## Residency for Tuition

Under state statutes and Texas Higher Education Coordinating Board rules and regulations interpreting those statutes, a prospective student is classified as a resident of Texas, a nonresident, or an international student. A person who has resided in the state under circumstances specified in these rules is eligible for classification as a resident. A citizen, a national, or a permanent resident of the United States not eligible to be classified as a resident is classified as a nonresident. An alien who is not a permanent resident of the United States and has not been permitted by Congress to adopt the United States as a domicile while in this country is classified as an international student. An individual classified as a nonresident or as an international student may qualify, under certain exceptions specified in these rules, for resident tuition rates and other charges while continuing to be classified as a nonresident or an international student.

To be a Texas resident for tuition purposes, a student must have resided in Texas for the twelve month period immediately preceding registration in a state supported college or university. Students who are claimed as dependents on their parent's/ guardian's income tax, will be considered residents of the state in which their parents/guardians reside.

A student entering The University of Texas of the Permian Basin for the first time, or a student reentering the University after an absence of more than one semester, should read carefully the rules governing the determination of residence in order to be prepared to pay the required tuition. Information and advice regarding residency status are available from the Office of the Registrar.

Section 54.052, *Texas Education Code*, was significantly changed in 2005. The student is responsible for registering under the proper residence classification and for providing documentation as required by the public institution of higher education. Questions about residency status should be addressed to the Office of the Registrar.

Effective September 2001 an individual is permitted, despite his or her citizenship, to be classified as a Texas resident if the individual resided with their parent or legal guardian while attending high school in this state, graduated from high school in this state, resided in this state for at least 3 years as of that graduation, registers not earlier than Fall 2001, and provides the required affidavit regarding permanent residency. (Education Code, Sec. 54.060(j)). Also effective Fall 2001, there is a reduction in time that a member of the Armed Forces must have resided in Texas in order to be eligible to establish qualifications to pay in-state tuition (from 12 months to 6 months) (Education Code, Sec. 54.058(d)).

If there is any question as to residence status it is the student's obligation, prior to or at the time of registration, to raise the question with the administrative officials of the institution in which he or she is enrolling for official determination. Students classified as Texas residents must affirm the correctness of that classification as a part of the registration procedure. If the student's classification as a resident becomes inappropriate for any reason, it is the responsibility of the student to notify the proper administrative officials at the institution. Failure to notify the institution constitutes a violation of the oath of residency and may result in disciplinary action.

Students claiming residency by virtue of parental dependency must provide sufficient documentation to support the residency claim of the parent. Residency is determined by state statutes and in accordance with the guidelines promulgated by the Texas Higher Education Coordinating Board. The Registrar determines all residency classifications. To appeal the decision of the Registrar in residency matters, students may present their case to the Vice President for Student Services. If students wish to appeal that decision, they may address the President of the University whose decision is final.

### **Exceptions to Nonresident Tuition Status**

1. Nonresident or international students who are recipients of a competitive academic scholarship in the amount of \$1,000 or more award or the academic year or the summer term by U.T. Permian Basin may pay the in-state tuition rate.
2. Nonresident students who hold appointments as graduate teaching assistants or graduate research assistants may pay the in-state tuition rate provided they are employed half time or more in positions which relate to their degree programs.
3. A nonresident exchange student participating in the National Student Exchange Program may be charged the resident tuition rate during the period of his or her participation in the program.

### **New Mexico Resident Tuition**

Graduate students who are residents of State of New Mexico counties that **are adjacent** to Texas are charged tuition equal to Texas resident tuition.

Graduate students who are residents of State of New Mexico counties that are **not adjacent** to Texas are charged tuition equal to non resident tuition.

### **Senior Citizen Tuition Waiver For Up to Six Credit Hours**

“Senior Citizen” is defined by the State of Texas as a person 65 years of age or older. A senior citizen may enroll for credit in up to six hours of courses each semester or summer term without payment of tuition if space is available. A senior citizen who wishes to enroll in courses must first apply for admission in the Office of Admissions.

After the senior citizen student has registered for six or fewer credit hours, this student will need to provide the Office of Accounting with documentation which provides the individual’s birth date, such as a drivers license or a birth certificate in order to receive the tuition waiver.

## Payment of Tuition and Fees

Tuition charges at Texas state universities are established by state law. The State of Texas 78<sup>th</sup> Legislature allowed the Board of Regents of the University of Texas System to set designated tuition rates. The State of Texas Legislature does not set the specific amount of any particular student fee. Student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by the University administration and the University of Texas System Board of Regents. All other fees at the University of the Permian Basin are fixed within statutory limitations set by the Board of Regents. All tuition and fees are subject to change by the State of Texas Legislature or Board of Regents without notice. Tuition and fees at the University of Texas of the Permian Basin are subject to change in adherence with acts of the State of Texas Legislature and/or policies of the Board of Regents.

