The University of Texas System Administration

POLICY ON UTILIZATION OF HISTORICALLY UNDERUTILIZED BUSINESSES (HUBs)

Introduction

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Section 20.11 of the Texas Administrative Code (TAC), The Board of Regents of the University of Texas System, acting through the Office of HUB Development shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction; services, including professional and consulting services; and commodities contracts. The HUB Rules, promulgated by the Texas Comptroller of Public Accounts (the "Texas Comptroller"), set forth in 34 TAC Sections 20.11-20.28, encourage the use of HUBs by implementing these policies through race- ethnic- and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting in accordance with the following goals as specified in the State of Texas Disparity Study:

- **11.9% for heavy construction other than building contracts;**
- **26.1% for all building construction, including general contractors and operative builders contracts:**
- **57.2% for all special trade construction contracts;**
- **20% for professional services contracts**
- **33% for all other services contracts, and**
- **12.6% for commodities contracts.**

The University of Texas System shall make a good faith effort to meet or exceed these goals to assist HUBs in receiving a portion of the total contract value of all contracts that the U. T. System expects to award in a fiscal year. The University of Texas System may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F.

SUMMARY OF REQUIREMENTS
Historically Underutilized Business (HUBs) Subcontracting Plan

It is the policy of The University of Texas System and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUBs) in all contracts. Accordingly, The University of Texas System has adopted “**APPENDIX THREE, Policy on Utilization of Historically Underutilized Businesses**”. The Policy applies to all contracts with an expected value of \$100,000 or more. The Board of Regents of The University of Texas System is the contracting authority.

1. In all contracts for professional services, contracting services, and/or commodities with an expected value of \$100,000 or more, The University of Texas System (“U. T. System” or the “University”) will indicate in the purchase solicitation (e.g. RFQ, RFP, or CSP) whether or not U. T. System has determined that subcontracting opportunities are probable in connection with the contract. A HUB Subcontracting Plan is a required element of the architect, contractor or vendor Response to the purchase solicitation. The HUB Subcontracting Plan shall be developed and administered in accordance with the Policy. **Failure to submit a required HUB Subcontracting Plan will result in rejection of the Response.**
2. If subcontracting opportunities are probable, U. T. System will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents, and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are probable, and the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller** identifying subcontractors **[34 TAC §20.14 (d) (1)(A)(B)(C)(D) (2)(A)(B)(C)(D)(E) (3)(A)(B)]**.
 - b. When subcontracting opportunities are probable, but the Respondent can perform such opportunities with its employees and resources, the Respondent’s HUB Subcontracting Plan shall include **the Self Performance HUB Subcontracting Plan, Section 9 – Self Performance Justification (page 9) as the HUB Subcontracting Plan (HSP)**. **[34 TAC §20.14 (d)(4)(A)(B)(C)(D)]**
3. If subcontracting opportunities are not probable, U. T. System will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are not probable, and the Respondent proposes to perform all of the work with its employees and resources, the Respondent shall submit a HUB Subcontracting Plan that includes **the Self Performance HUB Subcontracting Plan, Section 9 – Self Performance Justification (page 9) as the HUB Subcontracting Plan (HSP)**.
 - b. When subcontracting opportunities are not probable, but the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller** identifying subcontractors.
4. Respondents shall follow, but are not limited to, procedures listed in the Policy when developing a HUB Subcontracting Plan
5. In making a determination whether a good faith effort has been made in the development of the required HUB Subcontracting Plan, U. T. System shall follow the procedures listed in the Policy. If accepted by the University, the HUB Subcontracting Plan shall become a provision of the Respondent's contract with the University of Texas System. **Revisions necessary to clarify and enhance information submitted in the original HUB subcontracting plan may be made in an effort to determine good faith effort.** Any revisions after the submission of the HUB Subcontracting Plan shall be approved by the HUB Coordinator.
6. The University shall reject any Response that does not include a fully completed HUB Subcontracting Plan, as required. An incomplete HUB Subcontracting Plan is considered a material failure to comply with the solicitation for proposals.

