

Phase II: EDUC 4313, EDUC 4353, EDUC 4354, EDUC 4355, EDUC 4324, EDUC 4325 or EDUC 4327.

**Take the appropriate diagnostic tests for the TExES prior to registration for Phase III courses.*

Phase III: EDUC 4352, EDUC 4356. *(Take professional practices course if required.)*

**Take content-area TExES and PPR TExES. Apply for admission to student teaching.*

Phase IV: EDUC 4679 (Student Teaching); EDUC 4099 (Seminar).

**For completion of Seminar, pass content-area TExES and PPR TExES if not previously passed.*

Supplemental Certification

Supplemental certifications are not “stand alone” certifications, i.e., they can only be added to a base certificate.

Bilingual Education-Spanish (supplemental)

EDUC 4362, EDUC 4329, EDUC 4315, EDUC 4317 or 4316, EDUC 4363.

English as a Second Language (supplemental)

EDUC 4362, EDUC 4329, EDUC 4317 or 4316, EDUC 4336.

Special Education (supplemental)

EDUC 3352, EDUC 4352, EDUC 4353, EDUC 4354, EDUC 4355, EDUC 4356.

Dr. Roy Hurst, Ph.D.

Associate Dean of the College of Education
Professor of Education; Certification Officer

Dr. Hurst teaches undergraduate and graduate courses in science education and professional education. His research interests include active learning environments, classroom applications of the Internet, and teacher self-efficacy. His research has been published in *The Journal of Research in Science Teaching*, *The Science Teacher*, and *Teacher Education and Practice*.

Content Area Requirements

As part of their academic preparation, candidates for certification in content-area specializations must have completed the courses required for the appropriate academic major. Candidates for certification in multi-subject specializations must complete the appropriate major, minor, and any supporting courses.

Art EC-12: Complete the courses for the BA in Art.

Business Education 6-12: Complete the courses for the BBA in Accounting, Economics, Finance, Management, or Marketing.

Chemistry 7-12: Complete the courses for the BS in Chemistry.

Computer Science 8-12: Complete the courses for the BS in Computer Science.

English Language Arts & Reading 4-8: Complete the courses for the BA in English.

English Language Arts & Reading 7-12: Complete the courses for the BA in English.

English Language Arts, Reading, & Social Studies 4-8: Complete the courses for the BA in English with a minor in History, or for the BA in History with a minor in English. In addition complete ECON 2301 and two Geography courses.

History 7-12: Complete the courses for the BA in History, including a course in Texas history.

Journalism 7-12: Complete the courses for the BA in Communication, including COMM 4320.

Languages Other Than English: Spanish EC-12: Complete the courses for the BA in Spanish.

Life Science 7-12: Complete the courses for the BS in Biology.

Mathematics 4-8: Complete the courses for the BS in Mathematics, or for the BA in Multidisciplinary Studies with 24 credit hours in mathematics, including 12 credits at the 3000-level or higher.

Mathematics 7-12: Complete the courses for the BS in Mathematics.

Mathematics & Science 4-8: Complete the courses for the BS in Biology with a minor in Mathematics. In addition complete GEOL 1301/1101 and PHYS 1301/1101 or GEOL 1302/1102.

Music EC-12: Complete the courses for the BM in Music.

Physical Education EC-12: Complete the courses for the BS in Kinesiology (Pre-Professional track).

Physical Science 7-12: Complete the courses for the BS in Chemistry, including PHYS 2325/2125 and PHYS 2326/2126.

Science 4-8: Complete the courses for the BS in Biology with a minor in Chemistry or Geology. In addition complete PHYS 1301/1101.

Science 7-12: Complete the courses for the BS in Biology with a minor in Chemistry, or for the BS in Chemistry with a minor in Biology. In addition complete GEOL 1301/1101, PHYS 1301/1101 or PHYS 2325/2125, and either GEOL 1302/1102 or PHYS 1302/1102 or PHYS 2326/2126.

Social Studies 4-8: Complete the courses for the BA in History with a minor in Political Science. In addition complete ECON 2301 and two Geography courses.

Social Studies 7-12: Complete the courses for the BA in History with a minor in Political Science. In addition complete ECON 2301, ECON 2302, and two Geography courses.

Speech 7-12: Complete the courses for the BA in Communication, including COMM 4320 and 4355.

Restricted Courses

Enrollment in the following courses is restricted to students who have applied for and been accepted into the Teacher Certification Program: EDUC 4312, 4315, 4316, 4317, 4321, 4322, 4324, 4325, 4326, 4327, 4333, 4334, 4336, 4363, 4370, 4371, 4372, 4373, 4374, 4375, 4376, 4377, and 4378.

Enrollment in the following courses is restricted to students who have applied for and been accepted into Student Teaching or Internship: EDUC 4099, 4381, 4680, 4681, 4682, 4684, 4685, 4686, and 4692.

Course Listing

EDUC 3322 Literature in the Classroom (3)

This course provides an overview of literature intended for use in classrooms with preschool through adolescent learners. The focus is on the history and genres of classroom literature, and current trends and strategies for effective selection and use of literature in teaching. Co/Prerequisite: PSYC 3341 or equivalent or permission of instructor. FS

EDUC 3331 Spanish Literacy for Bilingual Educators (3)

This course provides advanced development of formal, standard Spanish for use in bilingual education classrooms, with an emphasis on Spanish lexicon, reading and language arts with authentic language materials. Practice in the delivery of instruction in the bilingual classroom and communications with Spanish speaking parents and community members will be emphasized. Prerequisite: Spanish language proficiency exam (departmental exam). F

EDUC 3332 Classroom Spanish for Bilingual Educators (3)

This course provides advanced development of the appropriate use of standard Spanish in bilingual education classrooms, with an emphasis on Spanish lexical and language materials for the content areas such as math, science, social studies and health. Composition, reading and oral presentation will be emphasized. Prerequisite: Spanish language proficiency exam (department exam). S

EDUC 3352 The Exceptional Child (3)

This course will present the pre-service teacher with a general overview of exceptionalities of children and youth to include characteristics, etiology, and educational programs and practices. Topics will also include historical and legislative events affecting special education and an overview of the special education process including referral, screening, assessment and educational planning. FS

EDUC 4099 Seminar: Student Teaching (0)

This course provides student teachers with opportunities for synthesis and reflection as they integrate practicum experiences with their professional education course work. Learner-centered practices are emphasized. Candidates must pass the appropriate TExES exams to complete the course. Co-requisite: Enrollment in Student Teaching. FS

EDUC 4201 Professionalism in the Field of Education (2)

This course is designed to prepare students to be professional educators who understand and utilize best practices. Prerequisite: Admission to Teacher Certification Program or permission of the instructor. FS

EDUC 4310 Early Intervention (3)

This course focuses on issues related to young children who exhibit atypical development including the roles that families and professionals in the field play in facilitating development. Prerequisites: PSYC 3341 and EDUC 3352, or permission of the instructor. F

EDUC 4311 ECE: Social and Emotional Development (3)

This course focuses on social-emotional development in young children. Emphasis is on using knowledge of social-emotional development to establish a positive learning environment and to implement effective classroom management. Prerequisite: PSYC 3341, or permission of the instructor. FS

EDUC 4312 ECE: Curriculum and Instruction (3)

This course introduces the student to strategies practiced in early childhood classrooms. Emphasis is on designing developmentally appropriate, learner-centered experiences and assessments for young children, which are aligned with state standards. A field experience is required. TExES pre-tests may be required. Prerequisites: Admission to Teacher Certification Program, EDUC 3322, EDUC 4311. FS

EDUC 4313 Emergent Literacy (3)

This course focuses on the development of literacy (reading, writing, listening, and speaking) in young children and the ways in which teachers can facilitate this development. Forms of assessment and the use of phonics with young children are also studied. FS

EDUC 4314 Language Development in the Young Child (3)

This course studies the nature of language and the acquisition of language by the young child. Topics included are: (1) language structure, (2) sequence and process of the acquisition of language, (3) cognitive aspects of language acquisition and implementation, (4) social aspects of language in childhood, and (5) language variation. Prerequisite: PSYC 3341, or permission of the instructor. FS

