

# COLLEGE OF ARTS AND SCIENCES

**Lois S. Hale, Ph.D., Dean**

**Craig Emmert, Ph.D., Assistant Dean**

For Information Contact (432) 552-2220 or go by MB 3212

**Lois S. Hale, Ph.D.** (Temple University) has been Dean of the College of Arts and Sciences since September 2005. Prior to that time, she served UT Permian Basin as Interim Dean, Assistant Dean, and Department Chair and Division Director of Behavioral Science and Kinesiology. As a faculty member, Dr. Hale has taught graduate and undergraduate courses in sport and exercise psychology at UTPB since 1974. In the late 1990s, she spear-headed an online collaborative graduate degree in Kinesiology bringing six UT System universities together to develop and deliver over twenty online graduate courses. Her recognitions include the 2000 Chancellor's Council Award for Outstanding Teacher and the 2002 UT System TeleCampus Excellence in Teaching Award. Dr. Hale is a past-president of the Texas Association for Health, Physical Education, Recreation and Dance and the recipient of its highest honor, the David K. Brace Award.

**Kyle Beran, Ph.D.** (Florida State University)

Kyle Beran is Associate Dean of the College of Arts and Sciences and Associate Professor of Chemistry

BS, Angelo State University; Ph.D. (1994) University of Kansas, Lawrence.

## General Overview

The College of Arts and Sciences was formed in 1994 by combining the divisions of Behavioral Sciences, Humanities and Fine Arts and Science and Mathematics. In January 2007, the College was restructured. There are now nine academic departments: Biology, History, Kinesiology, Literature and Languages, Mathematics and Computer Sciences, Physical Sciences, Social Sciences, and Visual and Performing Arts. The Departments and the disciplines within each department are listed below along with Department Chairs and discipline Coordinators.

<b>Departments and Chairs</b>	<b>Disciplines within Departments and Coordinators</b>
<b>Biology</b> Diane Post, Chair	Biology – Diane Post Pre-Med – Doug Spence Multi-Disciplinary Studies – Roy Hurst
<b>Literature and Languages</b> Sophia Andres, Chair	English – Sophia Andres Spanish – Rhina Toruño-Hensley
<b>History</b> Roland Spickermann, Chair	History – Roland Spickermann Humanities – Roland Spickermann
<b>Kinesiology</b> James Eldridge, Chair	Kinesiology – James Eldridge Applied Arts and Sciences – depends on track
<b>Mathematical and Computing Sciences</b> Doug Hale, Chair	Computer Science – Doug Hale Information Systems – Doug Hale Mathematics – Paul Feit
<b>Physical Sciences</b> Emilio Mutis, Chair	Chemistry – Mike Robinson Environmental Sciences – Emilio Mutis Geology – Emilio Mutis
<b>Psychology</b> Spencer Thompson, Chair	Psychology – Spencer Thompson Child and Family Studies – Spencer Thompson
<b>Social Sciences</b> Craig Emmert, Chair	Criminology – Richard Kiekbusch and Anthnoy Hoskin Leadership – Carol Traut Political Science – Robert Perry Public Administration – Carol Traut Social Work – Kay Ketzenberger Sociology – Joanna Hadjicostandi Pre-Law – Carol Traut
<b>Visual and Performing Arts</b> Shawn Watson, Chair	Art – Chris Stanley Communication – Shawn Watson Drama – Shawn Watson Music – Dan Keast

## Mission

The mission of the College of Arts and Sciences is to prepare students to think critically, communicate effectively, and carry out the duties of responsible citizens and competent professionals. As U.T. Permian Basin's largest and most comprehensive academic unit, the College provides a liberal arts and sciences foundation for all undergraduate students as well as specialized degree programs at both the undergraduate and graduate levels. The College is committed to the discovery, synthesis, interpretation, and dissemination of new knowledge, and service to both professional academic groups and the other communities we serve through the application of knowledge to human issues and concerns.

The College is proud of its master's degree research and applied programs that are designed to afford students the opportunity for advanced academic and health related work, careers in teaching, laboratory and naturalistic research, creative and professional endeavors and other areas of scholarly or public service. See The University of Texas of the Permian Basin's Graduate Studies Catalog for more details.