7. Changes to the HUB Subcontracting Plan. Once a Respondent's HUB Subcontracting Plan is accepted by U. T. System and becomes a provision of the contract between Respondent and U. T. System, the Respondent can only change that HUB Subcontracting Plan if (a) the Respondent complies with 34 TAC Section 20.14; (b) the Respondent provides its proposed changes to U. T. System for review; (c) U. T. System (including U. T. System's HUB Coordinator) approves Respondent's proposed changes to its HUB Subcontracting Plan; and (d) U. T. System and the Respondent amend their contract (via a writing signed by authorized officials of both parties) in order to replace the contract's existing HUB Subcontracting Plan with a revised HUB Subcontracting Plan containing the changes approved by U. T. System.
8. Expansion of Work. If, after entering into a contract with a Respondent as a result of a purchase solicitation subject to the Policy, U. T. System wishes to expand the scope of work that the Respondent will perform under that contract through a change order or any other contract amendment (the "Additional Work"), U. T. System will determine if the Additional Work contains probable subcontracting opportunities not identified in the initial purchase solicitation for that contract. If U. T. System determines that probable subcontracting opportunities exist for the Additional Work, then the Respondent must submit to U. T. System an amended HUB Subcontracting Plan covering those opportunities that complies with the provisions of 34 TAC Section 20.14. Such an amended HUB Subcontracting Plan must be approved by U. T. System (including U. T. System's HUB Coordinator) before (a) the contract may be amended by U. T. System and the Respondent to include the Additional Work and the amended HUB Subcontracting Plan and (b) the Respondent performs the Additional Work. If a Respondent subcontracts any of the additional subcontracting opportunities identified by U. T. System for any Additional Work (i) without complying with 34 TAC Section 20.14 or (ii) before U. T. System and that Respondent amend their contract to include a revised HUB Subcontracting Plan that authorizes such subcontracting, then the Respondent will be deemed to be in breach of its contract with U. T. System. As a result of such breach, U. T. System will be entitled to terminate its contract with the Respondent, and the Respondent will be subject to any remedial actions provided by Texas law, including those set forth in Chapter 2161, Texas Government Code, and 34 TAC Section 20.14. University may report a Respondent's nonperformance under a contract between that Respondent and U. T. System to the Texas Comptroller in accordance with 34 TAC Sections 20.101 through 20.108.
9. A Response may state that the Respondent intends to perform all the subcontracting opportunities with its own employees and resources in accordance with the Policy. However, if such a Respondent enters into a contract with U. T. System as a result of such a Response but later desires to subcontract any part of the work set forth in that contract, before the Respondent subcontracts such work it must first change its HUB Subcontracting Plan in accordance with the provisions of Section 7 above .
10. The University shall require a vendor to whom a contract has been awarded to report the identity and the amount paid to its subcontractors by submitting a **HUB Subcontracting Plan (HSP) Prime Contractor Progress Assessment Report (PAR)** with each request as a condition for payment.
11. If the University determines that the successful Respondent failed to implement an approved HUB Subcontracting Plan in good faith, the University, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with 34 TAC, Section 20.14, (d) (13) related remedies of nonperformance to professional services firms, contractor, and vender implementation of the HUB Subcontracting Plan.
12. In the event of any conflict between this "Summary of Requirements" and the remainder of the HUB Policy, the remainder of the HUB Policy will control.
13. These requirements, including the attachments referred to above, may be downloaded over the Internet from <http://www.utsystem.edu>. For additional information contact Lynda Dyess, Director of HUB Programs, The University of Texas System Administration, 512/499-4724.

Re: Historically Underutilized Business Plan for _____ (related services)
RFP No. _____

Dear Mrs. Dyess,

In accordance with the requirements outlined in the specification section "HUB Participation Program," I am pleased to forward this HUB Subcontracting Plan as an integral part of our response in connection with your invitation for Request for Proposals referencing the above project.

I have read and understand The University of Texas System Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Procurement Goal according to 34 Texas Administrative Code Section 20.13 is *[SELECT ONE OF THE FOLLOWING TO COMPLETE THIS SENTENCE:*

_____ 11.9% for heavy construction other than building contracts

_____ 26.1% for all building construction, including general contractors and operative builders contracts

_____ 57.2% for all special trade construction contracts

_____ 20% for professional services contracts

_____ 33% for all other services contracts

_____ 12.6% for commodities contracts.]

This HUB Subcontracting Plan includes _____ Subcontracting Opportunities (no. of subcontractors) This represents a cumulative percentage of _____%, representing _____% for minority-owned HUBs and _____% for women-owned HUBs. When a HUB is owned by minority women, I have classified that HUB as minority-owned rather than women-owned firm.

I understand the above HUB percentages must represent Texas Comptroller HUB certification standards. For each of the listed HUB firms, I have attached a Texas Comptroller certification document, or, if the HUB is certified by another Texas Comptroller approved certifying agency, a copy of their approved certification document.

Should we discover additional subcontractors claiming Historically Underutilized Business status during the course of this contract we will notify you of the same. In addition, if for some reason a HUB is unable to fulfill its contract with us, we will notify you immediately in order to take the appropriate steps to amend this contractual obligation.

Sincerely,

(Project Executive)