EDUC 4315 Cognition and Bilingualism (3)

This course introduces the student to the cognitive and linguistic process of learning to read and write in two languages simultaneously. Included are overviews of multicultural literature, Spanish language arts models, linguistics, and grammar. A field experience is required. Prerequisites: Spanish proficiency; Admission to Teacher Certification Program or permission of instructor. F

EDUC 4316 Methods of Teaching a Second Language 4th-12th (3)

Students in this course acquire the theoretical and practical aspects of teaching a second language (written and oral) in an educational setting, including methodology and strategies for second language learners. A field experience is required. Prerequisite: Admission to Teacher Certification Program. S

EDUC 4317 Second Language Acquisition Principles EC-6 (3)

This course focuses on the process of acquiring a second language in early childhood, including theories and stages of second language proficiency and methodology for teaching second language learners. A field experience is required. Prerequisites: Admission to Teacher Certification Program and EDUC 4314 or EDUC 4329. FS

EDUC 4321 Classroom Instruction and Management: Grades 4-8 (3)

The course introduces prospective middle school teachers to effective practices for classroom instruction and management. The practices include addressing curriculum and instruction by establishing positive learning environments, designing and implementing assessments, planning lessons, and appropriately integrating technology into learning activities. A field experience is included. Prerequisite: Admission to Teacher Certification Program. F

EDUC 4322 Classroom Instruction and Management: Grades 7-12 (3)

This course introduces prospective secondary teachers to effective practices for classroom instruction and management. The practices include addressing curriculum and instruction by establishing positive learning environments, designing and implementing assessments, planning lessons, and appropriately integrating technology into learning activities. A field experience is included. Prerequisite: Admission to Teacher Certification Program. FS

EDUC 4323 Adolescent Literature in the Classroom (3)

This course prepares candidates to analyze and select adolescent literature for use in the classroom during read-alouds and in shared, interactive, guided, and independent reading. Candidates will participate in literacy circles, and read and discuss themes and representation in literature from a variety of genres for young adults. Candidates will learn strategies that aid in building reading comprehension through adolescent literature. Prerequisite: PSYC 3341 or equivalent, or permission of instructor. F

EDUC 4324 Reading Development in Primary Grades (3)

This course addresses reading development, methods of reading instruction, and sequence of instruction for the primary classroom. Candidates develop understanding of emergent reading, development of phonemic awareness, decoding and word analysis, fluency, and meaning construction. Field experience is included. Prerequisites: EDUC 3322 and 4313; Admission to Teacher Certification Program. FS

EDUC 4325 Reading in the Middle Grades (3)

This course addresses basic methods, trends, recent materials, and issues in reading and literacy for the middle grades. The emphasis is on strategic reading and the reading comprehension process, with an introduction to process writing across the curriculum. A field experience is included. Prerequisites: EDUC 3322 or 4323; Admission to Teacher Certification Program. FS

EDUC 4326 Reading in the Content Areas (3)

This course focuses on methods of integrating reading and literacy into the content areas for grades 4-12. It emphasizes ongoing assessment and planning developmentally appropriate learning experiences for students. A field experience is included. Prerequisites: Admission to Teacher Certification Program. FS

EDUC 4327 Literacy Assessment and Intervention (3)

Students in this course learn a variety of means to assess literacy ability and develop instructional interventions to address identified areas of need to promote learners' success. Cognitive, sociocultural, and affective factors related to the child's literacy development are addressed. Prerequisites: Admission to Teacher Certification Program; EDUC 4324 or 4325 or 4326, or permission of instructor. FS

EDUC 4329 First and Second Language Acquisition (3)

This course focuses on the processes of acquiring one's native language as well as a second language, including the theories, stages and connections between oral language and literacy. Prerequisite: PSYC 3341 or equivalent, or permission of Instructor. FS

EDUC 4333 Theory and Practice of Teaching: Elementary Physical Education (3)

This course focuses on elementary school physical education instruction and management. Emphasis is on the development of teaching skills associated with effective physical education practices, development of pedagogical knowledge, systematic observation and reflective skills. Field-based experience is required. Prerequisites: Admission to Teacher Certification Program. S

EDUC 4334 Theory and Practice of Teaching: Secondary Physical Education (3)

This course focuses on secondary school physical education instruction and management. Emphasis upon development of teaching skills associated with effective physical education practices, development of pedagogical knowledge, systematic observation and reflective skills. Field-based experience is required. Prerequisites: Admission to Teacher Certification Program. F

EDUC 4336 Issues of Multilingualism (3)

This course focuses on the interrelationships of language, culture, and learning in educational settings for second language learners. Prerequisite: Admission to Teacher Certification Program. F

EDUC 4352 Collaborative Teaching and Inclusive Practices (3)

This course will examine the teacher's role in collaborating with parents, teachers, and other professionals in the design of a classroom learning community promoting success for students with disabilities in the general education setting. Prerequisites: EDUC 3352. S

EDUC 4353 Individualized Planning and Other Professional Practice (3)

This course focuses on development of the individualized education program for students with disabilities and the legal and ethical considerations that must be addressed throughout the decision-making process. The course addresses the selection of appropriate goals, accommodations, modifications, etc., based on the unique needs and abilities of individuals with disabilities. It also covers professional practices such as progress monitoring and working with paraprofessionals. Prerequisites: EDUC 3352. S

EDUC 4354 Teaching Students with High Incidence Disabilities (3)

This course examines typical characteristics associated with high incidence disabilities, identification procedures used, and the development of appropriate, research-based intervention programs. This course also focuses on the use of formal and informal assessments to evaluate the instructional process and student progress. Field-based experience is required. Prerequisites: EDUC 3352. S

EDUC 4355 Teaching Students with Low Incidence Disabilities (3)

This course examines characteristics associated with low incidence disabilities, identification procedures used, and the development of appropriate, research-based intervention programs. This course also focuses on the use of formal and informal assessments to evaluate the instructional process and student progress. Field-based experience is required. Prerequisites: EDUC 3352. F

EDUC 4356 Behavior Management (3)

The focus of the course will be on developing behavior management strategies for individual learners who present challenging behaviors in the classroom or in community settings. This course explores strategies for behavior management, functional behavior assessment, positive behavior supports, and social skills training for exceptional learners. F

EDUC 4362 Foundations of Bilingualism and Multiculturalism (3)

This course focuses on the linguistic, developmental, political, social, and educational implications of bilingualism and multiculturalism in American society. Legal, ethical, and political issues are explored. Lesson planning and curriculum development pertaining to bilingual and multicultural populations will be introduced. Co/Prerequisite: PSYC 3341 or equivalent. FS

EDUC 4363 Methods of Teaching in the Bilingual Classroom (3)

Students examine content area theory and methods for bilingual education programs in elementary schools. Included are models, curriculum development, Spanish vocabulary, materials, teaching strategies and evaluations. A field experience is required. Prerequisites: Spanish proficiency; Admission to the Teacher Certification Program; EDUC 3322, 4312, 4313, 4329, 4315. Co/Prerequisite: EDUC 4317. S

EDUC 4370 Teaching Social Studies: Grades 7-12 (3)

This course addresses the methods of teaching social studies in grades 7-12. Candidates participate in unit planning, the writing process for student research papers, and hands-on comprehension strategies for teaching social studies. A field experience is required. Prerequisites: Admission to the Teacher Certification Program and taking appropriate TExES diagnostic pretests. Co/Prerequisites: EDUC 4322, 4326. S

EDUC 4371 Teaching English Language Arts: Grades 7-12 (3)

This course addresses the methods of teaching English language arts in grades 7-12. Candidates participate in the writing process, research, unit planning, and hands-on comprehension strategies for teaching English and language arts. A field experience is required. Prerequisites: Admission to the Teacher Certification Program and taking appropriate TExES diagnostic pretests. Co/Prerequisites: EDUC 4322, 4323, 4326. S

EDUC 4372 Teaching Mathematics and Science: EC-6 (3)

This course addresses the methods of teaching math and science in early childhood and elementary classrooms. The emphasis is on planning and providing developmentally appropriate learning experiences in an effective and supportive learning environment. A field experience is included. Prerequisites: Admission to the Teacher Certification Program, taking appropriate TExES diagnostic pretests, and completion of the Block II Courses. Co/Prerequisites: EDUC 4324 or 4315. FS

