Initiations or activities of organizations may include no feature that is dangerous, harmful, or degrading to the student. A violation of this prohibition renders both the organization and participating individuals subject to discipline. (More information is available in the Hazing Policy in the policy section of the *Falcon Guide*.)

1.39 Altering of Official Documents. Forging, altering, mutilating or destroying or assisting in these actions of any official record of the U. T. This includes, but is not limited to, failing to appear for a meeting when summoned by letter or e-mail to do so, failing to appear at or testify at a hearing, attempting to intimidate, harass or unduly influence a potential witness or complainant, and failing to complete judicial sanctions.

1.328 Attempt to commit or Assist. Attempting or assisting with the commission or attempted commission of any of the foregoing listed offenses.

1.4 Bar from Campus

A former student who has been suspended or expelled for disciplinary reasons is prohibited from being on the campus of any institution during the period of such suspension or expulsion without prior written approval of the chief student affairs officer of the institution at which the suspended or expelled student wishes to be present.

1.5 Disciplinary Process

The Dean of Students, or his or her designee, shall have the primary authority and responsibility for the administration of student discipline. The Dean works cooperatively with faculty members in the disposition of scholastic violations, with student housing staff in the disposition of student housing violations, with campus security in the disposition of criminal violations and with other appropriate staff members in the disposition of other types of violations. The Dean may delegate to faculty members the authority to dispose of scholastic discipline cases and may delegate to University staff members the authority to dispose of designated student disciplinary matters as deemed appropriate.

1.51 Investigation. Disciplinary charges will be investigated by the Dean or the Dean's designee. After completing the preliminary investigation, the dean may dismiss the allegation as unfounded or summon the student for a conference.

1.52 Student Summon. Any student may be summoned by written request of the Dean of Students for a meeting for the purposes of the investigation and/or to discuss the allegation(s). The written request may specify a place for the meeting and a time at least three weekdays after the date of the written request if the request is sent by mail or at least two weekdays after the date of the request if the request is sent by e-mail or hand delivered. The written request may be mailed or e-mailed to the address appearing in the records of the registrar, e-mailed to the student at the e-mail address on record with the University or may be hand delivered to the student. If a student fails to appear without good cause, as determined by the Dean, the Dean may bar or cancel the student's enrollment or otherwise alter the status of the student until the student complies with the summons, or the Dean may proceed to implement the disciplinary procedures. The refusal of a student to accept delivery of the notice or the failure to maintain a current address with the registrar, or failure to read mail or e-mail shall not be good cause for the failure to respond to a summons.

1.53 Interim Disciplinary Action. Pending a hearing or other disposition of the allegations against a student, the Dean may take such immediate interim disciplinary action as is appropriate to the circumstances when such action is in the best interest of the university. This includes but is not limited to suspension and bar from the campus when it reasonably appears to the Dean from the circumstances that the continuing presence of the student poses a potential danger to persons or property or a potential threat for disrupting any activity authorized by the university.

1.54 Timeliness of Hearing. When interim disciplinary action has been taken by the Dean under section 201.3 immediately above, a hearing of the charges against the student will generally be held under the procedures specified below, beginning with Section 1.58. A hearing following the interim disciplinary action will generally be held within 10 days after the interim disciplinary action was taken; however, at the discretion of the Dean of Students the 10 day period may be extended for a period not to exceed an additional 10 days.

1.55 Withholding Transcripts, Grades, Degrees. Notwithstanding the above, the Dean may withhold the issuance of an official transcript, grade, diploma, certificate, or degree to a student alleged to have violated a rule or regulation of the University which would reasonably allow the imposition of such penalty. The Dean may take such action pending a hearing, resolution by administrative disposition, and/or exhaustion of appellate rights if the Dean has provided the student an opportunity to provide a preliminary response to the allegations and in the opinion of the Dean, the best interests of the University of Texas System or the university would be served by this action.

1.56 Administrative Disposition. In any case where the accused student elects not to dispute the facts upon which the charges are based and agrees to the sanctions the Dean assesses, the student may execute a written waiver of the hearing procedures specified below. This administrative disposition shall be final and there shall be no subsequent proceeding regarding the charges.

In any case where the accused student elects not to dispute the facts upon which the charges are based, but does not agree with the sanctions assessed by the Dean, the student may execute a written waiver of the hearing procedures below yet retain the right to appeal the decision of the Dean only on the issue of the sanction. The appeal regarding the sanction will be to the president of the University.

1.57 Hearing Process. In those cases in which the accused student disputes the facts upon which the charges are based, such charges shall be heard and determined by a fair and impartial Hearing Officer.

1.58 Notice of Hearing. Except in those cases where immediate interim disciplinary action has been taken, the accused student shall be given at least 10 days written notice of the date, time, and place for such hearing and the name of the Hearing Officer. The notice, sent by the Dean of Students, shall include a statement of the charge(s) and a summary statement of the evidence supporting such charge(s). The notice shall be delivered in person to the student or mailed to the student at the address appearing in the registrar's records. A notice sent by mail will be considered to have been received on the third day after the date of mailing, excluding any intervening Sunday. The date for a hearing may be postponed by the Hearing Officer for good cause or by agreement of the student and Dean.

1.59 Impartiality of the Hearing Officer. The accused student may challenge the impartiality of the Hearing Officer. The challenge must be in writing, state the reasons for the challenge, and be submitted to the Hearing Officer through the Office of the Dean at least three days prior to the hearing. The Hearing Officer shall be the sole judge of whether he or she can serve with fairness and objectivity. In the event

the Hearing Officer disqualifies himself or herself, a substitute will be chosen in accordance with procedures of the university.

