

UTPB STEM Academy

Parent Request to Walk Home

Parents/Guardians:

For the safety of your child, we request that the following guidelines be followed daily if you choose to have your child walk home after school:

Students will wear an officially approved UTPB STEM Academy shirt on campus and while walking home after school.

Walking students will wear their ID Badge and will present it to any UTPB personnel.

Students will not enter any other UTPB building without approval from UTPB STEM Academy administrators.

Depending on the number of students walking, students may be dismissed later in the dismissal process than other students. Campus administrators will make this decision on the basis of safety and traffic flow.

With timely notification, parents still have the option of picking students up from school.

Please provide requested information below and initial stating that you have read and agree to the following statements.

Student's Name _____ Grade _____

_____ I know there are some risks involved but feel confident my child can safely walk home from school.

_____ I understand that my child is expected to obey the rules related to walking home and that failure to do so could lead to disciplinary action.

Please describe the route your student will take when leaving the UTPB STEM Academy to return home:
