SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

- 1.1 **GENERAL INFORMATION:** The University of Texas System (“Owner”) and *The University of Texas Permian Basin* are soliciting statements of qualifications (“Qualifications”) for selection of a Construction Manager at Risk firm for *Project No. 501-1402 Campus Transformation* (“Project”), in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications.
- 1.1.1 This Request for Qualifications (“RFQ”) is the first step in a three-step process for selecting a Construction Manager at Risk firm for the Project as provided by Texas Education Code §51.782(e). The RFQ provides the information necessary to prepare and submit Qualifications for consideration and initial ranking by the Owner. Based on the initial ranking, the Owner may select up to five (5) of the top ranked Qualification respondents to respond to a separate Request for Proposals in the second step of the process.
- 1.1.2 In the second step of the process, Request for Proposals (“RFP”), the top selected Qualifications respondents will be required to submit additional information to the Owner, including fee proposals and general conditions prices (“Proposals”). The Owner will rank the Proposals in the order that they provide the “best value” for the Owner based on the published selection criteria and on the ranking evaluations.
- 1.1.3 In the third step of the process, Interviews, the “most” qualified respondents will be requested to attend an interview with the Owner to confirm their Proposal and answer additional questions. The Owner will then rank the remaining “most” qualified respondents in order to identify a “best value”.
- 1.2 **PUBLIC INFORMATION:** All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the solicitation is completed.
- 1.2.1 The Owner strictly complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information.
- 1.3 **TYPE OF CONTRACT:** Any contract resulting from this solicitation will be in the form of the Owner’s Standard Construction Management at Risk Agreement, a copy of which is attached to this RFQ.
- 1.3.1 **CLARIFICATIONS AND INTERPRETATIONS:** Any clarifications or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as an addendum on the utpb.edu Purchasing website (<https://www.utpb.edu/university-offices/purchasing/bid-opportunities/index>). It is the responsibility of all respondents to obtain this information in a timely manner. All such addenda issued by the Owner before the proposals are due as part of the RFQ, and respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications.

- 1.3.2 Respondents shall consider only those clarifications and interpretations that the Owner issues by addenda five (5) days prior to the submittal deadline. Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications.

- 1.12 ELIGIBLE RESPONDENTS: Only individual firms or lawfully formed business organizations may apply (This does not preclude a respondent from using consultants.) The Owner will contract only with the individual firm or formal organization that submits a Qualification.
- 1.13 HISTORICALLY UNDERUTILIZED BUSINESSES SUBMITTAL REQUIREMENTS: It is the policy of The University of Texas System, and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Accordingly, the Office of Facilities Planning and Construction (OFPC) has adopted Exhibit H, Policy on Utilization of Historically Underutilized Businesses (See attached). The Policy applies to all contracts with an expected value of \$100,000 or more. If OFPC determines that subcontracting opportunities are probable, then a HUB Subcontracting Plan is a required element of the Qualifications. Failure to submit a required HUB Subcontracting Plan will result in rejection of the Qualifications.

- 1.13.1 STATEMENT OF PROBABILITY: The University of Texas System, Office of Facilities Planning and Construction (OFPC), has determined that subcontracting opportunities are probable in connection with this procurement solicitation. Therefore, a HUB Subcontracting Plan (HSP) is required as a part of the respondent's Qualifications. - 1.14 CERTAIN PROPOSALS AND CONTRACTS PROHIBITED: Under Section 2155.004, Texas Government Code, a state agency may not accept a proposal or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the proposal or contract is based. All vendors must certify their eligibility by acknowledging the following statement, "Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.
- 1.15 SALES AND USE TAXES: Section 151.311, Tax Code, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include The University of Texas System. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."
- 1.16 CERTIFICATION OF FRANCHISE TAX STATUS: Respondents are advised that the successful respondent will be required to submit certification of franchise tax status as required by Chapter 171 of the Texas Tax Code. The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.
- 1.17 REQUIRED NOTICES OF WORKERS' COMPENSATION INSURANCE COVERAGE: The Texas Workers' Compensation Commission has adopted a new rule, 28 TAC, sec. 110.110, relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS FOR GOVERNMENTAL ENTITIES. The rule applies to all building or construction contracts advertised for bid on or after September 1, 1994. The rule implements sec. 406.096, Texas Labor Code, which requires workers' compensation insurance coverage for all

persons providing services on a building or construction project for a governmental entity. The requirements of the rule are set forth in Article 6 of the Uniform General Conditions.