1.510 Burden of Proof. Upon a hearing of the charges, the Dean or other university representative has the burden of going forward with the evidence and has the burden of proving the charges by the greater weight of the credible evidence.

1.511 Duties of Hearing Officer. The Hearing Officer is responsible for conducting the hearing in an orderly manner and controlling the conduct of the witnesses and participants in the hearing. The Hearing Officer shall rule on all procedural matters and on objections regarding exhibits and testimony of witnesses, may question witnesses, and is entitled to have the advice and assistance of legal counsel from the Office of General Counsel of the System. The Hearing Officer shall render and send to the Dean and the accused student a written decision that contains findings of fact and a conclusion as to whether the accused student is responsible for the violations as charged. Upon a finding of responsibility the Hearing Officer shall assess a sanction or sanctions listed in Section 1.6 below. When an accused student is found responsible for the illegal use, possession, or sale of a drug or narcotic on campus the assessment of a minimum sanction provided in Section 1.33 above is required.

1.512 Minimal Rights. The hearing shall be conducted in accordance with procedures adopted by the university that assure the university representative and the accused student the following minimal rights:

(a) Each party shall provide the other party a list of witnesses, a brief summary of the testimony to be given by each, and a copy of documents to be introduced at the hearing at least five days prior to the hearing.

(b) Each party shall have the right to appear, present testimony of witnesses and documentary evidence, cross-examine witnesses, and be assisted by an advisor of choice. The advisor may be an attorney. If the accused student's advisor is an attorney, the Dean's advisor may be an attorney from the Office of General Counsel of the System. An advisor may confer with and advise the Dean or accused student, but shall not be permitted to question witnesses, introduce evidence, make objections, or present argument to the Hearing Officer.

(c) The Dean may recommend a sanction to be assessed by the Hearing Officer. The recommendation may be based upon past practice of the university for violations of a similar nature, the past disciplinary record of the student, or other factors deemed relevant by the Dean. The accused student shall be entitled to respond to the recommendation of the Dean.

(d) The hearing will be recorded. If either party desires to appeal the decision of the Hearing Officer, the official record will consist of the recording of the hearing, the documents received in evidence, and the decision of the Hearing Officer. At the request of the president the recording of the hearing will be transcribed and both parties will be furnished a copy of the transcript.

1.6 Sanctions

The following sanctions may be assessed by the Dean or by the Hearing Officer after a hearing in accordance with the procedures specified immediately above:

1.61 Admonition.

- 1.62 Warning probation.
- 1.63 Disciplinary probation.
- 1.64 Withholding of grades, official transcript, and/or degree.
- 1.65 Bar against readmission.
- 1.67 Restitution or reimbursement for damage to or misappropriation of university or U. T. System property.
- 1.68 Deferred suspension.
- 1.69 Suspension of rights and privileges, including participation in athletic or extracurricular activities.
- 1.610 Failing grade for an examination or assignment or for a course and/or cancellation of all or any portion of prior course credit.
- 1.611 Denial of degree.
- 1.612 Suspension from the university for a specified period of time.
- 1.613 Expulsion (permanent separation from the university).
- 1.614 Revocation of degree and withdrawal of diploma.
- 1.615 Other sanction as deemed appropriate under the circumstances.

1.651 If a student is found responsible for the illegal use, possession, and/or sale of a drug or narcotic on campus, the recommended sanction shall be suspension from the university for a specified period of time and/or suspension of rights and privileges.

1.7 *Scholastic Dishonesty Violation Procedures*

1.71 The Responsibility of the Faculty

Under the authority delegated by the Dean of Students, a faculty member who has reason to suspect that a student has violated a university rule or an administrative rule concerning scholastic dishonesty is advised to take action as recommended by the following guidelines. During the disposition of the case, the student must be allowed to attend all classes and complete all assignments until the procedures herein are complete unless the Dean of Students has taken interim disciplinary action pursuant to Regent's Rules and Regulations, Rule 50101, Section 4.1.

1.711 Guidelines

When there is reason to believe that scholastic dishonesty has occurred, the faculty member should gather all pertinent evidence (such as test, reports, computer programs, and other academic assignments) and identify any possible witnesses. Accusations that a student has cheated should be made in private and the investigation of a cheating incident

should be handled as a confidential matter. If the incident occurs during an exam, the faculty member may ask a student suspected of cheating to move to another desk, but the student should be allowed to complete the exam in question. After conferring with the student, the faculty member may dismiss the allegation or proceed with disciplinary action.

The faculty member shall meet with the student to discuss the allegations and the evidence that supports the charge. At this meeting the student should be informed that he/she has a right to a hearing. In this meeting every effort should be made to preserve the basic teacher/student relationship. The student should be given the opportunity to respond to the allegations but may not be forced to comment. As a result of this meeting, the faculty member may dismiss the charges or, proceed under subsection (a) or (b) below:

(a) In any case in which the student accused of scholastic dishonesty does not dispute the facts upon which the charges are based and executes a written waiver of hearing, the faculty member may recommend an academic penalty as specified below, shall inform the student of such action in writing and must report the disposition of the incident to the Dean of Students. A Faculty Disposition form will be provided for that purpose by the Dean of Students. The Dean of Students will review each form and, if circumstances warrant, may impose additional penalties. Certain types of scholastic dishonesty, such as substituting for someone on an exam or having someone substitute for the student, or altering academic records, may involve a penalty other than those specified below. In cases such as these, or if the faculty member wishes to recommend a penalty other than those penalties outlined in Section 1.6., above, the faculty member must contact the Dean of Students immediately. After the Dean of Student's review, if the Dean of Students approves the disposition, the Dean of Students will inform the student of the final decision via US mail.