EDUC 4373 Teaching Language Arts and Social Studies: EC-6 (3)

This course addresses the design and organization of content, materials, and instructional strategies for language arts and social studies programs in early childhood – grade 6 classrooms. The emphasis is on integrating language arts and social studies content areas to plan developmentally appropriate learning experiences for students. A field experience is included. Prerequisites: Admission to the Teacher Certification Program, taking appropriate TExES diagnostic pretests, and completion of the Block II courses. Co/Prerequisite: EDUC 4324 or 4315. FS

EDUC 4374 Teaching Mathematics and Science: Grades 4-8 (3)

This course addresses the methods of teaching math and science in intermediate and middle school classrooms. The emphasis is on planning and providing developmentally appropriate learning experiences in an effective and supportive learning environment. Field experience is included. Prerequisites: Admission to Teacher Certification Program, taking appropriate TExES diagnostic pretests, and completion of Block II courses. Co/Prerequisite: EDUC 4325 and 4326. S

EDUC 4375 Teaching English Language Arts and Social Studies: Grades 4-8 (3)

This course addresses the methods of teaching language arts and social studies in the intermediate and middle grades. The emphasis is on integrating reading and process writing into language arts and social studies and planning developmentally appropriate learning experiences for students. A field experience is included. Prerequisites: Admission to the Teacher Certification Program, taking appropriate TExES diagnostic pretests, and completion of Block II courses. Co/Prerequisite: EDUC 4325 and 4326. F

EDUC 4376 Teaching Science: Grades 7-12 (3)

This course addresses the methods of teaching science in secondary schools. Candidates participate in unit planning, a research project, a lab safety module, the use of instructional technology, and interactive modeling of methods for teaching science. A field experience is included. Prerequisites: Admission to the Teacher Certification Program and taking the appropriate TExES diagnostic pretests. Co/Prerequisites: EDUC 4322 and 4326. F

EDUC 4377 Teaching Mathematics: Grades 7-12 (3)

This course addresses the methods of teaching mathematics in secondary schools. Candidates participate in unit planning, the use of instructional technology and manipulatives, and interactive modeling of methods for teaching mathematics. A field experience is included. Prerequisites: Admission to the Teacher Certification Program and taking the appropriate TExES diagnostic pretests. Co/Prerequisites: EDUC 4322 and 4326. F

EDUC 4378 Teaching Visual Arts (3)

This course addresses the methods of teaching visual arts at all levels. The emphasis is on developing the skills needed to plan for and provide appropriate learning experiences in an effective, supportive learning environment. A field experience is included. Prerequisites: Admission to the Teacher Certification Program; Co/Prerequisite: EDUC 4322. S

EDUC 4381 Student Teaching (3)

This one-semester practicum provides pre-service teachers with opportunities to demonstrate competency in classroom settings. The candidate is under the collaborative supervision of a certified, experienced teacher and a university field supervisor. Prerequisite: Admission to Student Teaching. Co-requisite: EDUC 4099. FS

EDUC 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. This course may be acceptable for graduate credit. FS

EDUC 4391 Contract Study (3)

Advanced independent study or research (equivalent to senior level course). These courses will not count for graduate credit. FS

EDUC 4680 Student Teaching: EC-6 (6)

This one-semester practicum provides pre-service teachers with opportunities to demonstrate competency in early childhood and elementary settings. The candidate is under the collaborative supervision of a certified, experienced teacher and a university field supervisor. Prerequisite: Admission to Student Teaching. Co-requisite: EDUC 4099. FS

EDUC 4682 Student Teaching: Grades 4-8 (6)

This one-semester practicum provides pre-service teachers with opportunities to demonstrate competency in intermediate and middle school settings. The candidate is under the collaborative supervision of a certified, experienced teacher and a university field supervisor. Prerequisite: Admission to Student Teaching. Co-requisite: EDUC 4099. FS

EDUC 4685 Student Teaching: Grades 7-12 (6)

This one-semester practicum provides pre-service teachers with opportunities to demonstrate competency in secondary settings. The candidate is under the collaborative supervision of a certified, experienced teacher and a university field supervisor. Prerequisite: Admission to Student Teaching. Co-requisite: EDUC 4099. FS

EDUC 4686 Student Teaching: EC-Grade 12 (6)

This one-semester practicum provides pre-service teachers with opportunities to demonstrate competency in classroom settings. The candidate is under the collaborative supervision of a certified, experienced teacher and a university field supervisor. Prerequisite: Admission to Student Teaching. Co-requisite: EDUC 4099. FS

EDUC 4692 Practicum: Internship I (1-6)

This practicum provides post-baccalaureate interns with opportunities to demonstrate competency in classroom settings. The student is under the collaborative supervision of a certified, experienced mentor teacher and a university field supervisor. Prerequisite: Admission to internship. May be repeated once for credit. FS

EDUC 4693 Practicum: Internship II (1-6)

This practicum provides post-baccalaureate interns with opportunities to demonstrate competency in classroom settings. The student is under the collaborative supervision of a certified, experienced mentor teacher and a university field supervisor. Prerequisite: Admission to internship. May be repeated once for credit. FS

Bilingual Studies

Dr. Yolanda Salgado, Ph.D.

Associate Professor of Education

Area Coordinator for Bilingual/ESL Education

Bilingual Education concerns are part of Dr. Salgado's agenda in her teaching, research, and service activities. Her focus of study seeks to identify the different perceptions that communities of immigrant parents take into consideration when making decisions for their child's placement in a public school classroom.

Bilingual/English as a Second Language (Minor Only)

The minor in Bilingual/E.S.L. provides students the opportunity to develop an understanding of the role of language in society, how an individual functions in a society where his/her primary language is not the primary language of the society, and how a second language is acquired. This understanding is useful for those working in a bilingual or E.S.L. classroom, workplace or social service organization. It also provides the individual with insight into the bilingual society of the Southwestern United States.

Minor Requirements

Students should choose 18 credits from the following courses. In so doing, the student must take at least 9 hours at the 3000-level or above, and may take no more than 9 hours from any one academic discipline.

Group A: Students must take at least 6 credits from the following** -- EDUC 4329, EDUC 4362, EDUC 4315*, EDUC 4316, EDUC 4317, EDUC 4336 or EDUC 4363*.

Group B: Students, other than English majors, must take 6 credits from the following -- ENGL 3371, ENGL 3372, or SPAN 3311*. English majors who take ENGL 3371 or ENGL 3372 to fulfill requirements for the English degree must take ENGL 3371 or ENGL 3372 not taken for the major and nine hours of Group C electives.

Group C: Students, other than English majors, must take 6 additional credits from either Group A or Group B or from the following -- ENGL 3306, ENGL 3340, HIST 3371, HIST 3311, PSYC 3341, SOCI 4320, SPAN 4378*, or COMM 4308.

***These courses require proficiency in Spanish. See the course descriptions for pre-requisites.**

****Consult College of Education Advisor**

Child and Family Studies

Administered by the Department of Curriculum and Instructions within the College of Education.

The Child and Family Studies major is designed to provide a sound academic foundation for persons planning to work with and/or study children and their families in various contexts. Students will take coursework focusing on typical and atypical development of children, roles children play in our overall society, diverse relationships within families, multicultural perspectives of the family, and methods used to research issues related to children and their families. After graduating with this major, students may have careers in teaching, early childhood program management, social agencies, non-profit foundations, or any other service/organization related to children and families. In addition they may wish to continue their education in graduate programs or professional schools.

In the Child and Family Studies major, students must choose a focus of study from one of three tracks: **Learning and Development**; **Social Agencies**; or **Applied Research**. The **Learning and Development** track focuses on: the physical, social, emotional and cognitive development of children; issues that involve relationships among families with children; and atypical development of children. Some students in this track also seek teacher certification. The **Social Agencies** track takes a multicultural perspective on issues related to children and families in society. It includes courses dealing with social work, health, and other topics related to the child and the modern family. Designed to appeal to students interested in scientifically investigating issues in child and family development, the **Applied Research** track includes: the study of life-span development; examination of social, cognitive, health and atypical development; and applications of research to developmental issues.