- 1.18 PREVAILING WAGE RATE DETERMINATION: Respondents are advised that the Texas Prevailing Wage Law will be administered in accordance with the policies and procedures set forth in the U. T. System document, entitled "Prevailing Wage Guidelines." A copy is attached to the Special Conditions. The penalty for violation of prevailing wage rates has been increased from \$10.00 per underpaid worker per day or portion thereof to \$60.00.
- 1.19 DELINQUENCY IN PAYING CHILD SUPPORT: Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

2.3 PROJECT DESCRIPTION, SCOPE AND BUDGET:

CAMPUS TRANSFORMATION-The University of Texas Campus Transformation project consists of a wide-range of improvements to both the main campus in Odessa and the Midland Campus. These projects will be Institutionally Managed and includes several separate elements as described:

- **Campus Entrance Signage-** There are currently four (4) entrances onto the main Odessa campus, and two (2) at the Midland Campus. The existing signage is outdated, poorly lit or non-illuminated, and does not provide any sort of sense of arrival. Scope of work may include lighting options, including solar, foundation and base construction and coordination of installation with the selected sign manufacturer(s).
- **Campus Way Finding Signage-** The directional signs on the campuses are outdated and difficult to read. Some signs provide direction to buildings, which no longer exist. Most of the signs are low ground signs and not lit, making it difficult to find your way around campus at night. Way Finding Project will include BOTH pedestrian and vehicular signage. Scope of work may include lighting options, including solar, foundation and base construction and coordination of installation with the selected sign manufacturer(s).
- **Site Lighting-** This element may be included in some of the Signage scope. It may include the main academic core, the apartment areas and include the hike/bike trail, which runs around the perimeter of the campus, parking lots or other pedestrian routes.

- **Landscaping** – The Landscaping element of the Campus Transformation will include improving existing landscaping and irrigation as well as installing new landscape. The Landscaping may include removal of existing landscaping and installing new landscaping , including underground irrigation and drip systems. Landscaping may also include clearing out existing drainage channels, including re-shaping and re-directing existing drainage channels.
- **Bright Stars Memorial Plaza.** The Bright Stars Memorial Plaza is currently at 100% Schematic Design Phase, and has the highest priority of all the elements included in the Campus Transformation. The CM selected for the Bright Stars Memorial will be expected to provide Cost Estimating Services and other Pre-Con Services in an expedited manner. The goal for this element of the Campus Transformation project is to have significant dirt work completed prior to August 31, 2023 to coincide with the fourth anniversary of the event. Development of this Plaza will include pedestrian and vehicular access and parking, landscaping and irrigation, hardscaping, site lighting, installation of artwork and signage, restroom facility upgrades, concrete and stone work. It is anticipated that the Architect will produce Construction Documents in Phases, with early release packages.
- **QUAD.** Improvements to the QUAD may include the following scopes of work:
 1. Demolition of portions of the existing poured in place concrete Mesa Deck, including placement of new structural concrete in preparation of demolition.
 2. Landscaping, irrigation, tree removal and/or relocation, flag pole relocation, sidewalks, hardscape, relocation and/or removal of existing pavers and artwork or sculptures.
 3. Construction of shade structures, stages, platforms, seating, artwork, signage, site lighting.
- **Maple Street Entrance.** The new entrance to the Campus may include construction of new road ways, curb and gutter, sidewalks, drainage channel realignment, signage, retaining walls, lighting, covered parking structures and solar panel installation.

PROJECT BUDGET:

The Estimated Cost for the various elements based on *Conceptual Design* is as follows:

- Bright Stars Memorial \$ 4M