(b) In a case in which the student accused of scholastic dishonesty disputes the facts upon which the charges are based, or chooses not to waive the right to a hearing, the faculty member shall refer the matter to the Dean of Students who shall proceed under **Section 1.5**. Relevant documents (or copies) should be forwarded with the referral. If the student is in possession of any relevant documents, the faculty member may request those documents. If the student refuses to relinquish these documents, the faculty member should note the request and the student's refusal on the referral form. During the disposition of the case, the student must be allowed to attend all classes and complete all assignments until the procedures are complete unless the Dean of Students has taken interim disciplinary action under **Section 1.53**.

A student may appeal the penalty recommendation of a faculty member by giving written notice to the Dean of Students within fourteen days from the date on which the decision was announced. The appeal is conducted in accordance with **Section 1.56**. If the student disagrees with the decision of the Dean of Students, the student may request a hearing as described in **Section 1.57**.

1.72 Scholastic Dishonesty Sanctions

A student who is in violation of a University regulation concerning scholastic dishonesty may be subject to one or more of the sanctions in **Section 1.6**, above. Sanctions specific to scholastic dishonesty, recommended by the faculty member and imposed by the Dean of Students include:

1.721 Written warning that further scholastic violations may result in more severe sanction.

- 1.722 Educational program to enhance the student's understanding of scholastic dishonesty.
- 1.723 Resubmit assignment, paper or program. (Specify requirements and due date).
- 1.724 Retake exam.

- 1.728 Failing grade for the course. (Specify grade.)
- 1.729 Denial of degree.
- 1.730 Revocation of degree and withdrawal of diploma.

1.73 Appeal

1.731 A student may appeal a disciplinary sanction assessed by the Dean in accordance with Section 1.711 immediately above. Either the Dean or the student may appeal the decision of the Hearing Officer. An appeal shall be in accordance with the following procedures:

1.732 Appeal Procedures. The appealing party must submit a written appeal stating the specific reasons for the appeal and any argument to the president with a copy to the other party. The appeal must be stamped as received by the President's office no later than 14 days after the appealing party has been notified of the sanction assessed by the Dean or the decision of the Hearing Officer. If the notice of sanction assessed by the Dean or the decision of the Hearing Officer is sent by mail, the date the notice or decision is mailed initiates the 14 day period for the appeal. The non-appealing party may submit a response to the appeal which must be received by the President's Office no later than 5 days after receipt of the appeal with a copy to the other party. An appeal of the sanction assessed by the Dean in accordance with **Section 1.56** immediately above will be reviewed solely on the basis of the written argument of the student and the Dean. The appeal of the decision of the Hearing Officer will be reviewed solely on the basis of the record from the hearing. The Dean will submit the record from the hearing to the president as soon as it is available to the Dean. At the discretion of the president, both parties may present oral argument in an appeal from the decision of the Hearing Officer.

1.733 President's Authority. The president may approve, reject, or modify the decision in question or may require that the original hearing be reopened for the presentation of additional evidence and reconsideration of the decision. It is provided, however, upon a finding of responsibility in a case involving the illegal use, possession, and/or sale of a drug or narcotic on campus, the sanction may not be reduced below the recommended sanction prescribed by **Section 1.33**.

1.734 Communication of Decision. The action of the president shall be communicated in writing to the student and the Dean within 30 days after the appeal and related documents have been received. The decision of the president is the final appellate review.

1.74 *Disciplinary Record*

The university shall maintain a permanent written disciplinary record for every student assessed a sanction of suspension, expulsion, denial or revocation of degree, and/or withdrawal of diploma. A record of scholastic dishonesty shall be maintained for at least five years unless the record is permanent in conjunction with the above stated sanctions. A disciplinary record shall reflect the nature of the charge, the disposition of the charge, the sanction assessed, and any other pertinent information. This disciplinary record shall be maintained by the Office of the Dean of Students. It shall be treated as confidential, and shall not be accessible to or used by anyone other than the Dean or university officials with legitimate educational interests, except upon written authorization of the student or in accordance with applicable State or federal laws or court order or subpoena.

1.75 *Nature of Disciplinary Sanctions*

1.751 Admonition is a written reprimand from the Dean of Students to the student on whom it is imposed.

1.752 Warning probation is the lesser form of probation indicating that the student has been notified that he or she has engaged in unacceptable behavior and that further violations of the regulations may result in more severe disciplinary action. The dean or hearing officer may impose conditions related to the offense, such as counseling, educational seminars, or unpaid work assignments. Failure to meet the condition(s) shall be considered an additional violation.

1.753 Disciplinary probation is the greater form of probation indicating that the student has engaged in unacceptable behavior and may be required to report to the dean on a regular basis during the probationary period. Further violations will result in consideration of suspension or expulsion. The dean or hearing officer may impose conditions related to the offense, such as counseling, educational seminars, or unpaid work assignments. Failure to meet the condition(s) shall be considered an additional violation.

1.754 A bar against readmission and/or a drop from current enrollment or a drop from one or more courses may be assessed as a sanction as appropriate under the circumstances. A bar against readmission and/or drop from current enrollment also may be imposed on a student who fails to respond to a summons by the dean to discuss an alleged violation of the Regents' Rules, University regulations, or administrative rules. If imposed under these circumstances, the sanction shall be lifted when the student responds to the summons as requested.