This major is designed to facilitate a seamless transition to The University of Texas of the Permian Basin for the community college student who has completed Texas Early Childhood Articulated (TECA) courses. The four TECA courses that will be incorporated in the program's coursework include: TECA 1303 Families, School, and Community; TECA 1311 Educating Young Children; TECA 1318 Wellness of the Young Child; and TECA 1354 Child Growth and Development.

Degree Requirements

The minimum total credits required for a BA in Child and Family Studies is **120**.

General Education

42 credit hours

Complete the General Education requirements stated in this catalog.

Child and Family Studies Major Requirements

37 credit hours

Students majoring in Child and Family Studies must take a minimum of 37 credit hours in child and family studies (CHLD) or approved courses. The maximum number of credit hours in child and family studies courses is 45. The 37 credit hours are divided into three sections: 22 credit hours of "core" courses, 12 credit hours of "track" courses and 3 credit hours of "approved electives".

The seven "core" courses include:

- SOCI 1301 or PSYC 1301
- CHLD 3341 or TECA 1354**
- CHLD 3349 or CHLD 4320
- CHLD 4314
- CHLD 3352 or PSYC 4341 or CHLD 4310
- CHLD 3301
- CHLD 3404 or CHLD 4403

Students must choose a “track” and take 4 courses from that track. The “track” courses include:

Learning and Development:

CHLD 4311
CHLD 3310 or CHLD 3342 or CHLD 4329 or TECA 1311**
CHLD 4381 or CHLD 3390 or CHLD 3345 or CHLD 4370 or TECA 1303**
CHLD 4310 or EDUC 4352 or EDUC 2301**
CHLD 4399 or Student Teaching

Social Agencies:

CHLD 4399 (Required)
CHLD 4320 or CHLD 3349 or CHLD 3390 or CHLD 4389
CHLD 3380 or CHLD 4321 or SOWK 2361 or ACCT 2301 or COSC 1335
CHLD 4370 or CHLD 4381 or CHLD 3345 or TECA 1318**

Applied Research:

CHLD 4399 (Required)
CHLD 3343 or CHLD 4381 or CHLD 4370
CHLD 3311 or CHLD 4312 or CHLD 4307 or CHLD 3321 or TECA 1318**
COSC 1335 or CHLD 4351 or CHLD 4389

** Texas Early Childhood Articulated (TECA) courses and education (EDUC) courses that are part of the Associate of Arts in Teaching are available only at community colleges.

One “approved elective” includes:

Courses in English, Fine Arts, Computer Science, Math, Multicultural or Bilingual Education, Education for Children with Special Needs, History, Communications, Science

Minor

18 credit hours

A minor is required for this major. Students may not minor in psychology or sociology. Students may choose any other minor including, but not limited to minors in Special Populations, Women’s Studies, Social Work, or Bilingual/English as a Second Language. Students seeking teacher certification EC-6 Core should minor in Reading.

Electives

23 credit hours

Child and Family Studies Minor

A minor in Child and Family Studies requires that the students take 18 semester credit hours. Twelve (12) of these credits must be upper level (junior or senior level) courses from within the Child and Family Studies major. The lower level hours can be satisfied by TECA courses, by EDUC courses that are part of the Associate of Arts in Teaching degree, or SOCI 1301 and/or PSYC 1301.

Degree Plan for On-line Major in Child and Family Studies

The Child and Family Studies major can be taken on-line through the REACH services at UTPB. Many but not all of the 42 credits of General Education requirements may be available on-line. The General Education course requirements may be fulfilled through community colleges, or through on-line courses

offered at UTPB or other accredited colleges. Several minors are available totally on-line at UTPB that are appropriate for the Child and Family Studies major. CHLD students cannot minor in psychology or sociology, but currently they can complete on-line minors in Communications, Criminal Justice, History and Management. Other on-line minors may be developed during the years covered by this catalog. CHLD majors taking on-line courses will take the Learning and Development track. The degree plan for on-line students is as follows:

General Education

42 credits

Students must complete the requirements shown in the General Education Requirements section of this catalog.

Computer Use

All majors must demonstrate a basic use of computing through the completion of CHLD 3301 or CHLD 3404.

On-line Child and Family Studies Major Requirements

37 credits

Students majoring in Child and Family Studies must take a minimum of 37 credit hours in Child and Family Studies (CHLD) or approved courses. At least 18 credit hours must be at the upper level (3000-4000 level). The maximum number of credit hours in child and family studies courses is 45. The 37 credit hours are divided into three sections of minimum requirements: 22 credit hours of "core" courses, 12 credit hours of "track" courses and 3 credit hours of "approved electives".

The seven on-line "core" courses include:

- SOCI 1301 or PSYC 1301
- CHLD 3341 or TECA 1354**
- CHLD 3352
- CHLD 4314
- CHLD 4320
- CHLD 3301
- CHLD 3404 or CHLD 4403

Students must choose four courses in the Learning and Development Track:

- CHLD 4311 Social Development and Learning (**Required**)

Choose one course from each section:

Development: CHLD 3310 or CHLD 4329 or TECA 1311** or TECA 1318**

Family Issues: CHLD 3345 or CHLD 4370 or TECA 1301**

Exceptionalities: CHLD 4310 or EDUC 4352 or EDUC 2301**

One "approved elective" includes:

Courses in: English, Fine Arts, Computer Science, Math, Multicultural Education, Education for Children with Special Needs, History, Bilingual Education, Communication, Science, Health and PE.

Capstone course:

All on-line CHLD students complete a capstone course.

- CHLD 4399 Senior Research Seminar

Minor

A minor is required for this major. Several minors are available totally on-line at UTPB that are appropriate for the Child and Family Studies major. CHLD students cannot minor in psychology or sociology, but currently they can complete on-line minors in Communications, Criminal Justice, History and Management. Other on-line minors may be developed during the years covered by this catalog.

Electives

23 credit hours

Course Listing

CHLD 3301 Introductory Statistics (3)

Measures of central tendency, variability, correlation and hypotheses testing, with emphasis on the application of statistical methods to research in the behavioral sciences and education. Prerequisite: must have fulfilled one general education mathematics requirement. F, S

CHLD 3310 Motor Development (3)

An examination of the factors affecting physical growth, those influencing the acquisition of fundamental motor skills, and the effects of aging upon physical performance. F, S

CHLD 3311 Social Psychology (3)

Interrelationships between individuals and their social environment, considering social influences upon motivation, perception, behavior and development, and change of attitudes and opinion. Prerequisite: PSYC 1301. F

CHLD 3321 Abnormal Psychology (3)

Variables involved in the development, maintenance and treatment of a variety of behavior disorders. Prerequisite: PSYC 1301. F, S

CHLD 3341 Child/Adolescent Psychology (3)

Developmental aspects of physical, mental, social and emotional growth from prenatal through adolescent periods. Recommended: PSYC 1301. F, S

CHLD 3342 Development of Creativity (3)

This course focuses on understanding creativity and the development of skills to assist and encourage young children to express their creative natures. Planning and production of materials that enhance creativity in self-expressive thought and play are emphasized. Prerequisite: PSYC 3341 and Visual/Performing core credit. F, S

CHLD 3343 Adult Development and Aging (3)

Personality, cognitive, social, emotional and biological processes involved in development from young adulthood through old age. Prerequisite: PSYC 1301.

CHLD 3349 Child in Society (3)

This course examines children and childhood in a cross-cultural perspective. Special attention is given to the position of children in the diverse US family structure and the educational system. Problems related to adoption, divorce, and the criminal justice system are examined. Prerequisite: SOCI 1301. S

CHLD 3352 The Exceptional Child (3)

This course presents the pre-service teacher with a general overview of exceptionalities of children and youth to include characteristics, etiology, and education programs and practices. Topics also include historical and legislative events affecting special education and an overview of the special education process including referral, screening, assessment and educational planning. A field experience may be included. Co/prerequisite: CHLD 3341. F, S

CHLD 3380 Social Work I-Introduction to Social Work (3)

History of social work and its knowledge base and values; professionalization of social work; social service clientele and issues confronting the profession.