## Undergraduate Major Disciplines

The College of Arts and Sciences offers the Bachelor of Arts (BA) degree in the following disciplines: Art, Child and Family Studies, Communication, Criminology, English, History, Humanities, Leadership Studies, Multidisciplinary Studies, Political Science, Psychology, Sociology, and Spanish. The College offers the Bachelor of Science (BS) degree in the following disciplines: Athletic Training, Biology, Chemistry, Computer Science, Criminal Justice, Environmental Sciences, Geology, Information Systems, Kinesiology and Mathematics. The Bachelor of Applied Arts and Sciences (BAAS) is offered in Applied Arts and Sciences. The Bachelor of Fine Arts (BFA) is offered in Art. The Bachelor of Social Work (BSW) is offered in Social Work.

The College also provides a Pre-professional Health Curriculum for students planning to enter medical, dental, optometry, pharmacy or veterinary schools. Students planning careers in these and other allied health fields are referred to the Biology section on pre-professional health programs on page 264 in this catalog, and to faculty in Biology and Chemistry for advising. Students planning to attend law school are referred to the Pre-Law section of the catalog on page 265.

In addition to the University's minimum general education core requirements for the BA and BS degrees, students must complete the specific major discipline's degree requirements. The specific additional requirements for these disciplines and various options may be found in the academic discipline sections of this catalog. See also the Pre-Law section page 265 in this catalog.

For the BA, BAAS, BFA, BS, and BSW degrees, a minimum of 120 semester credit hours is required. The degrees in all majors require that at least 54 hours must be taken at the upper division (junior and senior) level except the BA in Communication and the BAAS, both of which require only 42 upper level hours. Depending on the major, at least 18-30 credit hours must be taken within the major at the upper level. Individual disciplines may set additional and more specific requirements for their respective degrees. This information can be found in the academic discipline sections of this catalog. Enrollment in upper level courses in the major is permitted only after the student has completed all lower-division (freshman and sophomore) prerequisites in the major.

## Minor

Students majoring in a discipline within the College must complete a minor with the exception of those seeking: the double major, a second bachelor's degree, or a concurrent second bachelor's degree; the BA in Humanities; BA in Multidisciplinary Studies; BS in Environmental Science; the BA in Art (the all level teaching certification program only), the BFA in Art, and BSW of Social Work. A minor consists of a minimum of 18 credit hours, at least nine of which must be upper division. No courses may be counted simultaneously toward the major and minor. Each discipline specifies the requirements for the minor, and there are interdisciplinary minors in Leadership Studies, Bilingual/ESL, Energy Studies, Latin American Studies, Multicultural Studies, Special Populations and Women's Studies. In addition, although a student may not major in non-degree programs such as Fine Arts, Geography and Drama, students may minor in these fields. The specific requirements for these minors may be found in the academic discipline sections of this catalog.

## Advising

When a student selects a major upon admission to the College of Arts and Sciences, a faculty advisor in the major field is assigned to the student by the Arts and Sciences Academic Advising Office. The student receives this information in a letter, and it is then the student's responsibility to contact the major advisor to schedule a meeting. At that meeting, the major advisor will complete a degree plan. This degree plan will detail the courses a student will need to complete in order to earn a degree. The plan includes a list of the General Education required courses and the courses required by the major. The major advisor will also discuss the student's minor and will list the courses required for the minor on the degree plan.

Students should meet their faculty advisors once during each semester. At that meeting the advisor will update the student's degree plan and discuss the courses the student should take during the subsequent semester. In this way, the student can complete his or her degree in a timely and efficient manner.

A student who enters the University and decides to defer declaring a major will be advised by the Arts and Sciences Academic Advising Office. Once the student declares a major, the Arts and Sciences Academic Advising Office will assign a faculty advisor in that major field. Prospective high school and community college students are encouraged to contact the Arts and Sciences Academic Advising Office for assistance in planning high school and lower division transfer programs or to learn more information about specific major programs and career opportunities.

## Teacher Certification and TExES/ExCET Requirements

Students who seek teaching certification are subject to additional course requirements and procedures that are described in the School of Education section of this catalog. The *Teacher Certification Officer* in the School of Education should be consulted for the purpose of generating a separate teacher certification plan.

## Graduate Programs

At the graduate level, master's degrees are offered in ten Arts & Science fields. The Master of Arts (MA) degree is offered in English, History, Psychology, and Spanish; the Master of Science (MS) is offered in Biology, Computer Science, Criminal Justice Administration, Geology and Kinesiology; and the Master of Public Administration (MPA) is offered in Public Administration under Leadership Studies. The specific admissions and course requirements for these Master's Degrees may be found in The University of Texas of the Permian Basin's Graduate Studies Catalog.