1.755 Restitution is reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

1.756 Deferred suspension may be imposed on a student for whom suspension from the university is an appropriate sanction, but for whom there are mitigating circumstances as determined by the dean or hearing officer. If a student is found to have violated any rule of The University of Texas System or the University while the sanction of deferred suspension is in effect, the sanction for such a violation will be immediate suspension.

1.757 Suspension of rights and privileges is an elastic sanction. The dean or the hearing officer may impose limitations to fit the particular case, as in the suspension of rights and privileges to enter or reside in University housing facilities. Suspension of eligibility for official athletic and non-athletic extracurricular

activities prohibits, during the period of suspension, the student on whom it is imposed from joining a registered student organization; from taking part in a registered student organization's activities, or attending its meetings or functions; and from participating in an official athletic or non-athletic activity.

1.758 A failing grade or other academic sanction may be assigned to a student for a course in which he or she was found responsible for scholastic dishonesty.

1.759 A student found responsible for scholastic dishonesty may be denied his or her degree.

1.7510 Suspension from the University prohibits, during the period of suspension, the student on whom it is imposed from entering the University campus without prior written approval from the Vice President for Student Services; from being initiated into an honorary or service organization; and from receiving credit for scholastic work completed during the period of suspension. The dean or hearing officer may, however, permit the receipt of credit for scholastic work completed at another institution during the period of suspension, except when suspension is imposed for scholastic dishonesty. The dean or hearing officer may impose conditions related to the offense, and failure to meet such conditions or terms of the sanction shall be considered an additional violation.

1.7510 Suspension from the University and or suspension of rights and privileges is the recommended sanction that shall be assessed for violation of the rules against illegal use, possession, and/or sale of a drug or narcotic on campus.

1.7511 Expulsion, permanent dismissal, from the University includes the same prohibitions as those for suspension.

1.7512 Revocation of the degree and withdrawal of the diploma may be imposed when the violation involves scholastic dishonesty or otherwise calls into question the integrity of the work required for the degree.

1.7513 Other sanctions may be imposed when, in the opinion of the dean or hearing officer, the best interests of the University of Texas System or the University would be served.

Any student who believes that his or her rights have been abridged for any reason should seek redress abiding by the procedures set forth herein. A student grievance may involve faculty, staff or other students of the University.

A grievance must be initiated within 30 calendar days from the date of the alleged infraction. Appeals regarding assigned grades must be addressed with the instructor within 30 days of the issuance of the grade. The time for filing a grievance can be waived for good cause as determined by the Dean of Students.

A grievance which has been brought forth and ruled on under other procedures may not be brought forth under these procedures and vice versa.

A person who retaliates in any way against an individual who has filed a grievance is subject to disciplinary action up to and including expulsion.

Any person who knowingly and intentionally files a false grievance under this policy is subject to disciplinary action up to and including expulsion.

2.2 Definitions

2.21 A grievance shall be defined as a complaint which deals with an allegation regarding any abrogation of a student's rights.

2.3 Types of Grievances/Appeal

2.31 Grade Appeal – a student wishes to appeal a grade.

2.32 Academic Grievance - student wishes to contest the course requirements, examinations, course content, admission to a program, instructor behavior, or similar issue.

2.33 Non-Academic Grievance – student wishes to address a situation that occurred outside of the classroom. A grievance-based appeal on such an issue is relevant if the grievance is between a student and one or more other students; a faculty or staff member; a student organization; or any other office or agency of the University.

2.4 Introduction to Filing A Grievance/Appeal

At each stage of the appeal/grievance process, it is understood that the accused will be afforded the opportunity to present separately their perspective of the nature and relative facts pertaining to the issue in question. The following steps should be followed with respect to seeking redress of grievances:

2.41 Grade Appeal

A student who wishes to dispute an assigned grade should first seek resolution via a meeting with the instructor. A written appeal should be presented to the instructor.

The student should consult with the Student Rights Advocate and may consult with the advocate throughout the duration of the appeal process. The Student Rights Advocate is appointed by the Dean of Students.

If, within five (5) working days of the meeting with the instructor, the student believes that the issue has not been addressed or disagrees with the outcome of the meeting with the instructor, the student should file a written appeal with the appropriate Department Chair and seek resolution through an appointment with the relevant Department Chair.

If, within ten (10) working days after the meeting with the Department Chair, the student believes the grade appeal has not been addressed or disagrees with the outcome of the meeting with the Department Chair, or if the accused does not have a Chair or the accused is the Chair, the student should file a written appeal with the appropriate academic Dean and seek an appointment with him or her.

Upon receipt of the written appeal, the Dean will schedule a meeting with the student. Following the appointment with the student, the Dean will:

Investigate the matter.

The Dean shall respond to the appeal within (10) working days of the meeting with the student unless an investigation requires additional time in which case the circumstances should be documented. The decision of the Dean shall be FINAL.

2.42 Academic Grievance

A student who has an academic grievance should first seek resolution of the grievance via a meeting with the instructor. A written appeal should be presented to the instructor.

The student has the option of consulting with the Student Rights Advocate and may consult with the advocate throughout the duration of the appeal process. The Student Rights Advocate is appointed by the Dean of Students

If, within (10) working days of the meeting with the instructor, the student believes that the academic grievance has not been addressed or disagrees with the outcome of the meeting with the instructor, the student should file a written complaint with the appropriate Department Chair and seek resolution through an appointment with the Department Chair.

If within ten (10) working days of meeting with the Department Chair the student believes that the academic grievance has not been addressed or disagrees with the outcome of the meeting with the Department Chair, or if the accused does not have a Chair or the accused is the Chair, the student should file a written complaint with the appropriate academic Dean and seek an appointment with the him or her.