CHLD 3345 Child Abuse and Neglect (3)

The purpose of this course is to help students develop an understanding of the various forms of child abuse, identify the underlying cause of this multifaceted problem, and to appropriately identify the types of services that will benefit maltreated children and their families. The nature and impact of child maltreatment, the ways in which society prevents or responds to it, and the system of response to child maltreatment are addressed. F,S

CHLD 3390 The Family (3)

A historical and comparative approach in the examination of changing structure and functions of the family institution. The course provides a broad-based but intensive understanding of the family. Issues include the Effect of economic, demographic and cultural changes on male-female relationships, sex roles, marriage and child care. Prerequisite: SOCI 1301. S

CHLD 3404 Experimental Psychology (4)

Introduction to the planning and execution of psychological research. Prerequisites: PSYC 1301, CHLD 3301. F, S

CHLD 4307 Health Psychology (3)

Examination of the role of behavioral science knowledge and techniques in understanding, assessing, testing and preventing medical-psychological and social problems. Prerequisite: PSYC 1301 or approval of Instructor. S

CHLD 4310 Early Intervention (3)

This course focuses on issues related to young children who exhibit atypical development including the roles families and professionals in the field play in facilitating development. Prerequisite: CHLD 3341 or permission of the instructor.

CHLD 4311 Social Development and Learning (3)

Investigation of social-emotional development in young children. Emphasis is on using knowledge of social-emotional development to establish a positive learning environment. Prerequisite: CHLD 3341 or permission of instructor. F, S

CHLD 4312 Cognitive Psychology (3)

Research and theories of cognitive processes, including concept learning, problem solving, memory, attention, and language development and maintenance. Prerequisite: PSYC 1301. S

CHLD 4314 Language Development in the Young Child (3)

This course studies the nature of language and the acquisition of language by the young child. Topics included are: (1) language structure, (2) sequence and process of the acquisition of language, (3) cognitive aspects of language acquisition and implementation, (4) social aspects of language in childhood, and (5) language variation. Prerequisite: CHLD 3341 or permission of the instructor. F, S

CHLD 4320 Social Stratification (3)

Focuses on theories of social inequality as applied to the exercise of power and large-scale social control. Issues of class, race and gender and other inequalities are considered in the U.S. and globally. Prerequisite: SOCI 1301. F

CHLD 4321 Social Work Intervention: Marriage and Family (3)

Opportunity to learn theory and skills required to implement change in marriages and families. Emphasis is on interactional processes between the social worker and family members.

CHLD 4329 First and Second Language Acquisition (3)

The course focuses on the processes of acquiring one's native language as well as a second language, including the theories, stages, and connection between oral language and literacy. Prerequisite: CHLD 3341 or permission of the instructor. S

CHLD 4351 Tests and Measurement (3)

Major personality and intelligence tests, emphasis upon their construction, administration, scoring and interpretation. Prerequisites: PSYC 1301, CHLD 3301. F

CHLD 4370 Family Dysfunction and Substance Abuse (3)

The role of substance abuse in family violence, child rearing and marital discord. Various ways of intervening to moderate the effects of substance abuse in families will be discussed. Prerequisite: SOCI 1301. F, S

CHLD 4381 Gender Studies (3)

Survey of critical issues in social relations, mental health, and legal matters involving women. Includes analysis of innate and environmental determinants of sex differences. Prerequisite: PSYC 1301. F

CHLD 4389 Selected Topics (3)

Undergraduate courses which will be offered only once or will be offered infrequently or which are being developed before a regular listing in the catalog. May be acceptable for graduate credit. F, S

CHLD 4391 Independent Study in Child & Family Studies (3)

Study of research under supervision of a member of the faculty. Students wishing to enroll should prepare a short plan for this coursework. Prerequisites: Senior standing, CHLD 3301, CHLD 4403. F, S

CHLD 4399 Senior Seminar (3)

A capstone course that provides an in-depth examination of a controversial issue in psychology or in child & family studies. Course topics (i.e., social, clinical, developmental, cognitive, or controversial topics in psychology or child and family studies) and assignments may vary. This course is writing intensive. The seminar format requires that students make regular and substantial contributions to the course, analyze, evaluate, and integrate literature, and justify and design a research study. Prerequisites: Senior standing, CHLD 3301 and CHLD 3404 or 4403. F, S

CHLD 4403 Social Research Methods (4)

The course provides a comprehensive overview of social science research methods, with emphasis given to the concepts used in research, measurement strategies, and research designs. This course will include a one hour lab that will focus on the steps undertaken in the completion of a research paper. Prerequisite: CHLD 3301. S

DEGREE PLAN: B. A. in CHILD AND FAMILY STUDIES

GENERAL EDUCATION REQUIREMENTS (42 sch):

- ___ ENGL 1301 & 1302
- ___ ENGL 2322, 2323, 2327, or 2328; or COMM 1301
- ___ HIST 1301 & 1302
- ___ PLSC 2305, 2306
- ___ Life or Physical Sciences with labs (2 courses)
- ___ MATH 1314, 1324, 1332, or 2412
- ___ Creative Arts
- ___ Social/Behavioral Science
- ___ COMM 1315
- ___ COMM 1115 (if Math is 3 sch)

NOTES ON GRADUATING:

1. Read the U. T. Permian Basin catalog and be familiar with the University's requirements for the B. A. degree. **It is the student's responsibility to read the catalog and be familiar with and fulfill all the requirements for the B. A.**
2. Complete at least **120** semester credit hours for the B.A.
3. At least **48** credits must be at the junior or senior level. At least **30** of these must be completed at U. T. Permian Basin.
4. Obtain at least a "C" grade in all courses counting toward the major. Maintain at least a grade point average of 2.0 in all courses applicable toward the B. A. degree.

A. CORE COURSES (22 sch)

- ___ SOCI 1301 Introduction **OR** PSYC 1301 Introduction (cannot be used for Gen Ed)
- ___ CHLD 3341 Child/Adolescent **or** TECA 1354 Child Growth & Development **
- ___ CHLD 3349 Child in Society **or** CHLD 4320 Social Stratification
- ___ CHLD 4314 Language Development in Young Children
- ___ CHLD 3352 Exceptional Child **or** CHLD 4310 Early Intervention
- ___ CHLD 3301 Introduction to Statistics
- ___ CHLD 3404 Experimental Psychology **or** CHLD 4403 Social Research Methods (statistics prerequisite)

B. TRACKS (12 sch): Students have a choice of track and can begin working on that track after completion of 9 semester credit hours (sch) of core courses. Note: Students in the learning and development track must successfully complete student teaching or complete CHLD 4399 Senior Seminar.

Learning & Development Track

Required: CHLD 4311

Choose one course from each group

Social Agencies Track

Required: CHLD 4399

Choose one course from each group

Applied Research Track

Required: CHLD 4391

Choose one course from each group

Development

CHLD 3310, 3342, or TECA 1311**

Theoretical Focus

CHLD 4320, 3349, 3390 or 4389

Developmental Studies

CHLD 4345, 3343, 4381 or 4370

Family Issues

CHLD 3385, 3390, 4370, 4381 or TECA 1303**

Social Work Focus

CHLD 3380, 4321, ACCT 2301, COSC 1335 or SOWK 2361

Psychological Studies

CHLD 3311, 4312, 4307, 3321 or TECA 1318**

Exceptionalities

CHLD 4310, EDUC 4352 or EDUC 2301**

Special Topics Focus

CHLD 4381, 4307, 4370 or TECA 1318**

Research Studies

CHLD 4351, 4389 or COSC 1335

**TECA courses and EDUC 2301 are available only at Texas Community Colleges

C. Elective Course (3sch) selected from the following:

Visual and Performing Arts, English, History, Communication, Bilingual Education, Education for Children with Special needs, Multicultural Education, Math, Science, or Computer Science:

1) _____

MINOR: Students are advised to select a minor other than Psychology or Sociology. In general, a minor is 18 sch of which 12 sch must be upper-level. Please consult the catalog for specific minor requirements.

1. _____ 2. _____

3. _____ 4. _____

5. _____ 6. _____

DEGREE PLAN: B. A. in CHILD & FAMILY STUDIES ONLINE

GENERAL EDUCATION REQUIREMENTS (42sch)

- ___ English Composition, 6 credits: 1301, 1302
- ___ Literature, 3 credits: 2322, 2323, 2327, or 2328
- ___ U.S. History, 6 credits: 1301, 1302
- ___ Political Science, 6 credits: GOVT 2305, 2306
- ___ Lab Sciences, 8 credits (2 courses)
- ___ Mathematics (college algebra or above), 3 credits
- ___ Visual or Performing Art, 3 credits (1 course)
- ___ Social Science, 3 credits (1 course)
- ___ Communication, 3 credits (1 course)
- ___ University Gen. Ed. requirement, 1 credit (TBD)

DEGREE REQUIREMENTS:

1. It is the student’s responsibility to read the catalog and be familiar with and fulfill all the requirements for the BA degree.
2. A student must complete at least 120sch for the degree of which at least 48sch must be taken at the upper level (33xx or 43xx). At least 24 of the last 30 must be taken from U.T.P.B.
3. At least 30 sch must be completed at UTPB.
4. This degree requires a minor.
5. Obtain at least a “C” grade in all courses counting toward the major. Maintain at least a grade point average of 2.0 in all courses applicable toward the BA degree.

MINOR: Communication, History and Criminal Justice are recommended because they are all available online

Multidisciplinary Studies

Administered by the Department of Curriculum and Instruction within the College of Education.

The Multidisciplinary Studies major is designed to provide future elementary and middle school teachers with a sound academic foundation in the Humanities, Science, Mathematics, and Social Sciences, joined with preparation in Reading and Pedagogy. Drawing on a rich tradition of interdisciplinary study, the primary objective of the program is to provide future teachers with the academic knowledge and pedagogical competency to become effective classroom educators.

The Multidisciplinary Studies degree features tracks for Grades EC-6 teacher certification, Grades 4-8 teacher certification, and a General Studies track for students who are not seeking certification.

Degree Requirements

The minimum total credits required for a BA in Multidisciplinary Studies is **120**. No minor is required.

General Education

42 credit hours

Complete the General Education Requirements stated in this catalog.

Major Foundations

33 credit hours

English, 2000-level or higher (two courses)
Geography or non-U.S. History
U.S. or Texas History, 2000-level or higher
Natural Science (two courses; labs optional) ¹
MATH 1350 Foundations of Elementary Math I
MATH 2350 Foundations of Elementary Math II²
PSYC 3341 Child/Adolescent Psychology³
EDUC 3352 Exceptional Child⁴
EDUC 4362 or ENGL 3306 or PSYC 3311 or SPAN 4378

¹Among these courses and those taken to fulfill the general education requirements, students must include life and physical sciences. ²Equivalent community college course is MATH 1351. ³Equivalent community college courses are PSYC 2308, PSYC 2314, and TECA 1354. ⁴Equivalent community college course is EDUC 2301.

Major Concentration (select one)

45 credit hours

EC-6 Core Subjects

Supporting electives: 9 hours
Early Childhood: CHLD 4311
Reading/Literacy: EDUC 3322, 4313, 4317, 4324, 4325, 4327

Reading/Literacy: EDUC 3322 or 4323; EDUC 4329, 4315, 4325, 4327

Pedagogy: EDUC 4321 or 4322; EDUC 4316 or 4317; EDUC 4374, 4375, 4682, 4099

4-8 Core Subjects with ESL Supplement

Supporting electives: 9 hours.

Reading/Literacy: EDUC 3322 or 4323; EDUC 4329, 4325, 4326, 4327

Pedagogy: EDUC 4321 or 4322; EDUC 4316 or 4317; EDUC 4336, 4374, 4375, 4682, 4099

General Studies (no certification)

Supporting electives: 9 hours.

Language Arts: 9 upper-level hours selected from COMM, DRAM, ENGL, SPAN

Social Studies: 9 upper-level hours selected from HIST, PLSC, PSYC, SOCI

Sciences: 3 upper-level hours selected from BIOL, CHEM, GEOL, NTSC

Emphasis Area: 15 hours in one specific area or discipline.

Restricted Courses

Most upper-level courses have prerequisite courses. Before enrolling in an upper-level course in any discipline, students should check the catalog to ensure that they have completed the prerequisites listed for that course.

Enrollment in the following courses is restricted to students who have applied for and been accepted into the Teacher Certification Program: EDUC 4312, 4315, 4316, 4317, 4321, 4322, 4324, 4325, 4326, 4327, 4336, 4363, 4372, 4373, 4374, 4375.

Enrollment in the following courses is restricted to students who have applied for and been accepted into Student Teaching: EDUC 4099, 4381, 4680, 4682.

DEGREE PLAN: BA in MULTIDISCIPLINARY STUDIES

Core Subjects EC-6

GENERAL EDUCATION (42 hours)

- _____ ENGL 1301 & ENGL 1302
- _____ HIST 1301 & HIST 1302
- _____ ENGL 2322, 2323, 2327, or 2328; or COMM 1301
- _____ +MATH 1314, 1324, 1332, or 2412
- _____ +Life or Physical Sciences with labs (2 courses)
- _____ PLSC 2305 & PLSC 2306
- _____ Creative Arts
- _____ COMM 1315
- _____ Social/Behavioral Science
- _____ COMM 1115 (if Math is 3 sch)

+Courses marked with this symbol are also included in the major and must be completed with grades of "C" or better.

*Courses marked with an asterisk are restricted to students who have been accepted into the Teacher Certification Program.

MAJOR COURSES

Language Arts and Reading

- _____ ENGL, 2000-level or higher _____
- _____ ENGL, 2000-level or higher _____
- _____ EDUC 3322 Literature in the Classroom
- _____ EDUC 4313 Emergent Literacy
- _____ *EDUC 4324 Reading in the Primary Grades
- _____ *EDUC 4325 Reading in the Middle Grades
- _____ *EDUC 4327 Literacy Assessment/Intervention

Social Sciences/Social Studies

- _____ Geography or non-U.S. History _____

Reading Minor Only

Administered by the Department of Curriculum and Instruction within the College of Education.

The Reading Minor allows the student to develop his or her knowledge of the complex processes involved in learning to read and write. The Reading minor is appropriate for prospective teachers seeking to strengthen their background preparation in this critical area. The courses offer students opportunities to work in a variety of contexts with readers at different developmental levels, from diverse linguistic, cultural, and socioeconomic backgrounds. To consult with a faculty advisor, call (432) 552-2145.

Minor Requirements

The total semester credit hours required for a minor in Reading is **18**. At least 12 of the credit hours must be at the upper level.

Minor Courses

Choose one of the following courses:

- EDUC 3322 Literature in the Classroom
- EDUC 4323 Adolescent Literature in the Classroom

Choose four of the following courses.

- EDUC 4313 Emergent Literacy
- *EDUC 4315 Cognition and Biliteracy
- *EDUC 4324 Reading Development in the Primary Grades
- *EDUC 4325 Reading in the Middle Grades
- *EDUC 4326 Reading in the Content Areas
- *EDUC 4336 Issues in Multilingualism
- *EDUC 4371 English Language Arts 7-12
- *EDUC 4373 English Language Arts/Social Studies EC-6
- *EDUC 4375 English Language Arts/Social Studies 4-8

Required course.

- *EDUC 4327 Literacy Assessment and Intervention

A student must be admitted to the Teacher Education Program before enrolling in the courses designated with an asterisk (*).

Kyle A. Beran, Professor of Chemistry.

BS, Angelo State University; Ph.D. (1994) University of Kansas, Lawrence. beran_k@utpb.edu

David Betounes, Professor of Mathematics,

PhD (1978), Florida State University. betounes_d@utpb.edu

Melaku Bogali, Lecturer of Physics.

PhD in Computational Science (2013), UT El Paso, MS in Physics (2008), New Mexico State University.

Robyn Braun, Assistant Professor of Kinesiology.

BS, University of Florida, MS, Barry University, PhD (2013) Florida State University. braun_r@upb.edu

Nydia Cabra, Lecturer of Kinesiology, Head Athletic Trainer,
ME (2000), Southwest Texas State University.

