Request for Consideration of Special Circumstances: Financial Aid Review

Full Name: _____ Student ID Number: _____
Phone Number: _____ Email Address: _____

Sometimes documentable changes in a student or family's circumstances occur, that upon our review could have some bearing on the financial aid eligibility of a UTPB student.

Each school needs to deal with requests for consideration of special circumstances in a way that is specific to what is going on with the applicant or the applicant's family.

If you wish to pursue a consideration of your special circumstances, please use this form to tell us, in as much detail as possible, exactly what has changed for you or your family. For your statement, you can and should attach additional pages as needed.

The next step? We will reach out to you, and let you know, with specificity, if your special circumstance is something that we can consider, or not. If we can consider your changing circumstance, we will let you know exactly what type of documentation we need to receive from you to continue that review.