Upon receipt of the written complaint, the Dean will schedule a meeting with the student. Following the appointment with the student, the Dean will:

Investigate the matter.

If within ten (10) working days after meeting with the Dean, a student believes the academic grievance has not been addressed or disagrees with the outcome of the meeting with the Dean, or if the accused is the Dean, the student should file a written complaint with the Provost and Vice President for Academic Affairs and seek an appointment with him or her.

If within (10) working days after the meeting with the Provost and Vice President for Academic Affairs, the student believes the academic grievance has not been addressed or disagrees with the outcome of the meeting, the Student Rights Advocate will then inform and advise the President, who shall render a *FINAL* decision within (10) working days. The president should be provided with a timeline of the grievance and proposed resolutions at each step of the process.

2.43 Non-Academic Grievance

In order to reconcile grievances that are not academically related, students should:

2.431 First attempt to resolve the grievance with the person with whom they have a grievance. In instances where the student has good reason not to attempt a resolution

with this person, the student should make an appointment and discuss the issue with the supervisor of the person with whom they have a grievance. If the grievance involves students only and the student has good reason not to attempt a resolution with this person, the grievance may be made directly to the Dean of Students.

If the grievance involves a University employee and within five (5) working days of meeting with the employee, the student believes the grievance has not been addressed or disagrees with the outcome of the meeting with the employee, the student should file a written complaint with the employee's supervisor and seek an appointment with him or her.

If the grievance involves a student and within five (5) working days of meeting with the accused student, the student believes the grievance has not been addressed or disagrees with the outcome of the meeting with the accused student, the student should file a written complaint with the Dean of Students and seek an appointment with him or her. A grievance filed against a student will be handled through the procedures as prescribed in Student Conduct and Discipline (*Handbook of Operating Procedures, Part V, Section 1*).

If within ten (10) working days after meeting with the employee's supervisor or Dean of Students, as appropriate, the student believes the grievance has not been addressed or disagrees with the outcome of the meeting, the student should file a written complaint with the Vice President for Student Services and seek an appointment with him or her.

If within-ten (10) working days after meeting with the Vice President for Student Services the student believes the grievance has not been addressed or disagrees with the outcome of the meeting, the student should file a written complaint with the President, who shall render a FINAL decision within ten (10) working days. The president should be provided with a timeline of the grievance and proposed resolutions at each step of the process.

2.5 Other Grievances

Grievances regarding disability, discrimination, sexual harassment sexual misconduct should be addressed in accordance with the appropriate policy of the University. (Reference ADA Grievance Policy; Non-Discrimination, Sexual Harassment and Sexual Assault Policy).

3. Student Right-to-Know and Campus Security Act

In compliance with the Student Right-to-Know and Campus Security Act (the Act) 20 U.S.C. Sections 1092(a),(e) and (f), as amended, The University of Texas of the Permian Basin collects specified information on campus crime statistics, campus security policies, and institutional completion or graduation rates.

Pursuant to the federal law, alleged victims of violent crime are entitled to know the results of campus student disciplinary proceedings concerning the alleged perpetrators.

The University of Texas of the Permian Basin will make timely reports to the campus community on crimes considered to be a threat to students and employees and reported to campus police or local police agencies.

Every September, The University of Texas of the Permian Basin will publish and distribute an annual report of campus security policies and crime statistics to all current students and employees; provide copies of the report to applicants for enrollment or employment upon request; and submit a copy of the report to the Secretary of Education upon request. The annual campus crime statistics report will reference crimes which occur on property owned or controlled by The University of Texas of the Permian Basin and may be supplemented by listing crimes which occur off the campus in buildings or on property owned or controlled by student organizations that are registered by the university when such statistics are available from local police departments.

The University of Texas of the Permian Basin will annually calculate and disclose institutional completion or graduation rates to all prospective and current students. (The federal requirement for calculation of a completion or graduation rate applies only to institutions of higher education that admit undergraduate students who are enrolling for the first time at an institution of higher education and have not enrolled previously at any other institution of higher education.)

The University of Texas of the Permian Basin will publish in the annual security report, its policy regarding sex-related offenses, including sexual assault prevention programs, education programs to promote awareness of sex offenses, administrative disciplinary procedures and sanctions for offenders, and counseling and student services for victims.

4. Policy Regarding Sex-Related Offenses

It is the policy of The University of Texas of the Permian Basin to strive to maintain an environment that is free from intimidation and one in which students may be educated to their fullest potential. The University should foster an understanding of difference and cultivate the ethical and moral issues that are the basis of a humane social order.

Therefore, The University will not tolerate physical abuse, threats of violence, physical assault, or any forms of sexual assault, including but not limited to “acquaintance” or “date” rape.

A student who individually, or in concert with others, participates or attempts to participate in a sexual offense, including but not limited to sexual assault or abuse of, threats against, or the unwanted touching of an intimate area of any other student, is subject to disciplinary action by The University, notwithstanding any action that may or may not be taken by the civil authorities. In addition to incidents that occur on The University campus, The University may take disciplinary action in response to incidents that take place during official functions of The University or those sponsored by registered student organizations or incidents that have a substantial connection to the interests of The University of Texas of the Permian Basin regardless of the location in which they occur.

NOTE: The fact that the student accused of sexual assault was under the influence of drugs or alcohol at the time of the assault will not diminish the student's responsibility for a violation of The U. T. System Board of Regents' *Rules and Regulations* as cited in the *Student Guide* nor shall being under the influence of alcohol or drugs be construed as an invitation to or as implied consent for unwanted sexual advances. A brochure regarding alcohol and drug usage is available in the Office of Student Life.

The University police, the Office of The Vice President for Student Services and The Office of Human Resources are available to provide assistance to victims. Anyone who is a victim of any form of sexual assault should immediately call The University police at 2911 or if off campus, the local police department at 911. Reporting an assault does not mean that the victim must press charges or take the case to criminal trial or a University disciplinary hearing. The police will provide transportation to the closest emergency room for medical treatment and evidence collection. Even if a victim has not decided whether to press charges, calling the police and going to the hospital will allow for his or her emotional and medical needs to be cared for and will preserve the option of the victim to press charges.

A student may file a complaint against another student, staff, or faculty member by directly contacting the Vice President for Student Services at 552-2600. Students may choose to file a complaint with the Vice President for Student Services whether or not they choose to press criminal charges.

The UTPB University Counseling Center (552-2365) and the Odessa Rape Crisis Center (366-7273) are available to provide support services for anyone affected by any form of sexual assault. Students who may have been assaulted by someone who is not affiliated with The University may contact any of the available University support services, the Office of the Vice President for Student Services, the University Counseling Center or the University Police Department (552-2787 for Police Dispatch, or 552-2786 for the Police Information Center).

When a student reports that the campus regulations prohibiting sexual assault have been violated, informal procedures, which provide for the protection of the emotional health and physical safety of the complainant may be invoked. For example, a student who lives on campus may be moved to another campus living environment if he/she chooses or may be allowed to drop a class. Such arrangements will be facilitated through the office of the Vice President for Student Services. If the complainant provides credible evidence that the accused student presents a continuing danger to person or property or poses an ongoing threat of disrupting the academic process, the Vice President for Student Services may take interim action against the accused student as appropriate.

Students who wish to file a complaint that will be addressed by The University disciplinary system will file the complaint directly with the Vice President for Student Services. The details of The University conduct rules as well as possible sanctions may be found in the *Student Guide* under Student Conduct.

The Vice President shall serve on the Executive Committee and shall appoint members to the standing committees, and will be responsible for the progress of all committees. In the case that the President resigns or is incapacitated the Vice President shall become President of the Advisory Board. A special election shall take place no later than the second regular meeting of the Advisory Board after the office of President becomes vacant for the purpose of electing a new Vice President. The term of this election shall be the remainder of the regular term of the vacating Vice President.
- 10.227 The Secretary Treasurer shall record and preserve the minutes and correspondence of the Advisory Board and its subcommittees and be responsible for the maintenance of all Advisory Board records. It shall be the Secretary's responsibility to distribute the minutes from the general meeting to all members within two weeks of the meetings.

- 10.242 *Robert's Rules of Order* (revised) will be accepted as the parliamentary procedure during regular meetings.
- 10.243 The work of the Advisory Board will be carried out through standing committees whose responsibility will be to examine issues affecting graduate students and to bring any other matters to the Advisory Board for discussion and disposition. Proposals for action by the Advisory Board may be originated by any member of the Advisory Board, by any committee of the Advisory Board, or by petition of ten or more graduate students in good standing. All proposals must be filed with the Secretary and reviewed by the Executive Committee; the Executive Committee will decide to present the proposal to the Advisory Board or to delegate the proposal to the appropriate committee for further action or recommendation. If a proposal is delegated to a committee, the committee must report on progress or make recommendations at the next general meeting of the Advisory Board.

The Secretary will take appropriate steps to preserve the anonymity of the voters when a secret ballot is conducted.
- 10.246 All resolutions approved by the Advisory Board will be copied to the Student Senate to prevent duplication of efforts. Resolutions will be sent to the Director of Graduate Studies who will direct them to the Vice President for Academic Affairs. In unusual circumstances, the Advisory Board may vote to send resolutions to other appropriate bodies within The University.
- 10.247 Members of the Advisory Board may be removed by a two-thirds vote of the Executive Committee if they fail to attend a combination of three regular and standing committee meetings of the Advisory Board in one semester. In the event of removal, the elected alternate will assume the duties of the removed member for the remainder of the term. The Advisory Board will notify the

The advisor may delay the printing of a publication, article, photograph or other contents of a publication if there is such a violation.
- 11.33 All recognized student publications shall explicitly state on the editorial page or other appropriate place that opinions expressed in the publication are not necessarily those of the University or the student body. The University assumes no liability for the content of any student publication.

11.9 Disputes

11.91 The student due process procedures, as printed in the Student Guide and The Handbook of Operating Procedures, shall dictate the process for handling disputes.

12. Graduate Teaching and Research Assistants

Graduate students are involved in teaching and research as an enriching experience related to their study. They are paid for their assistance and thus are part-time employees of The University, obligated to comply with all relevant policies. Their dual role as students first and employees second requires that special care be given to the management of graduate teaching or research assistant (TA/RA) positions.

12.1 Purpose

- 12.11 To enhance the ability of The University to attract and retain highly qualified graduate students.
- 12.12 To provide assistance to those disciplines that offer graduate degrees
- 12.13 To provide financial support to graduate students so they can devote more time to advancement of their program of study.
- 12.14 To provide supervised training experiences that allow close work with faculty, especially as related to the student's goals in teaching and in research.