Students are not entitled to enter a class or laboratory until their fees and deposits have been paid. Students are expected to pay all tuition and fees at the time of registration or have an approved financial aid program arranged by the Financial Aid Office prior to registration. Payment may be made by cash, check, credit card, or money order. Check, money order, and credit card (VISA, MasterCard, and Discover) payments will be accepted subject to final collection by the University's bank. All checks must be drawn on U.S. banks in U.S. dollars. When a check is returned to the University, a \$25.00 service charge is assessed. If the returned check was for tuition, the student's registration will be cancelled.

Section 54.007 of the Texas Education Code authorizes the Board of Regents of The University of Texas System to provide for the payment of tuition and mandatory fees during the fall and spring semesters through the following alternatives:

1. Full payment of tuition and fees in advance of the beginning of the semester; or
2. One-half payment of tuition and fees in advance of the beginning of the semester, one-quarter payment prior to start of the sixth class week, and the final one-quarter payment before the beginning of the eleventh class week.

There will be a \$12 incidental fee assessed if the installment payment option is used and a \$10 late fee. A student who fails to provide full payment of tuition and fees, including late fees assessed, to the University when the payments are due, is subject to one or more of the following actions at the University's option:

- a. Prohibition from registering for classes until full payment is made;
- b. Withholding of grades, degree and official transcript; and loss of credit for work completed that semester;
- c. All penalties and actions authorized by law;
- d. Referral of debt to a collection agency.

All policies regarding the payment or refunding of tuition, fees and charges are approved by the Board of Regents of The University of Texas System and comply with and are subject to change by applicable state statutes. If a person desires clarification of any matter relating to payment or refund of such charges, or believes special circumstances warrant exceptions to the published policy, the Registrar or the Office of Accounting should be contacted.

**Concurrent enrollment.** Section 54.062 of the Texas Education Code provides for the following tuition procedure for students registering concurrently at two Texas public institutions of higher education:

1. The student must register first at the institution with a lower minimum tuition and pay the full tuition charge.
2. Generally only the hourly rate is paid at the second institution. However, if the minimum amount is less at the first institution, then the student must pay the difference in the two minimums to the second institution, but not less than the hourly rate. All other required and optional fees are billed by each institution at its regularly authorized rates.

**Teach for Texas Financial Assistance Program.** The Texas Higher Education Coordinating Board administers a loan repayment program for teachers certified in fields in which there is a critical shortage of teachers, who take jobs as classroom teachers in those fields in Texas. Details about this program are found in Texas Education Code, Subchapter O, Section 56.351 – 56.355, and additional information may be obtained by contacting the Office of Financial Aid.

**Sample of total tuition and fee charges  
for a semester  
Fall 2008, Spring & Summer 2009**

**Institution: The University of Texas of the Permian Basin**

The table can be used to estimate the full costs of one semester for Texas resident students. For undergraduates, the amounts are shown for 12 and 15 semester credit hours (SCH). For graduate students, the table gives amounts for 3 and 9 SCHs. If a student enrolls for a different number of hours, he or she may use the extra column to calculate those costs using the per semester credit hour charges for tuition and fees that are based on the number of hours of credit (see class schedule for details). Since the table shows only *average charges* for college and course related fees, a more precise total would have to be calculated by determining the actual fees for the student's school or college and the courses for which the student has enrolled. Necessary information may be obtained from the Office of Accounting, the class schedule and/or UTPB's Home Page on the World Wide Web at <<http://www.utpb.edu/>> on the tuition and fee tables.

- (1) Resident undergraduate tuition as established by the Texas Legislature is \$136/sch; non resident undergraduate tuition is \$417/sch. Graduate tuition may be twice the statutory rates for undergraduate students. Effective with the fall semester, 1997, the former general use fee has become part of tuition charges per SB 1907.
- (2) Required fees, those charged to all students, may be based on semester credit hours or may be per semester.
- (3) Averages only are given for college and course related fee charges (laboratory, incidental, supplemental/individual instruction fees) since charges vary according to academic program and courses; actual fees are published in the institutional catalog and/or other publications. A summary

description of these fees and the optional student services fees may be found in an attachment, the UTPB catalog and or on UTPB's Home Page on the World Wide Web at <<http://www.utpb.edu/>>

- (4) A one time, \$20.00 property deposit is charged to all first-time students. A one time, \$35.00 orientation fee for freshman students is charged for providing a student orientation and \$15 for transfer students is charged for providing a new student orientation prior to registration. These amounts are not included in the totals.

Note: Although unlikely, changes in tuition and fee charges may occur after the information is first published; updated information may be obtained from the Accounting office or from UTPB's Home Page on the World Wide Web at <<http://www.utpb.edu/>>
