1. To be eligible for guaranteed admission to the UT Austin College of Liberal Arts (excluding the Environmental Science major), Coordinated Admission Program students must complete 30 transferable semester hours of approved coursework (including a mathematics course other than College Algebra) with at least a 3.2 grade point average by June 1.
2. CAP students may compete for fall 2025 external transfer admission in Business, Communication, Education, Engineering, Fine Arts, Geosciences, Informatics, Liberal Arts (Environmental Science), Natural Sciences, Nursing, pre-Pharmacy, and Social Work. Pursuing admission in these UT Austin programs does not compromise guaranteed admission to Liberal Arts.
3. Approved CAP general education courses are listed below (with UT Austin transfer credit evaluations). For CAP purposes you can take any listed course, subject to availability and UT Permian Basin's placement, prerequisite, or other requirements. Courses with grades lower than C- are not transferable and will not count toward the required 30 CAP hours. Consult an academic advisor before selecting courses, and review the Recommended Courses following the list