12.2 Employment Policies

- 12.21 Departments and Schools will post available positions in advance, preferably in the preceding long semester, to make potential candidates aware of the opportunity, to facilitate recruiting and to provide equitable access to the openings as they become available.
- 12.22 The Assistant Vice President of Graduate Studies will review all position listings and selection procedures to assure compliance with this policy.
- 12.23 Students employed as graduate assistants in either teaching or research must be accepted into the program in a regular or provisional status at the time the appointment is made. During the period of employment the student must be enrolled full-time. Full time status is defined as enrollment in 9 hours of course work applicable to the degree plan during regular semesters, and 3 hours to 9 hours during summer. Note that during the summer, different graduate programs and different funding sources may have different requirements for full time status. UTPB's minimum for the summer is 3 hours but the student will be obligated to meet the applicable requirements for his/her program or funding source(s).
- 12.24 Selection procedures will be consistent with normal recruiting policies as defined by the Office of Human Resources to comply with regulations and guidelines.
- 12.25 The designated supervisor will be the Department Chair, the Dean of the School, or the supervisor's designee. Other faculty members may be involved in

leadership, mentoring, and coordination of efforts, but responsibility for duties, compensation, and compliance with policy will remain with the administrator who has fiscal responsibility for the position.

- 12.26 Compensation will be consistent with the guidelines currently applicable through the Office of Human Resources and equitable with other similar positions in the University. Differences in compensation must be based on the job description and qualifications required.

12.3 Rights and Responsibilities

- 12.31 The graduate student assistant must receive a list of duties and expectations for the position. These will also be on file in the Department or School office and in the Office of Graduate Studies.
- 12.32 Graduate student assistants will receive orientation through the Office of Graduate Studies/Office of Human Resources each semester, which includes the new employee orientation and training regarding relevant University Policies and procedures.
- 12.33 Duties assigned to the TA/RA will make allowance for the primary responsibility of the student and the faculty to encourage full time graduate study.
- 12.34 Duties assigned will have educational objectives and supervision consistent with the expected educational benefit to the student.
- 12.35 Duties must be reasonable based upon time estimates and the maximum half-time nature of the appointment.

12.4 Evaluation and Reappointment

- 12.41 The graduate student assistant is expected to be professional in execution of duties.
- 12.42 The graduate student assistant is entitled to receive a written review of performance each semester from the designated supervisor. The evaluation must be consistent with the duties prescribed and with the educational/training nature of the position.
- 12.43 Reappointment will be based on departmental or school needs, available funding, performance of duties, and progress toward the degree.

13. Outside Employment by Graduate Assistants

See Handbook of Operating Procedures, Part III (Personnel), Section 10

14. STUDENT-ATHLETE DRUG TESTING POLICY

14.1 Mission

The Intercollegiate Athletics Department at The University of Texas of the Permian Basin (UTPB) is concerned with the health and safety of the student-athletes who participate in its programs. In addition, UTPB wants to provide a deterrent to drug use for students who participate in extracurricular sports activities. UTPB believes that random drug testing and testing based on reasonable suspicion are appropriate to these goals. UTPB reserves the right to amend this policy from time to time as needed. Amendments to the policy may be issued with or without notice as the Department of Athletics and UTPB deems appropriate. Furthermore, this policy is not to be construed as a contract between UTPB and the student-athlete.

14.2 Education and Consent

14.2.1 As a condition of athletics eligibility, student-athletes must sign the UTPB and NCAA drug testing consent and authorization forms. No student-athlete will be able to practice or compete until the consent forms are signed.

14.2.2 Each student-athlete shall be provided with a list of banned substances, along with copies of the rules and drug testing policies prior to the start of the playing and practice season.

14.2.3 All student-athletes listed on the UTPB institutional squad list will be subject to drug testing under the terms of the UTPB Drug Testing Policy at any time during the calendar year, including summer. Student-athletes will be subject to testing from the first day they report to campus for summer or fall classes or practice until such time as they have exhausted their eligibility.

14.3 Use of Dietary Supplements

UTPB Department of Athletics personnel will not distribute or encourage the use of any impermissible dietary supplements or ergogenic aids by student-athletes. Many dietary supplements or ergogenic aids contain banned substances. Often the labeling of dietary supplements is not accurate and is misleading. Terms such as “healthy” or “all natural” do not mean dietary supplements are safe to take and using these may cause positive drug tests. Student-athletes who are currently taking, or intend to take, dietary supplements are required to review the product with the Head Athletics Trainer or Team Physician.

14.4 Testing of Entire Teams

Coaches may request to have all athletes on their team tested for banned substances. If such a request is made, all athletes on the team’s squad list will be tested. The date for testing must be

Student Life and Activities

Approved August 11, 2008

requested and scheduled with the Athletic Trainer and Athletic Director before the start of pre-season practices (fall sports) or the start of fall classes (all other sports).

14.5 Random Selection for Testing

14.5.1 Throughout the calendar year, including summer, student-athletes will be randomly selected to provide a urine or saliva sample for analytical testing of banned substances.

14.5.2 Using a computer-generated random selection program, a third-party administrator will randomly select student-athletes for testing.

14.5.3 As a general rule, student-athletes will be notified of their selection for testing no more than 24 hours prior to the date and time scheduled. However, testing without prior notice is permissible under the terms of this policy. All notification will be by direct telephone or in-person contact.

14.6 Reasonable Suspicion Selection for Testing

14.6.1 The circumstances or events giving rise to individualized reasonable suspicion drug testing shall be recorded in writing by the Athletics Trainer. The record shall be kept in a secure place separate from a student-athlete's other educational or medical records (See attached Reasonable Suspicion Form). Testing without prior notice is permissible.

14.6.2 Reasonable suspicion" shall not mean a mere "hunch" or "intuition." It shall be based upon a specific event or occurrence, which leads to the belief based on reasonable circumstances that a student-athlete has used a banned substance.

14.6.2.1 Such belief may be engendered by direct observation, a physical or mental deficiency, medically indicated symptomology of banned substance use, suspicious conduct, or unexplained absence.

