BACKGROUND AND OBJECTIVE

1.1 The University of Texas Permian Basin

The Texas Legislature established the University of Texas Permian Basin in 1969 as an upper-level institution, offering junior, senior and graduate level classes. Courses were first taught in the fall of 1973. In 1991, UTPB was granted authority by the legislature to offer freshman and sophomore level classes. Currently, UTPB offers degrees in 34 undergraduate programs and 19 Graduate areas of study. The University of Texas Permian Basin has become a leader in on-line education and offers several degrees completely on-line at the undergraduate and graduate level. Enrollment fall 2020 is approximately 6,200 with about 1,200 students residing on campus. Accredited programs include Petroleum Engineering (ABET), Mechanical Engineering (ABET), Teacher Certification (NCATE), Athletic Training (CAATE), Music (NASM), Social Work (CSWE), Business (AACSB), and Nursing (CCNE).

The first school in Texas to offer a \$10,000 bachelor's degree in select majors, UTPB has now been recognized as the fourth least expensive Texas public, four-year institution for all college expenses, including tuition and fees, according to a College for All Texans' report. The Athletic program consists of 16 NCAA Division II athletic teams involving over 400 student-athletes. UTPB is a member of the Lone Star Conference, one of the traditionally strongest conferences in the country. UTPB has been recognized by the Texas Higher Education Coordinating Board as having had a greater percentage of students employed or attending graduate school after graduation than other Texas schools. In addition, as College for Texans has pointed out, UTPB graduates exceed the state average for salaries one year after graduation. To find out more about UT Permian Basin, please visit www.utpb.edu

1.3 Objective of this Request for Proposal.

The University desires to lease space on its campus in Odessa, Texas ("**Campus**") for the operation of a bookstore that sells textbooks, trade books, school supplies, computer and/or computer supplies, medical supplies, logoed apparel and clothing, school spirit merchandise, and other goods of a nature commonly sold at stores located on institutions of higher education. The store shall be open to both the University campus and the general public (collectively, the "**University's Community**"). Through this Request for Proposal ("**RFP**"), the University is seeking competitive sealed proposals from qualified vendors for the lease of space for the installation and operation of a bookstore at the location specified in Section 1.2.

In awarding the lease, the University is willing to consider proposals tailored to a combination of e-commerce and traditional on-site store operations. Respondents should indicate whether reduced physical space requirements are desired for such a combined operation model.

The University's goals in this RFP are to:

- 1.3.1 Select from the vendors responding to this RFP one or more qualified Respondents (hereafter called "**Respondent**", whether one or more) that will provide the University's Community the best possible combination of quality merchandise, customer service, and pricing for textbooks and University-branded apparel. The successful Respondent, if any, selected by University through this RFP will be the Respondent that submits a proposal on or before the Submittal Deadline that is the most advantageous to University. The successful Respondent is referred to as "**Contractor**."
- 1.3.2 Maximize the financial return to the University for the Respondent's use of University space needed to operate the bookstore.
- 1.3.3 Maximize capital improvements to University store space.
- 1.3.4 In return for qualified sponsorship recognition as defined in the *Internal Revenue Code and Treasury Regulations*, seek sponsorship support that may be in the form of textbook scholarships or financial support of non-athletic events hosted by the University.
- 1.3.5 Encourage the use of alternate sales and delivery modes, including e-commerce, for textbooks and other goods, particularly to the extent such business models are efficient in the use of on-campus space and provide goods at favorable prices.

- 1.3.6 License its trademarks to the Contractor. University will provide approved logos and artwork. UTPB will provide the form of such agreement.
- 1.3.7 Offer the opportunity for the successful Respondent(s) to integrate with the University's online purchasing system, PeopleSoft, through which University may make purchases from the successful Respondent and/or the successful vendor may integrate with the University's financial aid system.
- 1.3.8 Enter into an agreement ("**Agreement**") with each selected Respondent to lease the use of space on each Campus for the operation of the store for an initial term of seven (7) years, with the University having the right to renew the Agreement for up to three (3) additional periods of one (1) year each. The Agreement will, in the sole discretion of the University, be on substantially the terms and conditions attached as **Exhibit B**; provided however, that University recognizes that while this RFP contemplates a combined bookstore and sundries store operation, the final agreement may allow for severance of the bookstore operations from the sundries store.
- 1.3.9 In accordance with the policies of The University of Texas System, University requires that the compensation structure under any agreements resulting from this RFP not include a payment based on a percentage royalty directly tied to the sales of Academic Materials. "**Academic Materials**" means any and all printed, digital, compiled or computer-generated educational materials, including books, whether sold or rented, that a student is required or recommended to use in connection with an educational course offered by University on the Campus

The provisions of this Section shall apply to any additional or new premises that may be occupied or used by BOR after the effective date of the Agreement.