Scott A. Carson, Professor of Economics.

BS, MS, Brigham Young University; PhD (1998) University of Utah. carson_s@utpb.edu

Janet Carter, Assistant Professor of Education.

BS, Midwestern State University; MA, University of Northern Iowa; PhD (2010), Utah State University.
carter_j@utpb.edu

Derek Catsam, Associate Professor of History, Kathlyn Cospers Dunagan Fellow in the Humanities,
BA, Williams College; MA, University of North Carolina, Charlotte; PhD (2003) Ohio University.

catsam_d@utpb.edu

R. Wayne Counts, Assistant Professor of Accountancy.

BBA, The University of Texas of the Permian Basin; MS, PhD (2004), Texas Tech University.
counts_w@utpb.edu

Samuel David, Assistant Professor of Chemistry.

PhD (1997), University of Kentucky – Lexington.

Jeff Dennis, Assistant Professor of Sociology.

BA, Texas Christian University, MA, Texas Tech University, PhD (2010), University of Colorado at
Boulder. dennis_j@utpb.edu

Raj Desai, Assistant Professor and Coordinator of Industrial Technology, Chair of Engineering &
Technology. BE, Bangalore University; MS, Texas A & M University; DIT (1991), University of Northern
Iowa. desai_r@utpb.edu

Wilma R. Dye, Associate Professor of Accountancy.

BBA, San Jose State University; MS, University of North Texas; PhD (1998), Texas Tech University.
dye_w@utpb.edu

James Eldridge, Associate Professor of Kinesiology.

BA, Texas Lutheran College; MA, Southwest Texas State University; EdD (1996), University of Houston.
eldridge_j@utpb.edu

L. Gayle Ellis, Lecturer and Director of Field Education - Social Work.

BA, University of Texas of the Permian Basin, MS(1991) Out Lady of the Lake University.
ellis_l@utpb.edu

Craig Emmert, Associate Professor of Political Science.

BS, Oklahoma State University; MA, Purdue University; PhD (1989), Florida State University.
emmert_c@utpb.edu

Frank Eychaner, Associate Professor of Music.

DMA (2009) University of Kentucky – Lexington. eychaner_f@utpb.edu

William R. Fannin, Professor of Management.
BA, MBA, The University of Texas at Austin; PhD (1980), Texas A & M University. fannin_w@utpb.edu

Emily Farris, Assistant Professor of Psychology.
BA, MA, Midwestern State University, PhD (2012) University of Texas Arlington. farris_e@utpb.edu

Michael Frawley, Senior Lecturer in History.
PhD in History (2014), Louisiana State University. fawley_m@utpb.edu

Paul Feit, Professor of Mathematics.
BS, Harvard University; PhD (1985), Princeton University. feit_p@utpb.edu

Aldo Garcia, Lecturer of Chemistry.
MS in Analytical Chemistry (2013), Texas Tech University

Jessica Garrett, Assistant Professor of Education
BS, West Texas State University; MA, University of Texas of the Permian Basin; EdD (2004), Sam Houston State University. garrett_j@utpb.edu

Tracie M. Gibson, Assistant Professor of Biology.
BA, Cornell College, Iowa; MS, Ph.D. (2000), Purdue University. gibson_t@utpb.edu.

Joanna Hadjicostandi, Associate Professor of Sociology.
BA, Thames Polytechnic, England; MA, PhD (1987) Northeastern University. hadjicostandi_j@utpb.edu

Paul J. Haensly, Associate Professor and Coordinator of Finance, And Chair of Undergraduate Studies.
BS, Texas A & M University; MA, The University of Texas at Austin; PhD (1994), University of North Texas.
haensly_p@utpb.edu

Brian A. Hagler, Associate Professor of Mathematics.
BS, PhD (1997), University of Colorado. hagler_b@utpb.edu

Rachel Harlow, Assistant Professor of Communication.
PhD (2005), Texas Tech University. harlow_r@utpb.edu

William F. Harlow; Dean of Undergraduate Success and Associate Professor of Communication.
BA, Angelo State University; MA, University of Texas El Paso; PhD (2002) Texas A&M University.

Kevin Harris, Assistant Professor of Psychology.
BA, Indiana University of Kokomo, MS, Indiana University Bloomington, Ph.D (2011), Ball State University. harris_k@utpb.edu

Nancy Hart, Associate Professor of Art.
BA, Virginia Commonwealth University, MFA(1983), Cranberry Academy of Art. hart_n@utpb.edu

Douglas P. Henderson, Associate Professor of Biology.
BA, Fairmont State College, W. Virginia; PhD (1993), The University of Texas at Austin.
henderson_d@utpb.edu

Frank Hernandez, Associate Professor of Education and Dean of the College of Education
BS, Barclay College; MEd, St. Mary's University; PhD (2005), University of Wisconsin-Madison.
hernandez_f@utpb.edu

Christopher Hiatt, Associate Professor of Mathematics.
BS, University of Idaho; MA, PhD (2007), University of Southern California. hiatt_c@utpb.edu

Diana Davids Hinton, Professor of History and J. Conrad Dunagan Chair in Regional and Business
History. BA, Swarthmore College; MA, MPhil, PhD(1969), Yale University. hinton_d@utpb.edu

Paul E. Hodges, Professor and Coordinator of Economics, and Ashbel Smith Professor.
BA, MA, New Mexico State University; PhD (1974), Stanford University. hodges_p@utpb.edu

Jamie Hughes, Assistant Professor of Psychology.
BS, Michigan State University, MS, Illinois State University, PhD (2010), New Mexico State University.
hughes_j@utpb.edu

Jeannine F. Hurst, Associate Professor of Education.
BA, MA, The University of Texas of the Permian Basin; PhD (2003), Texas Tech University.
hurst_j@utpb.edu

Roy Hurst, Professor of Education and Associate Dean of the College of Education.
BA, Whitman College, MS, Eastern Oregon State College; PhD (1994), University of Southern Mississippi.
hurst_r@utpb.edu

Dan Keast, Associate Professor of Music.
BM, Morningside College; MEd, PhD (2004), University of Missouri-Columbia. keast_d@utpb.edu

Kay E. Ketzenberger, Associate Professor of Social Work.
BA, University of Baltimore; MS, The University of Texas at Austin; PhD (1995), Michigan State
University. ketzenberger_k@utpb.edu

Richard G. Kiebusch, Associate Professor of Criminology.
BA, MA, PhD (1973), University of Notre Dame. kiebusch_r@utpb.edu

Mario Kiran, Assistant Professor of Art.
BFA, Ken School of the Arts; MFA, University of South Dakota. kiran_m@utpb.edu

Kay Kolb, Lecturer of English.
BA, MA (2001) University of Texas of the Permian Basin. kolb_k@utpb.edu

Gae E. Kovalick, Associate Professor of Biology.
BA, Wittenberg University; PhD (1984), University of North Carolina, Chapel Hill. kovalick_g@utpb.edu

William Kritsonis, Professor of Education.
BA, Central Washington University; MA, Seattle Pacific University; PhD, The University of Iowa.
kritsonis_w@uptb.edu

Jason Lagapa, Associate Professor of English.

BA, Bennington College; MA, PhD (2003), University of Arizona. lagapa_j@utpb.edu

Haesun Lee, Professor of Computer Science.

BA, MA, Ewha Women University, Korea; MS, PhD (1997), Illinois Institute of Technology.

lee_h@utpb.edu

Ilhyun Lee, Professor of Computer Science.

BA, University of Minnesota; MS, PhD (1996), Illinois Institute of Technology. lee_l@utpb.edu

Priyoo Manakote, Lecturer of Marketing.

MS, University of Illinois; MBA, University of Calicut; ABD, Southern Illinois University at Carbondale.

Lori Manship, Senior Lecturer of Geology.

BS, Sul Ross State University, MS, Bowling Green State University, Ph.D (2008) Texas Tech University.

Ana Martinez-Catsam, Associate Professor of History.

BA, Texas A&M University; MA St. Mary's University; PhD (2003), Texas Tech University.

martinez_a@utpb.edu

Carlos Marrufo, Director of Education Field Experiences.