14.6.2.2 Such belief may also be engendered by information supplied by reliable third parties corroborated by objective facts.

14.6.2.3 Such belief may also be engendered by common-sense conclusions about observed or reliably described human behavior upon which practical people ordinarily rely.

14.7 Postseason/Championship Testing

Any participant or team likely to advance to post-season championship competition may be subject to additional testing. Testing may be required of all team members or individual student-athletes at any time within thirty (30) days prior to the post-season competition. If a student-athlete tests positive, he/she will not be allowed to compete at the post-season event until the student-athlete has completed the appropriate sanction as outlined in this policy, until the student-athlete subsequently tests negative prior to departure for the event, and until the student-athlete receives permission from the Director of Athletics or his/her designee to participate.

14.8 Actions as a Result of Positive Drug Test

Student Life and Activities
Student-Athlete Drug Testing Policy
Approved August 11, 2008

14.8.1 Any student-athlete who tests positive for a banned substance, who refuses to provide an adequate urine or saliva sample, or attempts to manipulate, substitute or intentionally dilute a urine or saliva sample shall be subject to the sanctions listed below. Positive drug test results are cumulative throughout a student-athlete's career at UTPB. Any offenses committed prior to the student-athlete's entrance to The University of Texas of the Permian Basin will not subject the student-athlete to penalties under this policy. However, a positive NCAA drug test following enrollment at The University of Texas of the Permian Basin will be considered a positive UTPB drug test result.

14.8.2 First Offense

The Director of Athletics or his/her designee will schedule a confidential meeting with the student-athlete and the head coach to review the positive drug test results and refer the student-athlete to the University Counseling Center for counseling. The student-athlete will be required to attend a drug counseling assessment, and the counselor shall determine the appropriate form(s) of intervention and rehabilitation needed by the student-athlete. Failing to meet with a counselor within one week and fully complying with the counselor's directions for treatment will be classified as a second offense.

14.8.3 Second Offense

The Director of Athletics or his/her designee will schedule a confidential meeting with the student-athlete and the head coach to review the positive drug test results and refer the student-athlete to the university counseling center. The student-athlete will be required to attend drug counseling, and the counselor shall determine the appropriate form(s) of intervention and rehabilitation needed by the student-athlete. The student-athlete will be immediately suspended from participation in athletics activity for the remainder of the year. Failing to comply with the mandatory counseling (or with the counselor's directions for treatment) will be classified as a third offense. Consistent with all university, Heartland Conference and NCAA regulations, the student-athlete will be subject to cancellation of athletics financial aid for the subsequent semester in the current academic year and non-renewal of athletics financial aid for the ensuing academic year. If athletics financial aid is to be cancelled, the UTPB Procedures for Reduction, Cancellation, or Non-Renewal of Athletic Scholarships must be used.

14.8.4 Third Offense

The Director of Athletics or his or her designee will schedule a confidential meeting with the student-athlete and the head coach to review the positive drug test results. The student athlete will be referred to the University Counseling Center for assessment and treatment. The student-athlete shall be permanently suspended from participating in any sports at UTPB. Consistent with all university, Heartland Conference and NCAA regulations, the student-athlete will be subject to cancellation of athletics financial aid for the subsequent semester in the current academic year and non-renewal of athletics financial aid for the ensuing academic year. If

athletics financial aid is to be cancelled, the UTPB Procedures for Reduction, Cancellation, or Non-Renewal of Athletic Scholarships must be used.

14.9 Right to Appeal

14.9.1 Student-athletes who test positive may contest the finding of the positive results. Upon request for additional testing of the sample, the Director of Athletics will formally request the laboratory retained by the University to perform testing on specimen B. The student-athlete may choose to be present at the opening of specimen B at the laboratory. If the student-athlete does not wish to be present at the opening of specimen B, but desires to be represented, arrangements must be made by the student athlete for a surrogate to attend the opening of specimen B. The student-athlete or surrogate will attest to the sample number and the integrity of the security seal prior to the laboratory opening of specimen B. Specimen B findings will be final. If specimen B results are negative, the drug test will be considered negative.

14.9.2 Student-athletes who test positive, or dispute that they have refused or failed to take a required test, may appeal to the Director of Athletics. Only the student-athlete may file an appeal. An appeal must be submitted in writing to the Director of Athletics and must contain a statement of all reasons for the appeal and the remedy requested. An Appeal must be received by the Director of Athletics within five business days after notification to the student-athlete of the sanction imposed. The student-athlete may request an extension of time from the Director of Athletics, who will consider whether to grant the extension. Upon receipt of an appeal, the appeal process outlined in the UTPB Student Conduct and Discipline Policy shall be followed. If the student-athlete requests a quick resolution, the Director of Athletics shall make a reasonable effort to arrange for the appeal to be heard before the next competition.

14.10 Medical Exception Process

UTPB recognizes that some banned substances are used for legitimate medical purposes. The use of any banned substance must be authorized through the procedures outlined by the Drug Free Sport organization. The Athletic Trainer will assist student-athletes with their appeal to the Drug Free Sport organization for the use of medically-necessary drugs.

14.11 Note Concerning Positive NCAA Drug Tests

If the result of the NCAA drug test is positive, you will lose all remaining eligibility during the season in which you tested positive and an additional season of competition.

14.12 Resources

Student-athletes are encouraged to speak with the athletics training staff, UTPB student counseling services, UTPB Police Chief, or consult the National Center for Drug Free Sport's Dietary Supplement Resource Exchange Center (REC) at www.drugfreesport.com/rec and the