- (a) **Repair.** The term "Inspector" as used in this paragraph means any one or more of the following: The TDLR, any contracted entity, or any certificated person described above in this paragraph as authorized to perform on-site inspections. If the Inspector finds any condition in the Premises or the Building not in compliance with TDLR accessibility standards and specifications (conditions as to which the TDLR has waived compliance pursuant to a variance or other written departmental action shall be deemed to be in compliance), Owner may, but is not obligated, to correct such noncompliance, but if Owner shall not have corrected such noncompliance by the date that is sixty (60) days after the report of the Inspector shall have been delivered to Owner or such later date as may be established by the TDLR for correction of such non-complying conditions (such period being the "Cure Period"), then pursuant to Texas Government Code Chapter 469, BOR must terminate this Agreement upon written notice to Owner given within thirty (30) days after the expiration of the Cure Period and prior to correction of such noncompliance by Owner, time being of the essence. If this Agreement is cancelled by BOR pursuant to the provisions of this Section, the cancellation shall be effective upon written notice to Owner, and BOR shall be automatically released of all claims of Owner for rent or use fees or for damages or liability arising from the termination.
- (b) **Cooperation.** Owner and BOR shall provide to TDLR and the Inspector all necessary cooperation and information concerning inspection of the Building and the Premises and any corrective action required. BOR shall pay any fees charged by TDLR for inspection of the Building under Texas Government Code Chapter 469, as amended from time to time.

12. HIPAA. If the BOR's permitted use of the Premises under the Agreement includes the provision of health care services to patients, the Owner acknowledges and stipulates that as a licensed health care provider, BOR is required to comply with state and federal privacy laws as to BOR's patients, including the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Part 160 and Subparts A and E of Part 164 and all amendments thereto (commonly known as the "Privacy Standards"), as promulgated by the U.S. Department of Health and Human Services pursuant to the Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 and all amendments thereto ("HIPAA"). In the event that in its use of the Premises, BOR creates, stores or maintains "protected health information" ("PHI"), as that term is defined by 45 CFR §160.103, in the Premises, the parties agree that nothing in this Agreement gives Owner or Owner's employees and agents any right to access, use or disclose PHI and that Owner and its employees and agents shall never need or seek access to, or the use of, any PHI of BOR. However, in the event PHI is accessed (whether inadvertently or otherwise) by Owner or its employees or agents, the party discovering such disclosure shall promptly notify the other party and Owner agrees to promptly take commercially reasonable measures to prevent any subsequent dissemination by Owner or Owner's employees or agents of such PHI to third parties. The parties agree that the provisions of this Section do not create, and are not intended to create, a "business associate" relationship between the parties as that term is defined by the Privacy Standards. The parties further agree that in the event that Owner or its employees or agents have a lawful right to enter into the Premises without the permission and/or knowledge of BOR, Owner shall have no right to access PHI or deprive BOR of access to such PHI, provided that BOR shall take reasonable efforts to safeguard PHI confidentially and securely so as to prevent Owner or its employees or agents from inadvertently coming into contact with PHI on the Premises. This section shall be interpreted to ensure that, to the extent possible, BOR remains in compliance with HIPAA and all other state and federal privacy laws. To the extent that any other provision of this Agreement can be read to provide Owner with any right to access PHI, this Section shall govern. Good and Services. Owner is advised that pursuant to Texas Education Code 51.9335, in any contract for the acquisition of goods and services to which an institution of higher education is a party, a provision required by applicable law to be included in the contract is considered to be a part of the executed contract without regard to: (i) whether the provision appears on the face of the contract; or (ii) whether the contract includes any provision to the contrary.

13. Amendment. THE PROVISIONS OF THIS STATE LAW ADDENDUM MAY BE AMENDED BY AGREEMENT OF THE PARTIES ONLY WITH THE WRITTEN APPROVAL OF THE OFFICE OF GENERAL COUNSEL OF THE UNIVERSITY OF TEXAS SYSTEM.

**Continuous Contract: Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.*

HUB SUBCONTRACTING PLAN (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- *11.2 percent for heavy construction other than building contracts,*
- *21.1 percent for all building construction, including general contractors and operative builders contracts,*
- *32.7 percent for all special trade construction contracts,*
- *23.6 percent for professional services contracts,*
- *24.6 percent for all other services contracts, and*
- *21 percent for commodities contracts.*

-- Agency Special Instructions/Additional Requirements --

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.14 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more minority or women trade organizations or development centers at least seven (7) working days prior to submitting its bid response to the contracting agency.

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.