BS, Sul Ross State University; Med, Stephen F. Austin University..

Taylor McMichael, Lecturer of Political Science,

BA, Texas State University – San Marcos, MA (2008), Texas Tech University. mcmichael_t@utpb.edu

Ruth Ann McQuitty, Lecturer of Education.

BA, MA (1990), University of Texas-Permian Basin. mcquitty@utpb.edu

Milka Montes, Assistant Professor of Chemistry.

BS, PhD (2010), University of Texas El Paso. montes_m@utpb.edu

Clark Moreland, Lecturer of English.

BA, MA (2005), University of Texas of the Permian Basin. moreland_c@utpb.edu

Jose Moreno, Assistant Professors of Spanish.

PhD (2010), University of Kansas. moreno_j@utpb.edu

David Morris, Assistant Professor of Kinesiology.

PhD (2005), University of New Mexico. morris_d@utpb.edu

Emilio Mutis-Duplat, Professor of Geology.

BS, Universidad Nacional de Colombia en Bogota; MS, Texas A&M University; PhD (1972), The

University of Texas at Austin. mutis_e@utpb.edu

A.M. Nunley III, Lecturer of Management.

BBA, the University of Texas of the Permian Basin; MBA, The University of Texas of the Permian Basin; JD, St. Mary's University ; LLm (1985), Southern Methodist University. nunley_a@utpb.edu

James N. Olson, Professor of Psychology.

BA, University of California-Santa Barbara; MA, PhD (1974), University of California-Los Angeles. olson_j@utpb.edu

Maureen F. Page, Lecturer of English.

BA, MA (2004), University of Texas of the Permian Basin. page_m@utpb.edu

K. Prakash Pai, Assistant Professor of Finance.

BC, MC, Bangalore University; MBA, MS, PhD (2004), Kent State University. pai_p@utpb.edu

Irene H. Perry, Lecturer of Biology.

BA, MS (1994) Texas A&M University. perry_I@utpb.edu

Robert L. Perry, Associate Professor of Political Science. Director of Honors Program.

BA, Texas A & M University; PhD (1995), Texas A & M University. perry_r@utpb.edu

Diane M. Post, Associate Professor of Biology.

BS, PhD (1991), Kansas State University. post_d@utpb.edu

William H. Price, Assistant Professor of Management, Dean of the College of Business and Engineering.

BBA, Eastern New Mexico University; MS, Gonzaga University; DBA (2001) Nova Southeastern University. price_w@utpb.edu

Suzanne Rathbun, Lecturer of Psychology.

BS, University of Colorado; MA (1991), The University of Texas of the Permian Basin. rathbun_s@utpb.edu

Susan M. Ray, Lecturer in Biology and Clinical Laboratory Science

BS, University of Arizona; MS (1995), University of Texas of the Permian Basin. Ray_s@utpb.edu

Mylan Redfern, Professor of Mathematics.

PhD (1988), Louisiana State University.

Todd Richardson, Associate Professor of English.

BA, College of Wooster; MA, University of Delaware; Ph.D. (2002), University of South Carolina.

Kara Rosenblatt, Assistant Professor of Education,

BS, MS Florida State University; PhD (2009) University of Central Florida.

Yolanda Salgado, Assistant Professor of Education.

BS, Arizona State University; M.A, The University of Texas of the Permian Basin; PhD (2008), New Mexico State University. salgado_y@utpb.edu

Anshu Saran, Assistant Professor and Coordinator of Marketing.
BA, University of Allahabad India; MBA, Asian Institute of Management, Manila, Philippines; PhD, The University of Texas –Pan American. saran_a@utpb.edu

Ann Marie Smith, Assistant Professor of Education.
BA, University of Northern Iowa; MA, Iowa State University; PhD (2006), University of Maryland, College Park. smith_a@utpb.edu

R. Douglas Spence, Associate Professor of Biology.
BS, Houston Baptist University; MS, PhD (1986), Texas A&M University. spence_d@utpb.edu

Lorraine T. Spickermann, Lecturer of Education.
BA, MA (1986) University of California at Berkeley. spickermann_l@utpb.edu

Roland Spickermann, Associate Professor of History.
BA, University of California at Berkeley; MA, PhD (1994), University of Michigan.
spickermann_r@utpb.edu

Carol Staggs, Lecturer of Education.
BA, Abilene Christian University; MA (2006), University of Texas of the Permian Basin.
stags_c@utpb.edu

Christopher Stanley, Associate Professor of Art
BSE/BFA, University of Kansas; MFA (1991), Washington State University. stanley_c@utpb.edu

Joe Stauffer, Assistant Professor and Coordinator of Management.
BB, MBA Western Illinois University; Ma, University of Iowa; Ph.D, University of Oklahoma.
stauffer_j@utpb.edu

Emily L. Stoudt, Assistant Professor of Geology.
BA, Ohio State University; MS Louisiana State University; Ph.D. (1975), Ohio State University.
stoudt_e@utpb.edu

Hua Lin (Helen) Sun, Associate Professor of Communication.
BA, Hubei University, People's Republic of China; MA Henan University, People's Republic of China;
ME, Frostburg State University; PhD (2003), Florida State University. sun_h@utpb.edu.

Lloyd J. Taylor, III, Associate Professor of Management.
BS, Texas Tech University; MBA, Midwestern State University; PhD (1994) Texas Tech University.
taylor_l@utpb.edu

Robert Trentham, Senior Lecturer of Geology. Director - Center for Energy & Economic Diversification.
BS, MA, City College of New York; DGS (1981) The University of Texas at El Paso. trentham_r@utpb.edu

Chad Vanderford, Associate Professor of History.
BA, University of California, Berkeley; MA, California State University, Northridge; PhD (2005),
Louisiana State University. vanderford_c@utpb.edu

Vladan Vuckovic, Lecturer of Computer Science
BS, The University of Texas of the Permian Basin; MS, The University of Texas of the Permian Basin
(2012), vuckovic_v@utpb.edu

Sarah Shawn Watson; Chair of the Department of Visual & Performing Arts and Associate Professor of English. BA, University of Massachusetts-Boston; MA, Ohio University; PhD (1983), Cornell University.
watson_s@utpb.edu

W. David Watts, President of the University of Texas of the Permian Basin and Professor of Sociology
BA, The University of Texas at Austin; MA and PhD (1976) State University of New York at Buffalo.
watts_d@utpb.edu

Jake Weigel, Lecturer of Art,
MFA (2013), University of Mississippi.

Mark Wildermuth, Professor of English and Fellow in the Kathlyn Coper Dunagan Professorship in Humanities. BA, MA, George Mason University; PhD (1991), University of Wisconsin-Madison.
wildermuth_m@utpb.edu

Marianne Berger Woods, Associate Professor of Art History.
BA, Heidelberg College; MA, Case Western Reserve; Ph.D. (2000) The Union Institute.
woods_m@utpb.edu

Douglas Young, Senior Lecturer of Physics.
PhD (1998), Texas Tech University.

Diana Younger, Lecturer of Psychology.
BA, Tulane University; MA (1989), The University of Texas of the Permian Basin. younger_d@utpb.edu

Quan Yuan, Assistant Professor of Computer Science.
PhD (2009), Florida Atlantic University. quan_y@utpb.edu

Michael Zavada, Professor of Biology and Dean of the College of Arts and Sciences.
BS, MS Arizona State University; PhD (1982) The University of Connecticut.

Xinyun Zhu, Associate Professor of Mathematics
BS, Northwest Normal University; MS, Shanxi Normal University; Ph.D (2005) Oklahoma State University. zhu_x@utpb.edu

Thomas Dynneson, Professor of Education, emeritus, 1973-1995

Patricio T. Jaramillo, Professor of Education.

Edwin Kurtz, Professor of Life Science, Emeritus, 1972-1989.

Stanley Marcus, Professor of Art, Emeritus, 1973-1992.

James A. Nickel, Professor of Mathematics and Computer Science, Emeritus, 1972-1993.

Robert Colbert Rhodes, Professor of Sociology, Emeritus, 1975-2002

Frank N. Samponaro, Professor of History, Emeritus, 1974-1999.
