The Petition Process: Normally, the petition process starts with the student's major advisor. The student should meet with his/her advisor and complete a degree plan. A degree plan becomes final when it is on file in the student's permanent file in the Graduate Studies office.

To modify a filed degree plan or document interpretations and exceptions prior to filing a degree plan, the student should complete the Graduate Academic Petition. The student should then gain the faculty advisor's recommendation.

Required Approvals for Degree Seeking Students: All petitions require the approval of the student's graduate committee. Some also require approval by the program head or the dean of the college or school. Final approval is from the Assistant Vice President for Graduate Studies or the Graduate Council.

Required Approvals for Certification and Other Students: All petitions require the approval of the student's advisor, the dean of the college or school of the student's major field, with the final approval from the Assistant Vice President for Graduate Studies or the Graduate Council.

The Original plus one copy will go to the Graduate Studies' Office for the student's official file and for a Petitions File; One copy will be given or sent to the student; and One copy will go to the student's faculty advisor or appropriate office for inclusion in the student's advising file.
